Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

When used in this discussion, the words, "believes", "anticipates", "expects" and similar expressions are intended to identify forward-looking statements. Such statements are subject to certain risks and uncertainties, which could cause actual results to differ materially from those projected. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. The Company undertakes no obligation to republish revised forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Readers are also urged to carefully review and consider the various disclosures made by the Company which attempt to advise interested parties of the factors which affect the Company's business, in this report, as well as the Company's periodic reports on Forms 10-KSB, 10-QSB and 8-K filed with the Securities and Exchange Commission.

Overview

Entheos Technologies Inc. ("Entheos" or the "Company"), through its wholly-owned subsidiary, Email Solutions, Inc., operates as an Application Service Provider developing reliable, scalable, real time, high volume outsourced email services. While the Company continues to market its email ASP services, which includes the deployment, management and hosting of pre-packaged software applications through centrally located servers, to date the Company has realized limited success at attracting new clients due to strong competition and a dearth of high volume email clients, many of whom are either entrenched with existing vendors or have developed in house applications and infrastructures. As a result, the Company presently operates on a limited basis and plans to sell its ASP business and use the sale proceeds, as well as other available cash, to invest in or develop other technology-based ventures.

Critical Accounting Policies

Our discussion and analysis or plan of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to income taxes and contingencies. We base our estimates on historical experience

and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Management believes the following critical accounting policies reflect its more significant estimates and assumptions used in the preparation of its financial statements.

Income Taxes

We record a valuation allowance to reduce our deferred tax assets to the amount that is more likely than not to be realized. We have considered future market growth, forecasted earnings, future taxable income, and prudent and feasible tax planning strategies in determining the need for a valuation allowance. We currently have recorded a full valuation allowance against net deferred tax assets as we currently believe it is more likely than not that the deferred tax assets will not be realized.

Contingencies

We may be subject to certain asserted and unasserted claims encountered in the normal course of business. It is our belief that the resolution of these matters will not have a material adverse effect on our financial position or results of operations, however, we cannot provide assurance that damages that result in a material adverse effect on our financial position or results of operations will not be imposed in these matters. We account for contingent liabilities when it is probable that future expenditures will be made and such expenditures can be reasonably estimated.

Results of operations

Revenues. The Company generated \$0 and \$165,330 in revenues for the three months ended March 31, 2003 and 2002. Of the \$165,330 decrease, \$160,330 was due to the loss of the Company's principal client, EquityAlert.com, Inc., a subsidiary of Innotech Corporation, which ceased operation during October, 2002. The Company and Innotech Corporation have a common Director and majority shareholder.

Cost of revenues. The Company incurred \$44,441 in cost of revenues for the three months ended March 31, 2002, for gross margin of approximately 27%.

General and administrative expenses. During the three months ended March 31, 2003, and 2002, the Company incurred \$206,111 and \$106,721, respectively, an increase of \$99,390, primarily due to all salaries and wages classified as general and administrative expenses due to the Company's lack of revenues during the three months ended March 31, 2003.

Interest income. Interest income was \$2,198 and \$6,200 for the three-month period ended March 31, 2003 and 2002, respectively. The decrease of 64.5% in interest income is a direct result of changes in interest rates. Interest earned in the future will be dependent on Company funding cycles and prevailing interest rates.

Provision for income taxes. As of March 31, 2003, the Company's accumulated deficit was \$3,009,274 and as a result, there has been no provision for income taxes to date.

Net income (loss). For the three months ended March 31, 2003 and 2002, the Company recorded a net loss of \$188,913 and net income of \$20,368, respectively.

Liquidity and Capital Resources

As at March 31, 2003, the Company had a cash balance of \$686,559, compared to \$855,386 as at December 31, 2002. The Company has financed its operations primarily through cash on hand during the three-month period ending March 30, 2003.

Net cash flows used in by operating activities was \$157,110 for the three-month period ending March 31, 2003, compared to net cash provided of \$76,358 for the same period in 2002, primarily due to net loss from operations. The Company believes it has sufficient cash to satisfy its cash requirements for at the next twelve months.

Net cash flows used in investing activities was \$129 for the three-month period ending March 31, 2003, compared to \$21,391 for same period during 2002. This decrease of \$21,262 was primarily due lower equipment purchases during the period.

The Company's future funding requirements will depend on numerous factors. These factors include the Company's ability to operate its business profitably in the future, recruit and train qualified management, technical and sales

personnel, and the Company's ability to compete against other, better-capitalized corporations. The Company has adequate cash to satisfy its cash requirements over the next twelve months. The Company may raise additional funds through private or public equity investment in order to expand the range and scope of its business operations. There is no assurance that such additional funds will be available for the Company to finance its operations on acceptable terms, if at all.

Related Party Transactions

Revenues - Related Party Substantially all (97%) of the Company's revenues during the first quarter of 2002 was derived from the Company's principal client, EquityAlert.com, Inc., a subsidiary of Innotech Corporation, which ceased operation during October, 2002. The Company and Innotech Corporation have a common Director and majority shareholder.

Accounts Payable - Related party Balance of severance pay due to the company's former president and director, who resigned on February 10th 2003.

Management Fees During the three months ended March 31, 2003 and 2002, the Company charged \$36,000 and \$36,000, respectively, to operations for management and consulting fees incurred for services rendered by Mr. Harmel S. Rayat, the chairman and majority stockholder.

Properties The Company's office is located at Suite 216, 1628 West 1st Avenue, Vancouver, BC, V6J 1G1. These premises are owned by the wife and father of the Company's President and CEO. At present, the Company pays no rent. The fair value of the rent has not been included in the financial statements because the amount is immaterial.

Recent Accounting Pronouncements

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46 "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51" (FIN 46). FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without

additional subordinated financial support from other parties. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. For variable interest entities created or acquired prior to February 1, 2003,

the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. Management does not anticipate that FIN 46 will have any effect on the on the Company.
