PROXY STATEMENT

GENERAL INFORMATION

We are sending you this proxy statement on or about January 20, 2004 in connection with the solicitation of proxies by our board of directors. The proxies are for use at our 2004 annual meeting of stockholders, which we will hold at 10:00 a.m. on Thursday, February 26, 2004, at the Westin Pasadena, 191 North Los Robles Avenue, Pasadena, California 91101. The proxies will remain valid for use at any meetings held upon adjournment of that meeting. The record date for the meeting is the close of business on December 29, 2003. All holders of record of our

Edgar Filing: TETRA TECH INC - Form DEF 14A

common stock on the record date are entitled to notice of the meeting and to vote at the meeting and any meetings held upon adjournment of that meeting. Our principal executive offices are located at 3475 East Foothill Boulevard, Pasadena, California 91107, and our telephone number is (626) 351-4664.

A proxy form is enclosed. Whether or not you plan to attend the meeting in person, please date, sign and return the enclosed proxy as promptly as possible, in the postage prepaid envelope provided, to ensure that your shares will be voted at the meeting. You may revoke your proxy at any time prior to its use by filing with our secretary an instrument revoking it or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Unless you instruct otherwise, your proxy, if not revoked, will be voted at the meeting:

Proposal No.1 for our board's slate of nominees;

Proposal No. 2 to approve the proposed amendment to the Tetra Tech, Inc. Employee Stock Purchase Plan to increase by 1,000,000 the number of shares of common stock available for issuance to our employees under the plan;

Proposal No. 3 to ratify the appointment of PricewaterhouseCoopers LLP as our independent auditors; and

As recommended by our board with regard to all other matters, in its discretion.

Our only voting securities are the outstanding shares of our common stock. At the record date, we had 54,453,130 shares of common stock outstanding and 2,842 stockholders of record. For each share of common stock you hold on the record date, you are entitled to one vote on all matters that we will consider at this meeting. You are not entitled to cumulate your votes. If the stockholders of record present in person or represented by their proxies at the meeting hold at least a majority of our outstanding shares of common stock, a quorum will exist for the transaction of business at the meeting. If such stockholders hold less than a majority, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum. Stockholders of record who abstain from voting, including brokers holding their customers' shares who cause abstentions to be recorded, are counted as present for quorum purposes.

Brokers holding shares of record for their customers generally are not entitled to vote on some matters unless their customers give them specific voting instructions. If the broker does not receive specific instructions, the broker will note this on the proxy form or otherwise advise us that it lacks voting authority. The votes that the brokers would have cast if their customers had given them specific instructions are commonly called "broker non-votes." Broker non-votes are not counted as votes cast. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

The voting requirements for the proposals we will consider at the meeting are:

Proposal No. 1. The eight nominees who receive the highest number of affirmative votes will be elected. Votes against a candidate and votes withheld from voting for a candidate will have no effect on the election.

Proposal Nos. 2 and 3. These proposals require the affirmative vote of a majority of the shares of our common stock present in person or represented by proxy at the meeting and entitled to vote. Uninstructed shares are not entitled to vote on this matter and, therefore, broker non-votes do not affect the outcome. Abstentions have the effect of negative votes.

We will pay for the cost of preparing, assembling, printing and mailing this proxy statement and the accompanying form of proxy to our stockholders, as well as the cost of soliciting proxies relating to the meeting. We have retained the services of Georgeson Shareholder Communications Inc. to assist in obtaining proxies from brokers and nominees of stockholders for the meeting. The estimated cost of such services is \$7,500 plus out-of-pocket expenses. In addition, we may request banks and brokers to solicit their customers who beneficially own our common stock listed of record in names of nominees. We will reimburse these banks and brokers for their reasonable out-of-pocket expenses regarding these solicitations. Our officers, directors and employees may supplement the original solicitation by mail of proxies, by telephone, facsimile, e-mail and personal solicitations. We will pay no additional compensation to our officers, directors and employees for these activities.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

At the meeting, you will elect eight directors to serve for a term of office of the coming year or until their respective successors are elected and qualified. Upon the recommendation of our Nominating and Corporate Governance Committee, our board has nominated Li-San Hwang, James M. Jaska, J. Christopher Lewis, Patrick C. Haden, James J. Shelton, Daniel A. Whalen, Hugh M. Grant and Richard H. Truly for election as directors. Each nominee is a member of our board, has consented to being named in this proxy statement as a nominee for election as a director and has agreed to serve as a director if elected.

The persons named as proxies in the accompanying form of proxy have advised us that they intend to vote the shares covered by the proxies for the election of the nominees named above. If any one or more of such nominees are unable to serve, or for good cause will not serve, the persons named as proxies may vote for the election of such substitute nominees that our board may propose. The accompanying form of proxy contains a discretionary grant of authority with respect to this matter. The persons named as proxies in the accompanying form of proxy may not vote for a greater number of persons than the number of nominees named above.

No arrangement or understanding exists between any nominee and any other person or persons pursuant to which any nominee was or is to be selected as a director or nominee. The nominees do not have any family relationship among themselves or with any of our executive officers.

Board Committees and Meetings

Our board of directors held six meetings during fiscal 2003. Each of our directors attended or participated in more than 75% of the aggregate of the total number of meetings of the board and the total number of meetings held by all committees of the board on which each such director served (during the period within which each was a director or member of such committee) during fiscal 2003. Our board has determined that Messrs. Lewis, Haden, Shelton, Grant and Truly, who represent a majority of the members of our board, are "independent directors" as defined in the Marketplace Rules of the National Association of Securities Dealers, Inc.

We have three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. The current members of the committees are identified in the following table.

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
J. Christopher Lewis	Chairman	Chairman	X

Edgar Filing: TETRA TECH INC - Form DEF 14A

Director	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Patrick C. Haden	X	X	Chairman
James J. Shelton		X	X
Hugh M. Grant	X	X	X
Richard H. Truly		X	X

Our board established our Audit Committee, which, among other things, is responsible for reviewing our accounting and financial reporting process and major issues regarding accounting and auditing principles and practices, our financial statements and financial statement audits, the adequacy of our internal controls, and selecting and reviewing the performance of our independent auditor. Our Audit Committee operates under a written charter that was amended in March 2003. A copy of the Audit Committee Charter is attached hereto as Appendix A. This committee held eight meetings during the last fiscal year, and its members were Messrs. Lewis, Haden, Shelton and Grant. Our board has determined that Mr. Grant is an "audit committee financial expert" as defined in Item 401(h) of Regulation S-K. Mr. Grant and each of the other members of this Committee is an "independent director" as defined in the Marketplace Rules of the National Association of Securities Dealers, Inc.

Our Compensation Committee reviews the performance of our chief executive officer and other executives, establishes the compensation of our chief executive officer and establishes the compensation levels of our other executive officers based, in part, on our chief executive officer's recommendations. The Committee's goal is to ensure that the compensation system for our executives is aligned with the long-term interest of our stockholders. Toward that end, the Compensation Committee oversees our equity plans, including our 2002 Stock Option Plan. This Committee held two meetings during the last fiscal year, and its members were Messrs. Lewis and Haden. Each of the members of the Compensation Committee is an "independent director" as defined in the Marketplace Rules of the National Association of Securities Dealers, Inc., and an "outside director" as defined in Section 162(m) of the Internal Revenue Code.

Our Nominating and Corporate Governance Committee is responsible for recommending to the full board candidates for election to the Board of Directors, making recommendations to the board regarding the membership of the committees of the board, and reviewing and making recommendations to the board regarding our governance processes and procedures. This Committee held one meeting during the last fiscal year, and its members were Messrs. Lewis and Haden. Each member of this Committee is an "independent director" as defined in the Marketplace Rules of the National Association of Securities Dealers, Inc.

5

Our Nominating and Corporate Governance Committee will consider nominees for election as director recommended by stockholders. According to our Corporate Governance Principles, candidates for director will be selected for their character, judgment, business experience and acumen. Expertise, prior government service and familiarity with national issues affecting our business are among the relevant criteria. Our Nominating and Corporate Governance Committee Charter, which can be found on our corporate website at www.tetratech.com, addresses our director nominations process and such related matters as may be required under federal securities laws. This Committee will conduct any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of the board, and recommend nominees for approval by the board and the stockholders. To date, we have not paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, we have not rejected a timely director nominee from a stockholder or stockholders holding more than 5% of our voting stock. To recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration, stockholders should submit the candidate's name and qualifications to our Secretary in writing at the following address: Tetra Tech, Inc., Attn: Secretary, 3475 East Foothill Boulevard, Pasadena, California 91107, with a copy to Tetra Tech, Inc., Attn: General Counsel at the same address.

Director Compensation

During fiscal 2003, each director who was not an employee received (i) an annual retainer fee of \$35,000 (or \$26,250 in the case of Admiral Truly who became a director in April 2003), (ii) a fee of \$2,000 per board meeting attended; and (iii) a fee of \$1,000 per committee meeting attended.

In addition, under our 2003 Outside Director Stock Option Plan, each of Messrs. Lewis, Haden, Shelton, Whalen and Grant received an annual grant of an option to purchase 8,000 shares of our common stock on March 1, 2003. The exercise price of each option was \$13.16 per share, the fair market value on the date of grant. Each option vests and becomes exercisable in full on March 1, 2004 if the director has not

Edgar Filing: TETRA TECH INC - Form DEF 14A

ceased to be a director prior to such date. In addition, Mr. Grant and Admiral Truly each received an appointment grant of an option to purchase 2,500 shares of our common stock on February 1, 2003 and August 1, 2003, respectively, at exercise prices of \$12.85 and \$15.70 per share, respectively, the fair market value on the date of grant. These options vest on the first anniversary of the grant date if the director has not ceased to be a director prior to such date. Shares underlying the options granted under the 2003 Outside Director Stock Option Plan vest immediately in full upon certain changes in our control or ownership or upon the optionee's death, disability or retirement while a member of the board.

Directors who are also employees are eligible to receive options under our 2002 Stock Option Plan and to participate in our Employee Stock Purchase Plan, 401(k) retirement plan and bonus program.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee was at any time during fiscal year 2003 or at any other time one of our officers or employees, and no member of this Committee had any relationship with us requiring disclosure under Item 404 of Regulation S-K.

None of our executive officers has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of our board or our Compensation Committee during fiscal year 2003.

Recommendation

Our Board believes that the election of each of the nominees is in our best interests and the best interests of our stockholders and unanimously recommends a vote "FOR" the election of each of the nominees. Your proxies will be voted for the slate of nominees unless you specifically indicate otherwise.

All options are incentive stock options granted under our 2002 Stock Option Plan. These options become exercisable as to 25% of the shares on the first anniversary of the grant date, and as to the balance in 36 equal monthly installments following such first anniversary date. All of the options will immediately become exercisable for all shares in the event we are acquired in a merger or asset sale, unless the options are assumed by the acquiring entity.

- (2) The exercise price may be paid in cash or in shares of common stock valued at fair market value on the exercise date or may be paid with the proceeds from a same-day sale of the purchased shares.
- (3) Potential realizable value is determined by multiplying the exercise or base price per share by the stated annual appreciation rate compounded annually for the term of the option (10 years), subtracting the exercise or base price per share from the product, and multiplying the remainder by the number of options granted. Actual gains, if any, on stock option exercises and common stock holdings are dependent on the future performance of our common stock and overall stock market conditions. There can be no assurance that the amounts reflected in this table will be achieved.

14

The following table sets forth information concerning the aggregate number of options exercised by, and year-end option values for, each of the named executive officers during fiscal 2003:

OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR END OPTION VALUES

Name	Number of Shares Acquired on Exercise	Value Realized\$(1)	Number of Unexercised Options at September 28, 2003	Value of Unexercised In-the-Money Options at September 28, 2003

James T. Haney	0	0	11,875/34,625	0/28,520

- (1) Value realized upon exercise is determined by subtracting the exercise price from the closing price for our common stock on the date of exercise as reported by the Nasdaq National Market and multiplying the remainder by the number of shares of common stock exercised.
- (2) Year end value is determined by subtracting the exercise price from the fair market value of \$19.97 per share (the closing price for our common stock as reported by the Nasdaq National Market on September 26, 2003) and multiplying the remainder by the number of underlying shares of common stock. These values have not been, and may never be, realized. No stock appreciation rights were exercised during the fiscal year, and no stock appreciation rights were outstanding at the end of the fiscal year.

In the event of a merger, share exchange or reorganization in which we do not survive, or we survive as a subsidiary of another corporation, each outstanding option under our 2002 Stock Option Plan and 1992 Incentive Stock Plan will be assumed or an equivalent option substituted by the successor corporation. If the successor corporation refuses to assume or substitute for the option, the option holder will fully vest in and have the right to exercise the option as to all shares purchasable thereunder, including shares that would not otherwise be vested or exercisable.

2002 Stock Option Plan

The 2002 Stock Option Plan was adopted by our board on December 18, 2001 and approved by our stockholders at the 2002 annual meeting. The plan provides for the grant of incentive stock and nonqualified stock options to our key employees and officers, including directors who are also our key employees or officers. The maximum number of shares of common stock authorized for issuance under this plan is 4,000,000. As of December 15, 2003, 2,083,493 shares were subject to outstanding options granted under this plan, 19,322 shares have been issued upon the exercise of options granted under this plan, and 1,897,185 shares were available for future option grants.

15

1992 Incentive Stock Plan

The 1992 Incentive Stock Plan was adopted by our board on December 1, 1992 and subsequently approved by our stockholders. This plan terminated in December 2002 and no further options may be granted thereunder. As of December 15, 2003, 2,695,142 shares were subject to outstanding options granted under this plan.

Employee Stock Purchase Plan

The Employee Stock Purchase Plan was adopted by our board on November 15, 1995 and subsequently approved by our stockholders. As described in Proposal 2, the plan provides for the granting of purchase rights to purchase our common stock to our regular full-time and regular part-time employees and officers, including directors who are also employees or officers. The maximum number of shares of common stock authorized by the stockholders for issuance under this plan is 1,373,290. As of December 15, 2003, 1,111,050 shares had been issued and 262,240 shares were available for issuance under this plan. As described in Proposal 2, we are seeking approval of an amendment adopted by our board on November 17, 2003 to increase by 1,000,000 the number of shares of common stock available for issuance to our employees under the plan.

Executive Medical Reimbursement Plan

Our Executive Medical Reimbursement Plan, which was established by our predecessor in 1975 for the benefit of our executive officers, reimburses participants, their spouses and covered children for medical expenses not covered by our regular group medical plan. In effect, our medical plan provides participants with 100% medical coverage for all allowable medical expenses. At the present time, Dr. Hwang and one former officer are the only individuals covered by the medical plan, and we do not intend to offer the medical plan to any additional executive officers in the future.

REPORT OF THE COMPENSATION COMMITTEE REGARDING COMPENSATION

The information contained in this report shall not be deemed to be "soliciting material" or "filed" or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Compensation Committee Responsibilities

The Compensation Committee of Tetra Tech, Inc. (the "Company") has the following responsibilities:

Overseeing the Company's general compensation philosophy and objectives;

Edgar Filing: TETRA TECH INC - Form DEF 14A

Evaluating the performance of the Company's chief executive officer and other executive officers;

Establishing the compensation of the Company's chief executive officer;

Establishing the compensation levels for the Company's other executive officers based, in part, on the chief executive officer's recommendations; and

Overseeing the Company's stock incentive plans.

Compensation Policy and Programs

The Compensation Committee's responsibility is to provide a strong and direct link among stockholder values, the Company's financial performance and its executives' compensation through their oversight of the design and implementation of a sound compensation program that will attract and retain highly qualified personnel. Compensation programs are intended to complement the Company's short- and long-term business objectives and to focus executive efforts on the fulfillment of these objectives.

Each year the Committee conducts a review of the Company's executive compensation program. Periodically, the Committee establishes target levels of compensation for the executive officers consistent with that of companies comparable in size and complexity, as well as companies that are direct business competitors. After their review of data relating to all aspects of compensation paid by such groups of companies, actual compensation of the executive officers is subject to increase or decrease by the Committee from targeted levels according to the Company's overall performance and the individual's efforts and contributions. A significant portion of executive compensation is directly related to the Company's financial performance and is therefore at risk. Total compensation for the Company's senior management is composed of base salary, near-term incentive compensation in the form of bonuses and long-term incentive compensation in the form of stock options. The Committee retains the discretion to adjust certain items of compensation so long as total compensation reflects overall corporate performance, individual achievement and relative responsibility.

Base Salary

In establishing base salary levels for executive officer positions, the Committee considers levels of compensation at similarly situated companies and at direct competitors, levels of responsibility and internal issues of consistency and fairness. In determining the base salary of a particular executive, the Committee considers individual performance, including the accomplishment of short- and long-term objectives, and various subjective criteria including initiative, contribution to overall corporate

17

performance and leadership ability. The Committee also considers the recommendations of the chief executive officer as to the other executive officers.

In fiscal 2003, the Committee determined the annual base salary of Dr. Li-San Hwang, the chief executive officer, based upon:

Comparable chief executive salaries of a peer group of companies and of direct competitors;

The Company's overall performance and profitability in fiscal 2002; and

Dr. Hwang's efforts and contributions to the Company.

Bonuses

To reinforce the attainment of the Company's goals, the Committee believes that a substantial portion of the annual compensation of each executive officer should be in the form of variable incentive pay. The Company's executive officers are eligible for annual bonuses based upon

Edgar Filing: TETRA TECH INC - Form DEF 14A

recommendations made by the chief executive officer (as to the other executive officers) and the Compensation Committee (as to the chief executive officer) based upon their individual performance and the Company's achievement of certain operating results.

Amounts of individual awards are based principally upon the results of the Company's financial performance during the prior fiscal year. The actual amount awarded is determined principally by the Committee's and the chief executive officer's assessment of the individual's contribution to the Company's overall financial performance. Consideration is also given to factors such as the individual's successful completion of a special project, any significant increase or decrease in the level of the participant's executive responsibility, and the Committee's and the chief executive officer's evaluation of the individual's overall efforts and ability to discharge the responsibilities of his or her position.

The Committee typically awards bonuses to the executive officers each December for their contributions to the Company's performance in the prior fiscal year. In December 2003, cash bonuses related to performance in fiscal 2003 paid to the five named executive officers ranged from \$43,000 to \$160,000 and ranged from 17% to 52% of such officer's base salaries.

Stock Options

The goal of the Company's equity-based incentive awards is to align the interests of executive officers with stockholders and to provide each executive officer with a significant incentive to manage from the perspective of an owner with an equity stake in the business. The Committee sets guidelines for the number and terms of stock option awards based on factors similar to those considered in connection with other components of the Company's compensation program, including a comparison with the practices of the Company's peer group companies and direct competitors. The Committee reviews the size of the stock option awards according to each executive's position and sets a level it considers appropriate to create a meaningful opportunity for reward predicated on increasing stockholder value. In addition, the Committee takes into account an individual's performance history, his or her potential for future responsibility and promotion, and competitive total compensation targets for the individual's position and level of contribution. The relative weight given to each of these factors varies among individuals at the Committee's discretion. If the Company's performance is unsatisfactory, the Committee may decide not to award stock options in any given fiscal year, although exceptions to this policy may be made for individuals who have assumed substantially greater responsibilities and other similar factors.

During fiscal 2002, the Committee made option grants to the Company's executives under the 2002 Stock Option Plan. Each stock option grant allows the executive officer to acquire shares of the common stock at a fixed price per share (the market price on the grant date) over a specified period of

18

time. Generally, stock options become exercisable as to 25% of the shares covered thereby on the first anniversary of the grant date and as to the balance in 36 cumulative monthly installments following such first anniversary date, contingent upon the executive officer's continued employment with the Company. The individual forfeits any installment that has not vested during the period of his or her employment. Accordingly, the option grants will provide a return only if the executive officer remains with the Company and only if the market price appreciates over the option term.

The Committee typically awards stock options to the executive officers each December for their contributions to the Company's performance in the prior fiscal year. In December 2003, the Committee awarded stock options covering an aggregate of 145,000 shares under the 2002 Stock Option Plan to the five named executive officers.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code disallows a Federal income tax deduction to publicly held companies for certain compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1,000,000 per covered officer in any fiscal year. The limitation applies only to compensation that is not considered performance-based under the Section 162(m) rules. It is the current policy of the Committee to maximize, to the extent reasonably possible, the Company's ability to obtain a corporate tax deduction for compensation paid to the Company's executive officers to the extent consistent with the Company's best interests and those of its stockholders.

STOCK PERFORMANCE GRAPH

The following graph shows a comparison of our cumulative total returns with those of the Nasdaq Stock Market (U.S. Companies) Index and our self-constructed Peer Group Index (as defined below). The graph assumes that the value of an investment in our common stock and in each such index was \$100 on October 2, 1998, and that all dividends have been reinvested. No cash dividends have been declared on shares of our common stock. Our self-constructed Peer Group Index includes the following companies: Foster Wheeler Inc., Jacobs Engineering Group Inc., Mastec, Inc., TRC Companies, Inc., URS Corporation and Wireless Facilities, Inc. We believe that the companies included in the Peer Group Index are among our primary competitors.

The comparison in the graph below is based on historical data and is not intended to forecast the possible future performance of our common stock.

PROPOSAL NO. 2
APPROVAL OF THE AMENDMENT TO THE EMPLOYEE STOCK PURCHASE PLAN

We are seeking stockholder approval of an amendment to our Employee Stock Purchase Plan ("ESPP") to increase the maximum number of shares of common stock authorized for issuance over the term of the ESPP by 1,000,000 shares.

The ESPP offers eligible employees the opportunity to acquire a stock ownership interest in us through period payroll deductions that will be applied towards the purchase of our common stock at a discount from the then current market price. The purpose of the amendment is to ensure that we will have a sufficient reserve of common stock available under the ESPP to provide eligible employees with the continuing opportunity to acquire a proprietary interest in us through participation in a payroll deduction-based employee stock purchase plan.

The ESPP was adopted by our board on November 15, 1995 and approved by our stockholders in February 1996. Initially, 1,373,290 shares (as adjusted for subsequent stock splits) were authorized to be issued under the ESPP. As of December 15, 2003, employees had purchased 1,111,050 shares of our common stock under the ESPP. At that date, approximately 5,636 employees were eligible to participate in the ESPP, including 13 executive officers.

Edgar Filing: TETRA TECH INC - Form DEF 14A

The following is a brief summary of the principal features of the ESPP. The summary is qualified by and subject to the full text of the ESPP, as proposed to be amended, which is attached to this proxy statement as Appendix B and incorporated by reference into this proxy statement.

Summary

The ESPP provides for the granting of purchase rights ("Purchase Rights") to purchase common stock to our (and our subsidiaries') employees and officers, including directors who are also employees or officers. Under the ESPP, shares of common stock are issued upon the exercise of Purchase Rights. The ESPP is administered by the Compensation Committee, which has the authority to prescribe rules and procedures relating to the ESPP, and to take all other actions necessary or appropriate for the administration of the ESPP.

The classes of employees who are eligible to participate in the ESPP are regular full-time employees and regular part-time employees who are regularly scheduled to work more than 20 hours per week and who have completed three or more months of employment.

Each Purchase Right lasts for a period of 52 weeks ("Purchase Right Period"). The Compensation Committee may elect to suspend and/or recommence the ESPP at any time following the end of a Purchase Right Period. Prior to the beginning of each Purchase Right Period, employees may elect to contribute amounts to the ESPP during that Purchase Right Period to purchase common stock. Employees can only commence participation in the ESPP on the first day of a Purchase Right Period.

The maximum amount that an employee can contribute during a Purchase Right Period is \$5,000, and the minimum contribution per payroll period is \$25. The amount that an employee elects to contribute during a Purchase Right Period is fixed, and cannot be increased or decreased during the Purchase Right Period, although the employee may elect to stop contributing to the ESPP at any time. Except to the extent that the employee makes a lump sum contribution at the beginning of the Purchase Right Period, the amount that the employee elects to contribute is withdrawn from the employee's salary in equal amounts over the entire Purchase Right Period.

Under the ESPP, the exercise price of a Purchase Right is the lesser of 100% of the fair market value of such shares on the first day of the Purchase Right Period or 85% of the fair market value on the last day of the Purchase Right Period. For this purpose, the fair market value of the common stock is its closing price as reported on the Nasdaq National Market on the day in question. The employees'

22

contributions to the ESPP are automatically used to purchase common stock on the last day of the Purchase Right Period, unless they elect to withdraw from the ESPP prior to that date.

Employees whose employment is terminated for any reason forfeit their right to purchase common stock at the end of the Purchase Right Period, but receive a refund of all of their contributions. Employees who elect to suspend their contributions can elect either to withdraw their contributions or leave those amounts in the ESPP to be used to purchase common stock at the end of the Purchase Right Period. No interest is credited on any amounts contributed to the ESPP.

In the event we cease to be an independent publicly-owned corporation, or there is a sale or other disposition of all or substantially all of our assets, all Purchase Rights shall be automatically exercised immediately preceding such an event. If our outstanding shares of common stock are increased, decreased or exchanged for different securities, a proportionate adjustment will be made in the number, price and kind of shares subject to outstanding Purchase Rights.

Our board may amend or terminate the ESPP at any time, except with respect to any outstanding Purchase Rights. Stockholder approval is required for any amendment that changes the class of individuals who may participate or the aggregate number of shares to be granted under the ESPP. Further, the board may suspend or recommence the ESPP following the end of any Purchase Right Period.

The above description summarizes the main provisions of the ESPP and the Purchase Rights granted thereunder. This description does not purport to be complete and is qualified in its entirety by the provisions of the ESPP. Stockholders are urged to read the ESPP in its entirety.

Federal Income Tax Consequences

The ESPP is intended to qualify as an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code. Under such an arrangement, no income will be taxable to a participant upon either the grant or the exercise of the Purchase Rights. Upon

Edgar Filing: TETRA TECH INC - Form DEF 14A

disposition of the shares issued under the ESPP, the participant will generally be subject to tax. The amount of the tax will depend upon the participant's holding period. We are not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income reported by the participant that is attributable to a disqualifying disposition of shares (i.e., shares that are sold within two years after the grant of the Purchase Right or within one year after the purchase of such shares).

The foregoing summary of the effects of federal income taxation with respect to Purchase Rights granted and shares issued under the ESPP does not purport to be complete. Each participant is urged to consult with his or her personal tax advisor regarding the federal, state and local tax consequences of participating in the ESPP.

Plan Benefits

The table below shows, as to each of our executive officers named in the Summary Compensation Table of the Executive Compensation section of this proxy statement and the various indicated groups, the number of shares of common stock purchased under the ESPP during the 2003 fiscal year. All such purchases were made on June 2, 2003. For all participating employees other than the employees of our Ardaman & Associates, Inc. subsidiary, the purchase price was \$13.96 per share. For the Ardaman &

23

Associates, Inc. employees, who had a special Purchase Right Period established in connection with the acquisition of that company, the purchase price was \$12.26 per share.

Name and Position	Number of Purchased Shares
Li-San Hwang, Chairman of the Board and Chief Executive Officer	0
James M. Jaska, President and Director	287
David W. King, Executive Vice President, Chief Financial Officer and Treasurer	0
Richard A. Lemmon, Executive Vice President, Administration	287
James T. Haney, Senior Vice President	0
All current executive officers as a group (13 persons)	1,147
All current directors other than executive officers as a group (6 persons)	0
All participating employees, including current officers who are not executive officers, as a group (1,728 persons)	214,146

New Plan Benefits

The benefits to be received by our executive officers, directors and employees as a result of the proposed amendment to the ESPP are not determinable, since the amounts of future purchases by participants are based on elective participant contributions. No Purchase Rights have been granted, and no shares of common stock have been issued, with respect to the 1,000,000 share increase for which stockholder approval is sought under this proposal.

The closing price of our common stock on the Nasdaq National Market on December 15, 2003 was \$23.48 per share.

Vote Required

The affirmative vote of the holders of a majority of the shares represented and voting at the meeting will be required to approve this proposal. If you own shares through a broker, you must instruct your broker how to vote in order for your vote to be counted on this proposal. Should such stockholder approval not be obtained, then the 1,000,000 share increase will not be implemented. However, the ESPP will continue to remain in effect until the date the remaining share reserve under the ESPP is utilized.

Recommendation

Our board believes that the amendment to the ESPP is in our best interests and the best interests of our stockholders and unanimously recommends a vote "FOR" approval of this proposal. Your proxies will be voted for this proposal unless you specifically indicate otherwise.

**PROPOSAL NO. 3
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Audit Committee of our board of directors retained PricewaterhouseCoopers LLP as our independent accountant as of January 8, 2004. Our previous independent accountant, Deloitte & Touche LLP, was dismissed by the Audit Committee as our independent accountant effective January 8, 2004. We are asking our stockholders to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP to audit our consolidated financial statements for fiscal year 2004. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting, will have an opportunity to make a statement and will be available to respond to appropriate questions submitted by stockholders.

Deloitte & Touche LLP served as our independent auditors for fiscal years 1988 - 2003. The reports of Deloitte & Touche LLP on the financial statements for the last two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits for the two most recent fiscal years and through January 8, 2004, there were no:

- (i) disagreements between us and Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused it to make reference to the subject matter of the disagreement or disagreements in its reports on the consolidated financial statements for such periods; or
- (ii) reportable events involving Deloitte & Touche LLP that would have required disclosure under Item 304(a)(1)(iv) of Regulation S-K.

Deloitte & Touche LLP has furnished us with a letter addressed to the Securities and Exchange Commission stating that it agrees with the above statements. A copy of such letter, dated January 13, 2004, is attached as Exhibit 16.1 to our current report on Form 8-K dated January 8, 2004.

Tax Fees. Consists of fees billed for professional services for tax planning and consulting services. There were none in fiscal 2003.

All Other Fees. Consists primarily of fees billed for forensic services concerning internal accounting controls.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors subject to limited discretionary authority granted to our chief financial officer. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

Vote Required

The affirmative vote of the holders of a majority of the shares represented and voting at the meeting will be required to approve this proposal.

Recommendation

Our board believes that ratification of the appointment of PricewaterhouseCoopers LLP is in our best interests and the best interests of our stockholders and unanimously recommends a vote "FOR" approval of this proposal. Your proxies will be voted for this proposal unless you specifically indicate otherwise.

(c) Notwithstanding anything in this Plan to the contrary, in no event can a Participant purchase more than twenty thousand (20,000) shares of Common Stock in a single Purchase Right Period.

3.5 Establishment of Accounts.

(a) All amounts contributed by the Participant to the Plan (by means of payroll withholding) will be deposited into a separate Account maintained for the Participant. No interest will be earned on those contributions.

B-3

(b) A Participant may not withdraw any amounts from his or her Account without terminating his or her Purchase Right pursuant to Section 4.1 below.

3.6 Special Rules for Acquisitions. If the Company or a Subsidiary acquires another entity, whether by means of the purchase of stock or assets ("Acquired Entity"), the Board of Directors may (a) designate a special Purchase Right Period for the employees of the Acquired Entity, and (b) may treat service with the Acquired Entity as service with the Company for purposes of the service requirement of Section 3.1(a). Any such treatment shall be made by means of resolutions of the Board of Directors, and shall apply to all of the employees of the Acquired Entity.

3.7 Transfers of Employment. If an employee's employment situation has changed so that the individual is no longer entitled to participate in the Plan (e.g., because of a reduction of hours worked), but his or her employment has not been terminated, the Employee shall not be entitled to make any more contributions to the Plan after the change in status, but may elect to leave his or her prior contributions in the Plan to be used to purchase Common Stock at the end of the Purchase Right Period.

3.8 Suspension upon Hardship Withdrawal.

(a) If a Participant receives a distribution from a Section 401(k) plan maintained by the Company (or any other entity affiliated with the Company under Code Section 414) on account of a financial hardship ("Hardship Withdrawal") and it is intended that the Hardship Withdrawal satisfy the safe harbor contained in the Section 401(k) regulations, the Participant shall be (i) considered to have withdrawn from the Plan and (ii) precluded from making any contributions to this plan for at least twelve (12) months.

(b) The Committee shall prescribe such rules and procedures, as it deems appropriate regarding suspensions pursuant to this Section 3.8.

**Article 4
Purchase Rights**

4.1 Termination of Purchase Rights.

(a) Upon the termination of a Purchase Right, all amounts held in the Participant's Account shall be refunded to the Participant.

(b) A Participant may withdraw from the Plan at any time prior to the last day of the Purchase Right Period by submitting written notice to the Company. The Participant's Purchase Right shall terminate upon his or her withdrawal from the Plan.

(c) A Purchase Right shall terminate automatically if the Participant holding the Purchase Right ceases to be employed by the Company for any reason (including by reason of an extended Leave of Absence under Section 2.11 above) prior to the last day of the Purchase Right Period.

(d) Notwithstanding the provisions of Paragraph (a) above, in the event that a Participant ceases making contributions during a Purchase Right Period, the Participant may elect to leave his or her prior contributions in the Plan to be used to purchase Common Stock at the end of the Purchase Right Period. However, in no event can a Participant:

(i) Reduce (but not eliminate) his or her contributions during a Purchase Right Period; or

(ii) Suspend his or her contributions and recommence making them in the same Purchase Right Period, unless due to a Leave of Absence.

B-4

4.2 Exercise of Purchase Rights.

Edgar Filing: TETRA TECH INC - Form DEF 14A

- (a) Unless previously terminated, Purchase Rights will be automatically exercised on the last day of the Purchase Right Period.
- (b) Except as provided in Section 3.2(b) above, payment for shares to be purchased at the termination of the Purchase Right Period may only be made from funds accumulated through payroll deductions made during the Purchase Right Period.
- (c) If the amount in the Participant's Account at the end of the Purchase Right Period is insufficient to purchase all the shares covered by the Purchase Right granted to the Participant, those funds will be used to purchase as many whole shares as possible.
- (d) If the balance of the Participant's Account on the date of purchase exceeds the purchase price of the whole number of shares to be acquired, the surplus shall be applied to any subsequent Purchase Right Period, unless the Participant elects to receive a refund in accordance with rules and procedures prescribed by the Committee. Of course, any funds remaining after the last Purchase Right Period are automatically refunded to the Participant.
- (e) Stock certificates for the whole number of shares of Common Stock will be distributed as soon as reasonably possible following the date of the exercise of the Purchase Right.

4.3 Termination Event. The following provisions of this Section 4.3 shall apply, notwithstanding anything herein to the contrary.

- (a) A "Termination Event" shall be deemed to occur as a result of:
 - (i) A transaction in which the Company will cease to be an independent publicly-owned corporation; or
 - (ii) A sale or other disposition of all or substantially all of the assets of the Company.
- (b) All Purchase Rights shall be automatically exercised immediately preceding the Termination Event. In such an event, the consideration paid for the Common Stock in the transaction shall be deemed to be the Fair Market Value of the Common Stock on that date for purposes of Section 3.4(b)(ii) above.

4.4 Non-Transferability of Purchase Rights. A Purchase Right may not be assigned or otherwise transferred by a Participant other than by will and the laws of descent and distribution. During the lifetime of the Participant, only the Participant may exercise the Purchase Right.

Article 5 Common Stock

5.1 Shares Subject to Plan

- (a) The maximum number of shares of Common Stock, which may be issued under the Plan, is two million, three-hundred seventy-three thousand, two-hundred and ninety (2,373,290) shares, subject to adjustment under Section 5.2 below.
- (b) If any outstanding Purchase Right is terminated for any reason prior to its exercise, the shares allocable to the Purchase Right may again become subject to purchase under the Plan.
- (c) The Common Stock subject to issue under the Plan may be previously un-issued stock or may have been reacquired by the Company in the open market (or otherwise).

5.2 Adjustment Upon Changes in Capitalization. A proportionate adjustment shall be made by the Committee in the number, price, and kind of shares subject to outstanding Purchase Rights if the

outstanding shares of Common Stock are increased, decreased, or exchanged for different securities, through reorganization, recapitalization, reclassification, stock split, stock dividend, or other similar transaction not constituting a Termination Event under Section 4.3 above.

Article 6 Plan Administration

6.1 Administration

- (a) The Committee shall administer the Plan. The Committee shall have authority to:
 - (i) Interpret the Plan;
 - (ii) Prescribe rules and procedures relating to the Plan; and
 - (iii) Take all other actions necessary or appropriate for the administration of the Plan.
- (b) A majority of the members of the Committee shall constitute a quorum, and any action shall constitute the action of the Committee if it is authorized by:
 - (i) A majority of the members present at any meeting; or
 - (ii) All of the members in writing without a meeting.
- (c) All decisions of the Committee shall be final and binding on all Participants.
- (d) No member of the Committee shall be liable for any action or inaction made in good faith with respect to the Plan or any Purchase Right granted under it.

6.2 Indemnification.

- (a) To the maximum extent permitted by law, the Company shall indemnify each member of the Committee and every other member of the Board, as well as any other Employee with duties under the Plan, against all liabilities and expenses (including any amount paid in settlement or in satisfaction of a judgment) reasonably incurred by the individual in connection with any claims against the individual by reason of the performance of his or her duties under the Plan. This indemnity shall not apply, however, if:
 - (i) It is determined in the action, lawsuit, or proceeding that the individual is guilty of gross negligence or intentional misconduct in the performance of those duties; or
 - (ii) The individual fails to assist the Company in defending against any such claim.
- (b) Notwithstanding the above, the Company shall have the right to select counsel and to control the prosecution or defense of the suit. Furthermore, the Company shall not be obligated to indemnify any individual for any amount incurred through any settlement or compromise of any action unless the Company consents in writing to the settlement or compromise.

**Article 7
Amendment and Termination**

7.1 Amendment and Termination. The Board may amend or terminate the Plan at any time by means of written action, except with respect to any outstanding Purchase Rights. Furthermore, the Board may elect to suspend or recommence the Plan following the end of any Purchase Right Period.

B-6

7.2 Stockholder Approval.

- (a) The Board shall issue no shares of Common Stock under the Plan unless the Stockholders approve the Plan within twelve (12) months before or after the date of the adoption of the Plan.
- (b) If the Stockholders do not approve the Plan within the time period specified in Paragraph (a) above, the Plan and all Purchase Rights issued under the Plan will terminate and all contributions will be refunded to the Participants. The approval by the Stockholders must relate to:

Edgar Filing: TETRA TECH INC - Form DEF 14A

- (i) The class of individuals who may be Participants; and
- (ii) The aggregate number of shares to be granted under the Plan.

If either of those items is changed, approval of the Stockholders must again be obtained.

**Article 8
Miscellaneous Matters**

8.1 Uniform Rights and Privileges. The rights and privileges of all Participants under the Plan shall be the same.

8.2 Application of Proceeds. The proceeds received by the Company from the sale of Common Stock pursuant to Purchase Rights may be used for any corporate purpose.

8.3 Notice of Disqualifying Disposition. A Participant must notify the Company if the Participant disposes of stock acquired pursuant to the Plan prior to the expiration of the holding periods required to qualify for long-term capital gains treatment on the sale.

8.4 No Additional Rights.

(a) Neither the adoption of this Plan nor the granting of any Purchase Right shall:

(i) Affect or restrict in any way the power of the Company to undertake any corporate action otherwise permitted under applicable law; or

(ii) Confer upon any Participant the right to continue to be employed by the Company, nor shall it interfere in any way with the right of the Company to terminate the employment of any Participant at any time, with or without cause.

(b) No Participant shall have any rights as a Stockholder with respect to the shares covered by a Purchase Right until the time at which the Fair Market Value of the Common Stock is determined on the last day of the Purchase Right Period in which the shares were purchased.

(c) No adjustments will be made for cash dividends or other rights for which the record date is prior to the date of the exercise of the Purchase Right.

8.5 Governing Law.

(a) The Plan and all actions taken under it shall be governed by and construed in accordance with the laws of the State of Delaware.

(b) The provisions of this Plan shall be interpreted in a manner that is consistent with this Plan satisfying the requirements of Code Section 423.
