**Item 12. Disclosure of Results of Operations and Financial Condition**

On March 2, 2004 the Company issued a press release announcing its financial results for the fourth quarter and year ended December 31, 2003. A copy of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein solely for purposes of Item 12.

The press release attached to this Current Report on Form 8-K as Exhibit 99.1 contains financial measures for income before taxes, net income and fully diluted earnings per share excluding one-time benefits and other charges that are not calculated in accordance with generally accepted accounting principles in the United States ( GAAP ). The Company has provided a reconciliation in the press release attached to this Current Report on Form 8-K as Exhibit 99.1 of the non-GAAP financial measures for income before taxes, net income and fully diluted earnings per share excluding one-time benefits and other charges to GAAP income before taxes, net income and fully diluted earnings per share.

Management believes that these non-GAAP financial measures provide useful information to investors about the Company's results of operations because the elimination of one-time benefits and charges that are included in the GAAP financial measures results in a normalized comparison of certain key financial results between the periods presented.
