## INDEPENDENT AUDITORS' REPORT

Benefits Administration Committee  
Beazer Homes USA, Inc. 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Beazer Homes USA, Inc. 401(k) Plan (the "Plan") as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001 and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules of (1) Assets Held for Investment Purposes as of December 31, 2002 and (2) Reportable Transactions for the year ended December 31, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

The Plan is a savings and investment plan covering eligible employees of Beazer Homes USA, Inc. and subsidiaries (the "Company"). Sharing Plan participants. Beazer Homes Investment Corp. is a wholly owned subsidiary of the Company.

*Eligibility* All employees who have attained 21 years of age are eligible to participate in the Plan on the first day of the month following the completion of 30 days of service.

*Contributions* Contributions to the Plan come from salary deferral contributions, employer matching contributions, employer discretionary contributions, and rollovers from other plans. Each participant can elect to make a salary deferral contribution of 1% to 80% of annual compensation on a pre-tax basis, up to a maximum of \$11,000 (\$12,000 for participants who are at least 50 years old) for 2002 and \$10,500 for 2001. In addition, the Company has historically made employer matching contributions equal to 50% of the first 6% of annual earnings contributed by the employees.

The Company may elect, at the discretion of the Board of Directors, to make an additional discretionary contribution. The Company did not elect to make such a contribution for 2002 or 2001.

*Participant Accounts* Participant accounts are credited with participant and Company contributions and an allocation of the Plan's earning and losses.

Gains and losses on plan investments are allocated between all participants' accounts in the same proportion that each participant's account bears to the total of all participants' accounts within specified investment funds.

INVESCO Retirement, Inc. serves as the recordkeeper for the Plan.

Each participant may direct the investment of his or her account (other than the discretionary contributions and the company matching contribution) to one or more funds. The prospectus for each fund describes the fund's investment objectives.

Completed Years of Service	Percentage Vested
Less than two years	0%
Two, but less than three years	25%
Three, but less than four years	50%
Four, but less than five years	75%

Amounts forfeited upon termination are used to reduce future employer contributions.

The salary deferral contributions are fully vested and non-forfeitable at all times.

*Distributions* Upon normal retirement, permanent disability, death or termination of employment the employee or his or her designated beneficiary will receive his or her interest in the Plan in the form of either a lump-sum payment or an annuity.

*Loans and Withdrawals* A participant may request a loan equal to part or all of the value of his or her salary deferral contributions and employer matching contributions subject to a minimum of \$1,000, but not to exceed the lesser of (1) one-half of the participant's vested percentage of his account or (2) \$50,000. Such loans bear interest at a fixed rate for the term of the loan, based on the prime rate plus 1% (5.25% and 6% at December 31, 2002 and 2001, respectively). The loan balance is collateralized by the participant's account. Upon retirement or termination of the employee, distributions are made net of the outstanding loan balance. The notes are repaid through salary withholdings over periods ranging from 1 to 5 years.

*Administrative Expenses* All administrative costs and expenses are paid by the Company, with the exception of a \$20 record keeping charge per participant per year, and miscellaneous charges for loans and distributions.

## 2. Summary of Significant Accounting Policies

## Edgar Filing: BEAZER HOMES USA INC - Form 11-K

*Basis of Accounting* The accompanying financial statements have been prepared on the accrual basis of accounting.

*Investments* Investments in funds are stated at fair market value. Fair value of investments is determined by quoted market prices in an active market. The Plan's investments held in mutual funds are carried at fair value. The Plan's investments in investment contracts are carried at fair value. Net appreciation or depreciation in the fair value of investments represents the change in fair value during the year, including realized gains and losses on investments sold during the period. The fair value of participant loans represent the original loan amount adjusted for all principal payments made during the period.

*Use of Estimates* The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

6

*Reclassifications* Certain items in prior period financial statements have been reclassified to conform to the current presentation.
