SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of

5

changes in ownership of common stock and other equity securities of the Company. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of reports furnished to the Company and written representations that no other reports were required during the 2002 fiscal year, all Section 16(a) filing requirements were complied with except as described below:

Directors De Nault, III, Foster, Gillespie, Miscoll, Sandler, Shepard and Smith each failed to file a timely report after receipt of options to purchase 4,000

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

shares of the Company's stock in 2001 and 2002. Director Gillespie failed to file a timely report after purchase of 2,500 shares of Company stock. Officer Stark failed to file a timely report after sale of 1,200 shares of Company stock. Such untimely filings were inadvertent and the required reports have since been filed.

ITEM 11. EXECUTIVE COMPENSATION

COMPENSATION OF DIRECTORS

For 2002, each outside director of the Company received an annual remuneration of \$15,000. All directors received \$1,250 for each attended meeting of the Board of Directors. In addition, each committee member received \$1,250 for each attended meeting of a committee, if otherwise entitled. No director is entitled to more than \$1,250 for any calendar day, regardless of the number of meetings attended on that day. Under the Company's 1995 Stock Option Plan, nonemployee directors each receive an option to purchase 4,000 shares of the Company's Common Stock on the day of each Annual Meeting of Shareholders or the date on which the individual initially becomes a director. The options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

Effective January 1, 2003, the Board of Directors increased the annual retainer for each outside director to \$25,000 and the stipend for each attended meeting to \$1,500, subject to the limitation of one payment per calendar day. In addition, each member of the Audit Committee receives an additional annual retainer of \$5,000.

Ms. Gillespie is a partner in the law firm of Barger & Wolen who rendered services to the Company currently not exceeding 5% of its gross revenues.

Douglas K. Howell	76,993	5.20%	16.03	02/27/12	487,3

(1) Options were granted to the Named Executives on February 27, 2002. The respective exercise price is equal to the closing price of \$16.03 of the Company's Common Stock on the business day immediately preceding the date of grant, as reported in the Wall Street Journal, Western Edition. These options vest in three equal annual installments beginning February 27, 2003.

(2) Present value was calculated using the Black-Scholes option pricing model valued at \$6.33. Use of this model should not be viewed in any way as a forecast of the future performance of the Company's Common Stock, which will be determined by future events and unknown factors. The estimated values under the Black-Scholes model are based upon certain assumptions as to variables, including expected stock price volatility of .36, an annual interest rate of 4.79%, a dividend yield of 2.50% for the options granted on February 27, 2002, and an expected term of eight years.

DECEMBER 31, 2002 OPTION VALUES

The following table provides information as to the value of options held by each of the Named Executives at December 31, 2002.

(1) In accordance with SEC reporting requirements, values of both exercisable and unexercisable options are based on the difference between the exercise price of each option and \$12.52, the closing price of the Company's Common Stock on December 31, 2002 as reported in the Wall Street Journal, Western Edition.

COMPENSATION COMMITTEE REPORT ON

EXECUTIVE MANAGEMENT COMPENSATION

The Compensation Committee, consisting of nonemployee directors Robert M. Sandler, John B. De Nault, III, Jeffrey L. Hayman, R. Scott Foster, James P. Miscoll and Gregory M. Shepard, has furnished the following report on executive compensation:

8

GENERAL COMPENSATION POLICY

The Board of Directors' fundamental policy has been to offer the Company's executive officers competitive compensation opportunities based in large part upon their contributions to the success of the Company, and upon their personal performance. The Company believes in compensating its executives for demonstrated and sustained levels of performance in their individual jobs. The achievement of higher levels of performance and contribution is rewarded by higher levels of compensation. In November 2000, the Board of Directors, pursuant to the recommendations of the Equity Based Compensation and Compensation Committees, revised the criteria for short-term compensation and long-term incentives for its officers.

The compensation package is comprised of these three elements:

- base salary, perquisites and other personal benefits designed principally to be competitive with relevant compensation levels in the industry;
- short-term cash compensation based upon performance levels achieved in relation to pre-established target levels; and
- long-term incentive plan providing only stock option grants to its officers also based upon their performance levels.

Some of the more important factors, which the Board considered in establishing the components of each executive officer's compensation package for the 2002 fiscal year, are summarized below.

BASE SALARY. Base salary for each officer is set subjectively, after reviewing

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

personal performance, internal comparability considerations and salary levels in effect for comparable positions in the market place. The Company uses salary survey information to assign a salary grade range to each position, including executive officers. Salary range midpoints are targeted at the 50th percentile of like business enterprises in the same geographic area, if possible.

Salary recommendations for the year were based in part upon advice provided by outside consultants and salary survey information published by the National Association of Independent Insurers, SNL Executive Compensation Review for Insurance Companies, and Sibson & Company. The Committee believes that information provided by these groups presents a broadly based cross-section of insurance company compensation practices. Individual salary adjustments for executive officers were based upon analysis of base salary levels, effectiveness of performance, changes in job responsibilities and a subjective assessment of their personal contributions to the effectiveness of the organization as a whole. All of the factors enumerated were applied in a subjective, non-quantitative manner to establish an executive officer's base salary. The peer group examined when establishing these compensation levels is different from the industry group utilized in the Shareholder Return Performance Graph shown on page 11.

SHORT-TERM COMPENSATION. Variable payments for the officers are based upon the enhancement of value to the shareholders and customers as measured by pre-established targets relative to the Company's revenue growth rate and GAAP combined ratio.

LONG-TERM INCENTIVE COMPENSATION. In 1995, the Compensation Committee concluded that a stock option plan would improve the linkage between shareholder value and executive compensation. Upon this Committee's recommendation, the Board of Directors adopted the 1995 Stock Option Plan. Shareholders approved the plan and amendments thereto at the 1995, 1997 and 2000 Annual Meetings. Executives and key employees are eligible to receive stock options from time to time, giving them the right to purchase shares of the Company's Common Stock at a specified price in the future. The Plan is currently

9

administered by the Compensation Committee, which has authority to select optionees and to determine the number of shares granted to them.

RETENTION AGREEMENTS. In order to retain certain members of management, the Company entered into retention agreements with four senior officers. The Board of Directors has approved these agreements to minimize the distractions or concerns executives may have regarding substantial or adverse changes at the Company. Effective April 1, 2003, retention agreements were entered into with Richard A. Andre, Michael J. Cassanego, G. Edward Combs and Dean E. Stark.

CEO COMPENSATION. Bruce W. Marlow's annual salary of \$700,000 was established by the Board of Directors upon recommendation of the Compensation Committee and took into account the fact that he would hold the offices of Chief Executive Officer and President. For year 2002, Mr. Marlow was awarded 348,837 stock options under the 1995 Stock Option Plan and a cash bonus of \$200,000 for services rendered in 2002, based upon an evaluation by the Compensation Committee of his year 2002 performance. In addition to subjective factors, the factors considered for both salary and bonus consideration included the Company's overall underwriting performance as measured by its GAAP combined ratio.

The Compensation Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

The Company has reviewed Section 162(m) of the Internal Revenue Code which generally limits the deduction of compensation paid to a company's Chief Executive Officer and each of the other four highest compensated executive officers to \$1,000,000 for each individual, with certain exceptions. The Company's deductions for compensation paid during 2002 were not limited by Section 162(m). None of the compensation deduction attributable to stock options granted by the Company is limited by this section, but compensation deductions attributable to restricted stock grants, generally equaling the fair market value of the underlying stock on the date of vesting, do not qualify as an exception. The deductibility of compensation attributable to restricted stock grants or other forms of compensation paid by the Company may be limited in the future. While the Compensation Committee considers Section 162(m) in evaluating compensation of executive officers, it is only one of several factors considered in arriving at a compensation package.

Submitted by the Compensation Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As indicated above, the Company's Compensation Committee consists of Robert M. Sandler, John B. De Nault, III, Jeffrey L. Hayman, R. Scott Foster, James P. Miscoll and Gregory M. Shepard. No Committee member is or was an officer or employee of the Company or any of its subsidiaries.

Bruce W. Marlow, Director and Chief Executive Officer also participated in deliberations concerning executive officers' compensation during 2002, other than his own. Mr. Marlow has been Chief Executive Officer and a director since February 9, 2000.

RETIREMENT PLANS

PENSION PLAN

The Company's Pension Plan is a noncontributory defined benefit plan for all regular employees under which normal retirement is at age 65 and early retirement can be elected by any participant who has reached age 55 and has at least 10 years of service. The plan, subject to certain maximum and minimum provisions, bases pension benefits on an employee's career average compensation and length of service. The annual pension benefit payable upon normal retirement is equal to the sum of the accruals for each year a participant was in the plan.

At retirement, the participant has various life and contingent annuity payment elections. For purposes of this plan, compensation includes base annual salary plus overtime and bonuses. These pension benefits serve as an offset in calculating benefits for participants under the Supplemental Executive Retirement Plan.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

Employees nominated by the Chief Executive Officer and approved by the Board of Directors are eligible to participate in the Supplemental Executive Retirement Plan. The plan is a nonqualified defined benefit plan under which normal retirement is age 65 with at least 5 years of service, and early retirement can be elected by any participant who has reached age 55 with at least 10 years of service. The annual retirement benefit payable for 15 years is equal to 60% of the average of the three highest consecutive years of compensation during the ten year period preceding retirement, reduced by the participant's benefit under the Pension Plan and 50% of the participant's social security benefit.

PENSION SUPPLEMENTAL PLAN AND 401(K) SUPPLEMENTAL PLAN

Effective January 1, 1996, the Company adopted the Pension Supplemental Plan and the 401(k) Supplemental Plan. Each is a non-qualified deferred compensation plan designed for certain executives and key employees of the Company whose benefits under the Company's qualified Pension and 401(k) Plans have been limited by certain provisions of the Internal Revenue Code (the "Code").

The Pension Supplemental Plan provides a benefit equal to the difference between the pension that would be payable under the Pension Plan, absent the Code's limitations upon compensation considered in calculating pension benefits, and the actual benefits payable subject to those limitations. If a participant in this plan is also entitled to receive benefits under the Supplemental Executive Retirement Plan, the Pension Supplemental Plan benefits will be reduced accordingly.

The 401(k) Supplemental Plan permits certain executives and key employees to defer an amount of current compensation which, in addition to amounts actually contributed to the 401(k) Plan, allows the participant to defer the full amount

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

of contributions that could have been deferred under the 401(k) Plan without regard to limitations which the Code places on contributions and eligible compensation. To the extent that such limitations preclude a participant's account from receiving matching contributions under the 401(k) Plan, the participant will receive a like amount of matching contributions under the 401(k) Supplemental Plan.

12

The table below sets forth the benefit payable for 15 years after retirement from the Pension Plan, Supplemental Executive Retirement Plan, the Pension Supplemental Plan, and one half of the Social Security benefit (assuming the recipient is entitled to the age 65 Social Security benefit).

FINAL AVERAGE COMPENSATION	NUMBER OF YEARS OF SERVICE		
	5	10	15 OR MORE
\$ 150,000	\$ 45,000	\$ 67,500	\$ 90,000
200,000	60,000	90,000	120,000
250,000	75,000	112,500	150,000
300,000	90,000	135,000	180,000
350,000	105,000	157,500	210,000
400,000	120,000	180,000	240,000
450,000	135,000	202,500	270,000
500,000	150,000	225,000	300,000
550,000	165,000	247,500	330,000
600,000	180,000	270,000	360,000
\$ 650,000	\$195,000	\$292,500	\$390,000

As set forth above, compensation used in calculating the Pension, Supplemental Executive Retirement Plan and Pension Supplemental retirement benefit includes annual base salary, overtime and bonuses and will approximate and fall within 10% of the total of 2000 through 2002 salary and bonus amounts shown in the Summary Compensation Table for the listed individuals.

The credited years for the Named Executives in the Summary Compensation Table are Bruce W. Marlow - 2 years; G. Edward Combs - 2 years; Michael J. Cassanego - 3 years; Dean E. Stark - 23 years; and Douglas K. Howell - 1 year.

RESTRICTED SHARES PLAN

The shareholders at their meeting held on May 23, 1982 approved the 21st Century Insurance Group Restricted Shares Plan. Pursuant to the Plan, the Board of Directors established a committee of its members entitled the Equity Based Compensation Committee (the "Committee") to designate the participants in the Plan, the amount of benefits thereunder, and to otherwise administer the Plan. Members of the Committee are not eligible for benefits under the Plan. Designation of an employee for benefits under the Restricted Shares Plan does not necessarily entitle the employee to benefits under any other Company benefit plan.

In general, the shares granted are restricted for a period of five years, vesting at the rate of 20% per year. If the employment of the participant is

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

terminated within the five-year period, all shares not then vested are forfeited. Any shares forfeited may be regranted to an existing participant or any other employee eligible to be designated as a participant. During the restricted period, a participant has the right to receive dividends and the right to vote the shares.

The Plan does not create any right of any employee or class of employees to receive a grant, nor does it create in any employee or class of employees any right with respect to continuation of employment by the Company.

Presently, officers are not granted shares under this Plan.

13

STOCK OPTION PLAN

In 1995, the Company's shareholders approved the Company's 1995 Stock Option Plan in order to enable the Company to attract, retain and motivate key employees and nonemployee directors and to further align their interests with those of the Company's shareholders by providing for or increasing their proprietary interest in the Company. The Stock Option Plan is administered by a committee comprised of disinterested members of the Board of Directors. The committee has the authority to select persons to be granted options and to determine exercise prices, vesting schedules and other provisions not inconsistent with the provisions of the Stock Option Plan.

Each option gives a grantee the right to purchase shares of the Company's Common Stock at a specified price in the future. Shares vest at fixed numbers of shares per year over varying future periods. The Stock Option Plan provides that on the day of an annual meeting of shareholders of the Company each nonemployee director will be granted an option to purchase 4,000 shares of the Company's Common Stock. Nonemployee director options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

EXECUTIVE SEVERANCE PLAN

The Company has enacted an Executive Severance Plan covering each of its executive officers. If an officer is terminated for reasons other than death, long-term disability, or good cause within a three-year period following a change of control of the Company, or if the officer resigns after significant adverse changes in his authority, duties, compensation, benefits or geographical location, then the officer is entitled to a lump sum severance payment of one to three times his or her current annual salary and most recent cash bonus. Junior officers are eligible to receive one year of severance payments; senior officers, two years; and the Chief Executive Officer, three years; with all severance payments limited to the amount deductible to the Company under the provisions of Internal Revenue Code Section 280G.

RETENTION AGREEMENTS

The agreements, with certain exceptions and limitations, require the Company to do the following in the event that an officer party to a Retention Agreement is terminated without Cause or resigns with Good Reason (as defined in the Retention Agreement) or in the event that a successor to the Company or an affiliate of the Company to which the officer is transferred fails to assume the Retention Agreement:

- pay to such officers a cash lump sum equal to 2.5 times his or her annual base salary;

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form 10-K/A

- vest all of such officer's stock options, waive the 90 day post-termination provisions in such person's stock option agreements, and allow such options to be exercisable for their full remaining term, subject to a 5 year maximum; and
- provide to the officer and his or her spouse and dependents for 30 months all life, disability, accident and health benefits at substantially similar benefit levels.

If the officer is entitled to and actually receives severance benefits payable under the Executive Severance Plan, he or she is not entitled to benefits under the Retention Agreement.
