

**1500 North Lakeview
Loop, Anaheim, California 92807**
(Address of Principal Executive Offices)(Zip Code)

Registrant's telephone number, including area code: **(714) 876-2490**

Securities registered pursuant to Section 12(b) of the Act: **None**

Securities registered pursuant to Section 12(g) of the Act:
Common Stock, \$0.01 Par Value

(Title of Class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.
Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by a check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Edgar Filing: EACO CORP - Form 10-K

Accelerated filer
Large accelerated filer
Smaller reporting company
Non accelerated filer
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Exchange Act Rule 12b-2). Yes No

The aggregate market value of the registrant's common stock held by non-affiliates of the registrant as of the last business day of the registrant's most recently completed third fiscal quarter (based upon the closing sale price of the common stock on that date) was approximately \$1,732,000. For the purposes of this calculation, shares owned by officers, directors and 10% stockholders known to the registrant have been deemed to be owned by affiliates. This determination of affiliate status is not necessarily a conclusive determination for other purposes. As of November 21, 2018, 4,861,590 shares of the registrant's common stock were outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

No documents required to be listed hereunder are incorporated by reference in this Report on Form 10-K.

Forward-Looking Information

This report may contain forward-looking statements. Such statements can be identified by the use of terminology such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “possible,” “project,” “show,” “will,” “would,” “should,” “may,” “could,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “possible,” “project,” “show” or similar words or expressions. These forward-looking statements include, but are not limited to, statements regarding our anticipated revenue, expenses, profits and capital needs, and the impact of our planned initiatives.

Forward-looking statements are based on our current expectations, estimates and forecasts of future events and results and involve a number of risks and uncertainties that could cause actual results to differ materially including, among other things, the following: failure of facts to conform to management estimates and assumptions; economic conditions and uncertainties; competitive pressures; our ability to maintain an effective system of internal controls over financial reporting; potential losses from trading in securities; our ability to retain key personnel and relationships with suppliers; the willingness of Community Bank or other lenders to extend financing commitments and the availability of capital resources; and other risks identified from time to time in our reports and other documents filed with the Securities and Exchange Commission (the “SEC”), and in public announcements. It is not possible to foresee or identify all factors that could cause actual results to differ materially from those anticipated. As such, investors should not consider any of such factors to be an exhaustive statement of all risks or uncertainties.

No forward-looking statements can be guaranteed and actual results may vary materially. We undertake no obligation to update any forward-looking statement except as required by law, but investors are advised to consult any further disclosures by us in our filings with the SEC, especially on Forms 10-K, 10-Q and 8-K, in which we discuss in more detail various important factors that could cause actual results to differ from expected or historical results.

PART I

Item 1. Business

EACO Corporation (“EACO”), incorporated in Florida in September 1985, is a holding company, primarily comprised of its wholly-owned subsidiary, Bisco Industries, Inc. (“Bisco”) and Bisco’s wholly-owned Canadian subsidiary, Bisco Industries Limited. Substantially all of EACO’s operations are conducted through Bisco and Bisco Industries Limited. Bisco is a distributor of electronic components and fasteners with 48 sales offices and seven distribution centers located throughout the United States and Canada. Bisco supplies parts used in the manufacture of products in a broad range of industries, including the aerospace, circuit board, communication, computer, fabrication, instrumentation, industrial equipment and marine industries.

Bisco commenced operations in Illinois in 1973 and was incorporated in 1974. Bisco’s principal executive offices are located at 1500 N. Lakeview Loop, Anaheim, California 92807, which also serves as the principal executive offices of EACO. EACO’s website address is www.eacocorp.com and Bisco’s website address is www.biscoind.com. The inclusion of these website addresses in this annual report does not include, or incorporate by reference into this annual report, any information on or accessible through the websites.

EACO, Bisco and Bisco Industries Limited are collectively referred to herein as the “Company,” “we,” “us” and “our.”

Operations

Products and Services

Bisco stocks thousands of items from hundreds of manufacturers. Bisco’s products include electronic components such as spacers and standoffs, card guides and ejectors, component holders and fuses, circuit board connectors, and cable components, as well as a large variety of fasteners and hardware. The breadth of Bisco’s products and extensive inventory provide a one-stop shopping experience for many customers.

Bisco also provides customized services and solutions for a wide range of production needs, including special packaging, bin stocking, kitting and assembly, bar coding, electronic requisitioning, and integrated supply programs,

among others. Bisco works with its customers to design and develop solutions to meet their specific needs.

Divisions

Bisco Industries

Bisco sells a broad spectrum of products that it offers to many markets, but primarily sells to original equipment manufacturers (“OEMs”). While historically, the substantial majority of Bisco’s revenues have been derived from the Bisco Industries division, Bisco has also established additional divisions that specialize in specific industries and products. Bisco believes that the focus by industry and/or product enhances Bisco’s ability to provide superior service and devise tailored solutions for its customers.

National-Precision

The National-Precision division primarily sells electronic hardware and commercial fasteners to OEMs in the aerospace, fabrication and industrial equipment industries. National-Precision seeks to be the leading global distributor of mil-spec and commercial fasteners, hardware and distribution services used in production.

Fast-Cor

The Fast-Cor division was established to be a distributor’s source for a broad range of components and fasteners. Fast-Cor has access to the entire inventory of products that Bisco offers but primarily focuses on selling to other distributors, not manufacturers.

Customers and Sales

Bisco’s customers operate in a wide variety of industries and range from large, global companies to small local businesses. Bisco strives to provide exceptional service to all customers, including smaller businesses, and continues to focus on growing its share of that market. As of August 31, 2018, Bisco had more than 10,000 active customers; however, no single customer accounted for more than 10% of Bisco’s revenues for the fiscal year ended August 31, 2018. For each of the fiscal years ended August 31, 2018 and 2017 (“fiscal 2018” and “fiscal 2017,” respectively), Bisco’s top 20 customers represented in the aggregate approximately 15% of Bisco’s revenues in fiscal 2018 and fiscal 2017.

Bisco generally sells its products through its sales representatives in its 48 sales offices located in the United States and Canada. Customers can also place orders through Bisco's website. Bisco currently maintains seven distribution centers located in Anaheim and San Jose, California; Dallas, Texas; Chicago, Illinois; Boston, Massachusetts; Atlanta, Georgia; and Toronto, Canada. Each of Bisco's selling facilities and distribution centers are linked to Bisco's central computer system, which provides Bisco's salespersons with online, real-time data regarding inventory levels throughout Bisco and facilitates control of purchasing, shipping and billing. Bisco generally ships products to customers from one of its seven distribution centers, based on the geographic proximity and the availability of the ordered products.

Bisco sells its products primarily in the United States and Canada. Bisco's international sales represented 8.6% and 8.9% of its sales in fiscal 2018 and fiscal 2017. Sales to customers in Canada accounted for approximately 42% and 41% of such international sales in fiscal 2018 and fiscal 2017, respectively.

Suppliers

As of August 31, 2018, Bisco offered products from over 260 manufacturers. The authorized distributor agreements with most manufacturers are typically cancelable by either party at any time or on short notice. While Bisco doesn't manufacture its products, it does perform kitting and packaging of existing products for certain of its customers. Although Bisco sells more products of certain brands, Bisco believes that most of the products it sells are available from other sources at competitive prices. No single supplier accounted for more than 10% of Bisco's purchases in fiscal 2018 or fiscal 2017.

Employees

As of August 31, 2018, the Company had 464 full-time employees. 301 of these employees were in sales and marketing and 163 were in management, administration and finance.

Item 1A. Risk Factors

Our business is subject to a number of risks, some of which are discussed below. The risk factors discussed in this section should be considered together with information included elsewhere in this Annual Report on Form 10-K and should not be considered the only risks to which the Company is exposed. If any of the risks actually occur, our business, financial condition, or results of operations could be seriously harmed. In that event, the market price for

shares of our common stock may decline, and you could lose all or part of your investment.

Changes and uncertainties in the economy have harmed and could continue to harm our operating results.

As a result of the continuing economic uncertainties, our operating results, and the economic strength of our customers and suppliers, are increasingly difficult to predict. Sales of our products are affected by many factors, including, among others, general economic conditions, interest rates, inflation, liquidity in the credit markets, unemployment trends, geopolitical events, and other factors. Although we sell our products to customers in a broad range of industries, the significant weakening of economic conditions on a global scale has caused some of our customers to experience a slowdown that has had adverse effects on our sales and operating results. Changes and uncertainties in the economy also increase the risk of uncollectible accounts receivable. The pricing we receive from suppliers may also be impacted by general economic conditions. Continued and future changes and uncertainties in the economic climate in the United States and elsewhere could have a similar negative impact on the rate and amounts of purchases by our current and potential customers, create price inflation for our products, or otherwise have a negative impact on our expenses, gross margins and revenues, and could hinder our growth.

The Company's Chairman and CEO holds almost all of our voting stock and can control the election of directors and significant corporate actions.

Glen Ceiley, our Chairman and CEO, owns or controls approximately 97% of our outstanding voting stock. As such, Mr. Ceiley is able to exert significant influence over the outcome of almost all corporate matters, including the election of the Board of Directors and significant corporate transactions requiring a stockholder vote, such as a merger or a sale of the Company or our assets. This concentration of ownership and influence in management and board decision-making could also harm the price of our common stock by, among other things, discouraging a potential acquirer from seeking to acquire shares of our common stock (whether by making a tender offer or otherwise) or otherwise attempting to obtain control of the Company.

We do not have long-term supply agreements or guaranteed price or delivery arrangements with the majority of our suppliers.

In most cases, we have no guaranteed price or delivery arrangements with our suppliers. Consequently, we may experience inventory shortages on certain products. Furthermore, our industry occasionally experiences significant product supply shortages and customer order backlogs due to the inability of certain manufacturers to supply products as needed. We cannot assure you that suppliers will maintain an adequate supply of products to fulfill our orders on a timely basis, at a recoverable cost, or at all, or that we will be able to obtain particular products on favorable terms or at all. Additionally, we cannot assure you that product lines currently offered by suppliers will continue to be available to us. A decline in the supply or continued availability of the products of our suppliers, or a significant increase in the price of those products, could reduce our sales and negatively affect our operating results.

Our supply agreements are generally terminable at the suppliers' discretion.

Substantially all of the agreements we have with our suppliers, including our authorized distributor agreements, are terminable with little or no notice and without any penalty. Suppliers that currently sell their products through us could decide to sell, or increase their sales of, their products directly or through other distributors or channels. Any termination, interruption or adverse modification of our relationship with a key supplier or a significant number of other suppliers would likely adversely affect our operating income, cash flow and future prospects.

We generally do not have long-term sales contracts with our customers.

Most of our sales are made on a purchase order basis, rather than through long-term sales contracts. As such, our customers typically do not have any obligation to purchase any products from us. A variety of conditions, both specific to each customer and generally affecting each customer's industry, may cause customers to reduce, cancel or delay orders that were either previously made or anticipated, go bankrupt or fail, or default on their payments. Significant or numerous cancellations, reductions, delays in orders by customers, losses of customers, and/or customer defaults on payment could materially adversely affect our business.

If we fail to maintain an effective system of internal controls over financial reporting or experience additional material weaknesses in our system of internal controls, we may not be able to report our financial results accurately or timely or detect fraud, which could have a material adverse effect on the market price of our common stock and our business.

We have from time to time had material weaknesses in our internal controls over financial reporting due to deficiencies in the process related to the preparation of our financial statements, segregation of duties, sufficient control in the area of financial reporting oversight and review, and appropriate personnel to ensure the complete and proper application of GAAP as it relates to certain routine accounting transactions. Although we believe we have addressed these material weaknesses, we may experience material weaknesses or significant deficiencies in the future and may fail to maintain a system of internal control over financial reporting that complies with the reporting requirements applicable to public companies in the United States. Our failure to address any deficiencies or weaknesses in our internal control over financial reporting or to properly maintain an effective system of internal control over financial reporting could impact our ability to prevent fraud or to issue our financial statements in a timely manner that presents fairly, in accordance with GAAP, our financial condition and results of operations. The existence of any such deficiencies and/or weaknesses, even if cured, may also lead to the loss of investor confidence in the reliability of our financial statements, could harm our business and negatively impact the trading price of our common stock. Such deficiencies or material weaknesses may also subject us to lawsuits, investigations and other penalties.

We have incurred significant losses in the past from trading in securities, and we may incur such losses in the future, which may also cause us to be in violation of covenants under our loan agreement.

Bisco has historically funded its operations in part from cash generated by trading in marketable domestic equity securities. Bisco's investment strategy includes taking both long and short positions, as well as utilizing options to maximize return. This strategy can lead, and has led, to significant losses based on market conditions and trends. We may incur losses in future periods from such trading activities, which could materially and adversely affect our liquidity and financial condition.

In addition, unanticipated losses from our trading activities may cause Bisco to be in violation of certain covenants under its line of credit agreement with Community Bank, located in Anaheim, CA. The agreement is secured by substantially all of Bisco's assets. The loan agreement contains covenants which require that, on a quarterly basis, Bisco's losses from trading in securities not exceed its pre-tax operating income. We cannot assure you that unanticipated losses from our trading activities will not cause us to violate our covenants in the future or that the bank will grant a waiver for any such default or that it will not exercise its remedies, which could include the refusal to allow additional borrowings on the line of credit or the acceleration of the obligation's maturity date and foreclosure on Bisco's assets, with respect to any such noncompliance, which could have a material adverse effect on our business and operations.

We rely heavily on our internal information systems, which, if not properly functioning, could materially and adversely affect our business.

Our information systems have been in place for many years, and are subject to system failures as well as problems caused by human error, which could have a material adverse effect on our business. Many of our systems consist of a number of legacy or internally developed applications, which can be more difficult to upgrade to commercially available software. It may be time consuming and costly for us to retrieve data that is necessary for management to evaluate our systems of control and information flow. In the future, management may decide to convert our information systems to a single enterprise solution. Such a conversion, while it would enhance the accessibility and reliability of our data, could be expensive and would not be without risk of data loss, delay or business interruption. Maintaining and operating these systems requires continuous investments. Failure of any of these internal information systems or material difficulties in upgrading these information systems could have material adverse effects on our business and our timely compliance with our reporting obligations.

We may not be able to attract and retain key personnel.

Our future performance will depend to a significant extent upon the efforts and abilities of certain key management and other personnel, including Glen Ceiley, our Chairman and CEO, as well as other executive officers and senior management. The loss of service of one or more of our key management members could have a material adverse effect on our business.

The competitive pressures we face could have a material adverse effect on our business.

The market for our products and services is very competitive. We compete for customers with other distributors, as well as with many of our suppliers. A failure to maintain and enhance our competitive position could adversely affect our business and prospects. Furthermore, our efforts to compete in the marketplace could cause deterioration of gross profit margins and, thus, overall profitability. Some of our competitors may have greater financial, personnel, capacity and other resources or a more extensive customer base than we do.

Our strategy of expanding into new geographic areas could be costly.

One of our primary growth strategies is to grow our business through the opening of sales offices in new geographic markets. Based on our analysis of demographics in the United States, Canada and Mexico, we currently estimate there is potential market opportunity in North America to support additional sales offices. We cannot guarantee that our estimates are accurate or that we will open enough offices to capitalize on the full market opportunity or that any new offices will be successful. In addition, a particular local market's ability to support a sales office may change due to competition, or local economic conditions.

We may be unable to meet our goals regarding new office openings.

Our growth, in part, is primarily dependent on our ability to attract new customers. Historically, the most effective way to attract new customers has been opening new sales offices in additional geographic regions or new markets. During Fiscal 2018, the Company did not open any new geographical sales locations, but did relocate existing locations to larger office locations within its original region and expanded sales headcount. Given the recent economic slowdown, we may not be able to open or grow new offices at our projected or desired rates or hire the qualified sales personnel necessary to make such new offices successful. Failure to do so could negatively impact our long-term growth and market share.

Opening sales offices in new markets presents increased risks that may prevent us from being profitable in these new locations, and/or may adversely affect our operating results.

Our new sales offices do not typically achieve operating results comparable to our existing offices until after several years of operation. The added expenses relating to payroll, occupancy, and transportation costs can impact our ability to leverage earnings. Offices in new geographic areas face additional challenges to achieving profitability, and we cannot guarantee how long it will take new offices to become profitable, or that such offices will ever become profitable. In new markets, we have less familiarity with local customer preferences and customers in these markets are less familiar with our name and capabilities. Entry into new markets may also bring us into competition with new, unfamiliar competitors. These challenges associated with opening new offices in new markets may have an adverse effect on our business and operating results.

We rely on third party suppliers for most of our products, and may not be able to identify and procure relevant new products and products lines that satisfy our customers' needs on favorable terms and prices, or at all.

We currently rely on a large number of third party suppliers for most of our products. Since we do not manufacture our products, we rely on these suppliers to provide quality products that are in demand by our customers. Our success depends in part on our ability to develop product expertise and continue to identify and provide future high quality products and product lines that complement our existing products and product lines and that respond to our customers' needs. We may not be able to compete effectively unless we can continue to offer a broad range of high quality, reliable products that address the trends in the markets in which we compete.

Our ability to successfully attract and retain qualified sales personnel is uncertain.

Our success depends in large part on our ability to attract, motivate, and retain a sufficient number of qualified sales employees, who understand and appreciate our strategy and culture and are able to adequately represent us to our customers. Qualified individuals of the requisite caliber and number needed to fill these positions may be in short supply in some areas, and the turnover rate in the industry is high. If we are unable to hire and retain personnel capable of consistently providing a high level of customer service, as demonstrated by their enthusiasm for our culture and product knowledge, our sales could be materially adversely affected. Additionally, competition for qualified employees could require us to pay higher wages to attract a sufficient number of employees. An inability to recruit and retain a sufficient number of qualified individuals in the future may also delay the planned openings of new offices. Any such delays, material increases in existing employee turnover rates, or increases in labor costs, could have a material adverse effect on our business, financial condition or operating results.

Increases in the costs of energy, shipping and raw materials used in our products could impact our cost of goods and distribution and occupancy expenses, which would result in lower operating margins.

Costs of raw materials used in our products and energy costs have been rising during the last several years, which has resulted in increased production costs for our suppliers. These suppliers typically look to pass their increased costs along to us through price increases. The shipping costs for our products have risen as well and may continue to rise. While we typically try to pass increased supplier prices and shipping costs through to our customers or to modify our activities to mitigate the impact, we may not be successful. Failure to fully pass these increased prices and costs through to our customers or to modify our activities to mitigate the impact would have an adverse effect on our operating margins.

We may not have adequate or cost-effective liquidity or capital resources.

Our ability to satisfy our cash needs depends on our ability to generate cash from operations and to access our line of credit and the capital markets, which are subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. Our net cash provided by operations for fiscal 2018 was approximately \$4.9 million. The total outstanding on our line of credit as of August 31, 2018 was approximately \$3.1 million, which line of credit is secured by substantially all of Bisco's assets. Our ability to continue to draw on our line of credit is subject to our satisfaction of certain covenants contained in such agreement. As such, we may need to pursue additional debt or equity financing, which funding may not be available on acceptable terms, on a timely basis or at all. Our failure to obtain such funding could adversely impact our ability to execute our business plan and our financial condition and results of operations.

Sales of our common stock by Glen Ceiley could cause the price of our common stock to decline.

There is currently no established trading market for our common stock, and the volume of any sales is generally low. As of August 31, 2018, the number of shares held by non-affiliates of Mr. Ceiley is less than 200,000 shares. If Mr. Ceiley sells or seeks to sell a substantial number of his shares of our common stock in the future, the market price of our common stock could decline. The perception among investors that these sales may occur could produce the same effect.

Inclement weather and other disruptions to the transportation network could impact our distribution system.

Our ability to provide efficient shipment of products to our customers is an integral component of our overall business strategy. Disruptions at distribution centers or shipping ports may affect our ability to both maintain core products in inventory and deliver products to our customers on a timely basis, which may in turn adversely affect our relationship with our customers and our results of operations. In addition, severe weather conditions could adversely impact demand for our products in particularly hard hit regions.

Our advertising and marketing efforts may be costly and may not achieve desired results.

We expect to continue to incur substantial expense in connection with our advertising and marketing efforts. Postage represents a significant advertising expense for us because we generally mail fliers to current and potential customers through the U.S. Postal Service. Any future increases in postal rates will increase our mailing expenses and could have a material adverse effect on our business, financial condition and results of operations. For fiscal 2018 and fiscal 2017, we spent \$380,000 and \$243,000 on advertising, respectively.

We are exposed to foreign currency exchange rate risk, and changes in foreign exchange rates could increase our costs to procure products and impact our foreign sales.

Because the functional currency related to our Canadian operations and certain of our foreign vendor purchases is the applicable local currency, we are exposed to foreign currency exchange rate risk arising from transactions in the normal course of business. Fluctuations in the relative strength of foreign economies and their related currencies could adversely impact our ability to procure products overseas at competitive prices and our foreign sales. Historically, our primary exchange rate exposure has been with the Canadian dollar.

Item 1B. Unresolved Staff Comments

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 2. Properties

We have 48 sales offices and seven distribution centers located throughout the United States and in Canada. Our corporate headquarters and one of our primary distribution centers is located at 1500 North Lakeview Loop in Anaheim, California (“Lakeview Property”) and is approximately 40,000 square feet of office and warehouse space. On May 19, 2017, the Company purchased the Lakeview Property from the Glen F. Ceiley and Barbara A. Ceiley Revocable Trust (the “Trust”), which is the grantor trust of Glen Ceiley, our Chief Executive Officer, Chairman of the Board and the Company’s majority shareholder. All of our other properties are leased, consisting of office and warehouse space, under leases generally having a term of three years. For additional information regarding our obligations under property leases, see Note 8 of the Notes to Consolidated Financial Statements, included in Part IV, Item 15 of this report. The Company plans to relocate its corporate headquarters and Anaheim distribution center to a new facility in Anaheim owned by the Trust within the next two years due to expected growth of the Company and Bisco plans to enter into a lease with the Trust for such facility.

Item 3. Legal Proceedings

From time to time, the Company may be named in claims arising in the ordinary course of business. Currently, we are not a party to any legal proceedings that, in the opinion of our management, would reasonably be expected to have a material adverse effect on our business or financial condition.

Item 4. Mine Safety Disclosures

Not applicable.

PART II

Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities**Market Information and Holders**

The Company’s common stock is quoted on the OTCQB operated by the OTC Markets Group Inc., and previously on the OTC Bulletin Board, under the trading symbol “EACO”; however, there is no established public trading market for the Company’s common stock. The closing sale price of the Company’s common stock on November 21, 2018, the most recent date on which a sale of our shares occurred, was \$12.80 per share.

The quarterly high and low bid information of the Company’s common stock as quoted on such over-the-counter markets are set forth below.

	High	Low
Year Ended August 31, 2017		
Quarter ended November 30, 2016	6.90	5.96
Quarter ended February 28, 2017	8.74	6.61
Quarter ended May 31, 2017	8.24	7.25
Quarter ended August 31, 2017	8.74	5.30
Year Ended August 31, 2018		
Quarter ended November 30, 2017	7.24	6.32
Quarter ended February 28, 2018	9.25	6.32
Quarter ended May 31, 2018	14.00	8.32
Quarter ended August 31, 2018	14.54	9.22

As of August 31, 2018, the Company had no equity compensation plans. The Company did not grant or issue any unregistered shares of common stock during the fiscal 2018. The Company did not repurchase any of its own common stock during fiscal 2018.

As of November 21, 2018, the Company had 215 shareholders of record.

Dividend Policy

The Company has never paid cash dividends on its common stock and does not expect to pay any cash dividends on its common stock in the foreseeable future.

Item 6. Selected Financial Data

The Company is a smaller reporting company as defined by Rule 12b-2 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and is not required to provide the information required under this item.

Item 7. Management’s Discussion and Analysis of Financial Condition and Results Of Operations

You should read the following discussion of our financial condition and results of operations in conjunction with our consolidated financial statements and the related notes included in Part II, Item 8, "Financial Statements and Supplementary Data" of this Annual Report on Form 10-K. In addition to our historical consolidated financial information, the following discussion contains forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Annual Report on Form 10-K, particularly in Part I, Item 1A, “Risk Factors.”

Overview

EACO is a holding company primarily comprised of its wholly-owned subsidiary, Bisco, and includes Bisco's wholly-owned Canadian subsidiary, Bisco Industries Limited. Bisco is a distributor of electronic components and fasteners with 48 sales offices and seven distribution centers located throughout the United States and Canada. Bisco supplies parts used in the manufacture of products in a broad range of industries, including the aerospace, circuit board, communication, computer, fabrication, instrumentation, industrial equipment and marine industries.

Critical Accounting Policies

Revenue Recognition

The Company's shipping terms are substantially FOB shipping point. As such, management generally recognizes distribution operations revenue at the time of product shipment. Revenue is considered to be realized or realizable and earned when there is persuasive evidence of a sales arrangement in the form of an executed contract or purchase order, the product has been shipped, the sales price is fixed or determinable, and collectability is reasonably assured.

Impairment of Long Lived Assets

Management reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For the purpose of the impairment review, assets are tested on an individual basis. The recoverability of the assets is measured by a comparison of the carrying value of each asset to the future net undiscounted cash flows expected to be generated by such assets. If such assets are considered impaired, the impairment to be recognized is measured by the amount by which the carrying value of the assets exceeds their estimated fair value.

Deferred Tax Assets

A valuation allowance is provided for deferred tax assets if it is more likely than not that these items will either expire before the Company is able to realize their benefit, or when future deductibility is uncertain. The Company records net deferred tax assets to the extent management believes these assets will more likely than not be realized. In making such determination, the Company considers all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income (if any), tax planning strategies and recent financial performance.

Inventory Reserves

The Company's inventory reserve is based upon management's review of inventories on-hand over their expected future utilization and length of time held by the Company. The Company's methodology for estimating these reserves is evaluated for factors that could require changes to the reserves including significant changes in product demand, market conditions, condition of the inventory or net realizable value. If business or economic conditions change, the Company's estimates and assumptions may be adjusted as deemed appropriate.

Results of Operations***Comparison of the Fiscal Years Ended August 31, 2018 and 2017******Revenues and Gross Margin (dollars in thousands)***

	Fiscal Years Ended August 31,		\$	%	
	2018	2017	Change	Change	
Revenues	\$ 193,284	\$ 156,954	\$36,330	23.1	%
Cost of revenues	138,255	112,184	26,071	23.2	%
Gross margin	\$ 55,029	44,770	\$10,259	22.9	%
Percent of revenues	28.5	% 28.5	%		

Revenues consist primarily of sales of component parts and fasteners, but also include, to a lesser extent, kitting charges and special order fees, as well as freight charged to customers. The increase in revenues in fiscal 2018

compared to fiscal 2017 was largely due to a higher volume of product sales, strategically increased head count of sales employees, and increased productivity from the Company's employees. Revenues have also increased due in part to the Company's purchase of a broader range of inventory in the current year and the Company's focus on relationship building programs with current and potential customers and vendors. The gross margins in fiscal 2018 remained consistent with the gross margins achieved in fiscal 2017.

Selling, General and Administrative Expense (dollars in thousands)

	Fiscal Years Ended August 31,		\$	%
	2018	2017	Change	Change
Selling, general and administrative expenses	\$ 44,705	\$ 38,455	\$6,250	16.3 %
Percent of revenues	23.1	% 24.5	%	(1.4)%

Selling, general and administrative expense ("SG&A") consists primarily of payroll and related expenses for the sales and administrative staff, professional fees (including accounting, legal and technology costs and expenses), and advertising costs. SG&A in fiscal 2018 increased from fiscal 2017 largely due to higher bonuses related to the higher sales in fiscal 2018, as well as annual raises in employee salaries, an increase in the number of sales and administrative employees from 407 employees in fiscal 2017 to 464 employees in fiscal 2018. SG&A also increased due to rent increases in fiscal 2018 related to facility leases, and higher depreciation expense. SG&A as a percent of revenue in fiscal 2018 decreased from fiscal 2017 primarily due to the Company being able to increase sales with current and new customers without having to incur additional significant SG&A expenses.

Other Income (Expense), Net (dollars in thousands)

	Fiscal Years Ended August 31		\$	%
	2018	2017	Change	Change
Other income (expense):				
Realized (loss) profit on sales of marketable trading securities	\$ (18)	\$ 71	\$ (89)	(125.4)%
Unrealized gain on marketable trading securities	291	137	154	112.4 %
Interest and other (expense), net	(477)	(181)	(296)	(163.5)%
Other (expense) income, net	\$ (204)	\$ 27	\$ (231)	(855.6)%
Other (expense) income, net as a percent of revenues	0.1 %	0.0 %		

Other income (expense) includes income or losses on investments in short-term marketable equity securities of other publicly-held domestic corporations, and interest expense. The Company's investment strategy consists of both long and short positions, as well as utilizing options to improve return. The Company experienced net realized and unrealized gain from trading securities of approximately \$273,000 during fiscal 2018 and \$208,000 during fiscal 2017. The increase in trading securities gains in fiscal 2018 was primarily due to timing and general market climate of short positions at the year end.

Interest and other expense increased in fiscal 2018 compared to fiscal 2017 due to the Company incurring a full year of mortgage interest expense in the current year, which was related to the acquisition of the Lakeview Property in May 2017. See Note 4 of Notes to Consolidated Financial Statements.

Income Tax Provision (dollars in thousands)

	Fiscal Years Ended August 31,		\$	%
	2018	2017	Change	Change
Provision for income taxes	\$ 3,171	\$ 2,291	\$ 880	38.4 %
Percent of pre-tax income	31.3 %	36.1 %		(4.8)%

The provision for income taxes increased by \$880,000 in fiscal 2018 compared to fiscal 2017, which was primarily a result of higher estimated taxable income in fiscal 2018 as compared to fiscal 2017. The income tax provision as a percent of pre-tax net income decreased by 4.8% in fiscal 2018 compared to fiscal 2017, which was primarily due to the Tax Cut and Jobs Act, which became effective as of January 1, 2018, and enacted significant changes to U.S. tax and related laws. Furthermore, the decrease in the rate was due to an increase in deferred tax assets and permanent deductible expense items during fiscal 2018. The income tax provision rate is different from the effective tax rate due to applying the federal blended and statutory corporate rates of 25.4% for 2018 and 34% for 2017 to the pre-tax income from continuing operations and applying the blended state corporate tax rates.

Liquidity and Capital Resources

The Company has historically been funded from positive cash flow from its operations. As of August 31, 2018 and 2017, the Company held approximately \$2,705,000 and \$3,870,000 of unrestricted cash and cash equivalents, respectively.

In addition, the Company currently has a \$10,000,000 line of credit agreement with Community Bank, N.A. (the “Bank”), which Bank was recently acquired by CVB Financial Corp., the parent company of Citizens Business Bank. On July 24, 2018, the Company entered into a Change in Terms Agreement dated July 12, 2018 with the Bank (the “Amendment”). The Amendment modifies the Company’s \$10,000,000 line of credit between the Company and the Bank to: (i) extend the expiration date of the line of credit under the agreement from March 1, 2019 to August 20, 2020; (ii) reduce the default variable interest index rate by .500% (Wall Street Journal Prime Rate less .500%); and (iii) add the following two other interest rate options that Bisco may select subject to the requirements in the Amendment provided that the Company is not in default under the Agreement: (A) One Hundred Eighty (180) day Libor Rate plus a margin of 1.550%; or (B) the One (1) Year Libor plus a margin of 1.550%, as more fully described in the Amendment. The Agreement contains financial and other covenants that have not been modified by the Amendment. Borrowings under this line of credit agreement bear interest at the Bank’s reference rate (5.0% at August 31, 2018 and 4.25% at August 31, 2017) and are secured by substantially all of the assets of the Company and its subsidiaries. The amounts outstanding under this line of credit as of August 31, 2018 and 2017 were \$3,113,000 and \$6,967,000, respectively. The line of credit agreement also contains certain non-financial and financial covenants, including the maintenance of certain financial ratios. As of August 31, 2018 and, 2017, the Company was in compliance with all such covenants.

On May 15, 2017, the Company entered into a \$5,400,000 term loan agreement with the Bank. The proceeds of the loan were used to purchase the building that houses the Company’s existing corporate headquarters and distribution center located in Anaheim, California. This loan is payable in 35 regular monthly payments of \$27,142 and one irregular last payment of \$5,001,607 due on the maturity of the loan on May 16, 2020. The loan is secured by a deed of trust to the Lakeview Property and bears interest at the Bank’s reference rate (1.79% at May 31, 2017) plus 1.70%. At August 31, 2018, the outstanding balance of this loan was \$5,237,000. EACO has entered into a commercial guaranty agreement, pursuant to which EACO is the guarantor of the \$5,400,000 loan.

EACO has also entered into a business loan agreement (and related \$100,000 promissory note) with the Bank in order to obtain a \$100,000 of credit as security for the Company’s worker’s compensation requirements.

The Company plans to move its corporate headquarters within the next two years to a significantly larger facility owned by the Trust in Anaheim, California. In preparation for this move, the Company expects to incur higher capital expenses of approximately \$2 million to \$4 million during the next two years for capital costs for tenant improvement to modify this facility to meet the Company’s requirements.

The Company also held \$2,846,000 and \$1,596,000 of marketable securities at August 31, 2018 and 2017, respectively, which could be liquidated, if necessary.

Cash Flows from Operating Activities

During fiscal 2018, the Company provided \$4,952,000 in net cash from its operating activities. This was due primarily to higher net income in fiscal 2018 of \$6,949,000 and also an increase in trade accounts payables and accrued expenses of \$4,009,000 and \$2,895,000, respectively. Increases in the trade accounts payables and accrued expenses were due to increased employee headcount and operational expenses.

During fiscal 2017, the Company used \$4,477,000 in net cash from its operating activities. This was due primarily to an increase in inventory of \$5,346,000 to support our higher sales, an increase in trade accounts receivable of \$2,638,000 and a decrease to accrued expenses of \$1,027,000. The higher cash flows used in operating activities were offset in part by the net income in fiscal 2017 of \$4,051,000.

Cash Flows from Investing Activities

Cash used in investing activities was \$2,558,000 for fiscal 2018. This was primarily due to the purchase of equipment and leasehold improvements of \$1,600,000 in fiscal 2018, which were largely related to the relocation of the Company's Chicago sales and distribution center as well as IT equipment upgrades and replacements during fiscal 2018 to accommodate recent growth. The increase in cash flow used in investing activities in fiscal 2018 also reflects the purchases in fiscal 2018 of marketable securities of \$977,000, and net change in securities sold short of \$226,000.

Cash used in investing activities was \$9,475,000 for fiscal 2017. This was primarily due to the purchase of the Lakeview Property and equipment for \$8,646,000, purchases of marketable securities of \$848,000, and net change in securities sold short of \$718,000.

Cash Flows from Financing Activities

Cash used in financing activities for fiscal 2018 was \$3,740,000, which was primarily due to payments of \$3,853,000 in fiscal 2018 to repay in part the line of credit with our Bank.

Cash generated from financing activities for fiscal 2017 was \$12,927,000, which was primarily due to higher borrowings under our Bank line of credit of \$6,967,000 in fiscal 2017 and borrowings on long-term debt incurred by Bisco in the amount of \$5,400,000 to purchase the Lakeview Property in May 2017.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements that are reasonably likely to have a current or future effect on the consolidated financial position, revenues, results of operations, liquidity or capital expenditures.

Contractual Financial Obligations

In addition to using cash flow from operations, the Company finances its operations through borrowings from banks and the leasing of certain equipment and facilities. These financial obligations are recorded in accordance with accounting rules applicable to the underlying transactions, with the result that debt agreements and obligations under capital leases are recorded as liabilities in the accompanying consolidated balance sheets while obligations under operating leases are disclosed in the notes to the accompanying consolidated financial statements.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 8. Financial Statements and Supplementary Data

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and the Board of Directors of EACO Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of EACO Corporation and its subsidiaries (the Company) as of August 31, 2018 and 2017, the related consolidated statements of operations, comprehensive income, shareholders' equity and cash flows for the years then ended, and the related notes to the consolidated financial statements (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of August 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as

evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

/s/ Squar Milner LLP

We have served as the Company's auditor since 2005.

EACO CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2018 and 2017

Note 1. Organization and Basis of Presentation

EACO Corporation (“EACO”), incorporated in Florida in September 1985, is a holding company, primarily comprised of its wholly-owned subsidiary, Bisco Industries, Inc. (“Bisco”) and Bisco’s wholly-owned Canadian subsidiary, Bisco Industries Limited. Substantially all of EACO’s operations are conducted through Bisco and Bisco Industries Limited. Bisco was incorporated in Illinois in 1974 and is a distributor of electronic components and fasteners with 48 sales offices and seven distribution centers located throughout the United States and Canada. Bisco supplies parts used in the manufacture of products in a broad range of industries, including the aerospace, circuit board, communication, computer, fabrication, instrumentation, industrial equipment and marine industries.

Note 2. Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. These estimates include allowance for doubtful trade accounts receivable, slow moving and obsolete inventory reserves, recoverability of the carrying value and estimated useful lives of long-lived assets, and the valuation allowance against deferred tax assets. Actual results could differ from those estimates.

Principles of Consolidation

The consolidated financial statements for all periods presented include the accounts of EACO, Bisco and Bisco Industries Limited (which are collectively referred to herein as the “Company”, “we”, “us” and “our”). All significant intercompany transactions and balances have been eliminated in consolidation.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Trade Accounts Receivable

Trade accounts receivable are carried at original invoice amount, less an estimate for an allowance for doubtful accounts. Management determines the allowance for doubtful accounts by identifying probable credit losses in the Company's accounts receivable and reviewing historical data to estimate the collectability on items not yet specifically identified as problem accounts. Trade accounts receivable are written off when deemed uncollectible. Recoveries of trade accounts receivable previously written off are recorded when received. A trade account receivable is considered past due if any portion of the receivable balance is outstanding for more than 30 days. The Company does not charge interest on past due balances. The allowance for doubtful accounts was approximately \$111,000 at August 31, 2018 and 2017.

Inventories

Inventories consist primarily of electronic fasteners and components, and are stated at the lower of cost or estimated net realizable value. Cost is determined using the average cost method. Inventories are presented net of a reserve for slow moving or obsolete items of approximately \$1,376,000 and \$1,220,000 at August 31, 2018 and 2017, respectively. The reserve is based upon management's review of inventories on-hand over their expected future utilization and length of time held by the Company.

Property, Equipment, and Leasehold Improvements

Property, equipment, and leasehold improvements are stated at cost net of accumulated depreciation and amortization. Depreciation and amortization expense is determined using the straight-line method over the estimated useful lives of the assets. Depreciation on buildings is thirty five years and five to seven years for furniture, fixtures and equipment. Leasehold improvements are amortized over the estimated useful life of the asset or the remaining lease term, whichever is less. Maintenance and repairs are charged to expense as incurred. Renewals and improvements of a major nature are capitalized. At the time of retirement or disposition of the asset, the cost and accumulated depreciation or amortization are removed from the accounts and any gains or losses are reflected in earnings.

Impairment of Long Lived Assets

The Company's policy is to review long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For the purpose of the impairment review, assets are tested on an individual basis. The recoverability of the assets is measured by a comparison of the carrying value of each asset to the future net undiscounted cash flows expected to be generated by such assets. If such assets are considered impaired, the impairment to be recognized is measured by the amount by which the carrying value of the assets exceeds their estimated fair value.

Marketable Trading Securities

The Company invests in marketable trading securities, which include long and short positions in equity securities. Short positions represent securities sold, but not yet purchased. Short sales result in obligations to purchase securities at a later date and are separately presented as a liability in the Company's consolidated balance sheets. As of August 31, 2018 and 2017, the Company's total obligation for securities sold, but not yet purchased was approximately \$933,000 and \$707,000, respectively. Restricted cash to collateralize the Company's obligation for short sales was \$933,000 and \$707,000 at August 31, 2018 and 2017, respectively.

These securities are stated at fair value, which is determined using the quoted closing prices at each reporting date. Realized gains and losses on investment transactions are recognized as incurred in the consolidated statements of operations. Net unrealized gains and losses are reported in the statements of operations and represent the change in the market value of investment holdings during the period. See Note 10.

Revenue Recognition

Management generally recognizes revenue at the time of product shipment, as the Company's shipping terms are substantially FOB shipping point. Revenue is considered to be realized or realizable and earned when there is persuasive evidence of a sales arrangement in the form of an executed contract or purchase order, the product has been shipped, the sales price is fixed or determinable, and collectability is reasonably assured.

Income Taxes

Deferred taxes on income result from temporary differences between the reporting of income for financial statement and tax reporting purposes. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some or all of the deferred tax asset will not be realized. In making such determination, the Company considers all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income (if any), tax planning strategies and recent financial performance.

We provide tax contingencies, if any, for federal, state, local and international exposures relating to audit results, tax planning initiatives and compliance responsibilities. The development of these reserves requires judgments about tax issues, potential outcomes and timing. Although the outcome of these tax audits is uncertain, in management's opinion adequate provisions for income taxes have been made for potential liabilities emanating from these reviews. If actual outcomes differ materially from these estimates, they could have a material impact on our results of operations.

Freight and Shipping/Handling

Shipping and handling expenses are included in cost of revenues, and were approximately \$3,293,000 and \$2,760,000 for the years ended August 31, 2018 and 2017, respectively.

Advertising Costs

Advertising costs are expensed as incurred. For fiscal 2018 and fiscal 2017, the Company spent approximately \$403,000 and \$243,000 on advertising, respectively.

Liabilities of Discontinued Operations

Prior to June 2005, EACO self-insured workers' compensation claims losses up to certain limits. The liability for workers' compensation represents an estimate of the present value of the ultimate cost of uninsured losses which are unpaid as of the balance sheet dates. The Company pursues recovery of certain claims from an insurance carrier. Recoveries, if any, are recognized when realization is reasonably assured. The outstanding liability for worker's compensation at year end is not significant and is included in accrued expenses and other current liabilities at August 31, 2018 and 2017.

Operating Leases

Certain Company leases for its sales offices and distribution centers provide for minimum annual payments that adjust over the life of the lease. The aggregate minimum annual payments are expensed on the straight-line basis over the minimum lease term. The Company recognizes a deferred rent liability for rent escalations when the amount of straight-line rent exceeds the lease payments, and reduces the deferred rent liability when the lease payments exceed the straight-line rent expense.

Earnings Per Common Share

Basic earnings per common share for the years ended August 31, 2018 and 2017 were computed based on the weighted average number of common shares outstanding. Diluted earnings per share for those periods have been computed based on the weighted average number of common shares outstanding, giving effect to all potentially dilutive common shares that were outstanding during the respective periods. Potentially dilutive common shares represent 40,000 common shares issuable upon conversion of 36,000 shares of Series A convertible preferred stock, which were outstanding at August 31, 2018 and 2017. Such securities are excluded from the weighted average shares outstanding used to calculate diluted earnings per common share for the years ended August 31, 2018 and 2017 as their inclusion would be anti-dilutive since the conversion price was greater than the average market price of the Company's common stock during these periods.

Foreign Currency Translation and Transactions

Assets and liabilities recorded in functional currencies other than the U.S. dollar (Canadian dollars for Bisco's Canadian subsidiary) are translated into U.S. dollars at the period-end rate of exchange. The exchange rate for Canadian dollars at August 31, 2018 and 2017 was \$0.77 and \$0.82, respectively. The resulting balance sheet translation adjustments are charged or credited directly to accumulated other comprehensive income or loss. Revenue and expenses are transacted at the average exchange rates for the years ended August 31, 2018 and 2017. The average exchange rates for the years ended August 31, 2018 and 2017 were \$0.79 and \$0.76 respectively. The percentage of total assets held outside the United States, in Canada, was 4% as of August 31, 2018 and 2017. All foreign sales excluding Canadian sales, are denominated in U.S. dollars and, therefore, are not subject to foreign currency risk exposure.

Concentrations

Financial instruments that subject the Company to credit risk include cash balances in excess of federal depository insurance limits and accounts receivable. Cash accounts maintained by the Company at U.S. and Canadian financial institutions are insured by the Federal Deposit Insurance Corporation and Canadian Deposit Insurance Corporation, respectively. A significant portion of the Company's cash was held by its Canadian subsidiary. The Company has not experienced any losses in such accounts.

Net sales to customers outside the United States and related trade accounts receivable were approximately 9% and 11% respectively at August 31, 2018, and 9% for both at August 31, 2017. No single customer accounted for more than 10% of total revenues for either of the years ended August 31, 2018 or 2017.

The following table presents our sales within geographic regions as a percentage of net revenue, which is based on the “bill-to” location of our customers:

	Years Ended August 31,			
	2018		2017	
U.S.	91	%	91	%
Canada	4	%	4	%
Other	5	%	5	%
Total	100	%	100	%

Estimated Fair Value of Financial Instruments and Certain Nonfinancial Assets and Liabilities

The Company’s financial instruments other than its marketable securities include cash and cash equivalents, trade accounts receivable, prepaid expenses, security deposits, trade accounts payable, line of credit, accrued expenses and long-term debt. Management believes that the fair value of these financial instruments approximate their carrying amounts based on current market indicators, such as prevailing interest rates. The Company’s marketable securities are measured at fair value on a recurring basis. See Note 10.

During the years ended August 31, 2018 and 2017, the Company did not have any nonfinancial assets or liabilities that were measured at estimated fair value on a recurring or nonrecurring basis.

Significant Recent Accounting Pronouncements

In July 2015, the FASB issued ASU 2015-11 “Simplifying the Measurement of Inventory”. The guidance is part of the “Simplification Initiative” to identify and re-evaluate areas where the generally accepted accounting principles may be complex and cumbersome to apply. The guidance will require that inventory be stated at the lower of cost and net realizable value as opposed to the lower of cost or market. Net realizable value is the estimated selling price for the inventory less completion, disposal and transportation costs. The guidance becomes effective for fiscal years beginning after December 15, 2016. The guidance became effective for the Company beginning September 1, 2017 and did not have a material impact on our consolidated financial position, results of operations or cash flows.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606) as modified by subsequently issued ASUs 2015-14, 2016-08, 2016-10, 2016-12 and 2016-20 (collectively “new revenue standard”). The core principle of the ASU, among other changes, is that an entity should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Company has elected the modified retrospective method and will adopt the new revenue guidance effective September 1, 2018, with an immaterial impact to the opening retained earnings.

We have completed our contracts assessment under the new revenue recognition standard and determined that our current revenue recognition accounting is consistent with the new standard, whereby revenue is recognized primarily on the date products are shipped to, or picked up by, the customer. The ASU requires expanded qualitative and quantitative disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers, significant judgments and accounting policy. Adoption of the new standard will not have an ongoing material impact on the Company's consolidated financial statements.

In November 2015, the FASB issued ASU 2015-17, “Balance Sheet Classification of Deferred Taxes”. The guidance requires that all deferred tax assets and liabilities, along with any related valuation allowance, be classified as noncurrent on the balance sheet. The guidance becomes effective for annual reporting periods beginning after December 15, 2016 with early adoption permitted. The Company adopted this guidance to the August 31, 2017 consolidated balance sheet.

In February 2016, the FASB issued ASU 2016-02, “Leases”, which will require a lessee to recognize assets and liabilities with lease terms of more than 12 months. Both capital and operating leases will need to be recognized on the balance sheet. The guidance is effective for annual reporting periods beginning after December 15, 2019 and interim periods within fiscal years beginning after December 15, 2020. The Company is currently evaluating this statement and its impact on its results of operations or financial position.

In June 2016, the FASB issued ASU 2016-13, “Financial Instruments – Credit Losses”, which will require the measurement of all expected credit losses for financial assets held at the reporting date based on historical experience, current conditions, and reasonable and supportable forecasts. The guidance is effective for annual reporting periods beginning after December 15, 2019 and interim periods within those fiscal years. The Company is currently evaluating this statement and its impact on its results of operations or financial position.

In November 2016, the FASB issued ASU 2016-18, “Statement of Cash Flows - Restricted Cash a consensus of the FASB Emerging Issues Task Force.” This standard requires restricted cash and cash equivalents to be included with cash and cash equivalents on the statement of cash flows under a retrospective transition approach. The guidance will become effective for fiscal years beginning after December 15, 2017 and interim periods within those fiscal years with early adoption permitted. The Company has elected to adopt the new cash flow guidance effective September 1, 2018, with an immaterial impact to the statements of cash flows.

Note 3. Property, Equipment and Leasehold Improvements

Property, equipment and leasehold improvements are summarized as follows:

	August 31,	
	2018	2017
Machinery and equipment	\$7,903,000	\$7,154,000
Furniture and fixtures	1,013,000	898,000
Vehicles	155,000	155,000
Leasehold improvements	2,495,000	1,756,000

Edgar Filing: EACO CORP - Form 10-K

Land	1,717,000	1,717,000
Building	5,490,000	5,490,000
	18,773,000	17,170,000
Less: accumulated depreciation and amortization	(8,926,000)	(7,914,000)
	\$9,847,000	\$9,256,000

On May 19, 2017, the Company purchased the Lakeview Property from the Glen F. Ceiley and Barbara A. Ceiley Revocable Trust (the “Trust”), which is the grantor trust of Glen Ceiley, the Company’s Chief Executive Officer, Chairman of the Board and majority shareholder. The total purchase price of the Lakeview Property was \$7,200,000, which was the market price at the time of purchase supported by an independent appraiser. The purchase of the property was financed through borrowings on the line of credit of \$1,800,000 and a term loan with Community Bank, N.A. (“Community Bank”). See Note 4.

For the years ended August 31, 2018 and 2017, depreciation and amortization expense was \$1,009,000 and \$785,000, respectively.

Note 4. Long-Term Debt

The Company currently has a \$10,000,000 line of credit agreement with the Bank. This line of credit was originally held with Community Bank, N.A. (the “Bank”), which Bank was recently acquired by CVB Financial Corp., the parent company of Citizens Business Bank. On July 24, 2018, the Company entered into a Change in Terms Agreement dated July 12, 2018 with the Bank (the “Amendment”). The Amendment modifies the Company’s \$10,000,000 line of credit between the Company and the Bank to: (i) extend the expiration date of the line of credit under the agreement from March 1, 2019 to August 20, 2020; (ii) reduce the default variable interest index rate by .500% (Wall Street Journal Prime Rate less .500%); and (iii) add the following two other interest rate options that the Company may select (subject to the requirements in the Amendment and provided that the Company is not in default under the line of credit agreement): (A) One Hundred Eighty (180) day Libor Rate plus a margin of 1.550%; or (B) the One (1) Year Libor plus a margin of 1.550%, as more fully described in the Amendment. The line of credit agreement contains financial and other covenants that have not been modified by the Amendment. Borrowings under this agreement bear interest at the bank’s reference rate (4.50% at August 31, 2018 and 4.25% at August 31, 2017). Borrowings are secured by substantially all of the assets of the Company and its subsidiaries. The amounts outstanding under this line of credit as of August 31, 2018 and 2017 were \$3,113,000 and \$6,967,000, respectively. The line of credit agreement contains certain nonfinancial and financial covenants, including the maintenance of certain financial ratios. As of August 31, 2018 and 2017, the Company was in compliance with all such covenants.

On May 15, 2017, the Company entered into a \$5,400,000 loan agreement with Community Bank. The proceeds of the loan were used to purchase the building that houses the Company’s corporate headquarters and distribution center located in Anaheim, California. This loan is payable in 35 regular monthly payments of \$27,142 and one irregular last payment of \$5,001,607 due on the maturity of the loan on May 16, 2020. The loan is secured by a deed of trust to the Lakeview Property and bears interest at the bank’s reference rate (1.79% at May 31, 2017) plus 1.70%. At August 31, 2018, the outstanding balance of this loan was \$5,237,000. EACO has entered into a commercial guaranty agreement, pursuant to which EACO is the guarantor for the \$5,400,000 loan. The Company’s future principal loan payments for the Fiscal years ending August 31, 2019 and August 31, 2020 are approximately \$146,000 and \$5,091,000, respectively.

EACO has also entered into a business loan agreement (and related \$100,000 promissory note) with the Bank in order to obtain a \$100,000 letter of credit as security for the Company’s worker’s compensation requirements.

Note 5. Shareholders’ Equity

Earnings Per Common Share (“EPS”)

Edgar Filing: EACO CORP - Form 10-K

The following is a reconciliation of the numerators and denominators used in the basic and diluted computations of earnings per common share:

(In thousands, except per share information)	Years Ended August 31,	
	2018	2017
EPS – basic and diluted:		
Net income	\$6,949	\$4,051
Less: cumulative preferred stock dividend	(76)	(76)
Net income attributable to common shareholders for basic and diluted EPS computation	6,873	3,975
Weighted average common shares outstanding for basic and diluted EPS computation	4,861,590	4,861,590
Earnings per common share – basic and diluted	\$1.41	\$0.82

For the years ended August 31, 2018 and 2017, 40,000 potential common shares (issuable upon conversion of 36,000 shares of the Company’s Series A cumulative convertible preferred stock) have been excluded from the computation of diluted earnings per share because their inclusion would be anti-dilutive since the conversion price was greater than the average market price of the common stock.

Preferred Stock

The Company's Board of Directors is authorized to establish the various rights and preferences for the Company's preferred stock, including voting, conversion, dividend and liquidation rights and preferences, at the time shares of preferred stock are issued. In September 2004, the Company sold 36,000 shares of its Series A cumulative convertible preferred stock (the "Preferred Stock") to the Company's CEO, with an 8.5% dividend rate at a price of \$25 per share for a total cash purchase price of \$900,000. The holders of the Preferred Stock have the right at any time to convert the Preferred Stock and accrued but unpaid dividends into shares of the Company's common stock at the conversion price of \$22.50 per share. In the event of a liquidation or dissolution of the Company, the holder of the Preferred Stock is entitled to be paid out of the assets of the Company available for distribution to shareholders at \$25.00 per share plus all unpaid dividends before any payments are made to the holders of common stock.

Note 6. Profit Sharing Plan

The Company has a defined contribution 401(k) profit sharing plan ("401(k) plan") for all eligible employees. Employees are eligible to contribute to the 401(k) plan after six months of employment. Under this plan, employees may contribute up to 15% of their compensation. The Company has the discretion to match 50% of the employee contributions up to 4% of employees' compensation. The Company's contributions are subject to a five-year vesting period beginning the second year of service. The Company's contribution expense was approximately \$282,000 and \$236,000 for the years ended August 31, 2018 and 2017, respectively.

Note 7. Income Taxes

The following summarizes the Company's provision for income taxes on income from operations:

	Years Ended August 31,	
	2018	2017
Current:		
Federal	\$2,249,000	\$2,142,000
State	660,000	119,000
Foreign	(35,000)	(32,000)
	2,874,000	2,229,000
Deferred:		
Federal	401,000	(88,000)
State	(82,000)	32,000

Edgar Filing: EACO CORP - Form 10-K

Foreign	(22,000)	118,000
	297,000	62,000
Total	\$3,171,000	\$2,291,000

Income taxes for the years ended August 31, 2018 and 2017 differ from the amounts computed by applying the federal blended and statutory corporate rates of 25.4% for 2018 and 34% for 2017 to the pre-tax income from continuing operations. The differences are reconciled as follows:

	Years Ended August 31,	
	2018	2017
Current:		
Expected income tax benefit at statutory rate	\$2,601,000	\$2,112,000
Increase (decrease) in taxes due to:		
State tax, net of federal benefit	546,000	297,000
Permanent differences	28,000	25,000
Change in deferred tax asset valuation allowance	1,000	(4,000)
Other, net	(5,000)	(139,000)
Income tax expense	\$3,171,000	\$2,291,000

The components of deferred taxes at August 31, 2018 and 2017 are summarized below:

	August 31,	
	2018	2017
Deferred tax assets (liabilities):		
Net operating loss	\$508,000	\$508,000
Allowance for doubtful accounts	(5,000)	3,000
Accrued expenses	209,000	395,000
Accrued workers' compensation	7,000	18,000
Inventory reserves	708,000	936,000
Unrealized losses on investment	(7,000)	(223,000)
Excess of tax over book depreciation	(235,000)	(113,000)
Other	26,500	43,000
Total deferred tax assets	1,211,500	1,567,000
Valuation allowance	(509,000)	(508,000)
Total deferred tax assets	\$702,500	\$1,059,000

The Company records net deferred tax assets to the extent management believes these assets will more likely than not be realized. In making such determination, the Company considers all available positive and negative evidence, including scheduled reversals of deferred tax liabilities, projected future taxable income (if any), tax planning strategies and recent financial performance.

In 2010, management concluded that certain deferred tax assets would be realized, primarily the pre-merger net operating loss carryforwards (“NOLs”) of the Company. Management reviewed the positive and negative evidence

available at August 31, 2017 and 2018 and determined that EACO's state net operating losses did not meet the more likely than not threshold required to be recognized. As such, a valuation allowance was retained on these deferred tax assets.

Management considered the forecast of pre-tax income and strong history of pre-tax earnings and taxable income, and determined that a valuation allowance was not necessary for EACO's remaining deferred tax assets.

The Company follows ASC 740 “Income Taxes” formerly FASB Interpretation No. 48, an interpretation of FASB Statement No. 109 (“ASC 740”). ASC 740 clarifies the accounting for uncertainty in income taxes recognized in a company’s financial statements. ASC 740 prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in the tax return. The Company did not recognize any additional liability for unrecognized tax benefit as a result of the implementation. The Company has no liability for unrecognized tax benefit related to tax positions for either the August 31, 2018 year end or the August 31, 2017 year end.

The Company will recognize interest and penalty related to unrecognized tax benefits and penalties as income tax expense. As of August 31, 2018, the Company has not recognized liabilities for penalty and interest as the Company does not have any liability for unrecognized tax benefits.

The Tax Cuts and Jobs Act (the “Jobs Act”) was enacted on December 22, 2017. The Jobs Act reduces the US federal corporate tax rate from 35% to 21%, requires companies to pay a one-time transition tax on earnings of certain foreign subsidiaries that were previously tax deferred and creates new taxes on certain foreign sourced earnings. We have completed our accounting for the tax effects of enactment of the Jobs Act and have determined no additional tax liability due to offsetting foreign tax credits. For the federal corporate rate differential, we recognized an amount of \$184,000, which is included as a component of income tax expense from continuing operations. The Company is subject to taxation in the US, Canada and various states. The Company’s tax years for 2013, 2014, 2015 and 2016 are subject to examination by the taxing authorities. With few exceptions, the Company is no longer subject to U.S. federal, state, local or foreign examinations by taxing authorities for years before 2012.

The Internal Revenue Service is currently examining the Company’s federal tax return for the year ended August 31, 2016. The Company does not expect the examination to be completed within the next couple of months. Therefore, the Company does not anticipate any significant changes to its taxable income.

Note 8. Commitments and Contingencies

Legal Matters

From time to time, we may be subject to legal proceedings and claims which arise in the normal course of our business. Any such matters and disputes could be costly and time consuming, subject us to damages or equitable remedies, and divert our management and key personnel from our business operations. We currently are not a party to any material legal proceedings, the adverse outcome of which, in management’s opinion, individually or in the aggregate, would have a material adverse effect on our consolidated results of operations, financial position or cash

flows.

Operating Lease Obligations

The Company leases its facilities and automobiles under operating lease agreements (three leased facilities are leased from the Trust, which is beneficially owned by the Company's Chief Executive Officer, Chairman of the Board and majority shareholder – see Note 9), which expire on various dates through September 2022 and require minimum rental payments ranging from \$1,000 to \$32,000 per month. Certain of the leases contain options for renewal under varying terms.

Minimum future rental payments under operating leases are as follows:

Years Ending August 31:	
2019	\$1,756,000
2020	1,363,000
2021	903,000
2022	653,000
2023	526,000
Thereafter	1,221,000
	\$6,422,000

Rental expense for all operating leases for the years ended August 31, 2018 and 2017 was approximately \$2,024,000 and \$2,202,000, respectively.

Note 9. Related Party Transactions

On November 21, 2017, the Company entered into a Commercial and Industrial Lease Agreement (the “Lease”) with the Trust, which is the grantor trust of Glen Ceiley, our Chief Executive Officer, Chairman of the Board and the Company’s majority shareholder, for the lease of a facility in Glendale Heights, Illinois. The Company relocated its Chicago sales office and distribution center to this facility in December 2017. The Lease is a ten year lease with an initial monthly rental rate of \$22,600, which is subject to annual rent increases of approximately 2.5% as set forth in the Lease. The foregoing description of the Lease does not purport to be complete and is qualified in the entirety by reference to the Lease as filed as Exhibit 10.33 hereto and incorporated herein by reference.

The Company leases buildings under operating lease agreements with the Trust, which is a grantor trust of Glen Ceiley, the Company’s Chief Executive Officer, Chairman of the Board and majority shareholder. During fiscal 2018 and fiscal 2017, the Company incurred approximately \$271,000 and \$492,000, respectively, of rental expense related to these leases.

Within the next two years, the Company plans to relocate its corporate headquarters and Anaheim distribution center to an 80,000 square foot facility in Anaheim, California that is owned by the Trust. The Company plans to enter into a new lease with the Trust in the near future concerning such facility.

Note 10. Fair Value of Financial Instruments

Management estimates the fair value of its assets or liabilities measured at fair value based on the three levels of the fair-value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. For the Company, Level 1 inputs include marketable securities and liabilities for short sales of trading securities that are actively traded.

Level 2: Inputs other than Level 1 are observable, either directly or indirectly. The Company does not hold any Level 2 financial instruments.

Level 3: Unobservable inputs. The Company does not hold any Level 3 financial instruments.

Marketable Trading Securities – The Company holds marketable trading securities, which include long and short positions that are all publicly traded securities with quoted prices in active markets. These securities are stated at fair value, which is determined using the quoted closing prices at each reporting date. Short positions represent securities sold, but not yet purchased. Short sales result in obligations to purchase securities at a later date and are separately presented as a liability in the Company's consolidated balance sheets. The fair value of the marketable trading securities and short positions are considered to be Level 1 measurements.

The following table sets forth by level, within the fair value hierarchy, certain assets at estimated fair value as of August 31, 2018 and 2017:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
August 31, 2018				
Marketable securities	\$ 2,846,000	\$ —	\$ —	\$ 2,846,000
Liability for short sales of trading securities	(933,000)	—	—	(933,000)
August 31, 2017				
Marketable securities	\$ 1,596,000	—	—	\$ 1,596,000
Liability for short sales of trading securities	(707,000)	—	—	(707,000)

Note 11. Subsequent Events

Management has evaluated events subsequent to August 31, 2018, through the date that these consolidated financial statements are being filed with the Securities and Exchange Commission, for transactions and other events which may require adjustment of and/or disclosure in such financial statements.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

(a) Evaluation of disclosure controls and procedures. As required by Rule 13a-15(e) and 15d-15(e) under the Exchange Act, as of the end of the period covered by this report the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of the Company's Chief Executive Officer, who also serves as the Company's principal financial officer. Based upon that evaluation, the Company's Chief Executive Officer has concluded that the Company's controls and procedures were effective as of August 31, 2018.

(b) Management's annual report on internal control over financial reporting. Management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The Company's internal control over financial reporting is intended to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

The Company's management, with the participation of its Chief Executive Officer, assessed the effectiveness of the Company's internal control over financial reporting as of August 31, 2018. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in its report entitled "Internal Control-Integrated Framework (2013)." Based on that assessment under such criteria, management concluded that the Company's internal control over financial reporting was effective as of August 31, 2018.

Due to its inherent limitations, internal control over financial reporting may not prevent or detect all misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, and/or that the degree of compliance with the policies or procedures may deteriorate. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act. As such, this annual report does not include an attestation report of our independent registered public accounting firm regarding internal control over financial reporting.

(c) **Changes in internal control over financial reporting.** There was no change in our internal control over financial reporting that occurred during the fourth quarter of the year ended August 31, 2018 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information

None.

PART III

Item 10. Directors, Executive Officers and Corporate Governance

Set forth below is certain information, as of November 21, 2018, regarding our directors and executive officers, including information regarding the experience, qualifications, attributes or skills of each director that led the Board of Directors to conclude that such individual should serve on the Board.

Directors and Executive Officers

Directors

Glen F. Ceiley currently serves as Chairman of the Board and Chief Executive Officer of the Company. Stephen Catanzaro, Jay Conzen and William L. Means also currently serve as directors of the Company. Each director serves a one-year term, or until such director's successor has been elected and qualified.

Glen F. Ceiley, age 72, has served as EACO's Chief Executive Officer and Chairman of the Board since 1999. Mr. Ceiley is also the Chief Executive Officer and Chairman of the Board of Bisco, and has held those positions since he founded Bisco in 1973. He also served as President of Bisco prior to June 2010. In addition, Mr. Ceiley is a former director of Data I/O Corporation, a publicly-held company that provides programming systems for electronic device manufacturers. Mr. Ceiley has served as a director of the Company since 1998. As the founder of Bisco with over 45

years of experience in that industry, Mr. Ceiley is uniquely qualified to provide insights into and guidance on the industry, and growth and development of the Company.

Stephen Catanzaro, age 65, has served as the Chief Financial Officer of Allied Business Schools, Inc., a company that provides home study courses and distance education, since April 2004. Prior to that, Mr. Catanzaro was the Chief Financial Officer of V&M Restoration, Inc., a building restoration company, from September 2002 to February 2004, and the Chief Financial Officer of Bisco. Mr. Catanzaro has served as a director of the Company since 1999. Mr. Catanzaro offers to the Board valuable business and strategic insights obtained through his work in a variety of industries, as well as experience as a certified public accountant which is invaluable to his service in the Audit Committee.

Jay Conzen, age 72, has served as the President of Old Fashioned Kitchen, Inc., a national food distributor, since April 2003 and as a director since 2011. Prior to that, from October 1992 to April 2003, Mr. Conzen was the principal of Jay Conzen Investments, an investment advisor. Mr. Conzen also served as a consultant to EACO from August 1999 until January 2001 and from October 2001 to April 2003. Mr. Conzen has served as a director of the Company since 1998. Having served as an executive officer of several companies, Mr. Conzen offers to the Board a wealth of management and leadership experience as well as an understanding of issues faced by businesses. He also served as a certified public accountant for a number of years.

William L. Means, age 75, served as the Vice President of Information Technology of Bisco from 2001 until his retirement in June 2010. Prior to that, from 1997 to 2001, Mr. Means was Vice President of Corporate Development of Bisco. Mr. Means has served as a director of the Company since July 1999. He holds an M.B.A. degree from San Jose State University. Mr. Means provides extensive industry expertise to the Board, as well as a deep and broad understanding of the Company and its operations resulting from his years of service as an officer of Bisco.

Executive Officers

Each executive officer holds office at the discretion of the Company's Board, or until the officer's successor has been elected and qualified. See above for biographical information for Mr. Ceiley, our Chief Executive Officer and Chairman of the Board.

Donald S. Wagner, age 56, has served as the President of Bisco since June 2010 and as its Chief Operating Officer since November 2007. Prior to his promotion to President, Mr. Wagner also held the title of Executive Vice President of Bisco since November 2007. Mr. Wagner has worked at Bisco since 1994 in a number of other capacities, including as Vice President of Product Management. Prior to joining Bisco, Mr. Wagner worked in the defense division at Rockwell International. He holds a B.A. degree in Communications from California State University, Fullerton.

Michael Narikawa, age 37, has served as the Controller and the Principal Accounting Officer of EACO and Bisco since May 2014. Prior to his promotion as Controller, Mr. Narikawa served as Bisco's Accounting Supervisor from February 2009 to April 2014. Prior to joining Bisco, he was a Senior Auditor at KPMG, LLP from June 2005 to December 2008. Mr. Narikawa has a B.S. degree in Business Administration with a concentration in Accountancy from California Polytechnic State University, San Luis Obispo.

Zach Ceiley, age 38, has served as the Vice President of Sales and Marketing of Bisco since September 2012. Prior to such promotion, Mr. Ceiley was the Northern Regional Manager of Bisco from September 2010. Since he joined Bisco in February 2003, Mr. Ceiley has served the Company in a number of other capacities in the sales department, including as Cell Manager and Area Manager. Mr. Ceiley has a B.S. degree in Communications from the University of Colorado. Zach Ceiley is the son of Glen Ceiley, who is EACO's Chairman of the Board, Chief Executive Officer and majority shareholder and Bisco's Chief Executive Officer and Chairman of the Board.

Code of Ethical Conduct

The Company has adopted a code of ethics applicable to the Company's senior executive and financial officers. You may receive, without charge, a copy of the Financial Code of Ethical Conduct by contacting our Corporate Secretary at 1500 N. Lakeview Loop, Anaheim, California 92807.

Audit Committee

The Audit Committee's basic functions are to assist the Board in discharging its fiduciary responsibilities to the shareholders and the investment community in the preservation of the integrity of the consolidated financial information published by the Company, to maintain free and open means of communication between the Company's directors, independent auditors and financial management, and to ensure the independence of the independent auditors. The Board has adopted a written charter for the Audit Committee which is attached as Annex A to the Company's Proxy Statement for the 2013 Annual Meeting of Shareholders, as filed with the SEC on April 8, 2013. The Audit Committee charter is not available on the Company's website. Currently, the members of the Audit Committee are Messrs. Catanzaro, Conzen (Chairman) and Means. As indicated in Item 13 below, the Board has determined that Messrs. Catanzaro, Conzen and Means are independent as defined by the NASDAQ Stock Market's Marketplace Rules. The Board has identified Mr. Conzen as the member of the Audit Committee who qualifies as an "audit committee financial expert" under applicable SEC rules and regulations governing the composition of the Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the SEC reports of ownership and reports of changes in ownership of our common stock and our other equity securities. These persons are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file.

Specific due dates for these reports have been established, and we are required to report any failure to file by such dates. For fiscal 2018, based solely on our review of copies of the reports on Forms 3, 4 and 5 received by us during or with respect to the fiscal year ended August 31, 2018 and written representations received from the reporting persons that no reports were required, we believe that all directors, executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section on a timely basis.

Item 11. Executive Compensation

The Executive Compensation Committee (the “Committee”) is responsible for assisting with the establishment of the salary and annual bonuses paid to executive officers of EACO and administering EACO’s equity incentive plans, if any, including granting stock options to officers and employees of EACO. The Committee has not adopted a formal charter. The current members of the Committee are Messrs. Glen Ceiley and William Means.

The officers of EACO are Mr. Ceiley, the Company’s Chief Executive Officer and Chairman of the Board, and Mr. Michael Narikawa, the Company’s Controller and Principal Accounting Officer. Due to the nature of EACO’s operations and related consolidated financial results, no additional salary or other compensation for their service as officers of EACO was determined to be necessary, and no such compensation was provided to Mr. Ceiley or Mr. Narikawa during fiscal 2018 or fiscal 2017. However, both of them receive compensation from Bisco for their services provided to Bisco.

All compensation for the named executive officers for fiscal 2018 and fiscal 2017 was paid by Bisco. The compensation of named executive officers who serve as officers of Bisco are determined by Bisco’s Chairman of the Board, Glen Ceiley. Mr. Ceiley has received quarterly cash dividends in the amount of \$19,125 on his shares of preferred stock of EACO.

Summary Compensation

The following table sets forth information regarding compensation earned from the Company (including from Bisco, our wholly-owned subsidiary) during fiscal 2018 and fiscal 2017 by (i) our Chief Executive Officer, and (ii) the two other most highly compensated executive officers who were employed by the Company (including Bisco) as of August 31, 2018 and whose total compensation exceeded \$100,000 during that year. The officers listed below are collectively referred to as the “named executive officers” in this report.

Name and Principal Position	Fiscal Year	Salary	All Other Compensation	Total
Glen F. Ceiley, Chief Executive Officer and Chairman of the Board of EACO and Bisco	2018	\$ 188,000	\$ 9,000	\$ 197,000
	2017	354,000	8,000	362,000
Donald Wagner, President and Chief Operating Officer of Bisco	2018	225,000	40,000	265,000
	2017	215,000	38,000	253,000
Zachary Ceiley,	2018	142,000	32,000	174,000

Vice President of Sales and Marketing of Bisco	2017	131,000	31,000	162,000
--	------	---------	--------	---------

Outstanding Equity Awards at Fiscal Year-End

The Company did not grant any equity awards during fiscal 2018 to any named executive officer, and no outstanding equity awards were held by the named executive officers at August 31, 2018.

Director Compensation

The Company pays \$10,000 per year in cash to each director who is not employed by EACO or its subsidiary as compensation for their Board services. In addition, directors who do not receive a salary from EACO or its subsidiaries receive a fee of \$500 for each Board meeting attended. No additional fees are paid to directors for attendance at meetings of the Audit Committee or the Executive Compensation Committee of the Board.

The following table sets forth the compensation of certain Company directors for the year ended August 31, 2018. (See the above “Summary Compensation” for information regarding Mr. Ceiley).

Director	Fees Earned or All Other		Total
	Paid in Cash	Compensation	
Stephen Catanzaro	\$ 12,000	\$ —	\$12,000
Jay Conzen	12,000	—	12,000
William Means	12,000	—	12,000

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

Security Ownership of Certain Beneficial Owners and Management

The table below presents certain information regarding beneficial ownership of the Company’s common stock (the Company’s only voting security) as of November 12, 2018 (i) by each shareholder known to the Company to own more than five percent (5%) of the outstanding common stock, (ii) by each named executive officer and director of the Company, and (iii) by all directors and executive officers of the Company as a group. Under the rules of the SEC, the determinations of “beneficial ownership” of the Company’s common stock are based upon Rule 13d-3 under the Exchange Act. Under Rule 13d-3, shares will be deemed to be “beneficially owned” when a person has, either solely or with others, the power to vote or to direct the voting of shares and/or the power to dispose, or to direct the disposition of shares, or where a person has the right to acquire any such power within 60 days after the date such beneficial ownership is determined. Shares of the Company’s common stock that a beneficial owner has the right to acquire within 60 days are deemed to be outstanding for the purpose of computing the percentage ownership of such owner but are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

Name and Address of Beneficial Owner (1)	Shares of Common Stock Beneficially Owned	Percent of Class(2)
Stephen Catanzaro	—	—
Glen F. Ceiley(3)	4,716,313	97.3 %
Jay Conzen	—	—
William L. Means	322	*
Donald Wagner	—	—
Zachary Ceiley	—	—
Michael Narikawa	—	—
All executive officers and directors as a group (7 persons)(3)	4,716,635	97.3 %

* Less than 1%

(1) The address for each person named in the table is c/o Bisco Industries, Inc., 1500 North Lakeview Loop, Anaheim, CA 92807.

(2) Based on 4,861,590 shares of common stock outstanding as of November 21, 2018.

(3) Includes (i) 4,670,313 shares of common stock held by the Trust; (ii) 6,000 shares held by Mr. Ceiley's wife; and (iii) 40,000 shares issuable upon conversion of the 36,000 shares of Series A cumulative convertible preferred stock (excluding any dividends accrued but not yet paid) held by Mr. Ceiley. Mr. Ceiley has the sole power to vote and dispose of the shares of common stock he owns individually.

Item 13. Certain Relationships and Related Transactions and Director Independence

Certain Relationships and Related Transactions

Since September 1, 2012, except as described below or under Item 11 (Executive Compensation), there has not been, nor is there any proposed transaction, where we (or any of our subsidiaries) were or will be a party in which the amount involved exceeded or will exceed the lesser of \$120,000 or one percent of the average of the Company's total assets at year end for the last two fiscal years and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

The Company leases buildings under operating lease agreements with the Trust, which is a grantor trust of Glen Ceiley, the Company's Chief Executive Officer, Chairman of the Board and majority shareholder. During fiscal 2018 and fiscal 2017, the Company incurred approximately \$271,000 and \$492,000, respectively, of expense related to these leases.

Within the next two years, the Company plans to relocate its corporate headquarters and Anaheim distribution center to a new 80,000 square foot facility in Anaheim, California that is owned by the Trust. Accordingly, the Company plans to enter into a new lease with the Trust in the near future concerning such premises.

On November 21, 2017, Bisco entered into the Lease with the Trust for the lease of office and warehouse space in Glendale Heights, Illinois, California for a base monthly rent of \$22,600, which is subject to a 2.5% annual increase. See Item 9B. Other Information.

Director Independence

The Company's Board consists of the following directors: Stephen Catanzaro, Glen Ceiley, Jay Conzen and William L. Means. The Board has determined that three of its four directors, Stephen Catanzaro, Jay Conzen and William L. Means, are independent as defined by the NASDAQ Stock Market's Marketplace Rules. In addition to such rules, the Board of Directors considered transactions and relationships between each director (and his immediate family) and the Company to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent. As a result, the Board determined that Mr. Ceiley is not independent, as he is an executive officer of EACO, an employee of Bisco, a member of Bisco's steering committee, and beneficially owns

approximately 97% of the Company's outstanding common stock. Bisco's steering committee handles the day to day operations of the Company, and Mr. Ceiley has been intimately involved with decision-making that directly affects the consolidated financial statements of the Company.

Currently, the members of the Audit Committee are Messrs. Catanzaro, Conzen (Chairman) and Means. The Board has determined that all of the foregoing committee members are independent pursuant to the Nasdaq Marketplace Rules and SEC Rule 10A-3.

Item 14. Principal Accounting Services

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is required to pre-approve all auditing services and permissible non-audit services, including related fees and terms, to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described under the Exchange Act, which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee also considers whether the provision by its independent accounting firm of any non-audit related services is compatible with maintaining the independence of such firm. For fiscal 2018 and fiscal 2017, the Audit Committee pre-approved all services performed for the Company by the auditor.

Principal Accountant Fees

Squar Milner LLP (“Squar Milner”) has served as the Company’s independent accounting firm since fiscal year ending December 28, 2005. During fiscal 2018 and fiscal 2017, we paid Squar Milner the following amounts for the services set forth below:

Fee Category	Year Ended August 31,	
	2018	2017
Audit fees	\$ 176,000	\$ 172,000
Audit related fees	—	—
Tax fees	—	—
All other fees	—	—
Total fees	\$ 176,000	\$ 172,000

Audit Fees

Audit fees consist of fees billed for professional services rendered in connection with the audit of the financial statements included in the Company’s annual reports on Form 10-K and for the reviews of the unaudited financial statements included in the Company’s quarterly reports on Form 10-Q for the quarters ended during the years ended August 31, 2018 and 2017 and for other regulatory filings for such fiscal years.

Audit-Related Fees

The Company was not billed for any audit-related fees by Squar Milner for the years ended August 31, 2018 and 2017. There were no other fees billed by Squar Milner during fiscal 2018 or fiscal 2017.

PART IV**Item 15. Exhibits, Financial Statement Schedules**

(a) Documents filed as part of this report:

1. Financial Statements.

Our consolidated financial statements are listed in the “Index to Consolidated Financial Statements” under Part II, Item 8 of this report.

2. Financial Statement Schedules.

All financial schedules have been omitted because they are not required or are not applicable, or the required information is shown in our consolidated financial statements or notes thereto.

3. Exhibits.
