**Item 1.01            Entry into a Material Definitive Agreement.**

On September 23, 2005, Vista Gold Corp. (the Company) entered into Subscription Agreements and a Warrant Indenture, and issued Broker Warrants (each as defined below), in connection with the Company's completion of a private placement financing in which the Company sold and issued a total of 2,168,812 units (the Units), at a price of U.S. \$3.60 per Unit for aggregate proceeds of U.S. \$7,807,723. Each Unit consists of one common share of the Company and one common share purchase warrant to acquire an additional common share of the Company. The financing was effected pursuant to that certain Subscription Agreement dated on or before September 23, 2005 (the Subscription Agreement) between the Company and each purchaser. The terms of the warrants are set forth in the Warrant Indenture, also dated September 23, 2005 (the Warrant Indenture), between the Company and Computershare Trust Company of Canada, as Trustee. Each warrant will entitle the holder to acquire one common share at an exercise price of U.S. \$4.10 for a period of two years from the date of issue.

The Company is to register for resale, under the U.S. Securities Act of 1933, the common shares issued in the placement, as well as the common shares issuable upon the exercise of warrants including the Broker Warrants. All of such warrants have a provision for accelerating their expiry date as follows: starting six months after the share registration is declared effective, if the closing price of the Company's common shares on the American Stock Exchange is U.S. \$5.40 or more for a period of 20 consecutive trading days, then for 15 business days the Company will have the option to request that the warrants be exercised. If the warrants are not exercised within 15 business days following this request, they will be cancelled.

The Company paid a cash finder's fee equal to 6% of the gross proceeds of the private placement and also issued as a finder's fee 216,881 warrants (the Broker Warrants), that number being 10% of the number of units issued in the private placement. The Broker Warrants are evidenced by a certificate dated September 23, 2005 (the Broker Warrant Certificate). Each Broker Warrant will entitle the holder to acquire one common share at an exercise price of U.S. \$4.10 for a period of two years from the date of issue.

The net proceeds from the private placement will be used for continuation of the Company's strategy of acquiring additional gold resources, as suitable opportunities arise; improving the Company's gold projects through additional drilling, re-engineering and feasibility studies; and to pay on-going administration costs. On September 23, 2005, the Company issued a press release reporting the closing of this financing. The press release is furnished as Exhibit 99.1 and is attached hereto.

**Item 3.02            Unregistered Sales of Equity Securities.**

The disclosures included in Item 1.01 are incorporated into this Item 3.02 by reference.

The sale and issuance of securities pursuant to the Subscription Agreements, and the issuance of the Broker Warrants pursuant to the Broker Warrant Certificate, were exempt from the registration requirements of the Securities Act of 1933 (the Act) pursuant to Section 4(2) of the Act and Rule 506 of Regulation D promulgated thereunder. Each purchaser and each finder is an accredited investor under

the Act, and the securities were sold without any general solicitation by the Company or its representatives.

**Item 8.01 Other Events.**

On September 26, 2005, the Company issued a press release reporting, among other things, the results of an updated preliminary feasibility study for its Paredones Amarillos gold project in Baja California Sur, Mexico. The press release is furnished as Exhibit 99.2 and is attached hereto.
