PROXY STATEMENT

Annual Meeting of Shareholders – April 19, 2018

Annual Meeting Information

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Citizens & Northern Corporation (the “Corporation”) to be used at the Annual Meeting of Shareholders of the Corporation to be held on Thursday, April 19, 2018, at 2:00 P.M., at the Deane Center located at 104 Main Street, Wellsboro, Pennsylvania, and at any adjournments or postponements thereof. This proxy statement was first made available to shareholders on March 9, 2018.

Who is entitled to vote?

Shareholders owning Corporation common stock on February 2, 2018 are entitled to vote at the Annual Meeting or any adjournment or postponement of the meeting. Each shareholder has one vote per share on all matters to be voted on. On February 2, 2018, there were 12,246,834 shares of Corporation common stock outstanding.

On what am I voting?

You will be asked to elect four (4) Class I directors for three-year terms expiring in 2021; to approve and adopt the second amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan; to approve the advisory (non-binding) resolution on the compensation paid to the Named Executive Officers of the Corporation; and to ratify the appointment of Baker Tilly Virchow Krause, LLP as the Corporation’s independent registered public accounting firm for the year ending December 31, 2018. The Board of Directors is not aware of any other matters to

be presented for action at the Annual Meeting. If any other matter requiring a vote of the shareholders would be presented at the meeting, the proxies will vote according to the directions of the Corporation's management.

How does the Board of Directors recommend I vote on the proposals?

The Board of Directors recommends that you vote "FOR" the election of each of the nominees for director listed in this proxy statement, "FOR" approval and adoption of the second amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan, "FOR" approval of the compensation paid to the Named Executive Officers of the Corporation, and "FOR" the ratification of the appointment of Baker Tilly Virchow Krause, LLP as the Corporation's independent registered public accounting firm for the year ending December 31, 2018.

How are proxy materials being disseminated?

In accordance with rules adopted by the Securities and Exchange Commission ("SEC"), we have elected to furnish proxy materials, including this proxy statement and our 2017 Annual Report on Form 10-K, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, provides instructions as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy via the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

If you received more than one Notice, it means that your shares are registered differently and are held in more than one account. To ensure that all shares are voted, please either vote each account over the Internet or by telephone, or sign and return by mail all proxy cards or voting instruction forms requested in paper format.

How do I vote?

As described in the Notice, you may vote by any of the following methods:

Internet. Go to www.voteproxy.com 24 hours a day, seven days a week, and follow the instructions. You will need the control number that is included in the Notice, proxy card or voting instructions form that is sent to you. The Internet voting system allows you to confirm that the system has properly recorded your votes. This method of voting will be available until 11:59 p.m., Eastern Time, on April 18, 2018.

Telephone. Call toll-free 1-800-PROXIES 24 hours a day, seven days a week, and follow the instructions. You will need the control number that is included in the Notice, proxy card or voting instructions form that is sent to you. As with Internet voting, you will be able to confirm that the system has properly recorded your votes. This method of voting will be available until 11:59 p.m., Eastern Time, on April 18, 2018.

Mail. If you are a shareholder of record and you elect to receive your proxy materials by mail, you can vote by marking, dating and signing your proxy card exactly as your name appears on the card and returning it by mail in the postage-paid envelope that will be provided to you. If you hold your shares in street name and you elect to receive your proxy materials by mail, you can vote by completing and mailing the voting instructions form that will be provided by your bank, broker or other holder of record. You should mail the proxy card or voting instruction form in plenty of time to allow delivery prior to the meeting. Do not mail the proxy card or voting instruction form if you are voting over the Internet or by telephone.

At the Annual Meeting. Unless your shares are held in “street name”, you may vote your shares at the Annual Meeting if you attend in person. Even if you plan to attend the Annual Meeting, we encourage you to vote over the Internet or by telephone prior to the meeting. It is fast and convenient, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late and therefore not be counted.

How do I change my vote?

If you give the vote we are soliciting, you may revoke it at any time before it is exercised:

·by signing and returning a later-dated proxy; or

·by giving written notice to Citizens & Northern Corporation, 90-92 Main Street, Wellsboro, PA 16901, Attention: Kimberly N. Battin, Corporate Secretary; or

·by voting in person at the Annual Meeting.

A shareholder whose shares are held in street name should follow the instructions of his or her broker regarding revocation of proxies. You should note that your presence at the meeting without voting in person will not revoke an otherwise valid proxy.

What is a quorum?

A “quorum” is the presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares. There must be a quorum for the meeting to be held. Abstentions are counted for purposes of determining the presence or absence of a quorum, but are not considered a vote cast under Pennsylvania law. Brokers holding shares in “street name” for their customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. Such shares for which brokers have not received voting instructions from their customers are called “broker non-votes.” Under Pennsylvania law, broker non-votes will be counted to determine if a quorum is present with respect to any matter to be voted upon by shareholders at the meeting only if such shares have been voted at the meeting on a matter other than a procedural motion.

What vote is required to approve the proposals?

The four (4) nominees for election to the Board of Directors receiving the highest number of votes cast by shareholders entitled to vote at the meeting will be elected. “Withhold” votes will have the effect of a vote against a nominee. Abstentions and broker non-votes will have no effect on the election of directors.

Approval of the adoption of the second amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan, approval of the advisory (non-binding) resolution on the compensation paid to Named Executive Officers, and ratification of the appointment of Baker Tilly as the Corporation’s independent registered public accounting firm for the year ending December 31, 2018 require the affirmative vote of a majority of the votes cast at the meeting, in person or by proxy. Abstentions and broker non-votes will have no effect in calculating the votes on these matters.

Who will count the vote?

The Judges of Election appointed by the Board of Directors will count the votes cast in person or by proxy at the meeting.

How are proxies being solicited?

The Corporation will bear its own cost of solicitation of proxies for the meeting. In addition to solicitation by mail, the company’s directors, officers and employees may solicit proxies personally or by telephone, facsimile transmission or otherwise. These directors, officers and employees will not be additionally compensated for their solicitation efforts, but may be reimbursed for out-of-pocket expenses incurred in connection with these efforts. The Corporation will

reimburse brokerage firms, fiduciaries, nominees and others for their out-of-pocket expenses incurred in forwarding proxy materials to beneficial owners of shares of common stock held in their names.

What is the deadline for shareholder proposals for next year's Annual Meeting?

Any shareholder who, in accordance with and subject to the provisions of the proxy rules of the SEC, wishes to submit a proposal for inclusion in the Corporation's proxy statement for its 2019 Annual Meeting of Shareholders must deliver the proposal in writing to the Secretary of Citizens & Northern Corporation at the Corporation's principal executive offices at 90-92 Main Street, Wellsboro, Pennsylvania, no later than November 9, 2018.

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph), but is instead sought to be presented directly at the next Annual Meeting, the Corporation's Articles of Incorporation require shareholders to give advance notice of such proposals. The required notice, which must include the information and documents set forth in the Articles of Incorporation, must be given no more than 50 days and no less than 14 days prior to the Annual Meeting. If notice is not received by the Corporation within this time frame, the Corporation will consider such notice untimely.

Under Rule 14a-4(c)(1) of the Securities Exchange Act of 1934, as amended, if any shareholder proposal intended to be presented at the Annual Meeting without inclusion in our proxy statement is received within the required time frame and is properly presented, then a proxy will have the ability to confer discretionary authority to vote on the proposal.

PROPOSAL 1 — ELECTION OF DIRECTORS

Board of Directors

Our Articles of Incorporation provide that the Board of Directors shall consist of not less than five (5) nor more than twenty-five (25) directors and that within these limits the number of directors shall be as established by the Board of Directors. The Articles further provide that the Board shall be classified into three classes, as nearly equal in number as possible. One class of directors is elected annually, and the term for each class is three (3) years. Any vacancy occurring on the Board of Directors, for any reason, may be filled by a majority of directors then in office to serve until the expiration of the term of the vacancy. There are currently twelve (12) members of the Corporation's Board of Directors.

At the 2018 Annual Meeting, four (4) Class I directors are to be elected to serve for a three-year term.

Nominees for Election

The Board of Directors proposes the following four (4) nominees be elected as Class I directors for terms expiring at the 2021 Annual Meeting of Shareholders: Bobbi J. Kilmer, Terry L. Lehman, Frank G. Pellegrino, and James E. Towner. Each of the nominees currently serves as a director of the Corporation, except Bobbi J. Kilmer.

The four (4) nominees for director receiving the highest number of votes cast by shareholders entitled to vote for the election of directors shall be elected. Unless otherwise instructed, proxies received from shareholders will be voted for

the nominees named in this proxy statement. If a nominee should become unavailable for any reason, proxies will be voted for a substitute nominee determined by the Board of Directors. The Board of Directors has no reason to believe that the nominees will be unable to serve if elected.

- 5 -

Cumulative voting does not exist in the election of directors. Each share of Corporation common stock is entitled to cast one vote for each nominee. For example, if a shareholder owns ten shares of common stock, he or she may cast up to ten votes for each of the four nominees to be elected.

The Board of Directors recommends a vote “FOR” the election of the nominees identified above, each of whom has consented to be named as a nominee and to serve if elected.

Director Qualifications

We provide below information as of the date of this proxy statement about each nominee and director of the Corporation. The information includes information each director has given us about his/her age, all positions held, principal occupation and business experience for the past five years, and the names of other publicly-held companies of which he or she currently serves as a director or has served as a director during the past five years. In addition to the information presented below regarding each nominee’s specific experience, qualifications, attributes and skills that led the Board of Directors to conclude that he or she should serve as a director, we also believe that all of our directors and nominees have demonstrated good judgment, strength of character, and an independent mind, as well as a reputation for integrity and the highest personal and professional ethics.

CORPORATE GOVERNANCE

Members of the Corporation's Board of Directors are elected by the shareholders. In selecting nominees for the shareholders' consideration, the Board attempts to identify individuals with appropriate business, financial, legal and other skills and knowledge that are essential to providing oversight of the Corporation's affairs, and who demonstrate a passion for promoting and enhancing the Corporation's financial performance and its service to the communities within our marketplace. In evaluating candidates, the Board considers diversity of educational and business background and experiences, taking into account the experience "mix" of current directors, as well as that of the candidates. The nominating process is described in more detail in the section titled "Governance and Nominating Committee" below.

Director Independence

During 2017 and through the date of this proxy statement, all directors and nominees are and were independent, except for J. Bradley Scovill, as determined in accordance with the independence standards of the NASDAQ Stock Market. In determining the directors' independence, in addition to matters disclosed under "Related Person Transactions and Policies" on page 12 of this proxy statement, the Board of Directors considered each director's beneficial ownership of Corporation common stock and loan transactions between the Bank and the directors, their family members and businesses with whom they are associated, as well as any contributions made by the Bank to non-profit organizations with whom such persons are associated. In each case, the Board determined that none of the transactions above impaired the independence of the director.

The Bank makes loans to Directors and Executive Officers in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and do not involve more than normal risks of collectability.

Additional information concerning loans and deposits with Directors and Executive Officers is incorporated herein by reference to disclosure provided in Note 15 to the Consolidated Financial Statements, which is included in Part II, Item 8 of the Corporation's Annual Report on Form 10-K for the year ended December 31, 2017.

Leadership Structure of the Board

Leo F. Lambert serves as Chairman of the Board of the Corporation and the Bank. The Board's establishment of an independent chair reflects its desire to maintain separation between the Board's role of providing oversight of corporate activities and protecting shareholder interests and the Chief Executive Officer's role of managing the Corporation and Bank.

The Board attempts to ensure that thorough, open and honest discussions take place at all Board and committee meetings, and that all of the directors are sufficiently informed about each matter that arises so as to make informed decisions. Mr. Lambert presides over meetings of the Board and the Executive Committee, as well as executive sessions and meetings of the independent directors. Further, the Chairman is responsible for communicating the thoughts or concerns of the independent directors to the Chief Executive Officer.

Meetings and Committees of the Board of Directors

Board of Directors. During 2017, the Board of Directors of the Corporation met thirteen (13) times, the Board of Directors of the Bank met thirteen (13) times, and the independent directors met in executive session and held meetings of the independent directors seven (7) times. All of the incumbent directors attended at least 75% or more of the meetings of the Board of Directors of the Corporation and of the Board committees on which he or she served.

Although the Corporation does not have a formal policy with respect to director attendance at the Annual Meeting of Shareholders, each director is encouraged to attend the Annual Meeting.

Executive Committee of the Corporation. The Corporation has an Executive Committee, whose purpose is to monitor and oversee the Corporation's management succession plan and leadership development processes; review and provide advice and counsel to the CEO regarding the Corporation's strategic plan, mission, goals and objectives, and action plans, as well as various other matters; and to act on behalf of and with full authority of the Board of Directors in

matters that may arise between the regular monthly meetings of the Board which require immediate Board level action. In 2017, the members of the Executive Committee were: Jan E. Fisher, R. Bruce Haner, Leo F. Lambert, Edward H. Owlett, III, J. Bradley Scovill, Leonard Simpson, and James E. Towner. During 2017, the Executive Committee held twelve (12) meetings.

Audit Committee. The primary function of the Audit Committee is to review the internal audit program as performed by the internal auditors; recommend to the Board of Directors the engagement of the independent registered public accounting firm for the year; review the examinations and reports from those persons; and review the annual financial statements of the Corporation. In 2017, the members of the Audit Committee of the Corporation were: R. Bruce Haner, Leo F. Lambert, Terry L. Lehman, Edward H. Owlett, III, Aaron K. Singer, James E. Towner, and Ann Tyler. Director Tyler served on the Committee from January through March 2017, and Director Singer has served on the Committee since April 2017. The Audit Committee held four (4) meetings in 2017. All of the members of the Audit Committee are and were independent under the independence standards of the NASDAQ Stock Market.

At present, Director Lehman of the Audit Committee meets the definition of “audit committee financial expert” as defined in the rules adopted by the SEC. The Board of Directors has determined that each of the members of the Audit Committee has sufficient knowledge and experience in financial matters to effectively perform his or her duties as a member of the Audit Committee.

The Board of Directors of the Corporation has adopted a written charter for the Audit Committee, a copy of which is available on our website at www.cnbankpa.com by clicking on “Investor Relations”, then “Pages within Investor Relations”, then “Corporate Governance Policies”, then “Audit Committee Charter of C&N Corp”. The policies and procedures for pre-approval of engagements for non-audit services are included in the Charter.

Compensation Committee of the Corporation. The purpose of the Compensation Committee is to discharge the responsibilities of the Board of Directors relating to compensation of the executive officers and to provide oversight of the Bank’s compensation, benefit, perquisite and employee equity incentive programs. The members of the Compensation Committee are: Jan E. Fisher, R. Bruce Haner, Leo F. Lambert, Edward H. Owlett, III, Leonard Simpson and James E. Towner. The Compensation Committee held six (6) meetings in 2017. All of the members of the Compensation Committee are and were independent under the independence standards of the NASDAQ Stock Market.

The Board of Directors of the Corporation has adopted a written charter for the Compensation Committee, which is available on our website at www.cnbankpa.com by clicking on “Investor Relations”, then “Pages within Investor Relations”, then “Corporate Governance Policies”, then “Compensation Committee Charter of C&N Corp.”

Governance and Nominating Committee. The purpose of the Governance and Nominating Committee is to establish criteria for Board member selection and retention; identify individuals qualified to become Board members; and recommend to the Board the individuals to be nominated and re-nominated for election as directors. This committee is also responsible for reviewing and reporting to the Board periodically on matters of corporate governance. In 2017, the members of the Governance and Nominating Committee were: Dennis F. Beardslee, Jan E. Fisher, R. Bruce Haner, Susan E. Hartley, and Leonard Simpson. During 2017, the Governance and Nominating Committee held seven

(7) meetings. All members of the Governance and Nominating Committee are and were independent under the independence standards of the NASDAQ Stock Market.

The Board of Directors of the Corporation has adopted a written charter for the Governance and Nominating Committee, which is available on our website at www.cnbankpa.com by clicking on “Investor Relations”, then “Pages within Investor Relations”, then “Corporate Governance Policies”, then “Governance and Nominating Charter”.

Qualifications considered by the Governance and Nominating Committee in assessing director candidates include, but are not limited to, the following:

An understanding of the business and financial affairs and the complexities of a business organization. A career in business is not essential, but the candidate should have a proven record of competence and accomplishments and should be willing to commit the time and energy necessary to fulfill the role as an effective director;

A genuine interest in representing all of the Corporation’s stakeholders, including the long-term interests of the shareholders;

A willingness to support the values, mission and vision of the Corporation;

An open-mindedness and resolve to independently analyze issues presented for consideration;

A reputation for honesty and integrity;

A high level of financial literacy (i.e., the ability to read financial statements and financial ratios, and a working knowledge and familiarity with basic finance and accounting practices);

A mature confidence and ability to approach others with self-assurance, responsibly and supportively. Candidates should value Board and team performance over individual performance and should be able to raise tough questions in a manner that encourages open discussions. Additionally, a candidate should be inquisitive and curious and feel a duty to ask questions of management;

The ability, capacity, and willingness to serve as a conduit of business referrals to the organization;

- Independence in accordance with the independence standards of the NASDAQ Stock Market; and

- Experience with a business of size similar or larger than the Corporation.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Governance and Nominating Committee may also consider such other factors as it may deem are in the best interests of the Corporation and its shareholders, and such factors may change from time to time. The Governance and Nominating Committee does, however, require that a majority of the directors be independent under the independence standards of the NASDAQ Stock Market and expects directors to meet the minimum stock ownership expectations described in the “Stock Ownership Guidelines” section.

The Committee identifies nominees by first evaluating the current directors who are willing to continue in service. If any member of the Board does not wish to continue service or the Board determines not to re-nominate a current director for re-election, the Governance and Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above. The Committee evaluates each individual candidate in the context of the Board as a whole, with the objective of recommending a group containing a broad array of diverse experience.

The Board does not have a formal written policy for considering director candidates recommended by shareholders due to the infrequency of nominations, but its long-standing informal policy is to give due consideration to any and all candidates. The evaluation procedure for candidates recommended by the shareholders would be the same as is done for those recommended by the Board of Directors and management. The Committee recommends a director nominee to the Board, and the Board makes the final determination as to the nominees who will stand for election.

Current members of the Board of Directors are polled for suggestions as to prospective director candidates meeting the Governance and Nominating Committee’s criteria. The Committee has the prerogative to employ and pay third party search firms, but to date has not done so.

The Board of Directors has established a director resignation policy. Pursuant to the policy, any director nominee who, in an uncontested election of directors, fails to receive more votes in favor of such nominee’s election than withheld shall tender to the Board of Directors his or her resignation. The Corporate Governance and Nominating Committee shall then make a recommendation to the Board with respect to the tendered resignation, taking into account any factors the Committee deems relevant. The Board shall then act on the tendered resignation, no later than 120 days following the certification of the results of the applicable annual meeting. If the resignation is not accepted, the director shall continue to serve until the expiration of his or her term and until his or her successor is elected and qualified, or until his or her earlier resignation or removal.

Our Board believes the director resignation policy provides the shareholders with an enhanced role in the director election process, while preserving flexibility for the Board to consider the reasons behind the vote in the course of discharging its fiduciary obligations to the shareholders.

Article Tenth of the Corporation's Articles of Incorporation requires that shareholders give advance notice of any nominations for election to the Board of Directors. The required notice, which must include the information set forth in the Articles of Incorporation, must be made in writing and must be delivered or mailed to the President of the Corporation not less than 14 days nor more than 50 days prior to the Annual Meeting. If notice is not received by the Corporation within this timeframe, the Corporation will consider such notice untimely.

Asset Liability Committee of the Corporation. The purpose of the Asset Liability Committee is to stabilize and improve profitability by balancing the relationship between risk and return over an extended period of time, as well as to function as an investment committee. In 2017, the members of the Asset Liability Committee were: Susan E. Hartley, Frank G. Pellegrino, J. Bradley Scovill, Aaron K. Singer, James E. Towner, and Ann M. Tyler. Director Tyler served on the Committee from January through March 2017, and Director Singer has served on the Committee since April 2017. The Asset Liability Committee met four (4) times during 2017.

Executive Committee of the Bank. The function of the Bank's Executive Committee is to monitor and oversee the Bank's management succession plan and leadership development processes and review and provide advice and counsel to the Chief Executive Officer regarding the Bank's strategic plan, mission, goals and objectives and action plans and other matters, as well as recommend policies and procedures. In 2017, the members of the Bank's Executive Committee were: Jan E. Fisher, R. Bruce Haner, Leo F. Lambert, Edward H. Owlett, III, J. Bradley Scovill, Leonard Simpson, and James E. Towner. During 2017, the Bank's Executive Committee held twelve (12) meetings.

Information Technology Committee of the Bank. The purposes of the Information Technology ("IT") Committee are to oversee significant strategies, innovation, projects and technology architecture decisions; monitor IT programs to ensure they support business objectives and strategies; confer with the Bank's senior IT and Risk Management teams; and inform the Board of Directors on IT Risk Management-related matters. In 2017, members of the Information Technology Committee were: Terry L. Lehman, Frank G. Pellegrino, Aaron K. Singer, James E. Towner, and Ann M. Tyler. Director Tyler served on the Committee from January through March 2017, and Director Singer has served on the Committee since April 2017. During 2017, the Information Technology Committee held three (3) meetings.

Trust Investment Committee of the Bank. The Trust Investment Committee of the Bank determines the policy and investments of the Trust Department and the acceptance and relinquishment of all fiduciary relationships. In 2017, members of the Trust Investment Committee were: Dennis F. Beardslee, Susan E. Hartley, Frank G. Pellegrino, J. Bradley Scovill, and Leonard Simpson. During 2017, the Trust Investment Committee held four (4) meetings.

Finance and Loan Committee of the Bank. The primary purpose of the Finance and Loan Committee is to evaluate and act on loan requests that exceed management's lending authority, review larger watch list loans, review loan portfolio statistics and trends, and review proposed changes to the loan policy and make recommendations to the Board of Directors. In 2017, members of the Finance and Loan Committee were: Dennis F. Beardslee, Leo F. Lambert, Terry L. Lehman, Edward H. Owlett, III, J. Bradley Scovill, Leonard Simpson, and Ann M. Tyler. Director Tyler served on the Committee from January through March 2017. During 2017, the Finance and Loan Committee held six (6) meetings.

Related Person Transactions and Policies

Certain directors and officers of the Corporation and Bank and their affiliates (including corporations of which such persons are officers or greater than 10% beneficial owners) were customers of, and had transactions with, the Corporation and Bank in the ordinary course of business during the year ended December 31, 2017. Similar transactions may be expected to take place in the future. Such transactions included the purchase of certificates of deposit and extensions of credit in the ordinary course of business on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable transactions with third parties and did not involve more than the normal risks of collectability or present other unfavorable features. The Corporation expects that any other transactions with directors and officers and their affiliates in the future will be conducted on the same basis.

The Corporation is required to disclose transactions with certain “Related Persons” (as defined by SEC regulations) where the annual amount involved exceeds \$120,000. In 2017, the Corporation did not have any related person transactions in excess of \$120,000 requiring disclosure.

The Corporation does not have a separate policy specific to transactions with Related Persons. The Code of Ethics, however, requires employees and directors to recognize, avoid and report situations where personal interests may interfere, or appear to interfere, with their responsibilities to the Corporation so that the Board with advice of counsel may determine whether a conflict of interest is deemed to exist. Further, the Audit Committee Charter provides that the Audit Committee is to conduct a review of all transactions with related parties, including Related Persons as defined by the SEC. In February 2018, the Audit Committee reviewed a report of transactions with Related Persons that occurred in 2017.

Additionally, the Corporation and the Bank are subject to Federal Reserve Regulation O, which governs loans to certain insiders, including executive officers, directors or 10% controlling shareholders of a bank or holding company, or an entity controlled by an executive officer, director or controlling shareholder (an “Insider”). As required by Regulation O, the Bank’s Loan Policy prohibits loans to an Insider unless the loan (i) is made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Insider; and (ii) does not involve more than the normal risk of repayment or present other unfavorable features.

Stock Ownership Guidelines

The Board of Directors has adopted formal guidelines setting forth a minimum amount of Corporation common stock that all directors and executive officers are expected to own. Pursuant to these guidelines, each incumbent independent director shall be the beneficial owner of at least \$200,000 in aggregate fair market value of Corporation common stock. Each independent director who was an incumbent as of April 17, 2012 had five years from the date of initial adoption of this policy, or until April 17, 2017, to satisfy this minimum stock ownership objective and shall maintain such minimum stock ownership throughout his or her term as a director. Each independent director who is newly elected or appointed after April 17, 2012 shall have five (5) years from the date of initial election or appointment to establish beneficial ownership of at least \$100,000 in aggregate fair market value of the Corporation’s common stock and ten (10) years from the date of initial election or appointment to establish beneficial ownership of at least \$200,000 in aggregate fair market value of the Corporation’s common stock. Each independent director who is newly elected or appointed after April 17, 2012 shall maintain such minimum stock ownership throughout his or her term as a director. Notwithstanding the foregoing stock ownership requirements, the Board of Directors, in the exercise of its reasonable discretion, may approve exceptions to the stock ownership requirements, on a case by case basis, to account for unusual volatility in the trading price of the common stock on or about the annual valuation date of the stock on June 30 of each year. The Chief Executive Officer is required to own common stock having a minimum value equal to 75% of his/her salary and target bonus and all other Executive Vice Presidents are required to own common stock having a minimum value equal to 50% of their salary and target bonus. Each executive officer had five (5) years beginning June 30, 2012 or following his or her date of appointment to comply with the minimum ownership requirement. Currently, all directors and named executive officers meet the minimum requirements.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires the Corporation’s directors, executive officers and persons who beneficially own more than ten percent of the Corporation’s issued and outstanding common stock to file initial reports of ownership and reports of changes in beneficial ownership with the SEC. Such persons are also required to furnish the Corporation with copies of all such reports they file.

Based solely upon a review of the reports filed pursuant to Section 16 of the Exchange Act, the Corporation believes that its directors and executive officers timely filed all reports required under Section 16.

COMPENSATION DISCUSSION & ANALYSIS

The Compensation Discussion and Analysis (CD&A) section of our Proxy Statement provides our shareholders with an explanation of our Named Executive Officer (NEO) compensation philosophy, programs, policies and decisions, all within the context of our business environment and performance. Our goal is to present a clear and concise overview of our executive compensation practices and describe key changes from last year.

Executive Summary

The Corporation’s executive compensation program is designed to provide participating executives with an industry-competitive level of total compensation when their collective and individual performances meet or exceed the goals approved by the Board of Directors. We believe that the compensation program for executives should directly support the achievement of specific annual, long-term and strategic goals of the business, and, thereby, align the interests of executives with the interests of our shareholders. Accordingly, the program includes short and

long-term incentive opportunities, but only when performance targets are met on a consistent basis and subject to appropriate controls to ensure management is not incented to take excessive risk.

2017 Performance Highlights

Financial highlights for 2017 included the following:

For the year ended December 31, 2017, net income per diluted share was \$1.10 as compared to \$1.30 in 2016. The Corporation's 2017 earnings were impacted by the enactment in December 2017 of a reduction in the federal corporate income tax rate to 21% from 35%, effective January 1, 2018. Annual 2017 earnings results include additional income tax expense related to a reduction in the carrying value of the net deferred tax asset, resulting in a reduction of \$0.18 in diluted earnings per share. Going forward, management expects the Corporation's income tax expense to be significantly lower in 2018 and on an ongoing basis as a result of the lower tax rate.

The return on average assets for the year ended December 31, 2017 was 1.08%, and the return on average equity (ROAE) was 7.11%. As described in more detail below, ROAE is a significant variable considered in determining cash awards to NEOs under the Annual Incentive Award Plan. The corporate performance-based portion of each Executive's award was calculated based upon achievement of annual ROAE in comparison to a defined comparator group's performance. For 2017, calculation of the Corporation's ROAE as compared to that of the comparator group was based on results for the four quarters ended September 30, 2017, prior to the Corporation's recognition of additional income tax expense resulting from the recent change in federal corporate income tax rate described above. The 2017 corporate performance-based payout was 65.16% of target for each Executive, down from 92.00% for 2016.

Net loans outstanding (excluding mortgage loans held for sale) were up 8.5% from December 31, 2016. In 2017, average total loans for the year were up 8.0% as compared to 2016.

The Corporation maintained regulatory capital at levels well in excess of the amounts necessary to be considered well capitalized. Tangible common equity as a percentage of tangible assets was 13.95% at December 31, 2017, down slightly from 14.15 a year earlier.

2017 Key Compensation Decisions and Actions

The following is a summary of key actions taken by the Compensation Committee on executive compensation in 2017:

Base Salaries: 2017 base salary increases for NEOs ranged between 2% and 10%, with the higher increases awarded to individuals with 2016 compensation significantly below the 50th percentile of the comparative peer group for the applicable position.

2017 Short-Term Incentive Awards: based on corporate, unit/functional performance and individual goals, payouts for 2017 performance were, generally, slightly below target.

2017 Long-Term Incentive Awards: Equity awards to NEOs in 2017 included a mix based on 50% time-based restricted stock awards (“RSA”) and 50% performance-based restricted stock awards (“PRSA”). The time-based RSAs and PRSAs vest over three years, with one-third vesting on each anniversary date of the award. For PRSAs, awards only vest to the extent performance has been met. The performance criterion used in the PRSAs is relative ROAE and the comparator group includes all publicly-traded commercial banks and thrifts within NJ, NY, OH and PA with total assets between \$750 million and \$3.5 Billion. The value of restricted stock awarded to each of the NEOs was at the target level established based on comparative peer information.

Overview of the Executive Compensation Program

The Corporation’s executive compensation program includes a number of fixed and variable compensation and benefit components, typical of programs among comparable community banking and financial services companies in our local and regional marketplace. The program is designed to provide participating executives with an industry-competitive level of total compensation when their collective and individual performances meet or exceed the goals approved by the Board of Directors.

Compensation Philosophy and Program Objectives

We believe that the compensation program for executives should directly support the achievement of specific annual, long-term and strategic goals of the business, and, thereby, align the interests of executives with the interests of our shareholders.

We believe the current program provides sufficient levels of fixed income, in the forms of base salary and health and welfare benefits, to attract high caliber executive talent to the organization. It also provides annual and long-term

incentive opportunities to encourage specific performance and to reward the successful efforts of executives. The incentive opportunities are structured to produce a performance-leveraged program format in which executives may derive a significant portion of their total compensation, depending on their role in the organization, from short and long-term incentive opportunities, but only when performance targets are met on a consistent basis and subject to appropriate controls to ensure management is not incented to take excessive risk.

We believe that the features and composition of the current program provide a total compensation package for executive officers that is competitive in our marketplace, but weighted toward variable pay based on corporate and individual performance, and which contributes to the creation of shareholder value.

2017 Program Components

The following is a discussion of the primary purpose of each element within our executive compensation program.

Base Salary. Base salaries are set to recognize the executive's experience, responsibilities associated with the position and expectations with respect to the individual's contributions to the Corporation. In setting or adjusting base salary levels for our NEOs, the Corporation considers the following factors: the executive's position, individual performance, contribution to the Corporation, market salaries for similar positions, experience in the position, industry merit increase budgets, and the Corporation's overall financial performance. Base salaries for the NEOs are reviewed and approved annually by the Compensation Committee no later than the first quarter of the fiscal year so the Compensation Committee can take into account results from the prior fiscal year-end performance.

Short-Term (Annual) Incentives. The Corporation's Annual Incentive Award Plan provides participating executives with opportunities to earn additional cash compensation in a given year when corporate and business unit operating results and individual performance contributions meet or exceed established thresholds of acceptable achievement. For 2017, corporate performance was measured based on return on average equity as compared to peer performance. Business unit goals vary based on the nature of the unit, but, where applicable, include such items as loan and deposit growth, levels of nonperforming assets, and non-interest income. Each participant's individual performance contribution is evaluated by his or her supervisor, with the Chief Executive Officer's individual performance contribution evaluated by the Board of Directors. The Committee, in its discretion, may adjust or eliminate award payments under the Incentive Award Plan. All awards under the Incentive Award Plan are paid in cash as soon as it is practical after the end of a plan year.

Long-term Incentives. The Corporation's 1995 Stock Incentive Plan provides participating executives with the ability to receive equity awards (as determined by the Committee, as administrator of the plan), and is intended to focus the recipient's efforts on the strategic direction and goals of the business, incent ownership in the Corporation and promote a vested interest in the Corporation's long-term success. Awards may take the form of incentive stock options, nonqualified options, stock appreciation rights or restricted stock. The Committee reviews and recommends approval of awards to executives based upon its assessment of individual performance, a review of the executive's existing long-term incentives, and retention considerations. To date, all awards granted under the plan have been incentive stock options or restricted stock. A total of 850,000 shares of common stock may be issued under the plan. As of December 31, 2017, a balance of 270,179 shares remains available for issuance.

In 2017, the Bank made LTI grants to its NEOs in the form of 50% RSAs and 50% PSRAs. RSAs granted to the Bank's executive officers in 2017 vest equally over a three-year period. On each anniversary date of the 2017 awards, one-third of the total shares will be distributed based on the recipient's satisfactory performance of his or her job.

The Bank's PSRAs are structured in a way where performance is assessed at the end of each year within the three-year performance period. On each anniversary date, one-third of the total shares will be distributed based on the recipient's satisfactory performance of his or her job **and** the Corporation's attainment of an earnings-based performance standard. The performance standard is based on the Corporation achieving ROAE with a percent ranking of at least 50% of the ROAE achieved by the Comparator Group for the four consecutive calendar quarters ending with the third quarter of each calendar year following the award date. All restricted shares not distributed due to the recipient's unsatisfactory performance of his or her job or due to the Corporation failing to achieve the minimum ROAE threshold shall be forfeited by the executive and revert back to the Corporation as of the anniversary date on which such determinations are made.

Historically, stock options awarded under the plan vest six (6) months after the grant date and expire ten (10) years after the grant date. Stock options were not granted to executives in 2017.

Ownership Guidelines. In order to better align the interests of the NEOs with those of our shareholders, the Company requires that they own a number of shares of the Company's common stock equal to a percent of his/her salary and target bonus. At this time, the CEO is required to own a minimum amount of stock equal to 75% of his/her salary and target bonus while all other Executive Vice Presidents are required to own 50% of their salary and target bonus. Each executive officer has five (5) years beginning June 30, 2012 or following his or her date of appointment to comply with the minimum ownership requirements. Currently, all NEOs meet the minimum requirements.

Health and Welfare Benefits. Executives participate in the Corporation's qualified health and welfare benefits programs on the same terms and conditions as all other employees of the Corporation.

Nonqualified Benefits and Perquisites. Nonqualified benefits and perquisites that may be offered by the Corporation include participation in a supplemental retirement income plan (“SERP”), as well as, in many instances, 6. use of a company-provided automobile. In a few instances, the Corporation pays a portion of an executive’s membership dues for a golf or social club, when such membership can facilitate the conduct of business with clients.

The SERP is intended to replace some of the benefits lost by executives under federally mandated restrictions on retirement income benefits to highly compensated employees under qualified retirement income plans like pensions and 401(k) plans. The Corporation’s SERP provides a retirement benefit to participants who retire after attaining age 55, with 5 years of service. Participants vest earlier than age 55 in the event of disability, death or in the event of a change in control of the Corporation. Annual contributions to the SERP are at the discretion of the Board of Directors, and the Board may terminate the SERP at any time. The SERP is described in more detail on page 28.

In December 2015, the Corporation established a nonqualified Deferred Compensation Plan that allows selected officers, beginning in 2016, the option to defer receipt of cash compensation, including base salary and any cash bonuses or other cash incentives. The Deferred Compensation Plan does not provide for Corporation contributions. The Deferred Compensation Plan is described in more detail on pages 28-29.

Employment, Change in Control and Severance Agreements. The Corporation has entered into Employment 7. Agreements with Mr. Scovill, Mr. Hughes, Mr. Hoose, and Mrs. Scott. The Employment Agreements are described in more detail on pages 29-31.

A select group of senior executives, including Mr. Dunsmore, are parties to a Change in Control agreement with the Corporation. In the event that any of these executives is terminated following a Change in Control, they would receive a severance benefit. They would also be eligible for continued coverage under the Corporation’s health and welfare benefit plans for eighteen (18) months. The Change in Control Agreement is described in more detail on page 31.

None of the named executive officers has a commitment from the Corporation for a tax gross-up payment in the event that their severance benefits exceed the deduction limitations under Internal Revenue Code Section 4999.

How We Make Decisions Regarding Named Executive Officer Compensation

The Compensation Committee, with the support of its independent compensation consultant and management, determines executive compensation programs, practices, and levels, for full Board consideration and approval. Specific responsibilities are assigned in accordance with governance best practices. In making its determinations, the Compensation Committee and its partners consider data and analyses regarding a peer group and other internal studies. Below is an explanation of the key roles and responsibilities of each group, as well as how market data is integrated into the process.

Role of the Compensation Committee. The Compensation Committee (“the Committee”) of the Board of Directors has primary responsibility for the design and administration of the executive compensation program. It reviews the make-up and administration of the executive compensation program throughout the year in light of changing organization needs and operating conditions and changing trends in industry practice. The Compensation Committee determines and approves the salaries, cash and equity incentive bonuses, equity awards, benefits and employment policies as they relate to the named executive officers, subject to full Board consideration and approval.

In making determinations regarding executive compensation, the Compensation Committee weighs an individual’s personal performance, the performance of his or her area of responsibility, and the overall performance of the Company. The performance of the Chief Executive Officer in each of these regards is evaluated by the Compensation Committee. The performance of each of the named executive officers (other than the Chief Executive Officer) is evaluated by the Chief Executive Officer. The Compensation Committee reviews performance of the named executive officers on an annual basis and examines each named executive officer’s base salary, cash and equity incentive bonus, and restricted stock award at such time.

The Compensation Committee has the authority to retain or obtain the services of compensation consultants or other advisors to provide compensation and benefit consulting services to the Committee. The independence of any such advisor is determined by the Compensation Committee prior to selecting or receiving advice from the advisor.

Role of Executive Management. Key members of the Company’s executive management attend Compensation Committee meetings at the Compensation Committee’s request to provide information and their perspective about executive compensation policies and programs. Management’s participation plays an important part in the development and continuation of benefit plans, and in determining appropriate levels of compensation. The Compensation Committee holds discussions with management in attendance to ensure that the Compensation Committee makes fully informed recommendations with respect to compensation matters that affect the Company’s operations and shareholder returns. Finally, the Company’s Chief Executive Officer participates in deliberations of the Compensation Committee on an ex-officio, non-voting basis, but does not participate during, or attend, deliberations concerning his own compensation. No member of management was present during the portion of any Compensation

Committee meeting at which the Compensation Committee made determinations regarding such named executive officer's compensation.

Role of the Compensation Consultant. The Compensation Committee utilizes the support of outside compensation experts in establishing the policies, programs, and levels of executive compensation. In 2017, the Compensation Committee engaged Pearl Meyer & Partners, LLC (Pearl Meyer) to assist with the following:

- Review and update the compensation peer group, as appropriate; and
- Assess Executive total remuneration (cash, equity and retirement benefits/perquisites)

In their role as the Company's outside advisor, Pearl Meyer also responds to questions from the Compensation Committee and attends meetings as requested. Pearl Meyer reports directly to the Compensation Committee and, as directed by the Compensation Committee, works with management and the Chairman of the Compensation Committee. Pearl Meyer performed no services outside of those related to executive compensation for the Company in 2017. The Compensation Committee assessed the independence of Pearl Meyer and believes they are an independent advisor pursuant to the rules and standards promulgated by the SEC and NASDAQ.

Role of Market Data/External Comparison. Annually, the Committee asks its independent compensation consultant to review survey reports on national and regional compensation practices within the Corporation's industry group, focusing on pay levels and practices among community banking and diversified financial services institutions based in the Mid-Atlantic Region. For the 2017 program planning review, the independent compensation consultant applied the following filters in developing a recommended group of institutions to serve as the Corporation's peer group (the "Peer Group"):

- included publicly traded commercial banks, and excluded thrifts, mutual holding companies and private banks; all
- institutions selected are traded on NASDAQ, NYSE or NYSE MKT except for a few local competitors who are traded on the OTC Marketplace;
- included banking institutions with asset size ranging from approximately ½ to 2 times the Corporation's asset size;
 - included banking institutions located in Pennsylvania, New York, New Jersey and Ohio; and
- excluded banking institutions with no Trust Assets Under Management, except for a few companies who had been included in the prior year's peer group.

Based on these criteria, the following institutions were selected for inclusion in the 2017 Peer Group:

ACNB Corporation	CNB Financial Corporation	Ohio Valley Banc Corp
AmeriServ Financial, Inc.	Codorus Valley Bancorp, Inc.	Orrstown Financial Services, Inc.
Arrow Financial Corporation	DNB Financial Corp.	Peoples Financial Services Corp.
Chemung Financial Corporation	LCNB Corp	Penns Wood Bancorp, Inc.
Citizens Financial Services Inc.	Mid Penn Bancorp, Inc.	SB Financial Group, Inc.
Civista Bancshares, Inc.	Norwood Financial Corp.	

The following banks from the 2016 peer group were excluded from the 2017 peer group due to their asset size aligning above the target range: Bryn Mawr Bank Corporation, First of Long Island Corporation, Univest Corporation of PA.

In addition to the custom peer group data, market data from various banking industry surveys is also utilized and reflects banks of similar asset size and region to that of the Company.

The table below summarizes the benchmarking of components of executive compensation based on the independent compensation consultant's report provided to the Committee in the fourth quarter 2016. The results of the market assessment were used in making decisions for 2017 pay levels.

Note: The Peer Group information was based on publicly available data, mainly based on proxy statements filed for calendar 2015. The market compensation data was increased at an annual rate of 3% to approximate compensation levels as of January 1, 2017.

(1) Total Annual Cash Compensation includes annualized base salary plus annual bonus under the Incentive Award Plan.

(2) Total Direct Compensation includes Total Annual Cash Compensation plus the reported values of long-term incentive compensation, primarily stock-based compensation.

Program Review and Pay Decision Process. During the fourth quarter each year, the Committee (1) receives base salaries and annual and long-term incentive information on current executive compensation levels in the industry and industry program practices provided by its independent compensation consultant; (2) conducts a comprehensive review of the Corporation's compensation program structure and provisions; and (3) considers salary and benefit adjustments and incentive awards for executives. After examining the information provided by its independent compensation consultant, the Committee determines whether (1) the content and structure of the Corporation's compensation program is still competitive; (2) the current provisions remain consistent with the Corporation's overall pay philosophy; and (3) the compensation program continues to support achievement of the Corporation's business objectives.

After deciding on the program structure for the coming calendar year, the Committee examines the current compensation and benefit levels of incumbent executives in light of their continuing or changing roles in the business, the assessments of their individual performances by the Chief Executive Officer, and industry trends. The performance of the Chief Executive Officer is reviewed and appraised by the Committee. Based on the information gathered about each executive, the Committee formulates recommendations on possible salary adjustments for executives during the coming year. It also determines annual incentive awards for executives based on results achieved against goals and objectives defined at the beginning of the year, and determines appropriate long-term incentive awards in the form of stock-based compensation. These recommendations are then presented to the full Board of Directors for consideration and approval, usually in December, prior to the beginning of the new fiscal year.

As incentive awards for the current year are determined, the Committee also works with the Chief Executive Officer to construct executive performance plans for the coming year. The Committee formulates their recommendations on performance goals and award opportunities for Board consideration and approval.

The Committee may also be called upon to consider pay related decisions from time to time throughout the calendar year as executives are reassigned or new executives join the organization. In these instances, the Committee will review all aspects of the executive's compensation, including base salary level, annual incentive opportunities, long-term incentive awards, participation in special benefit plans, and employment contract provisions, if applicable.

The Corporate Performance award was calculated based upon achievement of annual return on average equity (ROAE) as a percent ranking compared to Comparator Group Performance. The Comparator Group included all (1) publicly-traded commercial banks and thrifts within NJ, NY, OH and PA with total assets between \$750 million and \$3.5 Billion. The chart below was used to determine the incentive opportunity percentage of base salary from which a participant’s cash incentive award would be paid:

	Threshold	Target	Maximum	Actual
Relative ROAE Rank vs. Peers	25th percentile	50th percentile	75th percentile	37th percentile CZNC ROAE: 8.35%
				Comparator Group: Average: 8.96%
				Median: 8.82%
Corporate Payout	33%	100%	150%	65.16%

The decision to use an ROAE rank against Comparator Group of 25th percentile to establish the minimum performance standard for a payout, and an ROAE rank against Comparator Group of 50th percentile to establish a payout at 100% of Target, recognized that the Corporation’s equity capital, as a percentage of assets, is significantly higher than the peer average. An indicator of the Corporation’s higher-than-Peer average equity capital is that although the Corporation’s ROAE rank was the 37th percentile of Comparator Group, the Corporation’s return on average assets of 1.27% for the four quarters ended September 30, 2017 had a 92nd percentile ranking within the Comparator Group.

The Unit/Functional Goals detailed in the table represent certain performance measurements referred to by the Corporation as Key Performance Indicators (“KPIs”). In order for the NEOs to have the opportunity to earn the incentive award amounts indicated in the table for each KPI, the Corporation had to first meet certain risk (2) management requirements as measured by specific Key Risk Indicators (“KRIs”). The KRIs functioned as a pass/fail mechanism. As of September 30, 2017, if the Corporation’s Total Summary KRI Value were to fall outside of the middle range of possible values, or if the risk rating for any individual category were at an elevated level, the NEOs would have been ineligible for an incentive award based on Unit/Functional Goals.

KRIs were established for the following risk categories: credit, interest rate, liquidity, strategic, operational, compliance and reputation. The KRIs for each risk category were determined based on evaluation and quantification of detailed risk factors for each category. The risk factors used were approved by the Board of Directors. Calculations of risk ratings were performed quarterly by the Corporation’s Risk Management Department.

The risk rating scale for each category, and for the individual factors within each category, was from 1-9, with 1-3 representing low levels of risk, 4-6 the middle zone of risk and 7-9 higher risk. The criteria used to evaluate if the Corporation’s risk profile was acceptable for payment of incentive awards based on the KPIs was as follows: (1) the Total KRI Summary Value must fall between 3.1 and 5.5, and (2) no single risk category may have a rating higher than 6.0. For this purpose, the Total KRI Summary Value was calculated based on a simple average of the values for each category.

As of September 30, 2017, the Total KRI Summary Value was 4.3, and no single risk category had a rating higher than 6.0. Accordingly, the NEOs were eligible for incentive awards based on the KPIs.

The Efficiency Ratio was calculated based on the Corporation's consolidated financial results for 2017, by dividing: (3)(a) total noninterest expense by (b) the sum of net interest income (including income from tax-exempt securities and loans on a fully-taxable equivalent basis) and noninterest income excluding securities gains and losses.

Growth in Trust and Financial Management Group revenue in 2017 over 2016 was based on comparison of total (4) revenue from trust and brokerage services and from insurance commissions received as a result of efforts by employees within that group.

(5) The Individual Performance awards were based on each individual's overall performance evaluation.

For Mr. Hughes, Mr. Hoose, Mrs. Scott and Mr. Dunsmore, the individual performance evaluations reflected a scale of overall ratings comparing performance to Expectations, including: Does Not Meet, Meets, and Exceeds. In determining these ratings, results were evaluated in comparison to specific goals, including the goals described in the Unit/Functional Goals section of the table above. Also, significant weight was given to inherently subjective evaluations of each person's performance with regard to identified Core Competencies, including: Strategic Leadership, Decision Making, Adaptability, Customer Focus, Teamwork/Partnering, Accountability and Drive for Results/Resource Management.

Mr. Scovill's Individual Performance award was determined by the Board of Directors, based on recommendation of the Compensation Committee, and based on assessment of Mr. Scovill's contributions to overall corporate performance.

Long-term Performance Incentives. As a part of our annual compensation review process, we worked with our outside Compensation Consultant in 2016 to review pay opportunities relative to market and used those results to make changes / pay decisions for 2017. As a result of this review, the value of 2017 long-term incentive (LTI) awards to the NEOs was at the target level for each position, as a percentage of base salary, as determined based on review of comparative peer information.

The range of LTI awards to NEOs considered by the Committee for awards granted in 2017 was as follows:

Name	Title	LTI Award as % of Base Salary at:					
		Threshold		Target		Outstanding	
J. Bradley Scovill	President & Chief Executive Officer	10.0	%	30	%	45	%
Mark A. Hughes	EVP and Chief Financial Officer	6.7	%	20	%	30	%
Harold F. Hoose, III	EVP and Director, Lending Division	8.3	%	25	%	38	%
Deborah E. Scott	EVP and Director, Trust Division	6.7	%	20	%	30	%
Stan Dunsmore	EVP and Chief Credit Officer	6.7	%	20	%	30	%

The table below summarizes grant date values of equity awards granted in 2017:

Name	Title	2016 Base Salary	LTI Award as % of Base Salary		Grant Date Fair Value of LTI Awards	Grant Date	Grant Share Price	# of Shares Granted at Target (1)

Stan Dunsmore	EVP and Chief Credit Officer	\$ 170,000	20	%	\$ 33,995	1/4/2017	\$ 25.97	1,309

(1) As described above, all of the awards granted to NEOs in 2017 consisted of 50% RSAs and 50% PRSAs, vesting over a three-year period.

Recent Actions

During the first quarter of 2018, the Corporation, through the Committee and Board of Directors, has made certain decisions regarding executive compensation. The most significant actions are summarized below.

Base Salaries. At the beginning of 2018, executives received salary adjustments based on evaluations of corporate and individual performances and prevailing industry practices for comparable positions. The Chief Executive Officer's salary increased in January 2018 by 2.0% to a level of \$416,160. The Chief Financial Officer's salary increased in January 2018 by 1.89% to a level of \$270,000.

Annual Incentives. The Board has established a series of annual corporate, business unit and individual goals for each named executive officer whereby each named executive officer could receive an annual cash bonus under the Annual Incentive Award Plan equal to a percentage of base salary, depending upon achievement of performance goals. The Board, upon recommendation from the Committee, has approved the Annual Incentive Award Plan for 2018 with minimal changes in design from the 2017 Plan as described above under "Short-term (annual) Incentives" in the "Program Components" section of CD&A.

Long-term Incentives. As described above, the Committee utilizes equity awards as an incentive to drive future performance. In December 2017, the Committee recommended, and the Board approved, awards of restricted stock under the 1995 Stock Incentive Plan. Based on the Board's actions, shares of restricted stock were awarded on January 3, 2018, when the market price of the Corporation's stock, as defined in the Plan, was \$24.21 per share. The following awards in the first quarter 2018 are not included in the tables within the "Executive Compensation" section of this Proxy Statement, because they were made after the end of 2017: Mr. Scovill – 5,055 shares; Mr. Hughes – 2,189 shares; Mr. Hoose – 2,158 shares; Mrs. Scott – 1,652 shares; Mr. Dunsmore – 1,544 shares. Half of the awards are RSAs and the other half reflect PRSAs at target.

Consideration of Say-On-Pay Advisory Vote

At our 2017 annual meeting of shareholders, approximately 92% of our shareholders who voted on the "say-on-pay" proposal (excluding broker non-votes and abstentions) approved the compensation we pay to our named executive officers. The Compensation Committee believes that the shareholder vote supports our compensation philosophy. Therefore, we have not modified our practices or philosophy as a result of the 2017 advisory vote.

At our 2017 annual meeting, our shareholders expressed support for conducting the foregoing say-on-pay vote every year. Our Board of Directors has adopted the shareholders' recommendation to conduct a say-on-pay advisory vote each year.

Risk Management

We do not believe that the Corporation's compensation programs and practices present any risks that are reasonably likely to have a material adverse effect on the Corporation.

The Committee believes that the direct compensation components of the executive compensation program—salary, annual incentive opportunities, equity grants—are reasonable, competitive and approximate the median of prevailing industry practices. The Committee intends to maintain the current leveraged approach to total compensation, directly tying a significant portion of an executive's total earnings to achievements against goals and objectives approved by the Board of Directors, while balancing the approach with appropriate controls to ensure that management is not incented to take excessive risks.

Recoupment Policy

The Corporation has an executive compensation recoupment policy pursuant to which annual cash bonuses, stock-based awards, performance-based compensation and other forms of cash or equity compensation other than salary paid to executive officers are subject to a "clawback" pursuant to the recoupment policy in the event the Corporation is required to prepare an accounting restatement due to material non-compliance with financial reporting requirements under the securities laws.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion & Analysis that is required by the rules and regulations established by the SEC and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis section be included in the proxy statement.

Compensation Committee Interlocks and Insider Participation

Messrs. Haner, Lambert, Owlett, Simpson, Towner and Mrs. Fisher served as members of the Compensation Committee during 2017 and none of them was an officer or employee of the Corporation or any of its subsidiaries during that time. There are no interlocking relationships, as defined in regulations of the SEC, involving members of the Compensation Committee.

(1) Mr. Scovill was appointed President and Chief Executive Officer effective March 2, 2015.

(2) Mr. Hughes was appointed Interim President and Chief Executive Officer from August 12, 2014 through March 1, 2015. Effective March 2, 2015, Mr. Hughes resigned from the positions of Interim President and Chief Executive Officer and was appointed to the positions he had formerly held as Treasurer and Chief Financial Officer.

(3) In 2015, Mr. Scovill was paid a signing bonus pursuant to his employment contract. The bonus amounts paid to the other named executive officers were paid pursuant to discretionary “holiday awards” that were paid in December of each year to essentially all employees except the Chief Executive Officer.

(4) The amounts shown in the “Stock Awards” column equal the values of restricted stock awards determined based on the average of the high and low stock price at each grant date. For 2017, the value as of the grant date for all awards was \$25.97 per share. The values of the 2016 awards were as follows; Mr. Scovill’s award – 4,721 shares at \$20.43 per share and 177 shares at \$19.98 per share; and awards to the other named executive officers - \$20.43 per share. The values of the 2015 awards were as follows; Mr. Scovill’s award - \$19.33 per share; Mr. Hughes’s award - \$19.53 per share; and awards to the other named executive officers - \$21.04 per share.

(5) There were no options awarded in 2017, 2016 or 2015.

(6) The amounts shown in the “Non-Equity Incentive Plan Compensation” column were paid pursuant to the Incentive Award Plan, which is described in the “Program Components” section of the Compensation Discussion and Analysis.

(7) The amounts shown in the column headed “Change in Pension Value and Nonqualified Deferred Plan Compensation” are attributable to Mr. Dunsmore’s participation in the Citizens Trust Company Pension Plan, a defined benefit pension plan. This plan covers certain employees who were employed by Citizens Trust Company on December 31, 2002, when the plan was amended to discontinue admittance of any future participants and to freeze benefit accruals. The Corporation acquired Citizens Bancorp, Inc., and its wholly-owned subsidiary, Citizens Trust Company, effective May 1, 2007. Mr. Dunsmore is the only Named Executive Officer who is a participant in this plan. The discount rate used to calculate the present value of accumulated plan benefit was 3.55% at December 31, 2017, 4.05% at December 31, 2016 and 3.75% at December 31, 2015.

Grants of Plan-Based Awards

The following table sets forth information concerning awards granted to the named executive officers for the year ended December 31, 2017 under the 1995 Stock Incentive Plan.

Name	Grant Date	Board/Action Date	All Other Stock Awards: Number of Shares or Units	Grant Date Fair Value of Stock and Option Awards
J. Bradley Scovill	1/4/2017	12/15/2016	4,620	119,981
Mark A. Hughes	1/4/2017	12/15/2016	2,002	51,992
Harold F. Hoose	1/4/2017	12/15/2016	1,973	51,239
Deborah E. Scott	1/4/2017	12/15/2016	1,463	37,994
Stan R. Dunsmore	1/4/2017	12/15/2016	1,309	33,995

The grant date fair market value of stock awards is computed in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (the “ASC”) topic 718, “Compensation—Stock Compensation,” excluding the effect of estimated forfeitures. The value used for restricted stock awards is based on the market value of the stock at the grant date. The market value per share of the January 4, 2017 awards is \$25.97.

Restricted stock awards to NEOs under the Stock Incentive Plan in 2017 provided for vesting over a three-year term, with vesting for half of the shares dependent on satisfactory performance (time vesting) and vesting for half of the shares based on time vesting and upon the Corporation meeting an ROAE performance ratio, as defined. In 2017, the Corporation did not meet the performance condition defined in the awards, as the Corporation’s ROAE was in the 37th percentile of the defined Peer Group’s results for the 12-month period ended September 30, 2017. The minimum level for satisfying the performance condition defined in the 2017 awards was an ROAE at the 50th percentile of the Peer Group’s results. Accordingly, in the first quarter 2018, the following forfeitures of restricted stock awarded in 2017 occurred: Mr. Scovill - 770 shares; Mr. Hughes - 334 shares; Mr. Hoose - 329 shares; Mrs. Scott - 244 shares; and Mr. Dunsmore - 218 shares. In the first quarter 2018, the following forfeitures of restricted stock awarded in 2016 occurred: Mr. Scovill - 816 shares; Mr. Hughes - 411 shares; Mr. Hoose - 395 shares; Mrs. Scott - 301 shares; and Mr. Dunsmore - 244 shares.

(1) The amounts shown as employer contributions to the SERP are also reported as compensation to the named executive officer in the Summary Compensation Table.

(2) Earnings amounts shown represent the net change to the named executive officer's account in 2017 for the aggregate gains and losses on the plan investments in the Deferred Compensation Plan and the SERP. The amounts shown are not considered above market or preferential earnings and are not reported as compensation in the Summary Compensation Table.

(3) The aggregate balance in the Deferred Compensation Plan has not been reported in prior Corporation Proxy Statements.

The aggregate balance at last fiscal year end (December 31, 2017) in the SERP, excluding 2017 employer (4) contributions and aggregate earnings, has been reported in the Pension Benefits Table in prior Corporation Proxy Statements.

Supplemental Executive Retirement Plan. The Corporation maintains a Supplemental Executive Retirement Plan (“SERP”) to provide a supplemental retirement income to designated key employees. The Board of Directors determines employees eligible to participate, as well as the amount of the Corporation’s annual contribution to each participant’s account, if any. The annual contribution is deposited into each participant’s account held in a trust account at the Bank. While the Bank’s Trust and Financial Management Group manages the trust assets, each participant may direct the investment of the funds credited to their account. All assets in the trust are subject to the claims of the Bank’s creditors in the event of insolvency. The Board of Directors may terminate the SERP at any time.

Historically, the Corporation’s annual contribution has been based on a formula designed to provide an annual benefit equal to 20% of the individual’s highest five-year average compensation, and assumes retirement at age 65. In determining the annual contribution amounts, the Corporation assumes interest rates of 8% for preretirement and 6% for postretirement and utilizes a standard mortality table. The actual amount available to be distributed to a participant at separation of service depends upon the return on the investment of the funds held in the account over time. The actual investment returns do not impact the Corporation’s determination of the annual contribution. Investment returns are allocated to participant accounts daily based on units held of each investment.

Amounts credited to a participant’s account do not vest until the earlier of: (i) the participant reaching age 55 with 5 years of participation in the SERP; (ii) the death of the participant; (iii) the disability of the participant; or (iv) a change in control of the Corporation as defined in the SERP.

Upon vesting, amounts credited to a participant’s account are payable, at the election of the participant, in monthly or annual installments.

Deferred Compensation Plan. In December 2015, the Corporation established a nonqualified Deferred Compensation Plan that allows selected officers, beginning in 2016, the option to defer receipt of up to 100% of base salary plus any non-equity incentive plan compensation. The Compensation Committee of the Board of Directors determines employees eligible to participate (“Participants”). The Deferred Compensation Plan does not provide for Corporation contributions.

Participants are given an annual opportunity to elect, by entering into a Participation Agreement with the Corporation, to defer the receipt of eligible compensation by a dollar amount or percentage specified in the Participation Agreement. Participant contributions are deposited into each Participant's account held in a trust account at the Bank. While the Bank's Trust and Financial Management Group manages the trust assets, each Participant may direct the investment of the funds credited to their account. All assets in the trust are subject to the claims of the Bank's creditors in the event of insolvency. The Board of Directors may amend or terminate the Plan at any time; provided, however, that no such amendment or termination shall reduce the balance in any Participant's account nor affect the terms of the Plan relating to the payment of any account.

Participants are fully vested in their accounts at all times. Upon separation from service, amounts credited to a participant's account are payable, at the election of the participant, in monthly or annual installments.

CEO Pay Ratio

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total compensation of the principal executive officer ("PEO"). This ratio is commonly referred to as the "CEO Pay Ratio." The Corporation's PEO is Mr. Scovill, the President and Chief Executive Officer ("CEO").

For 2017, the annual total compensation of our CEO was 19.7 times that of the Corporation's median employee, based on annual total compensation of \$767,141 for Mr. Scovill and \$39,013 for the median employee, detailed as follows:

	President and CEO	Median Employee
Salary	\$408,000	\$ 36,870
Bonus	-	500
Stock Awards	119,981	-
Non-Equity Incentive Plan Compensation	98,024	-
All Other Compensation	141,136	1,643
Total	\$767,141	\$ 39,013

The median employee was identified using a listing of all employees as of December 31, 2017, and calculating the median amount of total 2017 compensation as it would be reported based on the IRS instructions for Box 5, Medicare wages and tips. Actual amounts reported on Box 5 for 2017 were used for all employees who were employed throughout the entire year. We further annualized pay for those individuals not employed for a full year in 2017. As applicable, compensation reported on Box 5 included the amount paid in 2017 for salary, bonus, dividends on

restricted stock and non-equity incentive plan (cash) awards, along with any amount deferred by the employee to the Savings & Retirement Plan (a 401(k) plan) and the imputed value of the cost of group term life insurance and certain perquisites. Compensation reported on Box 5 also included any amounts that vested in 2017 for SERP benefits and for stock awards (based on the market value of the stock on the vesting date). Compensation deferred at the election of the Corporation's officers, and the amount of employer contributions to the ESOP and Savings & Retirement Plan, were excluded from Box 5.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Employment Agreements

The Corporation and the Bank have entered into employment agreements with Mr. Scovill, Mr. Hughes, Mr. Hoose and Mrs. Scott (collectively, the "Employment Agreements"). The employment agreement with Mr. Scovill has an effective date of March 2, 2015, and the employment agreements with Mr. Hughes, Mr. Hoose, and Mrs. Scott were effective September 19, 2013. The following summarizes the material terms of the Employment Agreements.

The employment agreement with Mr. Scovill provided for an initial three (3) year term at an initial annual base salary of \$380,000. In June 2017, the Corporation and Bank, and Mr. Scovill, entered into an amendment to the employment agreement which extended the end date of the initial term by one (1) year to March 1, 2019. After the initial term, as amended, the agreement will be automatically renewed for successive twelve (12) month terms, unless either the Corporation or Mr. Scovill gives written notice of non-renewal at least ninety (90) days prior to the next renewal date. Under this agreement, Mr. Scovill received a grant of Corporation restricted common stock equal in value at the time of grant to approximately \$100,000. The shares of restricted stock vested ratably over a three (3) year period. The agreement also provided a signing bonus in the amount of \$100,000, \$50,000 of which was paid approximately sixty (60) days after Mr. Scovill's start date of March 2, 2015 and \$50,000 of which was paid approximately one hundred eighty (180) days after the start date. If Mr. Scovill had voluntarily terminated employment with the Bank, other than a termination for "Good Reason," as defined in the agreement, within eighteen (18) months of receipt of either \$50,000 installment payment, Mr. Scovill had agreed to reimburse the Bank for the full amount of the cash bonus payments actually received. The agreement also provided that Mr. Scovill would be eligible to receive an equity award under the Corporation's 1995 Stock Incentive Plan for calendar year 2015 equal in value to \$100,000 as of the date of grant. The equity award may be comprised of a combination of stock options and restricted stock, each of which will have a time vest and a performance vest component. For calendar years after 2015, based on approval by the Corporation's Board of Directors, Mr. Scovill would be eligible to receive such stock based incentives as are granted to Mr. Scovill under the Corporation's 1995 Stock Incentive Plan consistent with Mr. Scovill's responsibilities and the performance of the Corporation and Mr. Scovill. The agreement also provides that Mr. Scovill would be eligible to participate in the Corporation's Supplemental Executive Retirement Plan. Other features of the employment agreement with Mr. Scovill are included in the summary of descriptions of the Employment Agreements that follow.

The initial term of the Employment Agreement with Mr. Hughes expired September 19, 2016, and has been renewed through September 19, 2019. The Employment Agreement with Mr. Hughes provides that the term of the agreement shall be automatically renewed on each September 19th for successive three (3) year terms, unless either the Corporation or the executive gives written notice of nonrenewal at least 90 days prior to the next renewal date. The Employment Agreements of Mr. Hoose and Mrs. Scott had an initial expiration date of September 30, 2015, and have been extended through September 30, 2018. The Employment Agreements of Mr. Hoose and Mrs. Scott provide that the term of each agreement shall be automatically extended an additional twelve (12) months, unless written notice of nonrenewal is provided no later than July 19, 2017 and by July 19th of each successive calendar year thereafter.

Under the Employment Agreements, each executive is eligible to receive annual incentive payments and stock based incentives as determined by the Compensation Committee, which may, but need not be, issued under any incentive plan maintained by the Company, and is eligible to participate in any retirement plan, deferred compensation plan, welfare benefit plan or other benefit program in which full-time employees of the Bank are eligible to participate.

The Employment Agreements also provide each executive with reimbursement of business expenses and paid vacation in accordance with Corporation or Bank policies and procedures and, with respect to Mr. Scovill and Mr. Hoose, use of a Bank owned automobile and a country club membership. Mrs. Scott's Employment Agreement also provides for the use of a Bank owned automobile.

Each Employment Agreement contains customary nondisclosure and mutual nondisparagement provisions and, in the case of Mr. Scovill and Mr. Hughes, a twenty-four (24) month non-competition and non-solicitation covenant and, in the case of Mr. Hoose and Mrs. Scott, an eighteen (18) month non-competition and non-solicitation covenant, in each case applicable within thirty-five (35) miles of any office of the Corporation or the Bank after voluntary or involuntary termination of the executive's employment with the Corporation and the Bank.

Each Employment Agreement also provides that the executive may terminate his or her employment for "good reason" (as defined in the agreement) after notice to the Corporation or the Bank within thirty (30) days after the initial existence of the condition giving rise to the right to terminate and the failure of the Corporation or Bank to cure the situation within thirty (30) days after receipt of such notice.

Additionally, each Employment Agreement provides for a lump sum payment to the executive in the event of a termination of employment by the Corporation without "cause" (as defined in the agreement) or by the executive for "good reason" (as defined in the agreement) following a "change in control" (as defined in the agreement) or absent a change in control, such payment to be equal to the sum of the highest annual base salary earned by the executive during the immediately preceding three (3) years, plus the highest cash bonus and other incentive compensation earned with respect to one of the three preceding years, plus (for Mr. Hughes, Mr. Hoose and Mrs. Scott) the highest value of stock options and other stock incentives awarded to the executive in one of the immediately preceding three years, multiplied by a predetermined factor depending on the executive and whether the executive was terminated following a change in control. Additionally, each of the Employment Agreements provides for the continuation of the executive's participation in the Bank's life, disability, medical/health insurance and other welfare benefits in effect during the one (1) year period preceding the termination of employment (or a cash payment representing the value of such benefits). The factor applicable to each of the executives for purposes of determining the lump sum payment and the time period for which benefits are to be continued are set forth in the following table.

The employment agreements in effect on December 31, 2017 do not provide for an excise tax gross-up pursuant to Section 280G of the Internal Revenue Code. In the event any payments to our named executive officers would otherwise constitute a parachute payment under Section 280G of the Internal Revenue Code, the payments will be limited to the greater of (i) the dollar amount which can be paid to such named executive officer without triggering an excise tax under Section 4999 of the Internal Revenue Code or (ii) the greatest after-tax dollar amount after taking into account any excise tax incurred under Section 4999 of the Internal Revenue Code with respect to such parachute payments.

Change in Control Agreements

The Corporation and Bank have entered into Change in Control Agreements (the “Agreements”) with Mr. Dunsmore and certain other officers (each an “Employee”). The purpose of the Agreements is to retain and secure key employees and encourage their continued attention and dedication to their assigned duties without the distraction of potential disturbing circumstances arising from the possibility of a change in control of the Corporation or Bank.

The Change in Control Agreements provide for a lump sum severance benefit in the event that certain events take place after there is a “change in control”, as defined in the Agreement, of the Corporation, or for a period of twenty-four (24) months thereafter. The Agreements do not provide for any payment in the event that the Employee remains employed for more than twenty-four (24) months following the change in control.

Under the Agreements, the term “termination” means the termination of the employment of the Employee either by the Corporation for any reason other than death, disability, or “cause”, or by resignation of the Employee upon the occurrence of one or more of the following events: a significant change in the Employee’s authorities or duties; a reduction in annual salary or a material reduction in benefits; the relocation of the Employee’s office to a location more than 35 miles from the location of the Employee’s office immediately prior to the employment period; the inability of the Employee to exercise the authorities, powers, functions or duties associated with the Employee’s position; or the failure of the Corporation to obtain a satisfactory agreement from any successor to assume and agree to perform the Agreement in the same manner and extent as if no succession had taken place.

In the event of a termination, the Agreements provide severance benefits of (i) Employer-paid group medical insurance continuation premiums for a period of eighteen (18) months after the date of termination; and (ii) a lump sum payment in cash no later than thirty (30) business days after the date of termination equal to the sum of the Employee’s unpaid salary, accrued vacation pay and unreimbursed business expenses through and including the date of termination; and an amount equal to one times the Employee’s base salary in effect immediately prior to the date of termination. Each Agreement contains customary non-disclosure provisions and a twelve (12) month non-solicitation covenant following termination of employment.

The Agreements terminate each December 31, but are automatically extended for additional one-year periods unless written notice is provided by the Corporation or Employee that such party does not wish to extend the term. If a change in control occurs during the original or extended term of the Agreements, the term shall continue for a period of twenty-four (24) months and end upon the expiration of such twenty-four (24) month period.

Potential Payments upon Termination or Change in Control

The table that follows provides quantitative information regarding contracts, agreements, plans or arrangements that provide for payments to a named executive officer upon termination of employment. The table does not include information with respect to contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms, or operation, in favor of executive officers or the Corporation and that are available generally to all salaried employees.

Indemnification Agreements

On April 20, 2004, the shareholders of the Corporation authorized the Corporation to enter into indemnification agreements (the "Indemnification Agreements") with the directors of the Corporation and the Bank and certain officers of the Bank, as designated by the Board of Directors. The primary purpose of the Indemnification Agreements is to ensure the ability of the Corporation and Bank to continue to attract and retain responsible, competent and otherwise qualified directors and officers. Indemnification Agreements have been entered into with all Directors of the Bank and the Corporation, as well as the Corporation's and Bank's Executive Officers as named on pages 6-9.

The Indemnification Agreements provide to covered directors and officers the most advantageous of any combination of benefits under (i) the benefits provided by the Bylaws of the Corporation in effect as of the date the agreements were entered into; (ii) the benefits provided by the Bylaws, the Articles of Incorporation or their equivalent of the Corporation in effect at the time indemnification expenses are incurred by an indemnitee; (iii) the benefits allowable under Pennsylvania law in effect on the date of the agreements; (iv) the benefits allowable under the law of the jurisdiction under which the Corporation exists at the time indemnifiable expenses are incurred by an indemnitee; (v) the benefits available under a liability insurance policy obtained by the Corporation and its subsidiaries in effect on the date of the agreements; (vi) the benefits available under a liability insurance policy obtained by the Corporation and its subsidiaries, in effect at the time the indemnifiable expenses are incurred by an indemnitee; and (vii) such other benefits as are or may otherwise be available to the indemnitee.

The Corporation is not obligated to, nor has it agreed to provide funding for its obligations under the agreements. The Corporation is obligated, however, to pay its obligations under the agreements from general assets or insurance. The agreements do require the Corporation to continue to purchase D&O Coverage for so long as it is available on a commercially reasonable basis.

The indemnification available pursuant to the agreements is subject to a number of exclusions. No indemnification is required under the agreements with respect to any claim as to which it is finally proven by clear and convincing evidence in a court of competent jurisdiction that the covered person acted or failed to act with deliberate intent to cause injury to the Corporation or a subsidiary thereof or with reckless disregard for the Corporation's best interest. The Corporation is also not required to make any payment finally determined by a court to be unlawful or any payment required under Section 16(b) of the Securities and Exchange Act of 1934, as amended. In addition, any claim (or part thereof) against an indemnitee which falls within the prohibitions of 12 C.F.R. §7.5217 (i.e., a prohibition on indemnification or insurance coverage for expenses, penalties or other payments incurred in connection with an action by a banking regulatory agency which results in a final order assessing monetary penalties or requiring affirmative action in the form of payment to the bank) is excluded from indemnification under the agreements.

Compensation of Directors

(1) The columns disclosing option awards, non-equity incentive plan compensation, changes in pension value and nonqualified deferred compensation earnings, and other forms of compensation have been omitted from the table because no director earned any compensation during 2017 of a type required to be disclosed in those columns.

(2) As of December 31, 2017, non-employee directors except Director Singer each owned 770 shares of common stock awarded pursuant to the Independent Directors Stock Incentive Plan (described below) for which transfer restrictions had not yet lapsed. For the Directors, those shares had a value of \$18,480 based on the closing price of the Corporation's common stock on December 29, 2017 (the last business day of the year). Director Singer was not a Director at the time of the 2017 restricted stock award.

(3) Effective January 2, 2018, the Corporation awarded 826 shares of restricted stock under the Independent Director Stock Incentive Plan to each director. The value of the restricted stock was \$24.21 per share, based on the market price of the Corporation's stock on January 3, 2018, and vest over (1) one year. The awards made in January 2018 are not included in the table.

(4) Includes annual cash retainer, Chairman or Committee chair retainer (if any) and attendance fees.

(5) The amount shown in the “Stock Awards” column equals the value of restricted stock awards of 770 shares, determined based on the grant date fair market value of \$25.97 per share. Director Tyler forfeited her 2017 award upon her retirement from the Board in April 2017.

Director Fees. Compensation of the Board of Directors is established by the Board upon recommendation of the Compensation Committee. In developing its recommendations for 2017, the Compensation Committee considered information provided by Pearl Meyer.

Non-employee directors receive cash compensation for their service as directors in accordance with the following fee schedule. Employee directors are not entitled to additional compensation for board or committee service.

Annual Fees:	
Cash Retainer (all Directors, including Chairman)	\$20,000
Chairman of the Board	\$15,000
Committee Chairman:	
Audit Committee	\$5,000
Compensation Committee	\$5,000
All Other Committees	\$4,000
Per-Meeting Attendance Fees:	
Board meetings (all Directors)	\$1,000
Committee meetings	
Audit Committee	\$600
Executive Committee	\$600
All Other Committees	\$500

Compensation Committee meeting fees are included in the Executive Committee meeting fee amount listed above. A director who, by invitation, attends a meeting of a committee of which he or she is not a regular member will be paid the same attendance fee as is payable to members of that committee. Attendance fees are not doubled in the event of joint meetings of the Corporation and Bank Boards.

Independent Directors Stock Incentive Plan. In addition to cash fees, non-employee directors may also receive compensation in the form of Corporation common stock or stock options under the Independent Directors Stock Incentive Plan. This plan permits awards of nonqualified stock options and/or restricted stock to non-employee directors. A total of 135,000 shares of common stock may be issued under the Independent Directors Stock Incentive Plan. The recipient’s right to exercise stock options under this plan vests immediately and expires 10 years from the

date of grant. The exercise prices of all stock options awarded under the Independent Directors Stock Incentive Plan are equal to the fair market value on the grant date. Restricted stock awards issued under the plan through December 31, 2017 vest ratably over one (1) year. As of December 31, 2017, a balance of 17,396 shares remains available for issuance under the Independent Directors Stock Incentive Plan.

PROPOSAL 2 — APPROVAL AND ADOPTION OF THE SECOND AMENDMENT TO THE CITIZENS & NORTHERN CORPORATION INDEPENDENT DIRECTORS STOCK INCENTIVE PLAN

On February 15, 2018, the Board of Directors of the Corporation adopted the Second Amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan (the “Stock Incentive Plan”) in order to insure that there are sufficient shares available for future awards. The Stock Incentive Plan was originally adopted by the Board of Directors on February 15, 2001 and approved by the stockholders on April 17, 2001. The First Amendment to the Stock Incentive Plan was adopted by the Board of Directors on February 28, 2008 and approved by the stockholders on April 15, 2008.

The purposes of the Plan are to aid the Corporation in attracting, retaining, motivating, and compensating Non-Employee Directors and to enable them to increase their ownership of Stock. The Plan is beneficial to the Corporation and its stockholders since it allows Non-Employee Directors of the Board to have a greater personal financial stake in the Corporation through the ownership of Stock, in addition to underscoring their common interest with stockholders in increasing the value of the Stock on a long-term basis.

As adopted, the Stock Incentive Plan permits awards of nonqualified stock options and/or restricted stock to non-employee directors (i.e., members of the Corporation’s Board of Directors who are not officers and employees of the Corporation or any subsidiary thereof). The maximum number of shares of the Common Stock issuable under the Stock Incentive Plan was initially fixed at Fifty Thousand (50,000) shares, and increased to Seventy-Five Thousand (75,000) shares as a result of the 3- for- 2 stock dividend on April 21, 2003, then increased to One Hundred Thirty-Five Thousand (135,000) shares as a result of the First Amendment.

The Board of Directors directed and ordered that the Second Amendment to the Stock Incentive Plan be submitted to the stockholders of the Corporation for their approval and adoption at the 2018 Annual Meeting of Stockholders to be held on April 19, 2018. The following is a brief summary of the Second Amendment adopted by the Board of Directors on February 15, 2018 (a copy of the full text of the Second Amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan is attached as Exhibit A to this Proxy Statement):

Increase in the number of shares issuable under the Stock Incentive Plan from One Hundred Thirty-Five Thousand (135,000) shares to Two Hundred Thirty-Five Thousand (235,000) shares.

The Second Amendment is being submitted to the stockholders of the Corporation for their approval. The affirmative vote of a majority of the votes cast, in person or by proxy, by shareholders entitled to vote at the Annual Meeting on this proposal is necessary for the adoption of the amendment.

The Board of Directors recommends a vote “FOR” approval and adoption of the Second Amendment to the Citizens & Northern Corporation Independent Directors Stock Incentive Plan.

PROPOSAL 3 — ADVISORY NON-BINDING VOTE ON EXECUTIVE COMPENSATION

The Corporation is required to provide its shareholders with a separate, non-binding advisory vote on the compensation paid to the Corporation’s named executive officers pursuant to the policies and procedures employed by the Corporation, as described in the Compensation Discussion and Analysis (CD&A) and tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.

For the reasons set forth in this Proxy Statement, we believe that our compensation policies and procedures are centered on a pay-for-performance culture, are competitive in our marketplace, and are strongly aligned with the long-term interests of our shareholders, and that the compensation paid to our executives is consistent with such policies and procedures.

This proposal, commonly known as a “Say-on-Pay” proposal, gives you as a shareholder the opportunity to endorse or not endorse our executive pay program and policies through the following resolution:

“Resolved, that the shareholders approve the compensation paid to the Named Executive Officers of the Corporation pursuant to the policies and procedures employed by the Corporation, as described in the Compensation Discussion and Analysis and tabular disclosure regarding Named Executive Officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.”

Because your vote is advisory, it will not be binding upon the Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends a vote “FOR” approval of the compensation paid to the Named Executive Officers of the Corporation pursuant to the policies and procedures employed by the Corporation, as described in the Compensation Discussion and Analysis and tabular disclosure regarding the Named Executive Officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.

PROPOSAL 4 — RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Baker Tilly Virchow Krause, LLP (“Baker Tilly”), formerly ParenteBeard, LLC (“ParenteBeard”) has been the independent registered public accounting firm appointed by the Corporation to audit its financial statements since 1979, and was selected by the Board as the independent registered public accounting firm for the Corporation for the fiscal year ending December 31, 2018. No member of the firm or any of its associates has a material financial interest in the Corporation. A representative of Baker Tilly is expected to be present at the Annual Meeting to answer appropriate questions from shareholders and will be afforded an opportunity to make any statement that the firm desires.

The affirmative vote of a majority of the votes cast at the meeting, in person or by proxy, is required to ratify the appointment of Baker Tilly as the Corporation’s independent registered public accounting firm. Abstentions and broker non-votes will have no effect in calculating the votes on this matter.

The Board of Directors recommends a vote “FOR” ratification of the appointment of Baker Tilly Virchow Krause, LLP as the Corporation’s independent registered public accounting firm for the fiscal year ending December 31, 2018.

Fees of Independent Public Accountants

The following table sets forth information concerning fees paid to independent public accountants for the years ended December 31, 2017 and 2016. All services provided by Baker Tilly in 2017 and 2016 were pre-approved by the Audit Committee, consistent with the limits provided for in the Audit Committee Charter.

Audit Committee Report

On February 15, 2018, the Audit Committee of the Board of Directors reviewed and discussed with management the audited financial statements dated December 31, 2017. The Audit Committee also discussed with Baker Tilly, the independent registered public accounting firm of the Corporation, the matters required to be discussed with those charged with governance pursuant to the Public Company Accounting Oversight Board Auditing Standard AS 1301 (Communications with Audit Committees).

The Audit Committee has received from Baker Tilly, the written disclosure and the letter required by PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence) and has discussed Baker Tilly's independence with its representatives. These items relate to that firm's independence from the Corporation.

Based on its review and discussions referred to above, the Committee has recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year

ended December 31, 2017 for filing with the Securities and Exchange Commission.
