EXTRA SPACE STORAGE INC.

(Exact name of registrant as specified in its charter)

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Maryland

(State or other jurisdiction of incorporation or organization)

20-1076777

(I.R.S. Employer Identification No.)

2795 East Cottonwood Parkway, Suite 400

Salt Lake City, Utah 84121

(Address of principal executive offices)

Registrant's telephone number, including area code: **(801) 365-4600**

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of large accelerated filer, accelerated filer and smaller reporting company in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer ☒

Accelerated filer ☐

Non-accelerated filer ☐

Smaller reporting company ☐

(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

The number of shares outstanding of the registrant's common stock, par value \$0.01 per share, as of April 30, 2012, was 103,860,494.

STATEMENT ON FORWARD-LOOKING INFORMATION

Certain information set forth in this report contains forward-looking statements within the meaning of the federal securities laws. Forward-looking statements include statements concerning our plans, objectives, goals, strategies, future events, future revenues or performance, capital expenditures, financing needs, plans or intentions relating to acquisitions and other information that is not historical information. In some cases, forward-looking statements can be identified by terminology such as believes, expects, estimates, may, will, should, anticipates, or the negative of such terms or other comparable terminology, or by discussions of strategy. We may also make additional forward-looking statements from time to time. All such subsequent forward-looking statements, whether written or oral, by us or on our behalf, are also expressly qualified by these cautionary statements.

All forward-looking statements, including without limitation, management's examination of historical operating trends and estimate of future earnings, are based upon our current expectations and various assumptions. Our expectations, beliefs and projections are expressed in good faith and we believe there is a reasonable basis for them, but there can be no assurance that management's expectations, beliefs and projections will result or be achieved. All forward-looking statements apply only as of the date made. We undertake no obligation to publicly update or revise forward-looking statements which may be made to reflect events or circumstances after the date made or to reflect the occurrence of unanticipated events.

There are a number of risks and uncertainties that could cause our actual results to differ materially from the forward-looking statements contained in or contemplated by this report. Any forward-looking statements should be considered in light of the risks referenced in Part II. Item 1A. Risk Factors below and in Part I. Item 1A. Risk Factors included in our most recent Annual Report on Form 10-K. Such factors include, but are not limited to:

- adverse changes in general economic conditions, the real estate industry and the markets in which we operate;
- the effect of competition from new and existing self-storage facilities or other storage alternatives, which could cause rents and occupancy rates to decline;
- difficulties in our ability to evaluate, finance, complete and integrate acquisitions and developments successfully and to lease up those properties, which could adversely affect our profitability;
- potential liability for uninsured losses and environmental contamination;
- the impact of the regulatory environment as well as national, state, and local laws and regulations including, without limitation, those governing real estate investment trusts (REITs), which could increase our expenses and reduce our cash available for distribution;

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

- disruptions in credit and financial markets and resulting difficulties in raising capital or obtaining credit at reasonable rates or at all, which could impede our ability to grow;
- increased interest rates and operating costs;
- reductions in asset valuations and related impairment charges;
- the failure of our joint venture partners to fulfill their obligations to us or their pursuit of actions that are inconsistent with our objectives;
- the failure to maintain our REIT status for federal income tax purposes;
- economic uncertainty due to the impact of war or terrorism, which could adversely affect our business plan; and
- difficulties in our ability to attract and retain qualified personnel and management members.

EXTRA SPACE STORAGE INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

Amounts in thousands, except property and share data

1. ORGANIZATION

Extra Space Storage Inc. (the "Company") is a self-administered and self-managed real estate investment trust ("REIT"), formed as a Maryland corporation on April 30, 2004, to own, operate, manage, acquire, develop and redevelop professionally managed self-storage facilities located throughout the United States. The Company continues the business of Extra Space Storage LLC and its subsidiaries, which had engaged in the self-storage business since 1977. The Company's interest in its properties is held through its operating partnership, Extra Space Storage LP (the "Operating Partnership"), which was formed on May 5, 2004. The Company's primary assets are general partner and limited partner interests in the Operating Partnership. This structure is commonly referred to as an umbrella partnership REIT ("UPREIT"). The Company has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended. To the extent the Company continues to qualify as a REIT, it will not be subject to tax, with certain limited exceptions, on the taxable income that is distributed to its stockholders.

The Company invests in self-storage facilities by acquiring or developing wholly-owned facilities or by acquiring an equity interest in real estate entities. At March 31, 2012, the Company had direct and indirect equity interests in 699 operating storage facilities. In addition, the Company managed 183 properties for franchisees and third parties, bringing the total number of operating properties which it owns and/or manages to 882. These properties are located in 34 states and Washington, D.C.

The Company operates in three distinct segments: (1) property management, acquisition and development; (2) rental operations; and (3) tenant reinsurance. The Company's property management, acquisition and development activities include managing, acquiring, developing and selling self-storage facilities. The rental operations activities include rental operations of self-storage facilities. No single tenant accounts for more than 5% of rental income. Tenant reinsurance activities include the reinsurance of risks relating to the loss of goods stored by tenants in the Company's self storage facilities.

2. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements of the Company are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP") for interim financial information and in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they may not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (including normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2012, are not necessarily indicative of results that may be expected for the year ended December 31, 2012. The condensed consolidated balance sheet as of December 31, 2011, has been derived from the Company's audited financial statements as of that date, but does not include all of the information and footnotes required by GAAP for complete financial statements. For further information refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, as filed with the Securities and Exchange Commission.

3. FAIR VALUE DISCLOSURES*Assets and Liabilities Measured at Fair Value on a Recurring Basis*

The following table provides information for each major category of assets and liabilities that are measured at fair value on a recurring basis:

Description	March 31, 2012	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Other liabilities - Cash Flow Hedge Swap Agreements	\$ (8,526)	\$	\$ (8,526)	\$

The fair value of our derivatives is based on quoted market prices of similar instruments from various banking institutions or an independent third-party provider for similar instruments. In determining the fair value, we consider our non-performance risk and that of our counterparties.

Table of Contents

There were no transfers of assets and liabilities between Level 1 and Level 2 during the three months ended March 31, 2012. The Company did not have any significant assets or liabilities that are re-measured on a recurring basis using significant unobservable inputs (Level 3) for the three months ended March 31, 2012.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Long-lived assets held for use are evaluated for impairment when events or circumstances indicate there may be impairment. The Company reviews each self-storage facility at least annually to determine if any such events or circumstances have occurred or exist. The Company focuses on facilities where occupancy and/or rental income have decreased by a significant amount. For these facilities, the Company determines whether the decrease is temporary or permanent and whether the facility will likely recover the lost occupancy and/or revenue in the short term. In addition, the Company carefully reviews facilities in the lease-up stage and compares actual operating results to original projections.

When the Company determines that an event that may indicate impairment has occurred, the Company compares the carrying value of the related long-lived assets to the undiscounted future net operating cash flows attributable to the assets. An impairment loss is recorded if the net carrying value of the assets exceeds the undiscounted future net operating cash flows attributable to the assets. The impairment loss recognized equals the excess of net carrying value over the related fair value of the assets.

When real estate assets are identified by management as held for sale, the Company discontinues depreciating the assets and estimates the fair value of the assets, net of selling costs. If the estimated fair value, net of selling costs, of the assets that have been identified as held for sale is less than the net carrying value of the assets, then a valuation allowance is established. The operations of assets held for sale or sold during the period are generally presented as discontinued operations for all periods presented.

The Company assesses whether there are any indicators that the value of its investments in unconsolidated real estate ventures may be impaired annually and when events or circumstances indicate there may be impairment. An investment is impaired if management's estimate of the fair value of the investment is less than its carrying value. To the extent impairment has occurred, and is considered to be other than temporary, the loss is measured as the excess of the carrying amount over the fair value of the investment.

In connection with the Company's acquisition of self-storage facilities, the purchase price is allocated to the tangible and intangible assets and liabilities acquired based on their fair values, which are estimated using significant unobservable inputs. The value of the tangible assets, consisting of land and buildings, is determined as if vacant. Intangible assets, which represent the value of existing tenant relationships, are recorded at their fair values based on the avoided cost to replace the current leases. The Company measures the value of tenant relationships based on the rent lost due to the amount of time required to replace existing customers, which is based on the Company's historical experience with turnover in its facilities. Debt assumed as part of an acquisition is recorded at fair value based on current interest rates compared to contractual rates. Acquisition-related transaction costs are expensed as incurred.

Fair Value of Financial Instruments

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

The carrying values of cash and cash equivalents, restricted cash, receivables, other financial instruments included in other assets, accounts payable and accrued expenses, variable rate notes payable, lines of credit and other liabilities reflected in the condensed consolidated balance sheets at March 31, 2012 and December 31, 2011 approximate fair value. The fair values of the Company's notes receivable, fixed rate notes payable and notes payable to trusts and exchangeable senior notes are as follows:

	March 31, 2012		December 31, 2011	
	Fair Value	Carrying Value	Fair Value	Carrying Value
Note receivable from Preferred Operating Partnership unit holder	\$ 104,682	\$ 100,000	\$ 104,049	\$ 100,000
Fixed rate notes payable and notes payable to trusts	\$ 1,078,554	\$ 1,001,099	\$ 1,008,039	\$ 938,681
Exchangeable senior notes	\$ 87,663	\$ 87,663	\$ 92,265	\$ 87,663

4. NET INCOME PER COMMON SHARE

Basic net income per common share is computed by dividing net income by the weighted average common shares outstanding, including unvested share based payment awards that contain a non-forfeitable right to dividends or dividend equivalents. Diluted earnings per common share measures the performance of the Company over the reporting period while giving effect to all potential common shares that were dilutive and outstanding during the period. The denominator includes the weighted average number of basic

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Table of Contents

shares and the number of additional common shares that would have been outstanding if the potential common shares that were dilutive had been issued, and is calculated using either the treasury stock or as if-converted method. Potential common shares are securities (such as options, convertible debt, exchangeable Series A Participating Redeemable Preferred Operating Partnership units (Preferred OP units) and exchangeable Operating Partnership units (OP units)) that do not have a current right to participate in earnings but could do so in the future by virtue of their option or conversion right. In computing the dilutive effect of convertible securities, net income is adjusted to add back any changes in earnings in the period associated with the convertible security. The numerator also is adjusted for the effects of any other non-discretionary changes in income or loss that would result from the assumed conversion of those potential common shares. In computing diluted earnings per share, only potential common shares that are dilutive (those that reduce earnings per share) are included.

The Company's Operating Partnership had \$87,663 of exchangeable senior notes (the Notes) issued and outstanding as of March 31, 2012, that also could potentially have a dilutive effect on its earnings per share calculations as of that date. The Notes were exchangeable by holders into shares of the Company's common stock under certain circumstances per the terms of the indenture governing the Notes. The exchange price was \$23.20 per share at March 31, 2012. The Company irrevocably agreed to pay only cash for the accreted principal amount of the Notes relative to its exchange obligations, but retained the right to satisfy the exchange obligations in excess of the accreted principal amount in cash and/or common stock. Though the Company retained that right, Accounting Standards Codification (ASC) 260, *Earnings Per Share*, requires an assumption that shares will be used to pay the exchange obligations in excess of the accreted principal amount, and requires that those shares be included in the Company's calculation of weighted average common shares outstanding for the diluted earnings per share computation. For the three months ended March 31, 2012, 455,552 shares related to the Notes were included in the computation for diluted earnings per share as the stock price during this time exceeded the exchange price. No shares were included for the three months ended March 31, 2011 as the stock price during this time did not exceed the exchange price.

For the purposes of computing the diluted impact on earnings per share of the potential conversion of Preferred OP units into common shares, where the Company has the option to redeem in cash or shares and where the Company has stated the positive intent and ability to settle at least \$115,000 of the instrument in cash (or net settle a portion of the Preferred OP units against the related outstanding note receivable), only the amount of the instrument in excess of \$115,000 is considered in the calculation of shares contingently issuable for the purposes of computing diluted earnings per share as allowed by ASC 260-10-45-46.

For the three months ended March 31, 2012 and 2011, options to purchase 32,612 and 290,819 shares of common stock, respectively, were excluded from the computation of earnings per share as their effect would have been anti-dilutive. All restricted stock grants have been included in basic and diluted shares outstanding because such shares earn a non-forfeitable dividend and carry voting rights.

The computation of net income per common share is as follows:

	For the Three Months Ended March 31,			
	2012		2011	
Net income attributable to common stockholders	\$	20,214	\$	8,301

5. PROPERTY ACQUISITIONS

The following table summarizes the Company's acquisitions of operating properties for the three months ended March 31, 2012, and does not include improvements made to existing assets:

Property Location	Number of Properties	Date of Acquisition	Consideration Paid				Number of OP Units	Number of OP Units	Acquisition Date Fair Value				Closing costs -	Source of Acquisition
			Total Paid	Cash Paid	Assumed Liabilities	Net (Assets)			Land	Building	Intangible	Expensed		
Texas	1	2/29/2012	\$ 9,405	\$ 9,323	\$ 82	\$ -	377	14,193	\$ 1,036	\$ 8,133	\$ 187	\$ 49		Unrelated third party
Maryland	1	3/7/2012	6,284	5,886	21	377	14,193	465	5,600	128	91			Unrelated third party

6. VARIABLE INTERESTS

The Company has interests in two unconsolidated joint ventures with unrelated third parties which are variable interest entities (VIEs or the VIEs). The Company holds 18% and 39% of the equity interests in the VIEs, and has 50% of the voting rights in each of the VIEs. Qualification as a VIE was based on the determination that the equity investments at risk for each of these joint ventures were not sufficient based on a qualitative and quantitative analysis performed by the Company. The Company performed a qualitative analysis for these joint ventures to determine which party was the primary beneficiary of each VIE. The Company determined that since the powers to direct the activities most significant to the economic performance of these entities are shared equally by the Company and its joint venture partners, there is no primary beneficiary. Accordingly, these interests are recorded using the equity method.

The VIEs each own a single self-storage property. These joint ventures are financed through a combination of (1) equity contributions from the Company and its joint venture partners, (2) mortgage notes payable and (3) payables to the Company. The payables to the Company consist of amounts owed for expenses paid on behalf of the joint ventures by the Company as manager and mortgage notes payable to the Company. The Company performs management services for the VIEs in exchange for a management fee of approximately 6% of cash collected by the properties. Except as disclosed, the Company has not provided financial or other support during the periods presented to the VIEs that it was not previously contractually obligated to provide.

The Company guarantees the mortgage notes payable for the VIEs. The Company's maximum exposure to loss for these joint ventures as of March 31, 2012 is the total of the guaranteed loan balances, the payables due to the Company and the Company's investment balances in the joint ventures. The Company believes that the risk of incurring a material loss as a result of having to perform on the loan guarantees is unlikely and, therefore, no liability has been recorded related to these guarantees. Also, repossessing and/or selling the self-storage facility and land that collateralize the loans could provide funds sufficient to reimburse the Company. Additionally, the Company believes the payables to the Company are collectible.

The following table compares the Company's liability balance to the respective VIEs and the maximum exposure to loss related to the VIEs as of March 31, 2012, after netting such liability balance:

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

	Liability Balance	Investment Balance	Balance of Guaranteed Loan	Payables to Company	Maximum Exposure to Loss	Difference
Extra Space of Montrose Avenue LLC	\$	\$ 1,181	\$ 5,120	\$ 2,195	\$ 8,496	\$ (8,496)
Extra Space of Sacramento One LLC		(942)	4,307	6,122	9,487	(9,487)
	\$	\$ 239	\$ 9,427	\$ 8,317	\$ 17,983	\$ (17,983)

The Operating Partnership has three wholly-owned unconsolidated subsidiaries (Trust, Trust II and Trust III, together, the Trusts) that have issued trust preferred securities to third parties and common securities to the Operating Partnership. The proceeds from the sale of the preferred and common securities were loaned in the form of notes to the Operating Partnership. The Trusts are VIEs because the holders of the equity investment at risk (the trust preferred securities) do not have the power to direct the activities of the entities that most significantly affect the entities' economic performance because of their lack of voting or similar rights. Because the Operating Partnership's investment in the Trusts common securities was financed directly by the Trusts as a result of its loan of the proceeds to the Operating Partnership, that investment is not considered to be an equity investment at risk. The Operating Partnership's investment in the Trusts is not a variable interest because equity interests are variable interests only to the extent that the investment is considered to be at risk, and therefore the Operating Partnership cannot be the primary beneficiary of the Trusts. Since the Company is not the primary beneficiary of the Trusts, they have not been consolidated. A debt obligation has been recorded in the form of notes for the proceeds as discussed above, which are owed to the Trusts. The Company has also included its investment in the Trusts' common securities in other assets on the condensed consolidated balance sheets.

Table of Contents

The Company has not provided financing or other support during the periods presented to the Trusts that it was not previously contractually obligated to provide. The Company's maximum exposure to loss as a result of its involvement with the Trusts is equal to the total amount of the notes discussed above less the amounts of the Company's investments in the Trusts' common securities. The net amount is the notes payable that the Trusts owe to third parties for their investments in the Trusts' preferred securities.

The following is a tabular comparison of the liabilities the Company has recorded as a result of its involvement with the Trusts to the maximum exposure to loss the Company is subject to as a result of such involvement as of March 31, 2012:

	Notes payable to Trusts	Investment Balance	Maximum exposure to loss	Difference
Trust	\$ 36,083	\$ 1,083	\$ 35,000	\$
Trust II	42,269	1,269	41,000	
Trust III	41,238	1,238	40,000	
	\$ 119,590	\$ 3,590	\$ 116,000	\$

The Company had no consolidated VIEs during the three months ended March 31, 2012 or 2011.

7. DERIVATIVES

GAAP requires the recognition of all derivative instruments as either assets or liabilities on the balance sheet at fair value. The accounting for changes in fair value of a derivative instrument depends on whether it has been designated and qualifies as part of a hedging relationship and further, on the type of hedging relationship. A company must designate each qualifying hedging instrument, based upon the exposure being hedged, as a fair value hedge, cash flow hedge, or a hedge of a net investment in foreign operations.

The Company is exposed to certain risks relating to its ongoing business operations. The primary risk managed by using derivative instruments is interest rate risk. Interest rate swaps are entered into to manage interest rate risk associated with the Company's fixed and variable-rate borrowings. The Company designates certain interest rate swaps as cash flow hedges of variable-rate borrowings and the remainder as fair value hedges of fixed-rate borrowings.

For derivatives designated as fair value hedges, changes in the fair value of the derivative and the hedged item related to the hedged risk are recognized in the statement of operations. For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in other comprehensive income, outside of earnings, and subsequently reclassified to earnings when the hedged transaction affects earnings.

The following table summarizes the terms of the Company's eleven derivative financial instruments at March 31, 2012:

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Hedge Product	Hedge Type	Original Notional Amounts	Strike	Effective Dates	Maturity Dates
Swap Agreements	Cash Flow	\$5,291 - \$63,000	2.24% - 6.98%	2/1/2009 - 3/16/2012	6/30/2013 - 2/28/2019

Monthly interest payments were recognized as an increase or decrease in interest expense as follows:

Type	Classification of Income (Expense)	For the Three Months Ended March 31,	
		2012	2011
Swap Agreements	Interest expense	\$ (1,118)	\$ (970)

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Table of Contents

Information relating to the gain (loss) recognized on the interest rate swap agreements is as follows:

Type	Gain (loss) recognized in OCI March 31, 2012	Location of amounts reclassified from OCI into income	Gain (loss) reclassified from OCI For the Three Months Ended March 31, 2012
Swap Agreements	\$ (215)	Interest expense	\$ (1,118)

The interest rate swap agreements were highly effective for the three months ended March 31, 2012. The gain (loss) reclassified from other comprehensive income (OCI) in the preceding table represents the effective portion of the Company's cash flow hedges reclassified from OCI to interest expense during the three months ended March 31, 2012.

The balance sheet classification and carrying amounts of the derivative instruments are as follows:

Derivatives designated as hedging instruments:	Asset (Liability) Derivatives			
	March 31, 2012	December 31, 2011		
	Balance Sheet Location	Fair Value	Balance Sheet Location	Fair Value
Swap Agreements	Other liabilities	\$ (8,526)	Other liabilities	\$ (8,311)

8. EXCHANGEABLE SENIOR NOTES

On March 27, 2007, the Company's Operating Partnership issued \$250,000 of 3.625% Exchangeable Senior Notes. The Notes bear interest at 3.625% per annum and contain an exchange settlement feature, which provides that the Notes may, under certain circumstances, be exchangeable for cash (up to the principal amount of the Notes) and, with respect to any excess exchange value, for cash, shares of the Company's common stock or a combination of cash and shares of the Company's common stock at the option of the Operating Partnership.

GAAP requires entities with convertible debt instruments that may be settled entirely or partially in cash upon conversion to separately account for the liability and equity components of the instrument in a manner that reflects the issuer's economic interest cost. The Company, therefore, accounts for the liability and equity components of the Notes separately. The equity component is included in paid-in-capital in stockholders' equity in the condensed consolidated balance sheet, and the value of the equity component is treated as original issue discount for purposes of accounting for the debt component. The discount is being amortized over the period of the debt as additional interest expense.

On March 1, 2012, the Company announced that the holders of the Operating Partnership's then-outstanding \$87,663 principal amount of 3.625% Exchangeable Senior Notes had the right to surrender their Notes for repurchase by the Operating Partnership on April 1, 2012 for 100% of the principal amount of the Notes, pursuant to the holders' rights under the indenture governing the Notes. In addition, the Company announced that the Operating Partnership had given notice of its intention to redeem all of the Notes not otherwise surrendered for repurchase or exchange on April 5, 2012, pursuant to its option under the indenture, at a redemption price of 100% of the principal amount of the Notes, plus accrued and unpaid interest to the redemption date. In connection with the redemption, holders of the Notes had the right to exchange their Notes at an exchange rate of 43.1091 shares of the Company's common stock per \$1,000 principal amount of the Notes surrendered. The exchange

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

price was \$23.20 per share at March 31, 2012. The Notes surrendered for exchange could be settled in cash or a combination of cash and stock, subject to the determination of the Operating Partnership.

As of April 3, 2012, the Company received notice that the holders of the entire \$87,663 principal amount of the Notes had surrendered their Notes for exchange. On April 26, 2012, the Company settled the exchange by paying cash for the principal amount of the Notes, as required by the indenture, and issuing 684,685 shares of common stock for the value in excess of the principal amount.

9. NONCONTROLLING INTEREST REPRESENTED BY PREFERRED OPERATING PARTNERSHIP UNITS

On June 15, 2007, the Operating Partnership entered into a Contribution Agreement with various limited partnerships affiliated with AAAAA Rent-A-Space to acquire ten self-storage facilities (the Properties) in exchange for 989,980 Preferred OP units of the Operating Partnership. The self-storage facilities are located in California and Hawaii.

Table of Contents

On June 25, 2007, the Operating Partnership loaned the holders of the Preferred OP units \$100,000. The note receivable bears interest at 4.85% and is due September 1, 2017. The loan is secured by the borrower's Preferred OP units. The holders of the Preferred OP units can convert up to 114,500 Preferred OP units prior to the maturity date of the loan. If any redemption in excess of 114,500 Preferred OP units occurs prior to the maturity date, the holder of the Preferred OP units is required to repay the loan as of the date of that Preferred OP unit redemption. Preferred OP units are shown on the balance sheet net of the \$100,000 loan because the borrower under the loan receivable is also the holder of the Preferred OP units.

The Operating Partnership entered into a Second Amended and Restated Agreement of Limited Partnership (as subsequently amended, the Partnership Agreement) which provides for the designation and issuance of the Preferred OP units. The Preferred OP units will have priority over all other partnership interests of the Operating Partnership with respect to distributions and liquidation.

Under the Partnership Agreement, Preferred OP units in the amount of \$115,000 bear a fixed priority return of 5% and have a fixed liquidation value of \$115,000. The remaining balance participates in distributions with, and has a liquidation value equal to, that of the common OP units. The Preferred OP units became redeemable at the option of the holder on September 1, 2008, which redemption obligation may be satisfied, at the Company's option, in cash or shares of its common stock.

GAAP requires a company to present ownership interests in subsidiaries held by parties other than the company in the consolidated financial statements within the equity section, but separate from the company's equity. It also requires the amount of consolidated net income attributable to the parent and to the noncontrolling interest to be clearly identified and presented on the face of the consolidated statement of operations and requires changes in ownership interest to be accounted for similarly as equity transactions. If noncontrolling interests are determined to be redeemable, they are to be carried at their redemption value as of the balance sheet date and reported as temporary equity.

The Company has evaluated the terms of the Preferred OP units and classifies the noncontrolling interest represented by the Preferred OP units as stockholders' equity in the accompanying condensed consolidated balance sheets. The Company will periodically evaluate individual noncontrolling interests for the ability to continue to recognize the noncontrolling amount as permanent equity in the condensed consolidated balance sheets. Any noncontrolling interests that fail to qualify as permanent equity will be reclassified as temporary equity and adjusted to the greater of (1) the carrying amount, or (2) its redemption value as of the end of the period in which the determination is made.

10. NONCONTROLLING INTEREST IN OPERATING PARTNERSHIP

The Company's interest in its properties is held through the Operating Partnership. ESS Holding Business Trust I, a wholly-owned subsidiary of the Company, is the sole general partner of the Operating Partnership. The Company, through ESS Holding Business Trust II, a wholly-owned subsidiary of the Company, is also a limited partner of the Operating Partnership. Between its general partner and limited partner interests, the Company held a 95.9% majority ownership interest therein as of March 31, 2012. The remaining ownership interests in the Operating Partnership (including Preferred OP units) of 4.1% are held by certain former owners of assets acquired by the Operating Partnership. As of March 31, 2012, the Operating Partnership had 3,064,128 common OP units outstanding.

The noncontrolling interest in the Operating Partnership represents common OP units that are not owned by the Company. In conjunction with the formation of the Company, and as a result of subsequent acquisitions, certain persons and entities contributing interests in properties to the

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Operating Partnership received limited partnership units in the form of OP units. Limited partners who received OP units in the formation transactions or in exchange for contributions for interests in properties have the right to require the Operating Partnership to redeem part or all of their common OP units for cash based upon the fair market value of an equivalent number of shares of the Company's common stock (ten-day average) at the time of the redemption. Alternatively, the Company may, at its option, elect to acquire those OP units in exchange for shares of its common stock on a one-for-one basis, subject to anti-dilution adjustments provided in the Partnership Agreement. The ten-day average closing stock price at March 31, 2012, was \$28.12 and there were 3,064,128 common OP units outstanding. Assuming that all of the unit holders exercised their right to redeem all of their common OP units on March 31, 2012, and the Company elected to pay the noncontrolling members cash, the Company would have paid \$86,163 in cash consideration to redeem the OP units.

GAAP requires a company to present ownership interests in subsidiaries held by parties other than the company in the consolidated financial statements within the equity section, but separate from the company's equity. It also requires the amount of consolidated net income attributable to the parent and to the noncontrolling interest to be clearly identified and presented on the face of the consolidated statement of operations and requires changes in ownership interest to be accounted for similarly as equity transactions. If noncontrolling interests are determined to be redeemable, they are to be carried at their redemption value as of the balance sheet date and reported as temporary equity.

Table of Contents

The Company has evaluated the terms of the common OP units and classifies the noncontrolling interest in the Operating Partnership as stockholders' equity in the accompanying condensed consolidated balance sheets. The Company will periodically evaluate individual noncontrolling interests for the ability to continue to recognize the noncontrolling amount as permanent equity in the condensed consolidated balance sheets. Any noncontrolling interests that fail to qualify as permanent equity will be reclassified as temporary equity and adjusted to the greater of (1) the carrying amount, or (2) its redemption value as of the end of the period in which the determination is made.

11. OTHER NONCONTROLLING INTERESTS

Other noncontrolling interests represent the ownership interests of various third parties in three consolidated self-storage properties as of March 31, 2012. Two of these consolidated properties were under development, and one was in the lease-up stage at March 31, 2012. The ownership interests of the third-party owners range from 5.0% to 27.6%. Other noncontrolling interests are included in the stockholders' equity section of the Company's condensed consolidated balance sheet. The income or losses attributable to these third-party owners based on their ownership percentages are reflected in net income allocated to Operating Partnership and other noncontrolling interests in the condensed consolidated statement of operations.

12. EQUITY IN EARNINGS OF REAL ESTATE VENTURES GAIN ON SALE OF JOINT VENTURE REAL ESTATE ASSETS

On January 15, 2012, the Company sold its 40% equity interest in U-Storage de Mexico S.A. and related entities to its joint venture partners for \$4,841. The Company received cash of \$1,492 and a note receivable of \$3,349. No gain or loss was recorded on the sale.

On February 17, 2012, a joint venture in which the Company held a 40% equity interest sold its only self-storage property. The property was located in New York. As a result of the sale, the joint venture was dissolved, and the Company received cash proceeds which resulted in a gain of \$5,429.

13. SEGMENT INFORMATION

The Company operates in three distinct segments: (1) property management, acquisition and development; (2) rental operations; and (3) tenant reinsurance. Financial information for the Company's business segments is set forth below:

	March 31, 2012	December 31, 2011

Table of Contents**14. COMMITMENTS AND CONTINGENCIES**

The Company has guaranteed loans for unconsolidated joint ventures as follows:

	Date of Guaranty	Loan Maturity Date	Guaranteed Loan Amount	Estimated Fair Value of Assets
Extra Space of Montrose Avenue LLC	Dec-10	Dec-13	\$ 5,120	\$ 8,369
Extra Space of Sacramento One LLC	Apr-09	Apr-14	\$ 4,307	\$ 9,676
ESS Baltimore LLC	Nov-04	Feb-13	\$ 4,011	\$ 6,534

If the joint ventures default on the loans, the Company may be forced to repay the loans. Repossessing and/or selling the self-storage facilities and land that collateralizes the loans could provide funds sufficient to reimburse the Company. The Company has recorded no liability in relation to these guarantees as of March 31, 2012, as the fair value of the guarantees was not material. The Company believes the risk of incurring a material loss as a result of having to perform on these guarantees is unlikely.

The Company has been involved in routine litigation arising in the ordinary course of business. As a result of these litigation matters, the Company has recorded a liability of \$1,800, which is included in other liabilities on the condensed consolidated balance sheets. The Company does not believe that it is reasonably likely that the loss related to these litigation matters will be in excess of the current amount accrued. As of March 31, 2012, the Company was not involved in any material litigation nor, to its knowledge, was any material litigation threatened against it which, in the opinion of management, is expected to have a material adverse effect on the Company's financial condition or results of operations.

15. SUBSEQUENT EVENTS

On April 16, 2012, the Company announced that it will acquire Prudential Real Estate Investors (PREI®) 94.9% interest in the ESS PRISA III LLC joint venture that was formed in 2005. The Company owns the remaining 5.1% interest. The joint venture owns 36 properties located in 18 states. The Company will pay approximately \$298,000 to acquire PREI's interest in the joint venture, consisting of approximately \$160,000 in cash consideration and the assumption of an existing loan of \$145,000, of which \$138,000 relates to PREI's interest. It is anticipated that this transaction will close in July 2012.

On April 20, 2012, the Company issued and sold 8,050,000 shares of common stock in a public offering, including 1,050,000 shares pursuant to the underwriter's full exercise of its option to purchase additional shares of common stock from the Company. Net proceeds of the offering were approximately \$226,900, after deducting the underwriting discount and estimated expenses, which will be used to fund acquisitions, pay down debt and for general corporate and working capital purposes.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CAUTIONARY LANGUAGE

The following discussion and analysis should be read in conjunction with our *Unaudited Condensed Consolidated Financial Statements* and the *Notes to Unaudited Condensed Consolidated Financial Statements* appearing elsewhere in this report and the *Consolidated Financial Statements*, *Notes to Consolidated Financial Statements* and *Management's Discussion and Analysis of Financial Condition and Results of Operations* contained in our Form 10-K for the year ended December 31, 2011. We make statements in this section that are forward-looking statements within the meaning of the federal securities laws. For a complete discussion of forward-looking statements, see the section in this Form 10-Q entitled *Statement on Forward-Looking Information*. (Amounts in thousands except property and share data unless otherwise stated).

CRITICAL ACCOUNTING POLICIES

Our discussion and analysis of our financial condition and results of operations are based on our unaudited condensed consolidated financial statements contained elsewhere in this report, which have been prepared in accordance with GAAP. Our notes to the unaudited condensed consolidated financial statements contained elsewhere in this report and the audited financial statements contained in our Form 10-K for the year ended December 31, 2011 describe the significant accounting policies essential to our unaudited condensed consolidated financial statements. Preparation of our financial statements requires estimates, judgments and assumptions. We believe that the estimates, judgments and assumptions that we have used are appropriate and correct based on information available at the time that they were made. These estimates, judgments and assumptions can affect our reported assets and liabilities as of the date of the financial statements, as well as the reported revenues and expenses during the period presented. If there are material differences between these estimates, judgments and assumptions and actual facts, our financial statements may be affected.

In many cases, the accounting treatment of a particular transaction is specifically dictated by GAAP and does not require our judgment in its application. There are areas in which our judgment in selecting among available alternatives would not produce a materially different result, but there are some areas in which our judgment in selecting among available alternatives would produce a materially different result. See the notes to the unaudited condensed consolidated financial statements that contain additional information regarding our accounting policies and other disclosures.

OVERVIEW

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

We are a fully integrated, self-administered and self-managed REIT, formed to continue the business commenced in 1977 by our predecessor companies to own, operate, manage, acquire, develop and redevelop professionally managed self-storage properties. We derive our revenues from rents received from tenants under existing leases at each of our self-storage properties, management fees on the properties we manage for joint venture partners, franchisees and unaffiliated third parties, and our tenant reinsurance program. Our management fee is equal to approximately 6% of total revenues generated by the managed properties.

We operate in competitive markets, often where consumers have multiple self-storage properties from which to choose. Competition has impacted, and will continue to impact, our property results. We experience seasonal fluctuations in occupancy levels, with occupancy levels generally higher in the summer months due to increased moving activity. Our operating results depend materially on our ability to lease available self-storage units and actively manage rental rates, and on the ability of our tenants to make required rental payments. We believe we are able to respond quickly and effectively to changes in local, regional and national economic conditions by centrally adjusting rental rates through the combination of our revenue management team and our industry-leading technology systems.

We continue to evaluate a range of new initiatives and opportunities in order to enable us to maximize stockholder value. Our strategies to maximize stockholder value include the following:

- *Maximize the performance of properties through strategic, efficient and proactive management.* We pursue revenue generating and expense minimizing opportunities in our operations. Our revenue management team seeks to maximize revenue by responding to changing market conditions through our technology system's ability to provide real-time, interactive rental rate and discount management. Our size allows greater ability than the majority of our competitors to implement national, regional and local marketing programs, which we believe will attract more customers to our stores at a lower net cost.

Table of Contents

- *Acquire self-storage properties from strategic partners and third parties.* Our acquisitions team continues to pursue the acquisition of single properties and multi-property portfolios that we believe can provide stockholder value. We have established a reputation as a reliable, ethical buyer, which we believe enhances our ability to negotiate and close acquisitions. In addition, we believe our status as an UPREIT enables flexibility when structuring deals. We continue to see available acquisitions on which to bid and are seeing increasing prices. However, we remain a disciplined buyer and look for acquisitions that will strengthen our portfolio and increase stockholder value.
- *Expand our management business.* Our management business enables us to generate increased revenues through management fees and expand our geographic footprint. This expanded footprint enables us to reduce our operating costs through economies of scale. In addition, we see our management business as a future acquisition pipeline. We pursue strategic relationships with owners that strengthen our acquisition pipeline through agreements that typically give us first right of refusal to purchase the managed property in the event of a potential sale.

Recent U.S. and international market and economic conditions have been challenging, with tighter credit conditions and slower growth. Turbulence in U.S. and international markets and economies may adversely affect our liquidity and financial condition, and the financial condition of our customers. If these market conditions continue, they may result in an adverse effect on our financial condition and results of operations.

PROPERTIES

As of March 31, 2012, we owned or had ownership interests in 699 operating self-storage properties. Of these properties, 359 are wholly-owned and 340 are held in joint ventures. In addition, we managed an additional 183 properties for franchisees or third parties bringing the total number of operating properties that we own and/or manage to 882. These properties are located in 34 states and Washington, D.C. As of March 31, 2012, we owned and/or managed approximately 64 million square feet of space with approximately 585,000 units.

Our properties are generally situated in convenient, highly visible locations clustered around large population centers such as Atlanta, Baltimore/Washington, D.C., Boston, Chicago, Dallas, Houston, Las Vegas, Los Angeles, Miami, New York City, Orlando, Philadelphia, Phoenix, St. Petersburg/Tampa and San Francisco/Oakland. These areas all enjoy above-average population growth and income levels. The clustering of assets around these population centers enables us to reduce our operating costs through economies of scale. Our acquisitions have given us an increased scale in many core markets as well as a foothold in many markets where we had no previous presence.

We consider a property to be in the lease-up stage after it has been issued a certificate of occupancy, but before it has achieved stabilization. We consider a property to be stabilized once it has achieved either an 80% occupancy rate for a full year measured as of January 1, or has been open for three years.

As of March 31, 2012, over 475,000 tenants were leasing storage units at our 882 operating properties that we own and/or manage, primarily on a month-to-month basis, providing the flexibility to increase rental rates over time as markets permit. Although leases are short-term in duration, the typical tenant tends to remain at our properties for an extended period of time. For properties that were stabilized as of March 31, 2012, the median length of stay was approximately 13 months. These existing tenants generally receive rate increases at least annually, for which no direct correlation has been drawn to our vacancy trends. The average annual rent per square foot for our existing customers at these stabilized properties was \$13.43 at March 31, 2012, compared to \$13.25 at March 31, 2011. This compares to our annual rent per square foot for new

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

leases of \$13.18 at March 31, 2012, compared to \$12.62 at March 31, 2011.

Our property portfolio is made up of different types of construction and building configurations depending on the site and the municipality where it is located. Most often sites are what we consider hybrid facilities, a mix of both drive-up buildings and multi-floor buildings. We have a number of multi-floor buildings with elevator access only, and a number of facilities featuring ground-floor access only.

The following table sets forth additional information regarding the occupancy of our stabilized properties by state as of March 31, 2012 and 2011. The information as of March 31, 2011, is on a pro forma basis as though all the properties owned and/or managed at March 31, 2012, were under our control as of March 31, 2011.

RESULTS OF OPERATIONS

Comparison of the three months ended March 31, 2012 and 2011

Overview

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Results for the three months ended March 31, 2012, include the operations of 699 properties (360 of which were consolidated and 339 of which were in joint ventures accounted for using the equity method) compared to the results for the three months ended March 31, 2011, which included the operations of 662 properties (301 of which were consolidated and 361 of which were in joint ventures accounted for using the equity method).

Revenues

The following table sets forth information on revenues earned for the periods indicated:

	For the Three Months Ended March 31,					
	2012	2011		\$ Change		% Change
Revenues:						
Property rental	\$ 75,844	\$ 61,490	\$	14,354		23.3%
Management and franchise fees	6,586	5,967		619		10.4%
Tenant reinsurance	8,557	7,024		1,533		21.8%
Total revenues	\$ 90,987	\$ 74,481	\$	16,506		22.2%

Property Rental The increases in property rental revenues for the three months ended March 31, 2012 consist primarily of an increase of \$9,361 associated with acquisitions completed in 2012 and 2011. We completed 55 property acquisitions in 2011 and have

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Table of Contents

closed on two property acquisitions in 2012. In addition a \$3,487 increase resulted from increases in occupancy and rental rates to existing customers at our stabilized properties. Occupancy at our stabilized properties increased to 86.1% at March 31, 2012, as compared to 83.0% at March 31, 2011. Rental rates to new tenants increased by 4.3% over the same period in the prior year. Increases in occupancy at our lease-up properties increased our property rental revenue by \$1,506 when compared to March 31, 2011.

Management and Franchise Fees Our taxable REIT subsidiary, Extra Space Management, Inc. manages properties owned by our joint ventures, franchisees and third parties. Management and franchise fees generally represent 6% of revenues generated from properties owned by third parties, franchisees and unconsolidated joint ventures. We managed 183 third-party properties as of March 31, 2012 compared to 167 third-party properties as of March 31, 2011.

Tenant Reinsurance The increase in tenant reinsurance revenues was primarily due to the increase of overall customer participation to 64.8% at March 31, 2012 compared to 61.0% at March 31, 2011. In addition, the number of properties that were owned and/or managed by us was 882 at March 31, 2012 compared to 829 at March 31, 2011.

Expenses

The following table sets forth information on expenses for the periods indicated:

	For the Three Months Ended March 31,				
	2012	2011		\$ Change	% Change
Expenses:					
Property operations	\$ 26,596	\$ 23,344	\$ 3,252		13.9%
Tenant reinsurance	1,848	1,615	233		14.4%
Acquisition related costs	609	249	360		144.6%
General and administrative	12,640	11,658	982		8.4%
Depreciation and amortization	16,524	13,585	2,939		21.6%
Total expenses	\$ 58,217	\$ 50,451	\$ 7,766		15.4%

Property Operations The increase in property operations expense during the three months ended March 31, 2012 consisted primarily of an increase of \$3,425 associated with acquisitions completed in 2012 and 2011 and an increase of \$263 related to increases in expenses at our lease-up properties. These increases were offset by decreases in expenses of \$436 at our stabilized properties, which related mainly to lower snow removal and utilities expenses.

Tenant Reinsurance Tenant reinsurance expense represents the costs that are incurred to provide tenant reinsurance.

Acquisition Related Costs Acquisition related costs relate to acquisition activities during the periods indicated. We acquired two properties during the three months ended March 31, 2012 compared to one property during the same period in 2011.

General and Administrative General and administrative expenses primarily include all expenses not directly related to the properties, including corporate payroll, travel and professional fees. These expenses are recognized as incurred. The increase in general and administrative expenses for the three months ended March 31, 2012 was primarily due to the overall cost associated with the management of additional properties. We did not observe any material trends in specific payroll, travel or other expenses that contributed significantly to the increase in general and administrative expenses apart from the increase due to the management of additional properties. During the year ended December 31, 2011, we purchased 55 properties, 40 of which we did not previously manage. We purchased an additional two properties during the three months ended March 31, 2012. We managed 183 third-party properties as of March 31, 2012, compared to 167 third-party properties as of March 31, 2011.

Depreciation and Amortization Depreciation and amortization expense increased as a result of the acquisition and development of new properties. During the three months ended March 31, 2012, we completed the development of one property and acquired two properties. During the year ended December 31, 2011, we purchased 55 properties and completed the development of five properties.

Table of Contents**Other Revenues and Expenses**

The following table sets forth information on other revenues and expenses for the periods indicated:

	For the Three Months Ended March 31,			
	2012	2011	\$ Change	% Change
Other income and expenses:				
Interest expense	\$ (18,071)	\$ (16,414)	\$ (1,657)	10.1%
Non-cash interest expense related to amortization of discount on exchangeable senior notes	(444)	(428)	(16)	3.7%
Interest income	275	182	93	51.1%
Interest income on note receivable from Preferred Operating Partnership unit holder	1,213	1,213		
Equity in earnings of real estate ventures	2,296	1,811	485	26.8%
Equity in earnings of real estate assets-gain on sale of real estate assets	5,429		5,429	100.0%
Income tax expense	(950)	(254)	(696)	274.0%
Total other expense, net	\$ (10,252)	\$ (13,890)	\$ 3,638	(26.2)%

Interest Expense The increase in interest expense for the three months ended March 31, 2012 was primarily the result of costs associated with prepaying certain loans resulting in the acceleration of the recognition of deferred financing costs and an increase in the average amount of our debt outstanding when compared with the same period of the prior year.

Non-cash Interest Expense Related to Amortization of Discount on Exchangeable Senior Notes Represents the amortization of the discount on the Notes, which reflects the effective interest rate relative to the carrying amount of the liability.

Interest Income Interest income represents amounts earned on cash and cash equivalents deposited with financial institutions.

Interest Income on Note Receivable from Preferred Operating Partnership Unit Holder Represents interest on a \$100,000 loan to the holders of the Preferred OP units.

Equity in Earnings of Real Estate Ventures The increase in equity in earnings of real estate ventures for the three months ended March 31, 2012 was due primarily to increased revenues at our joint ventures as a result of increases in occupancy and rental rates to new and existing customers and lower property expenses due to reduced utility and snow removal costs.

Equity in Earnings of Real Estate Assets-Gain on Sale of Real Estate Assets During the three months ended March 31, 2012, a joint venture in which we held a 40% equity interest sold its only self-storage property. As a result of the sale, the joint venture was dissolved, and we

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

received cash proceeds which resulted in a gain of \$5,429. There were no significant equity in earnings on gains from the sale of real estate assets for the three months ended March 31, 2011.

Income Tax Expense For the three months ended March 31, 2012 the increase in income tax expense primarily related to increased revenues at our taxable REIT subsidiary.

Table of Contents**Net Income Allocated to Noncontrolling Interests**

The following table sets forth information on net income allocated to noncontrolling interests for the periods indicated:

	For the Three Months Ended March 31,				
	2012	2011	\$ Change	% Change	
Net income allocated to noncontrolling interests:					
Net income allocated to Preferred Operating Partnership noncontrolling interests	\$ (1,649)	\$ (1,532)	\$ (117)		7.6%
Net income allocated to Operating Partnership and other noncontrolling interests	(655)	(307)	(348)		113.4%
Total income allocated to noncontrolling interests:	\$ (2,304)	\$ (1,839)	\$ (465)		25.3%

Net Income Allocated to Preferred Operating Partnership Noncontrolling Interests Income allocated to the Preferred OP units as of March 31, 2012 and 2011 equals the fixed distribution paid to the Preferred OP unit holder plus approximately 1.0% and 1.1%, respectively, of the remaining net income allocated after the adjustment for the fixed distribution paid.

Net Income Allocated to Operating Partnership and Other Noncontrolling Interests Income allocated to the Operating Partnership as of March 31, 2012 and 2011 represents approximately 3.1% and 3.5%, respectively, of net income after the allocation of the fixed distribution paid to the Preferred OP unit holder. Income allocated to other noncontrolling interests represents the income allocated to partners in consolidated joint ventures.

FUNDS FROM OPERATIONS

Funds from Operations (FFO) provides relevant and meaningful information about our operating performance that is necessary, along with net income and cash flows, for an understanding of our operating results. We believe FFO is a meaningful disclosure as a supplement to net earnings. Net earnings assume that the values of real estate assets diminish predictably over time as reflected through depreciation and amortization expenses. The values of real estate assets fluctuate due to market conditions and we believe FFO more accurately reflects the value of our real estate assets. FFO is defined by the National Association of Real Estate Investment Trusts, Inc. (NAREIT) as net income computed in accordance with GAAP, excluding gains or losses on sales of operating properties and impairment write downs of depreciable real estate assets, plus depreciation and amortization and after adjustments to record unconsolidated partnerships and joint ventures on the same basis. We believe that to further understand our performance, FFO should be considered along with the reported net income and cash flows in accordance with GAAP, as presented in our consolidated financial statements.

The computation of FFO may not be comparable to FFO reported by other REITs or real estate companies that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO does not represent cash generated from operating activities determined in accordance with GAAP, and should not be considered as an alternative to net income as an indication of our performance, as an alternative to net cash flow from operating activities, as a measure of liquidity, or an indicator of our ability to make cash distributions. The following table sets forth the calculation of FFO for the periods indicated:

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

	For the Three Months Ended March 31,							
	2012		2011					
	(per share)		(per share)					
Net income attributable to common stockholders	\$	20,214	\$	0.21	\$	8,301	\$	0.09
Adjustments:								
Real estate depreciation		14,633		0.14		12,365		0.13
Amortization of intangibles		1,052		0.01		308		
Joint venture real estate depreciation and amortization		1,774		0.01		2,075		0.02
Joint venture (gain) loss on sale of properties		(5,429)		(0.05)		36		
Distributions paid on Preferred Operating Partnership units		(1,438)		(0.01)		(1,438)		(0.01)
Income allocated to Operating Partnership noncontrolling interests		2,300		0.02		1,844		0.02
Funds from operations	\$	33,106	\$	0.33	\$	23,491	\$	0.25

Table of Contents**SAME-STORE STABILIZED PROPERTY RESULTS**

We consider our same-store stabilized portfolio to consist of only those properties that were wholly-owned at the beginning and at the end of the applicable periods presented that have achieved stabilization as of the first day of such period. The following table sets forth operating data for our same-store portfolio. We consider the following same-store presentation to be meaningful in regards to the properties shown below. These results provide information relating to property-level operating changes without the effects of acquisitions or completed developments.

		Three Months Ended March 31,		
		2012	2011	Percent Change
Same-store rental and tenant reinsurance revenues	\$	66,420	\$ 62,479	6.3%
Same-store operating and tenant reinsurance expenses		22,212	22,595	(1.7)%
Same-store net operating income	\$	44,208	\$ 39,884	10.8%
Non same-store rental and tenant reinsurance revenues	\$	17,981	\$ 6,035	197.9%
Non same-store operating and tenant reinsurance expenses	\$	6,232	\$ 2,364	163.6%
Total rental and tenant reinsurance revenues	\$	84,401	\$ 68,514	23.2%
Total operating and tenant reinsurance expenses	\$	28,444	\$ 24,959	14.0%
Same-store square foot occupancy as of quarter end		87.1%	83.7%	
Properties included in same-store		282	282	

The increases in same-store rental revenues for the three months ended March 31, 2012, as compared to the three months ended March 31, 2011, was due primarily to a 3.4% increase in occupancy, a 3.3% decrease in discounts and an average increase of 4.2% in incoming rates to new tenants. The decrease in same-store operating expenses was primarily due to reduced utility and snow removal expenses.

CASH FLOWS

Cash flows provided by operating activities were \$40,790 and \$30,002, respectively, for the three months ended March 31, 2012 and 2011. The increase compared to the same period of the prior year primarily relates to a \$12,378 increase in net income and the increase in receivables from related parties and affiliated real estate joint ventures of \$2,553. These increases were offset by the decrease in accounts payable of \$5,373.

Cash used in investing activities was \$16,395 and \$20,657, respectively, for the three months ended March 31, 2012 and 2011. The decrease relates primarily to a change in restricted cash of \$11,524, the reduction of cash spent on the development and construction of real estate assets of \$2,485 and investments in real estate assets of \$2,721, offset by an increase of \$13,738 in the amount of cash used to acquire real estate assets during 2012 as compared to 2011. In addition there was an increase of \$1,492 from the return of investment in real estate ventures due to the sale of our investment in Mexico.

Cash used in financing activities for the three months ended March 31, 2012 was \$13,304 compared to \$13,540 for the three months ended March 31, 2011. The changes in cash used in financing activities related to increases in proceeds from notes payable and lines of credit of \$98,112 over the same period of the prior year, offset by an increase in cash paid for principal payments on notes payable and lines of credit of \$83,053. In addition, there was an increase in deferred financing costs of \$1,863 over the same period of the prior year. This was offset by a decrease in net proceeds from the exercise of stock options of \$6,114 and an increase in dividends paid on common stock of \$6,621.

LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2012, we had \$37,575 available in cash and cash equivalents. We intend to use this cash to pay for future acquisitions, to repay debt and for general corporate purposes. We are required to distribute at least 90% of our net taxable income, excluding net capital gains, to our stockholders on an annual basis to maintain our qualification as a REIT.

Our cash and cash equivalents are held in accounts managed by third party financial institutions and consist of invested cash and cash in our operating accounts. During 2011 and the first three months of 2012, we experienced no loss or lack of access to our cash or cash equivalents; however, there can be no assurance that access to our cash and cash equivalents will not be impacted by adverse conditions in the financial markets.

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

Table of Contents

The following table sets forth information on our lines of credit for the periods indicated:

As of March 31, 2012							
Line of Credit	Amount Drawn	Capacity	Interest Rate	Origination Date	Maturity	Basis Rate	Notes
Credit Line 1	\$ 100,000	\$ 100,000	1.2%	10/19/2007	10/31/2012	LIBOR plus 1.00% - 2.10%	(5)
Credit Line 2		74,000	2.4%	2/13/2009	2/13/2014	LIBOR plus 2.15%	(1,4,5)
Credit Line 3	35,000	72,000	2.4%	6/4/2010	5/31/2013	LIBOR plus 2.20%	(2,4,5)
Credit Line 4		40,000	2.4%	11/16/2010	11/16/2013	LIBOR plus 2.20%	(3,4,5)
Credit Line 5		50,000	2.4%	4/29/2011	5/1/2014	LIBOR plus 2.15%	(3,4,5)
	\$ 135,000	\$ 336,000					

(1) One year extension available

(2) One two-year extension available

(3) Two one-year extensions available

(4) Guaranteed by the Company

(5) Secured by mortgages on certain real estate assets

As of March 31, 2012, we had \$1,368,176 of debt, resulting in a debt to total capitalization ratio of 32.4%. As of March 31, 2012, the ratio of total fixed rate debt and other instruments to total debt was 79.6% (including \$421,349 on which we have interest rate swaps that have been included as fixed-rate debt). The weighted average interest rate of the total of fixed and variable rate debt at March 31, 2012 was 4.6%. Certain of our real estate assets are pledged as collateral for our debt. We are subject to certain restrictive covenants relating to our outstanding debt. We were in compliance with all financial covenants at March 31, 2012.

We expect to fund our short-term liquidity requirements, including operating expenses, recurring capital expenditures, dividends to stockholders, distributions to holders of OP units and interest on our outstanding indebtedness, out of our operating cash flow, cash on hand and borrowings under our lines of credit. In addition, we are pursuing additional term loans secured by unencumbered properties.

Our liquidity needs consist primarily of cash distributions to stockholders, property acquisitions, principal payments under our borrowings and non-recurring capital expenditures. We may from time to time seek to repurchase shares of common stock or other securities in open market purchases, privately negotiated transactions or otherwise. Such repurchases, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. In addition, we evaluate, on an ongoing basis, the merits of strategic acquisitions and other relationships, which may require us to raise additional funds. We do not expect that our operating cash flow or cash balances will be sufficient to fund our liquidity needs and instead expect to fund such needs out of additional borrowings of secured or unsecured indebtedness, joint ventures with third parties, and from the proceeds of public and private offerings of equity and debt. Additional capital may not be available on terms favorable to us or at all. Any additional issuance of equity or equity-linked securities may result in dilution to our stockholders. In addition, any new securities we issue could have rights, preferences and privileges senior to holders of our common stock. We may also use OP units as currency to fund acquisitions from self-storage owners who desire tax-deferral in their exiting transactions.

OFF-BALANCE SHEET ARRANGEMENTS

Except as disclosed in the notes to our condensed consolidated financial statements, we do not currently have any relationships with unconsolidated entities or financial partnerships, such as entities often referred to as structured finance or special purposes entities, which typically are established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. Further, except as disclosed in the notes to our condensed consolidated financial statements, we have not guaranteed any obligations of unconsolidated entities, nor do we have any commitments or intent to provide funding to any such entities. Accordingly, we are not materially exposed to any financing, liquidity, market or credit risk that could arise if we had engaged in these relationships.

Our exchangeable senior notes provided for excess exchange value to be paid in shares of our common stock if our stock price exceeded a certain amount. For a further description of our Exchangeable Senior Notes, refer to the consolidated financial statements and footnotes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2011, as filed with the Securities and Exchange Commission.

Table of Contents

CONTRACTUAL OBLIGATIONS

The following table sets forth information on payments due by period as of March 31, 2012:

	Total	Payments due by Period:			
		Less Than 1 Year	1-3 Years	3-5 Years	After 5 Years
Operating leases	\$ 60,466	\$ 7,199	\$ 12,662	\$ 5,850	\$ 34,755
Notes payable, notes payable to trusts, exchangeable senior notes and lines of credit					
Interest	364,752	59,001	101,335	62,118	142,298
Principal	1,368,176	192,331	326,392	504,519	344,934
Total contractual obligations	\$ 1,793,394	\$ 258,531	\$ 440,389	\$ 572,487	\$ 521,987

At March 31, 2012, the weighted-average interest rate for all fixed-rate loans was 5.2%, and the weighted-average interest rate for all variable-rate loans was 2.3%.

FINANCING STRATEGY

We will continue to employ leverage in our capital structure in amounts reviewed from time to time by our board of directors. Although our board of directors has not adopted a policy that limits the total amount of indebtedness that we may incur, we will consider a number of factors in evaluating our level of indebtedness from time to time, as well as the amount of such indebtedness that will be either fixed or variable rate. In making financing decisions, we will consider factors including but not limited to:

- the interest rate of the proposed financing;
- the extent to which the financing impacts flexibility in managing our properties;
- prepayment penalties and restrictions on refinancing;
- the purchase price of properties acquired with debt financing;

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

- long-term objectives with respect to the financing;
- target investment returns;
- the ability of particular properties, and our company as a whole, to generate cash flow sufficient to cover expected debt service payments;
- overall level of consolidated indebtedness;
- timing of debt and lease maturities;
- provisions that require recourse and cross-collateralization;
- corporate credit ratios including debt service coverage, debt to total capitalization and debt to undepreciated assets; and
- the overall ratio of fixed and variable rate debt.

Our indebtedness may be recourse, non-recourse or cross-collateralized. If the indebtedness is non-recourse, the collateral will be limited to the particular properties to which the indebtedness relates. In addition, we may invest in properties subject to existing loans collateralized by mortgages or similar liens on our properties, or may refinance properties acquired on a leveraged basis. We may use the proceeds from any borrowings to refinance existing indebtedness, to refinance investments, including the redevelopment of existing properties, for general working capital or to purchase additional interests in partnerships or joint ventures or for other purposes when we believe it is advisable.

Table of Contents

We may from time to time seek to retire, repurchase or redeem our additional outstanding debt, as well as shares of common stock or other securities in open market purchases, privately negotiated transactions or otherwise. Such repurchases or redemptions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

SEASONALITY

The self-storage business is subject to seasonal fluctuations. A greater portion of revenues and profits are realized from May through September. Historically, our highest level of occupancy has been at the end of July, while our lowest level of occupancy has been in late February and early March. Results for any quarter may not be indicative of the results that may be achieved for the full fiscal year.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market Risk

Market risk refers to the risk of loss from adverse changes in market prices and interest rates. Our future income, cash flows and fair values of financial instruments are dependent upon prevailing market interest rates.

Interest Rate Risk

Interest rate risk is highly sensitive to many factors, including governmental monetary and tax policies, domestic and international economic and political considerations and other factors beyond our control.

As of March 31, 2012, we had approximately \$1.4 billion in total debt, of which \$279.4 million was subject to variable interest rates (excluding debt with interest rate swaps). If LIBOR were to increase or decrease by 100 basis points, the increase or decrease in interest expense on the variable rate debt (excluding variable rate debt with interest rate floors) would increase or decrease future earnings and cash flows by approximately \$2.4 million annually.

Interest rate risk amounts were determined by considering the impact of hypothetical interest rates on our financial instruments. These analyses do not consider the effect of any change in overall economic activity that could occur. Further, in the event of a change of that magnitude, we may take actions to further mitigate our exposure to the change. However, due to the uncertainty of the specific actions that would be taken and their possible effects, these analyses assume no changes in our financial structure.

Edgar Filing: Extra Space Storage Inc. - Form 10-Q

The fair values of our notes receivable, our fixed rate notes payable and notes payable to trusts and exchangeable senior notes are as follows:

	March 31, 2012		December 31, 2011	
	Fair Value	Carrying Value	Fair Value	Carrying Value
Note receivable from Preferred Operating Partnership unit holder	\$ 104,682	\$ 100,000	\$ 104,049	\$ 100,000
Fixed rate notes payable and notes payable to trusts	\$ 1,078,554	\$ 1,001,099	\$ 1,008,039	\$ 938,681
Exchangeable senior notes	\$ 87,663	\$ 87,663	\$ 92,265	\$ 87,663

ITEM 4. CONTROLS AND PROCEDURES

(1) Disclosure Controls and Procedures

We maintain disclosure controls and procedures to ensure that information required to be disclosed in the reports we file pursuant to the Securities Exchange Act of 1934, as amended, or the Exchange Act, are recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based on the definition of disclosure controls and procedures in Rule 13a-15(e) of the Exchange Act. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide a reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance, management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Table of Contents

We have a disclosure committee that is responsible to ensure that all disclosures made by the Company to its security holders or to the investment community will be accurate and complete and fairly present the Company's financial condition and results of operations in all material respects, and are made on a timely basis as required by applicable laws, regulations and stock exchange requirements.

We carried out an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer and the Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of the end of the period covered by this report.

(2) Changes in internal control over financial reporting

There were no changes in our internal control over financial reporting (as such term is defined in Exchange Act Rule 13a-15(f)) that occurred during our most recent quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

We are involved in various litigation and proceedings in the ordinary course of business. We are not a party to any material litigation or legal proceedings, or to the best of our knowledge, any threatened litigation or legal proceedings, which, in the opinion of management, are expected to have a material adverse effect on our financial condition or results of operations either individually or in the aggregate.

ITEM 1A. RISK FACTORS

There have been no material changes in our risk factors from those disclosed in our 2011 Annual Report on Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On April 26, 2012, we issued 684,685 shares of our common stock and the Operating Partnership paid approximately \$87.7 million in cash to holders of the Operating Partnership's 3.625% Exchangeable Senior Notes in exchange for approximately \$87.7 million in aggregate principal amount of the Exchangeable Senior Notes at the request of holders pursuant to the terms of the indenture governing the Exchangeable Senior

Notes.

The shares were issued in transactions exempt from registration pursuant to Section 4(2) of the Securities Act of 1933, as amended, or the Securities Act, and Rule 506 of Regulation D promulgated thereunder. The issuance of the shares did not involve a public offering and was made without general solicitation or advertising. Each holder represented that, among other things, it is a qualified institutional buyer within the meaning of Rule 144A under the Securities Act.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.

ITEM 5. OTHER INFORMATION

None.
