The Company adopted the Stock Option Plan (the "Plan") in July 1991 and amended the Plan in January, 1994, November 21, 1995 and July 14, 1998. The number of shares of Common Stock reserved for issuance pursuant to the Plan is 300,000 shares. The Plan authorizes the Company to grant two types of equity incentives: (i) options intended to qualify as "incentive stock options" ("ISOs") as defined in Section 422 of the Internal Revenue Code of 1986, as amended, and (ii) non-qualified stock options ("NQSOs"). The Plan authorizes options to be granted to directors, officers, key employees and consultants of the Company, except that ISOs may be granted only to employees. The Plan is administered by a committee of disinterested directors designated by the Board of Directors (the "Compensation Committee"). Subject to the provisions of the Plan, the Compensation Committee determines who is eligible to receive stock options, together with the nature, amount, timing, exercise price, vesting schedule and all other terms and conditions of the options to be granted.

Under the Plan, ISOs and NQSOs may have a term of up to ten years. Stock options are not assignable or transferable except by will or the laws of descent and distribution. Stock options granted under the Plan which have lapsed or terminated revert to the status of "unissued" and become available for reissuance.

At December 31, 2001, options to purchase 52,600 shares of the Company's Common Stock at prices ranging from \$4.00 to \$5.625 per share were issued and outstanding under the Plan.
