PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of MOLSON COORS BREWING COMPANY, a Delaware corporation ("Molson Coors" or the "Company"), for use at the Annual Meeting of Stockholders, which will be held at 9:00 a.m. local time, Wednesday, May 17, 2006 at the Westin Tabor Center Hotel, 1672 Lawrence Street, Denver, Colorado, USA, and at any and all adjournments or postponements of that meeting. This proxy statement and the enclosed proxy or voting instruction card are being sent to stockholders on or about April 25, 2006. Molson Coors has dual executive offices located at 1225 17th Street, Suite 3200, Denver, Colorado 80202 and 1555 Notre Dame Street East, Montréal, Québec, Canada, H2L 2R5.

BACKGROUND

Voting Securities

The outstanding classes of Molson Coors capital stock include its Class A common stock and Class B common stock. In addition, Molson Coors has outstanding, one share of special Class A voting stock and one share of special Class B voting stock, through which the holders of Class A exchangeable shares and Class B exchangeable shares issued by Molson Coors Canada Inc., a Canadian corporation and subsidiary of Molson Coors ("Exchangeco"), may exercise their voting rights with respect to Molson Coors. The exchangeable shares were issued in connection with the February 2005 merger of Molson Inc. ("Molson") and Adolph Coors Company ("Coors"), pursuant to which Coors changed its name to Molson Coors Brewing Company (the "Merger"). These shares were issued to certain holders of Molson shares in lieu of receiving shares of Molson Coors Class A and/or Class B common stock. The special voting stock provides a mechanism for holders of exchangeable shares, which are intended to be substantially the economic equivalent of the Molson Coors common stock, to vote with the corresponding class of Molson Coors common stock. The special Class A and Class B voting stock are entitled to one vote for each Exchangeco Class A and Class B exchangeable share, respectively, excluding shares held by Molson Coors, and generally vote together with the Class A common stock and Class B common stock, respectively, on all matters on which the Class A common stock and Class B common stock are entitled to vote. This structure provides voting rights to a holder of the exchangeable shares through a voting trust arrangement. The trustee holder of the special Class A voting stock and the special Class B voting stock has the right to cast a number of votes equal to the number of then-outstanding Class A exchangeable shares and Class B exchangeable shares, respectively, but will only cast a number of votes equal to the number of Class A exchangeable shares and Class B exchangeable shares as to which it has received voting instructions from the owners of record of those Class A exchangeable shares and Class B exchangeable shares, respectively (other than Molson Coors), on the relevant record date.

Except in the limited circumstances provided in the certificate of incorporation, including the right of the holders of the Class B common stock and special Class B voting stock, voting together as a single class, to elect three directors to the Board, the right to vote for all purposes is vested exclusively in the holders of the Class A common stock and special Class A voting stock, voting together as a single class. The holders of Class A common stock are entitled to one vote for each share held, without the right to cumulate votes for the election of directors. The Adolph Coors Jr. Trust dated September 12, 1969 (the "Coors Trust"), which held approximately 39.62% of the voting power of the Molson Coors Class A common stock as of March 31, 2006, and Pentland Securities (1981) Inc. and its subsidiary (collectively "Pentland"), which held approximately 39.7% of the voting power of Molson Coors Class A common stock as of March 31, 2006, are parties to voting trust agreements combining their voting power over the Molson Coors Class A common stock and Exchangeco Class A exchangeable shares they own. Pursuant to the voting trust agreements, the Coors Trust has deposited into the trust arrangements all of its shares of Molson Coors Class A common stock, and Pentland has deposited into the trust arrangements all of its Exchangeco Class A exchangeable shares and Molson Coors Class A common stock. These shares, together with any other shares deposited into the trust, will be voted as a block by the trustees in the manner described in the voting trust agreements.

At the close of business on March 31, 2006, the record date for the annual meeting, there were outstanding 1,346,586 shares of Class A common stock and 62,565,245 shares of Class B common stock, 1 share of special Class A voting stock (representing 1,833,234 Exchangeco Class A exchangeable shares) and 1 share of special Class B voting stock (representing 20,054,693 Exchangeco Class B exchangeable shares). Only stockholders of record at the close of business on March 31, 2006 are entitled to vote at the annual meeting.

INFORMATION FOR HOLDERS OF EXCHANGECO STOCK

Through a voting trust arrangement, holders of Exchangeco Class A and Class B exchangeable shares are entitled to vote at meetings of holders of the corresponding classes of Molson Coors common stock. The exchangeable shares (and ancillary rights thereto) provide holders thereof with dividend and other rights which are substantially the economic equivalent of those shares of the corresponding classes of Molson Coors common stock.

The exchangeable shares are non-voting (except as required by the provisions attaching to the exchangeable shares or by applicable law) with respect to Exchangeco. Therefore, this proxy statement and the proxy solicitation materials relate solely to Molson Coors. There will not be a separate Exchangeco annual meeting of the holders of exchangeable shares. You will not receive a notice of an annual meeting of the stockholders of Exchangeco, nor will you receive an information circular or proxy for an annual meeting of the stockholders of Exchangeco.

In light of the fact that the value of the exchangeable shares, determined through dividend and dissolution entitlements and capital appreciation, is determined by reference to the consolidated financial performance and condition of Molson Coors rather than Exchangeco, information respecting Exchangeco (otherwise than as included in our public disclosure and consolidated financial statements) is not relevant to holders of exchangeable shares.

Holders of exchangeable shares effectively have a participating interest in Molson Coors and not a participating interest in Exchangeco and it is therefore the information relating to Molson Coors that is directly relevant to the holders of exchangeable shares voting in connection with the matters to be transacted at the annual meeting.

If you hold Class A and/or Class B exchangeable shares, please see the section entitled "Information About the Annual Meeting Voting Instructions for Class A and Class B Exchangeable Shares" below and the enclosed proxy card for details on how to vote.

INFORMATION ABOUT THE ANNUAL MEETING

Quorum

The holders of shares entitled to cast a majority of the total votes of the outstanding shares of stock entitled to vote on each matter, as of the record date, represented in person or by proxy, will constitute a quorum for the transaction of business at the annual meeting. If a quorum is not present with respect to a matter, the annual meeting may be postponed or adjourned to allow additional time for obtaining additional proxies or votes. At any subsequent reconvening of the annual meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the annual meeting, except for any proxies that have been effectively revoked or withdrawn prior to the subsequent meeting. Shares held by Molson Coors in treasury do not count toward a quorum.

Required Vote

The vote required for approval of any matter which may be the subject of a vote of the stockholders is provided for in our certificate of incorporation and bylaws. The directors to be elected at the annual meeting will be elected by a plurality of the votes cast by the stockholders present in person or by proxy and entitled to vote for the relevant directors. This means that the nominees with the most votes by those eligible to vote for such directors will be elected. Votes may be cast for or withheld from each nominee, but a withheld vote or a broker non-vote (defined below) will have no effect on the outcome of the election. The ratification of PricewaterhouseCoopers, LLP as the Company's independent registered public accounting firm will be approved if the votes cast by holders of Class A common voting stock and Class A exchangeable shares favoring the ratification exceed the votes cast opposing the ratification.

Abstentions

Abstentions and broker non-votes (defined below) are counted for the purpose of determining whether a quorum is present at the annual meeting. For the purpose of determining whether a proposal (except for the election of directors) has received a majority vote, abstentions will be included in the vote totals, with the result that an abstention will have the same effect as a negative vote. Broker non-votes will not be included in the vote totals and, therefore, will have no effect on the vote.

Voting by Proxy for Class A and Class B Common Stock

You may vote by either: (1) following the internet or telephone voting instructions on the enclosed proxy card; or (2) dating and signing the enclosed proxy card and promptly returning it by mail in the postage-paid envelope provided (which must be received in time to be voted at the meeting). A signed and completed proxy card received by Molson Coors prior to or at the annual meeting will be voted as instructed. If your broker or other nominee holds your shares in its name, carefully follow the instructions given to you by your broker or other intermediary to ensure that your shares are properly voted.

Voting of Proxies

All properly executed proxies that Molson Coors receives prior to the vote at the annual meeting, and that are not revoked, will be voted in accordance with the instructions indicated on the proxy card. If you submit a validly executed proxy without providing direction, the proxy will be voted in favor of approval of the proposals (except for broker non-votes, which are discussed below).

Brokers holding shares in "street name" may vote the shares only if you provide them with instructions on how to vote. Brokers will direct you on how to instruct them to vote your shares or

submit a proxy or give voting instructions. If your shares are held in "street name," your broker or nominee may permit you to instruct them how to vote by telephone or via the internet. Please check your voting instruction card or contact your broker or nominee to determine whether these methods are available to you.

Under the rules that govern brokers who have record ownership of shares that are held in "street name" for their clients (who are the beneficial owners of the shares), brokers have discretion to vote the shares on routine matters but not on non-routine matters. A "broker non-vote" occurs when a broker does not have discretionary voting authority and has not received instructions from the beneficial owners of the shares. Broker non-votes will be counted for purposes of determining whether a quorum is present at the annual meeting, but will not be counted as votes in favor of approval for purposes of determining whether a proposal has been approved.

Failing to return your proxy or attend the annual meeting will reduce the number of votes cast at the annual meeting and may contribute to a lack of a quorum. Consequently, we urge you to return the enclosed proxy card with your vote marked, or to vote using one of the other available methods.

Molson Coors does not expect that any matter or proposal other than the proposals described in this document will be brought before the annual meeting or any adjournment. If, however, other matters are properly presented, the persons named as proxies will vote in accordance with their judgment with respect to those matters on which the grantor of the proxy is entitled to vote.

Revocation of Proxies

You can change your vote at any time before your proxy is voted at the annual meeting. If you are a registered holder, you can do this in one of three ways.

First, before the annual meeting, you can deliver a signed notice of revocation of proxy to the Secretary of Molson Coors at the address specified below.

Second, you can complete and submit a later-dated proxy card.

Third, you can attend the annual meeting and vote in person. Your attendance at the annual meeting alone will not revoke your proxy; rather, you must also vote at the annual meeting in order to revoke your previously submitted proxy.

If you want to change your proxy directions by mail, you should send any notice of revocation or your completed new proxy card, as the case may be, to Molson Coors Brewing Company, c/o Corporate Secretary, 1225 17th Street, Suite 3200, Denver, Colorado 80202, Telephone: 303-277-3500, Facsimile: 303-277-2601. If you have instructed a broker to vote your shares and wish to change your vote, you must follow directions received from your broker to change those instructions.

Voting Instructions for Class A and Class B Exchangeable Shares

As discussed above, holders of Exchangeco Class A and Class B exchangeable shares (other than Molson Coors) are entitled to vote at meetings of holders of the corresponding classes of Molson Coors common stock through a voting trust arrangement. If you hold Class A and/or Class B exchangeable shares as of the record date, you may provide voting instructions to CIBC Mellon Trust Company, as trustee, by completing and returning the proxy card accompanying this proxy statement. The trustee will vote your shares in accordance with your duly executed instructions received no later than 5:00 p.m., Montréal time, on May 12, 2006. If you do not send instructions and do not otherwise attend the meeting to vote in person as discussed below, the trustee will not be able to vote your Class A and/or Class B exchangeable shares. You may revoke previously given voting instructions prior to 5:00 p.m., Montréal time, on May 12, 2006, by filing with the trustee either a written notice of revocation or a properly completed and signed voting instruction card bearing a later date. For additional information, please refer to your proxy card.

Voting in Person

You may come to the annual meeting and cast your vote there; however, we urge you to complete and return the proxy card accompanying this proxy statement whether or not you plan to attend. If you are a holder of record of Class A and/or Class B common stock and plan to attend the annual meeting, please indicate this when you submit your proxy card. When you arrive at the annual meeting, you will be asked to present photo identification, such as a driver's license.

If you are a beneficial owner of Class A and/or Class B common stock or Class A and/or Class B exchangeable shares held by a broker, bank, or other nominee, you will need proof of ownership to be admitted to the annual meeting. A recent brokerage statement or a letter from a bank or broker are examples of proof of ownership. If you want to vote your Class A and/or Class B common stock or Class A and/or Class B exchangeable shares held in nominee name in person, you must get a written proxy in your name from the broker, bank or other nominee that holds your shares.

Stockholders whose shares of voting stock are held in "street name" must either direct the record holder of their shares as to how to vote their shares of voting stock or obtain a proxy from the record holder to vote at the meeting. Street name stockholders should check the voting instruction cards used by their brokers, banks or nominees for specific instructions on methods of voting, including by telephone or via the internet. If your shares are held in street name, you must contact your broker, bank or nominee to revoke your proxy.

A representative of CIBC Mellon Trust Company, as trustee for the shares of Exchangeco, will be present at the annual meeting to receive votes from holders of Class A and/or Class B exchangeable shares that personally attend the annual meeting and who have not otherwise voted as described herein.

Voting Instructions for Shares Held in Retirement Plans

If you participate in the Molson Coors Savings & Investment Plan and/or the 401(k) Savings Plan for Hourly Employees at the Memphis, Tennessee Brewery, you may give voting instructions as to the number of shares of common stock equivalent to the interest in Molson Coors common stock credited to your account as of the record date. You may provide voting instructions to Fidelity Management Trust Company, as trustee, by completing and returning the proxy card accompanying this proxy statement. The trustee will vote your shares in accordance with your duly executed instructions received no later than 5:00 p.m. (EDT) on May 12, 2006. If you do not send instructions, the trustee will not be able to vote the share equivalents credited to your account. You may also revoke previously given voting instructions prior to 5:00 p.m. (EDT) on May 12, 2006, by filing with the trustee either a written notice of revocation or a properly completed and signed proxy card bearing a later date.

Solicitation of Proxies

Solicitation of proxies will be made by use of the mail or, if consented to by a stockholder, by electronic transmission over the internet. The cost of preparing, assembling and distributing this proxy solicitation material and Notice of Annual Meeting of Stockholders will be paid by Molson Coors. Solicitation by mail, telephone, telefax, electronic transmission over the internet or personal contact may be done by directors, officers and other employees of Molson Coors, for which they will receive no additional compensation. Brokerage houses and other nominees, fiduciaries and custodians nominally holding shares of Molson Coors stock as of the record date will be requested to forward proxy solicitation material to the beneficial owners of such shares and will be reimbursed by Molson Coors for their reasonable expenses.

Stockholders whose shares of common stock are held partially in registered name and partially by a broker or other nominee may receive duplicate deliveries of this proxy statement and Annual Report

to Stockholders. Certain brokers and nominees have procedures in place to discontinue duplicate mailings upon a stockholder's request or upon the stockholder's implied consent not to receive duplicate mailings following notice from the broker. Stockholders desiring to eliminate such duplicate mailings should contact their broker or nominee for more information.

(Proposal No. 1)**

Fourteen directors are to be elected at the annual meeting, each to serve until the next annual meeting and until his or her successor shall have been elected and qualified, as follows:

If any of them becomes unavailable to serve as a director, a substitute nominee may be designated in accordance with the certificate of incorporation and bylaws. The Board of Directors recommends a vote FOR each of the persons listed above, and proxies that are returned will be so voted unless otherwise instructed.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Corporate governance of Molson Coors is determined with reference to its charter and bylaws, the rules and regulations of the SEC, and the listing requirements of both the New York and Toronto Stock Exchanges. The Toronto Stock Exchange has agreed to defer to the NYSE most regulatory matters that would otherwise be applicable to Molson Coors, provided that Molson Coors remains in compliance with the requirements of the NYSE. Accordingly, unless specifically noted in this section, references to compliance with NYSE rules also presume compliance with the corresponding Toronto Stock Exchange governance rules.

Board Size

As set forth in our bylaws, the Board has the power to fix the number of directors by resolution. The Board has currently set the number of directors at 15 (twelve Class A directors, including two management directors as described below, and three Class B directors); however, for purposes of this annual meeting, only 14 directors are being nominated for election. There will be one Class A director vacancy, as described in more detail below. Our certificate of incorporation and bylaws provide that the Board may change the size of the Board by vote of at least two-thirds of the authorized number of directors (including vacancies), except that: (1) any decrease in the number of directors below 15 must be approved by holders representing a majority of the voting power of Molson Coors Class A common stock and special Class A voting stock, voting together as a single class; and (2) any increase in the number of directors must be by a number divisible by three.

Nomination of Directors

Because more than 50% of the voting power of Molson Coors is controlled by the Coors and Molson families through the voting trust agreements described above, Molson Coors has elected to be treated as a "controlled company" under the NYSE listing standards. Accordingly, Molson Coors is exempt from the requirement that the Board must have a nominating committee composed entirely of independent directors. Nominees for election to the Board will be selected by the full Board and by non-board level nominating subcommittees established pursuant to the Molson Coors certificate of incorporation. The chart below illustrates how our directors are nominated and who is entitled to elect them:

Class A-M and A-C Nominating Subcommittees (Non-Board Level):

The Class A-M nominating subcommittee nominates five candidates to stand for election by the holders of Class A common stock and special Class A voting stock. We refer to the directors elected according to this nomination process as "Molson directors." The Class A-M nominating subcommittee must exercise this nominating power to ensure that at all times a majority of the Molson directors are independent as defined under our certificate of incorporation. The Class A-M nominating subcommittee is currently comprised of Eric H. Molson and Andrew T. Molson.

The Class A-C nominating subcommittee nominates five candidates to stand for election by the holders of Class A common stock and special Class A voting stock. We refer to the directors elected according to this nomination process as "Coors directors." The Class A-C nominating subcommittee must exercise this nominating power to ensure that at all times a majority of the Coors directors are

independent as defined under our certificate of incorporation. The Class A-C nominating subcommittee is currently comprised of Peter H. Coors and Melissa Coors Osborn.

The Class A-M nominating subcommittee fills vacancies caused by the removal, resignation, retirement or death of a Molson director and fills newly created seats designated to be filled by Molson directors, and the Class A-C nominating subcommittee fills vacancies caused by the removal, resignation, retirement or death of a Coors director and fills newly created seats designated to be filled by Coors directors.

The Class A-M nominating subcommittee ceases to have the right to make nominations if Pentland, and other Molson family stockholders from time to time party to the voting trust agreement, cease to beneficially own, in the aggregate, a number of shares of Molson Coors common stock and exchangeable shares (as adjusted for any stock split, recapitalization, reclassification, reorganization or similar transaction) equal to at least 2% of the aggregate number of shares of Molson Coors common stock and exchangeable shares outstanding on the date of the completion of the merger transaction, of which at least 825,000 shares must be Class A common stock and/or Class A exchangeable shares. Similarly, the Class A-C nominating subcommittee ceases to have the right to make nominations if the Coors Trust or the specified members of the Coors family who select the Coors family representative no longer beneficially own, in the aggregate, a number of shares of Molson Coors common stock and exchangeable shares (as adjusted for any stock split, recapitalization, reclassification, reorganization or similar transaction) equal to at least 3% of the aggregate number of shares of Molson Coors common stock and exchangeable shares outstanding on the date of the completion of the merger transaction, of which at least 825,000 shares must be Class A common stock and/or Class A exchangeable shares. In either case, if the applicable nominating committee ceases to have the right to make nominations, then the committee will be disbanded and independent directors (as that term is defined in the Molson Coors certificate of incorporation) will replace the subcommittee's members on the nominating committee.

Nominating Committee (Non-Board Level):

A stand-alone nominating committee (the "Nominating Committee"): (1) nominates two candidates meeting the qualifications described below to stand for election by the holders of Class A common stock and special Class A voting stock; (2) assists the Board in evaluating candidates for nomination as recommended by the stockholders; and (3) takes up other business properly presented to it.

The members of the Class A-M and Class A-C nominating subcommittees serve on the Nominating Committee and select another member of the Board who is independent to also serve on the Nominating Committee, currently John E. Cleghorn.

The full Nominating Committee names two director nominees to stand for election by the holders of Class A common stock and special Class A voting stock, who must be the following people, subject to the fiduciary duties of the committee:

The Chief Executive Officer of Molson Coors, currently W. Leo Kiely III; and

A member of management approved by at least two-thirds of the authorized number of directors (including vacancies). The person who previously held this board seat resigned and the Board is currently considering whether to fill this position.

The Nominating Committee also has the power to fill vacancies in the two director positions referred to above (with director candidates meeting the qualifications mentioned above).

Nominations by the Board of Directors:

The full Board nominates three independent candidates to stand for election by the holders of Class B common stock and special Class B voting stock and has the power to fill corresponding vacancies. All such nominations require the approval of at least two-thirds of the authorized number of directors (including vacancies) on the Board.

Nomination by Stockholders:

The Board will consider and evaluate a Class B director candidate recommended by a stockholder in the same manner as a candidate recommended by a current director. The Board will assess all director nominees taking into account several factors including, but not limited to, issues such as the current needs of the Board and the nominees' (1) integrity, honesty and accountability; (2) successful leadership experience and strong business acumen; (3) forward-looking, strategic focus; (4) collegiality; (5) independence and absence of conflicts of interests; and (6) ability to devote necessary time to meet director responsibilities. The Board will ultimately recommend nominees that it believes will enhance the Board's ability to manage and direct, in an effective manner, the affairs and business of Molson Coors.

Stockholders wishing to recommend a director candidate to serve on the Board may do so by providing advance written notice to Molson Coors following the same procedures set forth under "Stockholder Proposals and Nominations".

Director Independence

Molson Coors is not required to have a majority of independent directors, because it is a "controlled company" within the meaning of the NYSE listing standards. The Molson Coors certificate of incorporation contains provisions that are intended, however, to ensure that at all times a majority of the directors will be independent. The Molson Coors certificate of incorporation defines an independent director as any director who is independent of the management of Molson Coors and is free from any interest and any business or other relationship (other than interests or relationships arising from ownership of shares of Molson Coors stock) which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of Molson Coors.

The Board has reviewed the qualifications, relationships, employment history, board affiliations and other criteria of each of the directors recommended for election at the annual meeting to determine his or her independence. Based upon its evaluation, the Board has unanimously determined that each of the following directors has no material relationship with Molson Coors and all such directors are independent in accordance with the Molson Coors certificate of incorporation, applicable rules of the Securities and Exchange Commission and listing standards of the New York Stock Exchange:

Francesco Bellini	Gary S. Matthews
John E. Cleghorn	David P. O'Brien
Charles M. Herington	Pamela H. Patsley
Franklin W. Hobbs IV	H. Sanford Riley

Executive Sessions of Non-employee and Independent Directors and Communications Between Stockholders and the Board

The Board generally holds executive sessions of its non-employee directors at each regularly scheduled meeting. The chairmanship of such executive sessions rotates among the non-employee

directors. In addition, the independent members of the Board meet at each regularly scheduled meeting. The chairmanship of such sessions rotates among the independent non-employee directors.

Interested parties, including stockholders, may communicate directly with the Chairman of the Board, Chairman of the Audit Committee, or the non-employee directors as a group by writing to those individuals or the group at the following address: Molson Coors Brewing Company, c/o Corporate Secretary, 1225 17th Street, Suite 3200, Denver, Colorado 80202. Corporate Governance Guidelines; Code of Business Conduct

The Board has adopted a set of Corporate Governance Guidelines to promote the functioning of the Board and its committees and to set forth a common set of expectations as to how the Board should function. The Corporate Governance Guidelines provide, among other things, guidance on the composition of the Board, the criteria to be used in selecting director nominees, retirement of directors, expectations by Molson Coors of its directors and evaluation of Board performance.

In addition, all of Molson Coors' directors and employees, including its Chief Executive Officer, Chief Financial Officer, and other senior financial officers, are bound by Molson Coors' long-standing Code of Business Conduct, augmented to comply with the requirements of the New York Stock Exchange and Securities and Exchange Commission, to ensure that business of Molson Coors is conducted in a legal and ethical manner. The Code of Business Conduct covers all areas of professional conduct, including employment policies, conflicts of interest, fair dealing, and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of the business of Molson Coors. Molson Coors intends to disclose future amendments to, or waivers from, certain provisions of the Code of Business Conduct for executive officers and directors on its website within four business days following the date of such amendment or waiver.

**RATIFY APPOINTMENT OF AUDITORS
(Proposal No. 2)**

The Board of Directors is asking stockholders to consider and act upon a proposal for the ratification of the Audit Committee's selection of PricewaterhouseCoopers LLP ("PwC") as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006. PwC was our independent registered public accounting firm for the fiscal year ended December 25, 2005.

Although current law, rules and regulations, as well as the Charter of the Audit Committee, require the Company's independent registered public accounting firm to be engaged and supervised by the Audit Committee, the Board is submitting the selection of PwC for ratification by stockholders as a matter of good corporate practice. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection of the external auditor and may conclude that it is in the best interests of the Company to retain PwC for the current fiscal year. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent

registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interest of the Company and its stockholders.

Representatives of PwC are expected to be present at the annual meeting to respond to questions and may make a statement if they so desire.

Pre-Approval Policy Regarding Independent Registered Public Accounting Firm Services

The Audit Committee pre-approves all audit, non-audit and internal control-related services provided by the independent registered public accounting firm prior to the engagement of the independent registered public accounting firm with respect to such services. The Chairman of the Audit Committee has been delegated the authority by the Committee to pre-approve interim services by the independent registered public accounting firm other than the annual audit. The Chairman must report all such pre-approvals to the entire Audit Committee at the next committee meeting. **The Board of Directors recommends a vote FOR the proposal ratifying the selection of PricewaterhouseCoopers, LLP as the Company's independent registered public accounting firm for fiscal year 2006, and proxies that are returned will be so voted unless otherwise instructed.**

AUDIT COMMITTEE REPORT

The role of the Audit Committee of the Board of Directors is to prepare this report and to assist the Board in its oversight of: (1) the conduct and integrity of Molson Coors' financial reporting to any governmental or regulatory body, the public or other users thereof; (2) Molson Coors' systems of internal control over financial reporting and disclosure controls and procedures; (3) the qualifications, engagement, compensation, independence and performance of Molson Coors' independent registered public accounting firm, their conduct of the annual audit, and their engagement for any other lawful purposes; and (4) Molson Coors' legal and regulatory compliance. The Board, in its business judgment, has determined that all members of the Audit Committee are "independent" as required by applicable listing standards of the New York Stock Exchange, Rule 10A-3 under the Exchange Act and Molson Coors' certificate of incorporation; that all members are financially literate; that at least one member of the Committee (two currently: Pamela H. Patsley and Franklin W. Hobbs IV) qualifies as an "audit committee financial expert" as defined in the applicable regulations of the Securities and Exchange Commission; and that each of Pamela H. Patsley, Franklin W. Hobbs IV and David P. O'Brien has accounting or related financial management expertise. The Audit Committee operates pursuant to a Charter that was last amended and restated on May 12, 2005. A copy of that Charter is attached to this proxy statement as Appendix A. As set forth in the Charter, management of Molson Coors is responsible for the preparation, presentation and integrity of Molson Coors' financial statements, and the effectiveness of internal control over financial reporting. Management is responsible for maintaining Molson Coors' accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Molson Coors has a full-time Internal Audit department that reports to the Audit Committee. The Internal Audit department is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of Molson Coors' internal controls relating, for example, to the reliability and integrity of Molson Coors' financial information and the safeguarding of assets. The independent registered public accounting firm is responsible for auditing Molson Coors' financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the U.S.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has discussed with the independent auditors the registered public accounting firm's independence. The Audit Committee has ultimate authority and responsibility to select, evaluate, and, when appropriate, replace the Molson Coors' independent registered public accounting firm. The fees billed by independent registered public accounting firm for non-audit services were approved by the Audit Committee and were also considered in the discussions of independence.

For the fiscal year 2005, management completed its documentation, testing and evaluation of the adequacy of the internal control structure and procedures for financial reporting established and maintained by management of Molson Coors as required by Section 404 of the Sarbanes-Oxley Act of 2002 and the rules and regulations adopted pursuant thereto. The Audit Committee was apprised of the progress of the evaluation by both management and PricewaterhouseCoopers LLP, and the Audit Committee provided oversight and advice to management during the process. At the conclusion of this evaluation, management provided the Audit Committee with, and the Audit Committee reviewed, management's report on the effectiveness of the internal control structure and procedures of Molson Coors for financial reporting, and the Audit Committee also received the report from PricewaterhouseCoopers LLP thereon.

The members of the Audit Committee are not employees of Molson Coors and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Audit Committee necessarily rely on the information provided to them by management and the independent registered public accounting firm. Accordingly, the Audit Committee's considerations and discussions referred to above do not assure that the audit of Molson Coors' financial statements has been carried out in accordance with auditing standards generally accepted in the U.S., that the financial statements are presented in accordance with accounting principles generally accepted in the United States or that Molson Coors' registered public accounting firm are in fact "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee recommended to the Board that the audited financial statements be included in Molson Coors' Annual Report on Form 10-K for the year ended December 25, 2005 to be filed with the Securities and Exchange Commission. The Audit Committee also appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm for Molson Coors for fiscal 2006.

On December 21, 2005, the Molson Coors Board of Directors approved the acceleration of the vesting of all outstanding stock options with an exercise price greater than \$70.00 (other than those held by non-employee directors). Because the exercise prices of the affected options were higher than the December 21, 2005 closing price of Molson Coors' common stock, the company expects accelerating the vesting to have a positive effect on the employees' motivation to increase the Company's profitability by allowing them to receive value from these stock option grants in a shorter time frame. All of the

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

options granted to Mr. Kiely, Mr. Coors, Mr. Wolf and Mr. van Paasschen were subject to accelerated vesting. The above table applies to benefits accrued through June 30, 2005.

Annual compensation covered by the qualified and non-qualified retirement plans and credited years of service for the U.S. named executive officers in fiscal year 2005 as of June 30, 2005 are as follows: W. Leo Kiely III, \$925,000 and 12.3 years; Peter H. Coors, \$756,500 and 34.4 years; Frits D. van Paasschen, \$625,000 and 0.3 years; and Timothy V. Wolf, \$525,000 and 10.4 years.

Average Annual Compensation is defined as the average base salary (three highest consecutive years out of the last 10) for employees participating in the plan, including commissions but excluding bonuses and overtime pay, for the benefits accrued as of June 30, 2005. Compensation also includes amounts deferred by the individual under Internal Revenue Code Section 401(k) and any amounts deferred into a plan under Internal Revenue Code Section 125. Normal retirement age under the plan is 65. An employee with at least 5 years of vesting service may retire as early as age 55. Benefits are reduced for early retirement based on an employee's age and years of service at retirement; however, benefits are not reduced if (1) the employee is at least age 62 when payments commence; or (2) the employee's age plus years of service equal at least 85 and the employee has worked for Molson Coors at least 25 years and has reached the age of 55. The amount of pension actuarially accrued under the pension formula is based on a single life annuity and is subject to an offset for Social Security benefits.

Effective July 1, 2005, the pension formula was changed for years of service credited after July 1, 2005 from the final average pay formula represented in the table above to a career pay plan which provides an annuity with the present value equal to 15% of each year's compensation, reduced 4% compounded annually for each year payment precedes age 65. As of the 2005 fiscal year end, the accumulated earnings and corresponding annual single life annuity payable at age 65 for the U.S. named executive officers in fiscal year 2005 are as follows: W. Leo Kiely III, \$463,000 and \$6,000; Peter H. Coors, \$378,000 and \$5,000; Frits D. van Paasschen, \$313,000 and \$4,000; and Timothy V. Wolf, \$263,000 and \$3,000.

W. Leo Kiely III has a guaranteed minimum benefit from the combination of the formulas above equal to an annual annuity of \$250,000 payable at age 62. The benefits will be reduced for early retirement based on age and years of service at retirement; however, benefits are not reduced if at least age 62 when payments commence.

In addition to the annual benefit from the qualified retirement plan, Peter H. Coors is covered by a salary continuation agreement. This agreement provides for a lump sum cash payment to the officer upon normal retirement in an amount actuarially equivalent in value to 30% of the officer's last annual base salary, payable for the remainder of the officer's life, but not less than 10 years. The interest rate used in calculating the lump sum is determined using 80% of the annual average yield of the 10-year Treasury constant maturities for the month preceding the month of retirement. Using 2005 eligible salary amounts as representative of the last annual base salary, the estimated lump sum amount for Peter H. Coors would be based upon an annual benefit of \$226,950, paid upon normal retirement.

Molson Coors' principal U.S. retirement income plan is a defined benefit plan. The amount of contribution for officers is not included in the above table since total plan contributions cannot be readily allocated to individual employees.

Maximum permissible benefit under the Income Tax Act (Canada) from the registered retirement income plan for 2005 was \$2,000 per year of credited service. Molson Coors has unregistered plans to provide full accrued benefits to named executive officers in excess of the Income Tax Act maximums.

Annual compensation covered by the registered and unregistered retirement plans and credited years of service for the Canadian named executive officer in fiscal year 2005 as of December 25, 2005 is as follows: Kevin T. Boyce, \$490,000 and 1.8 years.

Average Annual Compensation is defined as the greater of the average of the three consecutive fiscal years of highest earnings or the final 36 months of earnings (base salary and bonus). Retirement benefits normally commence at age 65, however benefits can begin as early as age 55. Total benefits can be estimated from the table above, based upon the normal retirement age of 65. The amount of pension actuarially accrued under the pension formula is based on a single life annuity and is not subject to an offset for government benefit plans.

Molson Coors' principal Canadian retirement income plans are defined benefit plans. The amount of contribution for employees is not included in the above table since total plan contributions cannot be readily allocated to individual employees.

Annual compensation covered by the tax-approved retirement plan and credited years of service for the UK named executive officer at the end of fiscal year 2005 is as follows: Peter S. Swinburn, \$528,999 and 19.6 years.

Average annual compensation for executive members of the plan is defined as the best one year average base salary, excluding bonuses, in the last five years of employment. Normal retirement age for executive members of the plan is age 60, although Mr. Swinburn may draw his benefits from age 55 without reduction for early payment under an enhanced early retirement facility. When in payment, the plan pension will increase in line with price inflation subject to a maximum of 5% per year. The amount of pension actuarially accrued under the pension formula is based on a single life annuity and is not subject to an offset for government benefit plans. Employee contributions are 5% of annual base salary.

Molson Coors' principal UK retirement income plan is a defined benefit plan. The amount of contribution for employees is not included in the above table since total plan contributions cannot be readily allocated to individual employees.

Employment Contracts

The Company has employment agreements in place with W. Leo Kiely III, the Chief Executive Officer of the Company, Peter H. Coors, Vice Chairman Molson Coors and Executive Chairman of Coors Brewing Company, Frits D. van Paasschen, President and CEO of Coors Brewing Company, Kevin T. Boyce, President and CEO of Molson Canada, and Peter S. Swinburn, President and CEO of Coors Europe & Asia. In addition, certain executive officers of the Company, including Timothy V. Wolf, our Global Chief Financial Officer, participate in the Executive Continuity and Protection Program ("ECPP").

Kiely Employment Agreement. Mr. Kiely's employment agreement took effect on June 27, 2005 (the "Effective Date") and has a term of three years provided that on each anniversary of the Effective Date, the term automatically extends for a period of three years from such anniversary, unless at least six (6) months prior to each anniversary, the Company gives notice to Mr. Kiely that his employment will not be so extended. The agreement provides for a base salary of \$925,000 per year, which has been increased to \$980,000 for 2006. The base salary is reviewed annually for an increase and may not be

reduced after any increase. Mr. Kiely is also eligible for an annual target bonus of at least 100% of his then annual base salary. The agreement also provides that Mr. Kiely is entitled to at least five weeks of vacation annually and to participate in all of the Company's employee benefit, deferred compensation and perquisites plans and programs made available generally to senior executive officers of the Company. Mr. Kiely is also eligible to receive cash and/or equity awards under the Company's incentive compensation plan commensurate with his position and consistent with such awards granted to senior executives of the Company. Pursuant to the agreement, the Company granted Mr. Kiely 60,000 restricted stock units ("RSUs") on approximately the Effective Date (the "Retention Award") as consideration for Mr. Kiely's continued employment with the Company and agreeing to waive any rights under his change-in-control agreement which were triggered as a result of the Molson Coors merger. The RSUs vest in three equal annual installments on the anniversary of their grant date. The agreement also provides as further consideration for Mr. Kiely agreeing to waive any rights under his change-in-control agreement and remain with the Company, that the aggregate accrued benefit payable to him at age 62 under the Company's defined benefit retirement plans will not be less than \$250,000 (provided that such amount will be reduced in the event that the payment commences prior to age 62).

The agreement also provides that in the event that Mr. Kiely's employment is terminated by the Company for reasons other than for "cause" or by Mr. Kiely for "good reason," the Company shall pay to Mr. Kiely the sum of the following amounts:

accrued and unpaid amounts earned by Mr. Kiely until the date of termination;

base salary through the end of the year in which the termination occurs and a target bonus for the year in which the termination occurs;

the amount by which the (1) product of (x) three and (y) Mr. Kiely's annual base salary and his target bonus, exceeds (2) the value of the Retention Award on the date of their grant; and

75% of Mr. Kiely's then annual base salary.

Upon such termination, all restrictions on awards of restricted stock or RSUs and other stock-based awards (other than stock options) will be cancelled and such awards shall vest and any stock options that were scheduled to vest and become exercisable within 36 months after such termination shall vest and become immediately exercisable.

The agreement provides that, in certain situations, the Company will make additional payments to Mr. Kiely to offset excise taxes imposed pursuant to Section 4999 of the Internal Revenue Code on payments otherwise payable under the agreement.

In conjunction with entering into the employment agreement, Mr. Kiely entered into a confidentiality and non-competition agreement with the Company. This agreement provides that during the term of his employment with the Company and for a period of 12 months thereafter, Mr. Kiely shall not:

within the United States, Canada, the United Kingdom or Brazil, directly or indirectly own, manage, operate, control, be employed by, serve as a consultant to or otherwise participate in any business that has services or products competitive with those of the Company, or develop products or services competitive with those of Company;

cause or attempt to cause any individual who is, or at any time during the preceding three months was an executive or management employee of the Company ("Senior Employee") and who is then employed by the Company to leave the employ of the Company;

actively recruit or cause to be actively recruited any Senior Employee to work for any organization of, or in which Mr. Kiely is an officer, director, employee, consultant, independent contractor or owner of an equity interest;

cause to be hired any Senior Employee to work for any organization of, or in which Mr. Kiely is an officer, director, employee, consultant, independent contractor or owner of an equity interest; or

solicit, divert or take away, or attempt to take away, the business or patronage of any client, customer or account, or prospective client, customer or account, of the Company which were contacted, solicited or served by Mr. Kiely while employed by the Company.

The agreement also provides that Mr. Kiely shall not: (i) use, copy, disclose, divulge, transmit, convey, transfer or otherwise communicate any confidential information to any person or entity, either directly or indirectly, without the Company's prior written consent; or (ii) disclose to the Company any confidential information or trade secrets of former employers or other entities that Mr. Kiely has been associated with.

Coors Employment Agreement. Mr. Coors employment agreement took effect on June 27, 2005 (the "Effective Date") and has a term of three years provided that on each anniversary of the Effective Date, the term automatically extends for a period of three years from such anniversary, unless at least six (6) months prior to each anniversary, the Company gives notice to Mr. Coors that his employment will not be so extended. The agreement provides for a base salary of \$800,000 per year. The base salary is reviewed annually for an increase and may not be reduced after any increase. Mr. Coors is also eligible for an annual target bonus of at least 80% of his then annual base salary. The agreement also provides that Mr. Coors is entitled to at least five weeks of vacation annually and to participate in all of the Company's employee benefit, deferred compensation and perquisites plans and programs made available generally to senior executive officers of the Company. Mr. Coors is also eligible to receive cash and/or equity awards under the Company's incentive compensation plan commensurate with his position and consistent with such awards granted to senior executives of the Company. Pursuant to the agreement, the Company granted Mr. Coors 40,000 restricted stock units on approximately the Effective Date (the "Retention Award") as consideration for Mr. Coors' continued employment with the Company and agreeing to waive any rights under his change-in-control agreement which were triggered as a result of the Molson Coors merger. The RSUs vest in five equal annual installments on the anniversary of their grant date.

The agreement also provides that in the event that Mr. Coors' employment is terminated by the Company for reasons other than for "cause" or by Mr. Coors for "good reason," the Company shall pay to Mr. Coors the sum of the following amounts:

accrued and unpaid amounts earned by Mr. Coors until the date of termination,

base salary through the end of the year in which the termination occurs and a target bonus for the year in which the termination occurs,

the amount by which the (1) product of (x) three and (y) Mr. Coors' annual base salary and his target bonus, exceeds (2) the value of the Retention Award on the date of their grant; and

75% of Mr. Coors' then annual base salary.

Upon such termination, all restrictions on awards of restricted stock or RSUs and other stock-based awards (other than stock options) will be cancelled and such awards shall vest and any stock options that were scheduled to vest and become exercisable within 36 months after such termination shall vest and become immediately exercisable.

The agreement provides that, in certain situations, the Company will make additional payments to Mr. Coors to offset excise taxes imposed pursuant to Section 4999 of the Internal Revenue Code on payments otherwise payable under the agreement.

In conjunction with entering into the employment agreement, Mr. Coors entered into a confidentiality and non-competition agreement with the Company, which agreement contains substantially the same terms and conditions as the confidentiality and non-competition agreement between Mr. Kiely and the Company described above.

van Paasschen Employment Agreement. Mr. van Paasschen is party to an employment agreement dated February 28, 2005. The agreement provides for an annual base salary of \$625,000, to be reviewed annually. The annual base salary has been set at \$644,000 for 2006. Mr. van Paasschen received a sign on bonus consisting of a \$100,000 contribution under the Company's Deferred Compensation Program and options to purchase 75,000 shares of the Company's Class B Common Stock, vesting in three equal annual installments from the date of grant. Mr. van Paasschen is also eligible for Company benefits including: five weeks of vacation annually; participation in the Company's retirement plans, including pension and 401(k) plans; health and disability insurance; and term life insurance. Mr. van Paasschen is also eligible for other incentives, including a target bonus of 75% of annual salary (guaranteed for 2005), growth-based bonuses, and long-term incentive compensation. Under his employment agreement, options to purchase 75,000 shares of the Company's Class B Common Stock were granted to Mr. van Paasschen as long term incentive compensation for 2005. Mr. van Paasschen is eligible to earn up to \$937,500 in total over three years in such growth-based bonuses in increments of up to \$312,500 per year (guaranteed for 2005) if the Company achieves its annual goal of volume growth for such year. In the event Mr. van Paasschen's employment is terminated by the Company for reasons other than for cause, Mr. van Paasschen is entitled to receive a severance payment equal to one times his annual base salary and target bonus at the time of termination. The agreement also provides that in the event that the Chief Executive Officer of Molson Coors on the date of the agreement leaves the Company after three years and Mr. van Paasschen is not selected to succeed him, Mr. van Paasschen will be eligible to leave the Company and receive a severance payment equal to two times his then base salary and target bonus. Mr. van Paasschen also entered into an Inventions and Nondisclosure Agreement containing prohibitions on the disclosure of confidential information and non-competition provisions.

On March 21, 2006, the Company issued 150,000 limited stock appreciation rights ("LOSARS") to Mr. van Paasschen. The LOSARS rectify a monetary loss that Mr. van Paasschen experienced when, at the Company's request, he commenced employment with the Company two months earlier than initially agreed (March 2005 rather than May 2005). As a consequence of Mr. van Paasschen joining the Company earlier, stock options that the Company granted him at the outset of his employment, and as an inducement to join the Company, had less value because the stock price in March 2005 exceeded the stock price in May 2005. Upon exercise, the LOSARS entitle Mr. van Paasschen to receive shares of the Company's Class B Common Stock with a fair market value equal to the excess of the trading price of such shares on the date of exercise (up to a ceiling of \$77.20) over \$70.01 (the trading price on the date of grant). The Company also issued Mr. van Paasschen, Restricted Stock Units with a value equal to \$1,165,500. These Restricted Stock Units vest on the third anniversary of the date of grant.

Boyce Employment Agreement. Mr. Boyce is party to an employment agreement with the Company dated February 6, 2004. The agreement provides for an annual base salary which has been set at \$593,000 for 2006. The agreement also provides for certain Company benefits including: participation in the Company's retirement plans; life insurance; long term disability; a Company provided automobile; club member initiation fees and dues; financial counseling and tax return preparation; and four weeks of vacation annually. In the event that Mr. Boyce's employment with the Company is terminated other than for cause, disability, retirement or death, the agreement provides for Mr. Boyce to receive a severance payment in the form of the continuation of his base salary and benefits for a period of 24 months. The agreement also contains non-compete and non-solicitation of employees provisions.

Swinburn Employment Agreement. Mr. Swinburn is party to an employment agreement with the Company dated March 20, 2002. The agreement provides that Mr. Swinburn's employment may be

terminated by the Company by giving 24 months prior written notice or by Mr. Swinburn by giving six months prior written notice. Pursuant to the terms of the agreement, Mr. Swinburn was granted 2,000 stock options in February of 2002. The agreement provides for an annual base salary which has been set at \$580,000 for 2006. The agreement also provides for certain Company benefits including: participation in the Company's retirement plans and equity incentive plan; life insurance; a Company provided automobile; and 31 days of vacation annually. The agreement also contains non-compete and non-solicitation of employees provisions as well as prohibitions on the use of confidential information.

Executive Continuity and Protection Program. Certain Coors executive officers who had change-in-control agreements prior to the merger of Molson and Coors, including Timothy V. Wolf, our Global Chief Financial Officer, participate in the Company's Executive Continuity and Protection Program ("ECPP"). After the consummation of the merger of Coors and Molson, Molson Coors offered the ECPP to various pre-merger Coors employees who were otherwise entitled to change-in-control severance payments in certain situations as a result of the merger. The purpose of the ECPP was to provide certainty in the composition of Molson Coors' management by restructuring change-in-control agreements to preclude management employees from leaving Molson Coors as a result of the merger and receiving change-in-control severance benefits. Employees who were party to change-in-control agreements who did not agree to participate in the ECPP were terminated. Under the terms of the ECPP, the employee's change-in-control payment converted to a retention bonus (equal to two times base salary and target bonus) to be earned by the employee as follows: 50% on February 9, 2006 (the first anniversary of the merger) and the remaining 50% on February 9, 2007. Under the terms of the ECPP, the actual retention bonus earned by each such employee is subject to a 10% increase for an "above target" review for the immediately preceding year, or a 10% reduction for a "below target" review. In addition, employees participating in the ECPP agreed to waive all rights under the change-in-control agreement including certain stock option rights, pension and supplemental retirement plan benefits and other benefits to which the employee would otherwise have been entitled under the applicable change-in-control agreement.

The ECPP provides that upon termination of employment prior to February 9, 2007 by Molson Coors without "cause" or by the employee for "good reason," which includes a reduction in base salary (other than as part of a general reduction applicable to comparable management employees) or failure to provide the reasonable opportunity to participate in incentive, bonus, equity-based and other plans and programs in which executives with comparable duties participate or any failure to provide the compensation contemplated thereby, the employee would be entitled to a severance benefit that, when combined with the retention bonus, will approximate the cash portion of the change-in-control severance that would have been paid in such circumstances under the existing change-in-control agreement. Such severance benefit would be equal to the sum of: (1) base salary through the end of the then-current fiscal year plus an amount equal to the greater of (A) his or her target bonus for the year of termination or (B) his or her annual incentive bonus (the "Target Bonus"); (2) the full amount of any unpaid retention bonus (at the "on target" level); and (3) the excess, if any, of (A) two times the sum of base salary and the greater of (1) the Target Bonus and (2) the highest actual annual incentive bonus in fiscal years 2002, 2003 and 2004 over (B) the total retention bonus at the "on target" level.

Pursuant to the terms of the ECPP, Mr. Wolf's change-in-control payment was converted into the opportunity to earn a special target retention bonus of \$1,708,702, 50% of which was earned on February 9, 2006 (and paid on April 1, 2006) and the remaining 50% will be earned on February 9, 2007, so long as Mr. Wolf is still employed by Molson Coors at such time.

Compensation and Human Resources Committee Report on Executive Compensation

The Compensation and Human Resources Committee of the Board of Directors ("Committee") has furnished the following report on executive compensation for 2005. The Committee is composed

entirely of directors determined by the Board, in its business judgment, to be independent under the listing standards of the New York Stock Exchange and Molson Coors' certificate of incorporation. The Committee is responsible for the establishment and oversight of Molson Coors' executive compensation program. Mr. Matthews joined the Committee effective February 17, 2006, and did not serve on the Committee during the period to which this report relates.

Role of the Compensation and Human Resources Committee

The Board has delegated its responsibility to set the compensation of the Chief Executive Officer and other members of senior management to the Committee, although the full Board approves the compensation of the Chief Executive Officer. Accordingly, the Committee's Charter provides that the Committee is responsible for:

Reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer and making recommendations to the Board of Directors with respect to the performance and compensation of the Chief Executive Officer contemplated by the bylaws of Molson Coors;

Setting the compensation of other executive officers of Molson Coors;

Recommending to the Board of Directors the adoption, termination, or modification of the Molson Coors compensation and benefit plans, incentive and special compensation and equity-based plans or programs for officers and other employees;

Reviewing and monitoring compensation policies and practices, perquisites and other fringe benefits;

Making awards under, reviewing and interpreting the Molson Coors' compensation, incentive, equity and other benefit plans;

Performing succession planning for executive officer positions and monitoring the succession planning process for other members of management;

Submitting annually a report on executive compensation to be included in the proxy statement and overseeing compliance with reporting requirements relating to executive compensation;

Reviewing and making recommendations to the Nominating Committee with respect to Board of Director compensation; and

Periodically reporting on the Committee's activities to the full Board of Directors.

The Committee is authorized to select, retain and approve the fees of compensation consultants, outside counsel and other advisors and to cause Molson Coors to pay the necessary or appropriate expenses of the Committee, in each case at the discretion of the Board.

Executive Compensation Policies (2005)

During 2005, the Committee adhered to several guiding principles in carrying out its responsibilities:

The Company underwent a complex merger in 2005 and it was important that the business teams work together. The Committee recognized that compensation was an important tool in integrating the different business units.

Total compensation should reward individual, team and corporate performance and provide incentive to enhance shareholder value. Variable pay awards (short and long-term) will correlate closely (up and down) with business and individual

performance.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

Our total reward package includes base and variable pay, equity programs, benefits and personal growth. Molson Coors provides a base salary that will maintain its competitive market position. Molson Coors offers an annual incentive opportunity that aligns corporate growth objectives and performance with individual achievements. Performance measurement reflects objective achievement levels and fact-based judgments. The relative emphasis of each is set by local management.

At more senior levels of leadership, we focus on a combination of short and long-term performance. Over time, top performers should receive above average compensation and above median variable pay commensurate with Company results.

Along with our culture and other management systems, equity rewards will help us drive performance for Molson Coors, business units, and individuals. Equity will be used to align employees and our stockholders and will be focused on those individuals with the greatest ability to impact results.

The Committee considers several factors when determining compensation for executive officers:

Overall Company Performance

In addition to its familiarity with Company operations through participation at regular Board meetings, the Committee reviews Molson Coors' score card, which includes such items as annual sales, cost of goods sold, earnings, cash flow per share growth, debt reduction goals, market share gains, progress toward long-term objectives, and various qualitative factors relating to Company performance. Each year, management sets specific performance targets for Molson Coors and certain business units for each of the categories set forth above. In addition, some business units have specific targets in addition to overall Company performance that impact the performance ratings of the executive officers and other management personnel responsible for those units. These targets generally provide ranges below which no bonus compensation will be paid, and ranges for which incentive compensation will be paid, but which will vary depending on the level of performance within those ranges. The Committee reviews the performance targets annually, makes recommendations, and determines whether to approve management's targets and recommended salary and bonus levels.

Individual Performance

The Committee considers, in addition to business results, the executive's achievement of various other managerial objectives and personal development goals.

Competitive Compensation

In assessing the Company's overall compensation program for its senior executives, the Committee benchmarks against companies with similar market capitalization and revenues, as well as against companies in similar industries, with an overall guideline of targeting base compensation at the 50th percentile and variable or incentive-based compensation at the 75th percentile where warranted by performance.

Salary

Molson Coors has employment agreements with W. Leo Kiely, Peter H. Coors, Kevin T. Boyce, Peter Swinburn and Frits D. van Paasschen, as well as retention arrangements under the Executive Continuity and Protection Program with certain other Company executives (as more fully described under "Employment Contracts" above). In setting base salaries, the Committee generally considers the overall financial performance of Molson Coors as well as external and internal pay equity.

Salaries for executive officers, other than the Chief Executive Officer, were targeted at market level in line with our overall compensation philosophy.

Bonus

Molson Coors pays incentive (bonus) compensation to all of its officers and most employees, except certain sales employees and production employees under collective bargaining agreements, in accordance with prescribed plans. The plans are reviewed and approved by the Committee annually. These plans authorize payment of cash and/or stock based bonuses to participants based on a pre-established range of Company or business unit performance goals for designated performance periods. The incentive amount is calculated based on a percentage of the participant's salary, depending on grade level and position, and is divided into individual and Company-based components. Bonuses for higher ranked employees are weighted more in favor of Company performance and less individual performance. In addition, performance in some cases may include targets not totally within the control of the participant in order to incorporate cross-functional goals.

In March 2006, the Committee certified the 2005 results against established performance goals and approved individual bonuses for certain executive officers and employees who participate in the incentive plans, and who were determined to merit such bonuses. However, executives whose bonuses are based entirely on Company performance, including Messrs. Kiely and Wolf, did not receive a bonus for 2005.

Long-Term Incentives

Stock option and restricted share awards were used as Molson Coors' long-term incentives in 2005. Stock option and restricted share awards were made to approximately 750 middle and upper level managers, including Mr. Kiely and the other executive officers during 2005. The number of options and restricted share awards granted was based on job level and market total compensation. See "*Executive Compensation Policies (2006)*" below for a description of the stock options and restricted stock units.

Chief Executive Officer Compensation

We believe Mr. Kiely's compensation is reasonable relative to the market for chief executive officers in the comparable group of companies. Mr. Kiely's bonus is based entirely on Company performance. Because the Company did not reach its performance goals in 2005, Mr. Kiely did not receive a bonus for that year.

In 2005, the Committee approved a long-term incentive award to Mr. Kiely for 175,000 stock options and 60,000 restricted stock units under the 1990 Equity Incentive Stock Plan. The Committee determined the amount of this award after reviewing competitive market data, Mr. Kiely's individual performance, and the need to eliminate certain change in control rights to which Mr. Kiely otherwise would have been entitled because of the merger to form Molson Coors.

The Committee also reviewed perquisites and other compensation paid to Mr. Kiely for fiscal 2004 and found these amounts to be reasonable.

Executive Compensation Policies (2006)

During 2005, the Committee, with the assistance of its compensation consultant and Management, reviewed the compensation philosophy and policies of Molson Coors. The Committee undertook this comprehensive review because Molson Coors is a significantly larger and more complicated company than either Coors or Molson before the merger, operating in multiple international markets. The Committee recognized that the Company's compensation system must match that reality. Moreover, we are committed to following best practices for executive compensation within our comparator group and, more generally, for large, publicly-traded companies. 2005 clearly was a year in which best practices evolved significantly.

As a consequence, the Committee adopted a new long-term incentive compensation program for 2006. The program will use three mechanisms: first, performance shares; second, restricted stock units; and third, stock options. The performance share program will create a 5-year window in which granted shares will vest, upon meeting earnings objectives. If the objectives are not met within the window, no shares will vest, and the program will expire. This program will be broadly applicable to the Company's managers. Compared with pre-merger Coors, the restricted share program will involve grants to fewer individuals, higher within the organization, based on individual and corporate performance. Once granted, RSUs will vest three years from the date of grant, without regard to Company performance. Finally, stock options, which vest in three equal annual installments beginning on the first anniversary of the grant date, will be available to far fewer members of management than in prior years. Under the 2006 program, long term incentive awards will be made to approximately 500 employees which represents a significant decrease from 2005 and prior years. The Committee's decision to reduce the use of stock options in the 2006 long-term incentive compensation plan was based on three goals: (1) reducing stockholder dilution; (2) focusing long-term incentive compensation on Company performance; and (3) managing the costs to the Company of its long-term incentive program under the new accounting rules.

Policy on Deductibility of Compensation Expenses

Molson Coors is not allowed a tax deduction for certain compensation paid to certain executive officers in excess of \$1 million, except to the extent such excess constitutes performance-based compensation. The Committee considers its primary goal to be the design of compensation strategies that further the best interests of Molson Coors and its stockholders. To every extent, the Committee will attempt where practical to use compensation policies and programs that preserve the deductibility of compensation expenses.

Molson Coors' executive officers, directors and 10% stockholders are required under the Securities Exchange Act of 1934 to file with the Securities and Exchange Commission and the New York Stock Exchange reports of ownership and changes in ownership in their holdings of Molson Coors stock. Copies of these reports also must be furnished to Molson Coors. Based on an examination of these

reports and on written representations provided to Molson Coors, all such reports have been timely filed other than the following which were inadvertently filed after the required date for filing: (1) a Form 3 filed on behalf of Ms. Coors Osborn as a result of her appointment to the Board and a Form 4 filed on her behalf reporting her receipt of a stock option grant; (2) a Form 4 filed on behalf of Mr. Kiely reporting six gifting transactions which had not been previously reported; (3) a Form 4 filed on behalf of Mr. Swinburn reporting receipt of a stock option grant; (4) Form 3 filed on behalf of Mr. Cleghorn as a result of his appointment to the Board; and (5) a Form 3 filed on behalf of Mr. Daniel J. CERTAIN TRANSACTIONS AND RELATIONSHIPS

From time-to-time, we employ members of the Coors and Molson families, which together own a controlling interest in Molson Coors. Hiring and placement decisions are made based upon merit, and compensation packages are offered that are commensurate with policies in place for all employees of Molson Coors. Melissa Coors Osborn, a director of Molson Coors, is employed by Coors Brewing Company ("CBC") and is paid a base salary of \$95,000 in addition to cash bonuses, which in 2005 totaled \$11,875. Geoff Molson is employed by Molson USA, LLC and is paid a base salary of \$170,000 in addition to cash bonuses, which in 2005 totaled \$39,440 under the Sales Incentive Plan of the Molson USA, LLC business. We purchase a large portion of our paperboard packaging requirements from Graphic Packaging Corporation ("GPC"), a related party. The Adolph Coors Jr. Trust owns 39.62% of our Class A voting common stock, and various Coors family trusts collectively beneficially (including through Keystone Financing LLC) own approximately 13.3% of our Class B common stock, and approximately 30.41% of GPC's common stock. Our payments under the packaging agreement in 2005, 2004 and 2003 totaled approximately \$75.3 million, \$104.5 million, and \$106.4 million, respectively. We expect payments in 2006 to be approximately the same as in 2005.

We are also a limited partner in a real estate development partnership in which a subsidiary of GPC is the general partner. The partnership owns, develops, operates and sells certain real estate previously owned directly by us. We received no distributions from this partnership in 2005.

From time to time, National Public Relations (Canada) Inc., of which Andrew Molson, a director of Molson Coors, is an employee and shareholder, provides public relations services to Molson Coors. The amount of payments for such services in 2005 was approximately \$93,000.

To be timely for the 2007 Annual Meeting of Stockholders, a stockholder's notice shall be delivered to the Corporate Secretary at the principal executive offices of Molson Coors no

All notices for stockholder proposals and director nominations should be sent to Molson Coors Brewing Company, c/o Corporate Secretary, 1225 17th Street, Suite 3200, Denver, Colorado 80202 or 1555 Notre Dame Street East, Montréal, Québec, Canada H2L 2R5.

The purposes of the Audit Committee of Molson Coors Brewing Company are to:

1.

Assist the Board in overseeing:

The conduct and integrity of the Company's financial reporting to any governmental or regulatory body, the public or other users thereof;

The Company's compliance with legal and regulatory requirements;

The Company's systems of internal control over financial reporting and disclosure controls and procedures;

The qualifications, engagement, compensation, independence and performance of the Company's independent accountants, their conduct of the annual audit and their engagement for any lawful purposes;

2.

Prepare the report that the rules and regulations of the Securities and Exchange Commission ("SEC") require to be included in the Company's annual proxy statement.

3.

Provide an open avenue of communication among the independent accountants, financial and senior management, the internal auditing department and the Board of Directors.

While the Committee has the responsibilities and powers set forth in this Charter, it is recognized that the members of the Committee are not full-time employees of the Company and are not, and do not represent themselves to be, performing the functions of auditors or accountants. The function of the Committee is oversight and it is not the duty of the Committee to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards. The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures.

II.**Composition**

The Committee shall be comprised of not less than three (3) directors, each of whom is independent within the meaning of the rules and regulations relating to audit committee members of (i) the New York Stock Exchange or any other securities exchange or broker quotation system on which the securities of the Company are listed from time to time (each, an "Applicable Exchange") and (ii) the SEC. All of the members of the Committee shall meet the financial literacy requirements of each Applicable Exchange, and at least one member of the Committee shall be an "audit committee financial expert" as defined by SEC rules. Members of the Committee may receive no compensation, directly or indirectly, from the Company other than director's fees, which may be received in cash, stock options or other in-kind consideration ordinarily available to directors, and any other regular benefits that other directors receive.

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

Members of the Committee shall be appointed by the Board of Directors. Committee members shall hold their offices for one year and until their successors are elected and qualified, or until their earlier resignation or removal. All vacancies in the Committee shall be filled by the Board.

No director may serve as a member of the Committee if he or she serves on the audit committees of more than two other public companies unless the Board of Directors determines this would not impair the director's ability to effectively serve on the Committee and discloses its determination in the Company's annual report.

The Board shall designate one of the members as a Chair of the Committee.

III.

Meetings

The Committee shall meet at least four times annually or more frequently per the annual agenda and at such other times as determined by the Chair of the Committee. A majority of the members of the Committee shall constitute a quorum for the transaction of business. The Chair of the Committee shall prepare and/or approve an agenda in advance of each meeting. The Committee should meet separately and periodically (as appropriate) in executive session with management, the Chief Legal Officer, the director of the internal auditing department, the independent accountants and as a committee to discuss any matters that the Committee or each of these groups believes should be discussed privately. The Committee shall keep a separate book of the minutes of their proceedings and actions.

IV.

Responsibilities and Duties

To carry out its primary purposes, the Committee shall:

With respect to the Independent Accountants:

1. Directly appoint (subject, if applicable, to shareholder ratification), retain, compensate, evaluate and terminate the independent accountants, including sole authority to approve all audit engagement fees and terms. The independent accountants are ultimately accountable to, and report directly to, the Committee and the Board of Directors. The Committee shall provide oversight of the work of the independent accountants, including resolution of disagreements between management and the independent accountants regarding financial reporting.
2. Review, assess and discuss the qualifications, independence and performance of the independent accountants and lead audit partner and report its conclusions to the Board.
3. Obtain and review annually a report by the independent accountants describing: (1) the firm's internal quality-control procedures and (2) any material issues raised by the most recent internal quality-control review, or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting any independent audits carried out by the firm and any steps taken to deal with any such items. Discuss with the independent accountants any relationships or services disclosed in this report that may impact the quality of audit services or the objectivity of the independent accountants.
4. Review with the independent accountants the independent accountants' audit plan. Discuss scope, staffing, locations, reliance upon management and internal auditing, and general audit approach. Review and discuss significant findings by independent accountants, any audit problems or difficulties (including any restrictions on scope of the audit or access to requested information) and management's responses and follow-up.
5. Obtain from the independent accountants in connection with any audit a timely report relating to the Company's annual audited financial statements describing (1) all critical accounting

Edgar Filing: MOLSON COORS BREWING CO - Form DEF 14A

policies and practices used, (2) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the independent auditors, and (3) any material written communications between the independent auditors and management or analyses setting forth significant financial reporting issues and judgments, such as any "management" letter or schedule of unadjusted differences.

6. Obtain from the independent accountants assurance that (1) the audit was conducted in a manner consistent with Section 10A(b) of the Securities Exchange Act of 1934 as amended, and (2) the firm has complied with its obligation to identify and report fraud in connection with its audit of the Company's financial statements.
7. Pre-approve all audit services, internal control-related services and, to the extent permitted by law, all non-audit services provided by the independent accountants and develop and maintain a pre-approval policy to facilitate such approval process.
8. Discuss with management the timing and process for rotation of the lead audit partner, the concurring partner and any other active audit engagement partner and consider whether there should be a regular rotation of the audit firm itself.

With respect to Internal Auditing:

1. Annually review the audit project plan, significant changes in plan, activities, organizational structure and qualifications of the internal auditing department.
2. Review the appointment, performance, and replacement of the head of internal auditing.
3. Review significant reports prepared by the internal auditing department and management's responses and follow-up.

With respect to Review Procedures:

4. Review and reassess, at least annually, the adequacy of this charter and to recommend to the Board of Directors any modifications to this charter that the Committee considers necessary or valuable.
5. Review and discuss with management and the independent accountants the Company's annual audited financial statements and quarterly financial statements, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," prior to filing or distribution. Discuss significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including any significant changes in the Company's selection or application of accounting principles, any major issues as to the adequacy of internal controls and any special steps adopted in light of material control deficiencies. Review any significant disagreement among management and the independent accountants or the internal auditing department in connection with the preparation of the financial statements.
6. Discuss any reports or communications (and management's and/or the internal audit department's responses) submitted to the Committee by the independent accountants required by or referred to in SAS 61 related to the conduct of the audit of financial statements.
7. Discuss guidelines and policies governing the process by which management assesses and manages the company's exposure to risk. Discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

8. Inquire of the Company's Chief Executive Officer and Chief Financial Officer as to the existence of any significant deficiencies in the design or operation of internal controls that could adversely affect the Company's ability to record, process, summarize and report financial data, any material weaknesses in internal controls, and any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal controls.
9. Discuss earnings press releases and related financial information and earnings guidance provided to analysts, rating agencies and the public (paying particular attention to any use of "pro-forma" or non-GAAP information).
10. Review effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

With respect to Ethical and Legal Compliance:

11. Review reports from the Company's Chief Legal Officer regarding legal matters that could have a material or significant effect on the Company's financial statements in accordance with Statement of Financial Accounting Standards No. 5 ("Accounting for Contingencies"), under which determinations of probability of loss shall be made by the Chief Legal Officer, in consultation with the Principal Accounting Officer/Controller, with due consideration and processes for protecting the attorney-client privilege as determined by the Chief Legal Officer.
12. Review with the Company's Chief Legal Officer the sufficiency of the Company's internal legal controls and any issues involving the Company's, its subsidiaries' and/or their employees' compliance with applicable laws and regulations in all jurisdictions in which the Company and its subsidiaries do business and take appropriate responsive action(s).
13. Establish, review, and update periodically its Code of Business Conduct and ensure that management has established a system to enforce this code. Obtain reports from management and the Company's senior internal auditing director that the Company is in conformity with the Company's Code of Business Conduct. Review reports and disclosures of insider and affiliated party transactions. Advise the Board with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Code of Business Conduct.
14. Establish and maintain procedures for (1) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (2) for the confidential, anonymous submission by Company employees of concerns regarding questionable accounting or auditing matters.

With respect to Other Committee Responsibilities:

15. Annually prepare and cause to be filed in the Company's annual proxy statement a report to stockholders as required by the SEC.
16. Report its activities to the full Board of Directors on a regular basis and make such recommendations with respect to its activities and other matters as the Committee may deem necessary or appropriate.
17. Establish hiring policies for employees or former employees of the independent accountants.
18. Annually present to the Board of Directors a review and recommendation for approval of the Annual Report to stockholders and Form 10-K.

19. Ask members of management or others to attend meetings and provide pertinent information, as necessary.
20. Prepare and review with the Board, in the manner the Committee deems appropriate, an annual performance evaluation of the Committee, comparing its performance with the requirements of this charter.
21. Perform any other activities consistent with this Charter, the Company's Certificate of Incorporation and Bylaws and governing law, in each case as the Committee or the Board deems necessary or appropriate.

V.

Resources and Authority

The Committee has the authority to inquire into any matter it considers appropriate to carry out its responsibilities, with full access to all books, records, facilities and personnel of the Company and the independent accountants. The Committee shall have the (i) sole authority to retain, compensate, direct, oversee and terminate outside counsel, independent auditors and other advisors hired to assist the Committee, and (ii) authority to fund, as determined by the Committee, expenses of the Committee and its advisors that are necessary or appropriate in carrying out its duties, in each case without seeking the approval of the Board or management.
