FORWARD-LOOKING STATEMENTS

Certain statements made in this Quarterly Report on Form 10-QSB are "forward-looking statements" within the meaning of Section 21E of the Securities and Exchange Act of 1934 regarding the plans and objectives of management for future operations and market trends and expectations. Such statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. Our plans and objectives are based, in part, on assumptions involving the continued expansion of our business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that our assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by us or any other person that our objectives and plans will be achieved. The terms "we", "our", "us", or any derivative thereof, as used herein refer to Infinite Group Inc., a Delaware corporation.

Notes to Consolidated Financial Statements (Unaudited)

Note 1. Basis of Presentation

The accompanying unaudited consolidated financial statements of Infinite Group Inc. ("Infinite Group Inc." or the "Company"), included herein have been prepared by the Company in accordance with accounting principles generally accepted in the United States of America for interim financial information and with instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted

Edgar Filing: INFINITE GROUP INC - Form 10QSB

in the United States of America for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature. The accompanying unaudited consolidated financial statements should be read in conjunction with the Company's audited consolidated financial statements and footnotes for the year ended December 31, 2002 and the notes thereto included in the Company's Annual report on Form 10-KSB filed with the United States Securities and Exchange Commission. Results of consolidated operations for the nine month period ended September 30, 2003 are not necessarily indicative of the operating results that maybe expected for the year ended December 31, 2003. The consolidated financial statements herein include the accounts of the Company and its wholly owned subsidiaries. All material inter-company accounts and transactions have been eliminated.

Note 2. Summary of Significant Accounting Policies

Critical Accounting Policies and Estimates

There are several accounting policies that we believe are significant to the presentation of our consolidated financial statements. These policies require management to make complex or subjective judgments about matters that are inherently uncertain. Note 3 to our audited consolidated financial statements present a summary of significant accounting policies. The most critical accounting policies follow.

Revenue Recognition

In 2002 we generated substantially our entire sale from traditional laser manufacturing services, which included welding, machining, cutting, drilling and engraving. These services related to processes performed on the customers' parts. The services were performed based upon terms specified and agreed upon by both parties prior to commencement. Sales relating to these services were recognized at the point that the completed product was delivered to the customer. In 2003 we generated sale from our traditional laser manufacturing services and beginning in the second quarter of 2003, we commenced providing services in the field of information technology (IT) consulting services through our IT Services Group.

Stock-Based Compensation

We disclose the pro forma compensation cost relating to stock options granted under employee stock option plans, based on the fair value of those options at the date of grant. This valuation is determined utilizing the Black-Scholes, option-pricing model, which takes into account certain assumptions, including the expected life of the option and the expected stock volatility and dividend yield over this life. These assumptions are made based on past experience and expected future results. In the event the actual performance varies from the estimated amounts, the value of these options may be misstated.

6

Effect of New Accounting Pronouncements

In June 2001, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 141, "Business Combinations," and SFAS No. 142, "Goodwill and Other Intangible Assets." Under these new standards, all acquisitions subsequent to June 30, 2001 must be accounted for under the purchase method of accounting.

SFAS No. 142 requires that goodwill be tested annually for impairment using a two-step process. The first step was to identify a potential impairment and, in transition, this step must be measured as of the beginning of the fiscal year.

Edgar Filing: INFINITE GROUP INC - Form 10QSB

The second step of the goodwill impairment test measures the amount of the impairment loss (measured as of the beginning of the year of the adoption), if any, and must be completed by the end of our fiscal year. Any impairment loss resulting from the transitional impairment tests are reflected as the cumulative effect of a change in accounting principle.

We adopted the provisions of SFAS No. 142 in our first quarter ended March 31, 2002. Goodwill in the amount of \$88,769 at December 31, 2001, relates to the Laser Fare (LF) and Mound subsidiaries. Subsequent to December 31, 2001, the assets of Mound were disposed of and operations were ceased, resulting in the write-down of goodwill amounting to \$17,584. In addition the goodwill relating to Laser Fare, amounting to \$71,185 was written off at December 31, 2002. We have allocated the other intangible assets to their reporting units. The remaining useful lives of the other intangibles have been evaluated and no changes will be made.

SFAS No. 141 also requires that upon adoption of SFAS No. 142, the Company reclassify the carrying amounts of certain intangibles assets into or out of goodwill, based upon certain criteria. We did not have any reclassifications. SFAS No. 142 supersedes APB No. 17, "Intangible Assets," and is effective for fiscal years beginning after December 15, 2001. SFAS No. 142 primarily addresses the accounting for goodwill and intangible assets subsequent to their initial recognition. The provisions of SFAS No. 142 prohibit the amortization of goodwill and indefinite-lived intangible assets; require that goodwill and indefinite-lived intangible assets be tested annually for impairment, and in interim periods if certain events occur indicating that the carrying value of goodwill and / or indefinite-lived intangible assets may be impaired; require that reporting units be identified for the purpose of assessing potential future impairments of goodwill; and removes the 40-year limitation on the amortization period of intangible assets that have finite lives.

In August 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations" (SFAS 143). SFAS 143 establishes accounting standards for recognition and measurement of a liability for the costs of asset retirement obligations. Under SFAS 143, the costs of retiring an asset will be recorded as a liability when the retirement obligation arises, and will be amortized to expense over the life of the related asset.

On August 2001, the Financial Accounting Standards Board issued Statement No. 144 (SFAS 144), "Accounting for the Impairment or Disposal of Long-Lived Assets", which provides guidance in the accounting for impairment or disposal of long-lived assets. For long-lived asset to be held and used, the new rules are similar to previous guidance, which required the recognition of impairment when the undiscounted cash flows will not recover the carrying amount. The computation of fair value now removes goodwill from consideration and incorporates a probability-weighted cash flow estimation approach. Additionally, assets qualifying for discontinued operations treatment have been expanded beyond the former major line of business or class of customer approach. We adopted the provisions of SFAS 144 in fiscal 2001 and utilized this guidance for the disposal of the Plastics Group. Accordingly, the assets and liabilities of the discontinued operations are reflected as gross amounts, rather than net, in the accompanying balance sheet in accordance with SFAS 144. There was no impact from the adoption of this standard on its impairment tests of long-lived assets or its accounting for discontinued operations.

In April 2002, the FASB issued SFAS 145 "Rescission of SFAS No. 4, 44 and 64, Amendment of SFAS No.13, and Technical Corrections". SFAS No. 145, among other things, amends SFAS No. 4 and SFAS No. 64, to require that gains and losses from the extinguishments of debt generally be classified within continuing operations. The provisions of SFAS No. 145 are effective for fiscal years beginning after May 15, 2002 and early application is encouraged. We do not believe that the adoption of SFAS No. 145 will have a significant impact on our

Edgar Filing: INFINITE GROUP INC - Form 10QSB

financial statements.

7

In June 2002, the FASB issued SFAS 146, "Accounting for Costs Associated with Exit or Disposal Activities." SFAS 146 replaces Emerging Issues Task Force ("EITF") Issue 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity". This standard requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. This statement is effective for exit or disposal activities that are initiated after December 31, 2002. We do not believe that the adoption of SFAS No. 146 will have a significant impact on our financial statements.

In February 2003, the FASB issued SFAS No. 148, "Accounting for Stock Based Compensation: A Comparison of FASB Statement No. 123, Accounting for Stock-Based Compensation, and Its Related Interpretations, and IASB Proposed IFRS, Share-based Payments." SFAS 148 amends SFAS 123 to provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation. It also amends the disclosure provisions of that Statement to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based compensation. The statement also amends APB Opinion No. 28, "Interim Financial Reporting", to require disclosure about those effects in interim financial information. We have chosen not to voluntarily change to the fair value based method of accounting for stock-based employee compensation but have adopted the disclosure rules under SFAS 148.

Note 3. Discontinued Operations and Reclassifications

The statements of operations and cash flows for the three months ended September 30, 2003 have been restated to account for the discontinued operations of the Photonics Group, consisting of Infinite Photonics, Inc. (IPI), which business was suspended in 2002 as a result of the loss of the DARPA contract and for LF, which was sold as discussed below.

On October 30, 2002, IPI received a Notice of Termination of its DARPA contract for the government's convenience under the contract provisions entitled Termination, Federal Acquisition Regulation (FAR) 52.249.6. The DARPA contract had provided substantially all of the sales of the Photonics Group. As of December 31, 2004, the contract termination process was substantially complete. We have been reimbursed for substantially all costs associated with the termination. The termination of the contract had a detrimental effect on the development of our technology. During 2002, all of our Photonics Group employees were released and the operations of the Photonics Group ceased. We also determined that our Photonics Group patents and property and equipment were impaired, and consequently recorded an impairment loss in the fourth quarter of 2002 of approximately \$468,000 and \$148,000 respectively, which was included in loss on disposal of discontinued operations in the consolidated statement of operations for the year ended December 31, 2002.

On December 31, 2003, the Company and LF entered into an asset purchase agreement with LFI, Inc. ("LFI") relating to the purchase by LFI of certain assets and the assumption of certain liabilities of LF relating to the laser engraving and medical products manufacturing and assembly businesses of LF (the "Purchase Agreement"). The principals of LFI are former employees of LF, including the former chairman and chief executive officer of the Company. The purchase price for the assets was assumed liabilities of LF and/or the Company. On December 31, 2004, the Company completed the sale of the remaining assets, including the assumption of certain liabilities, to an affiliate of LFI, relating to all the remaining laser businesses of LF. The purchase price was the

Edgar Filing: INFINITE GROUP INC - Form 10QSB

assumed liabilities of LF plus the issuance of several notes by the buyer to LF. LF recorded a loss on sale of approximately \$99,000 for the year ended December 31, 2003. LF reclassified the operating assets and liabilities to assets and liabilities held for sale at December 31, 2003. The balances of the assets held for sale at December 31, 2003 was \$2,919,154 with related liabilities of \$781,847. During the year ended December 31, 2004, LF had income from operations of approximately \$494,000, (loss from operations of \$417,000 in 2003, which is included in loss from discontinued operations.

In accordance with SFAS 144, the disposal of the Photonics and Laser segments have been accounted for as a disposal of business segments and accordingly, the assets and liabilities for IP and LF have been segregated from continuing operations in the accompanying consolidated balance sheets and classified as assets of discontinued operations and assets held for sale. The operating results for both segments are segregated and reported as discontinued operations.

8

The following is a summary of financial position at September 30, 2003 and December 31, 2002 and results of operations for the three and nine months ended September 30, 2003 and 2002 for the disposed Photonics (IP) and Plastics (O&W and EP) segments:

Note 4. Stock Option Plan

As of September the Company's Stock Option Plans (the "Plan") provided for the grant of incentive or non-qualified stock options for the purchase of common stock for up to 2,340,000 shares to employees, directors and consultants. The Plan is administered by the compensation committee established by the Company's board of directors, which determines the terms of options including the exercise price, expiration date, number of shares and vesting provisions.

A summary of all stock option activity for the nine months ended September 30, 2003 is as follows:

	Number Of Options	Exercise Price	Weighted Average Exercise Price
Outstanding at December 31, 2002	300,581	\$ 1.38 - \$5.50	\$ 1.64
Options issued	1,610,000	\$.05-\$.15	\$.06

Exercisable at September 30, 2003	1,587,575	\$.05 - \$2.50	\$.13

The Company has adopted the disclosure-only provisions of Statement of Financial Accounting Standards (SFAS) No. 123 - "Accounting for Stock-Based Compensation, "

Edgar Filing: INFINITE GROUP INC - Form 10QSB

and, accordingly, does not recognize compensation cost for stock option grants under fixed awards. If the Company had elected to recognize compensation costs based on the fair value of the options granted at grant date as prescribed by SFAS No.123, net loss and loss per share from continuing operations would have increased as follows:

Note 5. Business Segments

Prior to 2002, the Company's business were organized, managed and internally reported as three segments. The segments are determined based on differences in products, production processes and internal reporting. During the year ended December 31, 2001, the Company approved of a plan to discontinue the operations of the Plastics Group. During the fourth quarter of 2002, the Company's contract with DARPA was terminated and as a result of the termination, management decided to suspend the activities of the Photonics Group in 2002 and liquidate

Edgar Filing: INFINITE GROUP INC - Form 10QSB

the remaining assets. During the fourth quarter of the year ended December 31, 2003, the Company approved the sale of the assets and certain liabilities of its Laser Fare, Inc. subsidiary, referred to as the Laser Group. As a result, in accordance with FASB 144, the disposal of the Plastics, Photonics, and Laser segments have been accounted for as disposals of business segments and accordingly, the respective assets (liabilities) have been segregated from continuing operations and classified as assets of discontinued operations and the operating results for all three segments are segregated and reported as discontinued operations.

Beginning in 2003, the Company revised its business strategy and began operating its newly formed IT Services Group.

All of the segments of the Company operate entirely within the United States. Revenues from customers in foreign countries are minimal. Transactions between reportable segments are recorded at cost. The Company relies on inter-segment cooperation and management does not represent that these segments, if operated independently, would report the results shown.

A summary of selected consolidated information for the Company's industry segments during the periods ended September 30, 2003 and 2002, respectively, is set forth as follows.

Note 7. Earnings Per Share

Basic income per share is based on the weighted average number of common shares outstanding during the periods presented. Diluted income per share is based on the weighted average number of common shares outstanding, as well as dilutive potential common shares which, in the Company's case, comprise shares issuable under the stock options and stock warrants. The treasury stock method is used to calculate dilutive shares, which reduces the gross number of dilutive shares by the number of shares purchasable from the proceeds of the options assumed to be exercised. In a loss year, the calculation for basic and diluted earnings per share is considered to be the same, as the impact of potential common shares is anti-dilutive.

13

The following table sets forth the computation of basic and diluted earnings per share for the nine months ended September 30, 2003

Numerator:

Income from discontinued operations	\$ 387,690	
	=====	
Weighted average shares outstanding	7,668,934	
	=====	

Denominator for diluted income per share:

Weighted average shares outstanding	7,668,934	
Common stock options and stock warrants	250,000	

Weighted average shares and conversions	7,918,934	
	=====	

For the three and nine months ended September 30, 2002 and three months ended September 30, 2003 all outstanding stock options and warrants have not been considered common stock equivalents because their assumed exercise would be anti-dilutive.

Item 2. Management's Discussion and Analysis of Financial Conditions and Results of Operations

On January 3, 2003, our former president and chief executive officer, Clifford G. Brockmyre II, resigned and was replaced by Michael S. Smith, one of our board members. At the same time, we moved our corporate headquarters from Rhode Island to Rochester, New York. On May 6, 2003, Dr. Allan Robbins and Paul Delmore were appointed to fill two existing vacancies on our board. Mr. Brockmyre remained on our board of directors until October 30, 2003 at which time he resigned. On March 15, 2004, Brian Corridan resigned from our board.

In the fourth quarter of 2003, we decided to dispose of our Laser Fare, Inc. subsidiary (LF) and to restructure our business. We sold a portion of the business of LF (primarily the medical and engraving business) as of December 31,

Edgar Filing: INFINITE GROUP INC - Form 10QSB

2003 and the remaining business as of December 31, 2004, although we continued to operate the business during the disposal process.

The purchase price for the assets consisted of LFI's assumption of certain of our liabilities in the aggregate amount of approximately \$358,000. On December 31, 2004, we sold the remaining assets of LF to Rolben Acquisition Corporation (Rolben), a company affiliated with LFI. The purchase price for the remaining assets consisted of Rolben's assumption of substantially all of the liabilities of LF and the delivery of promissory notes in the aggregate amount of approximately \$2.1 million. Because certain required consents were not yet obtained at December 31, 2004, we remained obligated under several notes to UPS Capital Business Credit (UPS) and the Rhode Island Industrial Facilities Corporation (RIIFC) in the same amounts as the notes from Rolben.

During the second quarter of 2003, we commenced providing services in the field of information technology (IT) consulting services through our IT Services Group. We provide business and technology integration and systems support to government clients. We focus on aligning business processes with technology for delivery of solutions meeting the client's exact needs.

Results of operations

Comparison of Three Months ended September 30, 2003 and 2002

We commenced the operations of our IT services Group in the second quarter of 2003. The following results include the operations of our Laser Group for 2002 and 2003 and our IT Services Group beginning in 2003. The trends suggested by this table are not indicative of future operating results due to our decision to sell the business of our Laser Group and focus on our IT Services Group.

Sales

Sales for the three months ended September 30, 2003 were relatively unchanged compared to sales for the three months ended September 30, 2002. Sales were approximately \$1,062,000 from LF and \$397,000 from IT Services Group for the three months ended September 30, 2003. Sales of \$1,472,633 were from LF for the three months ended September 30, 2002. The sales from the IT Services Group are a result of our new strategy which was implemented in 2003. Sales from LF declined by approximately \$410,000 in the 2003 period from the 2002 period due to reductions in customer orders.

On October 30, 2002, we received a notice of termination of our DARPA contract. The contract was terminated for the U.S. Government's convenience. The DARPA contract had provided substantially the entire sales generated in our Photonics Group. As a result, we have terminated this line of business and have accounted for the Photonics Group as a disposal of discontinued operations in the accompanying financial statements. Accordingly, the statements of operations for 2002 have been restated to reflect the operations of the Photonics Group in income (loss) from discontinued operations.

Cost of Sales and Gross Profit

Cost of sales represents the cost of labor, materials and overhead related to LF and the cost of employee services related to the IT Services Group. Cost of sales for the three months ended September 30, 2003 was relatively unchanged compared to cost of sales for the three months ended September 30, 2002. Cost of sales was approximately \$795,000 for LF and approximately \$233,000 for IT Services Group for the three months ended September 30, 2002. Gross profit was approximately \$267,000 or 25.1% for LF and approximately \$164,000 or 41.2% for the IT Services Group for the three months ended September 30, 2003. Cost of sales of \$1,030,198 was for LF for the three months ended September 30, 2002 and resulted in a gross profit of \$442,435 or 30%. Gross profit declined for LF due to the mix of job orders and fixed costs which did not decrease as sales declined.

15

General and Administrative Expenses

General and administrative expenses include corporate overhead such as compensation and benefits for administrative and finance personnel, rent, insurance, professional fees, travel, and office expenses. General and administrative expenses in the third quarter of 2003 decreased in absolute terms and as a percentage of sales compared to the third quarter of 2002. The decrease was due to the relocation of administrative offices from Rhode Island to Rochester, New York in 2003 and an associated reduction in employee related expenses as we implemented our new strategies. We also realized reductions in our professional fees and other operating expenses. We anticipate that general and administrative expenses will decrease as a percent of sales as we continue to transition our business strategy. However, we expect increases in accounting and legal expenses in 2004 and 2005 due to our focus on completing audits of our financial statements and related public information filings.

General and administrative expense includes expenses of the Osley & Whitney defined benefit retirement plan of approximately \$50,000 and income of \$8,720 for the three months ended September 30, 2003 and 2002, respectively.

Depreciation and Amortization

Depreciation and amortization expense decreased by \$45,856 in the three months ended September 30, 2003 compared to the three months ended September 30, 2002

Edgar Filing: INFINITE GROUP INC - Form 10QSB

principally due to the write off or disposition of assets in connection with the relocation of our corporate headquarters to Rochester, New York. We are operating our new corporate headquarters with less capital equipment.

Selling Expenses

For the three months ended September 30, 2003 we incurred selling expenses of approximately \$19,000 associated with growing business in our IT Services Group and recorded approximately \$19,000 for the quarter. Selling expense at LF was relatively unchanged at approximately \$50,000 for the three months ended September 30, 2003 compared to \$52,662 for the three months ended September 30, 2002.

Research and Development

For the three months ended September 30, 2003 we began to incur research and development expenses associated with growing business in our IT Services Group related to our biometrics applications and recorded \$54,210 of expense for the quarter ended September 30, 2003. These expenses are principally related to the development of an access control terminal and related software called TouchThru(TM). TouchThru(TM) is a self-contained terminal enabling physical access control using biometric identification. It incorporates fingerprint matching technology licensed from Ultra-Scan Corporation, a private technology company headquartered in Buffalo, New York. TouchThru(TM) will be the first biometric product we introduce, and we intend to be in a position to market and sell that product beginning in 2006. We plan to market and sell TouchThru(TM) in a variety of industries and markets, including the federal, state and local government, health care, travel and general security, and access control.

Loss From Operations

For the three months ended September 30, 2003 our operating loss was \$352,017 compared to a \$371,534 loss from operations in the comparable period of 2002. This is primarily attributable to our focus on our new IT Services Group and reductions in general and administrative expenses offset in part by research and development expenses of our IT Services Group related to our biometrics applications.

16

Other Expenses

Other income and expense consists principally of interest expense on indebtedness for the three months ended September 30, 2003. Interest expense was \$55,237 for the three months ended September 30, 2003 compared to \$159,000 for the three months ended September 30, 2002. The decrease in our interest expense is due primarily to repayment of notes payable as a result of the termination of our DARPA contract in 2002 and the continued amortization of notes payable of LF.

Loss from Discontinued Operations

We recorded a loss from discontinued operations of \$56,819 for the three months ended September 30, 2003 compared to a loss of \$170,751 for the three months ended September 30, 2002. These losses are the result of approximately \$70,000 recorded in 2002 as a result of the sale of the Osley & Whitney building and land in the third quarter of 2002. The operations of the Plastics Group and the Photonics Group were reclassified as discontinued operations and loss from discontinued operations of \$100,751 was recorded in the third quarter of 2002 and \$56,819 in third quarter of 2003.

Edgar Filing: INFINITE GROUP INC - Form 10QSB

Net Loss

For the three months ended September 30, 2003, we recorded a net loss of \$462,332 or \$(.06) per share consisting of a net loss of \$405,513, or \$(.05) per share from continuing operations and a loss of \$56,819 or \$(.01) per share from discontinued operations. This compares to a net loss of \$707,376 or \$(.11) per share consisting of a net loss of \$536,625, or \$(.08) per share from continuing operations and a loss of \$170,751 or \$(.03) per share from discontinued operations for the three months ended September 30, 2002. The improvement in net loss is attributable to reductions in general and administrative expenses, an improvement in the loss from discontinued operations by \$113,932, contributions provided by our new IT Services Group, and a decrease in interest expense, which were offset by a smaller gross profit from LF's business which were offset by selling, research and development expenses of our IT Services Group.

Comparison of Nine Months ended September 30, 2003 and 2002

The following table compares our statement of operations data for the first nine months of 2003 and 2002. We commenced the operations of our IT services Group in the second quarter of 2003. The following results include the operations of our Laser Group for 2002 and 2003 and our IT Services Group beginning in 2003. The trends suggested by this table are not indicative of future operating results due to our decision to sell the business of our Laser Group and focus on our IT Services Group.

Sales

Sales for the nine months ended September 30, 2003 decreased approximately \$343,000 or 7.2% compared to net sales for the nine months ended September 30,

Edgar Filing: INFINITE GROUP INC - Form 10QSB

2002. Sales of LF including mound laser decreased by approximately \$832,000 or 17.5% to approximately \$3,913,000 for the nine months ended September 30, 2003 compared to the nine months ended September 30, 2002. This decrease was offset by sales from the IT Services Group of approximately \$489,000 for the nine months ended September 30, 2003. The sales from the IT Services Group are a result of our new strategy which was implemented in 2003. Sales from LF declined in the 2003 period from the 2002 period due to reductions in customer orders.

For the nine months ended September 30, 2003, we continued to experience operating losses due primarily to continued weakness in jet engine and turbine parts sale at LF. These losses have resulted in reductions in cash flow, continuing defaults in our bank loan covenants and a negative working capital position.

On October 30, 2002, we received a notice of termination of our DARPA contract. The contract was terminated for the U.S. Government's convenience. The DARPA contract had provided substantially the entire sale of our Photonics Group. As a result, we have terminated this line of business and have accounted for the Photonics Group as a disposal of discontinued operations in the accompanying financial statements. Accordingly, the statements of operations and cash flows for 2002 have been restated to reflect the operations of the Photonics Group in income (loss) from discontinued operations.

Cost of Sales and Gross Profit

Cost of sales represents the cost of labor, materials and overhead related to LF and the cost of employee services related to the IT Services Group. Cost of sales was \$2,739,000 for LF and approximately \$293,000 for IT Services Group for the nine months ended September 30, 2003. Cost of sales for the nine months ended September 30, 2003 decreased 18.1% as compared to cost of sales for the nine months ended September 30, 2002. Cost of sales as a percent of sales improved by 9.1% or approximately \$670,000 from 78.0% for the nine months ended September 30, 2002 to 68.9% for the nine months ended September 30, 2003. The decrease in cost of sales as a percent of sales is principally due to reductions in employees and related expenses at LF.

Gross profit was approximately \$1,174,000 or 30.0% for LF and approximately \$196,000 or 40.1% for the IT Services Group for the nine months ended September 30, 2002. Cost of sales of \$3,702,000 for the nine months ended September 30, 2002 was for LF and resulted in a gross profit of \$1,043,572 or 22.0%. Gross profit declined by 12.5% for LF due to the mix of job orders.

18

General and Administrative Expenses

General and administrative expenses include corporate overhead such as compensation and benefits for administrative and finance personnel, rent, insurance, professional fees, travel, and office expenses. General and administrative expenses for the nine months ended September 30, 2003 decreased in absolute terms and as a percentage of net sales compared to the third quarter of 2002. The decrease was due to the relocation of administrative offices from Rhode Island to Rochester, New York in 2003 and an associated reduction in employee related expenses as we implemented our new strategies. We also realized reductions in our professional fees and other operating expenses. We anticipate that general and administrative expenses will decrease as a percent of sales as we continue to transition our business strategy. However, we expect increases in accounting and legal expenses in 2004 and 2005 due to our focus on completing audits of our financial statements and related public information filings.

General and administrative expenses also decreased at LF due to cost cutting

Edgar Filing: INFINITE GROUP INC - Form 10QSB

measures implemented beginning in 2002.

General and administrative expense includes expenses of the Osley & Whitney defined benefit retirement plan of approximately \$150,000 and income of \$26,160 for the nine months ended September 30, 2003 and 2002, respectively.

Depreciation and Amortization

Depreciation and amortization expenses decreased by \$176,968 in the nine months ended September 30, 2003 compared to the nine months ended September 30, 2002. This was due to the write off or disposition of assets in connection with the relocation of our corporate headquarters to Rochester, New York. We are operating our new corporate headquarters with less capital equipment. In addition, depreciation expense at LF decreased as assets came to the end of their depreciable lives.

Selling Expenses

For the nine months ended September 30, 2003 we incurred selling expenses of approximately \$24,000 associated with growing business in our IT Services Group. Selling expense at LF decreased by approximately \$36,000 for the nine months ended September 30, 2003 as compared to the nine months ended September 30, 2002 reflecting minor staff reductions.

Research and Development

For the nine months ended September 30, 2003 we began to incur research and development expenses associated with growing business in our IT Services Group related to our biometrics applications and recorded \$80,764 of expense for the nine months ended September 30, 2003. These expenses are principally related to the development of an access control terminal and related software called TouchThru(TM). TouchThru(TM) is a self-contained terminal enabling physical access control using biometric identification. It incorporates fingerprint matching technology licensed from Ultra-Scan Corporation, a private technology company headquartered in Buffalo, New York. TouchThru(TM) will be the first biometric product we introduce, and we intend to be in a position to market and sell that product beginning in 2006. We plan to market and sell TouchThru(TM) in a variety of industries and markets, including the federal, state and local government, health care, travel and general security, and access control.

19

Loss from Operations

For the nine months ended September 30, 2003 our operating loss was \$930,849 compared to a \$1,619,559 loss from operations for the nine months ended September 30, 2002. This improvement is primarily attributable to our focus on our new IT Services Group and reductions in general and administrative expenses, depreciation expense and selling expense, offset by research and development expenses incurred in our IT Services Group related to our biometrics applications.

Other Income (Expense)

Other income and expense consists principally of interest expense on indebtedness for the nine months ended September 30, 2003. Interest expense was \$135,319 for the nine months ended September 30, 2003 compared to \$326,967 for the nine months ended September 30, 2002. The decrease in our interest expense is due primarily to repayment of notes payable as a result of the termination of our DARPA contract in 2002 and the continued amortization of notes payable of LF.

Edgar Filing: INFINITE GROUP INC - Form 10QSB

Income (Loss) from Discontinued Operations

We recorded income from discontinued operations of \$387,690 for the nine months ended September 30, 2003 compared to a loss of \$ 272,566 for the nine months ended September 30, 2002. The income in 2003 is due to the close out of the DARPA contract with the Photonics Group and includes settlement of balances due for less than the carrying values. The loss from discontinued operations for 2002 are the result of the \$70,000 recorded in 2002 as a result of the sale of the Osley & Whitney building and land in the third quarter of 2002 and losses from discontinued operations of the Osley & Whitney, the Plastics group and the Photonics Group.

Net Loss

For the nine months ended September 30, 2003, we recorded a net loss of \$661,951, or \$(.14) per share from continuing operations and income of \$387,690 or \$.05 per share from discontinued operations compared to a net loss of \$2,149,955, or \$(.32) per share from continuing operations and a loss of \$272,566 \$(.04) per share from discontinued operations for the nine months ended September 30, 2002. The improvement in net loss is attributable to reductions in cost of sales as a percent of sales, decreases in general and administrative expenses, an improvement in the loss from discontinued operations by \$660,256 (from a loss of \$272,566 to income of \$387,690), contributions provided by our new IT Services Group, and a decrease in interest expense, which were offset by research and development expenses of our IT Services Group related to our biometrics applications.

Liquidity and Capital Resources

As of September 30, 2003 we had unrestricted cash of approximately \$163,000, substantially all of which was held by LF for its working capital needs.

At September 30, 2003 we had a working capital deficit of \$3,727,374 million (\$3,632,958 after eliminating the assets and liabilities of our discontinued operations). Approximately \$2,400,000 of this deficit is caused by bank loan covenant violations resulting in the classification of long term maturities as current liabilities.

We have financed the activity of our new IT Services Group through the issuance of notes payable to related parties and private placements of common stock. In the future, we may issue additional debt or equity securities to satisfy our cash needs. Any debt incurred or issued may be secured or unsecured, at a fixed or variable interest rates and may contain other terms and conditions that our board of directors deems prudent. Any sales of equity securities may be at or below current market prices. We cannot assure you that we will be successful in generating sufficient capital to adequately fund our liquidity needs.

Risk Factors

You should consider the risk factors included in our Annual Report on Form 10-KSB in evaluating our business and us. Additional risks and uncertainties not presently known to us, which we currently deem immaterial or that are similar to those faced by other companies in our industry or business in general, such as competitive conditions, may also impair our business operations. If any of the results of the risks occur, our business, financial condition, or results of operations could be materially adversely affected.

Edgar Filing: INFINITE GROUP INC - Form 10QSB

Evaluation of Disclosure Controls and Procedures. Our management, with the participation of the chief executive officer and the chief financial officer, carried out an evaluation of the effectiveness of our "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 (the "Exchange Act") Rules 13a-15(e) and 15-d-15(e)) as of the end of the period covered by this report (the "Evaluation Date"). Based upon that evaluation, the chief executive officer and the chief financial officer concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective, providing them with material information relating to the company as required to be disclosed in the reports we file or submit under the Exchange Act.

Changes in Internal Control over Financial Reporting. There were no changes in our internal controls over financial reporting, known to the chief executive officer or the chief financial officer, that occurred during our fiscal third quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Item 1: Legal Proceedings.

We are the plaintiff in a lawsuit filed in the Superior Court, State of Rhode Island on August 13, 1999 captioned Infinite Group, Inc. vs. Spectra Science Corporation and Nabil Lawandy. In the action, we assert that by fraud and in breach of fiduciary duties owed, Spectra and its president, Nabil Lawandy, caused us to sell to Spectra shares of Spectra's Series A Preferred stock at a substantial discount to fair market value. We allege that in entering into the transaction we relied on various representations made by Spectra and Mr. Lawandy, which were untrue at the time they were made. In the action, we seek compensatory damages in the amount of \$500,000 plus statutory interest, punitive damages as well as an award of attorney's fees and costs. One of Spectra's counterclaims was dismissed by the court in response to our motion for summary judgment. The trial was completed in February 2005. The jury returned a verdict and judgment in our favor in the amount of approximately \$600,000. We have filed a notice of appeal with respect to the damages portion of the verdict. On June 1, 2005, Spectra voluntarily dismissed with prejudice its remaining pending counterclaim against us. We have entered into an escrow agreement with the defendants pursuant to which approximately \$600,000 representing the amount of the judgment has been deposited. Withdrawal of the funds will be permitted only upon the date that judgment in the matter becomes a final, non-appealable decision, or earlier upon the written agreement of all parties.

We are the respondent in an arbitration proceeding filed on December 10, 2002 captioned J. Terrence Feeley v. Infinite Group, Inc. Claimant, a former employee and former member of our board of directors, alleges that the parties entered into a consulting agreement dated June 27, 2002 relative to the early termination of claimant's employment requiring certain cash payments to be made. Claimant alleges that we have failed or refused to make such cash payments and have breached the agreement and seeks all monies owed to him, said amount alleged to be approximately \$130,000. We answered the claim by admitting that a letter agreement was entered into but denied all of the remaining allegations. We also filed a counterclaim in the arbitration proceeding. We filed a related claim against Mr. Feeley in the Superior Court, State of Rhode Island on September 5, 2003. We claim that he breached certain provisions of his employment agreement, breached fiduciary duties he owed to us and violated several provisions of the June 27, 2002 letter agreement. We seek compensatory

damages in amounts to be shown at trial, and preliminary and permanent injunctive relief and other relief as may be appropriate.

Mr. Feeley's arbitration claims are pending before the American Arbitration Association and an arbitrator selected by the parties. Our claims against Mr. Feeley are pending in the Rhode Island Superior Court. In January of 2004, the parties agreed to stay arbitration proceedings and to mediate all the disputes under procedures available through the Superior Court. To date, neither party has initiated mediation proceedings.

Other than the foregoing proceeding, we are not a party to any material legal proceeding.

These transactions were exempt from registration, as they were nonpublic offerings made pursuant to Sections 4(2) and 4(6) of the Act. All shares issued in the transactions described hereinabove bore an appropriate restrictive legend.

Item 3. Defaults Upon Senior Securities.

The Company's LF subsidiary had a \$1,250,000 bank term promissory note that required monthly principal and interest payments amounting to approximately \$13,000 through February 2011. The outstanding balance as of September 30, 2003 amounted to \$812,783 and bore interest at the bank's prime rate plus 1.0%. All the assets of LF and the guarantee of the Company secured the note. We continued to be in violation of certain loan covenants. These violations related to exceeding certain levels of the ratio of debt to intangible net worth, not meeting the minimum current ratio or the working capital ratio, and exceeding capital expenditure limits. Accordingly, the entire outstanding portion of the note was classified as current.

The Company's LF subsidiary had a \$1,260,000 bank term promissory note that required monthly principal and interest payments amounting to approximately \$13,000 through December 2014. The outstanding balance as of September 30, 2003 amounted to \$1,064,744 and bore interest at the bank's prime rate plus .75%. We continued to be in violation of certain covenants under the term of this note. Accordingly, the entire outstanding portion of the note was classified as current.

The Company's LF subsidiary was obligated under a capital lease for the LF operating facility. The lease provided for monthly payments to an escrow account in amounts sufficient to allow for the repayment of the principal of the underlying tax-exempt bonds together with interest at 7.25% through June 2012. The outstanding balance as of September 30, 2003 amounted to \$485,000. Annual payments of principal were \$35,000 for fiscal 2003 and increased by \$5,000 annually through June 2012. Under the terms of this capital lease, the Company was prohibited from paying dividends or making other cash distributions. According to the terms of the lease agreement, the Company was required to comply with certain covenants. We continued to be in violation of these
