This proxy statement, our 2009 Annual Report on Form 10-K as amended and restated on Form 10-K/A-2 and our September 30, 2010 Quarterly Report on Form 10-Q as amended and restated on Form 10-Q/A are available electronically at <http://hemispherx.net/content/investor/annualmeeting.asp>.

OUTSTANDING SHARES AND VOTING RIGHTS

RECORD DATE; OUTSTANDING SHARES

Only stockholders of record at the close of business on January 31, 2011, the record date, are entitled to receive notice of, and vote at the annual meeting. As of the record date, the number and class of stock outstanding and entitled to vote at the meeting was 135,241,609 shares of common stock, par value \$.001 per share. Each share of common stock is entitled to one vote on all matters. No other class of securities will be entitled to vote at the meeting. There are no cumulative voting rights.

The five nominees receiving the highest number of votes cast by the holders of common stock represented and voting at the meeting will be elected as Hemispherx’s Directors and constitute the entire Board of Directors of Hemispherx. The affirmative vote of at least a majority of the shares represented and voting at the annual meeting at which a quorum is present is necessary for approval of Proposals No. 2, 3 and 4.

The frequency of the advisory vote on executive compensation (Proposal 4) receiving the greatest number of votes (every one, two or three years) will be considered the frequency recommended by stockholders.

Although the advisory votes on Proposals 3 and 4 are non-binding, as provided by law, our Compensation Committee will review the results of the votes and will take them into account in making a determination concerning executive compensation and the frequency of such advisory votes.

ADMISSION TO THE MEETING

Stockholders (or their authorized representatives) and our invited guests may attend the meeting. Verification of stock ownership will be required. If you own shares in your name or hold them through a broker (and can provide

documentation showing ownership as of the end of day on January 31, 2011, the Record Date), you will be permitted to attend. Stockholders will be admitted to the meeting beginning at 9:30 a.m. EST on March 17, 2011. Seating is limited.

REVOCABILITY OF PROXIES

If you attend the meeting, you may vote in person, regardless of whether you have submitted a proxy. Any person giving a proxy in the form accompanying this proxy statement has the power to revoke it at any time before it is voted. It may be revoked by filing, with the corporate Secretary of Hemispherx at its principal offices, 1617 JFK Boulevard, Suite 660, Philadelphia, PA 19103, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person.

VOTING AND SOLICITATION

Every stockholder of record is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. There are no cumulative voting rights. By submitting your proxy, you authorize William A. Carter and Thomas K. Equels and each of them to represent you and vote your shares at the meeting in accordance with your instructions. Messrs. Carter and Equels and each of them may also vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournment or postponement of the meeting.

Hemispherx has borne the cost of preparing, assembling and mailing this proxy solicitation material along with related communication with stockholders. The total cost estimated to be spent and the total expenditures to date for, in furtherance of, or in connection with the solicitation of stockholders is approximately \$100,000. Hemispherx may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation materials to beneficial owners. Proxies may be solicited by certain of Hemispherx's Directors, Officers and employees, without additional compensation, personally, by telephone or by facsimile.

We have hired the firm of Morrow & Company LLC to assist in the solicitation of proxies on behalf of the Board of Directors. Morrow & Company LLC has agreed to perform this service for a proposed fee of \$9,000 plus out-of-pocket expenses.

Internet and Telephone Voting

If you have Internet access, you may submit your proxy from any location in the world by following the Internet voting instructions on the proxy card or voting instructions card sent to you. If you submit your proxy via the Internet, you should not return your proxy card.

You may submit your proxy by following the telephone voting instructions on the proxy card or voting instruction card sent to you. If you submit your proxy by telephone, you should not return your proxy card.

ADJOURNED MEETING

The Chair of the meeting may adjourn the meeting from time to time to reconvene at the same or some other time, date and place. Notice need not be given of any such adjournment meeting if the time, date and place thereof are announced at the meeting at which the adjournment is taken. If the time, date and place of the adjournment meeting are not announced at the meeting which the adjournment is taken, then the Secretary of the Company shall give written notice of the time, date and place of the adjournment meeting not less than ten (10) days prior to the date of the adjournment meeting. Notice of the adjournment meeting also shall be given if the meeting is adjourned in a single adjournment to a date more than 30 days or in successive adjournments to a date more than 120 days after the original date fixed for the meeting.

TABULATION OF VOTES

The votes will be tabulated and certified by Continental Stock Transfer & Trust Company, our transfer agent.

VOTING BY STREET NAME HOLDERS

If you are the beneficial owner of shares held in "street name" by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker will nevertheless be entitled to vote the shares with respect to "discretionary" items but will not be permitted to vote the shares with respect to "non-discretionary" items (in which case, the shares will be treated as "broker non-votes").

Pursuant to the New York Stock Exchange Amex ("NYSE Amex") Rule 452, brokers may not vote uninstructed shares if the matter to be voted on relates to the election of directors.

QUORUM; ABSTENTIONS; BROKER NON-VOTES

The required quorum for the transaction of business at the annual meeting normally is a majority of the shares of common stock entitled to vote at the annual meeting, in person or by proxy. However, with a majority of our shares being held by persons or organizations in Europe, we had to repeatedly reschedule our 2008 Annual Meeting in an attempt to attain a quorum of voters. Finally, the Board amended our By-Laws to reduce the quorum for that meeting to 44% in voting power of the outstanding shares of stock and the meeting was held. Facing the same issue for the 2009 Annual Meeting, our Board of Directors again amended our By-Laws to reduce the quorum, solely for the 2009 Annual Meeting, from a majority to 40% in voting power of the outstanding shares of stock entitled to vote. Our Board of Directors again amended our By-Laws to reduce the quorum, solely for the 2010 Annual Meeting, from a majority to 33 1/3% in voting power of the outstanding shares of stock entitled to vote. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares represented and voting the votes cast at the annual meeting with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, Hemispherx believes that abstentions should be counted for purposes of determining both: (i) the presence or absence of a quorum for the transaction of business; and (ii) the total number of votes cast with respect to a proposal (other than the election of Directors). In the absence of controlling precedent to the contrary, Hemispherx intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal (other than the election of Directors).

Under current Delaware case law, broker non-votes should not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. Hemispherx intends to treat broker non-votes in this manner. Thus, a broker non-vote will not affect the outcome of the voting on a proposal, except where passage requires at least a majority of the outstanding shares entitled to vote at the annual meeting. In such event, a broker non-vote is the same as a vote against.

DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Proposals of stockholders to be considered for inclusion in the Proxy Statement and proxy card for the 2011 Annual Meeting of Stockholders must be received by the Company's Secretary, at Hemispherx Biopharma, Inc., 1617 JFK Boulevard, Suite 660, Philadelphia, PA 19103 no later than April 30, 2011 with an anticipated meeting date in September 2011.

Pursuant to the Company's Restated and Amended Bylaws, all stockholder proposals may be brought before an annual meeting of stockholders only upon timely notice thereof, in writing, to the Secretary of the Company. To be timely, a stockholder's notice, for all stockholder proposals other than the nomination of candidates for director, shall be delivered to the Secretary at the principal executive offices of the Company not less than sixty (60) nor more than ninety (90) days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, the stockholder's notice in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. To be timely, a stockholder's notice, with respect to a stockholder proposal for nomination of candidates for director, shall be delivered to the Secretary at the principal executive offices of the Company not less than ninety (90) nor more than one hundred twenty (120) days prior to the anniversary date of the immediately preceding annual meeting of stockholders; provided, however, that in the event that the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, the stockholder's notice in order to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. Provided, however, in the event that the stockholder proposal relates to the nomination of candidates for director and the number of Directors to be elected to the Board of Directors of the Company at an annual meeting is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors at least one hundred days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the tenth day following the day on which such public announcement is first made by the Company. All stockholder proposals must contain all of the information required under the Company's Bylaws, a copy of which is available upon written request, at no charge, from the Secretary. The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

INFORMATION CONCERNING BOARD MEETINGS

The Board of Directors is responsible for the management and direction of Hemispherx and for establishing broad corporate policies. A primary responsibility of the Board is to provide effective governance over the Company's affairs for the benefit of its stockholders. In all actions taken by the Board, the Directors are expected to exercise their business judgment in what they reasonably believe to be the best interests of the Company. In discharging that obligation, Directors may rely on the honesty and integrity of the Company's senior Executives and its outside advisors and auditors.

The Board of Directors and various committees of the Board meet periodically throughout the year to receive and discuss operating and financial reports presented by the Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO") as well as reports by experts and other advisors. Corporate review sessions are also offered to Directors to help familiarize them with Hemispherx's technology and operations. Members of the Board are encouraged to attend Board meetings in person, unless the meeting is held by teleconference. The Board held three meetings in 2009 and executed nineteen unanimous consents. All Directors attended these meetings.

In 2009, the non-employee members of the Board of Directors met one time in executive session with no employee Directors or management personnel present. William Mitchell is the Director who presided over the meeting. Interested persons who wish to contact the Lead Director or other non-employee Directors can do so by sending written comments through the Office of the Secretary of the Company at Hemispherx Biopharma, Inc., 1617 JFK Boulevard, Suite 660, Philadelphia, PA 19103. The Office will either forward the original materials as

addressed, or provide Directors with summaries of the correspondence, with the originals available for review at the Directors' request.

INFORMATION CONCERNING COMMITTEES OF THE BOARD

The Board of Directors maintains the following committees:

Executive Committee.

The Executive Committee is composed of Dr. William A. Carter, Chief Executive Officer and Chairman of the Board, Dr. William M. Mitchell, Director, and Thomas K. Equels, Executive Vice Chairman of the Board, Secretary and General Counsel. The Executive Committee had three informal meetings in 2009. All committee members attended these meetings. The Committee assists the Board by making recommendations to management regarding general business matters of Hemispherx.

Compensation Committee.

The Compensation Committee is composed of Dr. Iraj Eqhbal Kiani, Director and Committee Chair, Dr. William M. Mitchell, Director, and Richard C. Piani, Director. For detailed information on the Compensation Committee and its responsibilities, please see “Compensation Discussion and Analysis” in “Compensation of Executive Officers” below.

Corporate Governance and Nomination Committee.

In 2009, the Corporate Governance and Nomination Committee had one formal and two informal meetings and all members were present. The Corporate Governance and Nomination Committee consists of Dr. William M. Mitchell, Director and Committee Chair, Richard C. Piani, Director, and Dr. Iraj Eqhbal Kiani, Director. All of the members of the Committee meet the independence standards contained within the NYSE Amex Company Guide and the Hemispherx Corporate Governance Guidelines. The full text of the Corporate Governance and Nomination Committee Charter as well as the Corporate Governance Guidelines, as approved by the Board, are available on our website: www.hemispherx.net.

As discussed below, the Committee is responsible for recommending candidates to be nominated by the Board for election by the stockholders or to be appointed by the Board of Directors to fill vacancies consistent with the criteria approved by the Board. It also is responsible for periodically assessing Hemispherx’s Corporate Governance Guidelines and making recommendations to the Board for amendments, recommending to the Board the compensation of Directors, taking a leadership role in shaping corporate governance, and overseeing an annual evaluation of the Board.

The Corporate Governance and Nomination Committee is responsible for identifying candidates who are eligible under the qualification standards set forth in Hemispherx’s Corporate Governance Guidelines to serve as members of the Board. The Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling its other duties. The Committee is not limited to any specific process in identifying candidates and will consider candidates suggested by stockholders. In recommending Board candidates, the Committee considers a candidate’s: (1) general understanding of elements relevant to the success of a publicly traded company in the current business environment, (2) understanding of Hemispherx’s business, and (3) diversity in educational and professional background. The Committee also gives consideration to a candidate’s judgment, competence, dedication and anticipated participation in Board activities, experience, geographic location and special talents or personal attributes. Stockholders who wish to suggest qualified candidates should write to the Corporate Secretary, Hemispherx Biopharma, Inc., 1617 JKF Blvd., Suite 660, Philadelphia, PA 19103, stating in detail the qualifications of such persons for consideration by the Committee.

The Company aspires to the highest standards of ethical conduct; reporting results with accuracy and transparency; and maintaining full compliance with the laws, rules and regulations that govern the Company’s business. Hemispherx’s Corporate Governance Guidelines embody many of our policies and procedures which are the foundation of our commitment to best practices. The guidelines are reviewed annually, and revised if deemed necessary, to continue to reflect best practices.

Audit Committee and Audit Committee Expert.

The Audit Committee of our Board of Directors consists of Richard Piani, Committee Chairman, William Mitchell, M.D. and Iraj Eqbal Kiani, N.D., Ph.D. Mr. Piani, Dr. Mitchell, and Mr. Kiani are all determined by the Board of Directors to be independent directors as required under Section 121B(2)(a) of the NYSE Amex Company Guide. We do not have a financial expert as defined in the SEC rules on the committee in the true sense of the description because we believe that Richard Piani, an existing director, has sufficient experience. Mr. Piani has 40 years experience in business and has served in senior level and leadership positions for international businesses. His working experience includes reviewing and analyzing financial statements and dealing with financial institutions. We believe Mr. Piani, Dr. Mitchell, and Dr. Kiani to be independent of Management and free of any relationship that would interfere with their exercise of independent judgment as members of this committee. The principal functions of the Audit Committee are to (i) assist the Board in fulfilling its oversight responsibility relating to the annual independent audit of our consolidated financial statements and internal control over financial reporting, the engagement of the independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications, independence and performance; (ii) prepare the reports or statements as may be required by NYSE Amex or the securities laws; (iii) assist the Board in fulfilling its oversight responsibility relating to the integrity of our financial statements and financial reporting process and our system of internal accounting and financial controls; (iv) discuss the financial statements and reports with Management, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with Management; and (v) review disclosures by our independent registered public accounting firm concerning relationships with us and the performance of our independent accountants.

Audit Committee Report.

The primary responsibility of the Audit Committee (the "Committee") is to assist the Board of Directors in discharging its oversight responsibilities with respect to financial matters and compliance with laws and regulations. The primary methods used by the Committee to fulfill its responsibility with respect to financial matters are:

- To appoint, evaluate, and as the Committee may deem appropriate, terminate and replace the Company's independent registered public accountants;
 - To monitor the independence of the Company's independent registered public accountants;
 - To determine the compensation of the Company's independent registered public accountants;
- To pre-approve any audit services, and any non-audit services permitted under applicable law, to be performed by the Company's independent registered public accountants;
- To review the Company's risk exposures, the adequacy of related controls and policies with respect to risk assessment and risk management;
- To monitor the integrity of the Company's financial reporting processes and systems of control regarding finance, accounting, legal compliance and information systems; and
- To facilitate and maintain an open avenue of communication among the Board of Directors, Management and the Company's independent registered public accountants.

The Audit Committee is composed of three Directors, and the Board has determined that each of those Directors is independent as that term is defined in Sections 121(B)(2)(a) of the NYSE Amex Company Guide.

The Committee met three times in 2009 and participated in four teleconferences. All Committee members were present for the meetings.

In discharging its responsibilities relating to internal controls, accounting and financial reporting policies and auditing practices, the Committee discussed with the Company's independent registered public accountants, McGladrey & Pullen, LLP, the overall scope and process for its audit. The Committee regularly meets with McGladrey & Pullen, LLP, with and without Management present, to discuss the results of its examinations, the evaluations of our internal controls and the overall quality of the Company's financial reporting.

The Committee also undertook discussions with McGladrey & Pullen, LLP during the 2009 fiscal year such matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, and other standards of the Public Company Accounting Oversight Board, rules of the SEC and other applicable regulations. The Committee received from McGladrey & Pullen, LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding McGladrey & Pullen, LLP's communications with the Audit Committee concerning independence and discussed with McGladrey & Pullen, LLP the independence of their firm.

The Committee has met and held discussions with Management. The Committee has reviewed and discussed with Management Hemispherx's audited consolidated financial statements as of and for the fiscal year ended December 31, 2009, as well as the internal control requirements of the Sarbanes-Oxley Act of 2002.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements referred to above be included in the Company's Annual Report for the year ended December 31, 2009.

This report is respectfully submitted by the members of the Audit Committee of the Board of Directors.

Richard C. Piani, Chairman

Dr. William M. Mitchell

Dr. Iraj Eqhbal Kiani

Strategic Planning Committee.

The Strategic Planning Committee is composed of Dr. William A. Carter, Dr. William M. Mitchell, and Thomas K. Equels. The Committee met informally three times in 2009 and all committee members were in attendance. The Strategic Planning Committee makes recommendations to the Board of Directors of priorities in the application of Hemispherx's financial assets and human resources in the fields of research, marketing and manufacturing.

Board Leadership Structure and Role in Risk Oversight

The Board evaluates its leadership structure and role in risk oversight on a periodic basis. The Board determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of our Company and other relevant factors. As further discussed below, after considering these factors, the Board determined that continuing to combine the positions of Chairman of the Board and Chief Executive Officer ("CEO") is the appropriate leadership structure at this time.

The Board currently combines the role of Chairman of the Board with the role of CEO, coupled with a Lead Independent Director position to further strengthen the governance structure. The Board believes this provides an efficient and effective leadership model for our Company and leverages Dr. Carter's long tenure with us with his bio-pharmaceutical knowledge. The Board believes that combining the Chairman and CEO roles fosters clear accountability, effective decision-making and consistency in strategy.

Lead Independent Director. To mitigate the consolidation of these two leadership positions in one individual, the Board has established a strong, independent, clearly-defined Lead Independent Director role. Richard C. Piani is the Lead Independent Director. Mr. Piani has been a Director of the Company since 1995. The Lead Independent Director presides at all meetings of the Board at which the Chairman is not present and serves as liaison between the Chairman and the Independent Directors; is involved in establishing the agendas for meetings of the Board of Directors, including the nature of information presented at such meetings, and has the authority to call meetings of the Independent Directors. In addition on a needed basis, the Board of Directors holds executive sessions of the Independent Directors to assure effective independent oversight. In 2009, the three Independent Directors met in sessions related to the Audit, Compensation and Corporate Governance and Nomination Committees.

The Board is also responsible for oversight of our risk management practices while Management is responsible for the day-to-day risk management processes. Our Executive Management team evaluates enterprise risks and shares their assessment of such risks with the Audit Committee or the full Board for oversight. In addition, financial risks and our internal control environment are overseen by the Audit Committee and the Compensation Committee considers how risks taken by Management could impact the value of executive compensation.

Code of Ethics and Business Conduct

Hemispherx's Board of Directors adopted a code of ethics and business conduct for Officers, Directors and employees that went into effect on May 19, 2003 and was amended on October 15, 2009. This code has been presented and reviewed by each Officer, Director, employee, agent and key consultant. You may obtain a copy of this code by visiting our web site at www.hemispherx.net or by written request to our Office Administrator at 1617 JFK Boulevard, Suite 660, Philadelphia, PA 19103. Our Board of Directors is required to approve any waivers of the code of ethics and business conduct for Directors or executive Officers and we are required to disclose any such waiver in a Current Report on Form 8-K within four business days.

Stock Ownership Guidelines

In April 2005, the Board of Directors adopted a set of stock ownership guidelines for Directors and Officers. The Board believes that Directors and Officers more effectively represent the interest of Hemispherx's stockholders if they are stockholders themselves. At this time, all of our Directors and Officers are stockholders and this guideline was adopted to assure that the present Directors and Officers continue to participate as well as future Directors and Officers. The full text of the Stock Ownership Guidelines, as approved by the Board, is available on our website: www.hemispherx.net.

Communication with the Board of Directors

Interested parties wishing to contact the Board of Directors of the Company may do so by writing to the following address: Board of Directors, c/o Thomas K. Equels, Corporate Secretary, 2601 S. Bayshore Dr., Suite #600, Miami, FL 33133. All letters received will be categorized and processed by the Corporate Counsel or Secretary, and then forwarded to the Company's Board of Directors.

Director Attendance at Annual Meetings of Stockholders

Directors are encouraged, but not required, to attend the Annual Meeting absent unusual circumstances, although we have no formal policy on the matter. In 2009, with the minimum quorum to conduct the meeting achieved the day prior, only the Chairman of the Board was able to attend the meeting.

Objectives and Philosophy of Executive Compensation

The primary objectives of the Compensation Committee of our Board of Directors with respect to Executive compensation are to attract and retain the most talented and dedicated Executives possible, to tie annual and long-term cash and stock incentives to achievement of measurable performance objectives, and to align Executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee expects to implement and maintain compensation plans that tie a substantial portion of Executives' overall compensation to key strategic financial and operational goals such as the establishment and maintenance of key strategic relationships, the development of our products, the identification and advancement of additional products and the performance of our common stock price. The Compensation Committee evaluates individual Executive performance with the goal of setting compensation at levels the Committee believes are comparable with Executives in other companies of similar size and stage of development operating in the biotechnology industry while taking into account our relative performance and our own strategic goals.

Use of Compensation Data

Our compensation plans are developed by utilizing publicly available compensation data for national and regional companies in the biopharmaceutical industry as well as web sites that specialize in compensation and/or employment data. We believe that the practices of this group of companies and/or data obtained from employment industry organizations, provide us with appropriate compensation benchmarks necessary to review the compensation recommendations by the CEO, CFO and/or Human Resources Department. While not utilized in 2009 or 2008 due to our maintaining Base Salary at existing levels with the exception of cost of living adjustments, in past years we had engaged independent outside consultants to help us analyze compensation data and compare our programs with the practices of the similar national and/or regional companies represented in the biopharmaceutical industry.

Elements of Executive Compensation

The Compensation Committee has adopted a mix among the compensation elements in order to further our compensation goals. The elements include:

- Base salary (impacted in 2009 by the Employee Wage Or Hours Reduction Program and cost of living adjustments);
 - Variable compensation consisting of a cash bonus based upon individual and corporate performance;
- Long-term bonus incentive programs consisting of the Goal Achievement Program and Employee Bonus Pool Program;
 - Stock option grants with exercise prices set at the fair market value at the time of grant.

Executive compensation consists of the following elements:

Base Salary

Base salaries for our Executives are established based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions. Generally, we believe that Executive base salaries should be targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at comparable companies, in line with our compensation philosophy. For those NEO with employment agreements, base salary is determined and set forth in the agreement and the Compensation Committee reviews the base salary prior to renewal of such agreement. Base salaries for the other NEO are normally reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. While this review process normally occurs in the fourth quarter of each year, it was not undertaken regarding 2008, 2009 or 2010 base salaries. However after analysis of overall Company compensation, the Committee authorized a non-discriminatory and universally applied cost of living increase to the base salaries of all full-time employees of record effective July 1, 2009 and January 1, 2010. Therefore, with the exception of these cost of living adjustments, no other modifications were made to the base salary rate of our NEO during 2008 or 2009. However, additional changes to our NEO's base salaries could be undertaken in a future determination by the Compensation Committee at its discretion. In this regard, in June 2010, we entered into amended and restated agreements with Dr. Carter, and an employment agreement with Mr. Equels, pursuant to which, Mr. Equels acts as our General Counsel, Secretary and Executive Vice Chairman of the Board of Directors. These employment agreements were further amended in July 2010. Additionally, in December 2010, we entered into an employment agreement with Charles Bernhardt, pursuant to which, Mr. Bernhardt acts as our Chief Financial Officer and Chief Accounting Officer.

Employee Wage Or Hours Reduction Program (January 1 to May 31, 2009)

In an effort to conserve our cash, the Employee Wage Or Hours Reduction Program (the "Program") was ratified by the Board effective January 1, 2009. In a mandatory program that was estimated to be in effect for up to six months, compensation of all active full-time employees as of January 1, 2009 ("Participants") were reduced through a reduction in their base salary for which they would be eligible to receive shares of our common stock ("Stock") six months after the shares were earned. All employees were also offered the alternative option to reduce their work hours with a proportional decrease in wages. No employee elected this alternative.

On a semi-monthly basis, Participants received rights to Stock ("Incentive Rights") that could not be traded. Six months after the date the Incentive Rights were awarded, we established a process to have Incentive Rights converted into Stock and issued to each Participant on a monthly basis. We have established and maintained a record for the number of Incentive Rights awarded to each Participant. At the end of each semi-monthly period, we determined the number of Incentive Rights by converting the proportionate incentive award to the value of the Stock by utilizing the closing price of the Stock on the NYSE Amex based on the average daily closing price for the period.

The Program was administered for full-time employees as follows:

- Employees earning \$90,000 or less per year elected a wage reduction of 10% per annum and received an incentive of two times the value in Stock;
- Employees earning \$90,001 to \$200,000 per year elected a wage reduction of 25% per annum received an incentive of two times the value in Stock;
- Employees earning over \$200,000 per year elected a wage reduction of 50% per annum and received an incentive of three times the value in Stock;
- Any employee could have elected a 50% per annum wage reduction which would allow them to be eligible for an incentive award of three times the value of Stock.

We have worked with Wells Fargo Advisors (formally Wachovia Securities) to establish a trading account for each Participant. Incentive Rights constitute income to the Participants and be subject to payroll taxes upon Stock issuance. We bear all expenses related to selling the Stock at Wells Fargo Advisors (i.e.; broker fees, transaction costs, commissions, etc.) for payroll withholding tax purposes. Thereafter, for each Participant that remains an active employee during the period, we continue to bear such costs from their Wells Fargo Advisors' accounts for the maintenance of these account and all expenses related to selling our Stock. Participants leaving us or voluntarily separating from the Plan received the Stock earned upon the six month conversion of their Incentive Rights. The Plan benefits for individuals that are no longer Participants are fixed and we do not continue to bear such costs from the designated brokerage firm for the maintenance of an account nor any expenses related to selling Hemispherx stock except for the initial costs associated to the selling of stock for payroll withholding tax purposes.

During 2009, Dr. Carter and Mr. Springate agreed to temporally modify their respective employment agreements with us pursuant to the Employee Wage Or Hours Reduction Program. As with all other Company employees, Mr. Bernhardt and Dr. Strayer elected to participate in the Program. As was the case regarding all four individuals, they received half of their monthly salary or fee in Company stock on a 3 to 1 conversion of dollars forsaken to the average stock closing price for the respective period. On a semi-monthly basis, they receive Incentive Rights that could not be traded. The Company determined the number of Incentive Rights by converting the proportionate incentive award to the value of the stock by utilizing the closing price of the stock on the NYSE Amex based on the average daily closing price for the period.

The Program was suspended as of May 31, 2009 with employees returning back to their rate of Base Salary of January 1, 2009. At the passage of six months for each of their months of participation, non-affiliate employees converted their Incentive Rights and were issued shares on July 31, August 31, September 30, October 30 and November 30, 2009. Individuals defined by Rule 144 in the Securities Act of 1933 as an "affiliate" converted their Incentive Rights and received their distribution of our common stock from the Program in June or August 2010 as follows:

- Dr. William Carter, Chairman & CEO (818,682 shares);
- Charles Bernhardt, CFO & CAO (198,135 shares);
- Dr. David Strayer, Medical Director (230,586 shares); and
- Wayne Springate, V.P. of Operations (185,748 shares).

Annual Bonus

Our compensation program includes eligibility for an annual performance-based cash bonus in the case of all NEO and certain senior, non-officer Executives. The amount of the cash bonus depends on the level of achievement of the stated corporate, department, and individual performance goals, with a target bonus generally set as a percentage of base salary. As provided in their respective employment agreement, during the year ended December 31, 2009, the following Executives were eligible for an annual performance bonus based of their salaries, the amount of which, if any, is determined by the Board of Directors in its sole discretion based on the recommendation of the Compensation Committee:

- Dr. William Carter, Chairman & CEO (bonus opportunity up to 25%);
- Robert Dickey, Sr. Vice President (bonus opportunity up to 25%); and
- Wayne Springate, V.P. of Operations (bonus opportunity up to 20%).

As of December 2010, as provided in their respective employment agreement, the following NEO were eligible for an annual performance bonus based on their salaries, the amount of which, if any, is determined by the Board of Directors in its sole discretion based on the recommendation of the Compensation Committee:

- Dr. William Carter, Chairman & CEO (bonus opportunity up to 25%);
- Thomas Equels, General Counsel, Secretary and Executive Vice Chairman of the Board (bonus opportunity up to 25%);
- Charles Bernhardt, Chief Financial Officer and Chief Accounting Officer (bonus opportunity up to 25%); and
- Wayne Springate, V.P. of Operations (bonus opportunity up to 20%).

The Compensation Committee utilizes annual incentive bonuses to compensate NEO and certain senior, non-officer executives (the "Executive Team") for attainment or success towards overall corporate financial and/or operational goals along with achieving individual annual performance objectives. These objectives will vary depending on the individual Executive, but generally relate to strategic factors such as establishment and/or maintenance of key strategic relationships, development of our products, identification, research and/or development of additional products, enhancing financial factors such as raising capital, cost containment and/or improving the results of operations.

In June 2008, the Compensation Committee unanimously recommended to the Board that upon acceptance of the Ampligen® NDA by the FDA, and at a time the Company had the financial resources to pay such a bonus, that a performance bonus should be awarded for \$300,000 to Dr. William Carter, CEO and Chairman of the Board, and \$150,000 to Dr. David Strayer, Chief Medical Officer.

On May 15, 2009, the Compensation Committee completed its review of internal and external reports, including correspondence to and from the FDA, and undertook informal interviews with the medical management team responsible for the NDA filing. This analysis did not include quantitative measures or threshold, target or maximum levels of achievements. In consideration of the successfully submitted Ampligen® NDA Application, the Compensation Committee concluded that substantial progress had been accomplished regarding the Ampligen® NDA application process to warrant the award of the full dollar bonus to Dr. Carter and Dr. Strayer. Additionally with our receipt of substantial proceeds from the private sale of our securities in May 2009, the Chief Executive Officer deemed sufficient cash reserves existed to make such bonus payment without creating financial hardships to the Company.

As a result, in May 2009, in concurrence with the unanimous recommendation of the Compensation Committee, our Board of Directors awarded the above mentioned bonuses of \$300,000 to Dr. William Carter, CEO and Chairman of the Board, and \$150,000 to Dr. David Strayer, Chief Medical Officer, in recognition for their effort and substantial progress related to their 2008 goal regarding the Ampligen® NDA application process.

The Compensation Committee also undertook the initial steps to establish goals and objectives for the Executive Team regarding possible bonuses for the year ending December 31, 2009. On an overall basis, all bonus eligible member of the Executive Team would share the following Company-wide goals:

- A. FDA approval of Ampligen® for Chronic Fatigue Syndrome;
- B. A country by country European strategic plan for Ampligen® to be submitted to and approved by the Board;
- C. Strategic plans for the marketing and partnering for Ampligen® to be submitted to and approved by the Board;
- D. Continued development of microbiological enhancement of vaccines requiring Ampligen®;
- E. Success in the protection of Company Intellectual Property;
- F. Continued development in the launch of Alferon® LDO;
- G. Maintaining the overall financial strength of the Company and operations consistent with the Board approved budget.

On a specific employee basis, each bonus eligible member of the Executive Team would be judged on his/her success as to meeting or exceeding elements of his/her specific job duties. This would be accomplished by:

H. At year-end, and at the sole discretion of the Compensation Committee, with input from the Chief Executive Officer or the Executive's direct supervisor, the Committee would evaluate the individual performance of each member of the Executive Team as to his/her achievement and/or contribution towards meeting the overall Company-wide goals along with his/her accomplishments specific to his/her job description. The outcome of the Committee's analysis would be utilized to determine if a bonus was warranted, and if so, the dollar amount or percentage of the Executive Team member's year-end base pay rate to be awarded.

During the first fiscal quarter of the subsequent year, the Compensation Committee would complete their analysis utilizing any internal and external documentation desired, including but not limited to reports from independent analysts and/or corporate benchmarking organizations. Upon analysis completion, the Compensation Committee made formal recommendations to the Board based on their findings with regard to bonuses for the year ended 2009. Due to the subjective nature of the Company-wide goals regarding the success and analysis of an Executive in meeting or exceeding elements of his/her specific job duties, the goals were not designed to be weighted in value or quantitative in nature. The bonuses were designed to be awarded based on a subjective cumulative nature of the goals deemed attainable, employee performance and progress towards achievement. The bonus threshold was designed to range from zero percent to twenty-five percent, with a target bonus of approximately twenty percent, calculated from the individuals year-end base pay rate.

In February 2010, the Compensation Committee reviewed the Executive Team's Company-wide goals as detailed in the Committee's Meeting Minutes of May 2009 and specific goals documented in each individual's job description. The Committee believed that the Executive Team had excelled in meeting their goals and responsibilities as documented in each individual's job description as well as made significant progress in meeting corporate goals with outstanding success in the following areas:

1. Continued development of microbiological enhancement of vaccines requiring Ampligen®;
2. Success in the protection of our intellectual property;
3. Continued development towards a potential clinical launch of Alferon® LDO; and
4. Maintaining the overall financial strength of Hemispherx and operations consistent with the Board approved budget; and
5. Attainment of a favorable FDA response to utilize a subcontractor for manufacture of Ampligen®.

Specifically, with regards to the NEO, the Compensation Committee determined that these Executives had demonstrated sufficient progress or exceeded expectations related to the following established goals described above and designated by the letters "A" through "H":

- a. Dr. William Carter, Chairman & CEO: Goals "D", "E", "F" and "G";
- b. Charles Bernhardt, CFO & CAO: Goals "E", "G" and "H";
- c. Dr. David Strayer, Medical Director: Goals "D", "E", and "F"; and
- d. Wayne Springate, V.P. of Operations: Goals "F", "G" and "H".

For this achievement, the Compensation Committee awarded each of these four identified NEO with a performance bonus of twenty percent of their respective base salary rate at year-end 2009. For what the Compensation Committee designated as unusual meritorious service during the year, they awarded the following NEO with an extra five percent performance bonus of their respective base salary rate at year-end 2009:

1. Dr. William Carter, Chairman & CEO, related to his service in obtaining new composition of matter Ampligen® patent applications and spearheading the successful raising of new capital; and
2. Charles Bernhardt, CFO & CAO, related to his outstanding service as Chief Financial Officer in completing SEC filings, controlling the Company's cash burn and enforcing budgetary requirements.

On February 8, 2010, our Board of Directors approved the recommendations of the Compensation Committee to award bonuses to NEO and certain senior, non-officer Executives for their performance in relation to their attainment of 2009 Company-wide goals as well as their achievements in individual goals and responsibilities. The Compensation Committee had recommended, and the Board ratified, the award of the following bonuses: Dr. William Carter, Chairman & CEO (\$182,772 or 25% of base salary), Charles Bernhardt, CFO & CAO (\$44,000 or 25% of base salary), Dr. David Strayer, Medical Director (\$44,306 or 20% of base salary) and Wayne Springate, V.P. of Operations (\$33,000 or 20% of base salary) and certain senior, non-officer Executives.

On December 3, 2010, our Board of Directors approved the recommendations of the Compensation Committee and awarded a deferred bonus to Thomas K. Equels, our Executive Vice Chairman of the Board, General Counsel and Secretary, for his services as legal counsel to the Company from 2008 to June 2010, when he became an employee of the Company, in the amount of \$150,000. In recommending this bonus, the Compensation Committee cited among his many accomplishments Mr. Equels' successfully obtaining a judgment in Federal District Court of approximately \$188 million against JCI/Bioclones and his instrumental involvement in settling the Class Action Security litigation suit for an amount covered by the Directors and Officers Insurance, including legal fees.

On December 22, 2010, the Compensation Committee, after analyzing relevant performance information, including each individual's Achievement of Job Description and Attainment of Company-Wide Goals documents, determined that 2010 performance bonuses should be granted for payment in 2011 for named executive officers. The following NEO were granted the following bonuses (equal to 25% of their respective 2010 year-end base compensation: William A. Carter (Chairman & CEO) \$200,000; Thomas K. Equels (Executive Vice Chairman, Secretary & General Counsel) \$100,000; and Charles Bernhardt (CFO & Chief Accounting Officer) \$50,000. The following NEO were granted the following bonuses (equal to 20% of their respective 2010 year-end base compensation: David Strayer (Medical Director) \$48,737; Wayne Springate (Vice President of Operations) \$36,300; and Russel Landers (Vice President of Process and Quality Assurance) \$43,076.

In addition on December 22, 2010, the Compensation Committee approved the issuance to William A. Carter of 10 year options to purchase up to 73,728 shares of the Company's common stock. The options were issued pursuant to the Company's 2009 Equity Incentive Plan and replace an identical number of 10 year options previously issued to Dr. Carter under the Company's 1990 Stock Option Plan, which expired in August 2010. The exercise price of the replacement options is \$2.71 per share, the same as the exercise price of the expired options.

Long-Term Bonus Incentive Programs

The Compensation Committee believes that team oriented performance by our NEO, non-officer Executive officers and all employees, consistent with our short and long-term goals, can be achieved through the use of goal or result oriented bonus programs. Accordingly, two programs have been established to provide our employees, including our NEO and certain senior, non-officer Executives, with incentives to help align their financial interests with that of Hemispherx and its stockholders. One program terminated in March 2010 and the other is ongoing.

Goal Achievement Incentive Program

On November 17, 2008 the Board of Directors authorized the Goal Achievement Incentive Program. This program is designed to intensify the efforts of the parties involved in securing strategic partnering agreements with third parties. We will pay the parties participating in the Program an incentive bonus for each timely agreement (as defined below) entered into by us with any and all third parties in which we receive cash (as defined below) from such third parties as a result of the execution of such agreements ("Strategic Partnering Agreements"), provided, however, Strategic Partnering Agreements shall not include agreements whereby we receive cash as a result of (i) only the sale of Ampligen® or other Hemispherx products, (ii) our only being reimbursed for expenses, not including expenses for prior research conducted by us, incurred by us, (iii) an agreement in which the only economic benefit to us is one or more loans, and (iv) an agreement, other than an agreement which results in a change of control of Hemispherx, in which the only economic benefit to us is the sale of our equity or other securities. The incentive bonus shall be in an amount equal to one percent (1%) of the amount of all cash received by us pursuant to each such Strategic Partnering Agreement between the dates of the execution of each such Strategic Partnering Agreement and the first commercial sale of Ampligen® following the full commercial approval of the sale of Ampligen® in each jurisdiction. All incentive bonus payments shall be payable in readily available funds within ten (10) days following receipt by us of readily available funds as a result of our receipt of such first cash. For purposes hereof "timely agreements" means all

agreements entered into by us with any and all third parties (a) on or before June 30, 2009 and (b) on or before March 31, 2010 with third parties with which we had been in active negotiations on or before June 30, 2009. For purposes hereof “cash” means any asset which is either (a) readily available funds or (b) capable of being converted into readily available funds in value equal to the value ascribed to such asset in the Strategic Partnering Agreement within six months of the receipt of such asset by Hemispherx. This program presently includes Dr. William Carter, CEO, Dr. Chaunce Bogard, strategic consultant, The Sage Group (strategic advisor firm), Anthony Bonelli, our former President and Chief Operating Officer, Dr. David R. Strayer, Medical Director and all of our active full-time employees as of January 1, 2009.

From the inception through its March 31, 2010 expiration, Hemispherx paid no compensation related to the Goal Achievement Incentive Program.

Employee Bonus Pool Program

An element of the Employee Wage Or Hours Reduction Program was the establishment of a Bonus Pool (the "Pool") in the case of FDA Approval ("Approval") of Ampligen®. This bonus is to award to each employee of record at January 1, 2009 a pretax sum of 30% in wages, calculated on their base salary per annum compensation at the time of the Approval, and awarded within three months of Approval. Participants who terminate their employment prior to the Approval will not qualify for this bonus.

For the year ending 2009, Hemispherx paid no compensation related to the Employee Bonus Pool Program.

Stock Options

The Compensation Committee believes that long-term performance is achieved through an ownership culture that encourages such performance by our NEO, non-officer Executives and all employees through the use of stock and stock-based awards. Our stock plans have been established to provide our employees, including our NEO and senior non-officer Executives, with incentives to help align their interests with the interests of stockholders. Accordingly, the Compensation Committee believes that the use of stock and stock-based awards offers the best approach to achieving long-term performance goals because:

- Stock options align the interests of Executives and employees with those of the stockholders, support a pay-for-performance culture, foster employee stock ownership, and focus the management team on increasing value for the stockholders;
- Stock options are performance based. All the value received by the recipient of a stock option is based on the growth of the stock price; and
- Stock options help to provide a balance to the overall executive compensation program as base salary and our discretionary annual bonus program focus on short-term compensation.

We have historically elected to use stock options as the primary long-term equity incentive vehicle and expect to continue to use stock options as a long-term incentive vehicle. We have adopted stock ownership guidelines and our stock compensation plans have provided the principal method, other than through direct investment for our executive Officers to acquire equity in our Company. The Compensation Committee believes that the annual aggregate value of these awards should be set near competitive median levels for comparable companies. However, in the early stage of our business, we provided a greater portion of total compensation to our Executives through our stock compensation plans than through cash-based compensation.

In determining the number of stock options to be granted to NEO, non-officer Executives and employees, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance and the value of stock options in relation to other elements of the individual's total compensation.

Our stock plans authorize us to grant options to purchase shares of common stock to our NEO, employees, Directors and consultants. Our Compensation Committee oversees the administration of our stock option plan. The Compensation Committee reviews and recommends approval by our Board of Directors of stock option awards to NEO based upon a review of competitive compensation data, its assessment of individual performance, a review of each Executive's existing long-term incentives and retention considerations. Periodic stock option grants are made at the discretion of the Board of Directors upon recommendation of the Compensation Committee to eligible NEO and employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of the

CEO.

19

In 2008, the Compensation Committee and the Board authorized the renewal of expiring options for certain named Executives. Grants were made to certain of our employees based on past performance, particularly, those who worked hard and diligently on the preparation of our NDA. Stock options granted by us have an exercise price equal to the fair market value of our common stock on the day of grant and generally expire ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code.

In 2009, Robert Dickey IV was the only employee granted stock options as an element of his acceptance of the Senior Vice President position on June 11, 2009. He was granted the option to purchase 150,000 shares of our common stock at an exercise price of \$2.81 per share, or 110% of the \$2.55 closing price of the stock on the NYSE Amex. These options are designed to vest proportionately over each month for four years beginning July 1, 2009.

On June 11, 2010, we granted options to purchase shares of our common stock at an exercise price of \$0.66 per share, or 110% of the \$0.60 closing price of the stock on the NYSE Amex as of June 10, 2010, to the following NEO consistent with their respective employment agreements:

- William A. Carter, Chairman of the Board & CEO for 500,000 shares with immediate vesting; and
- Thomas K. Equels, Executive Vice Chairman of the Board, Secretary and General Counsel for 300,000 shares with immediate vesting.

On December 6, 2010, we granted options to purchase shares of our common stock at an exercise price of \$0.55 per share, or 110% of the \$0.50 closing price of the stock on the NYSE Amex as of December 3, 2010, to Charles T. Bernhardt, Chief Financial Officer and Chief Accounting Officer consistent with his employment agreement.

Other Compensation

We provide the following benefits to our NEO generally on the same bases as benefits provided to all full-time employees:

- Health, vision and dental insurance;
- Life insurance;
- Short and long-term disability insurance;
- 401(k) with company match of up to 6% of employee's contribution.

The Compensation Committee believes that these benefits are consistent with those offered by other companies, specifically those provided by our peers.

Occasionally, certain Executives separately negotiate other benefits in addition to the benefits described above. The following additional benefits were provided in 2009 to Dr. William Carter, Chairman & CEO, as an element of his employment:

- Automobile allowance;
- Reimbursement of home office and phone expenses;
- Supplementary life insurance policies;
- Incentive bonus of 0.5% of the gross proceeds received by us from any joint venture or corporate partnering arrangement. During 2009, there were no bonus payments related to this incentive.

Commencing as of June 2010, as provided in their respective employment agreement, the following Executives were eligible for incentive bonuses related to: (i) product sales, joint ventures or corporate partnering arrangements ("Sales or Arrangements"), and (ii) any sale of our Company or substantially all of our assets not in the ordinary course of our business ("Asset Sale"): Dr. William Carter, Chairman & CEO (2.5% of Sales or Arrangements and 5% of any Asset Sale); and Thomas Equels, General Counsel, Secretary and Executive Vice Chairman of the Board (5% of Sales or

Arrangements and 5% of any Asset Sale). These incentive bonuses, if earned, are not to exceed in the aggregate an annual maximum of \$5,000,000 per Executive.

401(k) Plan

In December 1995, we established a defined contribution plan, effective January 1, 1995, entitled the Hemispherx Biopharma employees 401(k) Plan and Trust Agreement. All of our full-time employees are eligible to participate in the 401(k) plan following one year of employment. Subject to certain limitations imposed by Federal Tax laws, participants are eligible to contribute up to 15% of their salary (including bonuses and/or commissions) per annum. Through March 14, 2008, Participants' contributions to the 401(k) plan were matched by Hemispherx at a rate determined annually by the Board of Directors. Each participant immediately vests in his or her deferred salary contributions, while our contributions will vest over one year.

Effective March 15, 2008 and continuing through December 31, 2009, we halted our matching of 401(k) contributions provided to the account for each eligible participant. Effective January 1, 2010, our Compensation Committee reestablished Hemispherx' 100% matching of up to 6% of the 401(k) contributions provided to the account for each eligible participant, including without exception each eligible Named Executive Officer following one year of employment.

Key Employee Retention

On December 31, 2008, we entered into a severance/consulting agreement with the former Chief Financial Officer, Robert E. Peterson. This agreement provides a monthly fee of \$4,000 plus travel expenses and Options to purchase 20,000 shares of the our common stock at the end of each calendar quarter through year-end 2011 in return for consulting services. The exercise price of the Options is to be equal to 120% of the closing price of the our stock on the NYSE Amex on the last trading day of the calendar quarter for which the Options are being issued. Additionally, the severance/consulting agreement allows for the possibility of a one percent fee to be paid to Mr. Peterson in the event of financial transactions to raise capital for a maximum potential pay-out value of \$518,328 (two times the amount of compensation paid to Mr. Peterson by us for calendar year 2008). Mr. Peterson may terminate the Advisory Services at any time upon giving us sixty (60) days notice in writing of the intention to terminate his Advisory Services.

Severance

In determining whether to approve and setting the terms of severance arrangements, the Compensation Committee recognizes that Executives, especially highly ranked Executives, often face challenges securing new employment following termination. Upon termination of employment, the following NEO currently are entitled to receive severance payments under their employment and/or engagement agreements:

- William A. Carter, Chairman of the Board & Chief Executive Officer;
- Thomas K. Equels, Executive Vice Chairman of the Board, Secretary and General (effective June 1, 2010);
- Charles T. Bernhardt, Chief Financial Officer and Chief Accounting Officer (effective December 3, 2010); and
- Wayne Springate, Vice President of Operations.

The Compensation Committee believes that severance agreements provided these individuals are generally in line with severance packages offered to executive officers of the companies of similar size. Mr. Dickey, Dr. Strayer, Dr. Lander and Dr. Cavalli currently are not covered under a severance agreement and any severance benefits payable to them under similar circumstances would be determined by the Compensation Committee in its discretion. See "Estimated Payments Following Severance — Named Executive Officers.

Conclusion

Our compensation policies are designed to retain and motivate our Executive Officers, other non-officer Executives and non-Executives and to ultimately reward them for outstanding individual and corporate performance.

Notes:

- (1) This amount represents three times the sum of the NEO's (a) highest annual base salary in effect during the year of termination and (b) bonus received in the prior year. These amounts are based on the salary rates in effect on December 31, 2009 and bonuses paid during or related to 2009.
- (2) This amount represents one and a half times the sum of the NEO's (a) highest annual base salary in effect during the year of termination and (b) bonus received in the prior year. These amounts are based on the salary rates in effect on December 31, 2009 and bonuses paid during or related to 2009.
- (3) This amount represents the payout of all outstanding performance-vesting share units ("PVSU") awards on a change in control at the target payout level with each award then pro-rated based on the time elapsed for the applicable three-year performance period.
- (4) This amount represents the value of all unvested restricted awards which would become vested on a change in control (whether or not the awards were deferred). The amount would be calculated by multiplying an NEO's number of unvested shares by the fair market value of a single share on December 31, 2009, which was \$0.56.
- (5) This amount is the intrinsic value [fair market value on December 31, 2009 (\$0.56 per share) minus the per share exercise price] of all unvested stock options for each NEO, including Stock Appreciation Rights ("SAR"). Any option with an exercise price of greater than fair market value was assumed to be cancelled for no consideration and, therefore, had no intrinsic value.
- (6) This amount represents the payout of the supplemental award on a change in control at the target payout level with each award then pro-rated based on the time elapsed for the applicable three-year performance period.
- (7) This amount represents the employer-paid portion of the premiums for medical, dental and life insurance coverage.
- (8) This amount represents the estimated cost of providing outplacement assistance.
- (9) This amount reflects the gross-up an NEO would receive if he is subject to income tax under Internal Revenue Code, Commonwealth of Pennsylvania and City of Philadelphia. The estimated gross-up is calculated using the assumption of a 45% tax imputed amount on the total value of all elements in the severance agreement.
- (10) Based on a Black-Scholes pricing model of valuing options utilizing the fair market value of a single share on December 31, 2009, which was \$0.56.

Definition of "Change in Control". For each agreement, a "Change in Control" is defined generally as any such event that requires a report to the SEC, but includes any of the following:

- Any person or entity other than Hemispherx, any of our current directors or officers or a trustee or fiduciary holding our securities, becomes the beneficial owner of more than 50% of the combined voting power of our outstanding securities;
- An acquisition, sale, merger or other transaction that results in a change in ownership of more than 50% of the combined voting power of our stock or the sale/transfer of more than 75% of our assets;
- A change in the majority of our Board of Directors over a two-year period that is not approved by at least two-thirds of the directors then in office who were directors at the beginning of the period; or
- Execution of an agreement with Hemispherx, which if consummated, would result in any of the above events.

Definition of "Constructive Termination". A "Constructive Termination" generally includes any of the following actions taken by Hemispherx without the executive's written consent following a change in control:

- Significantly reducing or diminishing the nature or scope of the executive's authority or duties;
- Materially reducing the executive's annual salary or incentive compensation opportunities;
- Changing the executive's office location so that he must commute more than 50 miles, as compared to his commute as of the date of the agreement;
- Failing to provide substantially similar fringe benefits, or substitute benefits that were substantially similar taken as a whole, to the benefits provided as of the date of the agreement; or

- Failing to obtain a satisfactory agreement from any successor to Hemispherx to assume and agree to perform the obligations under the agreement.

However, no constructive termination occurs if the executive:

- Fails to give us written notice of his intention to claim constructive termination and the basis for that claim at least 10 days in advance of the effective date of the executive's resignation; or
- We cure the circumstances giving rise to the constructive termination before the effective date of the executive's resignation.

The provision for change in control within the employment agreements for Mr. Equels and Mr. Bernhardt did not become effective until June 1, 2010 and December 3, 2010, respectively. The amended employment agreement with Robert Dickey IV, effective February 1, 2010 and renewed on August 3, 2010, no longer includes a change in control provision.

Post-Employment Compensation

We have agreements with the following NEO who have benefits upon termination: an employment and an engagement agreement with Dr. William Carter, our Chairman and Chief Executive Officer; an employment agreement with Thomas K. Equels (effective June 1, 2010), our Executive Vice Chairman, Secretary and General Counsel; an employment agreement with Charles T. Bernhardt (effective December 3, 2010), our Chief Financial Officer and Chief Accounting Officer; and an employment agreement with Wayne Springate, our Vice President of Operations.

The following is a description of post-employment compensation payable to the NEO. If a NEO does not have a specific benefit, he is not mentioned in the subsection. In such event, the NEO does not have any such benefits upon termination unless otherwise required by law.

Termination For Cause

Dr. Carter, Mr. Equels and Mr. Bernhardt can be terminated for cause. For each, "Cause" means the willful engaging in illegal conduct or gross misconduct or gross violation of the Company's Code of Ethics and Business Conduct for Officers which is demonstrably and materially injurious to the Company. For purposes of their respective agreement, no act, or failure to act, on his part shall be deemed "willful" unless done intentionally by him and not in good faith and without reasonable belief that his action or omission was in the best interest of the Company. Notwithstanding the foregoing, he shall not be deemed to have been terminated for Cause unless and until the Company delivers to him a copy of a resolution duly adopted by the affirmative vote of not less than three-quarters of the directors of the Board at a meeting of the Board called and held for such purpose (after reasonable notice to him and an opportunity for him, together with counsel, to be heard before the Board) finding that, in the good faith opinion of the Board, he was guilty of conduct set forth above and specifying the particulars thereof in detail. In the event that his employment is terminated for Cause, the Company shall pay him, at the time of such termination, only the compensation and benefits otherwise due and payable to him through the last day of his actual employment by the Company.

Mr. Springate can be terminated for cause. "Cause" means his failure, other than by reason of disability, to perform his services under his employment agreement or his willful engaging in illegal conduct or gross misconduct which is injurious to the Company. If he is terminated for cause, he is entitled to only the fees due and payable to him through the date of the termination of his employment agreement.

Termination Without Cause

Dr. Carter, Mr. Equels, Mr. Bernhardt and Mr. Springate are each entitled to the compensation and benefits otherwise due and payable to him through the last day of the then current term of his agreements. In the event that he is terminated at any time without "Cause" the Company shall pay to him, at the time of such termination, the compensation and benefits otherwise due and payable to him through the last day of the then current term of his Agreement. However, benefit distributions that are made due to a "separation from service" occurring while he is a Named Executive Officer shall not be made during the first six months following "separation from service". Rather, any distribution which would otherwise be paid to him during such period shall be accumulated and paid to him in a lump sum on the first day of the seventh month following the "separation from service". All subsequent distributions shall be paid in the manner specified.

Death or Disability

Dr. Carter, Mr. Equels and Mr. Bernhardt can be terminated for death or disability. For each, "Disability" means his inability to effectively carry out substantially all of his duties under his agreement by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted for a continuous period of not less than 12 months. In the event his employment is terminated due to his death or disability, the Company will pay to him (or his estate as the case may be), at the time of such termination, the Base Salary and applicable benefits otherwise due and payable through the last day of the month in which such termination occurs and for an additional 12 month period.

Mr. Springate can be terminated for death or disability which lasts for a continuous period of not less than three months. If he is terminated due to his death or disability, he (or his estate as the case may be) are entitled to the fees due him through the last day of the month in which such termination occurs.

Termination by Officer and Employee

All executive Officers, other non-officer Executives and non-Executives have the right to terminate their respective agreement upon not less than thirty (30) days of prior written notice of termination. In such event, Dr. Carter, Mr. Equels and Mr. Bernhardt are entitled to fees due to them through the last day of the month in which such termination occurs and for 12 months thereafter. All others are entitled to the fees due to them through the last day of the month in which such termination occurs.

Change in Control

Dr. Carter and Mr. Equels are entitled to benefits upon a Change of Control or Constructive Termination. Dr. Carter's Change of Control agreement currently runs through December 31, 2012 and as of each December 31st automatically renews through the third anniversary thereof, unless we notify him by written notice of refusal to renew at least 180 days prior to the initial termination date or the expiration date of any renewal period. Mr. Bernhardt is entitled to benefits upon a Change of Control or Constructive Termination. Mr. Bernhardt's Change of Control agreement currently runs through December 31, 2011 and as of each December 31st automatically renews for successive one year periods, unless we notify him by written notice of refusal to renew at least 120 days prior to the initial termination date or the expiration date of any renewal period. Dr. Carter's, Mr. Equels' and Mr. Bernhardt's employment agreements also provide that, upon the happening of a Change of Control, the terms of such agreements automatically extend for an additional three years.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee of the Board of Directors, consisting of Dr. Iraj Eqhbal. Kiani, the Committee Chair, Dr. William M. Mitchell and Richard Piani, are all independent Directors. There are no interlocking relationships.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Annual Report with management. Based on our Compensation Committee's review of and the discussions with management with respect to the Compensation Discussion and Analysis, our Compensation Committee recommended to the board of Directors that the Compensation Discussion and Analysis be included in our Annual Report on Form 10-K as amended and restated on Form 10-K/A-2 for the fiscal year ended December 31, 2009 and our Proxy Statement in connection with our 2010 Annual Meeting of Stockholders ..

COMPENSATION COMMITTEE

Dr. Iraj Eqhbal. Kiani, Committee Chairman
Dr. William M. Mitchell
Richard C. Piani.

The foregoing Compensation Committee report shall not be deemed incorporated by reference into any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, and shall not otherwise be deemed filed under these acts, except to the extent we incorporate by reference into such filings.

Compliance With Internal Revenue Code Section 162(m) and 409(b).

One of the factors the Compensation Committee considers in connection with compensation matters is the anticipated tax treatment to Hemispherx and to the Executives of the compensation arrangements. The deductibility of certain types of compensation depends upon the timing of an executive's vesting in, or exercise of, previously granted rights. Moreover, interpretation of, and changes in, the tax laws and other factors beyond the Compensation Committee's control also affect the deductibility of compensation. Accordingly, the Compensation Committee will not necessarily limit executive compensation to that deductible under Section 162(m) or 409(b) of the Code. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its other compensation objectives.

COMPENSATION OF DIRECTORS

Our Compensation, Audit and Corporate Governance and Nomination Committees, consist of Dr. Iraj Eqhbal Kiani, Compensation Committee Chair, Dr. William M. Mitchell, Corporate Governance and Nomination Committee Chair, and Richard C. Piani, Audit Committee Chair, all of whom are independent Board of Director members.

In 2008 and 2009, Non-employee Board member compensation consisted of an annual retainer ("Directors' fees") of \$150,000. In 2008 the Non-employee Board members were paid two-thirds in cash and one-third in our common stock. As a further cash conservation measure for first three months of 2009, the Non-employee Board Member Compensation was paid 16.7% in cash and 83.3% in our common stock. Effective April 1, 2009, the Non-employee Board members returned to being paid 100% in cash for their proportionate portion of annual retainer. On September 9, 2003, the Directors approved a 10 year plan which authorizes up to 1,000,000 shares for use in supporting this compensation plan. The number of shares paid shall have a value of \$12,500 or \$31,250 with the value of the shares being determined by the closing price of our common stock on the NYSE Amex on the last day of the calendar quarter. Director's fees are paid quarterly at the end of each calendar quarter.

On November 28, 2008, Thomas K. Equels joined our Board of Directors as a non-employee Board member in which his compensation of \$150,000 for all director fees were agreed to be paid in the form of our common stock. The number of shares paid were determined by the closing price of our common stock on the NYSE Amex on the last day of the calendar quarter. Effective April 1, 2009, Mr. Equels began receiving payment in cash for his proportionate portion of annual retainer.

Hemispherx reimburses Directors for travel expenses incurred in connection with attending board, committee, stockholder and special meetings along with other Company business-related expenses. Hemispherx does not provide retirement benefits or other perquisites to non-employee Directors under any current program.

All Directors have been granted options to purchase common stock under our Stock Option Plans and/or Warrants to purchase common stock. We believe such compensation and payments are necessary in order for us to attract and retain qualified outside directors. To the extent that share compensation would exceed 1,000,000 shares in the

aggregate for the ten year period commencing January 1, 2003, as previously approved by Resolution of the Board of September 9, 2003, shares for share compensation shall be issued under the our 2007 Equity Incentive Plan.

Commencing as of January 1, 2010, Board member Directors' fee compensation was increased to an annual retainer of \$165,000. Director's fees will continue to be paid in cash quarterly at the end of each calendar quarter.

PROPOSALS TO STOCKHOLDERS

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Each nominee to the Board of Directors will serve until the next annual meeting of stockholders, or until his earlier resignation, removal from office, death or incapacity.

Unless otherwise specified, the enclosed proxy will be voted in favor of the election of William A. Carter, Richard C. Piani, Thomas K. Equels, William M. Mitchell and Iraj Eqhbal Kiani. Information is furnished below with respect to all nominees.

We believe our Board Members represent a desirable diversity of backgrounds, skills, education and experiences, and they all share the personal attributes of dedication to be effective directors. In recommending Board candidates, Corporate Governance and Nomination Committee considers a candidate's: (1) general understanding of elements relevant to the success of a publicly traded company in the current business environment; (2) understanding of our business; and (3) diversity in educational and professional background. The Committee also gives consideration to a candidate's judgment, competence, dedication and anticipated participation in Board activities along with experience, geographic location and special talents or personal attributes. The following are qualifications, experience and skills for Board members which are important to Hemispherx's business and its future:

Leadership Experience: We seek directors who have demonstrated strong leadership qualities. Such leaders bring diverse perspectives and broad business insight to our Company. The relevant leadership experience that we seek includes a past or current leadership role in a large or entrepreneurial company, a senior faculty position at a prominent educational institution or a past elected or appointed senior government position.

Industry or Academic Experience: We seek directors who have relevant industry experience, both with respect to the disease areas where we are developing new therapies as well as with the economic and competitive dynamics of pharmaceutical markets, including those in which our drugs will be prescribed.

Scientific, Legal or Regulatory Experience: Given the highly technical and specialized nature of biotechnology, we desire that certain of our directors have advanced degrees, as well as drug development experience. Since we are subject to substantial regulatory oversight, both here and abroad by the FDA and other agencies, we also desire directors who have legal or regulatory experience.

Finance Experience: We believe that our directors should possess an understanding of finance and related reporting processes, particularly given the complex budgets and long timelines associated with drug development programs.

WILLIAM A. CARTER, M.D., 72, the co-inventor of Ampligen®, joined us in 1978, and has served as: (a) our Chief Scientific Officer since May 1989; (b) the Chairman of our Board of Directors since January 1992; (c) our Chief Executive Officer since July 1993; (d) our President since April, 1995; and (e) a director since 1987. From 1987 to 1988, Dr. Carter served as our Chairman. Dr. Carter was a leading innovator in the development of human interferon for a variety of treatment indications including various viral diseases and cancer. Dr. Carter received the first FDA approval to initiate clinical trials on a beta interferon product manufactured in the U.S. under his supervision. From 1985 to October 1988, Dr. Carter served as our Chief Executive Officer and Chief Scientist. He received his M.D. degree from Duke University and underwent his post-doctoral training at the National Institutes of Health and Johns Hopkins University. THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 1 TO BE IN THE BEST INTERESTS OF HEMISPHERx AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" ALL FIVE OF THE ABOVE-NAMED NOMINEE DIRECTORS OF HEMISPHERX.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Board of Directors, upon the recommendation of the Audit Committee, has appointed the firm of McGladrey & Pullen, LLP (“McGladrey”) as independent registered public accountants of Hemispherx for the fiscal year ending December 31, 2010 subject to ratification by the stockholders. McGladrey has served as Hemispherx’s independent registered public accountant since November 2006.

All audit and professional services are approved in advance by the Audit Committee to assure such services do not impair the auditor’s independence from us. The total fees by McGladrey for 2009 and 2008 were \$322,000 and \$315,000, respectively. The following table shows the aggregate fees for professional services rendered during the year ended December 31, 2009 and 2008.

Description of Fees	Amount (\$)	
	2009	2008
Audit Fees	\$ 322,000	\$ 315,000
Audit-Related Fees	-0-	-0-
Tax Fees	-0-	-0-
All Other Fees	-0-	-0-
Total	\$ 322,000	\$ 315,000

Audit Fees

Represents fees for professional services provided for the audit of our annual financial statements, audit of the effectiveness of internal control over financial reporting, services that are performed to comply with generally accepted auditing standards, and review of our financial statements included in our quarterly reports and services in connection with statutory and regulatory filings.

Audit-Related Fees

Represents the fees for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements.

The Audit Committee has determined that McGladrey’s rendering of these audit-related services was compatible with maintaining auditor’s independence. The Board of Directors considered McGladrey to be well qualified to serve as our independent public accountants. The Committee also pre-approved the charges for services performed in 2009 and 2008.

The Audit Committee pre-approves all auditing services and the terms thereof (which may include providing comfort letters in connection with securities underwriting) and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Exchange Act or the applicable rules of the SEC or the Public Company Accounting Oversight Board) to be provided to us by the independent auditor; provided, however, the pre-approval requirement is waived with respect to the provisions of non-audit services for us if the “de minimus” provisions of Section 10A (i)(1)(B) of the Exchange Act are satisfied. This authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who shall present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision.

Representative(s) of McGladrey & Pullen, LLP will be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 2 TO BE IN THE BEST INTERESTS OF HEMISPHERX AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

PROPOSAL NO. 3

ADVISORY (NON-BINDING) VOTE APPROVING EXECUTIVE COMPENSATION

We are asking our stockholders to provide advisory approval of the compensation of our Named Executive Officers (“NEOs”), as we have described it in the “Executive Compensation” section of this proxy statement. While this vote is advisory, and not binding on our Company, it will provide information to our Compensation Committee regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Committee will be able to consider when determining executive compensation for fiscal 2011 and beyond. For information on our 2010 executive compensation program, please see the “Executive Compensation” section.

Objectives and Philosophy of Executive Compensation

The primary objectives of the Compensation Committee of our Board of Directors with respect to Executive compensation are to attract and retain the most talented and dedicated Executives possible, to tie annual and long-term cash and stock incentives to achievement of measurable performance objectives, and to align Executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee expects to implement and maintain compensation plans that tie a substantial portion of Executives' overall compensation to key strategic financial and operational goals such as the establishment and maintenance of key strategic relationships, the development of our products, the identification and advancement of additional products and the performance of our common stock price. The Compensation Committee evaluates individual Executive performance with the goal of setting compensation at levels the Committee believes are comparable with Executives in other companies of similar size and stage of development operating in the biotechnology industry while taking into account our relative performance and our own strategic goals.

Elements of Executive Compensation

The Compensation Committee has adopted a mix among the compensation elements in order to further our compensation goals. The elements include:

- Base salary;
- Variable compensation consisting of a cash bonus based upon individual and corporate performance;
- Long-term bonus incentive programs consisting of the Goal Achievement Program and Employee Bonus Pool Program. For the years ended 2009 and 2010, Hemispherx paid no compensation related to any long-term bonus incentive program; and
- Stock option grants with exercise prices set at the fair market value at the time of grant.

Your vote is requested. We believe that the information we’ve provided within the “Executive Compensation” section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure Management’s interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, the Board of Directors recommends that stockholders approve the program by approving the following advisory resolution:

RESOLVED, that the stockholders of Hemispherx Biopharma, Inc. approve, on an advisory basis, the compensation of the individuals identified in the Summary Compensation Table, as disclosed in the Hemispherx Biopharma, Inc. proxy statement pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis section, the compensation tables and the accompanying footnotes and narratives within the Executive Compensation section of this proxy statement).

THE BOARD OF DIRECTORS DEEMS PROPOSAL NO. 3 TO BE IN THE BEST INTERESTS OF HEMISPHERX AND ITS STOCKHOLDERS AND RECOMMENDS A VOTE "FOR" APPROVAL THEREOF.

PROPOSAL NO. 4

ADVISORY (NON-BINDING) VOTE DETERMINING THE FREQUENCY OF
ADVISORY VOTES ON EXECUTIVE COMPENSATION

In addition to the advisory approval of our executive compensation program, we are also seeking a non-binding determination from our stockholders as to the frequency with which stockholders would have an opportunity to provide an advisory approval of our executive compensation program. We are providing stockholders the option of selecting a frequency of three, two or one years, or abstaining.

For the reasons described below, we recommend that our stockholders select a frequency of three years, or a triennial vote.

Our executive compensation program is designed to support long-term value creation, and a triennial vote will allow stockholders to better judge our executive compensation program in relation to our long-term performance. As described in the Compensation Discussion and Analysis section above, one of the core principles of our executive compensation program is to ensure Management's interests are aligned with our stockholders' interests to support long-term value creation, and recommend a triennial vote which would allow our executive compensation programs to be evaluated over a similar time-frame and in relation to our long-term performance.

A triennial vote will provide us with the time to thoughtfully consider stockholders' sentiments and implement viable changes. We will continue to carefully review executive compensation to maintain the consistency and credibility of the program which is important in motivating and retaining our key employees. We therefore believe that a triennial vote is an appropriate frequency to provide our Compensation Committee sufficient time to thoughtfully consider stockholders' input and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement such changes.

Your vote is requested. We therefore request that our stockholders select "Three Years" when voting on the frequency of advisory votes on executive compensation. Although the advisory vote is non-binding, our Compensation Committee will consider the results of the vote and take them into account in making a determination concerning the frequency of advisory votes on executive compensation.

THE BOARD OF DIRECTORS RECOMMENDS STOCKHOLDERS SELECT "THREE YEARS" ON THE PROPOSAL RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION.
