ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On June 17, 2005, Earthshell Corporation (the "COMPANY") entered into a Sublicense Agreement (the "RPI SUBLICENSE AGREEMENT") with ReNewable Products, Inc. ("RPI"), a newly formed subsidiary of Thompson Street Capital Partners ("THOMPSON STREET"), dated May 19, 2005 pursuant to which the Company granted RPI an exclusive license to produce plates, bowls, and certain other EarthShell products incorporating the Company's technology and to sell these products in the retail and governmental market segments in the United States. The Company has been advised that RPI has already received \$6 million of an initial \$12 million funding commitment from Thompson Street in order to begin production of

Earthshell Packaging products. The RPI Sublicense Agreement requires RPI to pay the Company a royalty equal to 20% of RPI's net sales, not to exceed 50% of RPI's gross margin. The parties separately agreed that the effectiveness of the RPI Sublicense Agreement would be conditioned upon the effectiveness of the agreements described in the balance of this Item 1.01 and Item 1.02.

On June 17, 2005, the Company, RPI and RPI's sole stockholder, Renewable Products, LLC ("RPI LLC"), entered into an Agreement and Plan of Merger (the "AGREEMENT") which contemplates the Company's eventual acquisition of RPI in exchange for 8 million shares of the Company's Series C Convertible Preferred Stock (the "SERIES C STOCK") at such time as the following conditions, among others, are achieved: (a) RPI's procurement, installation and start-up of 16 manufacturing modules for producing the Company's product, which equipment is to be designed to produce an aggregate of approximately \$16 million of EarthShell products per year, (b) RPI's establishment of plant facilities to support the full commercial operations of such machines, (c) RPI's receipt of funding to support additional working capital needs of \$1 million, (d) RPI's receipt of at least \$12 million of capital to purchase the machines described above and (e) the 20% royalty described above having become payable and either accrued or paid to the Company pursuant to the RPI Sublicense Agreement. At such time as the conditions to the transactions contemplated by the Agreement are met, a valuation of RPI will be obtained and the Company will acquire RPI pursuant to the terms of the Agreement in exchange for 8 million shares of Series C Stock, as described above. The Series C Stock will be convertible on a share for share basis into 8 million shares of the Company's common stock which will be subject to registration rights.

The Company's press release announcing its relationship with RPI is attached as exhibit 99.1.

ITEM 1.02 TERMINATION OF A MATERIAL DEFINITIVE AGREEMENT

To enable the Company to enter into the RPI Sublicense Agreement, on June 8, 2005, the Company entered into a letter agreement with Meridian Business Solutions Ltd. ("MBS") terminating its Sublicense Agreement (the "MBS SUBLICENSE AGREEMENT") dated as of May 13, 2004. At the time the letter agreement was executed, MBS had not yet implemented the sublicense granted to it under the MBS Sublicense Agreement. The parties separately agreed that the effectiveness of the termination would be conditioned upon the effectiveness of the agreements with RPI described in Item 1.01 above. The Company has entered into additional sublicense agreements with MBS covering non-competing technologies in other markets and territories than those covered by the past MBS Sublicense Agreement and the present RPI Sublicense Agreement. The effectiveness of such sublicense agreements is expressly conditioned upon the satisfaction of certain conditions before July 31, 2005, including the receipt by the Company of \$2.6 million in technology fees and other payments.
