**Item 8.01. Other Events**

During the second quarter of 2004, we changed our method of accounting for pipeline linefill in third party assets. This change in accounting principle was effective January 1, 2004 and has been reflected in our interim financial reports filed after July 21, 2004. In conjunction with this change, we have also reclassified the purchases and sales of linefill in assets that we own from cash provided by operating activities to cash used in investing activities.

On October 14, 2004, we filed a Registration Statement on Form S-1 relating to sales of common units from time to time by the unitholders identified therein. The Registration Statement contains financial statements for the years ended December 31, 2003, 2002 and 2001, which reflect the reclassification on the face of the consolidated statement of cash flows. In addition, the pro forma impact of the retroactive application of the change in accounting principle has been included in the footnotes to the financial statements.

The financial information contained in our Registration Statement on Form S-1 is available at the SEC's website at <http://www.sec.gov>.
