About Motorcar Parts of America, Inc.

We are a leading manufacturer, remanufacturer, and distributor of aftermarket automobile parts. After the Bankruptcy, as defined below, we have one reportable segment. Within this segment, we manufacture and remanufacture alternators and starters for import and domestic cars, light trucks, heavy duty, agricultural and industrial applications. On June 10, 2013, certain of Motorcar Parts of America, Inc.’s subsidiaries, Fenwick Automotive Products Limited, or FAPL, Introcan, Inc., or Introcan, and Introcan’s direct and indirect subsidiaries, Flo-Pro Inc., LH Distribution Inc., Rafko Logistics Inc., Rafko Holdings Inc. and Rafko Enterprises Inc., or collectively the Debtors, each filed a voluntary petition for relief under Chapter 7 of Title 11 of the United States Code in the U.S. Bankruptcy Court for the District of Delaware, or the Bankruptcy. George L. Miller has been appointed as the Chapter 7 Trustee of the Bankruptcy and is in the process of liquidating the Debtors’ assets.

The aftermarket for automobile parts is divided into two markets. The first market is the do-it-yourself, or DIY, market, which is generally serviced by the large retail chain outlets. Consumers who purchase parts from the DIY channel generally install parts into their vehicles themselves. In most cases, this is a less expensive alternative than having the repair performed by a professional installer. The second market is the professional installer market, commonly known as the do-it-for-me, or DIFM, market. This market is serviced by the traditional warehouse distributors, the dealer networks, and the commercial divisions of retail chains. Generally, the consumer in this channel is a professional parts installer. Our products are distributed to both the DIY and DIFM markets and are distributed predominantly throughout North America. We sell our products to the largest auto parts retail and traditional warehouse chains and to major automobile manufacturers for both their aftermarket programs and their warranty replacement programs. Demand and replacement rates for aftermarket remanufactured automobile parts generally increase with the age of vehicles and increases in miles driven.

Historically, the largest share of our business was in the DIY market. While that is still the case, our DIFM business is now a significant part of our business. In difficult economic times, we believe consumers are more likely to purchase lower cost replacement parts in both the DIY and DIFM markets. We focus on supplying both these channels with the most cost efficient replacement parts for the consumer to purchase.

The DIFM market is an attractive opportunity for growth. We are positioned to benefit from this market opportunity in two ways: (1) our auto parts retail customers are expanding their efforts to target the DIFM market and (2) we sell our products under private label and our own brand names directly to suppliers that focus on professional installers. In addition, we sell our products to original equipment manufacturers for distribution to the professional installer both for warranty replacement and their general aftermarket channels. We have been successful in growing sales in our rotating electrical segment to this market.

While we continually seek to diversify our customer base, we currently derive, and have historically derived, a substantial portion of our sales from a small number of large customers. To mitigate the risk associated with this concentration of sales, we have or are renegotiating long-term agreements with many of our major customers. The increased demand for product as a result of entering into these longer-term agreements often requires that we increase our inventories, accounts payable and personnel. Customer demands that we purchase their remanufactured core

inventory have also been a significant and an additional strain on our available working capital. The marketing and other allowances we typically grant our customers in connection with our new or expanded customer relationships adversely impact the near-term revenues, profitability and associated cash flows from these arrangements. However, we believe the investment we make in these new or expanded customer relationships will improve our overall liquidity and cash flow from operations over time.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus involves risks. For more information, see “Information Incorporated by Reference.” Although we are currently compliant with the covenants under the Financing Agreement, we have obtained amendments and waivers from time to time in the past as described under “Summary” and cannot assure you that we will not seek or obtain any amendments or waivers in the future.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Information set forth in this prospectus and the information incorporated by reference herein may contain various “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, Section 21 of the Exchange Act and pursuant to the Private Securities Litigation Reform Act of 1995. For example, words such as “may,” “will,” “should,” “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates” and similar expressions of such words are intended to identify forward-looking statements. Various factors could cause actual results to differ materially from those projected in such statements. These factors include, but are not limited to:

- the significant strain on working capital associated with large remanufactured core inventory purchases from customers;
- our ability to obtain any additional financing we may seek or require;
- our ability to achieve positive cash flows from operations;
- potential future changes in our previously reported results as a result of the identification and correction of errors in our accounting policies or procedures or the potential material weaknesses in our internal controls over financial reporting;
- lower revenues than anticipated from new and existing relationships;
- our failure to meet the financial covenants or the other obligations set forth in our bank credit agreements and the banks’ refusal to waive any such defaults;
- any meaningful difference between projected production needs and ultimate sales to our customers;

• increases in interest rates;

• changes in the financial condition of any of our major customers;

- the potential for changes in consumer spending, consumer preferences and general economic conditions;
- increased competition in the automotive parts industry, including increased competition from Chinese and other offshore manufacturers;
- difficulty in obtaining used cores and component parts or increases in the costs of those parts;
- political, criminal or economic instability in any of the foreign countries where we conduct operations;

Given these risks, uncertainties and other factors, you should not place undue reliance on these forward-looking statements. Also, these forward-looking statements represent our estimates and assumptions only as of the date such forward-looking statements are made. You should read carefully this prospectus and the information incorporated herein by reference as described under the heading “Information Incorporated by Reference,” completely and with the understanding that our actual future performance may be materially different from what we expect. We hereby qualify all of our forward-looking statements by these cautionary statements. Except as required by law, we assume no obligation to update these forward-looking statements publicly or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

ABOUT THIS OFFERING

The securities offered in this prospectus relate to the potential resale of up to 516,129 shares of our common stock, which are issuable by us to Wanxiang America Corporation, or the selling securityholder, upon the exercise by the selling securityholder of common stock warrants pursuant to the Warrant to Purchase Common Stock, dated August 22, 2012, issued by us to the selling securityholder, or the Warrant.

Pursuant to the terms of the Warrant, the selling securityholder may purchase up to 516,129 shares of our common stock, each such share a Warrant Share and all such shares the Warrant Shares, for an initial exercise price of \$7.75 per share, or the Exercise Price, exercisable at any time through and including September 30, 2017. The Exercise Price is subject to adjustments for (i) sales of our common stock or options or other securities exercisable or convertible into our common stock by us at a price below the Exercise Price, (ii) stock dividends and splits and (iii) mergers, consolidations, or the sale of substantially all of our assets, among other events. Upon any and each adjustment of the Exercise Price, the number of Warrant Shares issuable upon the exercise of the Warrant immediately prior to any such adjustment will be increased to a number of Warrant Shares equal to the quotient obtained by dividing (i) the product of (A) the Exercise Price in effect immediately prior to any such adjustment multiplied by (B) the number of Warrant Shares issuable upon exercise of the Warrant immediately prior to any such adjustment; by (ii) the Exercise Price resulting from such adjustment.

PLAN OF DISTRIBUTION

The selling securityholders, or their pledgees, donees, transferees, or any of their successors in interest selling shares received from a named selling securityholder as a gift, partnership distribution or other non-sale-related transfer after the date of this prospectus (all of whom may be selling securityholders), may sell the securities from time to time on any stock exchange or automated interdealer quotation system on which the securities are traded, in the over-the-counter market, in privately negotiated transactions or otherwise, at fixed prices that may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at prices otherwise negotiated. The selling securityholders may sell the securities by one or more of the following methods, without limitation:

- (a) block trades in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- (b) purchases by a broker or dealer as principal and resale by the broker or dealer for its own account pursuant to this prospectus;
- (c) an exchange distribution in accordance with the rules of any stock exchange on which the securities are listed;
- (d) ordinary brokerage transactions and transactions in which the broker solicits purchases;
- (e) privately negotiated transactions;
- (f) short sales;
- (g) through the writing of options on the securities, whether or not the options are listed on an options exchange;
- (h) through the distribution of the securities by any selling securityholder to its partners, members or securityholders;
- (i) one or more underwritten offerings on a firm commitment or best efforts basis; and
- (j) any combination of any of these methods of sale.

The selling securityholders may also transfer the securities by gift. We do not know of any arrangements by the selling securityholders for the sale of any of the securities.

The selling securityholders may engage brokers and dealers, and any brokers or dealers may arrange for other brokers or dealers to participate in effecting sales of the securities. These brokers, dealers or underwriters may act as principals, or as an agent of a selling securityholder. Broker-dealers may agree with a selling securityholder to sell a specified number of the securities at a stipulated price per security. If the broker-dealer is unable to sell securities acting as agent for a selling securityholder, it may purchase as principal any unsold securities at the stipulated price. Broker-dealers who acquire securities as principals may thereafter resell the securities from time to time in transactions in any stock exchange or automated interdealer quotation system on which the securities are then listed, at prices and on terms then prevailing at the time of sale, at prices related to the then-current market price or in negotiated transactions. Broker-dealers may use block transactions and sales to and through broker-dealers, including transactions of the nature described above. The selling securityholders may also sell the securities in accordance with Rule 144 under the Securities Act, rather than pursuant to this prospectus, regardless of whether the securities are covered by this prospectus.

Table of Contents

From time to time, one or more of the selling securityholders may pledge, hypothecate or grant a security interest in some or all of the securities owned by them. The pledgees, secured parties or persons to whom the securities have been hypothecated will, upon foreclosure in the event of default, be deemed to be selling securityholders. The number of a selling securityholder's securities offered under this prospectus will decrease as and when it takes such actions. The plan of distribution for that selling securityholder's securities will otherwise remain unchanged. In addition, a selling securityholder may, from time to time, sell the securities short, and, in those instances, this prospectus may be delivered in connection with the short sales and the securities offered under this prospectus may be used to cover short sales.

To the extent required under the Securities Act, the aggregate amount of selling securityholders' securities being offered and the terms of the offering, the names of any agents, brokers, dealers or underwriters and any applicable commission with respect to a particular offer will be set forth in an accompanying prospectus supplement. Any underwriters, dealers, brokers or agents participating in the distribution of the securities may receive compensation in the form of underwriting discounts, concessions, commissions or fees from a selling securityholder and/or purchasers of selling securityholders' securities, for whom they may act (which compensation as to a particular broker-dealer might be in excess of customary commissions).

The selling securityholders and any underwriters, brokers, dealers or agents that participate in the distribution of the securities may be deemed to be "underwriters" within the meaning of the Securities Act, and any discounts, concessions, commissions or fees received by them and any profit on the resale of the securities sold by them may be deemed to be underwriting discounts and commissions.

A selling securityholder may enter into hedging transactions with broker-dealers and the broker-dealers may engage in short sales of the securities in the course of hedging the positions they assume with that selling securityholder, including, without limitation, in connection with distributions of the securities by those broker-dealers. A selling securityholder may enter into options or other transactions with broker-dealers that involve the delivery of the securities offered hereby to the broker-dealers, who may then resell or otherwise transfer those securities. A selling securityholder may also loan or pledge the securities offered hereby to a broker-dealer and the broker-dealer may sell the securities offered hereby so loaned or upon a default may sell or otherwise transfer the pledged securities offered hereby.

The selling securityholders and other persons participating in the sale or distribution of the securities will be subject to applicable provisions of the Exchange Act, and the rules and regulations thereunder, including Regulation M. This regulation may limit the timing of purchases and sales of any of the securities by the selling securityholders and any other person. The anti-manipulation rules under the Exchange Act may apply to sales of securities in the market and to the activities of the selling securityholders and their affiliates. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of the securities to engage in market-making activities with respect to the particular securities being distributed for a period of up to five business days before the distribution. These restrictions may affect the marketability of the securities and the ability of any person or entity to engage in market-making activities with respect to the securities.

We have agreed to indemnify in certain circumstances the selling securityholders and any brokers, dealers and agents who may be deemed to be underwriters, if any, of the securities covered by the registration statement, against certain liabilities, including liabilities under the Securities Act. The selling securityholders have agreed to indemnify us in certain circumstances against certain liabilities, including liabilities under the Securities Act.

The securities offered hereby underlie common stock warrants pursuant to the Warrant, which were originally issued by us to the selling securityholder pursuant to an exemption from the registration requirements of the Securities Act. We have agreed to pay all expenses in connection with this offering, but not including underwriting discounts, concessions, commissions or fees of the selling securityholders or any fees and expenses of counsel or other advisors

to the selling securityholders.

We will not receive any proceeds from sales of any securities by the selling securityholders.

We cannot assure you that the selling securityholders will sell all or any portion of the securities offered hereby.

SELLING SECURITYHOLDERS

The table below sets forth information regarding beneficial ownership of our common stock by the selling securityholder. When we refer to the “selling securityholders” in this prospectus we mean the selling securityholder listed in the table below and any successors, including transferees thereof. The selling securityholders may from time to time offer and sell any or all of the securities set forth below pursuant to this prospectus. The securities offered hereby underlie common stock warrants pursuant to the Warrant, which were originally issued to the selling securityholder pursuant to the exemption from the registration requirements provided under Section 4(a)(2) of the Securities Act. See “About this Offering” above. The selling securityholders may sell any or all of the shares of our common stock offered under this prospectus.

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities.

We have based our calculation of the percentage of beneficial ownership prior to and after the offering on 14,945,545 shares of our common stock outstanding as of February 3, 2014, plus the shares of common stock covered hereby. We do not know when or in what amounts we may issue securities to the selling securityholder pursuant to the Warrant. Because we may issue all or some of the 516,129 shares of our common stock underlying the warrants pursuant to the Warrant, we cannot estimate the number of securities that will be issued by us to the selling securityholder. Solely for purposes of the table below, we have assumed that the shares of our common stock beneficially owned by the selling securityholder prior to this offering include all 516,129 shares of our common stock underlying the warrants pursuant to Warrant. Additionally, we do not know when or in what amounts the selling securityholder may offer securities for sale, if at all. It is possible that the selling securityholder will not sell any or all of the securities offered under this prospectus. Because the selling securityholder may offer all or some of the securities pursuant to this prospectus and because we have been advised that there are currently no agreements, arrangements or understanding with respect to the sale of any such securities, we cannot estimate the number of securities that will be held by the selling securityholder after the completion of this offering. Solely for purposes of the table below, we have assumed that the selling securityholder will sell all of the 516,129 shares of our common stock underlying the warrants pursuant to the Warrant.

CERTAIN PROVISIONS OF NEW YORK LAW AND OUR CHARTER AND BYLAWS

The following summarizes certain provisions of our certificate of incorporation and bylaws. The summary does not purport to be complete and is subject to and qualified in its entirety by reference to our certificate of incorporation and bylaws, which are incorporated by reference herein.

General

Some provisions of New York law, our certificate of incorporation and our bylaws contain provisions that could make the following transactions more difficult: acquisition of us by means of a tender offer; acquisition of us by means of a proxy contest or otherwise; or removal of our incumbent officers and directors. It is possible that these provisions could make it more difficult to accomplish or could deter transactions that securityholders may otherwise consider to be in their best interests or in our best interests, including transactions that might result in a premium over the market price for our shares.

These provisions, summarized below, are expected to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of us to first negotiate with our board of directors. We believe that the benefits of increased protection of our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure us outweigh the disadvantages of discouraging these proposals because negotiation of these proposals could result in an improvement of their terms.

Securityholder Meetings

Our bylaws provide that a special meeting of securityholders may be called only by our board of directors, chairman of the board or president.

Requirements for Advance Notification of Securityholder Nomination of Proposals

Our bylaws establish advance notice procedures with respect to securityholder proposals and the nomination of candidates for election as directors.

Securityholder Action by Written Consent

Our bylaws provide that securityholders may act by written consent without a meeting.

Election and Removal of Directors

Our bylaws provide that each of our directors serves until the next annual meeting and until a successor is elected and qualified or until his prior death, resignation or removal. Any vacancy in our board of directors, including any vacancy created by an increase in the number of directors, may be filled by a majority of the directors then in office after the vacancy has occurred. Any director appointed to fill a vacancy will hold office until the next annual meeting and until his successor is elected and qualified. Our bylaws provide that no director will be removed except for cause by the vote of (i) the holders of at least a majority of our outstanding shares of capital stock entitled to vote at an election of directors or (ii) a majority of the entire board of directors.

New York Anti-Takeover Statute

We are subject to Section 912 of New York Business Corporation Law, which prohibits persons deemed “interested shareholders” from engaging in a “business combination” with a New York corporation for five years following the date these persons become interested shareholders unless the business combination is, or the transaction in which the

person became an interested shareholder was, approved in a prescribed manner or another prescribed exception applies. Generally, an “interested shareholder” is a person who, together with affiliates and associates, owns, or within five years prior to the determination of interested securityholder status did own, 20% or more of a corporation’s outstanding voting stock. Generally, a “business combination” includes a merger, consolidation, asset or stock sale, or other transaction resulting in a financial benefit to the interested shareholder. The existence of this provision may have an anti-takeover effect with respect to transactions not approved in advance by the board of directors.

Table of Contents

The provisions of New York law, our certificate of incorporation and our bylaws could have the effect of discouraging others from attempting hostile takeovers and, as a consequence, they may also inhibit temporary fluctuations in the market price of our common stock that often result from actual or rumored hostile takeover attempts. These provisions may also have the effect of preventing changes in our management. It is possible that these provisions could make it more difficult to accomplish transactions that securityholders may otherwise deem to be in their best interests.

Limitation on Liability

Our certificate of incorporation provides for indemnification of directors, officers and other persons to the fullest extent allowed by law. It also provides that a director of the Company shall not be personally liable to the Company or its securityholders for damages for any breach of duty as a director, except if (i) a judgment or final adjudication adverse to the director establishes that his or her acts or omissions were in bad faith or involved intentional misconduct or a knowing violation of law, (ii) the director personally gained in fact a financial profit or other advantage to which the director was not legally entitled or (iii) the director's acts violated Section 719 of the New York Business Corporation Law.

Our bylaws require indemnification of an officer or director of the Company who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was a director or officer of the Company; provided, that no indemnification shall be made to or on behalf of any director or officer if a judgment or other final adjudication adverse to such director or officer establishes that (i) his or her acts were committed in bad faith or were the result of active and deliberate dishonesty and, in either case, were material to the cause of action so adjudicated, or (ii) he or she personally gained in fact a financial profit or other advantage to which he or she was not legally entitled. The indemnification provided by our certificate of incorporation is not exclusive of any other rights to which those seeking indemnification may be entitled under any statute, bylaw, agreement, vote of uninvolved securityholders, directors or otherwise.

Our bylaws also provide that we may advance expenses incurred by a director or officer in defending any actions in advance of their final dispositions and that we may purchase and maintain insurance covering its directors and officers and any other persons to the maximum extent permitted by law.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

We are incorporated under the laws of the State of New York. Pursuant to NYBCL, a director or officer of a corporation is entitled, under specified circumstances, to indemnification by the corporation against reasonable expenses, including attorneys' fees, incurred by him or her in connection with the defense of a civil or criminal proceeding to which he or she has been made, or threatened to be made, a party by reason of the fact that he or she was a director or officer of that corporation. In some circumstances, indemnity is provided against judgments, fines and amounts paid in settlement. In general, indemnification is available where the director or officer acted in good faith, for a purpose that director or officer reasonably believed to be in the best interests of the corporation. Specific court approval is required in some cases. The foregoing statement is qualified in its entirety by reference to Sections 715, 717 and 721 through 725 of the NYBCL.

Item 16. Exhibits.

See Exhibit Index which is hereby incorporated herein by reference.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- i. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933 (the "Securities Act");
- ii. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (the "SEC") pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- iii. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

- i. If the registrant is relying on Rule 430B:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

Table of Contents

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

ii. If the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use

(5) That, for the purpose of determining liability of a registrant under the Securities Act to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such

securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14–a3 or Rule 14–c3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation -XS are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(8) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(9) The undersigned registrant hereby undertakes that:

(A) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(B) For purposes of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(10) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (“Act”) in accordance with the rules and regulations prescribed by the SEC under section 305(b)(2) of the Act.
