BUHRMANN ANNOUNCES RESTRUCTURING PLAN AND AMENDS CREDIT AGREEMENT.

Further reorganisation initiatives will result in cost reductions of around EUR 30 million in 2003 and annualised savings of about EUR 60 million going forward.

An extraordinary charge of EUR 85 million in total after tax will be taken in the fourth quarter of 2002 which includes a reorganisation, as well as write-offs on IT investments and distribution facilities.

Bank credit terms have been amended, providing for more financial flexibility.

Restructuring

As announced on 7 October 2002, Buhmann has identified further streamlining opportunities. We will be implementing reorganisation measures that will lead to a cost reduction of around EUR 30 million in 2003 and annual cost savings of about EUR 60 million as of 2004. The restructuring amounts to EUR 115 million before tax, of which EUR 65 million is in the form of a reorganisation cash outlay and EUR 50 million is in the form of non-cash write-offs. This results in an extraordinary charge of EUR 85 million in total after tax in the fourth quarter of 2002.

Following the successful introduction of a new generation e-Commerce system and the introduction of a new integrated single operating system in the USA, some other e-Business applications that have been developed will not be used. This now leads to the early write-off of redundant IT assets. At the same time the completion of the new centralised IT systems supports our efforts to implement consistent organisational best practices throughout North America including the elimination of certain duplicate activities. This reorganisation provides an opportunity to further improve the service to our customers. In Europe we will improve capacity utilisation of warehouses by consolidating a number of distribution facilities.

Further rationalisations allow for a reduction in back-office and support functions without affecting the organisation's distribution capabilities, while the expansion of the sales force will continue. The reorganisation will lead to a reduction in headcount of 1,100 in total. As the information and consultation procedures with employees and their representatives in various countries will begin in the coming weeks, no further details can be given at this time.

Financing (Credit Agreement)

Buhmann has negotiated a revision of the terms of its Senior Credit Facility to ensure more financial flexibility. Amongst other things, the agreed consolidated leverage ratios and consolidated net

cash interest coverage ratios have been adjusted in view of the experienced lower level of operating profit on a twelve months rolling basis (also see the attached briefing note).

The interest margin as laid down in the pricing grid has been increased by 0.5%. In combination with fees paid upfront which will be amortised over the remaining duration of the facility, it is expected that this leads to an increase in annual financing costs in the order of EUR 6 million to EUR 7 million (assuming no change in the debt level).

As a part of the agreement any optional dividend over 2002 will be paid out entirely in shares. The 2002 dividend proposal will be announced on 13 February 2003 with the publication of the full year results.

As stated in the company's third quarter earnings report, implemented restructurings and cost reduction efforts as well as continued stringent working capital management in all divisions will contribute to a positive available cash flow in the fourth quarter of this year.

Edgar Filing: BUHRMANN NV - Form 6-K

Consequently, total interest-bearing debt at the end of the fourth quarter will further decrease compared to the level at the end of the third quarter of this year.

Briefing Note

Buhrmann NV

Senior Credit Facility Revised Financial Covenant Schedule

Below you find the most relevant **revised** financial ratios specified:

Edgar Filing: BUHRMANN NV - Form 6-K

Period	Leverage Ratio		Interest Coverage Ratio	
	Old	New	Old	New
4Q2002	4.50 x	4.50 x	2.50 x	2.45 x
1Q2003	4.25 x	4.50 x	2.75 x	2.25 x
2Q2003	4.25 x	4.75 x	2.75 x	2.15 x
3Q2003	4.00 x	4.75 x	2.75 x	2.20 x
4Q2003	3.75 x	4.60 x	3.00 x	2.20 x

Notes:

1. The leveraged ratio is defined as Interest Bearing Debt divided by (adjusted) Consolidated EBITDA and the Interest Coverage Ratio as Consolidated EBITDA divided by Consolidated Interest Expense.
2. The definitions of terms (like EBITDA) in the Credit Facility are different from Buhrmann's external reporting definitions. Therefore the numbers used for calculating these ratios may differ (materially) from the numbers in our external reporting.
3. The ratios are calculated on four quarters rolling consolidated figures.
4. Ratios take into account the additional spending which is needed to achieve structural cost savings.
5. The Ratios for the period after 4Q2003 are equal to the original agreement.
6. Buhrmann's credit ratings, the movements in shareholders' equity, or non-cash items in the profit & loss account such as amortisation (impairment), or depreciation charges have no impact on the Credit Facility.
