(São Paulo, Brazil January 27th, 2004) -- Companhia Siderúrgica Nacional (CSN) (NYSE-SID) informs that today the Board of Directors approved investments up to US\$ 850 million, lasting approximately 30 months from the signature of contracts. These include: (i) the Casa de Pedra iron ore mine annual capacity expansion to 40 million tonnes, (ii) the Sepetiba Port expansion, to be able to export iron ore, (iii) a 6-million tonnes pellet plant; and (iv) revamping of Coke Furnace #3, aiming at self-sufficiency for the current molten steel capacity. The execution of these investments is subject to the approval of adequate financial conditions, including favorable regulatory conditions.

Companhia Siderúrgica Nacional, located in the state of Rio de Janeiro, Brazil, is a steel complex integrated by investments in infrastructure and logistics, that combines in its operation captive mines, an integrated steel mill, service centers, ports and railways. With a total annual production capacity of 5,800,000 tonnes of crude steel and gross revenues of R\$ 5.2 billion reported in 2002, CSN is also the only tin-plate producer in Brazil and one of the five largest tin-plate producers worldwide.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
