**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

*Principles of Consolidation*

The consolidated financial statements include our accounts and those of our wholly-owned and majority-owned subsidiaries and VIEs for which we are the primary beneficiary. Noncontrolling interests represents a minority owner's proportionate share of the equity in certain of our consolidated entities. All intercompany transactions and account balances have been eliminated in consolidation.

*Interim Financial Statements*

The consolidated financial statements for the three and six months ended June 30, 2012 and 2011 are unaudited. In the opinion of management, such financial statements have been presented on the same basis as the audited consolidated financial statements and include all adjustments, consisting only of normal recurring adjustments necessary for a fair statement of the consolidated balance sheets, consolidated statements of operations, consolidated statements of comprehensive income and consolidated statements of cash flows for these periods as adjusted for the adoption of recent accounting pronouncements discussed below.

As permitted under the applicable rules and regulations of the Securities and Exchange Commission (SEC), the consolidated financial statements do not include all disclosures normally included with audited consolidated financial statements and, accordingly, should be read together with the audited consolidated financial statements and notes thereto in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC. The consolidated statements of operations presented in the accompanying consolidated financial statements are not necessarily representative of operations for an entire year.

*Variable Interest Entities*

In determining whether we are the primary beneficiary of a VIE for financial reporting purposes, we consider whether we have the power to direct the activities of the VIE that most significantly impact the economic performance of the VIE and whether we have the obligation to absorb losses or the right to receive returns that would be significant to the VIE. We consolidate VIEs when we are the primary beneficiary. The assets of each of our consolidated VIEs can only be used to settle the obligations of the VIE. All the liabilities including debt held by our VIEs, are non-recourse to us. However, our senior secured credit facility (Bank Credit Agreement) contains cross-default provisions with the VIE debt of Cunningham Broadcasting Corporation (Cunningham). See *Note 6, Related Person Transactions* for more information.

We have entered into Local Marketing Agreements (LMAs) to provide programming, sales and managerial services for television stations of Cunningham, the license owner of seven television stations as of June 30, 2012. We pay LMA fees to Cunningham and also reimburse all operating expenses. We also have an acquisition agreement in which we have a purchase option to buy the license assets of the television stations which includes the Federal Communications Commission (FCC) license and certain other assets used to operate the station (License Assets). Our applications to acquire the FCC licenses are pending approval. We own the majority of the non-license assets of the Cunningham stations and our Bank Credit Agreement contains certain cross-default provisions with Cunningham whereby a default by Cunningham caused by insolvency would cause an event of default under our Bank Credit Agreement. We have determined that the Cunningham stations are VIEs and that based on the terms of the agreements, the significance of our investment in the stations and the cross-default provisions with our Bank Credit Agreement, we are the primary beneficiary of the variable interests because we have the power to direct the activities which significantly impact the economic performance of the VIE through the sales and managerial services we provide and we absorb losses and returns that would be considered significant to Cunningham. See *Note 6, Related Person Transactions* for more information on our arrangements with Cunningham. Included in the accompanying consolidated statements of operations for the three months ended June 30, 2012 and 2011 are net broadcast revenues of \$24.8 million and \$22.6 million, respectively, that relate to LMAs with Cunningham. For the six months ended June 30, 2012 and 2011, Cunningham's stations provided us with approximately \$48.1 million and \$45.9 million, respectively, of net broadcast revenues.

We have outsourcing agreements with certain other license owners, under which we provide certain non-programming related sales, operational and administrative services. We pay a fee to the license owner based on a percentage of broadcast cash flow and we reimburse all operating expenses. We also have a purchase option to buy the License Assets. For the same reasons noted above regarding the LMAs with Cunningham, we have determined that these outsourced license station assets are VIEs and we are the primary beneficiary. Included in the accompanying consolidated statements of operations for the three months ended June 30, 2012 and 2011 are net broadcast revenues of \$4.1 million and \$2.9 million, respectively, that relate to these arrangements. For the six months ended June 30, 2012 and 2011, are net broadcast revenues of \$7.7 million and \$6.1 million, respectively, that relate to these arrangements.

The amounts above represent the consolidated assets and liabilities of the VIEs related to our LMAs with Cunningham and certain outsourcing agreements, for which we are the primary beneficiary, and have been aggregated as they all relate to our broadcast business. Excluded from the amounts above are payments made to Cunningham under the LMA which are treated as a prepayment of the purchase price of the stations and capital leases between us and Cunningham which are eliminated in consolidation. The total payments made under the LMA as of June 30, 2012 and December 31, 2011 which are excluded from liabilities above were \$29.8 million and \$22.7 million, respectively. The total capital lease assets excluded from above for each of the three months ended June 30, 2012 and the year ended December 31, 2011 were \$11.8 million. The risk and reward characteristics of the VIEs are similar.

In the fourth quarter of 2011, we began providing sales, programming and management services to the eight stations owned by Freedom Communications (Freedom) pursuant to an LMA. Effective April 1, 2012, we completed the acquisition of these stations and the LMA was terminated. We determined that the Freedom stations were VIEs during the period of the LMA based on the terms of the agreement. We were not the primary beneficiary because the owner of the stations had the power to direct the activities of the VIEs that most significantly impacted the economic performance of the VIEs. In the consolidated statements of operations for the six months ended June 30, 2012 are net broadcast revenues of \$10.0 million and station production expenses of \$7.8 million related to the Freedom LMAs, during the period prior to the acquisition.

We have investments in other real estate ventures and investment companies which are considered VIEs. However, we do not participate in the management of these entities including the day-to-day operating decisions or other decisions which would allow us to control the entity, and therefore, we are not considered the primary beneficiary of these VIEs. We account for these entities using the equity or cost method of accounting.

Table of Contents

The carrying amounts of our investments in these VIEs for which we are not the primary beneficiary for the periods presented (in thousands):

	As of June 30, 2012		As of December 31, 2011	
	Carrying amount	Maximum exposure	Carrying amount	Maximum exposure
Investments in real estate ventures	\$ 3,929	\$ 3,929	\$ 8,009	\$ 8,009
Investments in investment companies	25,217	25,217	26,276	26,276
Total	\$ 29,146	\$ 29,146	\$ 34,285	\$ 34,285

The carrying amounts above are included in other assets in the consolidated balance sheets. The income and loss related to these investments are recorded in income from equity and cost method investments in the consolidated statement of operations. We recorded income of \$5.3 million and \$0.9 million in the three months ended June 30, 2012 and 2011, respectively. We recorded income of \$6.7 million and \$0.9 million for the six months ended June 30, 2012 and 2011, respectively.

Our maximum exposure is equal to the carrying value of our investments. As of June 30, 2012 and December 31, 2011, our unfunded commitments related to private equity investment funds totaled \$10.9 million for each of the periods.

***Recent Accounting Pronouncements***

In May 2011, the FASB issued new guidance for fair value measurements. The purpose of the new guidance is to have a consistent definition of fair value between U.S. Generally Accepted Accounting Principles (GAAP) and International Financial Reporting Standards (IFRS). Many of the amendments to GAAP are not expected to have a significant impact on practice; however, the new guidance does require new and enhanced disclosure about fair value measurements. The amendments are effective for interim and annual periods beginning after December 15, 2011 and should be applied prospectively. This guidance did not have a material impact on our consolidated financial statements but we have included the additional quantitative and qualitative disclosures required for our Level 3 fair value measurements beginning with the quarter ended March 31, 2012.

In July 2012, the FASB issued new guidance for testing indefinite-lived intangible assets for impairment. The new guidance allows companies to perform a qualitative assessment to determine whether further impairment testing of indefinite-lived intangible assets is necessary, similar to the approach now applied to goodwill. Companies can first determine based on certain qualitative factors whether it is more likely than not (a likelihood of more than 50 percent) that an indefinite-lived intangible asset is impaired. The new standard is intended to reduce the cost and complexity of testing indefinite-lived intangible assets for impairment. The revised standard is effective for annual and interim impairment tests performed for fiscal years beginning after September 30, 2012 and early adoption is permitted. We plan to adopt this new guidance in the fourth quarter of 2012 when completing our annual impairment analysis. This guidance will impact how we perform our annual impairment testing for indefinite-lived intangible assets and may change our related disclosures; however, we do not believe it will have a material impact on our consolidated financial statements.

***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses in the consolidated financial statements and in the disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

***Restricted Cash***

Upon entering into definitive agreements to purchase assets of Four Points Media Group LLC (Four Points) and Freedom in September 2011 and November 2011, respectively, we were required to deposit 10% of the purchase price for each acquisition into an escrow account. Effective January 1, 2012, we closed the asset acquisition of Four Points for \$200.0 million and used \$20.0 million of restricted cash towards the acquisition. Effective April 1, 2012, we closed the asset acquisition of Freedom for \$385.0 million and used \$38.5 million of restricted cash towards the acquisition.

Additionally, under the terms of certain lease agreements, as of June 30, 2012 and December 31, 2011, we were required to hold \$0.2 million of restricted cash related to the removal of analog equipment from some of our leased towers.

***Revenue Recognition***

Total revenues include: (i) cash and barter advertising revenues, net of agency commissions; (ii) retransmission consent fees; (iii) network compensation; (iv) other broadcast revenues and (v) revenues from our other operating divisions.

Advertising revenues, net of agency commissions, are recognized in the period during which time spots are aired.

Table of Contents

Our retransmission consent agreements contain both advertising and retransmission consent elements. We have determined that our retransmission consent agreements are revenue arrangements with multiple deliverables. Advertising and retransmission consent deliverables sold under our agreements are separated into different units of accounting at fair value. Revenue applicable to the advertising element of the arrangement is recognized similar to the advertising revenue policy noted above. Revenue applicable to the retransmission consent element of the arrangement is recognized over the life of the agreement.

***Income Taxes***

Our income tax provision for all periods consists of federal and state income taxes. The tax provision for the three and six months ended June 30, 2012 and 2011 is based on the estimated effective tax rate applicable for the full year after taking into account discrete tax items and the effects of the noncontrolling interests.

Our effective income tax rate for the three months ended June 30, 2012 and 2011 and six months ended June 30, 2011 approximated the statutory rate. Our effective income tax rate for the six months ended June 30, 2012 was lower than the statutory rate primarily due to a release of valuation allowance in the first quarter of \$7.7 million related to certain deferred tax assets of Cunningham, one of our consolidated VIEs, as the weight of all available evidence supports full realization of those deferred tax assets.

***Reclassifications***

Certain reclassifications have been made to prior years' consolidated financial statements to conform to the current year's presentation.

***Subsequent events***

On July 19, 2012, we entered into a definitive agreement to purchase the broadcast assets of six television stations owned and/or operated by Newport Television (Newport) for \$412.5 million. The six stations are located in five markets and have the following network affiliation or program service arrangements: WKRC (CBS) in Cincinnati, OH; WOAI (NBC) in San Antonio, TX; WHP (CBS) in Harrisburg/Lancaster/Lebanon/York, PA; WPMI (NBC) and WJTC (IND) in Mobile, AL/Pensacola, FL; and KSAS (FOX) in Wichita/Hutchinson, KS. We will also acquire Newport's rights under the local marketing agreements with WLYH (CW) in Harrisburg, PA and KMTW (MNT) in Wichita, KS, as well as options to acquire the license assets. The purchase agreement includes other customary provisions, including representations and warranties, covenants and indemnification provisions. Upon entering into the asset purchase agreement we deposited 10% of the purchase price, \$41.3 million, into escrow. Upon closing, we expect to finance the \$412.5 million purchase price, less the \$41.3 million in escrow, with available cash along with a bank loan and/or by assessing the capital markets. Additionally, we entered into agreements with Deerfield Media, Inc. (Deerfield) to sell Deerfield the license assets of one of our stations in San Antonio (KMYS CW) and our station in Cincinnati (WSTR MNT), subject to FTS's purchase option with respect to WSTR when expires March 31, 2013, and assigned Deerfield the right to buy the license assets of WPMI and WJTC in the Mobile/Pensacola market, after which we intend to provide sales and other non-programming services to each of these four stations pursuant to shared services and joint sales agreements. All of the aforementioned transactions are expected to close no earlier than December 2012, subject to closing conditions, including without limitation approval of the FCC and customary antitrust clearance.

On July 17, 2012, we entered into an agreement to purchase the assets of Bay Television, Inc. (Bay TV), which owns the television station WTTA-TV in the Tampa/St. Petersburg, Florida market, for \$40.0 million. The transaction is expected to close in the fourth quarter of 2012, subject to approval of the FCC. Concurrent with the acquisition, our LMA with Bay TV to provide certain sales, programming and other management services will be terminated. As disclosed in *Note 6. Related Person Transactions*, our controlling shareholders own a controlling interest in Bay TV, and as such our board of directors obtained a fairness opinion from a third party valuation firm. As this will be a transaction between entities under common control, the acquisition method of accounting will not be applied and the assets acquired will be recorded at their historical cost basis, upon closing. The difference between the purchase price and the historical cost basis of the assets will be recorded as a reduction in additional paid-in capital.

Table of Contents**2. ACQUISITIONS***Four Points*

Effective January 1, 2012, we completed the previously announced acquisition of the broadcast assets of Four Points Media Group LLC (Four Points), which we had previously operated pursuant to a LMA since October 1, 2011. The acquired assets consist of the following seven stations in four markets along with the respective network affiliation or program service arrangements: KUTV (CBS) and KMYU (MNT / This TV) in Salt Lake City / St. George, UT; KEYE (CBS) in Austin, TX; WTVX (CW), WTCN (MNT) and WWHB (Azteca) in West Palm Beach / Fort Pierce / Stuart, FL; and WLWC (CW) in Providence, RI / New Bedford, MA.

We paid Four Points \$200.0 million in cash, less a working capital adjustment of \$0.9 million. The acquisition was financed with a \$180.0 million draw under an incremental Term B Loan commitment under our amended Bank Credit Agreement plus a \$20.0 million cash escrow previously paid in September 2011.

Under the acquisition method of accounting, the results of the acquired operations are included in the financial statements of the Company beginning January 1, 2012. The initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The initial allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Prepaid expenses and other current assets	\$	416
Program contract costs		3,711
Property and equipment		34,578
Broadcast licenses		10,658
Definite-lived intangible assets		90,099
Other assets		548
Accrued liabilities		(343)
Program contracts payable		(5,117)
Fair value of identifiable net assets acquired		134,550
Goodwill		64,526
Total	\$	199,076

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$66.9 million, the decaying advertiser base of \$9.4 million, and other intangible assets of \$13.8 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average of 14 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Prior to the acquisition, since October 1, 2011, we provided sales, programming and management services to the stations pursuant to an LMA. During that period, we funded the working capital needs of the stations, which totaled \$8.1 million as of December 31, 2011 and was reflected as cash flows used in operating activities within the consolidated statement of cash flows for that period. This working capital is not reflected in the purchase price allocation presented above.

The results of operations for the three and six months ended June 30, 2012 include the results of the Four Points stations since January 1, 2012. Net broadcast revenues and operating income of the Four Points stations included in our consolidated statements of operations, were \$18.1 million and \$3.0 million for the three months ended June 30, 2012, respectively, and \$35.9 million and \$7.5 million for the six months ended June, 2012, respectively.

### *Freedom*

Effective April 1, 2012, we completed the previously announced acquisition of the broadcast assets of Freedom Communications (Freedom), which we had previously operated pursuant to a LMA since December 1, 2011. The acquired assets consist of the following eight stations in seven markets along with the respective network affiliation or program service arrangements: WPEC (CBS) in West Palm Beach, FL; WWMT (CBS) in Grand Rapids/Kalamazoo/Battle Creek, MI; WRGB (CBS) and WCWN (CW) in Albany, NY; WTVC (ABC) in Chattanooga, TN; WLAJ (ABC) in Lansing, MI; KTVL (CBS) in Medford-Klamath Falls, OR; and KFDM (CBS) in Beaumont/Port Arthur/Orange, TX.

We paid Freedom \$385.0 million plus a working capital adjustment of \$0.3 million. The acquisition was financed with a draw under a \$157.5 million incremental Term Loan A and a \$192.5 million incremental Term B Loan commitment under our amended Bank Credit Agreement, plus a \$38.5 million cash escrow previously paid in November 2011.

Table of Contents

Under the acquisition method of accounting, the results of the acquired operations are included in the financial statements of the Company beginning April 1, 2012. The initial purchase price has been allocated to the acquired assets and assumed liabilities based on estimated fair values. The purchase price allocation is preliminary pending a final determination of the fair values of the assets and liabilities. The initial allocated fair value of acquired assets and assumed liabilities is summarized as follows (in thousands):

Prepaid expenses and other current assets	\$	375
Program contract costs		3,546
Property and equipment		54,109
Broadcast licenses		10,424
Definite-lived intangible assets		132,475
Other assets		278
Accrued liabilities		(633)
Program contracts payable		(3,480)
Fair value of identifiable net assets acquired		197,094
Goodwill		188,212
Total	\$	385,306

The preliminary allocation presented above is based upon management's estimate of the fair values using valuation techniques including income, cost and market approaches. In estimating the fair value of the acquired assets and assumed liabilities, the fair value estimates are based on, but not limited to, expected future revenue and cash flows, expected future growth rates, and estimated discount rates. The amount allocated to definite-lived intangible assets represents the estimated fair values of network affiliations of \$93.1 million, the decaying advertiser base of \$23.4 million, and other intangible assets of \$16.0 million. These intangible assets will be amortized over the estimated remaining useful lives of 15 years for network affiliations, 10 years for the decaying advertiser base and a weighted average life of 16 years for the other intangible assets. Acquired property and equipment will be depreciated on a straight-line basis over the respective estimated remaining useful lives. Goodwill is calculated as the excess of the consideration transferred over the fair value of the identifiable net assets acquired and represents the future economic benefits expected to arise from other intangible assets acquired that do not qualify for separate recognition, including assembled workforce and noncontractual relationships, as well as expected future synergies. We expect that goodwill will be deductible for tax purposes. The initial purchase price allocation is based upon all information available to us at the present time and is subject to change, and such changes could be material.

Prior to the acquisition, since December 1, 2011, we provided sales, programming and management services to the stations pursuant to an LMA. During that period, we funded the working capital needs of the stations, which totaled \$1.5 million as of December 31, 2011 and \$9.6 million as of March 31, 2012 and was reflected as cash flows used in operating activities within the consolidated statement of cash flows for those periods. This working capital is not reflected in the purchase price allocation presented above.

The results of operations for the three and six months ended June 30, 2012 includes the results of the Freedom stations since April 1, 2012. Net broadcast revenues and operating income of the Freedom stations included in our consolidated statements of operations for the three months ended June 30, 2012 were \$26.7 million and \$6.8 million, respectively.

*Pro Forma Information*

The following table sets forth unaudited pro forma results of operations, assuming that the above acquisitions, along with transactions necessary to finance the acquisitions, occurred on January 1, 2011 (in thousands, except per share data):

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

	Three Months Ended June 30,		Six Months Ended June 30,	
	2012	2011	2012	2011
Total revenues	\$ 253,554	\$ 229,842	\$ 492,146	\$ 450,273
Net Income	\$ 30,231	\$ 19,355	\$ 60,759	\$ 32,607
Net Income attributable to Sinclair Broadcast Group	\$ 30,159	\$ 19,457	\$ 60,972	\$ 32,861
Basic and diluted earnings per share attributable to Sinclair Broadcast Group	\$ 0.37	\$ 0.24	\$ 0.75	\$ 0.41

This pro forma financial information is based on historical results of operations, adjusted for the allocation of the purchase price and other acquisition accounting adjustments, and is not necessarily indicative of what our results would have been had we operated the businesses since January 1, 2011. The pro forma adjustments reflect depreciation expense, amortization of intangibles and amortization of program contract costs related to the fair value adjustments of the assets acquired, additional interest expense related to the financing of the transactions, exclusion of nonrecurring financing and transaction related costs and the related tax effects of the adjustments.

Table of Contents

In connection with these acquisitions, we incurred a total of \$1.1 million of costs primarily related to legal and other professional services, which we expensed as incurred. For the three and six months ended June 30, 2012, \$0.2 million and \$0.5 million, respectively, of such costs were incurred in corporate, general and administrative expenses in the consolidated statements of operations. These costs were not included in the pro forma amounts above as they are nonrecurring in nature.

**3. COMMITMENTS AND CONTINGENCIES:**

*Litigation*

We are party to lawsuits and claims from time to time in the ordinary course of business. Actions currently pending are in various preliminary stages and no judgments or decisions have been rendered by hearing boards or courts in connection with such actions. After reviewing developments to date with legal counsel, our management is of the opinion that the outcome of our pending and threatened matters will not have a material adverse effect on our consolidated balance sheets, consolidated statements of operations or consolidated statements of cash flows.

Various parties have filed petitions to deny our applications for the following stations license renewals: WXLV-TV, Winston-Salem, North Carolina; WMYV-TV, Greensboro, North Carolina; WLFL-TV, Raleigh/Durham, North Carolina; WRDC-TV, Raleigh/Durham, North Carolina; WLOS-TV, Asheville, North Carolina; WMMP-TV, Charleston, South Carolina; WTAT-TV, Charleston, South Carolina; WMYA-TV, Anderson, South Carolina; WICS-TV and WICD-TV in Springfield/Champaign, Illinois and WCGV-TV and WVTM-TV in Milwaukee, Wisconsin. The FCC is in the process of considering the renewal applications and we believe the petitions have no merit.

*Network Affiliations*

On May 14, 2012, the Company and the licensees of stations to which we provide services, representing 20 affiliates of Fox Broadcast Company (FOX) in total, extended the network affiliation agreements with FOX from the existing term of December 31, 2012 to December 31, 2017. Concurrently, we entered into an assignable option agreement with Fox Television Stations, Inc. (FTS) giving us or our assignee the right to purchase substantially all the assets of the WUTB station (Baltimore, MD) owned by FTS, which has a program service arrangement with MyNetworkTV, and entered into an option agreement giving FTS the right to purchase our stations in up to three of the following four markets: Las Vegas, NV, Raleigh, NC, Norfolk, VA, and Cincinnati, OH. Our stations in these markets are affiliated with the following networks or program service providers: Las Vegas (The CW and MyNetworkTV), Raleigh (The CW and MyNetworkTV), Norfolk (MyNetworkTV) and Cincinnati (MyNetworkTV). These options are exercisable between July 1, 2012 and March 30, 2013. The maximum total potential payments associated with the affiliation agreement and the option agreements is \$50.0 million, which excludes any proceeds from the sale of stations upon FTS exercising its option, the \$2.7 million purchase price we would pay to FTS for WUTB pursuant to our option, and ordinary course programming payments that will be due to FOX under the terms of the Company's affiliation agreements. If FTS decides to exercise its option to purchase one or more of the aforementioned stations, the total payments will be reduced by \$25.0 million. In the second quarter of 2012, we paid \$25.0 million to FOX pursuant to the agreements, which is reflected as cash flows used in operating activities within the consolidated statement of cash flows for the six month period ending June 30, 2012. As of June 30, 2012, we have recorded \$50.0 million in other assets and \$25.0 million of other accrued liabilities within the consolidated balance sheet, representing the additional obligation due to FOX if FTS does not exercise its option to acquire any of our stations. The \$50.0 million asset will be amortized through the current term of the affiliation agreement ending on December 31, 2017. Approximately \$1.1 million of amortization expense has been recorded in the consolidated statement of operations during the three months ended June 30, 2012.

**4. NOTES PAYABLE AND COMMERCIAL BANK FINANCING**

In January 2012, we drew \$180.0 million of the incremental Term Loan B under our Bank Credit Agreement to fund the asset acquisition of Four Points, which closed January 1, 2012. In addition, in April 2012, we drew \$157.5 million of the incremental Term Loan A and \$192.5 million of the incremental Term Loan B under our Bank Credit Agreement to fund the asset acquisition of Freedom, which closed April 1, 2012. During the three months ended June 30, 2012, we drew down \$11.0 million on our revolver. As of June 30, 2012, our revolver balance was \$11.0 million.

Table of Contents**5. EARNINGS PER SHARE**

The following table reconciles income (numerator) and shares (denominator) used in our computations of diluted earnings per share for the periods presented (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2012	2011	2012	2011
<b>Income (Numerator)</b>				
Income from continuing operations	\$ 30,199	\$ 18,559	\$ 59,340	\$ 33,793

Dilutive effect of stock settled appreciation rights, restricted stock awards and outstanding stock options	4	40	13	55
Dilutive effect of 4.875% Notes	254	254	254	254
Weighted-average common and common equivalent shares outstanding	81,294	81,028	81,211	80,860

Approximately 1.5 million and 1.1 million shares of common stock for the three months ended June 30, 2012 and 2011, respectively, and 1.5 million and 1.1 million for the six months ended June 30, 2012 and 2011, respectively, were excluded from the computation of diluted earnings per common share for these periods because their effect would have been antidilutive. The increase in potentially dilutive securities is primarily related to the issuance of new stock settled appreciation rights in March 2012. The net income per share amounts are the same for Class A and Class B Common Stock because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

**6. RELATED PERSON TRANSACTIONS**

David, Frederick, Duncan and Robert Smith (collectively, the controlling shareholders) are brothers and hold substantially all of the Class B Common Stock and some of our Class A Common Stock. We engaged in the following transactions with them and/or entities in which they have substantial interests.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

*Related Person Leases.* Certain assets used by us and our operating subsidiaries are leased from Cunningham Communications, Inc., Keyser Investment Group, Gerstell Development Limited Partnership and Beaver Dam, LLC (entities owned by the controlling shareholders). Lease payments made to these entities were \$1.1 million for each of the three months ended June 30, 2012 and 2011 and \$2.2 million for each of the six months ended June 30, 2012 and 2011, respectively.

*Bay TV.* In January 1999, we entered into a LMA with Bay Television, Inc. (Bay TV), which owns the television station WTTA-TV in Tampa/St. Petersburg, Florida market. Each of our controlling shareholders owns a substantial portion of the equity of Bay TV and collectively have controlling interests. Payments made to Bay TV were \$0.4 million for each of the three months ended June 30, 2012 and 2011 and \$2.2 million and \$1.3 million for the six months ended June 30, 2012 and 2011, respectively. See *Subsequent Events* in *Note 1, Summary of Significant Accounting Policies*, for further information.

Table of Contents

*Cunningham Broadcasting Corporation.* We have options from trusts, for which the children of our controlling shareholders are beneficiaries, that will grant us the right to acquire, subject to applicable FCC rules and regulations, 100% of the capital stock of Cunningham Broadcasting Corporation (Cunningham) or 100% of the capital stock or assets of Cunningham's individual subsidiaries. As of June 30, 2012, Cunningham was the owner-operator and FCC licensee of: WNUV-TV Baltimore, Maryland; WRGT-TV Dayton, Ohio; WVAH-TV Charleston, West Virginia; WTAT-TV Charleston, South Carolina; WMYA-TV Anderson, South Carolina; WTTE-TV Columbus, Ohio; and WDBB-TV Birmingham, Alabama (collectively, the Cunningham Stations).

In addition to the option agreement, we entered into five-year LMAs (with five-year renewal terms at our option) with Cunningham pursuant to which we provide programming to Cunningham for airing on the Cunningham Stations.

Effective November 5, 2009, we entered into amendments and/or restatements of the following agreements between Cunningham and us: (i) the LMAs, (ii) option agreements to acquire Cunningham stock and (iii) certain acquisition or merger agreements relating to the Cunningham Stations.

Pursuant to the terms of the LMAs, options and other agreements, beginning on January 1, 2010 and ending on July 1, 2012, we are obligated to pay Cunningham the sum of approximately \$29.1 million in 10 quarterly installments of \$2.75 million and one quarterly payment of approximately \$1.6 million, which amounts will be used to pay down Cunningham's bank credit facility and which amounts will be credited toward the purchase price for each Cunningham station. An additional \$3.9 million will be paid in two installments on July 1, 2012 and October 1, 2012 as an additional LMA fee and will be used to pay off the remaining balance of Cunningham's bank credit facility. The aggregate purchase price of the television stations, which was originally \$78.5 million pursuant to certain acquisition or merger agreements subject to 6% annual increases, will be decreased by each payment made by us to Cunningham up to \$29.1 million in the aggregate, pursuant to the foregoing transactions with Cunningham as such payments are made. Beginning on January 1, 2013, we will be obligated to pay Cunningham an annual LMA fee for the television stations equal to the greater of (i) 3% of each station's annual net broadcast revenue and (ii) \$5.0 million, of which a portion of this fee will be credited toward the purchase price to the extent of the annual 6% increase. The remaining purchase price as of June 30, 2012 was approximately \$58.7 million.

Additionally, we reimburse Cunningham for 100% of its operating costs, as well as pay Cunningham a monthly payment of \$50,000 through December 2012 as an LMA fee.

We made payments to Cunningham under these LMAs and other agreements of \$4.0 million and \$4.2 million for the three months ended June 30, 2012 and 2011, respectively, and \$7.9 million and \$8.4 million, for the six months ended June 30, 2012 and 2011, respectively. For the three months ended June 30, 2012 and 2011, Cunningham's stations provided us with approximately \$24.8 million and \$22.6 million, respectively, and approximately \$48.1 million and \$45.9 million for the six months ended June 30, 2012 and 2011, respectively, of net broadcast revenues. The financial statements for Cunningham are included in our consolidated financial statements for all periods presented. Our Bank Credit Agreement contains certain cross-default provisions with certain material third-party licensees. As of June 30, 2012, Cunningham was the sole material third-party licensee.

*Atlantic Automotive.* We sold advertising time to and purchased vehicles and related vehicle services from Atlantic Automotive Corporation (Atlantic Automotive), a holding company which owns automobile dealerships and an automobile leasing company. David D. Smith, our President and Chief Executive Officer, has a controlling interest in, and is a member of the Board of Directors of Atlantic Automotive. We received payments for advertising totaling less than \$0.1 million for each of the three months ended June 30, 2012 and 2011. We received payments for advertising time of \$0.1 million for each of the six months ended June 30, 2012 and 2011, respectively. We paid \$0.4 million for

vehicles and related vehicle services from Atlantic Automotive during each of the three months ended June 30, 2012 and 2011, respectively. For the six months ended June 30, 2012 and 2011, we paid fees of \$0.6 million and \$0.5 million, respectively, for vehicles and related vehicle services.

*Thomas & Libowitz P.A.* Basil A. Thomas, a member of our Board of Directors, is the father of Steven A. Thomas, a partner and founder of Thomas & Libowitz, P.A. (Thomas & Libowitz), a law firm providing legal services to us on an ongoing basis. We paid fees of \$0.2 million to Thomas & Libowitz for each of the three months ended June 30, 2012 and 2011. For the six months ended June 30, 2012 and 2011, we paid fees of \$0.5 million and \$0.3 million, respectively, to Thomas & Libowitz.

*Charter Aircraft.* From time to time, we charter aircraft owned by certain controlling shareholders. We incurred \$0.2 million and \$0.3 million for the three and six months ended June 30, 2012, respectively. We did not incur such expenses in the three or six months ended June 30, 2011, related to these arrangements.

Table of Contents**7. SEGMENT DATA**

We measure segment performance based on operating income (loss). Our broadcast segment includes stations in 45 markets located predominately in the eastern, mid-western and southern United States. Our other operating divisions segment primarily earned revenues from sign design and fabrication; regional security alarm operating and bulk acquisitions and real estate ventures. All of our other operating divisions are located within the United States. Corporate costs primarily include our costs to operate as a public company and to operate our corporate headquarters location. Corporate is not a reportable segment. We had approximately \$171.0 million and \$168.9 million of intercompany loans between the broadcast segment, operating divisions segment and corporate as of June 30, 2012 and 2011, respectively. We had \$5.0 million and \$4.9 million in intercompany interest expense related to intercompany loans between the broadcast segment, other operating divisions segment and corporate for the three months ended June 30, 2012, and 2011, respectively. For the six months ended June 30, 2012 and 2011, we had \$9.9 million and \$9.7 million, respectively, in intercompany interest expense. Intercompany loans and interest expense are excluded from the tables below. All other intercompany transactions are immaterial.

**8. FAIR VALUE MEASUREMENTS:**

Accounting guidance provides for valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). A fair value hierarchy using three broad levels prioritizes the inputs to valuation techniques used to measure fair value. The following is a brief description of those three levels:

- *Level 1:* Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- *Level 2:* Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- *Level 3:* Unobservable inputs that reflect the reporting entity's own assumptions.

The carrying value and fair value of our notes, debentures, program contracts payable and non-cancelable commitments for the periods presented (in thousands):

Future program liabilities (a)	166,407	139,294	125,075	105,166
--------------------------------	---------	---------	---------	---------

---

(a) Future program liabilities reflect a license agreement for program material that is not yet available for its first showing or telecast and is, therefore, not recorded as an asset or liability on our balance sheet. The carrying value reflects the undiscounted future payments.

Our estimates of the fair value of active program contracts payable and future program liabilities were based on discounted cash flows using Level 3 inputs described above. The discount rate represents an estimate of a market participants' return and risk applicable to program contracts. The discount rate used to determine the fair value of active and future program liabilities was 8.0% as of June 30, 2012 and December 31, 2011. Significant increases (decreases) in the discount rate would result in a significantly lower (higher) fair value measurement.

**9. CONDENSED CONSOLIDATING FINANCIAL STATEMENTS:**

Sinclair Television Group, Inc. (STG), a wholly-owned subsidiary and the television operating subsidiary of Sinclair Broadcast Group, Inc. (SBG), is the primary obligor under the Bank Credit Agreement, the 8.375% Notes and the 9.25% Notes. Our Class A Common Stock, Class B Common Stock, the 4.875% Notes and the 3.0% Notes, as of June 30, 2012, were obligations or securities of SBG and not obligations or securities of STG. SBG was the obligor of the 6.0% Notes until they were fully redeemed in 2011. SBG is a guarantor under the Bank Credit Agreement, the 9.25% Notes and the 8.375% Notes. As of June 30, 2012 our consolidated total debt of \$1,728.3 million included \$1,636.7 million of debt related to STG and its subsidiaries of which SBG guaranteed \$1,587.2 million.

SBG, KDSM, LLC, a wholly-owned subsidiary of SBG, and STG's wholly-owned subsidiaries (guarantor subsidiaries), have fully and unconditionally guaranteed, subject to certain customary automatic release provisions, all of STG's obligations. Those guarantees are joint and several. There are certain contractual restrictions on the ability of SBG, STG or KDSM, LLC to obtain funds from their subsidiaries in the form of dividends or loans.

The following condensed consolidating financial statements present the consolidating balance sheets, consolidating statements of operations and comprehensive income and consolidating statements of cash flows of SBG, STG, KDSM, LLC and the guarantor subsidiaries, the direct and indirect non-guarantor subsidiaries of SBG and the eliminations necessary to arrive at our information on a consolidated basis. These statements are presented in accordance with the disclosure requirements under SEC Regulation S-X, Rule 3-10.

Certain revisions have been made to correct immaterial errors in the condensed consolidating balance sheet as of December 31, 2011 and the condensed consolidating statements of operations and comprehensive income for the three and six months ended June 30, 2011. The revisions to the condensed consolidating balance sheet increased certain noncurrent assets by \$17.3 million and noncontrolling interests in consolidated subsidiaries by \$9.8 million and decreased additional paid-in capital by \$1.6 million and accumulated deficit by \$9.1 million of the Non-guarantor Subsidiaries, with corresponding offsetting adjustments to the same items in the Eliminations column. The revisions to the condensed consolidating statements of operations and comprehensive income for the three and six months ended June 30, 2011 increased depreciation, amortization and other operating expenses by \$0.2 million and \$0.3 million, respectively, and increased net loss attributable to noncontrolling interests for the Non-guarantor Subsidiaries by \$0.1 million and \$0.3 million, respectively, with corresponding offsetting adjustments to the same items in the Eliminations column. These revisions had no effect on amounts presented for SBG, STG, the Guarantor Subsidiaries and KDSM, LLC or Sinclair Consolidated.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

This report includes or incorporates forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act) and the U.S. Private Securities Litigation Reform Act of 1995. We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about us, including, among other things, the following risks:

**General risks**

- the impact of changes in national and regional economies and credit and capital markets;
- consumer confidence;
- the potential impact of changes in tax law;
- the activities of our competitors;
- terrorist acts of violence or war and other geopolitical events;
- natural disasters that impact our advertisers and our stations;

**Industry risks**

- the business conditions of our advertisers particularly in the automotive and service industries;
- competition with other broadcast television stations, radio stations, multi-channel video programming distributors (MVPDs), internet and broadband content providers and other print and media outlets serving in the same markets;
- availability and cost of programming and the continued volatility of networks and syndicators that provide us with programming content;
- the effects of the Federal Communications Commission's (FCC's) National Broadband Plan and the auctioning and potential reallocation of our broadcasting spectrum;
- the effects of governmental regulation of broadcasting or changes in those regulations and court actions interpreting those regulations, including ownership regulations, indecency regulations, retransmission fee regulations and political or other advertising restrictions;
- labor disputes and legislation and other union activity associated with film, acting, writing and other guilds and professional sports leagues;

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

- the broadcasting community's ability to develop a viable mobile digital broadcast television (mobile DTV) strategy and platform and the consumer's appetite for mobile television;
- the operation of low power devices in the broadcast spectrum, which could interfere with our broadcast signals;
- the impact of reverse network compensation payments charged by networks pursuant to their affiliation agreements with broadcasters requiring compensation for network programming;
- the effects of new ratings system technologies including people meters and set-top boxes, and the ability of such technologies to be a reliable standard that can be used by advertisers;
- the impact of new FCC rules requiring broadcast stations to publish, among other information, political advertising rates online;
- changes in the makeup of the population in the areas where stations are located;

### Risks specific to us

- the effectiveness of our management;
- our ability to attract and maintain local and national advertising;
- our ability to service our debt obligations and operate our business under restrictions contained in our financing agreements;
- our ability to successfully renegotiate retransmission consent agreements;
- our ability to renew our FCC licenses;
- our ability to obtain FCC approval for the purchase of any future acquisitions, as well as, in certain cases, customary antitrust clearance for any future acquisitions;
- our ability to successfully integrate any acquired businesses;
- our ability to maintain our affiliation and programming service agreements with our networks and program service providers and at renewal, to successfully negotiate these agreements with favorable terms;
- our ability to effectively respond to technology affecting our industry and to increasing competition from other media providers;

Table of Contents

- the popularity of syndicated programming we purchase and network programming that we air;
- the strength of ratings for our local news broadcasts including our news sharing arrangements;
- the successful execution of our multi-channel broadcasting initiatives including mobile DTV; and
- the results of prior year tax audits by taxing authorities.

Other matters set forth in this report and other reports filed with the Securities and Exchange Commission, including the *Risk Factors* set forth in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2011 may also cause actual results in the future to differ materially from those described in the forward-looking statements. However, additional factors and risks not currently known to us or that we currently deem immaterial may also cause actual results in the future to differ materially from those described in the forward-looking statements. You are cautioned not to place undue reliance on any forward-looking statements, which speaks only as of the date on which it is made. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. In light of these risks, uncertainties and assumptions, the forward-looking statements discussed in this report might not occur.

The following table sets forth certain operating data for the periods presented:

The following Management's Discussion and Analysis provides qualitative and quantitative information about our financial performance and condition and should be read in conjunction with our consolidated financial statements and the accompanying notes to those statements. This discussion consists of the following sections:

Executive Overview financial events since March 31, 2012.

Results of Operations an analysis of our revenues and expenses for the three and six months ended June 30, 2012 and 2011, including comparisons between quarters and expectations for the three months ended September 30, 2012.

Liquidity and Capital Resources a discussion of our primary sources of liquidity, an analysis of our cash flows from or used in operating activities, investing activities and financing activities and an update of our debt refinancings during the three and six months ended June 30, 2012.

**EXECUTIVE OVERVIEW**

*Second Quarter 2012 Events*

- Effective April 1, 2012, we closed the acquisition of the broadcast assets of Freedom Communications (Freedom) for \$385.0 million, and financed the acquisition with a draw under a \$157.5 million incremental Term loan A and a \$192.5 million incremental Term loan B under our amended senior secured credit facility (Bank Credit Agreement) plus a \$38.5 million escrow previously paid in November 2011.
- In May, our Board of Directors declared a quarterly dividend of \$0.12 per share.
- On May 14, 2012, the Company and the licensees of stations to which we provide services, representing 20 affiliates of Fox Broadcast Company (FOX) in total, extended the network affiliation agreements with FOX from the existing term of December 31, 2012 to December 31, 2017. Concurrently, we entered into an assignable option agreement with Fox Television Stations, Inc. (FTS) giving us or our assignee the right to purchase substantially all the assets of the WUTB station (Baltimore, MD) owned by FTS, which has a program service arrangement with MyNetworkTV, and entered into an option agreement giving FTS the right purchase our stations in up to three of the following four markets: Las Vegas, NV, Raleigh, NC, Norfolk, VA, and Cincinnati, OH. Our maximum total potential payments associated with the agreements are \$52.7 million. If FTS decides to exercise its option to purchase one or more of the aforementioned stations, the total payments will be reduced by \$25.0 million. In the second quarter of 2012, we paid \$25.0 million to FOX pursuant to the agreement.
- In June, we entered into an agreement with Rentrak Corporate to replace our expiring Nielsen Media Research service with Rentrak's Station Views Essential service at the stations we recently purchased from Four Points.

*Other Events*

- On July 17, 2012, the Company entered into an agreement to purchase the assets of Bay Television, Inc. (Bay TV), which owns WTTA-TV (MNT) in the Tampa/St. Petersburg, Florida market, for \$40.0 million. We have performed sales, programming and other management services for this station pursuant to a local marketing agreement (LMA) since January 1999. The transaction is expected to close in the fourth quarter of 2012, subject to approval of the Federal Communications Commission (FCC) and other closing conditions.
- In July, we entered into a definitive agreement to purchase six stations from Newport Television (Newport) for \$412.5 million. The Company will also acquire Newport's rights under the local marketing agreements with WLYH (CW) in Harrisburg, PA and KMTW (MNT) in Wichita, KS, as well as options to acquire the license assets. The transaction is expected to close no earlier than December 2012, subject to closing conditions, including without limitation approval of the FCC and antitrust clearance. Upon entering into the asset purchase agreement we deposited 10% of the purchase price, \$41.3 million, into escrow. Upon closing, we expect to finance the \$412.5 million purchase price, less the \$41.3 million in escrow, with available cash along with a bank loan and/or by assessing the capital markets.

Table of Contents

- In July, we entered into agreements with Deerfield Media, Inc. (Deerfield) to sell Deerfield the license assets of one of our stations in San Antonio (KMYS CW), and our station in Cincinnati (WSTR MNT), subject to FTS's purchase option with respect to WSTR which expires March 31, 2013, and to assign Deerfield the right to buy the license assets of WPMI and WJTC in the Mobile/Pensacola market, after which we intend to provide sales and other non-programming services to each of these four stations pursuant to shared services and joint sales agreements. These transactions are expected to close no earlier than December 2012, subject to approval of the FCC and other closing conditions.
- In August, our Board of Directors declared a quarterly dividend of \$0.15 per share payable on September 14, 2012, to the holders of record at the close of business on August 31, 2012.

**RESULTS OF OPERATIONS**

In general, this discussion is related to the results of our continuing operations, except for discussions regarding our cash flows, which also include the results of our discontinued operations. The results of the acquired stations from Four Points Media Group LLC (Four Points) as of January 1, 2012 (acquisition date), and from Freedom as of April 1, 2012 (acquisition date) are included in our results of our continuing operations. Unless otherwise indicated, references in this discussion and analysis to the second quarter of 2012 and 2011 refer to the three months ended June 30, 2012 and 2011, respectively. Additionally, any references to the first, third or fourth quarter are to the three months ended March 31, September 30, and December 31, respectively, for the year being discussed. We have two reportable segments, broadcast and other operating divisions that are disclosed separately from our corporate activities.

***SEASONALITY/CYCLICALITY***

Our operating results are usually subject to seasonal fluctuations. Usually, the second and fourth quarter operating results are higher than first and third quarters because advertising expenditures are increased in anticipation of certain seasonal and holiday spending by consumers.

Our operating results are usually subject to fluctuations from political advertising. In even numbered years, political spending is usually significantly higher than in odd numbered years due to advertising expenditures preceding local and national elections. Additionally, every four years, political spending is usually elevated further due to advertising expenditures preceding the presidential election.

***BROADCAST SEGMENT***

***Broadcast Revenue***

The following table presents our revenues from continuing operations, net of agency commissions, for the periods presented (in millions):

Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

(a) Political revenue is not comparable from year to year due to cyclical nature of elections. See *Political Revenues* below for more information.

*Net broadcast revenues.* Net broadcast revenues increased \$60.6 million when comparing the second quarter 2012 to the same period in 2011, of which \$46.0 million was related to stations acquired during the first and second quarters in 2012. Net broadcast revenues increased \$96.9 million when compared to the six months ended June 30, 2012 to the same period in 2011, of which \$64.4 million was related to stations acquired during the six months ended June 30, 2012. Additionally, revenues earned pursuant to the Local Marketing Agreement (LMA) with the Freedom stations during the first quarter 2012 included \$2.2 million for management services performed and \$7.8 million of pass-through costs. The remaining increase, for both the three and six month periods, was due to increases in advertising revenues generated from the automotive, political and direct response sectors. These increases were partially offset by a decrease in the telecommunication, schools and fast food industries. Excluding the stations acquired in the first and second quarters of 2012, automotive, which typically is our largest category, represented 21.2% of net time sales for both the three and six months ended June 30, 2012.

Table of Contents

From a network affiliation or program service arrangement perspective, the following table sets forth our affiliate percentages of net time sales for the periods presented:

	# of Stations (a)	Percent of Net Time Sales for the Three months ended June 30,		Net Time Sales Percent Change	Percent of Net Time Sales for the Six months ended June 30,		Net Time Sales Percent Change
		2012	2011		2012	2011

(a) During the six months ended June 30, 2012, we acquired or entered into outsourcing agreements to provide certain non-programming related sales, operational and administrative services to 16 stations with the following network affiliation or program service arrangements: CBS (two stations in the first quarter and five stations in the second quarter), ABC (two stations in the second quarter), CW (three stations in the first quarter and one station in the second quarter), MyNetworkTV (two stations in the first quarter), and Azteca (one station in the first quarter).

(b) We broadcast programming from network affiliations or program service arrangements with TheCoolTV, The Country Network, CBS (rebroadcasted content from other primary channels within the same markets), The CW, MyNetworkTV, This TV LATV, Azteca, Telemundo and Estrella on additional channels through our stations' second and third digital signals.

*Political Revenues.* Political revenues increased by \$10.3 million to \$11.5 million for the second quarter 2012 when compared to the same period in 2011. For the six months ended June 30, 2012, political revenues increased by \$13.2 million to \$15.0 million when compared to the same period in 2011. Political revenues are typically lower in non-election years such as 2011 and increased in 2012 due to the presidential election.

*Local Revenues.* Excluding political revenues, our local broadcast revenues, which include local times sales, retransmission revenues and other local revenues, were up \$38.0 million for the second quarter 2012 when compared to the same period in 2011, of which \$32.7 million related to the stations acquired in the first and second quarters of 2012. Excluding political revenues, our local broadcast revenues were up \$69.6 million for the six months ended June 30, 2012 compared to the same period in 2011, of which \$46.4 million related to the stations acquired in the first and second quarters of 2012. Additionally, revenues earned pursuant to the LMA with the Freedom stations during the first quarter 2012 included \$2.2 million for management services performed and \$7.8 million of pass-through costs. The remaining increase, for both the three and six month periods, is due to an increase in advertising spending particularly in the automotive and direct response industries and an increase in retransmission revenues from MVPDs. These increases were partially offset by a decrease due to a decline in advertising revenues from the fast food and school industries and a change in networks for the Super Bowl programming from FOX to NBC.

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

*National Revenues.* Excluding political revenues, our national broadcast revenues, which include national time sales and other national revenues, were up \$12.3 million for the second quarter 2012 when compared to the same period in 2011, of which \$10.7 million related to the stations acquired in the first and second quarters of 2012. For the six months ended June 30, 2012, when compared to the same period in 2011, our national broadcast revenues, excluding political revenues, were up \$14.1 primarily due to the stations acquired in the first and second quarters of 2012. The partially offsetting decrease is due to a decrease in advertising spending by the telecommunication sector.

Table of Contents**Broadcast Expenses**

The following table presents our significant expense categories in our broadcast segment for the periods presented (in millions):

	For the Three Months Ended June 30,			For the Six Months Ended June 30,		
	2012	2011	Percent Change (Increase/Decrease)	2012	2011	Percent Change (Increase/Decrease)
Station production expenses	\$ 63.4	\$ 42.9	47.8%	\$ 123.6	\$ 85.3	44.9%
Station selling, general and administrative expenses	\$ 42.2	\$ 30.2	39.7%	\$ 78.4	\$ 60.8	28.9%
Amortization of program contract costs and net realizable value adjustments	\$ 15.5	\$ 12.7	22.0%	\$ 29.7	\$ 25.3	17.4%
Corporate general and administrative expenses	\$ 6.7	\$ 6.2	8.1%	\$ 14.6	\$ 13.8	5.8%

*Station production expenses.* Station production expenses increased \$20.5 million during the second quarter 2012 as compared to the same period in 2011, of which \$13.9 million related to the stations acquired in the first and second quarters of 2012. Station production expenses increased \$38.3 million during the six months ended June 30, 2012 as compared to the same period in 2011, of which \$19.6 million related to the stations acquired in the first and second quarters of 2012 and \$7.8 million of expenses pursuant to the LMA with Freedom stations during the first quarter of 2012. The remaining increases for both the three and six month periods are primarily due to an increase in fees pursuant to network affiliation agreements, increased compensation expense and increased rating service fees due to annual scheduled rate increases.

We expect station production expenses in third quarter 2012 to decrease compared to second quarter 2012.

*Station selling, general and administrative expense.* Station selling, general and administrative expenses increased \$12.0 million during the second quarter 2012 compared to the same period in 2011, of which \$10.3 million related to the stations acquired in the first and second quarters of 2012. Station selling, general and administrative expenses increased \$17.6 million for the six months ended June 30, 2012 compared to the same period in 2011, of which \$14.6 million related to the stations acquired in the first and second quarters of 2012. The remaining increases for both the three and six month periods are primarily due to an increase in compensation expense and national sales commissions.

We expect station production and station selling, general and administrative expenses in third quarter 2012 to increase compared to second quarter 2012.

*Amortization of program contract costs and net realizable value adjustments.* The amortization of program contract costs increased during the second quarter 2012 and for the six months ended June 30, 2012 compared to the same periods in 2011. This increase is primarily due to entering into new contracts and the effect of stations acquired in the first and second quarters. We expect program contract amortization to trend higher in third quarter 2012 compared to second quarter 2012 due to cyclical nature.

*Corporate general and administrative expenses. See explanation under Corporate and Unallocated Expenses.*

***OTHER OPERATING DIVISIONS SEGMENT***

Triangle Sign & Service, LLC (Triangle), a sign designer/fabricator, Alarm Funding Associates, LLC (Alarm Funding), a regional security alarm operating and bulk acquisition company, real estate ventures and other nominal businesses make up our other operating divisions segment. Revenues for our other operating divisions increased \$1.1 million to \$12.1 million during the second quarter 2012 compared to \$11.0 million during the same period in 2011. For the six months ended June 30, 2012, revenues for our other operating divisions increased \$5.7 million to \$26.1 million compared to \$20.4 million during the same period in 2011. The increase is primarily due to acquisitions of new alarm monitoring contracts for Alarm Funding, increased revenues due to the Ring of Honor wrestling franchise we purchased in second quarter of 2011 and improved leasing activity for our consolidated real estate ventures. Expenses of our other operating divisions include operating expenses, depreciation and amortization and applicable other income (expense) items such as interest expense, which increased \$2.1 million to \$12.7 million during the second quarter 2012 compared to \$10.6 million during the same period in 2011. For the six months ended June 30, 2012, expenses including other operating divisions expense, depreciation and amortization and applicable other income (expense) items, such as interest expense, which increased \$7.2 million to \$27.5 million compared to \$20.3 million during the same period in 2011. This increase was primarily due to the corresponding increase in revenue.

Table of Contents

A portion of the operating results of Alarm Funding were previously included in discontinued operations in our consolidated results of operations. It is no longer our intent to divest a portion of Alarm Funding and therefore all of the operations and net assets of Alarm Funding have been classified as continuing operations in our consolidated financial statements as of June 30, 2012 and 2011.

*Income from Equity and Cost Method Investments.* Results of our equity and cost method investments in private investment funds and real estate ventures are included in income from equity and cost method investments in our consolidated statements of operations. During the six months ended June 30, 2012, we recorded income of \$5.9 million related to our real estate ventures, which included a \$5.7 million gain on the sale of one of our real estate ventures, and income of \$0.5 million related to certain private investment funds. During the six months ended June 30, 2011, we recorded income of \$0.5 million related to our real estate ventures and income of \$0.3 million related to certain private investment funds.

**CORPORATE AND UNALLOCATED EXPENSES**

	For the Three Months Ended June 30,			For the Six Months Ended June 30,		
	2012	2011	Percent Change (Increase/Decrease)	2012	2011	Percent Change (Increase/Decrease)
Corporate general and administrative expenses	\$ 0.5	\$ 0.6	(16.7)%	\$ 1.4	\$ 1.3	7.7%
Interest expense	\$ 28.6	\$ 24.3	17.7%	\$ 55.2	\$ 52.8	4.5%
Loss from extinguishment of debt	\$ (18.3)	\$ (3.5)	(100.0)%	\$ (0.3)	\$ (4.4)	(93.2)%
Income tax provision	\$ (18.3)	\$ (12.6)	45.2%	\$ (23.1)	\$ (20.8)	11.1%

*Corporate general and administrative expenses.* We allocate most of our corporate general and administrative expenses to the broadcast segment. The explanation that follows combines the corporate general and administrative expenses found in the *Broadcast Segment* section with the corporate general and administrative expenses found in this section, *Corporate and Unallocated Expenses*. These results exclude general and administrative costs from our other operating divisions segment which are included in our discussion of expenses in the *Other Operating Divisions Segment* section.

Corporate general and administrative expenses increased for the three months and six months ended June 30, 2012 when compared to the same periods in 2011. This is primarily due to increase in transaction costs due to our recent acquisitions.

We expect corporate general and administrative expenses to increase in the third quarter 2012 compared to second quarter 2012.

*Interest expense.* Interest expense has increased primarily due to the incremental borrowings on our Term Loan A and Term Loan B under our Bank Credit Agreement for our Four Points and Freedom acquisitions in 2012. We also recorded approximately \$1.0 million of interest expense in the first quarter of 2012 primarily related to financing costs related to the incremental borrowings. The increase in interest was partially offset by a decrease due to the full extinguishment of our 6.0% Notes in the second quarter of 2011. We expect interest expense to increase in third quarter 2012 compared to second quarter 2012 as a result of the incremental borrowings in 2012.

*Loss from extinguishment of debt.* During the six months ended June 30, 2012, we drew down on our incremental borrowing for the Four Points acquisition and wrote off a portion of our deferred financing costs and discount on the Term Loan B, resulting in a loss of \$0.3 million from extinguishment of debt.

During the six months ended June 30, 2011, we amended our Bank Credit Agreement and paid down a portion of our Term Loan B resulting in a loss of \$0.9 million from extinguishment of debt. Additionally, we completed the redemption of all \$70.0 million of the 6.0% Notes at 100% of the face value of such notes resulting in a loss of \$3.5 million. We used the proceeds from our Term Loan A to pay for the redemption.

*Income tax provision.* The effective tax rate for the three months ended June 30, 2012 including the effects of the noncontrolling interest was a provision of 37.8% as compared to a provision of 40.3% during the same period in 2011. The decrease in the effective tax rate for the three months ended June 30, 2012 as compared to the same period in 2011 is primarily due to lower state taxes in 2012.

The effective tax rate for the six months ended June 30, 2012 including the effects of the noncontrolling interest was a provision of 28.0% as compared to a provision of 38.0% during the same period in 2011. The decrease in the effective tax rate for the six months ended June 30, 2012 is primarily due to a release of valuation allowance in the first quarter of \$7.7 million related to certain deferred tax assets of Cunningham, one of our consolidated variable interest entities (VIEs), as the weight of all available evidence now supports full realization of those deferred tax assets.

Table of Contents**LIQUIDITY AND CAPITAL RESOURCES**

As of June 30, 2012, we had \$31.1 million in cash and cash equivalent balances and net negative working capital of approximately \$1.4 million. Cash generated by our operations and borrowing capacity under the Bank Credit Agreement are used as our primary source of liquidity. As of June 30, 2012, we had \$86.5 million of borrowing capacity available on our Revolving Credit Facility. We anticipate that existing cash and cash equivalents, cash flow from our operations and borrowing capacity under the Revolving Credit Facility and incremental term loan capacity of \$500.0 million will be sufficient to satisfy our debt service obligations, capital expenditure requirements and working capital needs for the next twelve months. For our long-term liquidity needs, in addition to the sources described above, we may rely upon the issuance of long-term debt, the issuance of equity or other instruments convertible into or exchangeable for equity, or the sale of non-core assets. However, there can be no assurance that additional financing or capital or buyers of our non-core assets will be available, or that the terms of any transactions will be acceptable or advantageous to us.

We drew \$180.0 million of the additional term loans to fund the acquisition of assets of Four Points, which closed in January 2012 and drew the remaining \$350.0 million of the additional term loans to fund the acquisition of assets of Freedom, which closed April 2, 2012. As of June 30, 2012, we had \$11.0 million drawn on our revolver.

On July 19, 2012 we entered into a definitive agreement to purchase the broadcast assets of six stations from Newport and acquire Newport's rights under local marketing agreements with two stations for \$412.5 million. We expect to finance the purchase price, less a \$41.3 million deposit paid in July 2012, through cash on hand along with a bank loan or by accessing the capital markets.

***Sources and Uses of Cash***

The following table sets forth our cash flows for the periods presented (in millions):

*Operating Activities*

Net cash flows from operating activities decreased during the second quarter 2012 compared to the same period in 2011. This decrease is primarily due to the \$25.0 million we paid in second quarter 2012 to FOX pursuant to the agreements entered into during the second quarter of 2012, offset by receipt of more cash from customers, net of cash payments to vendors.

Net cash flows from operating activities increased during the six months ended June 30, 2012 compared to the same period in 2011. During 2012, we received more cash receipts from customers, net of cash payments to vendors, partially offset by the \$25.0 million paid to FOX pursuant to the agreements entered into during the second quarter of 2012.

Table of Contents

We expect program payments to decrease and net interest to increase in the third quarter 2012 compared to the second quarter 2012 as a result of closing on the acquisition of the Freedom stations.

*Investing Activities*

Net cash flows used in investing activities increased during the second quarter 2012 compared to the same period in 2011. This increase is primarily due to \$385.3 million in payments for acquisitions of television stations, partially offset by the use of the restricted cash held in escrow for the Freedom acquisition. This was also slightly offset by distributions received upon sale of one of our equity method investments.

Net cash flows used in investing activities increased during the six months ended June 30, 2012 compared to the same period in 2011. This increase is due to \$590.9 million in payments for acquisitions of television stations, as well as an increase in purchases of alarm monitoring contracts, partially offset by the use of the restricted cash held in escrow for the Four Points and Freedom acquisitions. This was also slightly offset by distributions received upon sale of one of our equity method investments.

In third quarter 2012, we anticipate incurring more capital expenditures than incurred in the second quarter 2012.

*Financing Activities*

Net cash flows from financing activities increased in the second quarter 2012 compared to the same period in 2011. In April 2012, we drew \$157.5 million of incremental Term Loan A and \$192.5 million of incremental Term Loan B to fund the asset acquisition of Freedom, which closed in April 2012. In May 2012, our Board of Directors declared a quarterly common stock dividend of \$0.12 per share.

Net cash flows from financing activities increased during the six months ended June 30, 2012 compared to the same period in 2011. During 2012, we drew \$530.0 million of incremental term loans to fund the asset acquisitions of both Four Points and Freedom, which closed in January 2012 and April 2012, respectively. In February 2012 and May 2012, our Board of Directors declared a quarterly common stock dividend of \$0.12 per share.

Future dividends on our common shares, if any, will be at the discretion of our Board of Directors and will depend on several factors including our results of operations, cash requirements and surplus, financial condition, covenant restrictions and other factors that the Board of Directors may deem relevant.

**CONTRACTUAL CASH OBLIGATIONS**

## Edgar Filing: SINCLAIR BROADCAST GROUP INC - Form 10-Q

As of June 30, 2012, our contractual cash obligations increased from what was previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2011 primarily due to changes in our debt. As disclosed above under Liquidity and Capital Resources, during the six months ended June 30, 2012, we drew \$530.0 million of additional term loans to fund the asset acquisitions of Four Points and Freedom, which closed in January 2012 and April 2012, respectively.

Additionally, amounts presented under contractual cash disclosed in our Annual Report on Form 10-K, related to potential obligations due pursuant to the LMA with Freedom, are no longer due because the LMA was terminated April 1, 2012, concurrent with the acquisition of those stations.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Other than the foregoing, there have been no material changes from the quantitative and qualitative discussion about market risk previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2011.

**ITEM 4. CONTROLS AND PROCEDURES**

*Evaluation of Disclosure Controls and Procedures and Internal Control over Financial Reporting*

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the design and effectiveness of our disclosure controls and procedures and our internal control over financial reporting as of June 30, 2012.

The term disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company's management, including its principal executive and principal financial officers, as appropriate, to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving their objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

The term internal control over financial reporting, as defined in Rules 13a-15d-15(f) under the Exchange Act, means a process designed by, or under the supervision of our Chief Executive and Chief Financial Officers and effected by our Board of Directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles (GAAP) and includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and disposition of our assets;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP and that our receipts and expenditures are being made in accordance with authorizations of management or our Board of Directors; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material adverse effect on our financial statements.

*Assessment of Effectiveness of Disclosure Controls and Procedures*

Based on the evaluation of our disclosure controls and procedures as of June 30, 2012, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

*Changes in Internal Control over Financial Reporting*

There have been no changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended June 30, 2012, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

*Limitations on the Effectiveness of Controls*

Management, including our Chief Executive Officer and Chief Financial Officer, do not expect that our disclosure controls and procedures or our internal control over financial reporting will prevent all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within our company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management's override of the control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.
