PROPOSAL FOR THE DESTINATION OF INCOME FOR THE YEAR ENDED DECEMBER 31, 2011. Dear Members of the Board of Directors, the Executive Officers Board of Vale S.A. (Vale), in lieu with Article 192 of Law #6,404 (as amended by Laws #10,303 and #11,638) and Articles 41 to 44 of Vale's Bylaws, hereby presents to the Board of Directors the proposal for the destination of income earned in the fiscal year ended December 31, 2011. The net income for the year, evidenced in the Financial Statements, amounted R\$37,813,724,944.02 (thirty-seven billion, eight hundred and thirteen million, seven hundred twenty-four thousand, nine hundred forty-four reais and two cents), accounted as per the norms and pronouncements issued by the Brazilian Securities and Exchange Commission (CVM) / Accounting Standards Committee (CPC). **I - LEGAL RESERVE.** In this reserve must be allocated 5% of net income of the year up to the limit of 20% (twenty percent) of Capital by force of provided in the Article 193 of Law #6,404 and in the Article 42 of Vale's Bylaws, that is, R\$1,890,686,247.20 (one billion, eight hundred and ninety million, six hundred eighty-six thousand, two hundred forty-seven reais and twenty cents). The allocation to this reserve shall not be recorded in the year in which the balance of the legal reserve, plus the amount of capital reserves (Article 182 of Law #6,404/76) exceeds 30% of the share capital. **II - TAX INCENTIVE RESERVES.** Vale is entitled to an income tax reduction on regulated exploitation profits, as defined: (a) Establishment Report #023/2007 issued by the Agência de Desenvolvimento da Amazônia - ADA, currently known as Superintendência de Desenvolvimento da Amazônia - SUDAM (Amazonian Development Institution) related to tax incentives granted to copper extraction in the State of Pará; (b) Report Establishing #105/2009 and Declaration # 10/2009 issued by the Superintendência de Desenvolvimento da Amazônia - SUDAM related to tax

incentives granted for the extraction of iron ore in the State of Pará; and (c) Establishmnet Report t #40/2011 issued by the Superintendência de Desenvolvimento da Amazônia - SUDAM related to tax incentives granted to pelletizing plant of São Luiz in the state of Maranhão. Vale is also user of the Reinvestment Benefit issued by SUDAM and SUDENE (Northeast Superintendence) which allows the entity to spend part of the income tax due, reinvesting the money with the aquisition of equipments for the operational plants on de SUDAM and SUDENE areas. The tax law predicts (article 545 of Income Tax Regulation) that the amount benefited and not payed to IRS is not available to shareholders and must be accounted in a specific reserve in the net equity exclusive for increasing capital or absorbing losses. As mentioned above and exposed on article 195-A, Federal Law#6,404, included by Federal Law #11,638, we propose the amount of R\$995,844,040.58 (nine hundred ninety-five million, eight hundred forty and four thousand, forty reais and fifty eight cents) to that Reserve, equal to total tax not withdrawn by Vale due to fiscal benefits mentioned above. **III -DIVIDENDS / INTEREST ON SHAREHOLDERS EQUITY.** Pursuant to Article 42 of Vale s Bylaws, after establishing the legal reserve, the proposed allocation of the remaining amount of the net income at the end of each fiscal year shall be submitted to the Annual Shareholders Meeting by the Board of Directors, considering that the amount of interest paid or credited as interest on shareholders equity, according to Article 9, Paragraph 7 of Law #9,249/95, and the applicable laws and regulations, may be attributed to the mandatory dividend and the minimum annual dividend for preferred shares, which shall integrate the amount of dividends distributed by the company for all legal effects. Pursuant to Article 44 the by Law, at least 25% of annual net income, adjusted under the legislation shall be allocated to dividend payments. The adjusted net income, which for 2011 amounted to R\$34,927,194,656.24 (thirty-four billion, nine hundred twenty seven million, one hundred ninety-four thousand, six hundred fifty-six reais and twenty four cents), corresponds to net income of the year R\$37,813,724,944.02 (thirty-seven billion, eight hundred and thirteen million, seven hundred twenty-four thousand, nine hundred forty-four reais and two cents), deducted of the amount of the constituted legal reserve of R\$1,890,686,247.20 (one billion, eight hundred and ninety million, six hundred eighty-six thousand, two hundred forty-seven reais and twenty cents) , and of the destination to the tax incentives reserve of R\$995,844,040.58 (nine hundred ninety-five million, eight hundred forty and four thousand, forty reais and fifty eight cents). Thus, the minimum mandatory dividend of 25% of adjusted net income as dividends reaches the total amount of R\$8,731,798,664.06 (eight billion, seven hundred thirty-one million, seven hundred ninety-eight thousand, six hundred sixty-four reais and six cents), which corresponds to R\$1.713027160 per outstanding common and preferred share. Under Article 5, Paragraph 5 of Vale s Bylaws, the holders of preferred classes A and golden shares are entitled to participate in the dividend to be distributed, calculated in accordance with Chapter VII of Vale s Bylaws as per the following criteria: (a) priority to receive dividends corresponding to (i) at least 3% (three percent) of the net equity share value, calculated based on the financial statements which served as reference for the payment of dividends or (ii) 6% (six percent) calculated over the parcel of capital represented by this class of shares, whichever is the higher among them; (b) right to participate in

Table of Contents

the profits distributed, on equal terms with common shares after is assured to them a dividend equal to the minimum annual dividend established in accordance with the paragraph a above. On December 31, 2011, the reference value for the minimum annual dividend of preferred shares, based on (a) 6% on preferred capital per outstanding preferred share is R\$1,768,512,670.33 (one billion, seven hundred sixty-eight million, five hundred and twelve thousand, six hundred and seventy reais and thirty three cents), corresponding to R\$0.917526699 or (b) 3% of the equity of the outstanding preferred share is R\$1,798,438,985.02 (one billion, seven hundred ninety-eight million, four hundred thirty-eight thousand, nine hundred eighty five reais and two cents), corresponding to R\$0.933052849, per outstanding preferred share, whichever is greater. Thus, the net income for the fiscal year is sufficient for the full payment of fixed or minimum dividends. There is no cumulative unpaid portion. Considering the total balance of mandatory dividend relative to fiscal year 2011, as noted, the prerogative to pay interest on shareholders equity, based on Articles 42, sole paragraph and 45 of Vale s Bylaws, Vale s cash situation as determined in the balance referent to fiscal year 2011 and the option for equitable treatment of shareholders, the Executive Officers Board proposes the distribution to shareholders the total amount of net income related to the year 2011, R\$9,062,863,756.71 (nine billion, sixty-two million, eight hundred sixty-three thousand, seven hundred fifty-six reais and seventy one cents), equivalent to R\$1.755732583 per outstanding common or preferred share issued by Vale. Considering this total amount, R\$6,855,763,139.07 (six billion eight hundred and fifty five million, seven hundred and sixty three thousand, one hundred and thirty nine reais and seven cents), has been designed to shareholders as dividends during the year 2011, under the terms stated in sequence, considered as advances of profit distribution for the year 2011: (a) the distribution of interest on shareholders equity based on the Executive Officers Board proposal and approved by the Board of Directors, at the meeting held on August 11, 2011, in the total gross amount of R\$4,854,900,000.00 (four billion, eight hundred fifty-four million, nine hundred thousand reais), equivalent to R\$0.933403176 per outstanding common or preferred share, based on June 2011 financials, paid from August 26, 2011; (b) the distribution of interest on shareholders equity based on the Executive Officers Board proposal approved by the Board of Directors, at the meeting held on October 14, 2011 in the total gross amount of R\$2,000,863,139.07 (two billion, eight hundred sixty-three thousand, one hundred thirty-nine reais and seven cents), equivalent to R\$0.389334620 per outstanding common or preferred share, based on June 2011 financials, paid from October 31, 2011. As a consequence it will be submitted for approval the distribution of the remaining R\$2,207,100,617.64 (two billion, two hundred and seven million, one hundred thousand, six hundred and seventeen reais and sixty four cents) from interest on shareholders equity equivalent to R\$0.432994787 per outstanding common or preferred share, to be paid in April 2012. There shall be neither monetary correction nor interest upon the amount proposed herein. The mandatory dividend will be paid integral, with no amount retained.
