**UNITED STATES**  
**SECURITIES AND EXCHANGE COMMISSION**

Washington, D.C. 20549

**FORM 10-Q**

(Mark One)

**QUARTERLY REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended September 30, 2013

or

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from        to

Commission File Number 001-7120

# HARTE-HANKS, INC.

(Exact name of registrant as specified in its charter)

**Delaware**  
(State or other jurisdiction of  
incorporation or organization)

**74-1677284**  
(I.R.S. Employer  
Identification Number)

**9601 McAllister Freeway, Suite 610, San Antonio, Texas 78216**

(Address of principal executive offices) (Zip Code)

Registrant's telephone number including area code **210/829-9000**

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (Section 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer or a non-accelerated filer. See definitions of large accelerated filer, accelerated filer and small reporting company in Rule 12b-2 of the Exchange Act

Large accelerated filer  Accelerated filer   
Non-accelerated filer  Smaller reporting company   
(Do not check if a smaller reporting company)

Indicate by check mark if the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes  No

The number of shares outstanding of each of the registrant's classes of common stock as of October 15, 2013 was 62,548,450 shares of common stock, all of one class.

Table of Contents

Harte-Hanks, Inc. and Subsidiaries

Notes to Condensed Consolidated Financial Statements

(Unaudited)

**Note A - Basis of Presentation**

**Consolidation**

The accompanying unaudited Condensed Consolidated Financial Statements include the accounts of Harte-Hanks, Inc. and its subsidiaries (the Company ). All intercompany accounts and transactions have been eliminated in consolidation.

As used in this report, the terms Harte-Hanks, we, us or our may refer to Harte-Hanks, one or more of its consolidated subsidiaries, or all of them taken as a whole.

**Interim Financial Information**

The financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. Operating results for the three months and nine months ended September 30, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013. The information included in this Form 10-Q should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and the condensed consolidated financial statements and notes thereto included in our annual report on Form 10-K for the year ended December 31, 2012.

**Discontinued Operations**

As discussed in Note L, *Discontinued Operations*, we sold the assets of our Florida Shoppers operations on December 31, 2012 and sold the assets of our California Shoppers operations on September 27, 2013. The operating results of our Florida and California Shoppers (Shoppers) are being reported as discontinued operations in the Condensed Consolidated Financial Statements. Unless otherwise stated, amounts related to the Florida and California Shoppers operations are excluded from the Notes to Condensed Consolidated Financial Statements for all periods presented.

Results of the remaining Harte-Hanks, Inc. marketing services business are reported as continuing operations.

### **Sale of Belgium Facility**

In the first quarter of 2013, we sold the facility where our Hasselt, Belgium marketing services business is located for net proceeds of \$4.6 million. At the time of the sale, the book value of this facility was \$3.7 million, and the transaction resulted in a \$0.9 million gain. This gain is included in Other, net in the Consolidated Statements of Comprehensive Income (Loss) for the nine months ended September 30, 2013. This marketing services business now leases space in the facility for its operations.

### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results and outcomes could differ from those estimates and assumptions. On an ongoing basis management reviews its estimates based on currently available information. Changes in facts and circumstances could result in revised estimates and assumptions.

Table of Contents

**Operating Expense Presentation in Consolidated Statements of Comprehensive Income**

Labor in the Consolidated Statements of Comprehensive Income (Loss) includes all employee payroll and benefits, including stock-based compensation, along with temporary labor costs. Production and distribution and Advertising, selling, general and administrative do not include labor, depreciation or amortization.

**Note B - Recent Accounting Pronouncements**

In the first quarter of 2013, we adopted Accounting Standards Update (ASU) 2013-02, *Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income*. ASU 2013-02 addresses the presentation of reclassification adjustments, which was deferred in the initial issuance of ASU 2011-05, *Presentation of Comprehensive Income*. ASU 2013-02 requires entities to disclose:

- For items reclassified out of accumulated other comprehensive income and into net income in their entirety, the effect of the reclassification on each affected net income line item, and
- For accumulated other comprehensive income reclassification items that are not reclassified in their entirety into net income, a cross reference to other required U.S. GAAP disclosures.

In connection with this adoption we have added the required disclosures in Note J, *Comprehensive Income (Loss)*. The adoption of ASU 2013-02 did not affect our operating results, cash flows or financial position.

**Note C - Fair Value of Financial Instruments**

FASB ASC 820, *Fair Value Measurements and Disclosures* (ASC 820) defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy that prioritizes the inputs used in valuation methodologies into three levels:

**Level 1** Quoted prices in active markets for identical assets or liabilities.

**Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Because of their maturities and/or variable interest rates, certain financial instruments have fair values approximating their carrying values. These instruments include cash and cash equivalents, accounts receivable and trade payables. The fair value of our outstanding debt is disclosed in Note E, *Long-Term Debt*. A nonrecurring fair value measurement related to our other intangible assets is disclosed in Note D, *Goodwill and Other Intangible Assets*.

**Note D Goodwill and Other Intangible Assets**

As of September 30, 2013 and December 31, 2012, we had goodwill of \$398.2 million. We had other intangible assets of \$2.3 million as of September 30, 2013 and \$5.3 million as of December 31, 2012. Under the provisions of FASB ASC 350, *Intangibles-Goodwill and Other*, goodwill and other intangible assets are tested for impairment at least annually, or more frequently if events or circumstances indicate that it is more likely than not that goodwill or other intangible assets might be impaired. Such events could include a significant change in business conditions, a significant negative regulatory outcome or other events that could negatively affect our business and financial performance. We perform our annual impairment assessment as of November 30th of each year.

Table of Contents

As a result of a significant decrease in forecasted revenues and an overall strategic assessment of the related operations, management completed an evaluation of the Aberdeen trade name as of September 30, 2013. A discounted cash flow model was used to calculate the fair value of the Aberdeen trade name. The significant assumptions used in this method included the (i) revenue growth rates for the Aberdeen Group, (ii) discount rate, (iii) tax rate and (iv) royalty rate. These assumptions are considered Level 3 inputs under the fair value hierarchy established by ASC 820. Harte-Hanks recorded a non-cash trade name intangible asset impairment charge of \$2.8 million. The impairment charge is included in Impairment of other intangible assets in the Consolidated Statements of Comprehensive Income (Loss) in the third quarter of 2013.

**Note E Long-Term Debt**

On August 8, 2013, we entered into a three-year \$80 million revolving credit facility, which includes a \$25 million letter of credit sub-facility and a \$5 million swing line loan sub-facility (the 2013 Revolving Credit Facility ) with Bank of America, N.A. (as Administrative Agent, Swing Line Lender and L/C Issuer) and the other lenders party thereto. The 2013 Revolving Credit Facility permits us to request up to a \$15 million increase in the total amount of the facility. The 2013 Revolving Credit Facility matures on August 16, 2016. We may elect to prepay the 2013 Revolving Credit Facility at any time without incurring any prepayment penalties.

The 2013 Revolving Credit Facility amends and restates our August 12, 2010 credit facility (the 2010 Revolving Credit Facility ), with the lenders party thereto and the Agent, and replaces its three-year \$70 million revolving credit facility, under which Harte-Hanks had no borrowings as of August 8, 2013 (except for letters of credit totaling approximately \$9.5 million). The 2013 Revolving Loan Facility will not replace, and is in addition to, the \$122.5 million term loan facility, which Harte-Hanks entered into on August 16, 2011 (under which approximately \$101.1 million remains outstanding).

For each borrowing under the 2013 Revolving Credit Facility, we can generally choose to have the interest rate for that borrowing calculated on either (i) the Eurodollar rate for the applicable interest period plus a spread which is determined based on our total net debt-to-EBITDA ratio then in effect, which ranges from 2.25% to 3.00% per annum; or (ii) the highest of (a) the Agent's prime rate, (b) the Federal Funds Rate plus 0.50% per annum or (c) Eurodollar rate plus 1.00% per annum, plus a spread which is determined based on our total debt-to-EBITDA ratio then in effect, which spread ranges from 1.25% to 2% per annum.

We also pay a quarterly commitment fee under the 2013 Revolving Credit Facility, which is based on a rate applied to the difference between total commitment amount under the 2013 Revolving Credit Facility and the aggregate amount of outstanding obligations under such facility. The commitment fee rate ranges from 0.50% to 0.55% per annum, depending on our total net debt-to-EBITDA ratio then in effect.

In addition, we pay a letter of credit fee with respect to outstanding letters of credit. That fee is calculated by applying a rate equal to the spread applicable to Eurodollar based loans plus a fronting fee of 0.125% per annum to the average daily undrawn amount of the outstanding letters of credit.

At September 30, 2013 we had letters of credit totaling \$9.5 million issued under the 2013 Revolving Credit Facility, decreasing the amount available for borrowing to \$70.5 million. At December 31, 2012 we had letters of credit totaling \$9.5 million issued under the 2010 Revolving Credit Facility, decreasing the amount available for borrowing to \$60.5 million.

<b>In thousands</b>	<b>September 30, 2013</b>		<b>December 31, 2012</b>	
2010 Revolving Credit Facility, various interest rates based on LIBOR, due August 12, 2013 (\$60.5 million capacity at June 30, 2013)	\$	0	\$	0
2013 Revolving Credit Facility, various interest rates based on Eurodollar rate, due August 16, 2016 (\$70.5 million capacity at September 30, 2013)		0		0
2011 Term Loan Facility, various interest rates based on LIBOR (effective rate of 2.18% at September 30, 2013), due August 16, 2016		101,062		110,250
Total debt	\$	101,062	\$	110,250
Less current maturities		13,781		12,250
Total long-term debt	\$	87,281	\$	98,000

The carrying values and estimated fair values of our outstanding debt were as follows:

<b>In thousands</b>	<b>September 30, 2013</b>		<b>December 31, 2012</b>	
	<b>Carrying Value</b>	<b>Fair Value</b>	<b>Carrying Value</b>	<b>Fair Value</b>
Total debt	\$ 101,062	\$ 101,062	\$ 110,250	\$ 110,250

The estimated fair values were calculated using current rates provided to us by our lenders for debt of the same remaining maturity and characteristics. These current rates are considered Level 2 inputs under the fair value hierarchy established by ASC 820.

**Note F Stock-Based Compensation**

We recognized \$0.9 million and \$0.6 million of stock-based compensation during the three months ended September 30, 2013 and 2012, respectively. We recognized \$4.4 million and \$2.8 million of stock-based compensation during the nine months ended September 30, 2013 and 2012, respectively.

In May 2013 our stockholders approved the 2013 Omnibus Incentive Plan, pursuant to which we may issue up to 5.0 million shares of stock-based awards to directors, employees and consultants. No additional stock-based awards will be granted under the 2005 Omnibus Incentive Plan, but awards previously granted thereunder will remain outstanding in accordance with their respective terms.

## Edgar Filing: HARTE HANKS INC - Form 10-Q

### Table of Contents

As reported for the second quarter of 2013, in connection with the hiring of Robert Philpott (our President and CEO) in July of 2013, we granted him stock-based inducement awards outside of the 2013 Omnibus Incentive Plan, and without stockholder approval. These grants consisted of:

	Number of Shares		Weighted- Average Grant-Date Fair Value
Stock options	400,000	\$	2.77
Unvested stock	100,000	\$	9.29
Performance stock units	150,000	\$	8.57

In estimating the fair value of these awards, we made reference to the fair market value of the common stock on the date of grant, which was defined as the closing price of the common stock on the previous trading day (\$9.29).

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model. These options vest and become exercisable in 25% increments on the first four anniversaries of their date of grant, and expire on the tenth anniversary of their date of grant, and have an exercise price equal to the fair market value of the common stock on the date of grant (\$9.29).

The fair value of each unvested share granted was estimated as the fair market value of the common stock on the date of grant. These unvested shares vest in three equal increments on the first three anniversaries of their date of grant.

The fair value of each performance stock unit is estimated using the date of grant fair market value of the common stock, minus the present value of anticipated dividend payments. Performance stock units are a form of share-based award similar to unvested shares, except that the awards may be settled in cash or shares (at the discretion of the Compensation Committee of the Board), and the number of shares ultimately issuable is based on our performance against specific performance goals measured at the end of 2015. At the end of the performance period, the number of shares of stock issuable will be determined in a range between 0% and 100%.

On September 27, 2013, in connection with the closing of the sale of the California Shoppers operations and the termination of all California Shoppers employees from the Company and its affiliates, all vested and unvested stock options and all restricted stock awards held by California Shoppers employees were cancelled. In exchange, the value of all in-the-money vested and unvested stock options and restricted stock awards was paid in cash. In accordance with ASC 718, *Compensation - Stock Compensation*, all vested outstanding options were treated as a modification of award and the new fair value calculated at the date of modification. For unvested outstanding options and awards, the remaining unrecognized compensation expense using the original calculated fair value was recognized immediately. As a result, \$1.1 million was recorded and classified as a transaction cost related to the sale of California Shoppers in discontinued operations.

We did not have any other significant stock-based compensation activity in the third quarter of 2013. Our annual grant of stock-based awards occurred in the first quarter of 2013, which is consistent with the timing of previous annual grants.

### **Note G Components of Net Periodic Pension Benefit Cost**

## Edgar Filing: HARTE HANKS INC - Form 10-Q

Prior to January 1, 1999, we maintained a defined benefit pension plan for which most of our employees were eligible. We elected to freeze benefits under this defined benefit pension plan as of December 31, 1998.

In 1994, we adopted a non-qualified, unfunded, supplemental pension plan covering certain employees, which provides for incremental pension payments so that total pension payments equal those amounts that would have been payable from our principal pension plan if it were not for limitations imposed by income tax regulations. The benefits under this supplemental pension plan continue to accrue as if the principal pension plan had not been frozen.

Table of Contents

Net pension cost for both plans included the following components:

In thousands	Three Months Ended September 30,	
	2013	2012
Service cost	\$ 86	\$ 117
Interest cost	1,809	1,960
Expected return on plan assets	(1,846)	(1,683)
Amortization of prior service cost	0	1
Recognized actuarial loss	1,672	1,500
Net periodic benefit cost	\$ 1,721	\$ 1,895

In thousands	Nine Months Ended September 30,	
	2013	2012
Service cost	\$ 257	\$ 350
Interest cost	5,428	5,881
Expected return on plan assets	(5,537)	(5,050)
Amortization of prior service cost	0	3
Recognized actuarial loss	5,015	4,500
Net periodic benefit cost	\$ 5,163	\$ 5,684

We made contributions to our funded, frozen pension plan of \$4.6 million in the first nine months of 2013. We do not plan to make any additional contributions to this pension plan during the fourth quarter of 2013. These contributions to our funded, frozen pension plan are being made in order to obtain the Pension Protection Act of 2006 full funding limit exemption.

We are not required to make and do not intend to make any contributions to our unfunded, supplemental pension plan in 2013 other than to the extent needed to cover benefit payments. We expect benefit payments under this supplemental pension plan to total \$1.5 million in 2013.

**Note H - Income Taxes**

Our third quarter 2013 income tax expense of \$2.6 million resulted in an effective income tax rate of 37.3%. Our income tax expense of \$10.8 million in the first nine months of 2013 resulted in an effective income tax rate of 37.9%. Our effective income tax rate is derived by estimating pretax income and income tax expense for the year ending December 31, 2013. The effective income tax rate calculated for the first nine months of 2013 is higher than the federal statutory rate of 35.0%, primarily due to the addition of state income taxes.

Our third quarter 2012 income tax expense of \$5.1 million resulted in an effective income tax rate of 36.7%. Our income tax expense of \$13.9 million for the first nine months of 2012 resulted in an effective income tax rate of 37.3%. The effective income tax rate calculated for the first nine months of 2012 is higher than the federal statutory rate of 35.0%, primarily due to the addition of state income taxes.

Harte-Hanks, or one of our subsidiaries, files income tax returns in the U.S. federal, U.S. state and foreign jurisdictions. For U.S. state and foreign returns, we are no longer subject to tax examinations for tax years prior to 2008. For U.S. federal returns, we are no longer subject to tax

examinations for tax years prior to 2010.

Table of Contents

We have elected to classify any interest expense and penalties related to income taxes within income tax expense in our Consolidated Statements of Comprehensive Income (Loss). We did not have a significant amount of interest or penalties accrued at September 30, 2013 or December 31, 2012.

**Note I - Earnings Per Share**

Basic earnings per share is computed on the basis of the weighted average number of shares of common stock outstanding during the period. Diluted earnings per share is computed on the basis of the weighted average number of shares of common stock plus the effect of dilutive potential common shares outstanding during the period using the treasury stock method. Dilutive potential common shares include outstanding stock options and unvested shares.

Reconciliations of basic and diluted earnings per share (EPS) are as follows:

In thousands, except per share amounts	Three Months Ended September 30,	
	2013	2012
<b>Net Income (Loss)</b>		
Income from continuing operations	\$ 4,451	\$ 8,869
Income (loss) from discontinued operations	(12,624)	(6)
Net income (loss)	\$ (8,173)	\$ 8,863
<b>Basic EPS</b>		
Weighted-average common shares outstanding used in earnings (loss) per share computations	62,538	62,963
Basic earnings (loss) per share		
Continuing operations	\$ 0.07	\$ 0.14
Discontinued operations	(0.20)	0.00
Net income	\$ (0.13)	\$ 0.14
<b>Diluted EPS</b>		
Shares used in diluted earnings (loss) per share computations	62,994	63,205
Diluted earnings (loss) per common share		
Continuing operations	\$ 0.07	\$ 0.14
Discontinued operations	(0.20)	0.00
Net income	\$ (0.13)	\$ 0.14
<b>Computation of Shares Used in Earnings Per Share Computations</b>		
Weighted-average common shares outstanding	62,538	62,963
Weighted-average common equivalent shares - dilutive effect of stock options and awards	456	242
Shares used in diluted earnings per share computations	62,994	63,205

4.1 million and 4.8 million anti-dilutive market price options have been excluded from the calculation of shares used in the diluted EPS calculation for the three months ended September 30, 2013 and 2012, respectively. There were no anti-dilutive unvested shares excluded from the calculation of shares used in the diluted EPS calculation for the three months ended September 30, 2013. An insignificant number of anti-dilutive unvested shares have been excluded from the calculation of shares used in the diluted EPS calculation for the three months ended

September 30, 2012.

Table of Contents

In thousands, except per share amounts	Nine Months Ended September 30,	
	2013	2012
<b>Net Income (Loss)</b>		
Income from continuing operations	\$ 17,707	\$ 23,299
Loss from discontinued operations	(10,903)	(117,348)
Net income (loss)	\$ 6,804	\$ (94,049)
<b>Basic EPS</b>		
Weighted-average common shares outstanding used in earnings (loss) per share computations	62,485	62,960
Basic earnings (loss) per share		
Continuing operations	\$ 0.28	\$ 0.37
Discontinued operations	(0.17)	(1.86)
Net income (loss)	\$ 0.11	\$ (1.49)
<b>Diluted EPS</b>		
Shares used in diluted earnings (loss) per share computations	62,808	63,162
Diluted earnings per common share		
Continuing operations	\$ 0.28	\$ 0.37
Discontinued operations	(0.17)	(1.86)
Net income (loss)	\$ 0.11	\$ (1.49)
<b>Computation of Shares Used in Earnings Per Share Computations</b>		
Weighted-average common shares outstanding	62,485	62,960
Weighted-average common equivalent shares - dilutive effect of stock options and awards	323	202
Shares used in diluted earnings per share computations	62,808	63,162

4.3 million and 5.0 million anti-dilutive market price options have been excluded from the calculation of shares used in the diluted EPS calculation for the nine months ended September 30, 2013 and 2012, respectively. An insignificant number of anti-dilutive unvested shares have been excluded from the calculation of shares used in the diluted EPS calculation for the nine months ended September 30, 2013. 0.2 million anti-dilutive unvested shares have been excluded from the calculation of shares used in the diluted EPS calculation for the nine months ended September 30, 2012.

Table of Contents**Note J Comprehensive Income (Loss)**

Comprehensive income for a period encompasses net income (loss) and all other changes in equity other than from transactions with our stockholders. Our comprehensive income (loss) was as follows:

<b>In thousands</b>	<b>Three Months Ended September,</b>	
	<b>2013</b>	<b>2012</b>
Net income (loss)	\$ (8,173)	\$ 8,863
<b>Other comprehensive income (loss):</b>		
Adjustment to pension liability	1,672	1,501
Tax expense	(669)	(601)
Adjustment to pension liability, net of tax	1,003	900
Foreign currency translation adjustment	1,056	871
Total other comprehensive income, net of tax	2,059	1,771
Total comprehensive income (loss)	\$ (6,114)	\$ 10,634

<b>In thousands</b>	<b>Nine Months Ended September 30,</b>	
	<b>2013</b>	<b>2012</b>
Net income (loss)	\$ 6,804	\$ (94,049)
<b>Other comprehensive income:</b>		
Adjustment to pension liability	5,015	4,503
Tax expense	(2,006)	(1,801)
Adjustment to pension liability, net of tax	3,009	2,702
Foreign currency translation adjustment	(663)	(842)
Total other comprehensive income, net of tax	2,346	3,544
Total comprehensive income (loss)	\$ 9,150	\$ (90,505)

Changes in accumulated other comprehensive income (loss) by component are as follows:

<b>In thousands</b>	<b>Defined Benefit Pension Items</b>	<b>Foreign Currency Items</b>	<b>Total</b>
Balance at December 31, 2012	\$ (54,431)	\$ 4,697	\$ (49,734)
Other comprehensive loss, net of tax, before reclassifications	0	(663)	(663)
Amounts reclassified from accumulated other comprehensive income, net of tax	3,009	0	3,009
Net current period other comprehensive income (loss), net of tax	3,009	(663)	2,346
Balance at September 30, 2013	\$ (51,422)	\$ 4,034	\$ (47,388)

Table of Contents

In thousands	Defined Benefit Pension Items	Foreign Currency Items	Total
Balance at December 31, 2011	\$ (48,705)	\$ 3,382	\$ (45,323)
Other comprehensive loss, net of tax before reclassifications	0	(842)	(842)
Amounts reclassified from accumulated other comprehensive income, net of tax	2,702	0	2,702
Net current period other comprehensive income (loss), net of tax	2,702	(842)	1,860
Balance at September 30, 2012	\$ (46,003)	\$ 2,540	\$ 43,463

Reclassification amounts related to the defined pension plans are included in the computation of net period pension benefit cost (see Note G, *Components of Net Periodic Pension Benefit Cost*).

**Note K Litigation Contingencies**

In the normal course of our business, we are obligated under some agreements to indemnify our clients as a result of claims that we infringe on the proprietary rights of third parties. The terms and duration of these commitments vary and, in some cases, may be indefinite, and certain of these commitments do not limit the maximum amount of future payments we could become obligated to make there under; accordingly, our actual aggregate maximum exposure related to these types of commitments cannot be reasonably estimated. Historically, we have not been obligated to make significant payments for obligations of this nature, and no liabilities have been recorded for these obligations in our financial statements.

We are also currently subject to various other legal proceedings in the course of conducting our businesses and, from time to time, we may become involved in additional claims and lawsuits incidental to our businesses. In the opinion of management, after consultation with counsel, none of these matters is currently considered to be reasonably possible of resulting in a material adverse effect on our consolidated financial position or results of operations. Nevertheless, we cannot predict the impact of future developments affecting our pending or future claims and lawsuits and any resolution of a claim or lawsuit within a particular fiscal quarter may adversely impact our results of operations for that quarter. We expense legal costs as incurred, and all recorded legal liabilities are adjusted as required as better information becomes available to us. The factors we consider when recording an accrual for contingencies include, among others: (i) the opinions and views of our legal counsel; (ii) our previous experience; and (iii) the decision of our management as to how we intend to respond to the complaints.

**Note L Discontinued Operations**

We sold the assets of our Florida Shoppers operations to Coda Media Corp. on December 31, 2012. We sold the assets of our California Shoppers operations to affiliates of OpenGate Capital Management, LLC ( OpenGate ) on September 27, 2013 for gross proceeds of approximately \$22.5 million in cash. In addition, OpenGate agreed to assume certain liabilities associated with the Shoppers division. This transaction resulted in a loss on the sale of \$12.4 million, net of \$9.0 million of income tax benefit. This loss on sale includes transaction costs of approximately \$2.6 million. Because Shoppers represented a distinct business unit with operations and cash flows that can clearly be distinguished, both operationally and for financial purposes, from the rest of Harte-Hanks, the results of the Shoppers operations are reported as discontinued operations for all periods presented.

Edgar Filing: HARTE HANKS INC - Form 10-Q

Table of Contents

Results of the remaining Harte-Hanks marketing services business are reported as continuing operations.

Summarized operating results for the Shoppers discontinued operations are as follows:

<b>In thousands</b>	<b>Three Months Ended September 30,</b>	
	<b>2013</b>	<b>2012</b>
Revenues	\$ 46,703	\$ 54,806
Income from discontinued operations before income taxes	76	609
Loss on sale before income taxes	(21,402)	0

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

**Cautionary Note Regarding Forward-Looking Statements**

This report, including this Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A), contains forward-looking statements within the meaning of the federal securities laws. All such statements are qualified by this cautionary note, which is provided pursuant to the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements may also be included in our other public filings, press releases, our website and oral and written presentations by management. Statements other than historical facts are forward-looking and may be identified by words such as may, will, expects, believes, anticipates, plans, estimates, seeks, could, intends, or words of similar meaning. Examples include statements regarding (1) our strategies, initiatives, (2) adjustments to our cost structure and other actions designed to respond to market conditions and improve our performance, and the anticipated effectiveness and expenses associated with these actions, (3) our financial outlook for revenues, earnings per share, operating income, expense related to equity-based compensation, capital resources and other financial items, (4) expectations for our businesses and for the industries in which we operate, including the adverse impact of local, national and international economic and business conditions on the marketing expenditures and activities of our Direct Marketing clients and prospects, (5) competitive factors, (6) acquisition, disposition of assets and development plans, (7) our stock repurchase program, (8) expectations regarding legal proceedings and other contingent liabilities and (9) other statements regarding future events, conditions or outcomes.

These forward-looking statements are based on current information, expectations and estimates and involve risks, uncertainties, assumptions and other factors that are difficult to predict and that could cause actual results to vary materially from what is expressed in or indicated by the forward-looking statements. In that event, our business, financial condition, results of operations or liquidity could be materially adversely affected and investors in our securities could lose part or all of their investments. Some of these risks, uncertainties, assumptions and other factors can be found in our filings with the Securities and Exchange Commission, including the factors discussed under Item 1A. Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2012 (2012 Form 10-K) and in the Cautionary Note Regarding Forward-Looking Statements in our third quarter 2013 earnings release issued on October 31, 2013. The forward-looking statements included in this report and those included in our other public filings, press releases, our website and oral and written presentations by management are made only as of the respective dates thereof, and we undertake no obligation to update publicly any forward-looking statement in this report or in other documents, our website or oral statements for any reason, even if new information becomes available or other events occur in the future.

**Overview**

The following MD&A section is intended to help the reader understand the results of operations and financial condition of Harte-Hanks. This section is provided as a supplement to, and should be read in conjunction with, our financial statements and the accompanying notes to the financial statements contained elsewhere in this report and our MD&A section, financial statements and accompanying notes to financial statements in our 2012 Form 10-K. Our 2012 Form 10-K contains a discussion of other matters not included herein, such as disclosures regarding critical accounting policies and estimates, and contractual obligations.

Harte-Hanks is a worldwide direct and targeted marketing company that provides multichannel direct and digital marketing services to a wide range of local, regional, national and international consumer and business-to-business marketers.

Table of Contents

We offer a wide variety of integrated, multichannel, data-driven solutions for top brands around the globe. We help our clients gain insight into their customers' behaviors from their data and use that insight to create innovative multichannel marketing programs to deliver a return on marketing investment. We believe our clients' success is determined not only by how good their tools are, but how well we help them use the tools to gain insight and analyze their consumers. This results in a strong and enduring relationship between our clients and their customers. We offer a full complement of capabilities and resources to provide a broad range of marketing services and data management software, in media from direct mail to email, including:

- agency and digital services;
- database marketing solutions;
- data quality software and services with Trillium Software;
- business-to-business lead generation;
- direct mail and fulfillment; and
- contact centers.

Previously, Harte-Hanks also provided shopper advertising opportunities through our Shoppers segment, which operated in certain California and Florida markets. On December 31, 2012 we sold the assets of our Florida Shoppers operations, The Flyer®. On September 27, 2013 we sold the assets of our California Shoppers operations, The Pennysaver®. Because Shoppers represented a distinct business unit with operations and cash flows that can clearly be distinguished, both operationally and for financial purposes, from the rest of Harte-Hanks, the results of the Shoppers operations are reported as discontinued operations for all periods presented. Results of the remaining Harte-Hanks business is reported as continuing operations. After this sale, Harte-Hanks no longer has any Shoppers operations or circulation.

As a worldwide business, we are affected by general national and international economic and business conditions. Marketing budgets are often more discretionary in nature, and are easier to reduce in the short-term than other expenses in response to weak economic conditions. Our revenues are also affected by the economic fundamentals of each industry that we serve, various market factors, including the demand for services by our clients, and the financial condition of and budgets available to specific clients, among other factors. We remain committed to making the investments necessary to execute our multichannel strategy while also continuing to adjust our cost structure to reduce costs in the parts of the business that are not growing as fast. We believe these actions will improve our profitability in future periods.

Our principal operating expense items are labor, postage and transportation.

**Results of Continuing Operations**

As discussed in Note L, *Discontinued Operations*, we sold the assets of our Florida Shoppers operations on December 31, 2012 and the assets of our California Shoppers operations on September 27, 2013. Therefore, the operating results of both our Florida and California Shoppers have

## Edgar Filing: HARTE HANKS INC - Form 10-Q

been reported as discontinued operations in the Condensed Consolidated Financial Statements, and are excluded from management's discussion and analysis of financial condition and results of operations below.

## Edgar Filing: HARTE HANKS INC - Form 10-Q

### Table of Contents

Operating results from our continuing operations, were as follows:

In thousands, except per share amounts	Three months ended			Nine months ended		
	September 30, 2013	September 30, 2012	Change	September 30, 2013	September 30, 2012	Change
Revenues	\$ 134,973	\$ 140,993	-4.3%	\$ 407,430	\$ 423,243	-3.7%
Operating expenses	126,613	125,395	1.0%	377,253	381,632	-1.1%
Operating income	\$ 8,360	\$ 15,598	-46.4%	30,177	\$ 41,611	-27.5%
Income from continuing operations	\$ 4,451	\$ 8,869	-49.8%	17,707	\$ 23,299	-24.0%
Diluted earnings per share from continuing operations	\$ 0.07	\$ 0.14	-50.0%	\$ 0.28	\$ 0.37	-24.3%

### 3rd Quarter 2013 vs. 3rd Quarter 2012

#### *Revenues*

Revenues decreased 4.3%, to \$135.0 million, in the third quarter of 2013 compared to the third quarter of 2012. These results reflect the impact of our financial vertical decreasing \$2.3 million, or 11%, compared to 2012, due to reductions from a mail supply chain customer, and our high-tech vertical decreasing \$2.2 million, or 7%, compared to 2012, due to reductions from two contact center customers. Our retail and select verticals each decreased 5%, and the automotive and consumer brands vertical declined 2%. Our select markets vertical increased \$1.4 million, or 13%, compared to 2012, due to ramp-up of a new fulfillment client. Revenues from our vertical markets are impacted by, among other things, the economic fundamentals of each industry, various market factors, including the demand for services by our clients, and the financial condition of and budgets available to specific clients.

Future revenue performance will depend on, among other factors, the overall strength of the national and international economies and how successful we are at maintaining and growing business with existing clients, acquiring new clients and meeting client demands. We believe that, in the long-term, an increasing portion of overall marketing and advertising expenditures will be moved from other advertising media to the targeted media space, and that our business will benefit as a result. Targeted media advertising results can be more effectively tracked, enabling measurement of the return on marketing investment.

#### *Operating Expenses*

Overall operating expenses increased 1.0%, to \$126.6 million, in the third quarter of 2013 compared to the third quarter of 2012. The \$1.2 million increase reflects an impairment loss of \$2.8 million related to other intangible assets associated with our Aberdeen business recorded in the third quarter of 2013. Excluding this impairment loss, operating expenses decreased \$1.5 million, or 1.2%, compared to the third quarter of 2012.

## Edgar Filing: HARTE HANKS INC - Form 10-Q

Direct Marketing operating expenses, excluding the impairment charge, decreased \$1.7 million, or 1.4%, in the third quarter of 2013 compared to the third quarter of 2012. Labor costs increased \$1.2 million, or 1.9%, primarily due to an increase in headcount. Production and distribution costs decreased \$3.2 million, or 7.5%, due to decreased mail supply chain costs resulting from decreased fuel costs and decreased outsourced costs resulting from decreased outsourced volumes. General and administrative expense, excluding the impairment charge, and depreciation and software amortization expense each increased slightly compared to the prior year quarter. Intangible asset amortization decreased slightly compared to the prior year quarter.

Direct Marketing's largest cost components are labor, outsourced costs and mail supply chain costs. Each of these costs is somewhat variable and tends to fluctuate with revenues and the demand for our services. Mail supply chain rates have increased over the last few years due to demand and supply issues within the transportation industry. Future changes in mail supply chain rates will continue to impact our total production costs and total operating expenses, and may have an impact on future demand for our supply chain management.

Table of Contents

Postage costs of mailings are borne by our clients and are not directly reflected in our revenues or expenses.

General corporate expense increased \$0.2 million, or 5.7%, in the third quarter of 2013 compared to the third quarter of 2012, primarily due to an increase in headcount.

*Income/Earnings Per Share from Continuing Operations*

We recorded income from continuing operations of \$4.5 million and diluted earnings per share from continuing operations of \$0.07. Excluding the impairment charge, income and diluted earnings per share from continuing operations in the third quarter of 2013 would have been \$7.2 million and \$0.11, respectively. These results compare to income from continuing operations of \$8.9 million and diluted earnings per share from continuing operations of \$0.14 per share in the third quarter of 2012. The decrease in income from continuing operations is primarily a result of decreased operating income and an increase in general corporate expense.

First Nine Months 2013 vs. First Nine Months 2012

*Revenues*

Revenues decreased 3.7%, to \$407.4 million, in the first nine months of 2013 compared to the first nine months of 2012. Revenues from our pharmaceutical vertical decreased \$6.7 million, or 17%, compared to 2012, reflecting the effect of volume reductions from a long standing customer beginning in the second quarter of 2012, and the loss of another long standing customer in the third quarter of 2012. Our high-tech and automotive and consumer brands verticals experienced revenue declines of 5% each. Our select vertical decreased 6% and our retail vertical decreased 1% compared to the first nine months of 2012. Our financial vertical increased 3% compared to the first three quarters of 2012. Revenues from our vertical markets are impacted by, among other things, the economic fundamentals of each industry, various market factors, including the demand for services by our clients, and the financial condition of and budgets available to specific clients.

*Operating Expenses*

Overall operating expenses decreased 1.1%, to \$377.3 million, in the first nine months of 2013 compared to the first nine months of 2012. The \$4.3 million decrease reflects an impairment loss of \$2.8 million related to other intangible assets associated with our Aberdeen business recorded in the third quarter of 2013. Excluding this impairment loss, operating expenses decreased \$7.1 million, or 1.9%, compared to the first three quarters of 2012.

Direct Marketing operating expenses, excluding the impairment charge, decreased \$10.1 million, or 2.7%, in the first nine months of 2013 compared to the first nine months of 2012. Labor costs decreased \$4.6 million, or 2.3%, primarily due to a reduction in temporary labor as a

## Edgar Filing: HARTE HANKS INC - Form 10-Q

result of revenue performance. Production and distribution costs decreased \$5.4 million, or 4.3%, due to decreased mail supply chain costs resulting from decreased fuel costs, partially offset by increased outsourced costs resulting from increased outsourced volumes. General and administrative expense, excluding the impairment charge, was consistent with the first nine months of 2012. Depreciation expense and intangible asset amortization each decreased slightly compared to the prior year first nine months, while software amortization increased slightly.

General corporate expense increased \$0.7 million, or 32.1%, in the first nine months of 2013 compared to the first nine months of 2012. This increase was primarily attributable to approximately \$2.0 million in compensation expense related to the retirement of our former Chief Executive Officer, professional fees related to the search for our new Chief Executive Officer and new members of our Board of Directors, as well as increased legal expenses.

### *Income/Earnings Per Share from Continuing Operations*

We recorded income from continuing operations of \$17.7 million and diluted earnings per share from continuing operations of \$0.28. Excluding the impairment charge, income and diluted earnings per share from continuing operations in the first nine months of 2013 would have been \$20.5 million and \$0.33, respectively. These results

Table of Contents

compare to income from continuing operations of \$23.9 million and diluted earnings per share from continuing operations of \$0.37 per share in the first nine months of 2012. The decrease in income from continuing operations is primarily a result of decreased operating income and an increase in general corporate expense. The decrease was offset by a gain on the sale of our facility in Belgium, changes in net foreign currency transaction gains and losses and a lower effective tax rate.

**Interest Expense**

3rd Quarter 2013 vs. 3rd Quarter 2012

Interest expense decreased \$0.1 million, or 11.3%, in the third quarter of 2013 compared to the third quarter of 2012 due to a lower average debt balance in the third quarter of 2013. The lower average debt balance in the third quarter of 2013 is a result of scheduled quarterly principal payments on the 2011 Term Loan Facility. See discussion of our credit facilities in the *Liquidity and Capital Resources* section below.

First Nine Months 2013 vs. First Nine Months 2012

Interest expense decreased \$0.4 million, or 15.0%, in the first nine months of 2013 compared to the first nine months of 2012 due to a lower average debt balance in the first nine months of 2013. The lower average debt balance in the first nine months of 2013 is a result of scheduled quarterly principal payments on the 2011 Term Loan Facility. See discussion of our credit facilities in the *Liquidity and Capital Resources* section below.

**Interest Income**

3rd Quarter 2013 vs. 3rd Quarter 2012

Interest income increased slightly in the third quarter of 2013 compared to the third quarter of 2012.

First Nine Months 2013 vs. First Nine Months 2012

Interest income is flat in the first nine months of 2013 compared to the first nine months of 2012.

**Other Income and Expense**

3rd Quarter 2013 vs. 3rd Quarter 2012

Other expense, net, was \$0.5 million in the third quarter of 2013 compared to other expense, net, of \$0.7 million in the third quarter of 2012. This \$0.2 million variance from the prior year quarter is due to a \$0.3 million change in net foreign currency transaction gains and losses.

First Nine Months 2013 vs. First Nine Months 2012

Other income, net, was \$0.6 million in the first nine months of 2013 compared to other expense, net, of \$1.8 million in the first nine months of 2012. This \$2.4 million variance from the prior year first nine months is due to a \$0.9 million change in net foreign currency transaction gains and losses and a \$0.9 million gain on the sale of our facility in Belgium in the first quarter of 2013.

**Income Taxes**

3rd Quarter 2013 vs. 3rd Quarter 2012

Income tax expenses were \$2.6 million in the third quarter of 2013 compared to \$5.1 million in the third quarter of 2012. The \$2.5 million decrease is primarily a result of lower taxable income coupled with the \$1 million tax benefit resulting from an intangible asset impairment loss recorded in the third quarter of 2013. Excluding this impairment loss, our effective tax rate was 37.3% for the third quarter of 2013, increasing from 36.7% for the third quarter of 2012. The increase in the effective tax rate is primarily due to 2012 reductions in tax accruals related to certain foreign subsidiaries.

Table of Contents

First Nine Months 2013 vs. First Nine Months 2012

Income tax expenses were \$10.8 million in the first nine months of 2013 compared to \$13.9 million in the first nine months of 2012. The \$3.1 million decrease is primarily a result of lower taxable income coupled with the \$1 million tax benefit resulting from the other intangible asset impairment loss recorded in the third quarter of 2013. Excluding this impairment loss, our effective tax rate was 37.9% for the first nine months of 2013, increasing from 37.3% for the first nine months of 2012. The increase in the effective tax rate is primarily due to 2012 reductions in tax accruals related to certain foreign subsidiaries.

**Economic Climate and Impact on our Financial Statements**

As discussed above, we sold the assets of the California Shoppers operations on September 27, 2013. The business and economic climate in California had a negative impact on our Shoppers operations and cash flows, and therefore, the cash proceeds received at sale. The loss on sale of these assets is reflected in the discontinued operations results throughout our financial statements. In addition, as a result of a significant decrease in forecasted revenues, management completed an evaluation of the Aberdeen trade name intangible asset as of September 30, 2013. A discounted cash flow model was used to calculate the fair value of the Aberdeen trade name. The significant assumptions used in this method included the (i) revenue growth rates for the Aberdeen Group, (ii) discount rate, (iii) tax rate and (iv) royalty rate. Harte-Hanks recorded a non-cash trade name intangible asset impairment charge of \$2.8 million. The impairment charge is included in Impairment of other intangible assets in the Consolidated Statements of Comprehensive Income (Loss) in the third quarter of 2013.

**Liquidity and Capital Resources**

*Sources and Uses of Cash*

As of September 30, 2013, cash and cash equivalents of Continuing Operations were \$76.8 million, increasing \$27.3 million from cash and cash equivalents of \$49.4 million at December 31, 2012. This net increase was a result of net cash provided by operating activities of \$34.7 million, net cash provided by investing activities of \$14.4 million, net cash used in financing activities of \$21.3 million and the effect of exchange rate changes of \$0.5 million.

*Operating Activities*

Net cash provided by operating activities for the nine months ended September 30, 2013 was \$34.7 million, compared to \$39.9 million for the nine months ended September 30, 2012. The \$5.1 million year-over-year decrease was primarily attributable to changes within working capital assets and liabilities and a decrease in net income from continuing operations (excluding impairment related charges including taxes).

## Edgar Filing: HARTE HANKS INC - Form 10-Q

For the nine months ended September 30, 2013, our principal working capital changes, which directly affected net cash provided by operating activities, were as follows:

- A decrease in accounts receivable attributable to collection of the December 31, 2012 receivables as well as lower revenues in the fourth quarter of 2012 compared to the third quarter of 2013. Days sales outstanding were approximately 77 days at September 30, 2013, which increased from 75 days at December 31, 2012.;
- An increase in inventory due to more days of supply held in inventory compared to December 31, 2012;
- An decrease in prepaid expenses and other current assets due to timing of payments;
- An increase in the current portion of the deferred income tax asset due to the timing of the deductibility of the incentive compensation accrued at December 31, 2012 and paid in the first quarter of 2013;
- A decrease in accounts payable due to higher overall operating expenses, in the fourth quarter of 2012 than in the third quarter of 2013;
- A decrease in accrued payroll and related expenses due to the timing of the first payroll in January of 2013 and payment of 2012 incentive compensation;
- A decrease in deferred revenue and customer advances due to timing of receipts; and
- A decrease in customer postage deposits due to timing of receipts and lower mail volumes.

Table of Contents

*Investing Activities*

Net cash provided by investing activities was \$14.4 million for the nine months ended September 30, 2013, compared to net cash used in investing activities of \$7.8 million for the nine months ended September 30, 2012. The \$22.2 million variance is the result of cash received from the sale of our California Shoppers operations, as well as the sale of our Belgium facility in the first quarter of 2013 for net proceeds of \$4.6 million, partially offset by increased capital spending in the first nine months of 2013 compared to the first nine months of 2012.

*Financing Activities*

Net cash used in financing activities was \$21.3 million for the nine months ended September 30, 2013 compared to \$83.7 million for the nine months ended September 30, 2012. The \$62.3 million decrease is primarily due to a \$56.9 million decrease in net debt repayments in the first nine months of 2013 compared to the first nine months of 2012, as a result of retiring the 2008 Term Loan Facility in March 2012. Dividend payments also decreased \$5.5 million compared to the first half of 2012 because we accelerated the payment of our regular first quarter 2013 dividend into December of 2012.

*Credit Facilities*

On March 7, 2008, we entered into a four-year \$100 million term loan facility (2008 Term Loan Facility) with Wells Fargo Bank, N.A., as Administrative Agent. The 2008 Term Loan Facility matured on March 7, 2012, at which time we paid the remaining outstanding principal of \$60.0 million using cash on hand.

On August 12, 2010, we entered into a three-year \$70 million revolving credit facility (2010 Revolving Credit Facility) with Bank of America, N.A., as Administrative Agent. The 2010 Revolving Credit Facility was scheduled to mature on August 12, 2013.

On August 8, 2013, we entered into a three-year \$80 million revolving credit facility, a \$25 million letter of credit sub-facility and a \$5 million swing line loan sub-facility (2013 Revolving Credit Facility) with Bank of America, N.A., as Administrative Agent. The 2013 Revolving Credit Facility permits us to request up to a \$15 million increase in the total amount of the facility. The 2013 Revolving Credit Facility matures on August 16, 2016. The 2013 Revolving Credit Facility amends and restates that certain Credit Agreement, dated as of August 12, 2010 (2010 Revolving Credit Facility), between Harte-Hanks, the lenders party thereto and the Agent and replaces the three-year \$70 million revolving credit facility under the Existing Revolver Credit Agreement, under which Harte-Hanks had no borrowings as of August 8, 2013, except for letters of credit totaling approximately \$9.5 million. The Revolving Loan Facility will not replace, and is in addition to, the \$122.5 million term loan facility, which Harte-Hanks entered into on August 16, 2011. For each borrowing under the 2013 Revolving Credit Facility, we can generally choose to have the interest rate for that borrowing calculated on either (i) the Eurodollar rate for the applicable interest period plus a spread which is determined based on our total net debt-to-EBITDA ratio then in effect, which ranges from 2.25% to 3.00% per annum; or (ii) the highest of (a) the Agent's prime rate, (b) the Federal Funds Rate plus 0.50% per annum, (c) Eurodollar rate plus 1.00% per annum, plus a spread which is determined based on our total debt-to-EBITDA ratio then in effect, which spread ranges from 1.25% to 2% per annum. There is a commitment fee that we are also required to pay under the 2013 Revolving Credit Facility. The commitment fee rate is applied to the amount equal to the difference of the total commitment amount under the 2013 Revolving Credit Facility less the aggregate amount of outstanding obligations under such facility. The commitment fee rate ranges from 0.50% to 0.55% per annum, depending on our total net debt-to-EBITDA

## Edgar Filing: HARTE HANKS INC - Form 10-Q

ratio then in effect. The commitment fee is due quarterly. In addition, there is a letter of credit fee with respect to outstanding letters of credit. That fee is calculated by applying a rate equal to the spread applicable to

Table of Contents

Eurodollar based loans plus a fronting fee of 0.125% per annum to the average daily undrawn amount of the outstanding letters of credit. We may elect to prepay the 2013 Revolving Credit Facility at any time without incurring any prepayment penalties.

On August 16, 2011, we entered into a five-year \$122.5 million term loan facility (the 2011 Term Loan Facility) with Bank of America, N.A., as Administrative Agent and the other lenders thereto. The 2011 Term Loan Facility matures on August 16, 2016. For each borrowing under the 2011 Term Loan Facility, we can generally choose to have the interest rate for that borrowing calculated based on either (i) the LIBOR rate (as defined in the 2011 Term Loan Facility) for the applicable interest period, plus a spread (ranging from 2.00% to 2.75% per annum) based on our total net funded debt-to-EBITDA ratio (as defined in the 2011 Term Loan Facility) then in effect; or (ii) the highest of (a) the Agent's prime rate, (b) the BBA daily floating rate LIBOR, as determined by Agent for such date, plus 1.00%, and (c) the Federal Funds Rate plus 0.50%, plus a spread (ranging from 1.00% to 1.75% per annum) based on our total net funded debt-to-EBITDA ratio then in effect. We may elect to prepay the 2011 Term Loan Facility at any time without incurring any prepayment penalties. At September 30, 2013, we had \$101.1 million outstanding under the 2011 Term Loan Facility.

Under all of our credit facilities we are required to maintain an interest coverage ratio of not less than 2.75 to 1 and a total debt-to-EBITDA ratio of not more than 2.25 to 1. The credit facilities also contain customary covenants restricting our and our subsidiaries' ability to:

- authorize distributions, dividends, stock redemptions and repurchases if a payment event of default has occurred and is continuing;
- enter into certain merger or liquidation transactions;
- grant liens;
- enter into certain sale and leaseback transactions;
- have foreign subsidiaries account for more than 25% of the consolidated revenue, or 20% of the assets of Harte-Hanks and its subsidiaries, in the aggregate;
- enter into certain transactions with affiliates; and
- allow the total indebtedness of Harte-Hanks' subsidiaries to exceed \$20.0 million.

The credit facilities each also include customary covenants regarding reporting obligations, delivery of notices regarding certain events, maintaining our corporate existence, payment of obligations, maintenance of our properties and insurance thereon at customary levels with financially sound and reputable insurance companies, maintaining books and records and compliance with applicable laws. The credit facilities each also provide for customary events of default including nonpayment of principal or interest, breach of representations and warranties, violations of covenants, failure to pay certain other indebtedness, bankruptcy and material judgments and liabilities, certain violations of environmental laws or ERISA or the occurrence of a change of control. Our material domestic subsidiaries have guaranteed the performance of Harte-Hanks under our credit facilities. As of September 30, 2013, we were in compliance with all of the covenants of our credit facilities.

*Outlook*

We consider such factors as total cash and cash equivalents, current assets, current liabilities, total debt, revenues, operating income, cash flows from operations, investing activities and financing activities when assessing our liquidity. Our primary sources of liquidity have been cash and cash equivalents on hand and cash generated from operating activities. Our management of cash is designed to optimize returns on cash balances and to ensure that it is readily available to meet our operating, investing and financing requirements as they arise.

Capital resources are also available from and provided through our 2013 Revolving Credit Facility, subject to the terms and conditions of that facility. The amount of cash on hand and borrowings available under our 2013 Revolving Credit Facility are influenced by a number of factors, including fluctuations in our operating results, revenue growth, accounts receivable collections, working capital changes, capital expenditures, tax payments, share repurchases, pension plan contributions, acquisitions and dividends.

Table of Contents

As of September 30, 2013, we had \$70.5 million of unused borrowing capacity under our 2013 Revolving Credit Facility and a cash balance of \$76.8 million. Based on our current operational plans, we believe that our cash on hand, cash provided by operating activities, and availability under the 2013 Revolving Credit Facility and a replacement revolving credit facility will be sufficient to fund operations, anticipated capital expenditures, payments of principal and interest on our borrowings, dividends on our common stock and pension contributions for the next 12 months. Nevertheless, we cannot predict the impact on our business performance of the economic climate in the U.S. and other economies in which we operate. A lasting economic recession in the United States and other economies could have a material adverse effect on our business, financial position or operating results.

**Critical Accounting Policies**

Our financial statements and accompanying notes are prepared in accordance with U.S generally accepted accounting principles. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. These estimates and assumptions are affected by management's application of accounting policies. We consider the following to be our critical accounting policies, as described in detail in our 2012 Form 10-K:

- Revenue recognition;
- Allowance for doubtful accounts;
- Reserve for healthcare, workers' compensation, automobile and general liability insurance;
- Goodwill; and
- Stock-based compensation.

There have been no material changes to the critical accounting policies described in our 2012 Form 10-K.

As discussed in Note B, *Recent Accounting Pronouncements*, of the Notes to Condensed Consolidated Financial Statements, certain new financial accounting pronouncements have been issued which either have already been reflected in the accompanying condensed consolidated financial statements, or will become effective for our financial statements at various dates in the future. The adoptions of these new accounting pronouncements have not and are not expected to have a material effect on our condensed consolidated financial statements.

**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Market risk includes the risk of loss arising from adverse changes in market rates and prices. We face market risks related to interest rate variations and to foreign exchange rate variations. From time to time, we may utilize derivative financial instruments to manage our exposure to such risks.

We are exposed to market risk for changes in interest rates related to our credit facilities. Our earnings are affected by changes in short-term interest rates as a result of our credit facilities, which bear interest at variable rates based on LIBOR rates (effective 30 day LIBOR rate of 0.18% at September 30, 2013). The five-year 2011 Term Loan Facility has a maturity date of August 16, 2016. At September 30, 2013, our debt balance related to the 2011 Term Loan Facility was \$101.1 million. The three-year \$80 million 2013 Revolving Credit Facility has a maturity date of August 16, 2016. At September 30, 2013, we did not have any debt outstanding under the 2013 Revolving Credit Facility.

Table of Contents

Assuming the actual level of borrowings throughout the third quarter and first nine months of 2013, and assuming a one percentage point change in the average interest rates, we estimate that our net income for the third quarter and first nine months of 2013 would have changed by approximately \$0.2 million and \$0.5 million, respectively. Due to our overall debt level and cash balance at September 30, 2013, anticipated cash flows from operations, and the various financial alternatives available to us should there be an adverse change in interest rates, we do not believe that we currently have significant exposure to market risks associated with changing interest rates. At this time we are not entered into any interest rate swap or other derivative instruments to hedge the effects of adverse fluctuations in interest rates.

Our earnings are also affected by fluctuations in foreign currency exchange rates as a result of our operations in foreign countries. Our primary exchange rate exposure is to the Euro, British pound sterling, Australian dollar, Philippine peso and Brazilian real. We monitor these risks throughout the normal course of business. The majority of the transactions of our U.S. and foreign operations are denominated in the respective local currencies. Changes in exchange rates related to these types of transactions are reflected in the applicable line items making up operating income in our Consolidated Statements of Comprehensive Income (Loss). Due to the current level of operations conducted in foreign currencies, we do not believe that the impact of fluctuations in foreign currency exchange rates on these types of transactions is significant to our overall annual earnings. A smaller portion of our transactions are denominated in currencies other than the respective local currencies. For example, inter-company transactions that are expected to be settled in the near-term are denominated in U.S. dollars. Since the accounting records of our foreign operations are kept in the respective local currency, any transactions denominated in other currencies are accounted for in the respective local currency at the time of the transaction. Any foreign currency gain or loss from these transactions, whether realized or unrealized, results in an adjustment to income, which is recorded in Other, net in our Consolidated Statements of Comprehensive Income (Loss). Transactions such as these amounted to \$0.9 and \$0.1 million in pre-tax currency transaction losses in the third quarter and first nine months of 2013, respectively. At this time we are not entered into any foreign currency forward exchange contracts or other derivative instruments to hedge the effects of adverse fluctuations in foreign currency exchange rates.

We do not enter into derivative instruments for any purpose other than cash flow hedging. We do not speculate using derivative instruments.

**Item 4. Controls and Procedures**

As of the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, or the Exchange Act). It should be noted that, because of inherent limitations, our disclosure controls and procedures, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the disclosure controls and procedures are met. Based upon that evaluation, the Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer concluded that the design and operation of these disclosure controls and procedures were effective, at the reasonable assurance level, to ensure information required to be disclosed by us in the reports that we file or submit under the Exchange Act is properly recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms.

As of the end of the period covered by this report, an evaluation was carried out under the supervision and with the participation of our management, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, of our internal control over financial reporting to determine whether any changes occurred during the third quarter of 2013 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Based on that evaluation, there were no changes in our internal control over financial reporting or in other factors that have materially affected or are reasonably likely to materially affect our internal control over financial reporting. We may make changes in our internal control processes from time to time in the future. It should also be noted that, because of inherent limitations, internal control over financial reporting may not prevent or detect misstatements, and controls may become inadequate because of changes in conditions or in the degree of compliance with the policies or procedures.

Table of Contents

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

Information regarding legal proceedings is set forth in Note K, *Litigation Contingencies*, of the Notes to Condensed Consolidated Financial Statements, in Item 1 of Part I of this Quarterly Report on Form 10-Q, which information is incorporated herein by reference.

**Item 1A. Risk Factors**

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, **Item 1A. Risk Factors** in our 2012 Form 10-K, which could materially affect our business, financial condition or future results. The risks described in our 2012 Form 10-K are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and operating results. In our judgment, there were no material changes in the risk factors as previously disclosed in Part I, **Item 1A. Risk Factors** of our 2012 Form 10-K. Refer to Part I, Item 2 of this Quarterly Report on Form 10-Q, for a discussion of the ongoing economic downturn in the United States and other economies and its adverse impact on our business.

Table of Contents**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

The following table contains information about our purchases of equity securities during the third quarter of 2013:

<b>Period</b>	<b>Total Number of Shares Purchased(2)</b>	<b>Average Price Paid per Share</b>	<b>Total Number of Shares Purchased as Part of a Publicly Announced Plan(1)</b>	<b>Maximum Dollar Amount that May Yet Be Spent Under the Plan</b>
July 1 31, 2013	0	\$ 0.00	0	\$ 4,548,894
August 1 31, 2013	0	\$ 0.00	0	\$ 4,548,894
September 1 30, 2013	0	\$ 0.00	0	\$ 4,548,894
Total	0	\$ 0.00	0	

(1) During the third quarter of 2013, we purchased no shares of our common stock through our stock repurchase program that was publicly announced in August 2012. Under this program, from which shares can be purchased in the open market, our Board of Directors has authorized us to spend up to \$10.0 million to repurchase shares of our outstanding common stock. As of September 30, 2013, we have repurchased 818,413 shares and spent \$5.5 million under this authorization. Through September 30, 2013, we had repurchased a total of 65,742,922 shares at an average price of \$18.52 per share under this program and previously announced programs.

(2) Total number of shares purchased includes shares, if any, purchased as part of our publicly announced stock repurchase program, plus shares withheld to pay applicable withholding taxes and the exercise price related to stock options, and shares withheld to pay applicable withholding taxes related to the vesting of unvested shares, pursuant to the Harte-Hanks, Inc. 2005 Omnibus Incentive Plan.

**Item 6. Exhibits**

<b>Exhibit No.</b>	<b>Description of Exhibit</b>
