**PROPOSAL 1 ELECTION OF DIRECTORS**

**PROPOSAL 1 ELECTION OF DIRECTORS**

The Company's Board of Directors currently consists of nine members and is divided into three classes serving terms of three years. Stockholders elect one class of directors at each annual meeting. The class up for election at the 2018 Annual Meeting is Class III, whose members currently include Thomas D. Carey, Daniel J. Levangie and Michael S. Wyzga. Upon the recommendation of the Corporate Governance and Nominating Committee of our Board of Directors, our Board of Directors has nominated and recommended Thomas D. Carey, Daniel J. Levangie and Michael S. Wyzga for re-election to our Board of Directors as Class III directors.

Shares represented by all proxies received by our Board of Directors and not marked so as to withhold authority to vote for any individual nominee will be voted FOR the election of the nominees named below. Our Board of Directors knows of no reason why any nominee would be unable or unwilling to serve, but if such should be the case, proxies may be voted for the election of some other person nominated by our Board of Directors.

The Company's Corporate Governance Guidelines provide for a majority voting policy in uncontested elections of nominees to our Board of Directors. Under the majority voting policy, any nominee for director in an uncontested election who receives a greater number of votes "withheld" from his or her election than votes "for" such election must offer his or her resignation as a director to the Corporate Governance & Nominating Committee of our Board of Directors. Upon receipt of this offer of resignation, the Corporate Governance & Nominating Committee will consider the offer of resignation and recommend to our Board of Directors action to be taken with respect to the offer of resignation, including whether or not to accept such offer of resignation. Our Board of Directors will then act upon such recommendation and promptly disclose its decision, together with an explanation of the reasons behind such decision. Our majority voting policy is set forth in our Corporate Governance Guidelines, which can be found on our website located at [www.exactsciences.com](http://www.exactsciences.com) under "Investor Relations Corporate Governance."

Set forth below are the nominees to be elected at the 2018 Annual Meeting and continuing directors and, for each such continuing director, the year such director was first elected as a director, the positions currently held by each director with us, the year each director's current term will expire and the current class of each director.

# **CORPORATE GOVERNANCE PRINCIPLES, BOARD MATTERS AND NON-EMPLOYEE DIRECTOR COMPENSATION**

## **Board Independence**

Our Board of Directors has determined that each of Thomas D. Carey, Eli Casdin, James E. Doyle, John A. Fallon, M.D., Daniel J. Levangie, David A. Thompson, Michael S. Wyzga and Katherine S. Zanotti is an independent director within the meaning of the director independence standards of The NASDAQ Stock Market, Inc. ("NASDAQ"). Furthermore, our Board of Directors has determined that all of the members of our Audit and Finance Committee, Compensation and Management Development Committee and Corporate Governance and Nominating Committee are independent within the meaning of the director independence standards of NASDAQ and the rules of the SEC applicable to each such committee.

## **Executive Sessions of Independent Directors**

Executive sessions of our independent directors are generally scheduled following each regularly scheduled in-person meeting of our Board of Directors. Executive sessions are led by David A. Thompson, our lead independent director, who actively solicits other independent directors for agenda items in advance of such meetings. Executive sessions of our independent directors are generally divided into two parts. The first part consists of a meeting between the independent directors and Kevin T. Conroy, our chairman and chief executive officer, and the second part consists of a meeting solely of the independent directors. The independent directors utilize the executive sessions to discuss, among other items, corporate strategy and planning, including succession planning for our executive officers.

## **Board Leadership Structure**

Currently, Mr. Conroy serves as both the Chairman of our Board of Directors and the Chief Executive Officer of the Company. Our bylaws permit these positions to be held by the same person, and our Board of Directors believes that it is in the best interests of the Company to retain flexibility in determining whether to separate or combine the roles of Chairman and Chief Executive Officer based on our circumstances. While our Board of Directors does not have a formal policy regarding the separation of the roles of Chairman and Chief Executive Officer, our Board of Directors recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of senior management, a highly engaged Board of Directors, and the right balance between (i) effective independent oversight of the Company's business, (ii) our Board of Directors' activities and (iii) consistent corporate leadership. Our Board of Directors is open to, and assesses on at least an annual basis, different structures that provide such an optimal leadership structure, particularly given the dynamic and competitive environment in which the Company operates. As part of its most recent such assessment, the independent directors gave thorough consideration to a number of factors, including, but not limited to, the strategic goals of the Company, the dynamics of our Board of Directors, best practices within our industry, and the status of the Company's progress with respect to certain key strategic initiatives.

Based upon these considerations, the independent directors determined to maintain our Board of Directors' current leadership structure with Mr. Conroy serving as both the Chairman of our Board of Directors and the Chief Executive Officer of the Company. The independent directors based this determination on (1) Mr. Conroy's extensive experience in and knowledge of the Company, the diagnostics industry and the regulatory environment, (2) the highly effective bridge Mr. Conroy's service provides between our Board of Directors and the Company's management, (3) Mr. Conroy's continued leadership and vision necessary to lead our Board of Directors and the Company through its challenging industry and macroeconomic environments, (4) Mr. Conroy's ability to make prudent and key strategic decisions in the face of the Company's rapid growth, (5) Mr. Conroy's investor-focused perspective and (6) the effective independent leadership provided on the Board of Directors by David A. Thompson, serving in his role as lead independent director.

Our Corporate Governance and Nominating Committee Charter provides that at any time that the Company does not have an independent Chairman of our Board of Directors, the chairperson of our Corporate Governance and Nominating Committee shall also serve as our lead independent director. As such, Mr. Thompson serves as our lead independent director. The independent directors believe that Mr. Thompson has demonstrated, and will continue to demonstrate, forceful, energetic and independent leadership and thought in that position.

Our Board of Directors which consists entirely of independent directors other than Mr. Conroy exercises a strong, independent oversight function. This oversight function is enhanced by the fact that our Audit and Finance, Compensation and Management Development and Corporate Governance and Nominating Committees are comprised entirely of independent directors. Further, our Board of Directors meetings include regular executive sessions of the independent directors and an annual evaluation of our CEO's performance against pre-determined goals. Our Board of Directors can and will change its leadership structure if our Board of Directors determines that doing so is in the best interest of the

Company and its stockholders.

**Policy Governing Security Holder Communications with our Board of Directors**

As set forth in our Corporate Governance Guidelines, a copy of which is available at [www.exactsciences.com](http://www.exactsciences.com), security holders who wish to communicate directly with our Board of Directors, the independent directors of our Board of Directors or any individual member of our Board of Directors may do so by sending such communication by certified mail addressed to the Chairman of our Board of Directors, as a representative of the entire Board of Directors,

**Policies Regarding Director Nominations**

Our Board of Directors has adopted a policy concerning director nominations, a copy of which is available at [www.exactsciences.com](http://www.exactsciences.com). Set forth below is a summary of certain provisions of this policy.

**Director Qualifications**

Our Corporate Governance and Nominating Committee is responsible for identifying the appropriate qualifications, skills and characteristics desired of members of our Board of Directors in the context of the needs of the business and the current composition and needs of our Board of Directors.

Director candidates are considered based upon a variety of criteria, including demonstrated business and professional skills and experiences relevant to our business and strategic direction, concern for long-term stockholder interests, personal integrity and sound business judgment. Our Board of Directors seeks members from diverse professional backgrounds who combine a broad spectrum of relevant industry and strategic experience and expertise that, in concert, offer us and our stockholders diversity of opinion and insight in the areas most important to us and our corporate mission. In addition, nominees for director are selected to have complementary, rather than overlapping, skill sets. While our Corporate Governance and Nominating Committee does not have a formal policy concerning the diversity of our Board of Directors, our Corporate Governance and Nominating Committee considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership and actively seeks female and racially diverse candidates. All candidates for director nominee must have time available to devote to the activities of our Board of Directors. Our Corporate Governance and Nominating Committee also considers the independence of candidates for director nominee, including the appearance of any conflict in serving as a director. Candidates for director nominees who do not meet all of these criteria may still be considered for nomination to our Board of Directors if our Corporate Governance and Nominating Committee believes that the candidate will make an exceptional contribution to us and our stockholders.

**Process for Identifying and Evaluating Director Nominees**

Our Board of Directors is responsible for selecting nominees for election to our Board of Directors by our stockholders. Our Board of Directors delegates the selection process to our Corporate Governance and Nominating Committee, with the expectation that other members of our Board of Directors, and of management, may be requested to take part in the process as appropriate. Generally, our Corporate Governance and Nominating Committee identifies candidates for director nominees in consultation with management, through the use of search firms or other advisers, through the recommendations submitted by other directors or stockholders or through such other methods as our Corporate Governance and Nominating Committee deems appropriate. Once candidates have been identified, our Corporate Governance and Nominating Committee confirms that the candidates meet the qualifications for director nominees established by our Corporate Governance and Nominating Committee. Our Corporate Governance and Nominating Committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks, or any other means that our Corporate Governance and Nominating Committee deems to be helpful in the evaluation process. Our Corporate Governance and Nominating Committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of our Board of Directors. Based on the results of the evaluation process, our Corporate Governance and Nominating Committee recommends candidates for our Board of Directors' approval as nominees for election to our Board of Directors. Our Corporate Governance and Nominating Committee also recommends candidates for our Board of Directors' appointments to the standing committees of our Board of Directors.

**Procedures for Recommendation of Director Nominees by Stockholders**

The policy of our Corporate Governance and Nominating Committee is to consider properly submitted stockholder recommendations for director candidates. To submit a recommendation to our Corporate Governance and Nominating Committee for director nominee candidates, a stockholder must make such recommendation in writing and include:

Recommendations must be sent to the Chairperson of our Corporate Governance and Nominating Committee, c/o Secretary, Exact Sciences Corporation, 441 Charmany Drive, Madison, Wisconsin 53719. The Secretary must receive any such recommendation for nomination not later than the close of business on the 120th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to stockholders in connection with the preceding year's annual meeting of stockholders; provided, however, that with respect to a special meeting of stockholders called by us for the purpose of electing directors to our Board of Directors, the Secretary must receive any such recommendation not earlier than the 90th day prior to such special meeting nor later than the later of (1) the close of business on the 60th day prior to such special meeting or (2) the close of business on the 10th day following the day on which a public announcement is first made regarding such special meeting. We will promptly forward any such nominations to our Corporate Governance and Nominating Committee. **Policy Governing Director Attendance at Annual Meetings of Stockholders**

Our policy is to schedule a regular meeting of our Board of Directors on the same date as our annual meeting of stockholders and, accordingly, directors are encouraged to be present at such stockholder meetings. All individuals serving on our Board of Directors at the time of the 2017 annual meeting attended the 2017 annual meeting of stockholders.

**Code of Business Conduct and Ethics**

We have in place a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of our directors, officers and employees. The Code of Ethics is designed to deter wrongdoing and promote:

- » honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- » full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in other public communications that we make;
- » compliance with applicable governmental laws, rules and regulations;
- » the prompt internal reporting of violations of the Code of Ethics to an appropriate person identified in the Code of Ethics;
- » accountability for adherence to the Code of Ethics; and
- »

Table of Contents**CORPORATE GOVERNANCE PRINCIPLES, BOARD MATTERS AND NON-EMPLOYEE DIRECTOR COMPENSATION****Role of our Board of Directors in Risk Oversight**

Our Board of Directors administers its risk oversight function directly and through our Audit and Finance Committee and our Compensation and Management Development Committee. Our Audit and Finance Committee regularly discusses with management the Company's major risk exposures, their potential financial impact on the Company, and the steps taken to monitor and control those risks and reviews with management annually a summary of risk management activities including an insurance review, a review of management's precautionary plans for disaster protection, and a review of the Company's policies and procedures with respect to cybersecurity threats and related issues. Additionally, our Audit and Finance Committee assists our Board in its oversight of the Company's compliance with legal and regulatory matters. Our Compensation and Management Development Committee, together with management, has reviewed the Company's compensation policies and practices and concluded that such policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

**Director Compensation***Compensation Policy for Non-Employee Directors*

We maintain a compensation policy for our non-employee directors (the "Director Compensation Policy") that is intended to enable us to attract and retain, on a longer-term basis, high-qualified non-employee directors. The Director Compensation Policy is supported by a periodic benchmarking exercise conducted by Radford, an Aon Consulting Company ("Radford"), the Company's independent executive compensation consultant, which positions the cash and equity compensation paid to our non-employee directors at the market median of a peer group that is reviewed annually.

Under the Director Compensation Policy, on the date of each annual stockholders meeting, each non-employee director who continues to serve as a director following such meeting is paid an annual cash retainer as follows:

Lead Independent Director	75,000
Director	50,000
Audit and Finance Committee	25,000
Compensation and Management Development Committee	20,000
Corporate Governance and Nominating Committee	13,000
Audit and Finance Committee	12,500
Compensation and Management Development Committee	10,000
Corporate Governance and Nominating Committee	6,500

In lieu of cash, each non-employee director may elect to receive shares of Company common stock having an equivalent dollar value.

In addition, non-employee directors are paid cash compensation of \$1,500 per meeting in atypical circumstances when (1) our Board of Directors or any committee has met more than 10 times per year or (2) our Board of Directors creates a special committee.

## Edgar Filing: EXACT SCIENCES CORP - Form DEFR14A

Under the Director Compensation Policy, on the date of each annual stockholders meeting, each non-employee director who is continuing to serve as a director following such meeting is also granted restricted stock or deferred stock units having a value of \$200,000 with the number of restricted stock or deferred stock units to be issued being determined based on the closing price of the Company's common stock on the grant date. These annual equity grants are scheduled to vest upon the earlier of the first anniversary of the grant date or the date of the next annual stockholders meeting; provided upon the death of a director, such director's awards vest in full; upon a director's ceasing to serve for any other reason, such director's awards vest pro rata based on the number of days since the grant date; and upon a change of control, all awards vest in full.

Under the Director Compensation Policy, if a director is elected or appointed to our Board of Directors other than on the date of the Company's annual meeting of stockholders, such director's annual cash and equity compensation as described above, for the period between the date of such election or appointment and the date of the Company's next annual meeting of stockholders, will be granted in a pro rata amount on the date of such annual meeting to reflect the date of such director's election or appointment and the date of the Company's following annual meeting of stockholders. The number of restricted stock or deferred stock units to be issued to the director based on the foregoing pro rata compensation is determined based on the closing price of the Company's common stock on the date of such director's appointment, and such restricted stock or deferred stock units is fully vested upon grant.

Table of Contents**CORPORATE GOVERNANCE PRINCIPLES, BOARD MATTERS AND NON-EMPLOYEE DIRECTOR COMPENSATION**

Upon his or her initial election to our Board of Directors, a new director receives shares of restricted stock or deferred stock units having a value equal to \$300,000 based on the closing sale price of our common stock on the date of grant. Such shares of restricted stock or deferred stock units vest in three equal annual installments.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of our Board of Directors.

Our policy is that our Audit and Finance Committee shall review the material facts of all related person transactions (as defined in the related person transaction approval policy) and either approve or disapprove of the entry into any related person transaction. In determining whether to approve or ratify a related person transaction, our Audit and Finance Committee will take into account, among other factors it deems appropriate, whether the related person transaction is on terms comparable to those available from an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

**REPORT OF THE AUDIT AND FINANCE COMMITTEE**

The Audit and Finance Committee is comprised of Eli Casdin, John A. Fallon, M.D., Daniel J. Levangie and Michael S. Wyzga. None of the members of the Audit and Finance Committee is an officer or employee of the Company, and the Board of Directors has determined that each member of the Audit and Finance Committee meets the independence requirements promulgated by The NASDAQ Stock Market and the SEC, including Rule 10A-3(b)(1) under the Exchange Act.

The Audit and Finance Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls and the certification of the integrity and reliability of the Company's internal controls procedures. In fulfilling its oversight responsibilities, the Audit and Finance Committee has reviewed the Company's audited consolidated balance sheets at December 31, 2017 and 2016 and the related consolidated statements of operations, comprehensive loss, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2017, and has discussed them with both management and BDO USA, LLP ("BDO"), the Company's independent registered public accounting firm. The Audit and Finance Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by the Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board. The Audit and Finance Committee has reviewed permitted services under rules of the SEC as currently in effect and discussed with BDO their independence from management and the Company, including the matters in the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit and Finance Committee concerning independence. The Audit and Finance Committee has also considered and discussed the compatibility of non-audit services provided by BDO with that firm's independence.

Based on its review of the consolidated financial statements and the aforementioned discussions, the Audit and Finance Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Respectfully submitted by the Audit and Finance Committee.

## COMPENSATION AND OTHER INFORMATION CONCERNING NAMED EXECUTIVE OFFICERS

### Compensation Discussion and Analysis

This *Compensation Discussion and Analysis* explains our executive compensation program as it relates to our named executive officers ("NEOs"), whose compensation information is presented in the following tables and discussion in accordance with SEC rules:

<b>Kevin T. Conroy</b>	Chairman, President and Chief Executive Officer
<b>Graham P. Lidgard</b>	Senior Vice President and Chief Science Officer
<b>Jeffrey T. Elliott</b>	Chief Financial Officer
<b>D. Scott Coward</b>	Senior Vice President, General Counsel and Secretary
<b>Maneesh K. Arora</b>	Former Senior Vice President and Chief Operating Officer*

\*

In April 2018, Mr. Arora resigned from his positions as Senior Vice President and Chief Operating Officer and a member of our Board of Directors. Mr. Arora will remain a non-executive employee of the Company for a transition period through December 31, 2018 unless such arrangement is terminated earlier.

Our executive compensation program is designed to focus executive behavior on achievement of both our annual and long-term objectives and strategy as well as align the interests of management with those of our stockholders. To that end, executive compensation consists of three primary elements: salary, long-term equity interests and an annual cash bonus opportunity based on individual and corporate performance.

### Objectives of Our Executive Compensation Program

Our compensation program for our executive officers is intended to achieve the following objectives:

- » Focus executive behavior on achievement of our annual and long-term objectives and strategy;
- » Provide a competitive compensation package that enables us to attract and retain qualified executives;
- » Provide a total compensation structure that our Compensation and Management Development Committee believes is comparable to similarly-sized companies in the life sciences industry with which we may compete for talent and which consists of a mix of base salary, equity and cash incentives; and
- » Align the interests of management and stockholders by providing management with long-term incentives through equity ownership.

### **Elements of Executive Compensation**

Our executive compensation program consists of three primary elements: salary, long-term equity interests and an annual cash bonus opportunity based on both corporate and individual performance. Pursuant to their employment agreements, certain of our executive officers participate in a long-term incentive plan that provides for certain cash payments upon certain changes of control of the Company. All of our executive officers are also eligible for certain benefits offered to employees generally, including, life, health, disability, dental and vision insurance, as well as participation in our 401(k) plan and 2010 Employee Stock Purchase Plan. We do not currently believe it is necessary for the attraction or retention of management talent to provide executive officers with compensation in the form of perquisites (other than housing and relocation benefits from time to time).

### **Determining Executive Compensation**

It is the responsibility of our Compensation and Management Development Committee to administer our compensation practices, to ensure that they are competitive and financially prudent and that they include incentives that are designed to appropriately drive performance. To achieve this, our Compensation and Management Development Committee periodically reviews commercially-available, industry-specific compensation data for companies of generally similar employee size, stage of development and market capitalization in the diagnostic, biotechnology and medical device industries as a general guide for establishing our pay and equity practices and structures. Our Compensation and Management Development Committee, along with our Board of Directors, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against them. On an annual basis, our Compensation and Management Development Committee reviews tally sheets reflecting each executive officer's compensation history with respect to each element of compensation, as well as projected payouts that would come due in connection with a termination or change of control.

Table of Contents

**COMPENSATION AND OTHER INFORMATION CONCERNING NAMED EXECUTIVE OFFICERS**

Our Compensation and Management Development Committee conducts an annual review of performance and compensation during the first quarter of each year for the purpose of determining the compensation of executive officers other than the Chief Executive Officer. As part of this review, the Chief Executive Officer submits recommendations to our Compensation and Management Development Committee relating to the compensation of these officers. Following a review of these recommendations, our Compensation and Management Development Committee approves the compensation of these officers, with such modifications to the Chief Executive Officer's recommendations as our Compensation and Management Development Committee considers appropriate.

Our Compensation and Management Development Committee's review of the Chief Executive Officer's compensation is subject to additional procedures. With input from the independent directors, the Lead Independent Director, along with our Compensation and Management Development Committee, evaluates the Chief Executive Officer's performance and reviews the evaluation with him. Based on that evaluation and review and consultation with its independent compensation consultant, our Compensation and Management Development Committee then determines the Chief Executive Officer's compensation. The Chief Executive Officer is not permitted to attend the portions of meetings of our Compensation and Management Development Committee where the Committee votes or deliberates on his compensation.

Our Compensation and Management Development Committee has engaged Radford as its independent executive compensation consultant. Our Compensation and Management Development Committee has assessed the independence of Radford pursuant to SEC and listing exchange rules and concluded that no conflict of interest exists that would prevent Radford from serving as an independent consultant to our Compensation and Management Development Committee.

**Analysis of Executive Compensation**

Pursuant to its engagement, in early 2017 Radford provided our Compensation and Management Development Committee an annual review of the competitiveness of our executive compensation program, including the competitiveness of our base salaries, target total cash compensation, long-term incentives and target total direct compensation.

Radford analyzed the components of our executive compensation program against information blended from (1) proxy statement data from a peer group of companies that consisted of publicly-traded diagnostic, biotechnology and medical device companies that were similar to the Company in terms of stage of development, headcount, revenue and market capitalization and (2) survey data from a broader group of commercial stage public diagnostics, medical device and biotechnology companies with revenue between \$30 million and \$275 million and market capitalization between \$700 million and \$2.1 billion.

Our Compensation and Management Development Committee seeks to identify an executive compensation peer group of approximately 20 companies in the diagnostic, biotechnology and medical device industries at a similar stage of development and comparable financial profile that may compete with the Company for executive talent. Based on Radford's review and recommendations regarding the Company's executive compensation peer group, our Compensation and Management Development Committee approved a new peer group for 2017. In its review, Radford focused on creating a peer group that:

- » Represented companies operating in the diagnostics, medical device and biotechnology industries;
- » Contained commercialized companies with respect to the stage of such companies' development; and
- » Captured comparable companies in terms of headcount, revenue and market capitalization.

Based on Radford's recommendations, our Compensation and Management Development Committee (1) removed four companies from the prior year's peer group either because they were acquired or no longer met the targeted market capitalization level and (2) added six companies to the prior year's peer group (ABIOMED, Acorda Therapeutics, Meridian Bioscience, Myriad Genetics, Natera and Tesaro) that met the stated criteria.

## Edgar Filing: EXACT SCIENCES CORP - Form DEFR14A

Based on Radford's analysis, we reached the following conclusions regarding our executive compensation program relative to our peer group:

- » Base salary levels for our NEOs would remain targeted between the 25<sup>th</sup> percentile and 50<sup>th</sup> percentile.
- » Total cash compensation (base salary plus annual cash bonus opportunity) levels for our NEOs would remain targeted between the 40<sup>th</sup> and 50<sup>th</sup> percentile.
- » The aggregate value of the long-term incentive compensation awarded to our NEOs would generally remain targeted between the 50<sup>th</sup> and 75<sup>th</sup> percentile.

Radford also provided us with an assessment of our annual equity award burn rate and the expected retentive value of equity awards held by our executives, as well as an analysis of the alignment of Company performance and CEO compensation.

Based on our assessment of the performance of the executives and our compensation philosophy as described in this *Compensation Discussion and Analysis*, in early 2017 our Compensation and Management Development Committee took the following actions:

- » Increased the base salaries of Mr. Conroy, Mr. Arora, Dr. Lidgard and Mr. Coward from \$575,000 to \$632,500, \$453,200 to \$475,900, \$391,400 to \$430,500 and \$370,800 to \$400,300, respectively, to recognize continued contributions of these individuals to the Company. Our Compensation and Management Development Committee elected not to increase Mr. Elliott's base salary for 2017 as Mr. Elliott had received an increase in base salary from \$270,000 to \$350,000 in November 2016 upon his appointment as Chief Financial Officer;
- » Increased Mr. Conroy's target bonus opportunity from 75% to 80% of base salary bringing Mr. Conroy's total target cash compensation to approximately the 42nd market percentile, increased Dr. Lidgard's target bonus opportunity from 40% to 50% of base salary bringing Dr. Lidgard's total target cash compensation to approximately the 50th percentile, and increased Mr. Coward's target bonus opportunity from 45% to 50% of base salary

Table of Contents**COMPENSATION AND OTHER INFORMATION CONCERNING NAMED EXECUTIVE OFFICERS**

bringing Mr. Coward's total target cash compensation to approximately the market 50th percentile. Our Compensation and Management Development Committee maintained Mr. Arora's and Mr. Elliott's target bonus opportunities at 60% and 40% of base salary, respectively; and

»

Granted annual equity awards with time-based vesting terms to Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Elliott and Mr. Coward at the market 60th percentile (with Mr. Conroy, Mr. Arora, Dr. Lidgard and Mr. Coward each receiving additional equity awards equal to 20% of the market 60th percentile in recognition of exceptional 2017 performance), consisting of stock options covering 240,000, 132,000, 81,000, 75,000 and 65,000 shares, respectively, and RSUs covering 137,300, 75,500, 46,300, 42,900 and 37,200 shares, respectively. Mr. Coward received an additional 8,500 RSUs to compensate for a shortfall in the number of performance share units he was awarded in 2016.

**2017 Bonus Plan**

Our Compensation and Management Development Committee believes that a meaningful portion of our executives' compensation should be "at risk" in other words, contingent upon successful implementation of our strategy and goals. Accordingly, one component of our executive compensation program is an annual cash bonus opportunity under which each of our executive officers is eligible to earn an annual cash bonus with a specified target amount equal to a percentage of base salary, with the actual bonus awarded to be based upon the achievement of corporate goals determined by our Compensation and Management Development Committee in its discretion. In January 2017, our Compensation and Management Development Committee approved metrics to be used to determine 2017 bonuses, which included (1) improvement of the Cologuard customer experience, (2) the growth of Cologuard revenue and profitability, (3) innovation in product development and (4) employee engagement (which was used as an additional bonus weighting only for Company management at the Vice President level and above). Our NEOs were eligible to earn bonuses for 2017 performance equal to up to 206% of their target bonuses, which were target bonuses of 80% of base salary for Mr. Conroy, 60% of base salary for Mr. Arora, 50% of base salary for each of Mr. Coward and Dr. Lidgard and 40% of base salary for Mr. Elliott. Our Compensation and Management Development Committee determined actual bonus payments after the end of 2017 based on the Committee's assessment of the performance of the Company relative to the business goals and weightings as described in the chart below.

Performance against the applicable goals is expected to be used by our Compensation and Management Development Committee in determining annual bonus payments. However, in determining actual bonus payments our Compensation and Management Development Committee ultimately relies on its judgment after a comprehensive review of Company performance, as well as consideration of qualitative and other factors, without being tied to any formulas or pre-established weightings. Our Compensation and Management Development Committee has ultimate discretion to modify the matrix and may periodically revisit goals and weightings as circumstances change (though our Compensation and Management Development Committee did not make any such modifications with respect to 2017 bonuses).

In determining 2017 bonus awards, our Compensation and Management Development Committee considered the executive team's achievement of a variety of business plan goals, as follows:

<b>Improve customer experience</b>		20%
	Patient and provider satisfaction	
	Compliance rate	
<b>Grow Cologuard revenue and profitability</b>		60%
	Achievement of a target of online-based orders of Cologuard	

Revenue targets

Increase number of ordering physicians

**Product  
innovation**

20%

Product study completions

Product research submissions

Development of international expansion potentials

In addition, our Compensation and Management Development Committee provided each member of the executive team an opportunity to earn an additional 10% of his or her target bonus amount upon satisfactory levels of employee engagement, as measured by certain employee survey satisfaction results.

After considering the executive team's achievement of key business plan goals, which included achievement of 2017 revenue well in excess of target, our Compensation and Management Development Committee determined to award cash bonuses for 2017 performance at 182% of target. Accordingly, Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Elliott of \$920,920, \$519,683, \$391,755, \$364,273 and \$254,800, respectively.

### Annual Equity Awards

We believe successful long-term Company performance is critical to enhancing stockholder value. For this reason and to conserve cash and better align the interests of management and stockholders, we emphasize long-term equity compensation, with the performance of each NEO primarily governing the Compensation and Management Development Committee's considerations in determining long-term equity awards to each of them.

Table of Contents

**COMPENSATION AND OTHER INFORMATION CONCERNING NAMED EXECUTIVE OFFICERS**

In January 2017, our Compensation and Management Development Committee approved annual equity awards to our NEOs consisting of time-vesting RSUs and stock options, including the approval of the number of shares of our common stock subject to each award. Customarily, these equity awards would have been issued on February 23, 2017 in accordance with our Statement of Policy with respect to Equity Award Approvals. However, the issuance of these awards was contingent upon receipt of stockholder approval of the First Amendment to the 2010 Omnibus Long-Term Incentive Plan (As Amended and Restated Effective April 28, 2015) at the 2017 Annual Meeting of Stockholders, which increased the number of shares reserved under our Omnibus Plan (the "2017 Plan Amendment").

Pursuant to and in accordance with FASB ASC Topic 718, the grant date fair value of each equity award was calculated as of July 27, 2017, the date on which the contingency of each such equity award (stockholder approval of the 2017 Plan Amendment) was satisfied. The closing price of our common stock on July 27, 2017 was \$37.93. This \$37.93 closing price was significantly higher than the \$21.68 closing price of our common stock on February 23, 2017, the date on which such equity awards would otherwise have been granted to our NEOs, and the date on which the FASB ASC Topic 718 grant date fair value would have been determined, had such equity awards not been subject to the contingency of stockholder approval of the 2017 Plan Amendment, which resulted in meaningfully higher grant date fair values than if such grant date fair values would have been calculated as of February 23, 2017. Please refer to Footnote 3 of the Summary Compensation Table below for additional information on the calculation of the grant date fair value of the equity awards discussed in this section.

Upon receipt of the required stockholder approval in July 2017, Mr. Conroy, Mr. Arora, Dr. Lidgard, Mr. Coward and Mr. Elliott received stock options approved in January 2017 covering 240,000, 132,000, 81,000, 75,000 and 65,000 shares, respectively. The shares underlying these options vest and become exercisable in four equal annual installments beginning on the first anniversary of the February 2017 grant date. Additionally, Mr. Conroy, Mr. Arora, Mr. Coward, Dr. Lidgard, and Mr. Elliott received RSUs covering 137,300, 75,500, 51,400, 46,300 and 37,200 shares, respectively. These RSUs vest in four equal annual installments beginning on the first anniversary of the February 2017 grant date.

These awards were intended to motivate the retention of our NEOs and provide our NEOs with a market competitive long-term equity incentive opportunity. Our Compensation and Management Development Committee believes that annual equity awards provide executive officers with the opportunity to acquire long-term stock ownership positions, which motivates them to focus on long-term stockholder value, and that time-based vesting of these awards helps us to retain our leadership team in a competitive environment.

**Omnibus Plan**

The Company maintains the Exact Sciences Corporation 2010 Omnibus Long-Term Incentive Plan (As Amended and Restated Effective July 27, 2017) (as amended, the "Omnibus Plan"), under which we may grant cash and equity incentive awards to eligible service providers in order to attract, motivate and retain the talent for which we compete. The plan is scheduled to terminate on July 16, 2020 unless earlier terminated by our Board of Directors. The Omnibus Plan provides for the grant of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock awards, restricted stock units and other stock-based awards. Incentive stock options may be granted only to employees, and all other awards may be granted to our and our affiliates' employees, non-employee directors, consultants and other service providers. The Omnibus Plan is administered by our Board of Directors or a committee of our Board of Directors designated by our Board of Directors to administer the Omnibus Plan. Our Board of Directors has designated the Compensation and Management Development Committee to administer the Omnibus Plan.

**Company Clawback Policy**

If any of the Company's financial statements are required to be restated, the Company may recover all or a portion of any award made under the Omnibus Plan with respect to any fiscal year of the Company the financial results of which are negatively affected by the restatement. The amount to be recovered will be the amount by which the affected award exceeds the amount that would have been payable had the financial statements been initially filed as restated. Moreover, any award, amount or benefit received under the Omnibus Plan will be subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of any applicable Company clawback policy or any applicable law, as may be in effect from time to time, whether adopted prior to or following the date of the award.

**Other Compensation**

We permit executive officers to purchase common stock at a discount through our 2010 Employee Stock Purchase Plan on the same terms and conditions as our other employees. Executive officers may also participate in our 401(k) Plan, which allows for the investment of a portion of plan assets in shares of our common stock. Our Compensation and Management Development Committee approved a discretionary matching Company contribution to our 401(k) Plan for 2017. The matching contribution was made using Company stock in an amount equal to 100% of

an employee's total deferrals into the plan up to a limit of 6% of the employee's total compensation (subject to IRS limits).

### **Role of Stockholder Say-on-Pay Votes**

We provide our stockholders with the opportunity to cast an annual advisory vote on executive compensation (a "say-on-pay proposal"). At the Company's annual meeting of stockholders held in July 2017, approximately 87% of the votes cast on the say-on-pay proposal at the meeting were voted in favor of the proposal. Our Compensation and Management Development Committee believes this vote affirms our stockholders' support of the Company's approach to executive compensation and did not make specific changes to our executive compensation program in response to the vote. However, our Compensation and Management Development Committee continues to review and refine the design and administration of our executive pay practices. Our Compensation and Management Development Committee also will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

Table of Contents**COMPENSATION AND OTHER INFORMATION CONCERNING NAMED EXECUTIVE OFFICERS****Stock Ownership Guidelines**

We maintain Stock Ownership Guidelines to encourage ownership of shares of the Company's common stock by our directors and senior executives, to further align their interests with the long-term interests of our stockholders and to further promote the Company's commitment to sound corporate governance. Under these guidelines, directors and senior executives have until the later of (1) April 21, 2019 and (2) three years from the date the director or senior executive becomes subject to the guidelines, to achieve an ownership target determined as follows:

	<b>Base Salary Multiple</b>	<b>Fixed Share Target</b>
<b>Board of Directors</b>	Number of shares with a stock value equal to or greater than 3 times annual retainer	Number of shares equal to or greater than annual retainer, divided by stock value, multiplied by 3
<b>CEO</b>	Number of shares with a stock value equal to or greater than 6 times base salary	Number of shares equal to or greater than base salary, divided by stock value, multiplied by 6
<b>Senior Executive Officers</b>	Number of shares with a stock value equal to or greater than 2 times base salary	Number of shares equal to or greater than base salary, divided by stock value, multiplied by 2

Under the Base Salary Multiple, "stock value" is calculated annually at the end of each fiscal year based on the average of the closing prices of our common stock for the last 30 trading days of the fiscal year.

Under the Fixed Share Target, "stock value" is calculated as of the later of (1) January 1, 2012, and (2) the date the director or senior executive originally becomes subject to the Stock Ownership Guidelines, as the case may be, based on the average of the closing prices of our common stock for the 30 days leading up to, and inclusive of, the applicable date.

Under both the Base Salary Multiple and Fixed Share Target, "annual retainer" or "base salary" is the director's annual retainer or the executive's base salary, as applicable, at the end of each fiscal year (at which time each director's and senior executive's compliance will be assessed).

Each director and senior executive is expected to continuously own sufficient shares to satisfy either the Base Salary Multiple or the Fixed Share Target ownership target once attained for as long as he or she remains subject to the Stock Ownership Guidelines. If an individual's ownership target increases because of a change in position or compensation, the individual will have a three-year period to achieve the incremental amount of shares beginning on the effective date of the change in position or compensation.

Following the initial three-year period that the director or senior executive is afforded to achieve his or her individual ownership target under the Stock Ownership Guidelines, until a director or senior executive has satisfied the applicable ownership target, the director or senior executive is required to retain an amount equal to 50% of the net shares received as the result of the exercise, vesting or payment of any Company equity awards granted to the director or executive. This amount is calculated using the closing price of our common stock on the trading day immediately preceding the date of exercise, vesting or payment of the equity award. Once a director or senior executive achieves his or her individual ownership target, the retention requirements as described above no longer will apply to such director or senior executive unless a disposition by such director or senior executive would cause such individual's stock ownership to fall below his or her ownership target.

**Restrictions on Hedging and Pledging of Company Securities**

Our Insider Trading Policy prohibits short sales of our securities, including a "sale against the box," by our directors and executives. Our Insider Trading Policy also prohibits directors and employees from engaging in hedging or monetization transactions, such as zero-cost collars and forward sale contracts, as they involve the establishment of a short position in our securities. Our Insider Trading Policy also prohibits directors and executives from holding our securities in a margin account or pledging such securities as collateral for a loan.

**Employment Agreements with NEOs**

President and Chief Operating Officer. In connection with each of these appointments we have entered into an employment agreement under which we have agreed to certain compensation arrangements and severance and change of control benefits. At this time, our Board of Directors does not intend to provide any additional tax gross-up payments to employees it may hire in the future.

Each of these packages was determined based on negotiations with the applicable NEO and taking into account his background and qualifications and the nature of his position. We believe that these compensation packages are appropriate in light of the competition for top executives in the biotechnology field and among similarly-situated companies, and that the terms of these arrangements are consistent with our executive compensation goals, including the balancing of short-term and long-term compensation to properly motivate our NEOs.

**Conroy Employment Agreement**

Mr. Conroy's employment agreement, dated March 18, 2009, provides for a minimum base salary and for a minimum target bonus opportunity equal to at least 50% of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by our Compensation and Management Development Committee. For 2017, Mr. Conroy's base salary was \$632,500 and his target bonus opportunity was 80% of his base salary. Pursuant to his employment agreement, Mr. Conroy was also granted an option to purchase 2.5 million shares of our common stock at an exercise price of \$0.83 (the closing price of our common stock on the date Mr. Conroy was hired).

Under his agreement, Mr. Conroy would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" beginning on page 32 below. The agreement also prohibits Mr. Conroy from engaging in certain activities involving competition with us and from soliciting our employees for an 18-month period following termination of his employment with the Company.

**Lidgard Employment Agreement**

Dr. Lidgard's employment agreement, dated August 1, 2009, provides for a minimum base salary and for a minimum target bonus opportunity equal to at least 40% of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by our Compensation and Management Development Committee. For 2017, Dr. Lidgard's base salary was \$430,500 and his target bonus opportunity was 50% of his base salary. Pursuant to his employment agreement, Dr. Lidgard was also granted an option to purchase 600,000 shares of our common stock, at an exercise price of \$2.88 (the closing price of our common stock on the date Dr. Lidgard was hired).

Under his agreement, Dr. Lidgard would be entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" beginning on page 32 below. The agreement also prohibits Dr. Lidgard from engaging in certain activities involving competition with us and from soliciting our employees for an 18-month period following termination of his employment with the Company.

**Elliott Employment Agreement**

Mr. Elliott's employment agreement, dated November 8, 2016, provides for a minimum base salary and for a minimum target bonus opportunity equal to 40% of his base salary, with the exact amount of any such bonus to be based upon the achievement of certain goals, including corporate and individual goals, to be determined by the Chief Executive Officer and our Compensation and Management Development Committee. For 2017, Mr. Elliott's base salary was \$350,000 and his target bonus opportunity was 40% of his base salary. Mr. Elliott also received a signing bonus and a relocation stipend in connection with the employment agreement.

**Arora Employment Agreement**

Mr. Arora's employment agreement, dated March 18, 2009, was terminated on April 25, 2018, when Mr. Arora resigned as our Senior Vice President and Chief Operating Officer and transitioned to a non-executive employee position. Mr. Arora's employment agreement provided for a minimum base salary and for a minimum target bonus opportunity equal to at least 40% of his base salary, with the exact amount of any such bonus to be based upon the achievement of corporate and individual performance goals to be determined by our Compensation and Management Development Committee. For 2017, Mr. Arora's base salary was \$475,900 and his target bonus opportunity was 60% of his base salary. Pursuant to his employment agreement, Mr. Arora was also granted an option to purchase 1.25 million shares of our common stock, at an exercise price of \$0.83 (the closing price of our common stock on the date Mr. Arora was hired).

Under his agreement, Mr. Arora was entitled to certain payments and benefits in connection with certain termination events or a change of control as described under "*Potential Benefits upon Termination or Change of Control*" below. The agreement also prohibited, and the Arora Transition Agreement (defined below) prohibits, Mr. Arora from engaging in certain activities involving competition with us and from soliciting our employees for an 18-month period following termination of his employment with the Company.

In connection with Mr. Arora's resignation as Senior Vice President and Chief Operating Officer and his transition into a non-executive employee role, on April 25, 2018, we entered into an Employee Transition Agreement with Mr. Arora (the "Arora Transition Agreement") pursuant to which Mr. Arora will remain a non-executive employee of the Company for a transition period through December 31, 2018 (the "Transition Period"). The Arora Transition Agreement terminated our employment agreement with Mr. Arora. Pursuant to the Arora Transition Agreement, Mr. Arora will continue to receive during the Transition Period the same compensation he was receiving prior to his change in roles, in exchange for a release of claims and his continued compliance with all restrictive covenants.

**Change of Control and Severance**

We believe that providing executives with severance and change of control protection is important for the following reasons:

- » to allow executives to value the forward looking elements of their compensation packages, and therefore limit retention risk; and
- » to provide compensation assurances which are competitive with those of other similarly-situated companies.

Accordingly, the Company's employment agreements and equity awards generally provide for salary continuation in the event of certain employment terminations beyond the control of the executive, as well as varying degrees of accelerated vesting of equity awards in the event of a change of control of the Company.

For further information see "*Potential Benefits upon Termination or Change of Control*" below.

**Potential Benefits upon Termination or Change of Control**

This "Potential Benefits upon Termination or Change of Control" section should be read in conjunction with the "Potential Payments upon Termination or Change of Control" section below, which provides a table that quantifies the benefits described in this section.

**Severance and Change of Control Arrangements in General**

We have entered into employment agreements and maintain certain plans that will require us to provide compensation and other benefits to our executive officers in connection with certain events related to a termination of employment or change of control. In connection with Mr. Arora's resignation as Senior Vice President and Chief Operating Officer and his transition into a non-executive employee role, on April 25, 2018, we entered into the Arora Transition Agreement, pursuant to which Mr. Arora will remain a non-executive employee of the Company for the Transition Period. The Arora Transition Agreement terminated our employment agreement with Mr. Arora, certain terms of which are summarized below. Pursuant to the Arora Transition Agreement, Mr. Arora will continue to receive during the Transition Period the same compensation he was receiving prior to his change in roles, in exchange for a release of claims and his continued compliance with all restrictive covenants.

Except as otherwise specifically provided in the applicable award agreement or in an executive's employment agreement, upon the consummation of a change in control (as defined in the Omnibus Plan): all outstanding awards will remain the obligation of the Company or be assumed by the surviving or acquiring entity, and there will be automatically substituted for the shares of our common stock then subject to the awards the consideration payable with respect of the outstanding shares of our common stock in connection with the change in control and all outstanding awards will vest as if the vesting start date with respect to the award was one year prior to the vesting start date set forth in the award agreement relating to the award.
