BioMarin to Consolidate Share Structure by Acquiring Glyko Biomedical

Edgar Filing: BIOMARIN PHARMACEUTICAL INC - Form 8-K

NOVATO, Calif., Feb 7, 2002 /PRNewswire-FirstCall via COMTEX/ --

Glyko Biomedical Shareholders to Become Direct Stockholders of BioMarin

BioMarin Pharmaceutical Inc. (Nasdaq and SWX New Market: BMRN) today announced that it has signed a definitive agreement to acquire all of the outstanding shares of Glyko Biomedical Ltd. (TSE: GBL). Glyko Biomedical's principal asset is a 22% ownership interest in the capital stock of BioMarin.

Fredric D. Price, BioMarin's Chairman and Chief Executive Officer, said, "Acquiring Glyko Biomedical solidifies BioMarin's share structure and simultaneously provides Glyko Biomedical's shareholders with increased liquidity. Glyko Biomedical played an integral role as the lead investor in BioMarin at our inception, and we look forward to their shareholders becoming direct stockholders of BioMarin.

"The number of outstanding common shares of BioMarin is not affected by this transaction. Essentially, we will provide new shares of BioMarin to Glyko Biomedical shareholders and will retire the shares of BioMarin that Glyko Biomedical currently holds," Mr. Price added.

Terms of the Agreement

Glyko Biomedical owns 11,367,617 shares of BioMarin. Under the terms of the acquisition agreement among BioMarin, Glyko Biomedical and a Canadian subsidiary of BioMarin, Glyko Biomedical's common shareholders will be entitled to receive 11,367,617 shares of BioMarin in exchange for the acquisition of all of the outstanding shares of Glyko Biomedical by the BioMarin subsidiary.

The board of directors of Glyko Biomedical has unanimously approved the transaction and agreed to recommend to its shareholders that they vote in favor of the transaction. The acquisition is subject to the approval of shareholders of BioMarin and Glyko Biomedical as well as legal and regulatory approvals including, without limitation, court approval in Canada. Shareholders holding approximately 27.3% of the outstanding shares of Glyko Biomedical, including all of the directors of Glyko Biomedical, have agreed, subject to certain conditions, to vote in favor of the transaction. The transaction is also contingent on satisfying certain other conditions.

Subject to receipt of necessary approvals, the transaction is expected to close within 90 days. UBS Warburg acted as financial advisor to BioMarin with regard to this transaction.

BioMarin specializes in the development and commercialization of therapeutic enzyme products to treat serious, life-threatening diseases and other conditions.
