DRS TECHNOLOGIES, INC.

Unless otherwise stated or the context otherwise requires, references in this prospectus to DRS, we, us, and our refer to DRS Technologies, Inc. and its subsidiaries on a consolidated basis.

DRS is a supplier of defense electronic products and systems. We provide high-technology products and services to all branches of the U.S. military, major aerospace and defense prime contractors, government intelligence agencies, international military forces and industrial markets. We are a leading provider of thermal imaging devices, combat display workstations, electronic sensor systems, power systems, battlefield digitization systems, air combat training systems, mission recorders and deployable flight incident recorders.

We operate in two operating segments: the Command, Control, Communications, Computers and Intelligence Group (C4I Group) and the Surveillance and Reconnaissance Group (SR Group). All other operations, primarily our Corporate Headquarters, are grouped in Other.

The C4I Group is comprised of the following product categories: Command, Control and Communications (C3), which includes naval display systems, ship communications systems, radar systems, technical support, electronic manufacturing and system integration services, secure voice and data communications, meteorological surveillance and analysis and radio frequency broadcast transmission equipment; Power Systems, which includes the naval and industrial power generation, conversion, propulsion, distribution and control systems lines; Intelligence Technologies, which includes signals intelligence, data collection, processing and dissemination equipment; and Tactical Systems, which includes battle management tactical computer systems and peripherals product lines.

The SR Group is comprised of the following product categories: Reconnaissance, Surveillance and Target Acquisition (RSTA), which develops and produces electro-optical sighting, targeting and weapon sensor systems, unmanned vehicles, high-speed digital data and imaging systems, and aircraft weapons alignment systems and provides electro-optical system manufacturing services; Training & Control Systems, which develops and produces air combat training, electronic warfare and network systems; and Test & Energy Management, which develops and produces electronic test, diagnostics and vehicle electronics.

The substantial majority of our sales are generated using written contractual arrangements. These contracts require us to design, develop, manufacture, modify, test and/or integrate complex defense electronic equipment and systems, and to provide related engineering and technical services according to specifications provided to us by our customers. Our primary end-use customer is the Department of Defense (DoD).

Recent events, including the global war on terrorism, Operation Enduring Freedom and Operation Iraqi Freedom, have altered the defense and homeland security environment of the United States. These events have had, and for the foreseeable future are likely to continue to have, a significant impact on the markets for defense and advanced technology products. The DoD continues to focus on both supporting ongoing operations and transforming our military to confront future threats. We believe that the current business, political and global environments will create new opportunities for mid-tier defense companies like DRS to develop strategic relationships with prime contractors. Through these relationships, we believe we can provide new systems and subsystems, which are capable of meeting the military's evolving requirements.

Our strategy is designed to capitalize on the breadth of our technology and extensive expertise in order to meet the evolving needs of our customers. We intend to expand our share of existing programs and participate in new programs by leveraging the strong relationships that we

Edgar Filing: DRS TECHNOLOGIES INC - Form S-8

have developed with the DoD, several other U.S. Government agencies and all of the major U.S. defense prime contractors. We expect to continue to benefit from the outsourcing of subsystems, components and products by prime contractors. We plan to continue to align our research and development, manufacturing and new business efforts to complement our customers requirements and to provide state-of-the-art products. We plan to maintain a diversified and broad business mix with limited reliance on any single program, a significant follow-on business and an attractive customer profile.

A significant component of our strategy has been to enhance our existing product base through selective acquisitions that add new products and technologies in areas that complement our present business base. We intend to continue acquiring select publicly- and privately-held companies, as well as defense businesses of larger companies, that (i) exhibit significant market position(s) in their business areas, (ii) offer products that complement and/or extend our product offerings, and (iii) display growing revenues, and positive operating income and cash flow prospects.

Item 4. Description of Securities

Not Applicable.

Item 5. Interests of Named Experts and Counsel

Nina Laserson Dunn, Esq. is a participant in the Company's Amended and Restated 1996 Omnibus Plan. As of September 30, 2004, Nina Laserson Dunn beneficially owns 71,071 shares of the Company's common stock, which amount includes currently exercisable options to purchase 55,000 shares of the Company's common stock.

Item 6. Indemnification of Directors and Officers

Set forth below is a description of certain provisions of the Amended and Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), of the Company, the Amended and Restated Bylaws (the "Bylaws") of the Company and the General Corporation Law of the State of Delaware, as such

provisions relate to the indemnification of the directors and officers of the Company. This description is intended only as a summary and is qualified in its entirety by reference to the Certificate of Incorporation, the Bylaws, and the General Corporation Law of the State of Delaware.

The Company's Certificate of Incorporation provides that the Company shall, to the full extent permitted by Sections 102 and 145 of the General Corporation Law of the State of Delaware, as amended from time to time, indemnify all persons whom it may indemnify pursuant thereto and eliminates the personal liability of its directors to the full extent permitted by Section 102(b)(7) of the General Corporation Law of the State of Delaware, as amended from time to time.

Section 145 of the General Corporation Law of the State of Delaware permits a corporation to indemnify its directors and officers against expenses (including attorney's fees), judgments, fines and amounts paid in settlements actually and reasonably incurred by them in connection with any action, suit or proceeding brought by third parties, if such directors or officers acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, if they had no reasonable cause to believe their conduct was unlawful. In an action by, or in the right of, the corporation, indemnification may be made only for expenses actually and reasonably incurred by directors and officers in connection with the defense or settlement of an action or suit, and only with respect to a matter as to which they shall have acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made if such person shall have been adjudged liable to the corporation, although the court in which the action or suit was brought or the Delaware Court of Chancery may determine upon application that the defendant officers or directors are reasonably entitled to indemnity for such expenses despite such adjudication of liability.

Section 102(b)(7) of the General Corporation Law of the State of Delaware provides that a corporation may eliminate or limit the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the General Corporation Law of the State of Delaware, or (iv) for any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the ability of a director for any act or omission occurring prior to the date when such provision becomes effective.

Item 7. Exemption from Registration Claimed.

The securities that are to be reoffered or resold pursuant to this registration statement were issued pursuant to the Company's Amended and Restated 1996 Omnibus Plan in transactions that were exempt from registration under the Securities Act.

Item 9. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to the registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the

effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not disclosed previously in the registration statement or any material change to such information in the registration statement;

II-3

provided, however, that paragraphs (a)(1)(i) and (a) (1) (ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Sections 13 or 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Sections 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act), that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 6, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
