PROXY STATEMENT  
FOR THE ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON MAY 25, 2016

The Board of Directors (our “Board”) of HANMI FINANCIAL CORPORATION is soliciting your proxy for use at the 2016 Annual Meeting of Stockholders to be held at the Oxford Palace Hotel, located at 745 S. Oxford Ave., Los Angeles, California, on Wednesday, May 25, 2016, beginning at 10:30 a.m., Pacific Time, and at any adjournments or postponements thereof.

Questions and Answers about these Proxy Materials and the Annual Meeting

Question: Why did I receive this Proxy Statement?

You received this Proxy Statement and the enclosed proxy card because we are soliciting your vote at the Annual Meeting. Our Board is providing these proxy materials to you in connection with the Annual Meeting. As a stockholder of record of our common stock, you are invited to attend the Annual Meeting, and are entitled and requested to vote on the proposals described in this Proxy Statement. This Proxy Statement summarizes the information you need to know to cast an informed vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by internet or telephone.

We will begin posting this Proxy Statement, notice of the Annual Meeting, and the enclosed proxy card on or about April 7, 2016 to all stockholders entitled to vote. The record date for those entitled to vote is March 28, 2016.

Question: Who is entitled to vote and how many votes do I have?

All stockholders who were stockholders of record of our common stock as of the close of business on March 28, 2016, and only those stockholders, will be entitled to vote at the Annual Meeting. You have one vote for each share of our common stock you owned as of the close of business on the record date.

Question: How many shares are eligible to be voted?

As of March 28, 2016, 32,177,485 shares of our common stock were outstanding. Each outstanding share of our common stock will entitle its holder to one vote on each matter to be voted on at the Annual Meeting.

Question: What is the difference between holding shares as a “record” holder and in “street name”?

If your shares of common stock are registered directly in your name on our stock records, you are considered the stockholder of record, or the “record” holder of those shares. As the record holder you have the right to vote your shares in person or by proxy at the Annual Meeting.

- Record Holders

If your shares of common stock are held in an account at a brokerage firm, bank, or other similar entity, then you are the beneficial owner of shares held in “street name.” The entity holding your account is considered the record holder for purposes of voting at the Annual Meeting. As the beneficial owner you have the right to direct this entity on how to vote the shares held in your account. However, as described below, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from the entity that holds your shares giving you the right to vote the shares at the Annual Meeting.

- Street Name Holders

Question: What am I being asked to vote on at the Annual Meeting?

You are being asked to vote on the following matters:

- Election of Directors. Under majority voting, the votes cast “for” the nominee must exceed the number of votes cast “against” the nominee. Pursuant to our bylaws, we will not count abstentions or broker non-votes as either for or against a director, therefore abstentions and broker non-votes will have no effect on the election of a director.

- Non-Binding Advisory Vote to Approve the Compensation of our Named Executive Officers. This proposal gives you the opportunity to vote (on an advisory non-binding basis) for or against the compensation of the executive officers identified in the Summary Compensation Table in this Proxy Statement (the “NEOs”). The compensation programs for our NEOs are described in the “Executive Compensation—Compensation Discussion and Analysis” section, the executive compensation tables and the related narrative discussion contained in this Proxy Statement. Because your vote is advisory, it will not be binding upon our Board and may not be construed as overruling any decision by our Board. However, the Compensation and Human Resources Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

- Ratification of Selection of Independent Registered Public Accounting Firm. This proposal gives you the opportunity to ratify our Board’s selection of KPMG LLP (“KPMG”) as our independent registered public accounting firm for the fiscal year ending December 31, 2016. We are submitting the selection of KPMG to you for ratification to obtain our stockholders’ views. If the stockholders do not ratify the selection by a majority vote of the present and voting shares, we will reconsider whether or not to retain KPMG. Even if the selection is ratified, we may, in our discretion, appoint a different independent registered public accounting firm at any time during the year if we determine that such a change would be in our and our stockholders’ best interests.

Question: How does the Board of Directors recommend that I vote on the proposals?

For the reasons set forth in more detail later in this Proxy Statement, our Board unanimously recommends that you vote:

- FOR each of the nine (9) Director nominees named in this Proxy Statement (Proposal No. 1);
- FOR the approval, on an advisory basis, of the compensation of our NEOs (Proposal No. 2);
- FOR the ratification of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016 (Proposal No. 3).

Question: What is the required quorum at the Annual Meeting?

Quorum for the transaction of business at the Annual Meeting requires the presence, in person or by proxy, of a majority of holders of all shares entitled to vote. Abstentions and broker non-votes are treated as being present for purposes of establishing a quorum.

Question: What vote is required to approve each proposal at the Annual Meeting?

- Election of Directors. Directors are elected by a majority of votes cast, in uncontested elections. The Director nominees receiving a majority of the votes cast will be elected to our Board.
- Advisory Vote on the Compensation of our Named Executive Officers. Approval, on an advisory basis, of the compensation of our NEOs requires the affirmative vote of a majority of the shares represented and voting.
-

Ratification of Selection of Independent Registered Public Accounting Firm. Ratification of the selection of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2016 requires the affirmative vote of a majority of the shares represented and voting.

Question: What is the effect of broker non-votes and abstentions?

Abstentions and broker non-votes will be counted for purposes of determining a quorum. Your broker, however, will not be entitled to vote on the election of Directors, and the advisory (non-binding) proposal to approve the compensation of our NEOs, without your instruction.

Your broker will be authorized to vote your shares on the ratification of our independent registered public accounting firm even if it does not receive instructions from you, and accordingly, broker non-votes will have no effect on this proposal.

Abstentions will have no effect on the election of Directors, but will have the effect of a vote AGAINST the advisory (non-binding) vote to approve the compensation of NEOs and the ratification of our independent registered public accounting firm.

Question: How can I vote my shares?

If you hold your shares of common stock in your own name and not through a broker or another nominee, you may vote your shares of common stock as follows, subject to compliance with the applicable cutoff times and deadlines described below in the “—Vote by Telephone,” “—Vote by Internet,” and “—Vote by Proxy” paragraphs:

- By using the toll-free telephone number listed on the proxy card;
- By using the Internet website listed on the proxy card;
- By signing, dating and mailing the proxy card in the enclosed postage-paid envelope, or
- By attending the Annual Meeting and voting in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares of common stock in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders “FOR” each of the Director nominees named in this Proxy Statement, “FOR” the approval, on an advisory basis, of the compensation of our NEOs, and “FOR” the ratification of our independent registered public accounting firm, and, at the proxy holders’ discretion on such other matters, if any, as may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting).

**Vote by Telephone.** If you hold your shares of common stock in your own name and not through a broker or another nominee, you can choose to vote your shares of common stock by telephone by dialing the toll-free telephone number printed on your proxy card. Telephone voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 24, 2016. Easy-to-follow voice prompts allow you to vote your shares of common stock and confirm that your instructions have been properly recorded. If you vote by telephone, you do not need to return your proxy card.

**Vote by Internet.** If you hold your shares of common stock in your own name and not through a broker or another nominee, you can choose to vote your shares of common stock via the Internet. The website for Internet voting is printed on your proxy card. Internet voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 24, 2016. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card.

Vote by Mail. You can vote by mail by signing, dating and returning the proxy card in the postage-paid envelope sent concurrently therewith. Proxy cards sent by mail must be received by May 24, 2016.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions, and to confirm that stockholders' instructions have been properly recorded. Stockholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies that must be borne by the stockholder.

Question: Can I change or revoke my vote after I return my proxy card?

You may revoke a proxy at any time before the vote is taken at the Annual Meeting by filing with our Corporate Secretary a properly executed proxy of a later date by mail, telephone or Internet, or by attending the Annual Meeting and voting in person. Any such filing should be made to the attention of Juliet Stone, Corporate Secretary, Hanmi Financial Corporation, 3660 Wilshire Boulevard, Penthouse Suite A, Los Angeles, California 90010. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy.

Question: How do I vote in person?

If you plan to attend the Annual Meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares of common stock are held in the name of your broker, bank or other nominee, you must bring a legal proxy from your broker, bank or other nominee to vote your shares of common stock at the Annual Meeting.

Question: How will proxies be solicited?

In addition to soliciting proxies by mail, our officers, directors, and employees, without receiving any additional compensation, may solicit proxies by telephone, fax, in person, or by other means. Arrangements may also be made with brokerage firms and other custodians, nominees, and fiduciaries to forward proxy solicitation materials to the beneficial owners of our common stock held of record by such persons, and we will reimburse such brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Question: Will any other matters be considered at the Annual Meeting?

We are not aware of any matter to be presented at the Annual Meeting other than the proposals discussed in this Proxy Statement. If other matters are properly presented at the Annual Meeting, then the persons named as proxies will have the authority to vote all properly executed proxies in accordance with the direction of our Board, or, if no such direction is given, in accordance with the judgment of the persons holding such proxies on any such matter, including any proposal to adjourn or postpone the Annual Meeting.

Question: Are there any rules regarding admission to the Annual Meeting?

Yes. You are entitled to attend the Annual Meeting only if you were a stockholder as of the record date, or you hold a valid legal proxy naming you to act for one of our stockholders on the record date. Before we admit you to the Annual Meeting, we must be able to confirm:

- Your identity by reviewing a valid form of photo identification, such as a driver's license or passport; and
- You were, or are validly acting for, a stockholder of record on the record date by:
  - Verifying your name and stock ownership against our list of registered stockholders, if you are the record holder of your shares;
  - Reviewing other evidence of your stock ownership, such as your most recent brokerage or bank statement, if you hold your shares in street name; or
  - Reviewing a written proxy that shows your name and is signed by the stockholder you are representing, in which case either the stockholder must be a registered stockholder of record or you must have a brokerage or bank statement for that stockholder as described above.

If you do not have a valid form of photo identification and proof that you owned, or are legally authorized to act as proxy for someone who owned, shares of our common stock on March 28, 2016, you will not be admitted into the Annual Meeting.

At the entrance to the Annual Meeting, we will verify that your name appears in our stock records or will inspect your brokerage or bank statement, as your proof of ownership, and any written proxy you present as the representative of a stockholder. We will decide in our sole discretion whether the documentation you present for admission to the Annual Meeting meets the requirements described above.

Question: Is my vote confidential?

Yes. It is our policy that documents identifying your vote are confidential. The vote of any stockholder will not be disclosed to any third party before the final vote count at the Annual Meeting except:

- To meet legal requirements;
- To assert claims for or defend claims against the Company;
- To allow authorized individuals to count and certify the results of the stockholder vote;
- If a proxy solicitation in opposition to our Board takes place; or
- To respond to stockholders who have written comments on proxy cards or who have requested disclosure.

For submissions that are not anonymous, the sender may be contacted in order to confirm information or to obtain additional information. The Company reserves the right not to forward to Board members any abusive, threatening or otherwise inappropriate materials.

Our Board has four (4) standing committees: the Audit Committee, the Compensation and Human Resources Committee ("CHRC"), the Nominating and Corporate Governance Committee ("NCGC"), and the Risk, Compliance and Planning Committee ("RCPC"). Each committee is governed by a charter, each of which is available through Hanmi's website at [www.hanmi.com](http://www.hanmi.com) on the "Investor Relations" page.

**Risk, Compliance and Planning Committee**

The RCPC is responsible for providing oversight of the Enterprise Risk Management framework, including the strategies, policies, procedures and systems established by management to identify, assess, measure and manage the significant risks facing the Company. It also oversees strategic planning generally and recommends new lines of business, and the budget to our Board. The current members of RCPC are John J. Ahn, John A. Hall, Paul Seon-Hong Kim, C. G. Kum, David L. Rosenblum and Michael Yang, with Mr. Rosenblum serving as its Chairperson. Except for Mr. Kum, each member is an outside (or non-employee) Director and meets the independence requirements of the U.S. Securities and Exchange Commission (the "SEC") and The NASDAQ Stock Market, LLC ("NASDAQ"). The RCPC held seven (7) meetings during the fiscal year ended December 31, 2015.

**The Audit Committee**

The current members of Hanmi's Audit Committee are Harry Chung, John A. Hall, Paul Seon-Hong Kim, Joon Hyung Lee, Joseph K. Rho and David L. Rosenblum, with Mr. Hall serving as its Chairperson. Each member meets the independence requirements of the SEC, the Federal Deposit Insurance Corporation (the "FDIC") and NASDAQ. Mr. Hall qualifies as an "audit committee financial expert" as defined under the applicable SEC rules. The Audit Committee

held 12 meetings during the fiscal year ended December 31, 2015. The Audit Committee operates under a charter adopted by the Board. The charter sets forth the responsibilities and authorities of the Audit Committee and is available on our website at [www.hanmi.com](http://www.hanmi.com) on the “Investor Relations” page.

The Audit Committee reports to the Board and is responsible for overseeing and monitoring financial accounting and reporting, the system of internal controls established by management and our audit process and policies. Through its oversight of the audit function, the Audit Committee ensures compliance with laws and regulations.

Pursuant to its charter, the Audit Committee has the following responsibilities:

- Review the unaudited quarterly and audited annual financial statements;
- Review the adequacy of internal control systems and financial reporting procedures with management and the independent auditor;
- Review and approve the general scope of the annual audit and the fees charged by the independent registered public accounting firm; and
- Review and approve the general scope of the annual internal audit plan and associated fees.

In performing its functions, the Audit Committee in 2015 met and held discussions with management and with KPMG, the independent auditor for the Company and its wholly-owned subsidiary, Hanmi Bank. Management represented to the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has:

- Reviewed and discussed the audited financial statements with management;
- Discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 16 of the Public Company Accounting Oversight Board;
- Received a statement of the registered public accounting firm's independence required by the Public Company Accounting Oversight Board. The Audit Committee discussed any relationships that may impact the objectivity and independence of KPMG, and satisfied itself as to their independence; and
- Reviewed and discussed KPMG's assistance related to loan review, alternative audit procedures and general audit support.

Based on these discussions and reviews, the Company's Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on form 10-K for the year ended December 31, 2015, for filing with the SEC.

Respectfully submitted,

Compensation and Human Resources Committee

The CHRC assists the Board by overseeing the compensation of all of Hanmi's executive officers, including Hanmi's Chief Executive Officer, as well as administering Hanmi's compensation plans. The CHRC also sets the compensation policy of the Company as more fully described below See Compensation Discussion and Analysis. The CHRC is also authorized to retain outside consultants to assist it in determining executive officer compensation.

The members of the CHRC are John J. Ahn, Christie K. Chu, Joon Hyung Lee, Joseph K. Rho and David L. Rosenblum, with Mr. Ahn serving as its Chairperson. Each member is an "outside director" (as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code")) and a "non-employee director" (as defined in Section 16 of the Exchange Act) and meets the independence requirements of the SEC and NASDAQ. The CHRC held eight (8) meetings during the fiscal year ended December 31, 2015. Ms. Chu joined the CHRC in February 2016.

The CHRC, as part of the full Board, has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the CHRC recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

Respectfully submitted,

Compensation and Human Resources Committee of the  
Board

#### Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee (“NCGC”) assists the Board as follows: identifies individuals qualified to become Directors; recommends to the Board nominees for the Board and its committees for the next Annual Meeting of Stockholders; develops, recommends, and implements a set of corporate governance principles applicable to Hanmi; and monitors the process to determine the effectiveness of the Board and its committees. The members of the NCGC are John J. Ahn, Christie K. Chu, Paul Seon-Hong Kim, Joseph K. Rho, David L. Rosenblum and Michael Yang, with Ms. Chu serving as its Chairperson. Each member is an “outside director” (as defined in Section 162(m) of the Code) and “non-employee director” (as defined in Rule 16b-3 under the Exchange Act) and meets the independence requirements of the SEC, the FDIC and NASDAQ. The NCGC held nine (9) meetings during the fiscal year ended December 31, 2015.

The NCGC believes that the Board as a whole should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to Hanmi’s operations and interests. In addition to considering a candidate’s background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of Hanmi’s business.

The NCGC seeks directors with strong reputations and experience in areas relevant to the strategy and operations of Hanmi’s business, particularly industries and growth segments that Hanmi operates in, such as the banking and financial services industry, as well as key geographic markets and customer segments where Hanmi operates. Hanmi’s directors have a mix of experience and backgrounds, including those that started a business and grew it into a substantial entity to holding senior executive positions in large, complex organizations to those who held positions of importance within regulatory agencies. In those positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management, leadership development and importantly a deep understanding of our customers.

The NCGC also believes that each of the current Directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience, and thought; and the commitment to devote significant time and energy to service on the Board.

The NCGC annually reviews the individual skills and characteristics of the Directors, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, expertise and industry background in the context of the needs of the Board and Hanmi.

The Board conducts an annual evaluation to determine whether the Board and its committees are functioning effectively. The NCGC oversees the evaluation method and criteria for the Board’s annual evaluation of the composition, competence and performance of the Board and its committees. The NCGC may retain consultants or advisors to assess the performance and effectiveness of the Board as a whole, its committees and each individual director. The NCGC engaged Berkeley Research Group in February 2015 to complete a Board evaluation, individual director assessments and assist with revision of our Board Succession Plan. The report was completed in April 2015. The results of any self-evaluations, peer evaluations, or evaluations by any consultant or advisor are submitted to the Board. The Board then takes appropriate action based on the Board’s findings regarding the assessment and performance evaluations. The Board and director evaluation process considers the best interests of Hanmi, its Board, its employees, its customers and the stockholders of the Company. The assessment includes director succession planning and expected future needs of the Board and the Company, so as to ensure that Board effectiveness is not diminished during periods of transition.

Our succession plan serves several purposes. It is a means to ensure: (i) leadership continuity so that we maintain continued effective performance, (ii) that our board has the right set of skills, attributes and experience represented in its members to effectively lead the organization, (iii) that we follow risk management best practices, (iv) the transfer of crucial knowledge is planned, and (v) the Board’s skill sets are adequately refreshed regularly. As a result of the annual review of the Board Succession Plan and Board evaluation process, including a needs assessment in 2014, the Board recruited and appointed two new directors David L. Rosenblum and John J. Ahn. Both directors added needed expertise, including investment banking, strategic planning, mergers and acquisitions, risk management and public

company experience to the Board. In addition, these directors assisted in refreshing the board's skills as well as lowering the average age of the Board. In 2015, the NCGC continued its recruitment efforts and, in anticipation of the completed Board evaluation, we recruited Christie K. Chu, the Board's first woman, a Certified Public Accountant and a leader in the Korean-American Community. Ms. Chu maintains close ties to the Korean-American community, including our core business customers, and has led the charge in providing a platform for Korean American women to make advancements in the business and accounting industries. In early 2016, the Board appointed Harry Chung and Michael Yang. Mr. Chung's lengthy experience as a Chief Financial Officer in the financial and investment industries, as well as his strength in capital markets, is additive to the Board's skill set. Mr. Yang has successfully funded, run, grown and ultimately sold three technology companies, and is currently the Founder and CEO of a private investment company. With the growing importance of technology within the financial service industry, the NCGC feels Mr. Yang's appointment is beneficial to Hanmi overall and specifically to the Board's ability to fulfill its responsibilities.

The issue of director tenure is one that continues to remain at the forefront of corporate governance matters for public companies. At issue is whether the length of a director's service affects their ability to be an effective board member. Hanmi believes Director age limits can be arbitrary and can result in the loss of institutional memory, valuable experience and insight from experienced directors. A director's effectiveness and performance do not necessarily correlate to their age. Establishing an orderly process through which directors can step down from the board is considered prudent planning that will avoid upsetting the continuity of the performance of the Board and presents beneficial opportunities to transfer valuable knowledge to newer directors as older directors gradually retire. In 2015, I Joon Ahn, our last founding director and William J. Stolte each retired. In 2016, John H. Hall will retire. According to our Succession Planning document, the two remaining legacy Hanmi directors who have each served in excess of 25 years as Hanmi Bank directors and since the inception of Hanmi, plan to step down in the next two to three years. As part of this plan, over the last two years Hanmi has set up a robust system to identify, recruit and ultimately appoint / nominate several qualified Directors for the Board, as described above, and we plan to continue this process to ensure that Hanmi has the right mix of talents to aid the Company in risk oversight and strategic planning into the future.

#### Board Diversity

The Board's policy with regard to the consideration of diversity in identifying director nominees is contained within the Corporate Governance Guidelines. The Corporate Governance Guidelines require the NCGC to consider diversity when reviewing the qualifications of candidates to the board. Board member nominees are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, community prominence and reputation, and ability to understand the Company's business.

The Board takes the issue of diversity in all its forms seriously and plans to continue to diversify the board in the future.

#### Stockholder Recommendations

All stockholder recommendations for Director nominees must be submitted in writing to the Chairperson of the NCGC at Hanmi's principal executive offices, as described in the Company's bylaws, to be considered at such Annual Meeting of Stockholders. Stockholders shall include in such recommendation:

- The name, age, and address of each proposed nominee;
- The principal occupation of each proposed nominee;
- The number of shares of voting stock of Hanmi owned by each proposed nominee;
- The name and address of the nominating stockholder;
- The number of shares of voting stock of Hanmi owned by the nominating stockholder; and
- A letter from the proposed nominee indicating that such proposed nominee wishes to be considered as a nominee for the Board and will serve as a Director if elected.

In addition, each recommendation must set forth, in detail, the reasons why the nominating stockholder believes the proposed nominee meets the following general qualifications, which are the same qualifications used by the NCGC in evaluating nominees:

- Nominees must possess high personal and professional ethics, integrity and values, and be committed to representing the long-term interests of Hanmi's stockholders;
- Nominees must have an inquisitive and objective perspective, practical wisdom and mature judgment;
- Nominees must possess a broad range of skills, expertise, industry knowledge and contacts useful to Hanmi's business;
- Nominees must be willing to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on our Board for an extended period of time;
-

Pursuant to the Corporate Governance Guidelines, nominees, once elected, unless granted an exception by the Board, cannot serve simultaneously as a Director of Hanmi and as a director or officer of any other depository organization other than a subsidiary bank of Hanmi; and

Pursuant to the Corporate Governance Guidelines, nominees are encouraged to own shares of common stock of Hanmi at a level that demonstrates a meaningful commitment to Hanmi and Hanmi Bank, and to better align the nominee's interests with the stockholders of Hanmi.

In identifying and evaluating Director candidates, the NCGC will solicit and receive recommendations, and review qualifications of potential Director candidates. The NCGC also may use search firms to identify Director candidates when necessary. To enable the NCGC to effectively evaluate Director candidates, the NCGC also may conduct appropriate inquiries into the backgrounds and qualifications of Director candidates, including reference checks. As stated above, the NCGC will consider Director candidates recommended by stockholders utilizing the same criteria as candidates identified by the NCGC.

The NCGC Committee is also authorized to retain outside consultants to assist it in fulfilling any of its duties, including Board and Director assessment and Board evaluation.

### Board Leadership Structure

The Board is committed to having a sound governance structure that promotes the best interest of all Hanmi stockholders. Our leadership structure includes the following principles:

- We believe that yearly elections hold the Directors of the Board accountable to our stockholders, as each director is subject to re-nomination and re-election each year.  
All of the Directors are independent, except for C. G. Kum, President and Chief Executive Officer. The
- Board has affirmatively determined that the other eight (8) Directors nominated are independent under the SEC and NASDAQ corporate governance rules, as applicable.  
We have separated the positions of the Chairman of the Board and Chief Executive Officer, in the Company bylaws, to ensure the independence of the Chairman. The Chairman focuses on board oversight
- responsibilities, strategic planning and mentoring company officers. The Chairman also periodically represents Hanmi Bank at public functions. The Chief Executive Officer focuses on the development and execution of Company strategies.

We believe the Board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

### Board's Role in Risk Oversight

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organization objectives in the areas of strategy, operations, reporting, and compliance. The Board recognizes that these objectives are important to improve and sustain long-term organizational performance and stockholder value. A fundamental part of risk management is not only identifying the risks the Company faces and the steps management is taking to manage those risks, but also determining what constitutes the appropriate level of risk based upon the Company's activities and risk appetite.

The RCPC goes through an extensive review of the enterprise risk assessment on a quarterly basis with the guidance of the RCPC Chairperson and Hanmi Bank's Chief Risk Officer. The quarterly risk assessment is also reviewed at the Board quarterly. In this process, risk is assessed throughout the Company by focusing on six (6) areas of risk, including risks relating to: credit, liquidity, market, operations, compliance / legal and reputational. Risks that simultaneously affect different parts of the Company are identified, and an interrelated response is made. The Board provides ongoing oversight of enterprise-wide risks through a periodic enterprise risk assessment update.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the RCPC assists the Board in fulfilling its oversight responsibility with respect to regulatory, compliance, operational risk and enterprise risk management issues that affect the Company and works closely with the Company's legal and risk departments. The RCPC also oversees risks associated with the planned short- and long-term direction of the Company and ensures ongoing board involvement and oversight of the Company's three-year strategic plan. The Audit Committee helps the Board monitor

financial risk and internal controls from a risk-based perspective and oversees the annual audit plan. Reports from the Company's internal audit department are reviewed. The Loan and Credit Policy Committee oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Hanmi Bank's lending activities. The Asset Liability Committee oversees the implementation of an effective process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Hanmi Bank's balance sheet and associated activities. In overseeing compensation, the CHRC advocates for incentives that encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and in compliance with all laws and the Interagency Guidance on Incentive Compensation. The NCGC oversees compliance with the Code of Conduct and Business Ethics policies relating to employees and directors and conducts an annual assessment of corporate governance policies and any potential risk associated with governance and related party matters.

## Director Emeritus Plan

The Company recognizes that retiring directors have a great deal of institutional knowledge and that it is in the best interests of the Company to have access to such knowledge. On May 20, 2015, the Company approved a Director Emeritus Plan (the "Plan") for retiring directors. Shortly following a director's decision to retire, the Board's Compensation and Human Resources Compensation Committee may, at its sole discretion, nominate a retiring director for Emeritus status. Such recommendation will then be considered by the Board. If approved by the Board, and accepted by the retiring director, Emeritus status shall run as detailed in the schedule below.

A director must serve at least five years on the Board of Directors in order to be considered for the Plan. Each Director Emeritus will be entitled to 100% of the then current Board’s base cash retainer fee for Board membership. ## COMPENSATION DISCUSSION AND ANALYSIS

### Overview

This Compensation Discussion and Analysis (“CD&A”) describes our compensation philosophy, methodologies and our current practices with respect to the remuneration programs for our NEOs. The compensation programs of our NEOs are established, evaluated and maintained by the CHRC of Hanmi’s Board of Directors. The CHRC is comprised entirely of outside Directors that satisfy the NASDAQ listing requirements and relevant Code and SEC regulations on independence.

Of our stockholders who voted “for,” “against” or “abstained” from voting on last year’s say on pay vote, more than 99% voted “for” the advisory non-binding resolution to approve the compensation of named executive officers. As such, the Company has continued its past compensation philosophy.

### Compensation Philosophy and Objectives

The CHRC, composed entirely of independent directors, establishes and oversees the policies that create the foundation from which compensation practices are derived, including base salary, annual and long term incentives (equity plans), benefit packages and perquisites. The CHRC evaluates compensation levels of the executive management team, appraises relative performance, and considers executive management succession and related matters. The CHRC discloses all decisions involving the compensation of the NEOs to the full Board of Directors.

The policies and underlying philosophy governing the Bank’s executive compensation program, as endorsed by the CHRC and the Board of Directors, are designed to accomplish the following:

- Maintain a compensation program that is equitable in a competitive marketplace.
- Provide opportunities that integrate pay with the Company’s annual and long-term performance goals.
- Manage the risk profile of the Company by aligning risk mitigation within the performance of individual and Bank-wide goals.
- Encourage achievement of strategic objectives and creation of shareholder value.
- Recognize and reward individual initiative and achievements while managing risk.
- Maintain an appropriate balance between base salary and short- and long-term incentive opportunity.
- Allow the Company to compete for, retain, and motivate talented executives critical to its success consistent with its compensation philosophy.
- Allow the Company to effectively engage institutional shareholders. Hanmi values our shareholders and works to have open two-way communication on all matters of importance. We proactively seek out our shareholders’ opinions, as appropriate.
- Establish bonus structures subject to ‘Clawback’ in the event of material misstatement on the part of the participating executives.

The CHRC seeks to target executive compensation at levels that the Committee believes to be consistent with others in the banking industry. The executive officers’ compensation is weighted toward programs contingent upon the Company’s level of annual and long-term performance. In general, for senior management positions of the Company (including Company’s NEOs), the Company will pay base salaries that are competitive within our market and peer banks (those with asset size, complexity, products and markets are similar to Company). The salary levels for our executive management targets the 75<sup>th</sup> percentile of market for our Peer Group. Goals for specific components include:

- Base salaries for executives at 75<sup>th</sup> percentile of our Peer Group.
- Provide executive incentive compensation opportunities contingent upon the company’s annual and long-term performance.

We believe in providing the executive the opportunity to earn total compensation which is competitive within our market and Peer Group. However, if pre-determined individual and/or Company goals are not met then no incentive payment will be made. A mathematical equation will be used to determine each NEO’s annual cash incentive payment (as described below).

–

The performance criteria for the CEO's annual incentive bonus will be tied to the attainment of pre-determined annual goals at the Company level (as described below), though the Board is given some discretion in weighting additional factors contained in the Company's strategic plan. In 2015, each NEO with a full year of service had his or her annual incentive bonus tied to the attainment of both the Company's pre-determined annual goals and pre-determined individual annual goals (as described below).

- The performance criteria for the restricted stock grant to the CEO and COO is tied to total shareholder return. See Performance Restricted Stock Grant.

### Methodology for Establishing Compensation

The Company retained the services of Compensation Advisors to assist the CHRC in performing its various duties within industry practice. Compensation Advisors advises the CHRC on compensation programs for the NEOs and senior management of the Bank, including how incentives should be crafted and the bonus pool developed.

To assist the CHRC in its administration of the compensation programs for our NEOs, Hanmi gathers data from competing financial institutions. The compensation data is obtained from both proxy statements of publicly traded banks and from salary survey data provided by the California Department of Business Organizations. In addition to the market data, the CHRC also reviews and considers the recommendations from our Chief Executive Officer with respect to our NEOs other than our Chief Executive Officer.

In establishing the target compensation levels and pay mix for our NEOs, the CHRC periodically reviews publicly disclosed compensation data of geographically similar banks with total assets ranging between \$2.0 and \$9.0 billion (the "Peer Group"), including: Banc of California, Inc., Banner Corporation, BBCN Bancorp, Inc., BofI Holding, Inc., Columbia Banking System, Inc., CVB Financial Corp., First Financial Bankshares, Inc., Farmers & Merchants Bancorp, Heritage Financial Corporation, HomeStreet, Inc., Independent Bank Group, Inc., Legacy Texas Financial Group, Inc., Opus Bank, Old Second Bancorp, Inc., Southside Bancshares, Inc., TriCo Bancshares, Westamerica Bancorporation, and Wilshire Bancorp, Inc.

The Peer Group was selected to include banks comparable in size and those that Hanmi competes with in the market for executive talent. The survey data was used by the CHRC, along with the recommendations of our CEO, as a second point of reference in determining the appropriate levels of compensation and pay mix for our NEOs.

Although the decisions regarding the compensation levels are guided by the information provided from the Peer Group and survey data, the CHRC also takes into account the prevailing economic environment and the current financial condition of Hanmi. The objective of the CHRC is to establish compensation programs that are motivating but affordable, with the purpose of aligning the interests of our NEOs with those of our stockholders. The Company's current goal is to benchmark total compensation to the 75<sup>th</sup> percentile of Peer Group.

### Elements of the Compensation Program

The following describes the various components of the compensation mix that Hanmi provides to our NEOs, the objectives of each pay component and how each component is used to create a total competitive compensation package.

The CHRC provides our NEOs with a compensation package that includes annual base salary, short-term cash incentive compensation, long-term incentive awards, executive perquisites and a broad-based benefits program. Our Chief Executive Officer meets with the CHRC to review our Chief Executive Officer's compensation recommendation for the other NEOs.

### Annual Base Salary

Annual base salaries are the fixed portion of our NEOs' cash compensation and are intended to reward the day-to-day aspects of their roles and responsibilities. Our NEOs' annual salaries were set at the time they first joined the bank. The initial salaries were established by taking into account several factors including, but not limited to, the executive's experience, responsibilities, management abilities and past job performance. Hanmi targets base salaries for its NEOs at 75<sup>th</sup> percentile of the Peer Group. The CHRC believes that the fiscal year 2015 base salaries of Hanmi's NEOs are competitive with companies of similar size, including those in its Peer Group. Pay adjustments, if any, are generally made annually, after reviewing overall company performance, individual performance and the affordability of the increase.

For fiscal year 2015, Ms. Lee and Mr. Kim each received regular salary adjustments in line with those given to Hanmi staff generally as part of the Company's annual review and increases. Mr. Park received a \$20,000 increase to account for his promotion from Deputy Chief Credit Officer to Chief Credit Officer in April 2015. Mr. Santarosa was hired during 2015 and thus was not eligible for a salary adjustment. In February 2015, the CHRC completed a Peer Group analysis of executive compensation and determined that Mr. Kum's base salary was below the Peer Group median, and increased his base salary by \$100,000 to \$550,000, effective April 2015, placing his base salary more in line with the Company's compensation philosophy. Mr. Kum is the only Named Executive Officer who has an Employment Agreement with Hanmi. All other NEOs are employed at-will.

#### Short-Term Cash Incentive Compensation

In accordance with Hanmi's compensation philosophy, a significant portion of the compensation of our NEOs is performance-based. For each Named Executive Officer, target bonuses are stated as a percentage of annual base salary. The annual bonus payable to our President and Chief Executive Officer is capped at 100% of his annual base salary. The annual bonuses payable for 2015 to the other NEOs, Mr. McCall, Ms. Lee, Mr. Park and Mr. Kim are capped at [50%, 50%, 35% or 25%] of their respective annual base salary.

Generally, the CHRC reviews performance against pre-established financial and non-financial goals on an annual basis to determine the short-term cash incentive compensation of our NEOs. In 2015 the CHRC put in place an Annual Incentive Plan (the "AIP"). The AIP includes the concept of a minimal acceptable return ("MAR"). In other words if the requirements of the MAR are not met then no cash bonuses will be paid to the NEOs including the CEO. In 2015, the MAR had two requirements: (1) the Company must meet 85% of the 2015 budgeted net income and (2) satisfactory regulatory ratings in 2015. The MAR requirements were met in 2015.

Once the MAR requirements are met, each NEO has objective requirements that must be met in order to obtain part or all of their potential cash incentive.

In 2015, the CEO, Mr. Kum, had four requirements:

- (1) Net income of at least 95% of 2015 budgeted Return on Average Assets (25% weighting),
- (2) Non-Performing Assets to Total Assets Ratio of 1.18% by end of 2015 (25% weighting),
- (3) Efficiency Ratio target of 58.26% for fourth quarter of 2015 (25% weighting), and
- (4) Discretionary bonus awarded by the Board based on personal performance factors (25% weighting).

If the CEO meets 100% of each goal required he will be paid 100% of his annual base salary as a bonus. The CHRC determined that the CEO met 100% of goals #1, #2 and #3 for 75% credit. It was determined that the CEO met 80% of 25% of goal #4 based on the 8.7% increase in stock price year over year, 2015 net income of \$53.8MM (which was 29% higher than the 2015 budgeted net income), and completion of UCB system integration without any issues of significance. The CEO will be eligible for a bonus of up to 100% of his base salary to be payable in cash and/or equity, under the 2016 AIP.

Mr. Santarosa joined Hanmi in June 2015 and became CFO in November 2014 and thus was not eligible for any payout under the AIP, though he was granted significant equity upon his employment. The CFO will be eligible for a bonus of up to 50% of his base salary as a cash bonus under the 2016 AIP.

Mr. McCall left Hanmi prior to the pay out of the bonus for 2015, and thus was not paid any monies under the AIP. Had he remained employed through the bonus payout date in March 2016, he would have been measured on six requirements:

- (1) Achieve the Company's 2015 budgeted net income goal (20% weighting),
- (2) Satisfactory regulatory and internal audit (20% weighting),
- (3) Strengthen infrastructure of all departments in the finance area to ensure the production of accurate and timely financial information and to facilitate organic and acquisitive growth (15% weighting),
- (4) Implement or enhance systems to improve control environment and efficiency (15% weighting),
- (5) Support organizational growth initiatives through appropriate balance sheet, capital, interest rate and liquidity management / Maintain adequate funding sources and regulatory capital to support organic and acquisitive growth (15% weighting), and
- (6) Enhance profitability by increase of controls and improvement of systems that measure unit profitability (15% weighting).

If he had met 100% of each goal required he would have been paid up to 50% of his annual base salary as a cash bonus.

In 2015, the COO, Ms. Lee, had four requirements:

- (1) Achieve the Company's 2015 budgeted net income goal (25% weighting),
- (2) Maintain strong asset quality and satisfactory rating in audits and exams (25% weighting),
- (3) Meet Bank's 2015 loan and deposit budget (25% weighting), and
- (4) Successful completion of pending projects and new project assignments in 2015 (25% weighting).

If the COO meets 100% of each goal required she will be paid up to 50% of her annual base salary as a cash bonus. The CHRC gave the COO full credit for goals #1, #2 and #4 for 75% credit. It was determined that the COO met a portion of the loan and deposit goals and was given 94.8% of 25% credit for that goal. The COO will be eligible for a bonus of up to 50% of her base salary as a cash bonus under the 2016 AIP.

In 2015, the CCO, Mr. Park, had five requirements:

- (1) Improve and manage delinquency ratio in sustainable levels by effecting weekly delinquency meeting / Achieve lowered Non-Performing Loan pool in a sustainable level and decrease transition into Non-Performing Loan pool by use of effective exit strategy / Improve strategy to better manage CRE concentration and loan monitoring (20% weighting),
- (2) Improve approval turn-over / Restructure personnel to achieve higher quality credit decision / Increase and improve credit dialogue with frontline (20% weighting),

- (3) Improve loan approval memoranda / Develop Loan Grading Worksheet and covenant worksheet / Review and update Loan Policy to meet current Bank strategy and better comply with regulatory environment / Actively engage in credit training for seamless transition to new underwriting format (20% weighting),
- (4) Transition to MTS ALLL system / Improve ALLL methodology (20% weighting), and
- (5) Maintain strong asset quality and satisfactory rating in audits and exams (20% weighting).

If the CCO meets 100% of each goal required he will be paid up to 35% of his annual base salary as a cash bonus. The CHRC gave the CCO 100% credit for all goals. The CCO received 35% of his base salary for the 8 months he served as CCO, and 25% of his base salary for the first 4 months of 2015 when he served as Deputy CCO. The CCO will be eligible for a bonus of up to 35% of his base salary as a cash bonus under the 2016 AIP.

In 2015, the CAO, Mr. Kim, had four requirements:

- (1) Successful completion of projects related to instant debit/ATM cards, wire transfer service deadlines, electronic transaction notices for wire transfer transactions, EMV chip card technology and universal signature cards (25% weighting),
- (2) Successful completion of MIS projects related to updating former UCB telephone systems, relocating the Bank's disaster recovery site to a co-location in Texas and enhancing the Cybersecurity program (25% weighting),
- (3) Successful completion of Corporate Learning and Training projects relating to the Advisory Group for Hanmi Banking School, revamping the New Employee Orientation, launching Lynda.com, and leadership training for relationship-banking, sales and negotiation skills (25% weighting), and
- (4) Successful completion of purchasing and facility projects relating to the consolidation of vendors, fixed asset inventory for new Hanmi locations and implementation of a centralized filing system (25% weighting).

If the CAO meets 100% of each goal required he will be paid up to 25% of his annual base salary as a cash bonus. The CHRC gave the CAO 100% credit for goals #2 and #4. The CAO received 80% of 25% for goal #1 and 88% of 25% of goal #3. The CAO will be eligible for a bonus of up to 25% of his base salary as a cash bonus under the 2016 AIP.

#### Long-Term Incentive Awards

Long-term incentive awards, such as stock options and restricted stock, are the third key component of our NEOs' total compensation. The members of the CHRC believe that employee stock ownership is a significant incentive for our NEOs to build stockholder wealth, thereby aligning the interests of employees and stockholders. The members of the CHRC also believe that equity-based compensation complements the short-term cash incentive compensation by forcing executives to recognize the impact their short-term decisions might have on long-term outcomes. This compensation approach limits an executive's ability to reap short-term gains at the expense of Hanmi's long-term success. This is also an important tool in retaining NEOs.

On August 23, 2013 the stockholders approved the Hanmi Financial Corporation 2013 Equity Compensation Plan, as may be amended from time to time (the "2013 Plan"). The CHRC approves all stock option and restricted stock award grants and acts as an administrator of the 2013 Plan. The CHRC has not established grant guidelines; rather, the size, timing, and other material terms of the long-term incentive awards for our NEOs are made at the discretion of the CHRC. Factors considered by the CHRC include comparison to our peer group as described above and each executive's previous grant history. Stock options and restricted stock grants awarded are included in the Summary Compensation Table.

Mr. Kim received stock options and restricted stock awards pursuant to the 2013 Plan.

Mr. Kum, Mr. Santarosa, Mr. McCall, Ms. Lee and Mr. Park each received both stock options and restricted stock awards, pursuant to the 2013 Plan, upon their employment with Hanmi. See Grant of Plan-Based Awards Table.

In August 2015, Mr. Kum received 2,100 shares of restricted stock, vesting immediately, in recognition of the CEO's performance up to July 2015.

#### Performance Restricted Stock Grant

In February 2016, the CHRC granted Mr. Kum and Ms. Lee 99,010 and 49,505, respectively, in shares of restricted stock subject to performance requirements, vesting up to one quarter (1/4) in each of the next four years ("Performance Period"). Each year the performance requirements must be met or such stock applicable to that year of the Performance Period will be forfeited.

The performance measurement for each Performance Period shall be based on the Total Shareholder Return (or "TSR") with respect to a Share as compared to the Total Shareholder Return of the KBW Regional Banking Index ("KBW

Index”) over each such Performance Period. TSR is defined in relation to the change in stock value plus dividends of Shares as compared to the shares of company stocks contained in the KBW Index over each Performance Period. The Company must achieve a threshold performance in a given Performance Period to earn any portion of that Performance Period’s vesting opportunity. The companies constituting the KBW Index as of the beginning of each Performance Period will be compared with the companies in the KBW Index at the end of such

Performance Period and only those companies that are in the KBW Index at both times will be included in the KBW Index for purposes of the comparison. The chart below shows the portion of the total number of Performance Restricted Stock with respect to each Performance Period that will be subject to vesting based on the TSR measurement.

Level	Company TSR Relative to TSR of KBW Index	Performance Restricted Stock to vest (% of target payout for Award)
Threshold	Companies included in the 50 <sup>th</sup> Percentile	50%
Target	Companies included in the 75 <sup>th</sup> Percentile	100%

No Shares of Performance Restricted Stock will vest in any Performance Period in the event of performance below the Threshold Level. Vesting of the Performance Restricted Stock with respect to performance between the Threshold and Target performance levels for each Performance Period shall be determined by linear interpolation. Any portion of the Performance Restricted Stock applicable to a particular Performance Period that does not vest on the corresponding Vesting Date as a result of the achievement level of the performance measure shall be forfeited on such Vesting Date and shall not be subject to any further vesting.

In the event that a change in control of the Company occurs during Mr. Kum and Ms. Lee's service, the shares of restricted stock eligible to vest in that period based on actual achievement of performance measures measured through the date of the change in control will become fully vested, and any shares applicable to future periods not yet commenced will be forfeited. If the recipient is terminated by Company without cause or the recipient terminates for good reason (as those terms are defined under the terms of the awards), the shares of restricted stock eligible to vest in that period based on actual achievement of performance measures measured through the employment termination date will become fully vested, and any shares applicable to future periods not yet commenced will be forfeited. Upon breach of any restrictive covenants, the Company, in its sole and absolute discretion, may make written demand for forfeiture of any vested or non-vested shares. Any shares of performance restricted stock are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of any clawback policy of the Company as may be in effect from time to time.

#### Executive Perquisites

Our NEOs and other senior management employees receive the following benefits in addition to their other compensation: cellular phone allowance, automobile allowance, and gift cards for the holidays or graduation of a dependent. Mr. Kum, also receives a membership in a golf country club and the use of a company car and phone, in lieu of an auto and phone allowance, and One Million Dollars (\$1,000,000) in additional term life insurance. These benefits are detailed in the Summary Compensation Table.

#### Broad-Based Benefits Programs

Our NEOs participate in the benefit programs that are available to all full-time employees. These benefits include health, dental, vision, and life insurance, short-term and long-term disability insurance, healthcare reimbursement accounts, paid vacation, and contributions to a 401(k) profit sharing retirement plan.

#### Severance Arrangements

The Employment Agreement of Mr. Kum, contains provisions for severance arrangements in case of the involuntary termination of his employment by Hanmi and Hanmi Bank without cause (as such term is defined in his agreement). See Employment Agreements, for a further description. The other NEOs do not have any such severance arrangements.

#### Compensation Policy Risk Assessment

The CHRC reviews the compensation of our NEOs, as well as the overall compensation practices for the organization. Any performance incentive programs and the budgeting for annual salary adjustments are reviewed and approved by the CHRC before being presented to our full Board for ratification. An important aspect of the review is an assessment of whether the programs in any way encourage our NEOs or any other employee of Hanmi to take unacceptable risk, in the short or long term.

Section 304 of the Sarbanes-Oxley Act mandates the recovery of incentive awards that would not have otherwise been paid in the event we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for: (1) any bonus or other incentive, or equity-based compensation received during the twelve (12) months following the first public issuance or filing with the SEC (whichever first occurs) of the non-complying document; and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what

would have been paid to the executive officer under the accounting restatement. The Nasdaq Stock Market has not yet promulgated final rules implementing Section 954 of the Dodd-Frank Act.

### Employment Agreements

Mr. Kum joined Hanmi and Hanmi Bank as our President and Chief Executive Officer effective June 12, 2013. The terms of his employment agreement are described below.

- TERM: dated as of May 24, 2013, has a four-year term, which expires on the earlier of (i) June 12, 2017 or (ii) the effective date of termination of his employment pursuant to the terms of his Employment Agreement.
- COMPENSATION: annual base salary of \$450,000, which may be increased, but not decreased, in the sole discretion of the CHRC, and under the terms of his Employment Agreement, Mr. Kum is eligible to receive an annual bonus capped at 100% of his annual base salary. Mr. Kum's annual bonus, which is to be paid in cash and/or equity, is generally dependent on the attainment of certain financial goals set by the CHRC. See Short-Term Cash Incentive Compensation, above for a description of the 2015 goals. Under Mr. Kum's Employment Agreement, he is entitled to the use of a company car, a bank issued cellular telephone, membership in a golf country club, and payment of reasonable business related expenses. In addition, the Company shall reimburse Mr. Kum for premiums paid for term life insurance coverage of One Million Dollars (\$1,000,000) during the Term. In 2015, Mr. Kum's base salary was increased to \$550,000.
- EQUITY AWARDS: (i) grant of stock options to purchase 180,000 shares of Hanmi common stock under the 2013 Plan, vesting ratably in equal installments over three years and (ii) grant of 30,000 restricted shares of Hanmi common stock under the 2013 Plan, vesting ratably in equal installments over three years, subject to stockholder approval of the 2013 Plan at the Annual Meeting. Each award is subject to Mr. Kum continuing employment with the Company. Mr. Kum was eventually granted 41,832 restricted shares instead of 30,000 due to the delay in grant.
- TERMINATION WITHOUT CAUSE: if Mr. Kum's employment is terminated by Hanmi and Hanmi Bank without cause (as defined in the Employment Agreement), then, subject to his execution of an effective general release of claims, Mr. Kum is entitled to receive (i) continuation of his then annual base salary for one year, (ii) the pro-rated portion of his bonus for the prior year based on the number of days worked during the year of termination, (iii) any accrued and/or unpaid salary, unused vacation, expense reimbursements and other benefits to which he is entitled, and (iv) reimbursement of health insurance premiums, subject to certain limitations. In addition, all outstanding and then unvested stock options, restricted stock and other equity awards granted to Mr. Kum under any of the Company's equity incentive plans will be deemed to have vested as if Mr. Kum's employment has continued for one year following his actual termination date.
- TERMINATION FOLLOWING A CHANGE IN CONTROL: if within 18 months following a change in control (as defined in the Employment Agreement) of the Company, if Hanmi and Hanmi Bank terminates Mr. Kum's employment without cause or he terminates his employment for good reason (as defined in the Employment Agreement), then, subject to his execution of an effective general release of claims and certain limitations, Mr. Kum is entitled to receive (i) any accrued and/or unpaid salary, unused vacation, expense reimbursements and other benefits to which he is entitled, and (ii) two times the sum of (a) his then current annual base salary and (b) the then maximum annual bonus amount. In addition, in the event of any change in control of the Company, all of Mr. Kum's equity awards will fully and automatically vest.

### Other Executives

Hanmi does not have an employment agreement with any other executives. All other executives are employed "at-will," Hanmi does not owe any cash compensation to other executives in the event of a termination of employment or a change in control of Hanmi other than accrued salary and accrued vacation not used. However, the RSAs, other than those held by Mr. Kum and Ms. Lee granted in February 2016 (see Performance Restricted Stock Grant above), held by executives will automatically vest upon a change in control and thus have value.

#### Administrative Policies and Practices

To evaluate and administer the compensation programs of our NEOs, the CHRC meets at least four times a year. In addition, the CHRC also holds special meetings to discuss extraordinary items. At the end of a meeting, the CHRC may choose to meet in executive session, when necessary. During the fiscal year 2015, the CHRC met eight (8) times.

#### Stock Ownership Guidelines

Each director is encouraged to own shares of common stock of the Company at a level that demonstrates a meaningful commitment to the Company and the Bank, and to better align the director's interests with the Company's stockholders. A director's stock ownership will be one of the factors considered in deciding whether to nominate or appoint a director to the Board of Directors of the Bank.

All directors should acquire (and thereafter maintain ownership of) at least 5,000 shares of the Company's common stock. Directors are expected to meet the ownership standards set forth herein within three years of January 2015 (the "Start Date"). All new directors appointed or elected after the Start Date are expected to meet the ownership standards within three years of their first day as a director. In addition to the stock ownership guidelines described above, each director who acquires shares of Company common stock

through the exercise or vesting of a stock option, stock appreciation right or restricted stock will be required to retain 50% of the “net” shares acquired (net of tax impact that the exercise or vesting has on the individual) for at least 12 months following the date of exercise or vesting, or such earlier time if the individual ceases to be a member of the Board as a result of death, disability, illness, resignation, termination or other reason.

Directors and Named Executive Officers are not allowed to enter into hedging and pledging transactions, including the use of margin accounts with HAFC common stock held individually or in a trust controlled by such individual.

#### Tax Deductibility of Executive Officer Compensation

Section 162(m) of the Code, precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four highest paid executive officers other than the Chief Executive Officer, unless certain criteria are satisfied. However, performance-based compensation that has been approved by stockholders is excluded from the \$1 million limit. The CHRC will continue to carefully consider the impact of Section 162(m) in determining the appropriate pay mix and compensation levels for our NEOs and will comply with the deduction requirements of Section 162(m).

## POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL

The tables below set forth payments upon termination of employment that each NEO would have been entitled to if they were terminated on December 31, 2015.

Mr. Kum's Employment Agreement provides for payment of certain benefits in the event of various termination scenarios. For termination for cause or voluntary resignation, Mr. Kum will receive accrued and/or unpaid salary and other benefits to which he is entitled. For termination without cause, Mr. Kum is entitled to payment of his then current base salary for one year, the pro-rated portion of his bonus (which is up to \$550,000 for 2015), any accrued and/or unpaid salary, accelerated vesting of his equity awards, reimbursement for COBRA payments for a period of 18 months (\$50,399 for the 18 month period) and other benefits to which he is entitled. If Mr. Kum is (1) terminated within 18 months of a change in control event, he is entitled to receive two times the sum of (a) his then current base salary and (b) the then-maximum annual bonus amount as well as any other accrued and/or unpaid salary and other benefits to which he is entitled, including COBRA payments which are included in the Total Termination Benefits column. In the event of his death or disability, Mr. Kum is entitled to any accrued and/or unpaid salary and other benefits to which he is entitled. Mr. Kum has one million dollars in personal life insurance coverage provided by the Company. As of December 31, 2015, the value of Mr. Kum's accrued vacation was \$6,664.

All full time employees of the Company and the Bank are entitled to death benefits of \$150,000. As of December (2) 31, 2015, the value of Mr. Santarosa's accrued vacation was \$2,685, Ms. Lee's accrued vacation value was \$12,991, Mr. Park's accrued vacation value was \$13,579, Mr. Kim's accrued vacation value was \$21,938.

The 2013 Plan allows for vesting of all non-vested RSAs upon a change in control. This calculation assumes that each NEO's restricted stock awards were paid out, at the closing price on December 31, 2015, of \$23.72 per share. On August 28, 2013, Mr. Kum was granted 41,831 RSAs, Ms. Lee 15,000 RSAs and Mr. Kim 10,000 RSAs, (3) respectively. On August 1, 2014, Mr. Park was granted 5,000 RSAs. On June 8, 2015, Mr. Santarosa was granted 12,500 RSAs.

Upon a change in control the remaining RSAs would be paid out to: Mr. Kum 13,944 RSAs for a value of \$330,752; Mr. Santarosa 12,500 RSAs for a value of \$296,500; Ms. Lee 5,000 RSAs for a value of \$118,600; Mr. Park 3,334 RSAs for a value of \$79,082; and Mr. Kim 3,334 RSAs for a value of \$79,082.

The 2013 and 2007 Plans each allows for the vesting of all Stock Options upon a change in control. This calculation assumes that each NEO would exercise all "in the money" accelerated stock options at the closing price on December 31, 2015. On August 28, 2013, Mr. Kum was granted 180,000 stock options with a grant price of \$16.43, Ms. Lee 50,000 stock options with a grant price of \$16.43, and Mr. Kim 25,000 stock options with a grant price of \$16.43, respectively. On August 1, 2014, Mr. Park was granted 3,000 stock options with a grant price of \$20.64. On June 8, 2015, Mr. Santarosa was granted 25,000 stock options with a grant price of \$23.31.

- (4) Upon a change in control, the unvested stock options would be accelerated as follows:
- For Mr. Kum, Ms. Lee and Mr. Kim, the stock options would have a value of \$7.29. Mr. Kum 60,000 options for a value of \$437,400; Ms. Lee 16,667 options for a value of \$121,502; and Mr. Kim 8,335 options for a value of \$60,762;
  - For Mr. Santarosa, the stock options would have a value of \$0.41 each or a total value of \$10,250; and
  - For Mr. Park, the stock options would have a value of \$3.08 each or a total value of \$6,160.

Mr. McCall is not included in the above chart because he was not employed with the Company on December 31, 2015. Mr. McCall's last day with the Company was December 18, 2015; he received no benefits or payments in connection with his departure from the Company, other than his accrued vacation.

(1) All equity awards made by Hanmi shown in the chart are pursuant to the 2013 Plan.

Pursuant to SEC regulations regarding the valuation of equity awards, amounts represent the applicable grant date fair values of stock awards in accordance with FASB ASC Topic 718. The grant date fair value is calculated using the closing market price of our Common Stock on the grant date, which is then recognized, subject to market value changes, over the scheduled vesting period of the award. The assumptions used in the calculation of these amounts

The following table complements the “Summary Compensation Table” disclosure of the grant date fair value of stock and option awards granted to Hanmi’s NEOs during the fiscal year ended December 31, 2015:

#### GRANTS OF PLAN-BASED AWARDS

Name	Grant Date	All Other Stock Awards: Number of Shares of Stock or Units (#)	All Other Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards <sup>(1)</sup> (\$/Share)	Grant Date Fair Value of Stock and Option Awards <sup>(2)</sup>

The amounts reflect the grant date fair value computed in accordance with FASB ASC Topic 718. The assumptions used in the calculation of these amounts for the fiscal year ended December 31, 2015 are included in

### Equity Compensation Plans

The Company previously maintained the 2000 Stock Option Plan (the “2000 Plan”) and the 2007 Plan. The Company currently maintains the 2013 Plan, which was approved by the stockholders on August 23, 2013.

#### 2000 and 2007 Plan

The 2007 Plan provided for grants of non-qualified and incentive stock options, restricted stock, stock appreciation rights and performance shares to non-employee directors, officers, employees and consultants of Hanmi and its subsidiaries. The 2000 Plan provided for the grant of non-qualified and incentive stock options. Although no future stock options may be granted under the 2000 Plan or 2007 Plan, certain employees, directors and officers of Hanmi and its subsidiaries still hold options to purchase Hanmi common stock under the 2000 Plan and 2007 Plan, respectively.

The 2007 Plan provided for several different types of equity awards in addition to stock options and restricted stock awards. Stock options granted under the 2007 Plan generally vest over a five-year period, with 20 percent becoming exercisable one-year following the grant date, and 20 percent thereafter on each anniversary of the grant date. All stock options are granted with a ten-year term and have an exercise price equal to the fair market value of Hanmi’s common stock on the date of grant. Restricted stock granted under the 2007 Plan also generally vest over a five-year period, with 20 percent becoming vested one-year following the grant date, and 20 percent thereafter on each anniversary of the grant date.

#### 2013 Plan

A key objective of the 2013 Plan is to provide more flexibility in the types of equity incentives that may be offered to employees, non-employee directors and consultants. The 2013 Plan provides for discretionary grants of the following types of awards: Incentive Stock Options; Non-Qualified Stock Options; Restricted Stock Awards; Restricted Stock Unit Awards; Stock Appreciation Rights; Bonus Stock Awards; Dividend Equivalents; Stock Bonuses; Performance Awards; and Other Stock-Based Awards. Stock options granted under the 2013 Plan generally vest over a three-year period, with one-third becoming exercisable one-year following the grant date, and one-third thereafter on each anniversary of the grant date. All stock options are granted with a ten-year term and have an exercise price equal to the fair market value of Hanmi’s common stock on the date of grant. Restricted stock granted under the 2013 Plan also generally vest over a three-year period, with one-third becoming vested one-year following the grant date, and one-third thereafter on each anniversary of the grant date.

The 2013 Plan provides Hanmi flexibility to (i) attract and retain qualified non-employee directors, executives and other key employees and consultants with appropriate equity-based awards, (ii) motivate high levels of performance, (iii) recognize employee contributions to Hanmi’s success, (iv) enable such persons to acquire or increase a proprietary interest in Hanmi in order to strengthen the mutuality of interests between such persons and stockholders, and (v) provide such persons with performance incentives to expend their maximum efforts in the creation of stockholder value. The maximum number of shares of Hanmi common stock that may be issued pursuant to equity incentive awards granted under the 2013 Plan is 1,500,000.

The following table shows information as of December 31, 2015, for Hanmi’s NEOs concerning unexercised options, stock that has not vested, and Equity Incentive Plan Awards.

#### Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Act of 1933, as amended, or under the Securities Act of 1934, as amended (the "Exchange Act"), Hanmi's Directors, executive officers, and any persons holding ten percent (10%) or more of Hanmi's common stock are required to report their ownership of common stock and any changes in that ownership to the SEC and to furnish Hanmi with copies of such reports. Specific due dates for these reports have been established, and Hanmi is required to report any failure to file on a timely basis by such persons. Based solely upon a review of copies of reports filed with the SEC during the fiscal year ended December 31, 2015, Hanmi believes that all persons, subject to the reporting requirements of Section 16(a) of the Exchange Act, have filed all required reports on a timely basis.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS; DIRECTOR INDEPENDENCE

### Certain Relationships and Related Transactions

Some of Hanmi's Directors and executive officers and their immediate families, as well as the companies with which they are associated, are customers of, or have had banking transactions with, Hanmi or Hanmi Bank in the ordinary course of Hanmi's business, and Hanmi expects to have banking transactions with such persons in the future. There is no amount of indebtedness owed to Hanmi or Hanmi Bank by the principal officers (considered "Regulation O Officers") and current Directors of Hanmi (including associated companies) as of December 31, 2015, other than an SBA loan made to Christie K. Chu and a family member in 2008 which was a term loan to business, made on arms-length terms before her 2015 appointment to our Boards. If credit was to be extended to a Regulation O Officer or a Director, in management's opinion, all loans and commitments to lend included in such transactions would be made in the ordinary course of business, in compliance with applicable laws on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and would not involve more than a normal risk of repayment or present other unfavorable features.

### Review, Approval or Ratification of Transactions with Related Persons

Hanmi has adopted Corporate Governance Guidelines and the Director Code of Business Conduct and Ethics, both of which regulate and monitor related person transactions. These policies require that executive officers, Directors, five-percent (5%) stockholders, and their family members and entities for which any of those persons serve as officers or partners or in which they have a ten percent (10%) or greater interest, must notify Hanmi's Corporate Secretary before entering into transactions or other arrangements with Hanmi or any of its affiliates (other than loans subject to Regulation O promulgated by the Board of Governors of the Federal Reserve System such as loans exceeding \$25,000). Hanmi's Corporate Secretary will determine whether, under these guidelines, the transaction or arrangement should be submitted to the Audit Committee for review and approval. In determining whether to submit proposed transactions to the Audit Committee for consideration, Hanmi's Corporate Secretary will consider, among other things, the aggregate value of the proposed transaction and whether the related person has an indirect or direct material interest in the transaction. The Audit Committee will review all relevant material information and consider, among other things, the benefits to Hanmi of the proposed transaction, and whether the terms of the proposed transaction are comparable to the terms available to an unrelated third party and employees generally. These policies also include provisions for the review and possible ratification of transactions and arrangements that are entered into without prior review.

None of our other affiliates entered into any related-party transactions that required review, approval, or ratification under these policies in 2015.

### Director Independence

Our Board has determined that all of its Directors are independent under the applicable listing standards of NASDAQ, except for C. G. Kum, who also serves as the President and Chief Executive Officer of Hanmi.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Board of Directors and Nominees

Hanmi's Amended and Restated Certificate of Incorporation and Amended and Restated Bylaws provide for a Board of Directors consisting of no less than seven (7) and no more than fifteen (15) Directors, the exact number within this range to be determined by our Board. Currently, our Board consists of ten (10) Directors, though one plans to retire and not stand for nomination at our 2016 annual meeting of stockholders. Subject to their earlier resignation or retirement, Directors elected at the Annual Meeting will serve until the 2017 annual meeting of stockholders and until their successors are elected and qualified. Our Board has identified certain core competencies that its Directors should possess, including broad experience in business, finance, accounting, risk management, strategic planning, marketing or administration, familiarity with national and international business matters, familiarity with the Company's industry and ability to understand the Company's business. In addition to possessing one or more of these core competencies, the members of our Board should have and demonstrate personal qualities such as integrity, leadership, community prominence and reputation. The experience, skills and qualifications contributed by each of our Directors should diversify and complement the core competencies of our collective Board. Our Board believes that each Director nominee satisfies our director qualification standards and accordingly nominates: John J. Ahn, Christie K. Chu, Harry Chung, Paul Seon-Hong Kim, C. G. Kum, Joon Hyung Lee, Joseph K. Rho, David L. Rosenblum and Michael Yang. In addition to each Director nominee's professional experience outlined in the table below, our Board believes that each Director nominee has other key attributes that are important to an effective Board of Directors, such as, integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience, and thought; and the commitment to devote significant time and energy to service on our Board and its Committees.

The Director nominees receiving a majority of the votes cast, in uncontested elections, will be elected. In contested elections, the Company will use plurality voting with a resignation requirement. Each Director nominee has indicated their willingness to serve on our Board. Each proxy will be voted "for" the election of such Director nominees unless instructions are given on the proxy to vote "against" such Director nominees. In the event a Director nominee is unable to serve, your proxy will be voted for an alternative Director nominee as determined by our Board.

None of the Director nominees was nominated pursuant to any arrangement or understanding. There are no family relationships among the Director nominees or the executive officers of Hanmi. As of the date hereof, no Director nominee holds a directorship with another company that has a class of securities registered pursuant to Section 12 of the Securities Exchange Act of 1934, or the Exchange Act, or subject to the requirements of Section 15(d) of the Exchange Act, or any company registered as an investment company under the Investment Company Act of 1940, as amended.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE “FOR” EACH OF THE NINE DIRECTOR NOMINEES

PROPOSAL NO. 2

NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Company believes that our overall executive compensation program, as described in this proxy statement, is designed to pay for performance and directly aligns the interest of our executive officers with the long-term interests of our stockholders.

The Dodd–Frank Act enables our stockholders to vote to approve, on a nonbinding basis, the compensation of our NEO’s as disclosed in this Proxy Statement in accordance with the SEC’s rules. Accordingly, the Company gives you the stockholder the opportunity to vote for or against the following resolution:

“Resolved, that the stockholders of Hanmi Financial Corporation (“Hanmi”) hereby approve the compensation of our Named Executive Officers as reflected in the Summary Compensation Table, pursuant to Item 402 of Regulation S-K, of the Hanmi Proxy Statement for the 2016 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion contained in the Proxy Statement.”

Because your vote is advisory, it will not be binding upon the Board of Directors. In the event this nonbinding proposal is not approved by our stockholders, then such a vote shall neither be construed as overruling a decision by our Board of Directors or our CHRC, nor create or imply any additional fiduciary duty by our Board of Directors or our CHRC, nor further shall such a vote be construed to restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. Notwithstanding the foregoing, the Board of Directors and the CHRC will consider the nonbinding vote of our stockholders on this proposal when reviewing compensation policies and practices in the future.

Our overall executive compensation policies and procedures are described in the Compensation Discussion and Analysis and the tabular disclosure regarding NEO compensation (together with the accompanying narrative disclosure) in this document. ## PROPOSAL NO. 3

## RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the appointment by the Audit Committee of KPMG LLP (“KPMG”) as our independent registered public accounting firm for the fiscal year ending December 31, 2016. KPMG served as our independent registered public accounting firm for the fiscal year ended December 31, 2015 and has served as our independent registered public accounting firm since 2001. KPMG has advised us that it has no direct or indirect financial interest in us. Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions. If this proposal is not approved at the Annual Meeting, the Audit Committee will reconsider this appointment. Under applicable SEC regulations, the selection of our independent registered public accounting firm is solely the responsibility of the Audit Committee.

The following table sets forth information regarding the aggregate fees billed for professional services rendered by KPMG for the fiscal years ended December 31, 2015 and 2014:

(3) All other fees in fiscal year 2014 were for professional services relating to tax-related M&A due diligence review. A small portion of the fees in 2014 related to tax controversy work. All other fees in 2015 related to the use of an effective yield model for tax compliance reporting on acquired loans.

There were no other fees billed by KPMG for advice or services rendered to Hanmi other than as described above.

## Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has established “Pre-Approval Policies and Procedures” for independent auditor services. Any proposed services not pre-approved or exceeding pre-approved cost levels require specific pre-approval by the Audit Committee. The Audit Committee may not delegate to management its responsibilities to pre-approve services performed by the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. In 2014 and 2015, the Audit Committee Chairperson was permitted to approve fees up to \$25,000 with the requirement that any pre-approved decisions be reported to the Audit Committee at its next scheduled meeting. All services provided by KPMG in 2014 and 2015 were pre-approved in accordance with the Audit Committee’s pre-approval requirements.

## Ratification

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as the Company’s independent registered public accounting firm. However, we are submitting the selection of KPMG to our stockholders for ratification to obtain our stockholders’ views. If our stockholders fail to ratify the selection of KPMG, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection of KPMG is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our and our stockholders’ best interests.
