SAFE HARBOR STATEMENTS UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

This Annual Report on Form 10-K/A includes “forward-looking statements”, including statements regarding NovaDel Pharma Inc.’s (the “Company,” “we,” “us” or “NovaDel”) expectations, beliefs, intentions or strategies for the future and the Company’s internal controls and procedures and outstanding financial reporting obligations and other accounting issues. The Company intends that all forward-looking statements be subject to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are only predictions and reflect the Company’s views as of the date they are made with respect to future events and financial performance. The Company uses words such as “expect,” “anticipate,” “believe,” “intend” and similar expressions to identify forward-looking statements. You can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. A number of important risks and uncertainties could, individually or in the aggregate, cause actual results to differ materially from those expressed or implied in any forward-looking statements.

Examples of the risks and uncertainties include, but are not limited to: the inherent risks and uncertainties in developing products of the type the Company is developing (independently and through collaborative arrangements); the inherent risks and uncertainties in completing the pilot pharmacokinetic feasibility studies being conducted by the Company; possible changes in the Company’s financial condition; the progress of the Company’s research and development; inadequate supply of drug substances and drug products, inability to obtain timely, sufficient patient enrollment in the Company’s clinical trials; the impact of development of competing therapies and/or technologies by other companies; the Company’s ability to obtain additional required financing to fund its research programs; the Company’s ability to enter into agreements with collaborators and the failure of collaborators to perform under their agreements with the Company; the progress of the U.S. Food and Drug Administration, or FDA, approvals in connection with the conduct of the Company’s clinical trials and the marketing of the Company’s products; the additional costs and delays which may result from requirements imposed by the FDA in connection with obtaining the required approvals; acceptance for filing by the FDA does not mean that the New Drug Application, or NDA, has been or will be approved, nor does it represent an evaluation of the adequacy of the data submitted; the risks related to the Company’s internal controls and procedures; and the risks identified under the section entitled “Risk Factors” included as Item 1A in Part I of the Annual Report on Form 10-K filed on March 30, 2009 and other reports, including this report and other filings filed with the Securities and Exchange Commission from time to time.

ITEM 11. EXECUTIVE COMPENSATION.

Compensation of Directors

The general policy of the Board is that compensation for independent Directors should be a mix of cash and equity-based compensation. NovaDel does not pay employee Directors for Board service in addition to their regular employee compensation. The Compensation Committee, which consists solely of independent Directors, has the primary responsibility for reviewing and considering any revisions to Director compensation. The Board reviews the Compensation Committee's recommendations and determines the amount of Director compensation.

Pursuant to its charter, the Compensation Committee may engage the services of outside advisers, experts, and others to assist them. During 2006, the Compensation Committee hired Compensation Resources, Inc., or CRI, to aid in setting Director compensation. During 2007 and 2008, CRI acted as an advisor to the Compensation Committee on certain compensation-related matters. There were no changes to Director

compensation in 2007 or 2008 .

To assist the Compensation Committee in its annual review of Director compensation in 2006, CRI provided Director compensation data compiled from the annual reports and proxy statements of companies that the Board uses as its "peer group" for determining Director compensation. The Director peer group used in the 2006 review by CRI consisted of companies within the pharmaceutical and drug delivery industry that are generally considered comparable to NovaDel. The Director peer group used in 2006 consisted of the following companies:

From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. Mr. Ratoff will also receive compensation as a member of the Board. On July 25, 2007, Mr. Ratoff was appointed as Interim President and Chief Executive Officer of the Company, concurrent with the resignation with Dr. Jan Egberts.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our named executive officers during the 2008 fiscal year. Our Chief Executive Officer, Chief Financial Officer and the other named executive officers included in the Summary Compensation Table on page 16 will be referred to as the "named executive officers" for purposes of this discussion.

This year's overview of our executive compensation policy has been significantly expanded to provide a more comprehensive picture to you, the stockholder, of both the rationale behind executive compensation decisions and the manner in which those decisions are made. In developing our enhanced disclosure, the Compensation Committee of the Board, or Committee, relied upon the principles contained in the newly adopted regulations governing public company executive compensation disclosure that were recently approved by the Securities and Exchange Commission.

Compensation Objectives and Philosophy

The Committee is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- motivate, recruit and retain executives capable of meeting our strategic objectives;
- provide incentives to ensure superior executive performance and successful financial results for NovaDel; and
- align the interests of the named executive officers with the long-term interests of our stockholders.

The Committee seeks to achieve these objectives by:

- establishing a compensation structure that is both market competitive and internally fair;
- linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;

Edgar Filing: NOVADEL PHARMA INC - Form 10-K/A

- providing upward leverage for overachievement of goals; and
- providing long-term equity-based incentives.

In order to achieve the above goals, our total compensation package includes base salary and annual bonus, all paid in cash, as well as long-term compensation in the form of stock options and restricted stock. We believe that appropriately balancing the total compensation package is necessary in order to provide market-competitive compensation.

Setting Executive Compensation

Role of Compensation Committee and Chief Executive Officer. The Committee oversees the design, development and implementation of the compensation program for the Chief Executive Officer and the other named executive officers. The Committee evaluates the performance of the Chief Executive Officer and determines the Chief Executive Officer's compensation in light of the goals and objectives of the compensation program. The Chief Executive Officer and the Committee together assess the performance of the other named executive officers employed by us as of December 31 and determine their compensation, based on initial recommendations from the Chief Executive Officer. Our Interim Chief Executive Officer provided the Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Committee with respect to the compensation packages for those officers for the 2008 fiscal year.

Mr. Steven B. Ratoff, the Company's Chairman of the Board, also serves as the Company's Interim President and Chief Executive Officer. He was appointed as Interim President and Chief Executive Officer on July 25, 2007, concurrent with the resignation of Dr. Jan Egberts. Mr. Ratoff does not have an employment agreement with the Company in connection with his service as Interim President and Chief Executive Officer. In connection with Mr. Ratoff's services as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. During the year ended December 31, 2008, Mr. Ratoff received \$210,000 in consulting fees. As Mr. Ratoff is still a non-employee, he will continue to receive his annual retainer and option awards as a member of the Board.

The other named executive officers do not play a role in their own compensation determination, other than discussing individual performance objectives and results with the Chief Executive Officer.

Role of Compensation Consultant. In 2006, the Committee utilized Compensation Resources, Inc., or CRI, a nationally recognized compensation consulting firm to provide competitive compensation data and general advice in the design of programs that affect the named executive officers compensation, including the Chief Executive Officer. Our named executive officers did not participate in the selection of the consultant. We have not used the services of any other compensation consultant in matters affecting the named executive officers or Director compensation. In the future, we, or the Committee, may engage or seek the advice of other compensation consultants. During 2006, CRI performed a market analysis of the compensation paid by comparable pharmaceutical and drug delivery companies and provided the Committee with recommended compensation ranges for each named executive officer position based on the competitive data. During 2007 and 2008, CRI acted as an advisor to the Committee on certain compensation-related matters.

Competitive Position

The Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Board and reward the executives for achieving such goals. At the end of the year, the Committee reviews the performance of each named executive officer in achieving the established objectives. These results are included with the overall performance review provided by the Chief Executive Officer, after which the Committee votes upon any recommendations for salary adjustments, stock option grants and cash incentives. The Chief Executive Officer then executes the actions recommended by the Committee with respect to such matters.

Edgar Filing: NOVADEL PHARMA INC - Form 10-K/A

In CRI's market analysis of compensation performed in 2006, the relevant peer group for compensation and benefit programs consists primarily of companies of comparative size, similar businesses and geographic scope. These are the firms with which NovaDel competes for talent. The comparator group was chosen to include companies with similar market capitalization, similar revenue size, and some direct competitors. The comparator group is different from the companies used in the "Performance Graph" on page 59 of our Annual Report on Form 10-K for the period ended December 31, 2008. The reason for this is that NovaDel has business competitors with whom we benchmark against for financial performance, but also have business and talent competitors against whom we benchmark for pay purposes. Additionally, the positions were compared to published survey data from nationally recognized sources to ensure the accuracy and validity of the proxy peer group. The companies from the peer analysis are listed below:

Components of Compensation

The key components of NovaDel's executive compensation package are cash compensation (salary & annual incentives), long term incentives and company-sponsored benefit plans. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by our named executive officers. We seek to achieve our compensation objectives through five key compensation elements:

- base salary;
- annual short-term cash incentives;
- long-term equity incentive awards;
- special benefits; and
- change in control and other severance agreements.

Base Salary. In General—It is the Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their named executive officers with a guaranteed annual component of compensation that is not subject to performance risk. The Committee works with outside consultants as necessary to establish salary ranges for the named executive officers, with minimum to maximum opportunities that cover the normal range of market variability. The actual base salary for each named executive officer is then derived from those salary ranges based on his responsibility, tenure and past performance and market comparability.

Annual base salaries for the named executive officers are reviewed and approved by the Committee in the first fiscal quarter following the end of the previous performance year. Changes in base salary are based on the scope of an individual's current job responsibilities, individual performance in the previous performance year, target pay position relative to the peer group, and our salary budget guidelines. The Committee reviews established goals and objectives and determines an individual's achievement of those goals and objectives and considers the recommendations provided by the Chief Executive Officer to assist it in determining appropriate salaries for the named executive officers other than the Chief Executive Officer. For any given performance year, actual salary increases may range from 0% to 10% of the salary guidelines based on individual performance. This broad range allows for meaningful differentiation on a pay for performance basis.

Changes for Fiscal Year 2009—The Committee met in December 2008 to evaluate the performance and compensation for each named executive officer. The Committee reviewed compensation of comparable companies and recognized the need to retain current management given individual and collective performance. As a result of the Company's cash position and requirement for additional funding, the Committee recommended to the Board that no merit increases be granted to our named executive officers for 2009.

Annual Bonuses. In General—As part of their compensation package, our named executive officers have the opportunity to earn annual bonuses. Annual bonuses are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. Pursuant to the individual employment agreements, the Committee establishes each year a target award for each named executive officer based on a percentage of base salary. Annual bonus targets as a percentage of salary increase with executive rank so that for the more senior executives, a greater proportion of their total cash compensation is contingent upon annual performance.

At the beginning of the performance year, each named executive officer, in conjunction with the Chief Executive Officer, establishes annual goals and objectives. Actual bonus awards are based on an assessment against the pre-established goals for each named executive officer's individual performance, the performance of the business function for which he is responsible, and/or our overall performance for the year. For any given performance year, proposed annual bonuses may range from 0% to 100% of target, or higher under certain circumstances, based on corporate and individual performance. Corporate and individual performance has a significant impact on the annual bonus amounts because the Committee believes it is a precise measure of how the named executive officer contributed to business results.

Fiscal 2008 Performance Measures and Payouts—In 2008, annual bonus targets were 30% of base salary for the named executive officers and were payable based on the Committee's subjective review of both the performance of NovaDel as well as individual performance. The Committee utilizes annual bonuses to compensate officers for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives will vary depending on the individual executive, but will relate generally to (i) operational goals such as the development of our product candidates and the identification and advancement of additional product candidates, (ii) strategic goals such as the establishment of operating plans and budgets, review of organization and staff, and (iii) the enhancement of stockholder value.

Edgar Filing: NOVADEL PHARMA INC - Form 10-K/A

At the end of each fiscal year, the Committee determines the level of achievement with respect to each corporate goal, and decides the overall percent of corporate goal achievement for purposes of annual bonuses. For this assessment, the Committee evaluates the status of NovaDel's development programs and clinical progress, corporate development and regulatory compliance activities. These qualitative factors are also typically used by comparable companies to evaluate performance and involve a subjective assessment of corporate performance by the Committee. Moreover, the Committee does not base its considerations on a single performance factor, but rather considers a mix of factors and evaluates company and individual performance against that mix. The Chief Executive Officer provides written evaluations for the named executive officers, other than himself, to the Committee along with his recommendations for each individual performance factor. The Committee reviews the performance and assessment of each named executive officer and then evaluates the Chief Executive Officer and assigns a weight to each individual achievement factor. The table below details fiscal 2008 annual bonus targets and actual payouts for our previous Chief Executive Officer, our Chief Operating Officer, our Chief Business Officer, and our Chief Financial Officer.

Name	Title	2008 Target Bonus		2008 Actual Bonus	
		Bonus (\$)	(% Salary)	Bonus (\$)	(% Salary)
Steven B. Ratoff ⁽¹⁾	Interim President and Chief Executive Officer	—	—	—	—
David H. Bergstrom, Ph.D.	Chief Operating Officer	\$90,000	30%	(2)	(2)
Deni M. Zodda, Ph.D. ⁽³⁾	Chief Business Officer	\$83,500	30%	—	—
Michael E. Spicer, CPA ⁽³⁾	Chief Financial Officer and Corporate Secretary	\$76,900	30%	—	—

1. Mr. Ratoff entered into a consulting arrangement with the Company in 2006, and is compensated under that arrangement at a rate of \$17,500 per month, plus reimbursement of reasonable expenses. Mr. Ratoff is not entitled to a bonus.
2. Dr. Bergstrom did not receive a fiscal 2008 annual bonus, however, Dr. Bergstrom did receive a one-time special cash bonus of \$50,000 in recognition of his individual efforts in 2008 in connection with the Company's research and development efforts and clinical activities including, but not limited to, the U.S. Food and Drug Administration's approval of the New Drug Application for Zolpimist™ (zolpidem tartrate) Oral Spray for the short-term treatment of insomnia.
3. On March 19, 2009, Michael E. Spicer notified our Board of his intention to resign as Chief Financial Officer and Corporate Secretary, effective April 1, 2009. There is no disagreement between us and Mr. Spicer concerning our policies, procedures and operations. Effective April 1, 2009, Deni Zodda began serving as our Interim Chief Financial Officer and Corporate Secretary and Joseph W. Warusz, a consultant, began serving as our principal accounting officer.

Change for Fiscal Year 2008 –As in 2008, annual bonuses for 2009, if any, will be based on achievement of pre-established company objectives and individual goals for each named executive officer and, for each named executive officer other than the Chief Executive Officer, a subjective review of that individual's performance. Corporate performance targets may include such measures as strategic plan metrics while individual performance targets may include operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified and documented at the beginning of each fiscal year. It is the Committee's intention to base a greater percentage of the annual award payout on corporate as opposed to individual performance for higher level executives, with 100% of the Chief Executive Officer's annual bonus tied to the attainment of corporate performance objectives.

For the 2009 fiscal year awards, the potential payout may range from 0 –100% of target, or higher under certain circumstances. The Committee has also retained the discretion to reduce the dollar amount of the awards otherwise payable to the named executive officers. Our objectives relating to development and clinical goals for 2009 include the following:

- pursuit of strategic partners for our NitroMist™ oral spray;
- pursuit of strategic partners for our Zolpimist™ oral spray; and
- continued development of the Company's technology and operating platform, and
- other strategic transactions that benefit the Company and its stockholders

The table below shows the dollar amount of the 2008 and 2009 annual target bonus for each named executive officer, together with percentage of base salary represented by that target:

- (1) Mr. Ratoff entered into a consulting arrangement with the Company in 2006, and is compensated under that arrangement at a rate of \$17,500 per month, plus reimbursement of reasonable expenses. Mr. Ratoff is not entitled to a bonus.
- (2) Mr. Spicer resigned from the Company effective April 1, 2009.

Mr. Steven B. Ratoff, the Company's Chairman of the Board, also serves as the Company's Interim President and Chief Executive Officer. Mr. Ratoff does not have an employment agreement with the Company in connection with his service as Interim President and Chief Executive Officer, and therefore does not receive a base salary or annual bonus. In connection with Mr. Ratoff's services as Chairman of the Board, the Board entered into a consulting arrangement to compensate Mr. Ratoff for his efforts in such position. Such arrangement is on a month-to-month basis. From September 15, 2006 until March 16, 2007, Mr. Ratoff was compensated at a rate of \$17,500 per month and reimbursement of reasonable expenses. From March 16, 2007 until June 6, 2007, his monthly rate was reduced to \$10,000 and reimbursement of reasonable expenses. Effective June 6, 2007, his monthly rate was increased to \$17,500. Mr. Ratoff will also receive compensation as a member of the Board. On July 25, 2007, Mr. Ratoff was appointed as Interim President and Chief Executive Officer of the Company, concurrent with the resignation with Dr. Jan Egberts.

Long-Term Incentive Equity Awards. In General - We believe that long-term performance is achieved through an ownership culture that encourages high performance by our named executive officers through the use of stock-based awards. Our equity plans have been established to provide our employees, including our named executive officers, with incentives to help align employees' interests with the interests of our stockholders. The Committee believes that the use of stock-based awards offers the best approach to achieving our compensation goals. We have historically elected to use stock options as the primary long-term equity incentive vehicle; however, the Committee has used restricted stock and may in the future utilize restricted stock as part of our long-term incentive program. We have expensed stock option grants under Statement of Financial Accounting Standards 123R, Share-Based Payment (SFAS 123R), since August 1, 2005. Due to the early stage of our business and our desire to preserve cash, we expect to provide a greater portion of total compensation to our named executive officers through stock options and restricted stock grants than through cash-based compensation.

Stock Options. Our stock plans authorize us to grant options to purchase shares of Common Stock to our employees, Directors and consultants. The Committee generally oversees the administration of our stock option plans. In 2008, the Committee delegated the authority to our Chief Executive Officer to make initial option grants to certain new employees within an approved range. All new employee grants in excess of the Chief Executive Officer's limit and any grant to a named executive officer are approved by the Committee. Stock options may be granted at the commencement of employment, annually, occasionally following a significant change in job responsibilities or to meet other objectives.

Edgar Filing: NOVADEL PHARMA INC - Form 10-K/A

The Committee reviews and approves stock option awards to named executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each named executive officer's existing long-term incentives, and retention considerations. Periodic stock option grants are made at the discretion of the Committee to eligible employees and, in appropriate circumstances, the Committee considers the recommendations of members of management, such as Steven B. Ratoff, our Interim President and Chief Executive Officer.

13

Edgar Filing: NOVADEL PHARMA INC - Form 10-K/A

In 2008, certain named executive officers were awarded stock options in the amounts included in the Grants of Plan-Based Awards table on page 18. Stock options granted by us have an exercise price equal to the fair market value of our Common Stock on the day of grant, typically vest annually over a three-year period or upon the achievement of certain performance-based milestones and are based upon continued employment, and generally expire ten (10) years after the date of grant. The fair value of the options granted to the named executive officers in the Summary Compensation Table on page 16, is determined in accordance with SFAS 123R. The Committee has also granted performance based options to certain of our named executive officers. Incentive stock options also include certain other terms necessary to ensure compliance with the Internal Revenue Code of 1986, as amended.

We expect to continue to use stock options as a long-term incentive vehicle because:

- Stock options align the interests of our named executive officers with those of our stockholders, supporting a pay-for performance culture, foster employee stock ownership, and focus the management team on increasing value for our stockholders.
- Stock options are performance-based. All of the value received by the recipient of a stock option is based on the growth of the stock price.
- Stock options help to provide a balance to the overall executive compensation program as base salary and annual bonuses focus on the short-term compensation, while the vesting of stock options increases stockholder value over the longer term.
- The vesting period of stock options encourages executive retention and the preservation of stockholder value. In determining the number of stock options to be granted to our named executive officers, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance and the value of stock options in relation to other elements of the individual named executive officer's total compensation.

Restricted Stock. Our 2006 Equity Incentive Plan authorizes us to grant restricted stock. As of December 31, 2008, we had granted 1.2 million shares of restricted stock to our Interim President and Chief Executive Officer, our three executive officers, and other non-executive employees of the Company. Of this amount, we granted 1.1 million shares of restricted stock on February 6, 2008 to our Interim President and Chief Executive Officer, our three executive officers, and other non-executive employees of the Company. In order to implement our long-term incentive goals, we anticipate that we may grant additional shares of restricted stock in the future.

Executive Benefits and Perquisites

Our named executive officers, who are parties to employment agreements, will continue to be parties to such employment agreements in their current form until the expiration of the employment agreement or until such time as the Committee determines in its discretion that revisions to such employment agreements are advisable. In addition, consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our named executive officers, including medical, dental and life insurance and the ability to contribute and receive a company match to a 401(k) plan; however, the Committee in its discretion may revise, amend or add to the officer's executive benefits if it deems it advisable. We believe these benefits are currently comparable to benefit levels for comparable companies. We have no current plans to change either the employment agreements (except as required by law or as required to clarify the benefits to which our named executive officers are entitled as set forth herein) or level of benefits.

Severance and Change in Control Arrangements

The specific terms of our severance and change in control arrangements are discussed in detail below under the headings Potential Payments Upon Termination or Change in Control on page 21 and Employment Agreements beginning on page 22. As a general matter, however, we believe that reasonable severance and change in control protection for our named executive officers is necessary in order for us to recruit and retain qualified executives.

Equity Grant Policy

All grants to our named executive officers are at the discretion of the Board, following review and input by the Committee.

14

IRC Section 162(m) compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended, the Code, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our named executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, our compensation program is designed to reward executives for the achievement of our performance objectives. The stock plan is designed in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, compensation attributable to awards granted under the plans may not be treated as qualified performance-based compensation under Section 162(m). In addition, the Committee considers it important to retain flexibility to design compensation programs that are in the best interests of NovaDel and its stockholders and, to this end, the Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limitations under Section 162(m) when the Committee believes that compensation is appropriate and in the best interests of NovaDel and our stockholders, after taking into consideration changing business conditions and performance of our employees.

Compensation Committee Interlocks and Insider Participation

For fiscal year end December 31, 2008, the members of the Compensation Committee were Mr. J. Jay Lobell, Mr. Mark J. Baric and Dr. Charles Nemeroff. None of these individuals was at any time during or at any other time an officer or employee of ours. Dr. Jan H. Egberts, our President and Chief Executive Officer through July 25, 2008, and Mr. Steven B. Ratoff, our Chairman of the Board, and our Interim President and Chief Executive Officer from July 25, 2008 through the current date, participated in discussions and decisions regarding salaries and incentive compensation for all of our named executive officers, except they were excluded from discussions regarding their own salary and incentive stock compensation.

Compensation Committee Report

The Compensation Committee evaluates and establishes compensation for the named executive officers, NovaDel's stock plans, and other management incentive, benefit and perquisite programs. Management has the primary responsibility for our financial statements, including the disclosure of executive compensation. With this in mind, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section beginning on page 8 of this Form 10-K/A. The Compensation Committee is satisfied that the Compensation Discussion and Analysis fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regard to executive compensation. The Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Form 10-K/A for filing with the Securities and Exchange Commission.

J. Jay Lobell, Chair
Mr. Mark J. Baric
Charles Nemeroff, M.D., Ph.D.

All stock options that are scheduled to vest by the end of the calendar year in which such termination occurs shall be accelerated and deemed to have vested as of the termination date. All stock options that have not vested (or been deemed pursuant to the immediately preceding sentence to have vested) as of the date of termination shall be deemed to have expired as of such date. Any stock options that have vested as of the date of Dr. Zodda's death (including the options described in the immediately preceding sentence) shall remain exercisable for a period of one hundred and eighty (180) days after the date of his death; in the event of a disability, any unexercised option may be exercised in whole or in part, within the first ninety (90) days after such termination of employment or service. If Dr. Zodda's employment is terminated by us for "Cause" or by Dr. Zodda other than for "Good Reason," we shall pay (i) base salary through the date of termination; (ii) all options that have not vested shall be deemed to have expired as of such date and; (iii) all rights to exercise any vested options shall terminate.

If Dr. Zodda is terminated by us (or our successor) upon a "Change of Control," we (or our successor, as applicable), upon receiving a copy of a release and separation agreement signed by Dr. Zodda, shall pay within ten (10) business days: (i) a lump sum equivalent to twelve (12) months of base salary, and (ii) a lump sum equivalent to the bonus, if any, that would otherwise have been due at the end of the calendar year in which such termination occurs; and (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all stock options that have not vested as of the date of such termination shall be accelerated and deemed to have vested. During the first year of Dr. Zodda's agreement, if he is terminated by us other than as a result of death or disability or Dr. Zodda terminates for "Good Reason," we shall pay: (i) base salary for a period of six (6) months following termination; and (ii) any accrued and unpaid bonus and expense reimbursement amounts through the date of termination. However, our obligation shall be reduced, by amounts otherwise actually earned by Dr. Zodda during the six (6) month period following termination. If Dr. Zodda is terminated during the second and third year of the agreement by us other than as a result of death or disability or Dr. Zodda terminates for "Good Reason," we shall pay: (i) base salary for a period of twelve (12) months following termination; and (ii) any accrued and unpaid bonus and expense reimbursement amounts through the date of termination. However, our obligation shall be reduced, by amounts otherwise actually earned by Dr. Zodda during the twelve (12) month period following termination.

The foregoing agreements also provide for certain non-competition and non-disclosure covenants on the part of such executive. However, with respect to the non-competition covenants, a court may determine not to enforce such provisions or only partially enforce such provisions. Additionally, each of the foregoing agreements provides for certain fringe benefits, such as inclusion in pension, profit sharing, stock option, savings, hospitalization and other benefit plans at such times as we may adopt them.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE.

Certain Relationships and Related Transactions

To the best of management's knowledge, other than (i) compensation for services as named executive officers and Directors or (ii) as set forth below, there were no material transactions, or series of similar transactions, or any currently proposed transactions, or series of similar transactions, to which we were or were to be a party, in which the amount involved exceeds \$120,000 during fiscal 2008, and in which any Director or named executive officer, or any security holder who is known by us to own of record or beneficially more than 5% of any class of the Common Stock, or any member of the immediate family of any of the foregoing persons, has an interest.

In May 2008, we completed the Initial Closing of the 2008 Financing with ProQuest Investments of \$1,475,000 convertible notes with a conversion price of \$.295 and warrants to purchase 3,000,000 shares of our Common Stock at an exercise price of \$.369. We received proceeds, net of offering costs, of approximately \$1,275,000 from the Initial Closing. In October 2008, we completed the Subsequent Closing of the 2008 Financing with ProQuest Investments of \$2,525,000 convertible notes with a conversion price of \$.235. We received proceeds, net of offering costs, of approximately \$2.5 million from the Subsequent Closing. As a result of the 2008 Financing and as of April 24, 2009, ProQuest Investments beneficially owns 38.1% of our total outstanding Common Stock. As such, ProQuest Investments may be deemed to be our affiliate. Mr. Steven B. Ratoff, our Interim President and Chief Executive Officer, has served as a venture partner with ProQuest Investments since December 2004, although he has no authority for investment decisions by ProQuest Investments.

With respect to the Subsequent Closing of the 2008 Financing, we agreed to file a registration statement with the SEC to register the resale of 17,978,724 shares of Common Stock issuable pursuant to the 2008 Financing, referred to herein as the Subsequent Registrable Shares, within 30 days of the related closing. Also, we agreed to respond to all SEC comment letters as promptly as reasonably possible and to use our best efforts to have the registration statement declared effective within 90 days of the related closing. However, we were unable to register 9,044,649 of the Subsequent Registrable Shares in accordance with the rules and regulations of the SEC. Therefore, we filed a registration statement with the SEC to register the resale of 8,934,075 of the Subsequent Registrable Shares issuable pursuant to the 2008 Financing. There is no guarantee that the SEC will declare the registration statement effective. In connection with our reduction of Subsequent Registrable Shares being registered on the registration statement, we have agreed with ProQuest Investments to pay, as partial liquidated damages, an amount equal to 1.0% of the aggregate purchase price paid by ProQuest Investments for the shares that we are not able to register for resale under the registration statement. Such liquidated damages equal \$12,703 for each 30-day period during which the shares remain unregistered, beginning on February 15, 2009 and ending on the date on which such subsequent registrable shares are registered. However, these payments may not exceed 10% of the aggregate purchase price paid by the purchasers, or \$127,030. The liquidated damages will be paid in the form of a non-convertible promissory note, which accrues interest at a rate of 10% per annum and all interest and principal will become due and payable upon the earlier to occur of (i) the maturity date, which is twelve months following the date of issuance or (ii) a change against certain liabilities, including liabilities under the Securities Act of 1933, incurred in connection with the offering.

Independence of Directors

The Board annually determines the independence of each Director based on a review by the Board and our Corporate Governance and Nominating Committee. The NYSE Amex LLC Corporate Governance Standards require that a majority of the Board be independent and that for a Director to qualify as independent, the Board must affirmatively determine that the Director has no material relationship with NovaDel, either directly or as a partner, shareholder or officer of an organization that has a relationship with us. In determining whether a material relationship exists, the Board and our Corporate Governance and Nominating Committee broadly consider all relevant facts and circumstances brought to their attention through the processes described below.

The NovaDel Corporate Governance Guidelines, adopted by the Board in September 2005 and amended in June 2006, are available on the Corporate Governance section of our website at www.novadel.com. The listing standards of NYSE Amex LLC generally provide that a Director will not be considered independent if:

- the Director is, or within the last three years, has been an employee of NovaDel, or an immediate family member of the Director is, or within the last three years has been, an executive officer of NovaDel;
- the Director, or an immediate family member of the Director, has received more than \$120,000 in any 12-month period in the last three years in direct compensation from NovaDel, other than Director fees, compensation paid to an immediate family member who is an employee (other than an executive officer) of the company, compensation received for former service as an interim executive officer (provided the interim employment did not last longer than one year) or benefits under a tax-qualified retirement plan, or non-discretionary compensation;
- a Director who is, or has an immediate family member who is, a current partner or employee of our independent public registered accounting firm, or was a partner or employee of our independent registered public accounting firm who worked on our audit at any time during any of the past three years;
- the Director, or an immediate family member of the Director is, or in the last three years has been, employed as an executive officer of another company where any of NovaDel's present executives serve on that company's compensation committee; or
- a Director who is, or has an immediate family member who is, an employee of any organization to which the company made or from which the company received, payments that exceed the greater of 2% or \$1 million of such organization's consolidated gross revenues in any of the most recent three fiscal years.

Pursuant to the Corporate Governance Guidelines and the NYSE Amex LLC rules, the Board reviewed the independence of each of our Directors in March 2008, taking into account potential conflicts of interest, transactions or other relationships that would reasonably be expected to compromise any of our Directors' independence. In performing this review, the Board, together with our Corporate Governance and Nominating Committee, reviewed the responses received from each Director to a questionnaire inquiring about, among other things, their relationships with us.

As a result of this review, the Board, based on the recommendation of the Corporate Governance and Nominating Committee, affirmatively determined that all of our Directors are independent of NovaDel and management under the standards set forth in the listing standards of the NYSE Amex LLC, with the exception of our Chairman, Mr. Steven B. Ratoff, who is not independent because of his consulting arrangement with NovaDel and his current role as our Interim President and Chief Executive Officer.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, unless a type of service to be provided by our independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee periodically will revise the list of pre-approved services, based on subsequent determinations. The Audit Committee delegates pre-approval authority to its chairperson and may delegate such authority to one or more of its members, whose activities are reported to the Audit Committee at each regularly scheduled meeting.
