Item 2.05 Costs Associated With Exit or Disposal Activities.

On September 27, 2011, Huntsman Corporation (the **Company**), informed employees of its plans to implement a significant restructuring in its Textile Effects division, including the possible closure of its production facilities and business support offices in Basel, Switzerland, as part of an on-going strategic program aimed at improving its long-term global competitiveness. The planned restructuring could result in approximately 500 job losses and 100 positions moving to other sites across the organization. Consultations with labor representatives have commenced and the planned restructuring, including the possible closures, is targeted for completion by the end of 2013.

In connection with the restructuring, the Company anticipates that it will incur costs, including employee severance and termination benefits, facility closure costs and other restructuring related costs. Because the restructuring plan has not yet been finalized, at this time the Company is unable in good faith to make a determination of the cost estimates required by paragraphs (b), (c) and (d) of Item 2.05 and will file an amended report on Form 8-K after it makes a determination of such estimates.

On September 27, 2011, the Company issued a press release regarding the planned restructuring. A copy of the press release is furnished herewith as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.
