ABERCROMBIE & FITCH CO.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. BASIS OF PRESENTATION

Nature of Business

Abercrombie & Fitch Co. (“A&F”), through its subsidiaries (collectively, A&F and its subsidiaries are referred to as “Abercrombie & Fitch” or the “Company”), is a specialty retailer of branded apparel and accessories. The Company operates through store and direct-to-consumer operations, as well as through various wholesale, franchise and licensing arrangements. The Company has operations in North America, Europe, Asia and the Middle East.

Principles of Consolidation

The accompanying Condensed Consolidated Financial Statements include historical financial statements of, and transactions applicable to, the Company and reflect its assets, liabilities, results of operations and cash flows.

The Company has interests in a United Arab Emirates business venture and in a Kuwait business venture with Majid al Futtaim Fashion L.L.C. (“MAF”), each of which meets the definition of a variable interest entity (“VIE”). The Company is deemed to be the primary beneficiary of these VIEs; therefore, the Company has consolidated the assets, liabilities, results of operations and cash flows of these VIEs.

Fiscal Year

The Company’s fiscal year ends on the Saturday closest to January 31. All references herein to “Fiscal 2017” and “Fiscal 2016” represent the fifty-three week fiscal year ending on February 3, 2018 and the fifty-two week fiscal year ended on January 28, 2017, respectively.

Interim Financial Statements

The Condensed Consolidated Financial Statements as of October 28, 2017, and for the thirteen and thirty-nine week periods ended October 28, 2017 and October 29, 2016, are unaudited and are presented pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). Accordingly, these Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and notes thereto contained in A&F’s Annual Report on Form 10-K for Fiscal 2016 filed with the SEC on March 27, 2017. The January 28, 2017 consolidated balance sheet data, included herein, were derived from audited consolidated financial statements, but do not include all disclosures required by accounting principles generally accepted in the United States of America (“U.S. GAAP”).

In the opinion of management, the accompanying Condensed Consolidated Financial Statements reflect all adjustments (which are of a normal recurring nature) necessary to state fairly, in all material respects, the financial position and results of operations and cash flows for the interim periods, but are not necessarily indicative of the results of operations to be anticipated for Fiscal 2017.

Table of Contents

Recent Accounting Pronouncements

The following table provides a brief description of recent accounting pronouncements that could affect the Company's financial statements:

Accounting Standards Update (ASU) Standards adopted	Description	Date of Adoption	Effect on the Financial Statements or Other Significant Matters
ASU 2015-11, Simplifying the Measurement of Inventory	This update amends ASC 330, Inventory. The new guidance applies to inventory measured using first-in, first-out (FIFO) or average cost. Under this amendment, inventory is to be measured at the lower of cost and net realizable value, which is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation.	January 29, 2017	The adoption of this guidance did not have any impact on the Company's consolidated financial statements.
ASU 2016-09, Compensation—Stock Compensation	This update amends ASC 718, Compensation. Under the new guidance, tax benefits and certain tax deficiencies arising from the vesting of share-based payments are to be recognized as income tax benefits or expenses in the statement of operations; whereas, under the previous guidance, such benefits and deficiencies were recorded in additional paid in-capital. The cash flow effects of the tax benefit are to be reported in cash flows from operating activities; whereas, they were previously reported in cash flows from financing activities. This guidance also allows for entities to make a policy election to estimate forfeitures or account for them when they occur.	January 29, 2017	As required by the update, all excess tax benefits and tax deficiencies recognized on share-based compensation expense are reflected in the condensed consolidated statements of operations as a component of the provision for income taxes on a prospective basis. This update resulted in additional non-cash income tax expense of \$0.2 million and \$10.1 million for the thirteen and thirty-nine weeks ended October 28, 2017, respectively. In addition, excess tax benefits and tax deficiencies recognized on share-based compensation expense are now classified as an operating activity on the condensed consolidated statements of cash flows. The Company has applied this provision on a retrospective basis. For the thirty-nine weeks ended October 29, 2016, net cash provided by operating activities increased by \$0.7 million with a corresponding offset to net cash used for financing activities. The Company has elected to maintain its practice of estimating forfeitures when recognizing expense for share-based payment awards rather than accounting for forfeitures when they occur. Based on share-based compensation awards currently outstanding and the price of the Company's Common Stock as of October 28, 2017, the adoption of this guidance would result in non-cash income tax expense of approximately \$11 million for Fiscal

2017, \$19 million for Fiscal 2018 and \$3 million for Fiscal 2019.

Standards not yet adopted

ASU 2014-09, Revenue from Contracts with Customers	This update supersedes the revenue recognition requirements in ASC 605, Revenue Recognition. The new guidance requires entities to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration which the entity expects to be entitled to in exchange for those goods or services.	February 4, 2018	The Company is currently evaluating the impact that this guidance will have on its consolidated financial statements. Based on its preliminary assessment, the Company has determined this guidance will impact the classification and timing of the recognition of gift card breakage. The Company does not expect this guidance to have a material impact on store, direct-to-consumer, wholesale, franchise, or license revenues.
ASU 2016-02, Leases	This update supersedes the leasing requirements in ASC 840, Leases. The new guidance requires an entity to recognize lease assets and lease liabilities on the balance sheet and disclose key leasing information that depicts the lease rights and obligations of an entity.	February 3, 2019*	The Company expects that this guidance will result in a material increase in the Company's long-term assets and long-term liabilities on the Company's consolidated balance sheets, and is currently evaluating additional impacts that this guidance may have on its consolidated financial statements. The Company will not be early adopting this guidance.
ASU 2017-12, Derivatives and Hedging	This update amends ASC 815, Derivatives and Hedging. The new guidance simplifies certain aspects of hedge accounting for both financial and commodity risks to more accurately present the economic effects of an entity's risk management activities in its financial statements. Under the new standard, more hedging strategies will be eligible for hedge accounting, including hedges of the benchmark rate component of the contractual coupon cash flows of fixed-rate assets or liabilities and partial-term hedges of fixed-rate assets or liabilities. For cash flow and net investment hedges, the guidance requires a modified retrospective approach while the amended presentation and disclosure guidance requires a	February 3, 2019*	The Company is currently evaluating the impact that this guidance will have on its consolidated financial statements. The Company will not be early adopting this guidance.

prospective approach.

* Early adoption is permitted.

Table of Contents

2. NET INCOME (LOSS) PER SHARE

Net income (loss) per basic and diluted share is computed based on the weighted-average number of outstanding shares of common stock.

The following table presents weighted-average shares outstanding and anti-dilutive shares:

(in thousands)	Thirteen Weeks		Thirty-nine Weeks	
	Ended		Ended	
	October 28, 2017	October 29, 2016	October 28, 2017	October 29, 2016
Shares of common stock issued	103,300	103,300	103,300	103,300
Weighted-average treasury shares	(34,788)	(35,325)	(34,953)	(35,452)
Weighted-average — basic shares	68,512	67,975	68,347	67,848
Dilutive effect of share-based compensation awards	913	302	—	—
Weighted-average — diluted shares	69,425	68,277	68,347	67,848
Anti-dilutive shares ⁽¹⁾	5,181	6,126	5,367	6,209

Reflects the total number of shares related to outstanding share-based compensation awards that have been
(1) excluded from the computation of net income (loss) per diluted share because the impact would have been anti-dilutive.

3. FAIR VALUE

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are prioritized based on a three-level hierarchy. The three levels of inputs to measure fair value are as follows:

Level 1—inputs are unadjusted quoted prices for identical assets or liabilities that are available in active markets that the Company can access at the measurement date.

Level 2—inputs are other than quoted market prices included within Level 1 that are observable for assets or liabilities, directly or indirectly.

Level 3—inputs to the valuation methodology are unobservable.

The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The three levels of the hierarchy and the distribution within these levels of the Company's assets and liabilities, which are measured at fair value on a recurring basis, were as follows:

(in thousands)	Assets and Liabilities at Fair Value as of October 28, 2017			
	Level 1	Level 2	Level 3	Total

Trust-owned life insurance policies (at cash surrender value)	\$—	\$ 101,962	\$	—\$ 101,962

Liabilities:				
Derivative financial instruments	\$—	\$492	\$	—\$492
Total liabilities	\$—	\$492	\$	—\$492

Table of Contents

The Level 2 assets and liabilities consist of trust-owned life insurance policies and derivative financial instruments, primarily foreign currency exchange forward contracts. The fair value of foreign currency exchange forward contracts is determined by using quoted market prices of the same or similar instruments, adjusted for counterparty risk.

Fair value of borrowings:

The Company's borrowings under the Company's credit facilities are carried at historical cost in the accompanying Condensed Consolidated Balance Sheets. For disclosure purposes, the Company estimated the fair value of borrowings outstanding based on market rates for similar types of debt, which are considered to be Level 2 inputs.

The carrying amount and fair value of the Company's borrowings under the term loan facility were as follows:

(in thousands)	October 28, January 28,	
	2017	2017
Gross borrowings outstanding, carrying amount	\$ 268,250	\$ 268,250
Gross borrowings outstanding, fair value	\$ 266,909	\$ 260,551

No borrowings were outstanding under the Company's senior secured revolving credit facility as of October 28, 2017 or January 28, 2017.

4. PROPERTY AND EQUIPMENT, NET

Property and equipment, net consisted of:

(in thousands)	October 28, January 28,	
	2017	2017
Property and equipment, at cost	\$2,810,471	\$2,772,139
Less: Accumulated depreciation and amortization	(2,042,541)	(1,947,401)
Property and equipment, net	\$767,930	\$824,738

Long-lived assets, primarily comprised of leasehold improvements, furniture, fixtures and equipment, are tested for recoverability whenever events or changes in circumstances indicate that the carrying amount of the long-lived assets might not be recoverable. These include, but are not limited to, material declines in operational performance, a history of losses, an expectation of future losses, adverse market conditions and store closure or relocation decisions. On at least a quarterly basis, the Company reviews for indicators of impairment at the individual store level, the lowest level for which cash flows are identifiable.

Stores that display an indicator of impairment are subjected to an impairment assessment. The Company's impairment assessment requires management to make assumptions and judgments related, but not limited, to management's expectations for future operations and projected cash flows. The key assumptions used in the Company's undiscounted future cash flow models include sales, gross profit and, to a lesser extent, operating expenses.

An impairment loss may be recognized when these undiscounted future cash flows are less than the carrying amount of the asset group. In the circumstance of impairment, any loss would be measured as the excess of the carrying amount of the asset group over its fair value. The key assumptions used in estimating the fair value of impaired assets may include projected cash flows and discount rate.

The Company incurred store asset impairment charges of \$3.5 million and \$10.3 million for the thirteen and thirty-nine weeks ended October 28, 2017, respectively, and \$6.4 million for the thirty-nine weeks ended October 29,

2016. There were no asset impairment charges for the thirteen weeks ended October 29, 2016.

The Company had \$36.6 million and \$35.6 million of construction project assets in property and equipment, net at October 28, 2017 and January 28, 2017, respectively, related to the construction of buildings in certain lease arrangements where the Company is deemed to be the owner of the construction project.

Table of Contents

5. INCOME TAXES

The Company's quarterly tax provision and the estimate of the annual effective tax rate are subject to significant variation due to several factors. These include variability in the pre-tax jurisdictional mix of earnings, changes in how the Company does business including entering into new businesses or geographies, changes in foreign currency exchange rates, changes in law, regulations, and administrative practices, relative changes of expenses or losses for which tax benefits are not recognized and the impact of discrete items. The impact of these items on the effective tax rate will be greater at lower levels of pre-tax income (loss).

In Fiscal 2017, the Company adopted ASU 2016-09, "Compensation—Stock Compensation," which resulted in discrete non-cash income tax charges recognized in income tax expense (benefit) on the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss) of \$0.2 million and \$10.1 million for the thirteen and thirty-nine week periods ended October 28, 2017, respectively. Refer to Note 1, "BASIS OF PRESENTATION--Recent Accounting Pronouncements" for further discussion regarding the adoption of this standard.

6. BORROWINGS

Asset-Based Revolving Credit Facility

On August 7, 2014, A&F, through its subsidiary Abercrombie & Fitch Management Co. ("A&F Management") as the lead borrower (with A&F and certain other subsidiaries as borrowers or guarantors), entered into an asset-based revolving credit agreement.

As of October 19, 2017, the Company, through A&F Management, entered into the Second Amendment to Credit Agreement (the "ABL Second Amendment"), amending and extending the maturity date of the asset-based revolving credit agreement. As amended, the asset-based revolving credit agreement continues to provide for a senior secured revolving credit facility of up to \$400 million (the "Amended ABL Facility"). The Amended ABL Facility is subject to a borrowing base, consisting primarily of U.S. inventory, with a letter of credit sub-limit of \$50 million (reduced from \$100 million by the ABL Second Amendment) and an accordion feature allowing A&F to increase the revolving commitment by up to \$100 million subject to specified conditions. The Amended ABL Facility is available for working capital, capital expenditures and other general corporate purposes. The Amended ABL Facility will mature on October 19, 2022.

Obligations under the Amended ABL Facility are unconditionally guaranteed by A&F and certain of its subsidiaries. The Amended ABL Facility is secured by a first-priority security interest in certain working capital of the borrowers and guarantors consisting of inventory, accounts receivable and certain other assets. The Amended ABL Facility is also secured by a second-priority security interest in certain property and assets of the borrowers and guarantors, including certain fixed assets, intellectual property, stock of subsidiaries and certain after-acquired material real property.

At the Company's option, borrowings under the Amended ABL Facility will bear interest at either (a) an adjusted LIBOR rate plus a margin of 1.25% to 1.50% per annum, or (b) an alternate base rate plus a margin of 0.25% to 0.50% per annum. The applicable margins with respect to LIBOR loans and base rate loans, including swing line loans, under the Amended ABL Facility are 1.25% and 0.25% per annum, respectively, and are subject to adjustment each fiscal quarter based on average historical availability during the preceding quarter. The Company is also required to pay a fee of 0.25% per annum on undrawn commitments under the Amended ABL Facility. Customary agency fees and letter of credit fees are also payable in respect of the Amended ABL Facility.

No borrowings were outstanding under the Amended ABL Facility as of October 28, 2017.

Term Loan Facility

A&F, through its subsidiary A&F Management as the borrower (with A&F and certain other subsidiaries as guarantors), also entered into a term loan agreement on August 7, 2014, which provides for a term loan facility of \$300 million (the “Term Loan Facility” and, together with the Amended ABL Facility, the “Credit Facilities”).

The Term Loan Facility has not changed materially from that disclosed in Note 11, “BORROWINGS,” of the Notes to Consolidated Financial Statements contained in “ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA” of A&F’s Annual Report on Form 10-K for Fiscal 2016.

Table of Contents

Representations, Warranties and Covenants

The Credit Facilities contain various representations, warranties and restrictive covenants that, among other things and subject to specified exceptions, restrict the ability of A&F and its subsidiaries to incur indebtedness (including guarantees), grant liens, make investments, pay dividends or distributions with respect to capital stock, make prepayments on other indebtedness, engage in mergers, dispose of certain assets or change the nature of their business. In addition, availability equal to the greater of 10% of the loan cap or \$30 million must be maintained under the Amended ABL Facility. The Credit Facilities do not otherwise contain financial maintenance covenants.

The Company was in compliance with the covenants under the Credit Facilities as of October 28, 2017.

7. SHARE-BASED COMPENSATION

The Company recognized share-based compensation expense of \$5.4 million and \$15.8 million for the thirteen and thirty-nine weeks ended October 28, 2017, respectively, and \$5.7 million and \$16.7 million for the thirteen and thirty-nine weeks ended October 29, 2016, respectively. The Company recognized tax benefits associated with share-based compensation expense of \$2.0 million and \$6.0 million for the thirteen and thirty-nine weeks ended October 28, 2017, respectively, and \$2.2 million and \$6.3 million for the thirteen and thirty-nine weeks ended October 29, 2016, respectively.

Unvested at October 28, 2017	2,618,976	\$ 15.61	690,174	\$ 11.82	383,980	\$ 16.50

Includes 730,736 unvested restricted stock units as of October 28, 2017 which are subject to the vesting requirement that the Company must achieve at least \$1.00 of GAAP net income attributable to A&F for the fiscal ⁽¹⁾ year immediately preceding the vesting date. Holders of these restricted stock units have the opportunity to earn back one or more installments of the award if the cumulative performance requirements are met in a subsequent year.

Fair value of both service-based and performance-based restricted stock units is calculated using the market price of the underlying common stock on the date of grant reduced for anticipated dividend payments on unvested shares. In determining fair value, the Company does not take into account performance-based vesting requirements. Performance-based vesting requirements are taken into account in determining the number of awards expected to vest. For market-based restricted stock units, fair value is calculated using a Monte Carlo simulation with the number of shares that ultimately vest dependent on the Company's total stockholder return measured against the total stockholder return of a select group of peer companies over a three-year period. For an award with performance-based or market-based vesting requirements, the number of shares that ultimately vest can vary from 0% to 200% of target depending on the level of achievement of performance criteria. Unvested shares related to restricted stock units with performance-based vesting conditions are reflected at 100% of their target vesting amount in the table above.

Service-based restricted stock units are expensed on a straight-line basis over the total requisite service period, net of forfeitures. Performance-based restricted stock units subject to graded vesting are expensed on an accelerated attribution basis, net of forfeitures. Market-based restricted stock units without graded vesting features are expensed on a straight-line basis over the requisite service period, net of forfeitures.

As of October 28, 2017, there was \$30.1 million, \$4.0 million and \$3.7 million of total unrecognized compensation cost, net of estimated forfeitures, related to service-based, performance-based and market-based restricted stock units, respectively. The unrecognized compensation cost is expected to be recognized over a weighted-average period of 15 months, 15 months and 13 months for service-based, performance-based and market-based restricted stock units, respectively.

The actual tax benefit realized for tax deductions associated with restricted stock units vesting was \$0.2 million and \$2.7 million for the thirteen and thirty-nine weeks ended October 28, 2017, respectively, and \$0.2

million and \$6.6 million for the thirteen and thirty-nine weeks ended October 29, 2016, respectively.

8. DERIVATIVE INSTRUMENTS

The Company is exposed to risks associated with changes in foreign currency exchange rates and uses derivative instruments, primarily forward contracts, to manage the financial impacts of these exposures. The Company does not use forward contracts to engage in currency speculation and does not enter into derivative financial instruments for trading purposes.

The Company uses derivative instruments, primarily foreign currency exchange forward contracts designated as cash flow hedges, to hedge the foreign currency exchange rate exposure associated with forecasted foreign-currency-denominated intercompany inventory sales to foreign subsidiaries and the related settlement of the foreign-currency-denominated intercompany receivables. Fluctuations in foreign currency exchange rates will either increase or decrease the Company's intercompany equivalent cash flows and affect the Company's U.S. Dollar earnings. Gains or losses on the foreign currency exchange forward contracts that are used to hedge these exposures are expected to partially offset this variability. Foreign currency exchange forward contracts represent agreements to exchange the currency of one country for the currency of another country at an agreed upon settlement date. These foreign currency exchange forward contracts typically have a maximum term of twelve months. The sale of the

inventory to the Company's customers will result in the reclassification of related derivative gains and losses that are reported in accumulated other comprehensive loss ("AOCL"). Substantially all of the unrealized gains or losses related to designated cash flow hedges as of October 28, 2017 will be recognized in cost of sales, exclusive of depreciation and amortization, over the next twelve months.

The Company presents its derivative assets and derivative liabilities at their gross fair values on the Condensed Consolidated Balance Sheets. However, the Company's derivative contracts allow net settlements under certain conditions.

Table of Contents

As of October 28, 2017, the Company had outstanding the following foreign currency exchange forward contracts that were entered into to hedge either a portion, or all, of forecasted foreign-currency-denominated intercompany inventory sales, the resulting settlement of the foreign-currency-denominated intercompany accounts receivable, or both:

(in thousands)	Notional Amount ⁽¹⁾

Canadian dollar	\$ 22,851
Japanese yen	\$ 8,476

⁽¹⁾ Amounts reported are the U.S. Dollar notional amounts outstanding as of October 28, 2017.

The Company also uses foreign currency exchange forward contracts to hedge certain foreign-currency-denominated net monetary assets/liabilities. Examples of monetary assets/liabilities include cash balances, receivables and payables. Fluctuations in foreign currency exchange rates result in transaction gains/(losses) being recorded in earnings, as U.S. GAAP requires that monetary assets/liabilities be remeasured at the spot exchange rate at quarter-end or upon settlement. The Company has chosen not to apply hedge accounting to these instruments because there are no differences in the timing of gain or loss recognition on the hedging instruments and the hedged items.

As of October 28, 2017, the Company had outstanding the following foreign currency exchange forward contracts that were entered into to hedge foreign-currency-denominated net monetary assets/liabilities:

11. CONTINGENCIES

The Company is a defendant in lawsuits and other adversary proceedings arising in the ordinary course of business. Legal costs incurred in connection with the resolution of claims and lawsuits are generally expensed as incurred, and the Company establishes estimated liabilities for the outcome of litigation where losses are deemed probable and reasonably estimable. The Company's assessment of the current exposure could change in the event of the discovery of additional facts. As of October 28, 2017, the Company had accrued charges of approximately \$15.9 million for certain legal contingencies, which are classified within other current liabilities on the accompanying Condensed Consolidated Balance Sheet. Actual liabilities may differ from the amounts recorded, and there can be no assurance that final resolution of these matters will not have a material adverse effect on the Company's financial condition, results of operations or cash flows. There are certain claims and legal proceedings pending against the Company for which accruals have not been established.

The Company is a defendant in two separate class action lawsuits filed by former associates of the Company who are represented by the same counsel. The first lawsuit, filed on September 16, 2013, alleges failure to indemnify business expenses and a series of derivative claims for compelled patronization, inaccurate wage statements, waiting time penalties, minimum wage violations and unfair competition under California state law on behalf of all non-exempt hourly associates at Abercrombie & Fitch, Abercrombie kids, Hollister, and Gilly Hicks stores in California. Four subclasses of associates have since been certified, and the matter is now before the United States ("U.S.") District Court

for the Central District of California. The second lawsuit, filed on December 15, 2015, alleges that associates were required to purchase uniforms without reimbursement in violation of federal law, and laws of the states of New York, Florida and Massachusetts, as well as derivative putative state law claims and seeks to pursue such claims on a class and collective basis. This matter is now before the U.S. District Court for the Southern District of Ohio and is stayed pending mediation. Both matters have been mediated, and the parties have reached a framework for settling both cases on a class-wide basis through a proposed \$25.0 million claims-made settlement agreement. The parties continue to negotiate the details of the proposed settlement, and the ultimate settlement amount is dependent upon the actual claims made by members of the classes and is also subject to the approval of a court of competent jurisdiction.

The Company incurred a pre-tax charge of \$11.1 million within marketing, general and administrative expense on the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss) during the thirteen weeks ended October 28, 2017 and has a total estimated liability of \$13.1 million as of October 28, 2017 related to the proposed settlement. The estimated liability represents what the Company believes to be a reasonable estimate of the loss exposure related to these matters and is included in the accrued charges disclosed above. The ultimate outcome of these matters may differ from the Company's estimated loss exposure, due to uncertainties regarding final settlement agreement negotiations, actual claims rate experience, and court approvals. The Company may be subject to an incremental loss of as much as \$11.9 million, and there can be no absolute assurance that a settlement will be finalized and approved or of the ultimate outcome of the litigation.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

BUSINESS SUMMARY

The Company is a specialty retailer who primarily sells its products through store and direct-to-consumer operations, as well as through various wholesale, franchise and licensing arrangements. The Company offers a broad array of apparel products, including knit tops, woven shirts, graphic t-shirts, fleece, sweaters, jeans, woven pants, shorts, outerwear, dresses, intimates and swimwear; and personal care products and accessories for men, women and kids under the Hollister, Abercrombie & Fitch and abercrombie kids brands. The Company has operations in North America, Europe, Asia and the Middle East.

The Company's fiscal year ends on the Saturday closest to January 31. Fiscal years are designated in the consolidated financial statements and notes by the calendar year in which the fiscal year commences. All references herein to "Fiscal 2017" represent the fifty-three week fiscal year that will end on February 3, 2018, and to "Fiscal 2016" represent the fifty-two week fiscal year that ended January 28, 2017.

Due to the seasonal nature of the retail apparel industry, the results of operations for any current period are not necessarily indicative of the results expected for the full fiscal year. The seasonality of the Company's operations may also lead to significant fluctuations in certain asset and liability accounts.

SUMMARY RESULTS OF OPERATIONS

The table below summarizes the Company's results of operations and reconciles GAAP financial measures to non-GAAP financial measures for the thirteen and thirty-nine week periods ended October 28, 2017 and October 29, 2016. Changes in comparable sales are calculated on a constant currency basis by converting prior year store and online sales at current year exchange rates. For inclusion in this calculation, a store must have been open as the same brand at least one year and its square footage must not have been expanded or reduced by more than 20% within the past year. Excludes revenue other than store and online sales.

As of October 28, 2017, the Company had \$459.3 million in cash and equivalents, and \$268.3 million in gross borrowings outstanding under its term loan facility. Net cash provided by operating activities was \$29.7 million for the thirty-nine weeks ended October 28, 2017. The Company used cash of \$86.3 million for capital expenditures and \$40.8 million to pay dividends during the thirty-nine weeks ended October 28, 2017.

CURRENT TRENDS AND OUTLOOK

Our results for the third quarter of Fiscal 2017 reflect progress across all brands, as we continue to execute against our strategic plan. We delivered our fourth consecutive quarter of sequential comparable sales improvement, resulting in overall net sales up 5% compared to last year and a return to positive overall comparable sales for the quarter. We maintained strategic investment in omnichannel and marketing, while managing our expenses effectively, resulting in operating expense leverage and profit growth. Hollister continued to leverage high levels of customer engagement to drive another strong quarter, with 10% net sales growth. Abercrombie showed further improvement and early signs of stabilization.

We are focused on the continued execution of our strategic plan, and expect the environment in the fourth quarter to remain challenging and promotional. We maintain our focus on strategic investments in marketing and omnichannel to meet our customers' needs whenever, wherever and however they choose to engage with our brands.

For the fourth quarter of Fiscal 2017, we expect:

• Comparable sales to be up low-single digits, and net sales to be up mid- to high-single digits, including benefits from the 53rd week and changes in foreign currency exchange rates.

• The 53rd week to benefit net sales by approximately \$38 million and operating income by approximately \$2 million.

• Changes in foreign currency exchange rates to benefit net sales and operating income, net of hedging.

• A gross profit rate down approximately 100 basis points to last year's rate of 59.3%, in line with the third quarter year-over-year decline.

• Operating expense, including other operating income, to be down approximately 1% from \$553.7 million last year, with expense reductions partially offset by increases in volume-related expenses from higher sales and the adverse effect from changes in foreign currency exchange rates.

• The effective tax rate to be in the mid 30s.

• A weighted average diluted share count of approximately 70 million shares, excluding the effect of potential share buybacks.

On a full year basis, we expect the effective tax rate to reflect a core tax rate in the mid 30s, which is highly sensitive at lower levels of pre-tax earnings. Additionally, we expect the full year effective tax rate to reflect discrete non-cash income tax charges of approximately \$11 million related to a change in share-based compensation accounting standards.

We now expect capital expenditures to be approximately \$110 million for the full year, up from our prior expectation of \$100 million.

In addition to the five stores opened year to date, including two outlet stores, we expect to open four new full-price stores in the fourth quarter. We also anticipate closing up to 60 stores in the U.S. by the end of Fiscal 2017 through natural lease expirations, including the 14 stores closed year to date.

NON-GAAP FINANCIAL MEASURES

This Quarterly Report on Form 10-Q includes discussion of certain financial measures under “RESULTS OF OPERATIONS” on both a GAAP and a non-GAAP basis. The Company believes that each of the non-GAAP financial measures presented in this “ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS” are useful to investors as they provide a measure of the Company’s operating performance excluding the effect of certain items which the Company believes do not reflect its future

operating outlook, and therefore supplements investors' understanding of comparability across periods. Management used these non-GAAP financial measures during the periods presented to assess the Company's performance and to develop expectations for future operating performance. These non-GAAP financial measures should be used supplemental to, not as an alternative to, the Company's GAAP financial results, and may not be the same as similar measures presented by other companies.

Changes in comparable sales are calculated on a constant currency basis by converting prior year store and online sales at current year exchange rates. For the purpose of this calculation, a store must have been open as the same brand at least one year and its square footage must not have been expanded or reduced by more than 20% within the past year. Excludes revenue other than store and online sales.

In addition, the following financial measures are disclosed on a GAAP basis and, as applicable, on a non-GAAP basis excluding items relating to legal charges, asset impairment, indemnification recovery, and claims settlement benefits: marketing, general and administrative expense; other operating income, net; operating income (loss); income tax expense (benefit); effective tax rate; net

income (loss) attributable to A&F; and net income (loss) per diluted share attributable to A&F. Certain of these GAAP and non-GAAP measures are also expressed as a percentage of net sales. The income tax effect of non-GAAP items is calculated as the difference in income tax benefit with and without the non-GAAP adjustments to income before income taxes based upon the tax laws and statutory income tax rates of the applicable tax jurisdictions.

Changes in comparable sales are calculated on a constant currency basis by converting prior year store and online sales at current year exchange rates. For inclusion in this calculation, a store must have been open as the same brand at least one year and its square footage must not have been expanded or reduced by more than 20% within the past year. Excludes revenue other than store and online sales.

For the third quarter of Fiscal 2017, net sales increased 5% as compared to the third quarter of Fiscal 2016, primarily attributable to a 4% increase in comparable sales, with a 8% increase in comparable sales for Hollister, partially offset by a 2% decrease in comparable sales for Abercrombie. Changes in foreign currency exchange rates benefited net sales by approximately 1%.

For the year-to-date period of Fiscal 2017, net sales increased slightly as compared to the year-to-date period of Fiscal 2016.

Adjusted non-GAAP income tax benefit	\$(10,335)	17.1%	\$(19,308)	26.9%

Refer to “Operating Income (Loss)” for details of excluded items. The Company computed the tax effect of excluded ⁽¹⁾ items as the difference between the effective tax rate calculated with and without the non-GAAP adjustments on income (loss) before taxes and provision for income taxes.

For the third quarter of Fiscal 2017, the effective tax rate, which is sensitive at lower levels of pre-tax earnings, was 41.6% as compared to 45.0% for the third quarter of Fiscal 2016. The change in the effective tax rate was primarily driven by changes in level and mix of consolidated pre-tax income amongst operating jurisdictions. Excluding certain items presented above in the table under “Operating Income (Loss),” the third quarter Fiscal 2017 adjusted non-GAAP effective tax rate was 35.7% as compared to 80.1% for the third quarter Fiscal 2016.

For the year-to-date period of Fiscal 2017, the effective tax rate was 19.8% as compared to 29.3% for the year-to-date period of Fiscal 2016. The change in the effective tax rate was primarily driven by discrete non-cash income tax charges of \$10.1 million related to the adoption of ASU 2016-09 in the first quarter of Fiscal 2017, as well as changes in the level and mix of consolidated pre-tax earnings between operating and valuation allowance jurisdictions. Excluding certain items presented above in the table under “Operating Income (Loss),” the year-to-date Fiscal 2017 adjusted non-GAAP effective tax rate was 17.1% as compared to 26.9% for the year-to-date period of Fiscal 2016.

Net Income (Loss) and Net Income (Loss) per Share Attributable to A&F

For the third quarter of Fiscal 2017, net income and net income per diluted share attributable to A&F were \$10.1 million and \$0.15, respectively, as compared to net income and net income per diluted share attributable to A&F of \$7.9 million and \$0.12, respectively, for the third quarter of Fiscal 2016. Excluding certain items presented above under “Operating Income (Loss)” and “Income Tax Expense (Benefit),” third quarter Fiscal 2017 adjusted non-GAAP net income and net income per diluted share attributable to A&F were \$20.5 million and \$0.30, respectively, as compared to \$1.4 million and \$0.02 for the third quarter of Fiscal 2016.

For the year-to-date period of Fiscal 2017, net loss and net loss per diluted share attributable to A&F were \$67.1 million and \$0.98, respectively, as compared to net loss and net loss per diluted share attributable to A&F of \$44.8 million and \$0.66, respectively, for the year-to-date period of Fiscal 2016. Excluding certain items presented above under “Operating Income (Loss)” and “Income Tax Expense (Benefit),” year-to-date Fiscal 2017 adjusted non-GAAP net loss and net loss per diluted share attributable to A&F were \$52.2 million and \$0.76, respectively, as compared to \$55.0 million and \$0.81 for the year-to-date period of Fiscal 2016.

LIQUIDITY AND CAPITAL RESOURCES

HISTORICAL SOURCES AND USES OF CASH

Seasonality of Cash Flows

The Company's business has two principal selling seasons: the Spring season which includes the first and second fiscal quarters ("Spring") and the Fall season which includes the third and fourth fiscal quarters ("Fall"). As is typical in the apparel industry, the Company experiences its greatest sales activity during the Fall season due to Back-to-School and Holiday sales periods. The Company relies on excess operating cash flows, which are largely generated in the Fall season, to fund operations throughout the year and to reinvest in the business to support future growth. The Company also has a revolving credit facility available as a source of additional funding.

Asset-Based Revolving Credit Facility

As of October 19, 2017, the Company amended and extended its senior secured revolving credit agreement, which was set to expire on August 7, 2019. As amended, the asset-based revolving credit agreement continues to provide availability of up to \$400 million (the "Amended ABL Facility"), subject to a borrowing base, consisting primarily of U.S. inventory. The Amended ABL Facility is available for working capital, capital expenditures and other general corporate purposes. The Amended ABL Facility will mature on October 19, 2022. No borrowings were outstanding under the Amended ABL Facility as of October 28, 2017.

At the Company's option, borrowings under the Amended ABL Facility will bear interest, at either (a) an adjusted LIBOR rate plus a margin of 1.25% to 1.50% per annum, or (b) an alternate base rate plus a margin of 0.25% to 0.50% per annum based on average historical availability during the preceding quarter. The Company is also required to pay a fee of 0.25% per annum on undrawn commitments under the Amended ABL Facility. Customary agency fees and letter of credit fees are also payable pursuant to the Amended ABL Facility.

As of November 30, 2017, the borrowing base on the Amended ABL Facility was \$397.0 million. As of November 30, 2017, the Company had not drawn on the Amended ABL Facility, but had approximately \$1.9 million in outstanding stand-by letters of credit under the Amended ABL Facility.

Term Loan Facility

The Company is also party to a term loan agreement, which provides for a term loan facility of \$300 million (the "Term Loan Facility" and, together with the Amended ABL Facility, the "Credit Facilities"). The Term Loan Facility was issued at a \$3 million or 1.0% discount. In addition, the Company recorded deferred financing fees associated with the issuance of the Term Loan Facility and the asset-based revolving credit agreement entered into on August 7, 2014 (and amended as of October 19, 2017 in the form of the Amended ABL Facility) of \$5.8 million in aggregate, of which \$3.2 million was paid to Term Loan Facility lenders. The Company also recorded deferred financing fees associated with the issuance of the ABL Second Amendment of \$0.9 million. The Company is amortizing the debt discount and deferred financing fees over the respective contractual terms of the Credit Facilities.

The Company's Term Loan debt is presented in the Condensed Consolidated Balance Sheets, net of the unamortized discount and fees. Net borrowings as of October 28, 2017 and January 28, 2017 were as follows:

(in thousands)	October 28, 2017	January 28, 2017
Borrowings, gross at carrying amount	\$268,250	\$268,250

Unamortized discount	(1,470)	(1,764)
Unamortized fees	(2,870)	(3,494)
Borrowings, net	263,910	262,992
Less: short-term portion of borrowings, net	—	—
Long-term portion of borrowings, net	\$263,910	262,992

The Term Loan Facility will mature on August 7, 2021 and amortizes at a rate equal to 0.25% of the original principal amount per quarter, beginning with the fourth quarter of Fiscal 2014. The Term Loan Facility is subject to (a) an annual mandatory prepayment in an amount equal to 0% to 50% of the Company's excess cash flows in the preceding fiscal year, depending on the Company's leverage ratio and (b) certain other mandatory prepayments upon receipt by the Company of proceeds of certain debt issuances, asset sales and casualty events, subject to certain exceptions specified therein, including reinvestment rights, less any voluntary

payments made. The Company made a repayment of \$25 million in January 2017, in prepayment of its scheduled Fiscal 2017 through Fiscal 2021 amortization and a portion of the amount of principal due at maturity.

At the Company's option, borrowings under the Term Loan Facility will bear interest at either (a) an adjusted LIBOR rate no lower than 1.00% plus a margin of 3.75% per annum or (b) an alternate base rate plus a margin of 2.75% per annum. Customary agency fees are also payable pursuant to the Term Loan Facility. The interest rate on borrowings under the Term Loan Facility was 4.99% as of October 28, 2017.

Operating Activities

Net cash provided by operating activities was \$29.7 million for the thirty-nine weeks ended October 28, 2017 compared to \$22.1 million for the thirty-nine weeks ended October 29, 2016. The year-over-year change in cash flow associated with operating activities was primarily due to higher cash receipts from increased net sales, the timing of rent payments, refunds received from prior year tax returns and a year-over-year decrease in incentive compensation payments. These year-over-year changes were partially offset by greater inventory purchases in Fiscal 2017 and proceeds from lease deposits returned and \$12.3 million of claims settlement benefits received in Fiscal 2016.

Investing Activities

Cash outflows for investing activities for the thirty-nine weeks ended October 28, 2017 and October 29, 2016 included capital expenditures of \$86.3 million and \$96.8 million, respectively, primarily for store updates and new stores, as well as direct-to-consumer and omnichannel and information technology investments.

Financing Activities

Cash outflows for the thirty-nine weeks ended October 28, 2017 and October 29, 2016 consisted primarily of dividend payments of \$40.8 million and \$40.5 million, respectively.

As of October 28, 2017, A&F had the ability to repurchase up to 6.5 million shares as part of the A&F Board of Directors' previously approved authorization.

FUTURE CASH REQUIREMENTS AND SOURCES OF CASH

Over the next twelve months, the Company's primary cash requirements will be to fund operating activities, including the acquisition of inventory, and obligations related to compensation, leases, taxes and other operating activities, as well as to fund capital expenditures, marketing initiatives, quarterly dividends to stockholders subject to approval by A&F's Board of Directors and debt service requirements, including required repayments, if any, based on annual excess cash flows, as defined in the term loan agreement. The Company has availability under the Amended ABL Facility as a source of additional funding.

The Company expects total capital expenditures to be approximately \$110 million for Fiscal 2017, primarily for store updates, new stores, as well as direct-to-consumer and omnichannel and information technology investments.

The Company may repurchase shares of its Common Stock and, if it were to do so, would anticipate funding such repurchases by utilizing free cash flow generated from operations or proceeds from the Amended ABL Facility.

As of October 28, 2017, \$276.3 million of the Company's \$459.3 million of cash and equivalents was held by foreign affiliates. The Company is not dependent on dividends from its foreign affiliates to fund its U.S. operations or pay

dividends to A&F's stockholders. Unremitted earnings from foreign affiliates generally would become subject to U.S. income tax if remitted as dividends or lent to A&F or a U.S. affiliate.

OFF-BALANCE SHEET ARRANGEMENTS

The Company uses, in the ordinary course of business, stand-by letters of credit under the Amended ABL Facility. The Company had \$1.9 million in stand-by letters of credit outstanding as of October 28, 2017. The Company has no other off-balance sheet arrangements.

Table of Contents

CONTRACTUAL OBLIGATIONS

The Company's contractual obligations consist primarily of operating leases, purchase orders for merchandise inventory, unrecognized tax benefits, certain retirement obligations, lease deposits and other agreements to purchase goods and services that are legally binding and that require minimum quantities to be purchased. These contractual obligations impact the Company's short-term and long-term liquidity and capital resource needs. During the thirteen weeks ended October 28, 2017, there were no material changes in the contractual obligations as of January 28, 2017, with the exception of those obligations which occurred in the normal course of business (primarily changes in the Company's merchandise inventory-related purchases and lease obligations, which fluctuate throughout the year as a result of the seasonal nature of the Company's operations).

RECENT ACCOUNTING PRONOUNCEMENTS

The Company describes its significant accounting policies in Note 2, "SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES," of the Notes to Consolidated Financial Statements contained in "ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA" of A&F's Annual Report on Form 10-K for Fiscal 2016. See Note 1, "BASIS OF PRESENTATION--Recent Accounting Pronouncements" of the Notes to Condensed Consolidated Financial Statements included in "ITEM 1. FINANCIAL STATEMENTS (UNAUDITED)," of this Quarterly Report on Form 10-Q for recent accounting pronouncements, including the dates of adoption or expected dates of adoption, as applicable, and estimated effects on the Condensed Consolidated Financial Statements.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The Company describes its critical accounting policies and estimates in "ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS", of A&F's Annual Report on Form 10-K for Fiscal 2016. There have been no significant changes in critical accounting policies and estimates since the end of Fiscal 2016.

SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

The Company cautions that any forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) contained in this Quarterly Report on Form 10-Q or made by the Company, its management or spokespeople involve risks and uncertainties and are subject to change based on various important factors, many of which may be beyond the Company's control. Words such as "estimate," "project," "plan," "believe," "expect," "anticipate," "intend," and similar expressions may identify forward-looking statements.

The following factors, including the disclosures under the heading "FORWARD-LOOKING STATEMENTS AND RISK FACTORS" in "ITEM 1A. RISK FACTORS" of A&F's Annual Report on Form 10-K for Fiscal 2016, in some cases have affected and in the future could affect the Company's financial performance and could cause actual results for Fiscal 2017 and beyond to differ materially from those expressed or implied in any of the forward-looking statements included in this Quarterly Report on Form 10-Q or otherwise made by management:

- changes in global economic and financial conditions, and the resulting impact on consumer confidence and consumer spending, as well as other changes in consumer discretionary spending habits, could have a material adverse effect on our business, results of operations and liquidity;
- our inability to anticipate customer demand and changing fashion trends and to manage our inventory commensurately could adversely impact our sales levels and profitability;
- our market share may be negatively impacted by increasing competition and pricing pressures from companies with brands or merchandise competitive with ours;
- direct-to-consumer sales channels are a significant component of our growth strategy, and the failure to successfully develop our position in these channels could have an adverse impact on our results of operations;
- our ability to conduct business in international markets may be adversely affected by legal, regulatory, political and economic risks;
- our inability to successfully implement our strategic plans could have a negative impact on our growth and profitability;
- our failure to protect our reputation could have a material adverse effect on our brands;
- our business could suffer if our information technology systems are disrupted or cease to operate effectively;
- we may be exposed to risks and costs associated with cyber-attacks, credit card fraud and identity theft that would cause us to incur unexpected expenses and reputation loss;
- fluctuations in foreign currency exchange rates could adversely impact our financial condition and results of operations;
- changes in the cost, availability and quality of raw materials, labor, transportation and trade relations could cause manufacturing delays and increase our costs;
- we depend upon independent third parties for the manufacture and delivery of all our merchandise, and a disruption of the manufacture or delivery of our merchandise could result in lost sales and could increase our costs;
- our ability to attract customers to our stores depends, in part, on the success of the shopping malls or area attractions that our stores are located in or around;
 - we rely on the experience and skills of our senior executive officers, the loss of whom could have a material adverse effect on our business;
- our reliance on DCs makes us susceptible to disruptions or adverse conditions affecting our supply chain;
- our litigation exposure could have a material adverse effect on our financial condition and results of operations;
- our inability or failure to adequately protect our trademarks could have a negative impact on our brand image and limit our ability to penetrate new markets;
- fluctuations in our tax obligations and effective tax rate may result in volatility in our operating results;
- extreme weather conditions and the seasonal nature of our business may cause net sales to fluctuate and negatively impact our results of operations;

our facilities, systems and stores, as well as the facilities and systems of our vendors and manufacturers, are vulnerable to natural disasters, pandemic disease and other unexpected events, any of which could result in an interruption to our business and adversely affect our operating results;

- the impact of war or acts of terrorism could have a material adverse effect on our operating results and financial condition;
- changes in the regulatory or compliance landscape could adversely affect our business and results of operations;
- our Asset-Based Revolving Credit Agreement and our Term Loan Agreement include restrictive covenants that limit our flexibility in operating our business; and,
- compliance with changing regulations and standards for accounting, corporate governance and public disclosure could adversely affect our business, results of operations and reported financial results.

This list of important factors is not inclusive.

Future economic and industry trends that could potentially impact revenue and profitability are difficult to predict. Therefore, there can be no assurance that the forward-looking statements included in this Quarterly Report on Form 10-Q will prove to be accurate. In light of the significant uncertainties in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company, or any other person, that the objectives of the Company will be achieved. The forward-looking statements included herein are based on information presently available to the management of the Company. Except as may be required by applicable law, the Company assumes no obligation to publicly update or revise its forward-looking statements even if experience or future changes make it clear that any projected results expressed or implied therein will not be realized.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Investment Securities

The Rabbi Trust includes amounts to meet funding obligations to participants in the Abercrombie & Fitch Co. Nonqualified Savings and Supplemental Retirement Plan I, the Abercrombie & Fitch Co. Nonqualified Savings and Supplemental Retirement Plan II and the Supplemental Executive Retirement Plan. The Rabbi Trust assets primarily consist of trust-owned life insurance policies which are recorded at cash surrender value. The change in cash surrender value of the trust-owned life insurance policies held in the Rabbi Trust resulted in realized gains of \$0.8 million for each of the thirteen weeks ended October 28, 2017 and October 29, 2016 and \$2.3 million for each of the thirty-nine weeks ended October 28, 2017 and October 29, 2016, respectively, which are recorded in interest expense, net on the Condensed Consolidated Statements of Operations and Comprehensive Income (Loss).

The Rabbi Trust assets are included in other assets on the Condensed Consolidated Balance Sheets as of October 28, 2017 and January 28, 2017, and are restricted in their use as noted above.

Interest Rate Risks

As of October 28, 2017, the Company has approximately \$268.3 million in gross borrowings outstanding under its term loan facility (the "Term Loan Facility") and no borrowings outstanding under its senior secured revolving credit facility (the "Amended ABL Facility" and, together with the Term Loan Facility, the "Credit Facilities"). The Credit Facilities carry interest rates that are tied to LIBOR, or an alternate base rate, plus a margin. The interest rate on the Term Loan Facility has a 100 basis point LIBOR floor, and assuming no changes in the Company's financial structure as it stands, an increase in market interest rates of 100 basis points would increase annual interest expense by approximately \$3.0 million. This hypothetical analysis for the fifty-three weeks ending February 3, 2018 may differ from the actual change in interest expense due to potential changes in interest rates or gross borrowings outstanding under the Company's Credit Facilities.

Foreign Exchange Rate Risk

A&F's international subsidiaries generally operate with functional currencies other than the U.S. Dollar. Since the Company's Condensed Consolidated Financial Statements are presented in U.S. Dollars, the Company must translate revenues, expenses, assets and liabilities from functional currencies into U.S. Dollars at exchange rates in effect during or at the end of the reporting period. The fluctuation in the value of the U.S. Dollar against other currencies affects the reported amounts of revenues, expenses, assets and liabilities. The potential impact of currency fluctuation increases as international expansion increases.

A&F and its subsidiaries have exposure to changes in foreign currency exchange rates associated with foreign currency transactions and forecasted foreign currency transactions, including the sale of inventory between subsidiaries and foreign-currency-denominated assets and liabilities. The Company has established a program that primarily utilizes foreign currency exchange forward contracts to partially offset the risks associated with the effects of certain foreign currency transactions and forecasted transactions. Under this program, increases or decreases in foreign currency exchange rate exposures are partially offset by gains or losses on forward contracts, to mitigate the impact of foreign currency gains or losses. The Company does not use forward contracts to engage in currency speculation. All outstanding foreign currency exchange forward contracts are recorded at fair value at the end of each fiscal period.

Table of Contents

The fair value of outstanding foreign currency exchange forward contracts included in other current assets was \$1.3 million and \$6.0 million as of October 28, 2017 and January 28, 2017, respectively. The fair value of outstanding foreign currency exchange forward contracts included in other liabilities was \$3.6 million and \$0.5 million as of October 28, 2017 and January 28, 2017, respectively. Foreign currency exchange forward contracts are sensitive to changes in foreign currency exchange rates. The Company assessed the risk of loss in fair values from the effect of a hypothetical 10% devaluation of the U.S. Dollar against the exchange rates for foreign currencies under contract. The results would decrease derivative contract fair values by approximately \$20.9 million. As the Company's foreign currency exchange forward contracts are primarily designated as cash flow hedges of forecasted transactions, the hypothetical change in fair value would be largely offset by the net change in fair values of the underlying hedged items.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

A&F maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to provide reasonable assurance that information required to be disclosed in the reports that A&F files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to A&F's management, including the principal executive officer and the principal financial officer, as appropriate to allow timely decisions regarding required disclosures. Because of inherent limitations, disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of disclosure controls and procedures are met.

A&F's management, including the Chief Executive Officer of A&F (who serves as Principal Executive Officer of A&F) and the Senior Vice President and Chief Financial Officer of A&F (who serves as Principal Financial Officer and Principal Accounting Officer of A&F), evaluated the effectiveness of A&F's design and operation of its disclosure controls and procedures as of the end of the fiscal quarter ended October 28, 2017. The Chief Executive Officer of A&F (in such individual's capacity as the Principal Executive Officer of A&F) and the Senior Vice President and Chief Financial Officer of A&F (in such individual's capacity as the Principal Financial Officer of A&F) concluded that A&F's disclosure controls and procedures were effective at a reasonable level of assurance as of October 28, 2017, the end of the period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Control Over Financial Reporting

There were no changes in A&F's internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) that occurred during A&F's fiscal quarter ended October 28, 2017 that materially affected, or are reasonably likely to materially affect, A&F's internal control over financial reporting.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

There were no sales of equity securities during the third quarter of Fiscal 2017 that were not registered under the Securities Act of 1933.

The following table provides information regarding the purchase of shares of Common Stock of A&F made by or on behalf of A&F or any “affiliated purchaser” as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended, during each fiscal month of the thirteen weeks ended October 28, 2017:

Period (Fiscal Month)	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ⁽²⁾	Maximum Number of Shares that May Yet Be Purchased under the Plans or Programs ⁽³⁾
July 30, 2017 through August 26, 2017	460	\$ 9.87	—	6,503,656
August 27, 2017 through September 30, 2017	7,524	\$ 13.02	—	6,503,656
October 1, 2017 through October 28, 2017	4,963	\$ 13.01	—	6,503,656
Total	12,947	\$ 12.91	—	6,503,656

All of the 12,947 shares of A&F’s Common Stock purchased during the thirteen weeks ended October 28,

⁽¹⁾ 2017 represented shares which were withheld for tax payments due upon the vesting of employee restricted stock units.

No shares were repurchased during the thirteen weeks ended October 28, 2017 pursuant to A&F’s publicly announced stock repurchase authorization. On August 14, 2012, A&F’s Board of Directors authorized the repurchase of 10.0 million shares of A&F’s Common Stock, which was announced on August 15, 2012.

The number shown represents, as of the end of each period, the maximum number of shares of A&F’s Common

⁽³⁾ Stock that may yet be purchased under A&F’s publicly announced stock repurchase authorization described in footnote 2 above. The shares may be purchased, from time-to-time, depending on market conditions.
