MIND CTI Reports EPS of 5 cents in Q1 2005

* Positive Operating Cash Flow of \$2 Million

Yoqneam, Israel, April 20, 2005- MIND C.T.I. LTD. (NASDAQ: MNDO), a leading global provider of real-time mediation, rating, billing and customer care solutions for pre-paid and post-paid voice, data and content, today announced results for the first quarter ended March 31, 2005.

Key Highlights of Q1 2005

- Revenues were \$3.08 million, a 23% decrease from \$4 million in the first quarter of 2004.
- FNet income for the first quarter was \$1.03 million or \$0.05 per diluted share, compared with a net income of \$1.34 million or \$0.06 per diluted share in the first quarter of 2004.
- Five new customer wins.
- The company generated \$2.05 million in cash this quarter and distributed \$6.88 million in annual dividends. Cash position remains strong with \$46.66 million on the balance sheet on March 31, 2005.

Monica Eisinger, MIND chairperson and chief executive officer, commented: "After over two years of strong growth the market is showing some signs of fatigue this quarter, with both existing and potential customers delaying commitments.

We are encouraged by a slight improvement towards the end of the quarter and expect to see sequential revenue growth in the second quarter.

We are pleased that we maintained positive operating income and we believe that we maintained our market share.

We continue to believe that the migration to converged networks is irreversible and we continue to invest in expanding our solutions to the new growing needs of billing for triple-play (voice, data and video). With an eye on expenses, we continue to recruit senior executives as we believe that the company will need a skilled management team to take advantage of the growth opportunities over the next few quarters and years. Although normal fluctuations in the business should be expected, we believe the long-term carrier migration to IP will result in revenue growth and profitability enhancement over the next few years."

Revenue Distribution for Q1 2005

The geographic revenue breakdown, as a percentage of total revenues, was as follows: sales in Europe represented 48%, the Americas represented 14%, Africa represented 12%, APAC represented 16% and Israel represented 10%.

Revenue from our customer care and billing software totaled \$2.34 million, while revenue from our enterprise call management software was \$741 thousand. The revenue breakdown from our business lines of products was \$1.54 million, or 50%, from licenses, \$1.28 million, or 41%, from maintenance and \$265 thousand, or 9%, from services.

New Board Member

At the Annual General Meeting held in April 2005, Mr. Menahem Shalgi was elected as an outside director of the company. Mr. Menahem Shalgi is a senior Amdocs Inc. (NYSE: DOX) veteran, and brings over three decades of software and telecom industry experience. Mr. Shalgi recently served as Amdocs' VP Business Development and M&A. He was responsible for leading the company's new businesses strategy and in addition, Mr. Shalgi was responsible for investments and acquisitions. Prior to assuming the role of corporate Business Development and M&A, Mr. Shalgi was Amdocs VP and Executive Account Manager, responsible for Marketing, Sales, Development and Support for large international accounts.

New Executive Addition

We continue to add experienced people to further strengthen our management team. In April 2005 Mr. Benny Rosenbaum joined us to serve as COO, a new position at MIND. Prior to joining our company, he was CEO of a start-up in the Enterprise Software field and prior to that he was employed by Magic Software (NASDAQ: MGIC) for 14 years, where he served in various Sales, Business Development and Branch management positions.

As of March 31, 2005, we had 252 employees in our offices in Israel, Romania, the United States and China.
