This Proxy Statement is furnished by the board of directors of China

Edgar Filing: CHINA DIGITAL WIRELESS INC - Form DEF 14A

Digital Wireless, Inc., a Nevada corporation (the "Company" or "China Digital"), to the holders of common stock, no par value, of the Company (the "Common Stock"). The board of directors solicits your proxy for use at the 2005 Annual Meeting of Stockholders (the "Annual Meeting"), to be held at 10:00 a.m. (local time) on December 1, 2005, at 429 Guangdong Road, Shanghai, China 200001. The proxy materials will be first sent or given to stockholders on or about November 1, 2005.

GENERAL

Annual Report

Our annual report, filed on form 10-KSB, for the fiscal year ended December 31, 2004 is enclosed with this Proxy Statement.

Voting Securities and Quorum

Only stockholders of record as of the close of business on October 13, 2005 will be entitled to vote at the meeting and any adjournment of that meeting. As of October 13, 2005, there were 17,147,268 shares of our issued and outstanding common stock. Stockholders may vote in person or by proxy. Each holder of shares of our common stock is entitled to one (1) vote for each share of stock held on the proposals presented in this Proxy Statement. Our Bylaws provide that 33% of all the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Abstentions and broker non-votes (defined below) will be counted as present for purposes of determining the presence of a quorum. For a discussion of the issued and outstanding shares, see "Security Ownership of Certain Beneficial Owners and Management."

Solicitation of Proxies

The cost of soliciting proxies will be borne by the Company. We will solicit stockholders by mail through our regular employees, and will request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have the Company's stock registered in the names of such customers and will reimburse them for their reasonable, out-of-pocket costs. In addition, the Company may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

Voting of Proxies

All valid proxies received prior to the Annual Meeting and not properly revoked will be voted. If you properly complete and return your proxy, and do not revoke it, the proxy holders will vote your shares in accordance with your instructions.

If your properly completed proxy gives no instructions, the proxy holders will vote your shares FOR the election as directors of those thirteen nominees named in this Proxy Statement, FOR the proposal to ratify the

appointment of Grobstein, Horwath & Company, LLP as independent public accountants for the Company, and in their judgment on all other matters that may properly come before the Annual Meeting.

For the purpose of determining the vote required for approval of matters to be voted on at the Annual Meeting, shares held by stockholders who abstain from voting on a matter will be treated as being "present" and "entitled to vote" on the matter, and, therefore, an abstention (withholding a vote as to

Edgar Filing: CHINA DIGITAL WIRELESS INC - Form DEF 14A

all matters) has the same legal effect as a vote against the matter. However, in the case of a broker non-vote or where a stockholder withholds authority from his proxy to vote the proxy as to a particular matter, such shares will not be treated as "present" or "entitled to vote" on the matter, and, therefore, a broker non-vote or the withholding of a proxy's authority will have no effect on the outcome of the vote on the matter. A "broker non-vote" refers to shares of our common stock represented at the Annual Meeting in person or by proxy by a broker or nominee where such broker or nominee (1) has not received voting instructions on a particular matter from the beneficial owners or persons entitled to vote and (2) the broker or nominee does not have discretionary voting power on such matter.

The enclosed form of proxy provides a method for you to withhold authority to vote for any one or more of the nominees for director while granting authority to vote for the remaining nominees. The names of all nominees are listed on the proxy card. If you wish to grant authority to vote for all nominees, check the box marked FOR. If you wish to withhold authority to vote for all nominees, check the box marked WITHOUT AUTHORITY. If you wish your shares to be voted for some nominees and not for one or more of the others, check the box marked FOR and indicate the nominee(s) for whom you are withholding the authority to vote by listing such nominee(s) in the space provided. If you check the box marked WITHHOLD AUTHORITY, your shares will neither be voted for nor against a director but will be counted for quorum purposes. Proxies and ballots will be received and tabulated by Securities Transfer Corporation, P.O. Box 701629, Dallas, TX 75370, the Company's transfer agent.

The favorable vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Annual Meeting is required for the approval of matters presented at the Annual Meeting, except that with regard to the election of directors, the thirteen individuals receiving the greatest number of votes shall be deemed elected even though not receiving a majority.

Revocability of Proxies

You may revoke your proxy at any time before it is voted by:

- o filing a written notice of revocation with our Corporate Secretary at our principal executive office located at 429 Guangdong Road, Shanghai, China 200001;
- o filing with our Corporate Secretary at our principal executive office located at 429 Guangdong Road, Shanghai, China 200001 a properly executed proxy showing a later date; or
- o attending the meeting and voting in person, but please note that attendance at the meeting will not, by itself, revoke your proxy.

MATTERS TO COME BEFORE THE ANNUAL MEETING

PROPOSAL 1. ELECTION OF DIRECTORS

Thirteen directors are to be elected at the Annual Meeting, to hold office until the next annual meeting of stockholders and until their successors are elected and qualified. The accompanying proxy will be voted in favor of the following persons to serve as directors unless you indicate to the contrary on the proxy. We expect that each of the nominees will be available for election, but if any of them is not a candidate at the time the election occurs, each proxy will be voted for the election of another nominee to be designated by the board of directors to fill any such vacancy.

We do not have a nominating committee because we feel that the entire board of directors can best perform this function. We do not currently have a written nominating committee charter or similar document.

Process for Identifying and Evaluating Nominees for the Board of Directors

Our board of directors may employ a variety of methods for identifying and evaluating director nominees. If vacancies are anticipated or arise, our board of directors considers various potential candidates which may come to our attention through current board members, professional search firms, stockholders or other persons. These candidates may be evaluated by our board of directors at any time during the year.

Our board of directors considers candidates recommended by stockholders when the nominations are properly submitted as described in "Consideration of Stockholder Nominees" below. Following verification of the stockholder status of persons proposing candidates, our board of directors will make an initial analysis of the qualifications of any candidate recommended by stockholders or others to determine whether the candidate is qualified for service on the board, before deciding to undertake a complete evaluation of the candidate. If our board of directors determines that additional consideration is warranted, it may

-5-

use a third-party search firm to gather additional information about the prospective nominee's background and experience. Other than the verification of compliance with procedures and stockholder status, and the initial analysis performed before undertaking a complete evaluation, our board of directors will treat a potential candidate nominated by a stockholder like any other potential candidate.

In evaluating a director candidate, our board of directors will review his or her qualifications including capability, availability to serve, conflicts of interest, general understanding of business, understanding of the Company's business, markets and technology, educational and professional background, personal accomplishment and other relevant factors. Our board of directors has not established any specific minimum qualification standards for director nominees, although from time to time the board of directors may identify certain skills or attributes as being particularly desirable to help meet specific needs that have arisen. Our board of directors may also interview prospective nominees in person or by telephone. After completing this evaluation, the board of

Edgar Filing: CHINA DIGITAL WIRELESS INC - Form DEF 14A

directors will determine the nominees.

Consideration of Stockholder Nominees

Our board of directors considers director candidates recommended by stockholders. Candidates recommended by stockholders are evaluated on the same basis as are candidates recommended by our board of directors. Any stockholder wishing to recommend a candidate for nomination by the board of directors should provide the following information in a letter addressed to the board of directors in care of our Secretary: (i) the name and address of the stockholder recommending the person to be nominated; (ii) a representation that the stockholder is a holder of record of stock of the Company, including the number of shares held and the period of holding; (iii) a description of all arrangements or understandings between the stockholder and the recommended nominee; (iv) information as to any plans or proposals of the type required to be disclosed in Schedule 13D and any proposals that the nominee proposes to bring to the board of directors if elected; (v) any other information regarding the recommended nominee that would be required to be included in a proxy statement filed pursuant to Regulation 14A pursuant to the Securities Exchange Act of 1934 and (vi) the consent of the recommended nominee to serve as a director of the Company if elected. Additional information may be requested to assist our board of directors in determining the eligibility of a proposed candidate to serve as a director. In addition, the notice must meet any other requirements contained our bylaws. Stockholders may nominate candidates directly by complying with our bylaws and applicable law, including the deadlines described under "Proposals of Stockholders," below.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The audit committee pre-approves all audit and non-audit services provided by the independent auditors prior to the engagement of the independent auditors with respect to such services. The Company's independent auditors may be engaged to provide non-audit services only after the audit committee has first considered the proposed engagement and has determined in each instance that the proposed services are not prohibited by applicable regulations and the auditors' independence will not be materially impaired as a result of having provided these services. In making this determination, the audit committee takes into consideration whether a reasonable investor, knowing all relevant facts and circumstances, would conclude that the auditors' exercise of objective and impartial judgment on all issues encompassed within the auditors' engagement would be materially impaired. The audit committee may delegate its approval authority to pre-approve services provided by the independent auditors to one or more of the members of the audit committee, provided that any such approvals are presented to the audit committee at its next scheduled meeting.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the normal course of our business, we have incurred debt from related parties and loaned money to related parties, including Sifang Information Technology Co. ("Sifang Information"), for financing purposes. In 2002, we borrowed funds from Sifang Information to start our mobile phone distribution business. At December 31, 2002, the outstanding balance of the loan was \$604,062, and interest expense incurred on the borrowed amount was \$36,245. During 2003, we paid off all outstanding balances and loaned certain amounts to Sifang Information, which amounts were repaid by Sifang Information before year end. We continued to borrow funds from and lend funds to Sifang Information, however, as of December 31, 2003, all such amounts had been repaid. Interest

Edgar Filing: CHINA DIGITAL WIRELESS INC - Form DEF 14A

expense incurred on amounts borrowed from Sifang Information for the year ended December 31, 2003 was \$12,082.

We purchased a building located at 689 Laoshandong Road, Shanghai, People's Republic of China 200120, from our related party, Shanghai Fude Industry Co., for a price of \$910,925. This building now houses our technical team and our servers.

During the 2004 fiscal year, TCH Data Technology Co., Ltd. ("TCH"), a wholly owned subsidiary of Sifang Holdings Company Limited ("Sifang Holdings"), purchased local brand mobile phones from Shanghai Sifang Telecommunication Co. Ltd. ("Sifang Telecom") valued at \$390,340, and all these mobile phones were sold to retailers in 2004. Sifang Holdings is a wholly-owned subsidiary of the China Digital. Sifang Telecom is related to China Digital through common ownership with a major stockholder of the Company.

-12-

Sifang Information holds a 51% equity interest in Shanghai Shantian Telecommunication Co. Ltd. ("Shantian"). During the 2004 fiscal year, TCH sold Samsung GSM mobile phones valued at \$9,178,674 at a 4% gross profit margin to Shantian. Accounts receivable include \$1,583,512 due from Shantian. During the 2004 fiscal year, TCH also sold mobile phones to other related parties, which included Tianci Industry and Tianci Group, for \$136,310 and \$576,707 at gross profit margins of 17% and 16% respectively. One President and a board member, Mr. Tai Caihua, has a majority interest in Tianci Industry and Tianci Group.

On July 16, 2004, the Tianci Group entered into an agency agreement with TCH to sell CDMA mobile phones owned by China Unicom. TCH obtains the same commission structure that Tianci Group earns from China Unicom. For each phone sold, TCH receives \$15.70 per unit, sales commission of \$3.62 per SIM card. TCH recognized commission income of \$204,214 in the year ended December 31, 2004 from the Tianci Group, which is recorded in service revenues, net on the income statement.

In accordance with terms contained in signed service agreements between TCH and Sifang Information giving TCH the right to use Sifang Information's facility (which may not be owned by foreign investors at the present time under Chinese law) to transmit the reformatted information, we paid service fees of approximately \$567,000 in each of the 2003 and 2004 fiscal years. The service agreements are in effect for ten years and became effective on June 1, 2004. We expect the annual payments for the services to approximate \$567,000 per year. During the 2004 fiscal year, Sifang Information also provided other management support and marketing services to TCH for \$36,462 and none for the year ended December 31, 2003. TCH earned information service revenues net of costs from China Mobile / China Unicom that were passed through from Sifang Information and are recorded in Service revenue, net on the income statement. For the 2004 fiscal year, the total revenues generated were \$846,416 and total costs of services were \$421,476 and none for the 2003 fiscal year. TCH earned paging service revenues net of costs that were passed through from Sifang Information and are recorded in Service revenue, net on the income statement. For the 2004 fiscal year, the total revenues generated were \$964,869 and total cost of services were \$533,199 and none for the year ended December 31, 2003. TCH launched a smart card project as a joint cooperation project with Sifang Information in June 2004. However, the project was abandoned in the fourth quarter of 2004 due to government regulations. No revenue was generated from the project in 2004.

Sifang Information signed a lease agreement with Shanghai Tianci Real

Edgar Filing: CHINA DIGITAL WIRELESS INC - Form DEF 14A

Estate Co. Ltd. ("Tianci Real Estate") to lease its apartment for office use, which was assumed by TCH as a part of the carve out transaction. The original lease term was from May 1, 2003 to April 30, 2008. The lease agreement was terminated on September 30, 2004. The related rental expense for the years ended December 31, 2003 and 2004 was \$20,540 and \$30,810, respectively. Tianci Real Estate is related to China Digital through common ownership with a major stockholder of the Company.

As a result of our spin-off transaction in 2004, cash collections received and payments made Sifang Information on behalf of TCH, resulted in a net receivable of \$2,910,956 due from Sifang Information at December 31, 2004. The amount due from related party also consists of \$501,000 relating to the value added information services provided to Sifang Information and sold to China Unicom and another \$371,000 relating to the paging revenues that are collected by Sifang Information on behalf of TCH. In the first quarter of 2005, TCH collected \$3.2 million from Sifang Information. We believe that the collection of the remaining balance of \$582,956 from Sifang Information is reasonably assured and accordingly, no allowance has been recorded as of December 31, 2004. We also advanced US\$1,205,000 to provide Sifang Information's needs for working capital in order to complete spin-off procedures in the PRC. The outstanding balance was fully collected in March 2005.

On February 23, 2004, we sold 987,915 shares of restricted common stock for gross proceeds of \$300,000, pursuant to a subscription agreement, to Halter Financial Group, Inc., an entity owned by Timothy P. Halter, a former member of the Board of Directors and the Company's former Chief Executive Officer. Additionally, in consideration for agreeing to serve as an officer and director of the Company, Timothy P. Halter was granted a warrant to purchase up to 131,722 shares of common stock of the Company (as adjusted for stock splits). The warrant was exercised on June 14, 2004, and we received gross proceeds of \$40,000 upon exercise.

On February 23, 2004, we agreed to pay Little and Company Investment Securities, an entity owned by Glenn A. Little, our former controlling stockholder, officer and director, \$30,000 in consulting fees related to the transaction discussed in the previous paragraph and in consideration for maintaining the corporate entity. To formalize this obligation, we issued a \$30,000 non-interest bearing promissory note maturing on February 23, 2005.

-13-

Concurrent with the transaction discussed in the previous paragraph, we and Little and Company Investment Securities executed an Exchange Agreement whereby we issued 98,792 shares of common stock in satisfaction of the outstanding promissory note.

On June 23, 2004, we entered into a Stock Purchase Agreement with Halter Financial Group, Inc. pursuant to which we sold 166,667 shares of common stock of the Company in exchange for \$190,000. Timothy P. Halter is the sole stockholder and President of Halter Financial Group, Inc. Pursuant to the Stock Purchase Agreement, we granted to Halter Financial Group, Inc. an option to require the Company to purchase up to 166,667 shares of common stock of the Company at a price of \$1.14 per share, such option being exercisable at any time after the date that is six months after the Company filed a registration statement on Form SB-2 with the SEC, (which registration statement was declared effective on February 8, 2005) registering the shares purchased by Halter Financial Group, Inc., up to and including the earlier of (i) the date that such registration statement is declared effective by the SEC or (ii) Halter Financial Group, Inc.'s shares are eligible for resale under Rule 144 under the Securities

Officers, directors and certain other stockholders are required by regulation to furnish us with copies of all Section 16(a) forms they file. To the best of our knowledge (based solely upon a review of the Forms 3, 4 and 5 filed and information furnished to us by such persons), during 2004, the only delinquent filing was a report on Form 5 for Glenn Little filed February 25, 2004, reporting his initial beneficial ownership of securities that should have been reported on a Form 3 upon Mr. Little's becoming a director and officer of the Company in May 1995.

- o accountability for adherence to this Code.

Responsibility for Proper Behavior

Every person affiliated with the Company, from entry-level positions through senior management and our Board of Directors (the "Board"), plays a role in our compliance efforts. As such, every person has a responsibility to know what is in this Code, how the compliance program works, and what steps to take if something appears contrary to this Code.

Since we take our compliance responsibilities seriously, we may have to take swift and deliberate action if we feel that a member of the team is not living up to their compliance responsibilities. This action can range from a simple warning to correct behavior, up to and including termination if errant behavior remains uncorrected. Therefore, it is important for everyone to understand his or her compliance responsibilities.

Compliance with Laws, Rules and Regulations

All directors, officers and employees must respect and obey all laws, rules and regulations applicable to the Company's business, including local laws in the areas in which the Company operates.

Conflicts of Interest

The Company expects that its employees, officers and directors will avoid conflicts of interest and that they will not act in a manner detrimental to the Company during the course of their tenure with the Company.

A conflict of interest exists when an individual's private interest interferes in any way - or appears to conflict - with the interests of the Company. A conflict of interest situation can arise when a director, officer or employee takes actions or has interests that may make it difficult to perform his or her work on behalf of the Company in an objective and effective manner. Conflicts of interest may also arise when a director, officer or employee, or a member of his or her family, receives improper personal benefits as a result of his or her position with the Company. Loans to, or guarantees of obligations of, employees and their family members may create conflicts of interest.

Service to the Company should never be subordinated to personal gain and advantage. Conflicts of interest, whenever possible, should be avoided. In particular, clear conflict of interest situations involving directors, officers and employees may include the following:

- o any significant ownership interest in any supplier or customer;
- o any consulting or employment relationship with any customer, supplier, or competitor;
- o any outside business activity that detracts from an individual's ability to devote appropriate time and attention to his or her responsibilities to the Company;

- o the receipt of non-nominal gifts or excessive entertainment from any organization with which the Company has current or prospective business dealings;
- o being in the position of supervising, reviewing or having any influence on the job evaluation, pay, or benefit of any family member; and
- o selling anything to the Company or buying anything from the Company, except on the same terms and conditions as comparable directors, officers, or employees are permitted to so purchase or sell.

It is almost always a conflict of interest for a Company officer or employee to work simultaneously for a competitor, customer, or supplier. No officer or employee may work for a competitor as a consultant or board member. The best policy is to avoid any direct or indirect business connection with the Company's customers, suppliers, and competitors, except on the Company's behalf.

Conflicts of interest are prohibited as a matter of Company policy, except under guidelines approved by the Board of Directors. Conflicts of interest may not always be clear, and further review and discussions may be appropriate. Any director or officer who becomes aware of a conflict or potential conflict should bring it to the attention of the CEO, the CFO or general counsel, as appropriate. Any employee who becomes aware of a conflict or potential conflict should bring it to the attention of a supervisor, manager or other appropriate personnel.

Directors, officers and employees are prohibited from taking for themselves personally or directing to a third party any opportunity that is discovered through the use of corporate property, information or position without the consent of the Board of Directors. No director, officer or employee may use corporate property, information or position for improper personal gain, and no director, officer or employee may compete with the Company directly or indirectly. Directors, officers and employees owe a duty to the Company to advance its legitimate interests when the opportunity to do so arises.

Insider Trading

Directors, officers and employees who have access to confidential information relating to the Company are not permitted to use or share that information for stock trading purposes or for any other purpose except the conduct of the Company's business. All non-public information about the Company should be considered confidential information. To use non-public information for personal financial benefit or to "tip" others who might make an investment decision on the basis of this information is not only unethical and against Company policy but is also illegal. Directors, officers and employees also should comply with insider trading standards and procedures adopted by the Company.

SEC rules and regulations prohibit trading securities while in possession of material non-public information relating to such securities or disclosing material non-public information to enable another person to trade on such information. The term "trading" refers to all purchases and sales of securities for value, including purchases effected through stock option exercises, and the term "securities" includes not only common stock, but also preferred stock, bonds, notes, options, warrants, puts, calls and other equity and debt instruments.

Each director, officer and employee should endeavor to respect the rights of and deal fairly with the Company's customers, suppliers, service providers, competitors and employees. No director, officer or employee should take unfair advantage of anyone relating to the Company's business or operations through manipulation, concealment or abuse of privileged information, misrepresentation of material facts or any unfair dealing practice.

To maintain the Company's reputation, compliance with the Company's quality processes and safety requirements is essential. In the context of ethics, quality requires that the Company's services meet reasonable customer expectations. All inspection and testing documents must be handled in accordance with all applicable regulations.

Discrimination and Harassment

The Company will not tolerate any illegal discrimination or harassment of any kind. Examples include derogatory comments based on racial or ethnic characteristics and unwelcome sexual advances.

Health and Safety

The Company strives to provide each employee with a safe and healthful work environment. Each officer and employee has responsibility for maintaining a safe and healthy workplace for all employees by following safety and health rules and practices, and by reporting accidents, injuries and unsafe equipment, practices or conditions.

Violence and threatening behavior are not permitted. Officers and employees should report to work in a condition to perform their duties, free from the influence of illegal drugs or alcohol. The use of illegal drugs in the workplace will not be tolerated.

Confidentiality

Directors, officers and employees must maintain the confidentiality of confidential information entrusted to them by the Company or its customers, suppliers, joint venture partners or others with whom the Company is considering a business or other transaction, except when disclosure is authorized by an executive officer or required or mandated by laws or regulations. Confidential information includes all non-public information that might be useful or helpful

to competitors or harmful to the Company or its patients and suppliers, if disclosed. It also includes information that suppliers and patients have entrusted to the Company, as well as information about the Company's business plans, financial results or forecasts, or other operational information. The obligation to preserve confidential information continues even after employment ends.

Protection and Proper Use of Company Assets

All directors, officers and employees should endeavor to protect the Company's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on the Company's profitability. Any suspected incident of

fraud or theft should be immediately reported for investigation. Company assets should be used for legitimate business purposes and should not be used for non-Company business.

The obligation to protect the Company's assets includes its proprietary information. Proprietary information includes intellectual property, such as trade secrets, patents, trademarks and copyrights, as well as business, marketing and service plans, designs, databases, records, salary information and any unpublished financial data and reports. Unauthorized use or distribution of this information would violate Company policy. It could also be illegal and result in civil or even criminal penalties.

Payments to Government Personnel

The U.S. Foreign Corrupt Practices Act prohibits giving anything of value, directly or indirectly, to officials of foreign governments or foreign political candidates in order to obtain or retain business. It is strictly prohibited to make illegal payments to government officials of any country.

In addition, the U.S. government has a number of laws and regulations regarding business gratuities that may be accepted by U.S. government personnel. The promise, offer or delivery to an official or employee of the U.S. government of a gift, favor or other gratuity in violation of these rules would not only violate Company policy but could also be a criminal offense. State and local governments, as well as foreign governments, may have similar rules.

Corporate Disclosures

All directors, officers and employees should support the Company's goal to have full, fair, accurate and timely disclosure in the reports required to be filed by the Company with the SEC. Each director, officer and employee should promptly bring to the attention of the CEO, the CFO or the Company's Audit Committee, as appropriate, any of the following:

- o any material information to which such individual may become aware that affects the disclosures made by the Company in its public filings or would otherwise assist the CEO, the CFO and the Audit Committee in fulfilling their responsibilities with respect to such public filings;
- o any information the individual may have concerning (a) significant deficiencies in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data, or (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's financial reporting, disclosures or internal controls;
- o any information the individual may have concerning any violation of this Code, including any actual or apparent conflicts of interest between personal and professional relationships, involving any management or other employees who have a significant role in the Company's financial reporting, disclosures or internal controls; and
- o any information the individual may have concerning evidence of a material violation of the securities or other laws, rules or regulations applicable to the Company and the operation of its business, by the Company or any agent thereof, or of any violation of this Code.

Amendments and Waivers of This Code

Any amendment to this Code and any waiver of this Code for directors or executive officers may be made only by the Board of Directors or a committee of the Board, and will be promptly disclosed to stockholders as required by applicable laws or rules and regulations, including the rules of the SEC and any exchange or quotation system on which the Company's securities are listed or quoted. Such amendments or waivers may be posted on the Company's website at www.chinadigitalwireless.com.

Reporting Any Illegal or Unethical Behavior

Directors and officers are encouraged to talk to the CEO, the CFO or general counsel, and employees are encouraged to talk to supervisors, managers, or other appropriate personnel, when in doubt about the best course of action in a particular situation. Directors, officers and employees should report any observed illegal or unethical behavior and any perceived violations of laws, rules, regulations or this Code to appropriate personnel. It is the policy of the Company not to allow retaliation for reports of misconduct by others made in good faith. Directors, officers and employees are expected to cooperate in internal investigations of misconduct.

Enforcement

The Board of Directors shall determine, or designate appropriate persons to determine, appropriate actions to be taken in the event of violations of this Code. Such actions shall be reasonably designed to deter wrongdoing and to promote accountability for adherence to this Code. These procedures may include (a) written notices to the individual involved that the Board has determined that there has been a violation, (b) censure by the Board, (c) demotion or re-assignment of the individual involved, (d) suspension with or without pay or benefits (as determined by the Board), and (e) termination of the individual's employment or position. In determining the appropriate action in a particular case, the Board of Directors or such designee shall take into account all relevant information, including the nature and severity of the violation, whether the violation was a single occurrence or repeated occurrences, whether the violation appears to have been intentional or inadvertent, whether the individual in question had been advised prior to the violation as to the proper course of action, and whether or not the individual in question had committed other violations in the past.
