INFORMATION STATEMENT

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY

INTRODUCTION

This Information Statement is being mailed or otherwise furnished to stockholders of Advanced Refractive Technologies, Inc., a Delaware corporation ("ART" or the "Company"), in connection with the approval, by written consent of the holders of a majority of the Company's Common Stock, of an amendment to the Certificate of Incorporation of the Company to increase the authorized Common Stock of the Company to 750,000,000 shares.

This Information Statement is being first sent to stockholders on or about July , 2005.

VOTE REQUIRED

The vote which was required to approve the amendment was the affirmative vote of the holders of a majority of the outstanding Common Stock of the Company

The record date for purposes of determining the number of outstanding shares of Common Stock of the Company, and for determining stockholders entitled to vote, was the close of business on June 1, 2005. As of the record date, the Company had 29,856,628 shares of Common Stock outstanding. Holders of the shares have no preemptive rights. Shareholders beneficially owning 15,251,227 shares as of the record date executed written consents approving the amendment.

THE ACTION

On May 12, 2005, the Board of Directors approved, subject to stockholder approval, an amendment to the Company's Certificate of Incorporation to increase the number of Common Stock which the Company is authorized to issue from one hundred million (100,000,000) shares to seven hundred fifty million (750,000,000) shares. At present, the Certificate of Incorporation provides that the total number of shares the Company has authority to issue is one hundred million (100,000,000) shares of Common Stock and ten million (10,000,000) shares of Preferred Stock. The authorized Preferred Stock is unaffected by the proposed amendment.

Following approval by the Board of Directors, the proposal was approved by the written consents of holders of a majority of the Company's outstanding common stock.

The change will be accomplished by amending the second sentence of ARTICLE IV of the Company's Certificate of Incorporation to read as follows:

The total number of shares of Common Stock this Corporation is authorized to issue is 750,000,000, and each such share shall have a par value of \$.001. The total number of shares of Preferred Stock this corporation is authorized to issue is 10,000,000, and each such share shall have a par value of \$.001.

Edgar Filing: VISIJET INC - Form PRE 14C

The Amendment will become effective upon filing the Certificate of Amendment to the Company's Certificate of Incorporation with the Delaware Secretary of State, anticipated to be approximately twenty-one days after this Information Statement has been distributed to the Company's stockholders.

The Board of Directors of the Company believes that the amendment is advisable and in the best interests of the Company and its stockholders in order allow it to honor existing equity financing commitments, to provide for conversion of outstanding convertible securities into Common Stock or issuance of shares of Common Stock upon exercise of outstanding options and warrants, and to attract and obtain additional sources of capital in the future pursuant to additional equity financing transactions.

ACTION BY WRITTEN CONSENT

Under Section 228 of the Delaware General Corporation Law, any action which may be taken at any meeting of the stockholders may also be taken without a meeting and without prior notice and without a vote, so long as a consent is signed by the holders of the number of outstanding shares that would be necessary to authorize such action at a shareholders' meeting at which all shares entitled to vote were present and voted (here, a majority of the outstanding shares of Common Stock of the Company).

REASONS FOR THE PROPOSED INCREASE IN CAPITAL

The Board of Directors approved the increase in the authorized shares because it believes that it is in the best interests of the Company to have a sufficient number of shares of Common Stock available for future acquisition or financing transactions, as well as other corporate purposes. These purposes may include, among other things, the sale of shares or securities convertible into shares to obtain additional capital funds, the purchase of property, the use of additional shares for various equity compensation and other employee benefit plans of the Company or of acquired companies, the acquisition of other companies, and other corporate purposes. The Company has no present arrangements, agreements or understandings for the use of the additional shares

proposed to be authorized. However, the Company is currently seeking equity financing to provide additional funding for operations and regularly explores potential acquisitions and business combinations that might involve the issuance of additional equity.

The additional shares of Common Stock for which authorization is sought

Edgar Filing: VISIJET INC - Form PRE 14C

would be a part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the currently outstanding shares of Common Stock. Current shareholders do not have preemptive rights under the Company's Certificate of Incorporation, and will not have such rights with respect to these additional authorized shares of Common Stock. If the Board of Directors elects to issue additional shares of Common Stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current shareholders.

The proposed amendment to increase the number of authorized shares of Common Stock could, under certain circumstances, have an anti-takeover effect, although this is not the intention of this proposal. For example, in the event of a hostile attempt to take over control of the Company, it may be possible for the Company to hinder the attempt by issuing shares of Common Stock, thereby diluting the voting power of the other outstanding shares and increasing the potential costs to acquire control of the Company. The amendment therefore may have the effect of discouraging unsolicited takeover attempts, potentially limiting the opportunity for our shareholders to dispose of their shares at a higher price than may otherwise be available. The proposed amendment could have the effect of permitting our current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that shareholders may wish to make if they are dissatisfied with the conduct of our business. This proposal to increase the authorized Common Stock has been prompted by business and financial considerations, and the Board of Directors is not aware of any attempt to take control of the Company. The Board of Directors has not approved this amendment with the intent that it be utilized as a type of anti-takeover device.

The Board of Directors believes that the amendment of the Certificate of Incorporation to increase the number of authorized shares of Common Stock is in the best interests of the Company and its shareholders.
