CULP  
Proxy Statement  
-----

INTRODUCTION

This proxy statement is furnished to the shareholders of Culp, Inc. (sometimes referred to as the "Company") by the Company's Board of Directors in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the Company to be held on Tuesday, September 27, 2005, at 9:00 a.m. at the Company's corporate offices, 1823 Eastchester Drive, High Point, North Carolina, and at any adjournment or adjournments thereof. Action will be taken at the Annual Meeting on the items described in this proxy statement, and on any other business that properly comes before the meeting.

This proxy statement and accompanying form of proxy are first being mailed to shareholders on or about August 25, 2005.

Whether or not you expect to attend the Annual Meeting, please complete, date and sign the accompanying form of proxy and return it promptly to ensure that your shares are voted at the meeting. Any shareholder giving a proxy may revoke it at any time before a vote is taken: (i) by duly executing a proxy bearing a later date; (ii) by executing a notice of revocation in a written instrument filed with the secretary of the Company; or (iii) by appearing at the meeting and notifying the secretary of the intention to vote in person. Unless a contrary choice is specified, all shares represented by valid proxies that are received pursuant to this solicitation, and not revoked before they are exercised, will be voted for the election of the three directors named as nominees in this proxy statement, and for the ratification of the appointment of KPMG LLP as the independent auditors of the Company for the current fiscal year. The proxy also confers discretionary authority upon the persons named therein, or their substitutes, with respect to any other business that may properly come before the meeting. Unless otherwise stated herein, each matter submitted to the shareholders will be approved if more votes are cast in favor of the proposal than the votes cast against the proposal. A shareholder abstaining from the vote on a proposal and any broker non-votes will be counted as present for purposes of determining whether a quorum is present, but will be counted as not having voted on the proposal in question. This means that in cases where a majority of the shares represented is required to approve a proposal, an abstention will have the effect of a vote against the proposal in question.

## Edgar Filing: CULP INC - Form DEF 14A

The Company will bear the entire cost of preparing this proxy statement and of soliciting proxies. Proxies may be solicited by employees of the Company, either personally, by special letter, or by telephone. The Company also will request brokers and others to send solicitation material to beneficial owners of the Company's stock and will reimburse them for this purpose upon request.

### CORPORATE GOVERNANCE

#### Corporate Governance Guidelines and Committee Charters

Our Board of Directors has approved Corporate Governance Guidelines, with the goal of providing effective governance of the Company's business and affairs for the benefit of shareholders. The Corporate Governance Guidelines are available on the Company's website at [www.culpinc.com](http://www.culpinc.com) in the "Investor Relations/Governance" section and are available in print to any shareholder upon request. In addition, the charters for our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee are also included in the "Investor Relations" section of the Company's website and are available in print to any shareholder upon request.

#### Director Independence

The Board believes that independent directors should comprise at least a majority of the Board. To be considered independent, a director must be determined, by resolution of the Board as a whole, to have no material relationship with the Company other than as a director. These determinations will be made annually. In each case, the Board will consider all relevant facts and circumstances and will apply the independence standards of the New York Stock Exchange. In addition, the Board has adopted the following categorical standards to assist in the determination of director independence, which conform to, or are more exacting than the independence requirements in the New York Stock Exchange listing standards:

- (i) Disqualifying Relationships - A director will not be considered independent if any of the following has occurred within the preceding three years:
  - o the director was employed by the Company
  - o the director's immediate family member was employed by the Company as an executive officer
  - o the director or the director's immediate family member received more than \$25,000 per year in direct compensation from the Company (other than director's fees and pension or other forms of deferred compensation for prior service with the Company)

## Edgar Filing: CULP INC - Form DEF 14A

- o the director was affiliated with or employed by the Company's independent auditor
  - o the director's immediate family member was affiliated with or employed by the Company's independent auditor as a partner, principal, manager, or in any other professional capacity
  - o an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or the director's immediate family member as an executive officer
- (ii) Commercial Relationships - The following commercial relationships will not be considered to be material relationships that would impair a director's status as being independent:
- o the director is an executive officer or employee or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier

8

- o the director's immediate family member is an executive officer or director of one of the Company's suppliers or customers whose annual sales to, or purchases from, the Company are less than one percent of the annual revenues of the customer or supplier
  - o the director or the director's immediate family member is an executive officer of another company that is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer
- (iii) Charitable Relationships - The following charitable relationship will not be considered to be a material relationship that would impair a director's independence: if a director of the Company, or a member of a director's immediate family, serves as an executive officer of a charitable or other not for profit organization, and the Company's charitable contributions to the organization, in the aggregate, are less than two percent of that organization's total revenues during its most recent fiscal year.
- (iv) Stock Ownership - Ownership of a significant amount of the Company's stock does not necessarily preclude a determination of independence.

Applying these standards, the Board has determined that the following current directors are independent within the meaning of the listing standards of the New York Stock Exchange and the Company's categorical standards of independence: Messrs. Brunel, English, Flavin, Larson and McAllister. These determinations are based primarily on a review of the responses of our directors to questions regarding employment and compensation history, affiliations and family and other relationships, and on discussions with directors.

Executive Sessions of Non-Management Directors and Independent Directors; Lead Director

## Edgar Filing: CULP INC - Form DEF 14A

Non-management Board members meet separately from the other directors at regularly scheduled executive sessions, without the presence of management directors or executive officers of the Company (except to the extent that the non-management directors request the attendance of any executive officers). The non-management directors have designated a "lead director" to preside at these meetings, to advise management and to otherwise act as a liaison between the non-management directors and the Company's management. Mr. Norton is currently serving as the lead director. In addition to the meetings of non-management directors, the independent directors (as defined by New York Stock Exchange rules and the Company's categorical standards of independence) meet in a separate executive session at least once per year.

### Director Attendance at Annual Meetings

Directors are expected to attend the Company's Annual Meeting of Shareholders absent exceptional cause. Six of the eight directors then on the Board attended the 2004 Annual Meeting of Shareholders.

### Code of Business Conduct and Ethics

The Company has adopted a written Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. The Code is available on the Company's website at [www.culpinc.com](http://www.culpinc.com) under the "Investor Relations/Governance" section and is available in print to any shareholder who requests it. The Company will disclose on its website or by the filing of a Form 8-K any substantive amendments to the Code with regard to executive officers and any waivers granted under the Code for executive officers or directors.

9

### Communications with Directors

The Company and the Company's Board of Directors believe it is important that a direct and open line of communication exist between the Company's Board of Directors and its shareholders and other interested parties. Any shareholder or other interested party who desires to contact the Company's directors may send a letter to the following address:

Culp, Inc. Board of Directors  
c/o Corporate Secretary  
P.O. Box 2686  
High Point, North Carolina 27261-2686

Communications to directors will be handled by the office of the Corporate Secretary and forwarded as soon as practicable to the lead director designated by the non-management directors.

The Company also has a separate policy that allows shareholders, employees or other interested parties to communicate with the Chairman of the Audit Committee of the Board of Directors to report complaints or concerns regarding accounting, internal accounting controls, or audit matters. More details about this policy are available on the Company's internet website at [www.culpinc.com](http://www.culpinc.com), in the "Investor Relations/Governance" section under the heading "Complaint Procedures for Accounting, Internal Accounting Controls, or Auditing Matters."

### Director Nomination Process

The Corporate Governance and Nominating Committee is responsible for selecting persons to be recommended to the Board to fill vacancies on the Board, as well as persons to be recommended to the Board to be submitted to the

## Edgar Filing: CULP INC - Form DEF 14A

shareholders as nominees for election as directors of the Company. The charter of the Corporate Governance and Nominating Committee sets forth the specific responsibilities and duties of that committee, and a copy of the charter may be found on the Company's internet website at [www.culpinc.com](http://www.culpinc.com), in the "Investor Relations/Governance" section. Among other things, the charter requires that the Corporate Governance and Nominating Committee consist of not less than three directors, each of whom is independent as determined by the Board of Directors and as defined by New York Stock Exchange rules. All of the current members of the Corporate Governance and Nominating Committee are independent directors.

The goal of the Corporate Governance and Nominating Committee is to create a Board that will demonstrate competence, objectivity, and the highest degree of integrity on an individual and collective basis. In evaluating current members and new candidates, the Corporate Governance and Nominating Committee considers the needs of the Board of Directors in light of the current mix of director skills and attributes. In accordance with the Corporate Governance Guidelines adopted by the Board, the Corporate Governance and Nominating Committee will seek a diversity of skills and backgrounds among directors in assessing candidates for membership on the Board. The Corporate Governance and Nominating Committee will seek candidates who possess honesty and integrity, sound business judgment, financial literacy, strategic and analytical insight, and the ability to commit an adequate amount of time to make a productive contribution to the Board and the Company. In addition, the Corporate Governance and Nominating Committee will seek to assure that one or more Board members possess each of the following characteristics: knowledge and experience in the Company's industry, management experience, international business knowledge, expertise in accounting or financial analysis, and regulatory compliance expertise. When the Corporate Governance and Nominating Committee is considering current Board members for nomination for reelection, the committee also considers prior Board contributions and performance, as well as attendance records for Board and committee meetings.

The Corporate Governance and Nominating Committee may seek input from other members of the Board and management in identifying and attracting director candidates who meet the criteria outlined above. In addition, the committee may use the services of consultants or a search firm, although it has not done so in the past. Recommendations from shareholders for nominees to the Board of Directors will be considered by the Corporate Governance and Nominating Committee if made in writing addressed to any member of the committee at the Company's main office. In order to be considered, such recommendations must be received at least 120 days prior to the date of the meeting at which directors are to be elected. Submissions should include information regarding a candidate's background, qualifications, experience, and willingness to serve as

10

a director. Based on a preliminary assessment of a candidate's qualifications, the Corporate Governance and Nominating Committee may conduct interviews with the candidate and request additional information from the candidate. The committee uses the same process for evaluating all nominees, including those recommended by shareholders.

### BOARD COMMITTEES AND ATTENDANCE

There are four standing committees of the Board of Directors: Executive Committee, Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee. Each of the members of each of our Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee has no

## Edgar Filing: CULP INC - Form DEF 14A

material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent within the meaning of the director independence standards set forth in the regulations of the New York Stock Exchange and the Company's categorical standards of independence. Also, each of the members of our Audit Committee is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934.

The Executive Committee, the members of which are Messrs. Culp and Saxon, may exercise the full authority of the Board of Directors when the Board is not in session, except for certain powers related to borrowing and electing certain officers, and other powers that may not lawfully be delegated to Board committees. Under current management practices, the Executive Committee exists mainly to act in place of the Board in cases where time constraints or other considerations make it impractical to convene a meeting of the entire Board or to obtain written consents from all Board members. The Executive Committee held several informal meetings during fiscal 2005. All significant management decisions requiring action by the Board of Directors were considered and acted upon by the full Board.

The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors of the Company, and must pre-approve all services provided. The committee discusses and reviews in advance the scope and the fees of the annual audit and reviews the results thereof with the independent auditors. The auditors meet with the committee to discuss audit and financial reporting issues. The committee reviews the Company's significant accounting policies, internal accounting controls, reports from the Company's internal auditor, quarterly financial information releases, the Annual Report to shareholders, and the Annual Report on Form 10-K filed with the Securities and Exchange Commission. In addition, the committee reviews and approves all significant transactions between the Company and any related party.

Members of the Audit Committee are Messrs. McAllister (Chairman), Brunel, English, Flavin and Larson. The Board of Directors has determined that all members of the Audit Committee are financially literate as defined by the rules of the New York Stock Exchange. In addition, the Board has determined that Mr. Flavin qualifies as an "audit committee financial expert" for purposes of the rules and regulations of the Securities and Exchange Commission adopted pursuant to the Sarbanes-Oxley Act of 2002.

The Compensation Committee approves matters relating to compensation, including fringe benefits and benefit plans for management and directors of the Company, and reports to the Board of Directors from time to time as to its recommendation on compensation and policies for both management and directors. The committee also administers the Company's stock option plans. The members of this committee are Messrs. English (Chairman), Brunel, Flavin, Larson and McAllister.

The current members of the Corporate Governance and Nominating Committee are Messrs. Flavin (Chairman), Brunel, English, Larson and McAllister. The committee reviews and recommends to the Board candidates for appointment to fill vacancies on the Board as well as candidates for selection as director nominees for election by shareholders. The Corporate Governance and Nominating Committee also considers and makes recommendations to the Board on other matters relating to the size and function of the Board and its committees, to the Board's policies and procedures, and to corporate governance policies applicable to the Company.

## Edgar Filing: CULP INC - Form DEF 14A

During the fiscal year ended May 1, 2005, the Board of Directors had six meetings; the Audit Committee ten meetings; the Compensation Committee five meetings; and the Corporate Governance and Nominating Committee five meetings. Each Board member attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees on which he served.

### AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at [www.culpinc.com](http://www.culpinc.com) under the "Investor Relations/Governance" section. The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the Company's financial reports and information, systems of internal controls, and accounting, auditing and financial reporting processes. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors and must pre-approve all services provided by the independent auditors. Both the independent auditors and the Company's internal auditor report directly to and meet with the Audit Committee.

Management has the primary responsibility for financial statements and the reporting process. The Company's firm of independent auditors, which for the fiscal year 2005 was KPMG LLP, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U. S. generally accepted accounting principles, and expressing opinions on management's assessment of the effectiveness of the Company's internal control over financial reporting and the effectiveness of the Company's internal control over financial reporting. The Audit Committee has reviewed and discussed with management and KPMG the audited financial statements as of and for the year ended May 1, 2005. The Audit Committee has also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from KPMG the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. The Audit Committee also has considered whether KPMG's provision of non-audit services to the Company is compatible with the concept of auditor independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended May 1, 2005 for filing with the Securities and Exchange Commission.

The foregoing report has been furnished by members of the Audit Committee.

### PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors recommends that the shareholders ratify the Audit Committee's appointment of KPMG LLP to serve as the independent auditors for the Company for the fiscal year ending April 30, 2006. The firm is a registered public accounting firm. KPMG LLP served as the independent auditors for the Company for the last fifteen fiscal years. Representatives of the firm are expected to attend the Annual Meeting and will have the opportunity to make any

Edgar Filing: CULP INC - Form DEF 14A

statements they consider appropriate and to respond to shareholders' questions. If the appointment of KPMG is not ratified by the shareholders, the Audit Committee of the Board of Directors will consider whether to replace KPMG or retain the firm for the current year as the Company's auditors. The proposal to ratify the appointment will be approved upon the vote of a majority of the votes cast on the proposal.

The Audit Committee's policy is to pre-approve all audit fees and terms and all non-audit services provided by the independent auditors. Under the policy, and in accordance with the Sarbanes-Oxley Act of 2002, any member of the Audit Committee who is an independent member of the Board of Directors may approve proposed non-audit services that arise between committee meetings, provided that the decision to pre-approve the service is presented at the next scheduled committee meeting. The Audit Committee did not fail to pre-approve any of the services provided by KPMG LLP during 2005.

Severance Protection Plan. In fiscal 2002, the Company amended its Severance Protection Plan, which covers certain officers ("Executives") of the Company, including Mr. Culp, III, Mr. Saxon and Mr. Ludwig. Pursuant to the Severance Protection Plan, the Company and covered Executives have entered into written agreements that are effective upon a change in control (as defined in such agreements) of the Company. The agreements provide that upon a change in control, the Executive is entitled to payment in the amount of 1.99 times the Executive's total compensation in effect at the time of termination of employment if any of the following events occurs: (i) the Executive is terminated in anticipation of the change in control, (ii) the Executive is terminated within three years after the change in control for any reason other than death, disability or for cause, (iii) the Executive terminates his employment during such three-year period because of an adverse change in the Executive's conditions of employment by the Company, or (iv) the Executive terminates his employment during the 30-day period beginning six months after

## Edgar Filing: CULP INC - Form DEF 14A

the change in control for any reason other than death or disability. In addition, the agreements provide for payment of one year's total compensation to each covered Executive in exchange for noncompetition covenants by the Executive that do not become effective except upon termination of the Executive's employment following a change in control. The plan does not prevent the Company from terminating the Executive for cause at any time. The purpose of the Severance Protection Plan is to ensure the Company continuity of management and the Executive continuity of employment in the event of any actual or threatened change in control of the Company. The plan is not intended to alter materially the compensation and benefits a covered Executive could reasonably expect in the absence of such a change in control. As of May 1, 2005, the Company's potential obligation pursuant to the Severance Protection Plan was \$2,698,849, which is the amount that would be expended by the Company under the plan if all of the designated executives were terminated or otherwise entitled to benefits after a change in control of the Company.

### COMPENSATION OF DIRECTORS

Directors who are also employees of the Company do not receive additional compensation for service as directors. Non-employee directors have historically received \$15,000 per year for participation as a member of the Board of Directors; \$5,000, \$3,000, and \$2,000 per year for serving on the Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee, respectively; and an annual stock option grant of 1,875 shares. In fiscal 2004 the Board approved compensation of \$15,000 per year for serving as lead director for the Company.

16

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee, all of whom are non-employee directors and independent directors, are H. Bruce English, Chairman, Jean L.P. Brunel, Patrick B. Flavin, Kenneth R. Larson and Kenneth W. McAllister. No member of the Compensation Committee serves on the compensation committee of another corporation that has a business relationship with the Company.

### COMPENSATION COMMITTEE REPORT

The following is a report of the Compensation Committee on compensation of executive officers for the fiscal year ended May 1, 2005.

The Compensation Committee has traditionally based compensation for the Company's executive officers on three primary factors: (1) compensation paid to executive officers at comparable firms in the Company's industry, (2) the individual executive's performance and contribution to the Company, and (3) the financial performance of the Company. In general, the committee has set base salaries for executives relying most heavily on the first two factors mentioned above, and has linked executive compensation to the third factor, the Company's financial performance, through incentive cash bonuses that are based on the annual financial results of the Company and periodic grants of stock options to executive officers. These basic policies were continued during fiscal 2005.

Under the Company's Management Incentive Plan, certain executives and key associates (including those in the Summary Compensation Table) are selected by the Compensation Committee (based on management recommendations) to receive annual cash bonuses based on the Company's financial results. The Compensation Committee (based on the recommendations of management) sets performance targets

## Edgar Filing: CULP INC - Form DEF 14A

for the Company in terms of financial measurements judged by the committee to be relevant indicators of management and corporate performance. For fiscal 2005, these financial measurements were earnings per share, free cash flow and return on capital, measured at the corporate level, and operating income, free cash flow and return on capital, measured at the divisional level. Cash bonuses are then awarded to the executives participating in the plan pursuant to a formula that pays a percentage of the maximum bonus award established by the committee for each participating executive based upon the percentages of the performance targets the Company achieves in a fiscal year. The cash bonuses shown in the Summary Compensation Table were paid under this plan. No bonuses were paid during fiscal 2005.

The committee maintains a policy of providing incentives for executives to promote the creation of shareholder value, so that executive officers' long-term interests will be aligned with those of the Company's shareholders. To that end, the committee periodically approves the grant of stock options to executive officers under the Company's stock option plans. The Compensation Committee believes that the Company's option plans have been successful in helping the Company attract and retain skilled management to focus on efforts to increase the Company's earnings and returns for its shareholders.

Periodic grants of incentive stock options are made to the executive officers and selected other employees under the Company's 2002 Stock Option Plan, which was adopted by the Company and approved by the Company's shareholders in 2002. These options are granted at exercise prices equal to or greater than the fair market value of the underlying shares at the time the option is granted, which is defined in the 2002 Stock Option Plan as the average closing price for such stock for the ten business days prior to the date of the grant.

In addition to the 2002 Stock Option Plan, the Company adopted two Performance-Based Option Plans under which options were granted to senior management with exercise prices significantly below fair market value of the underlying shares, but these options do not become exercisable unless the Company achieves certain growth rates in its earnings or until approximately nine years after grant. The purpose of these plans is to provide incentive to senior management to maximize the Company's earnings potential and to make a significant portion of executive compensation contingent on meeting earnings targets. In 1994, the Company adopted (and the shareholders subsequently approved) the 1994 Performance-Based Option Plan, which provided for the one-time grant to executives of options that could become exercisable after the announcement of earnings for fiscal 1997 only if the Company met a targeted compound growth rate of 13% over that three-year period (otherwise these options would not become exercisable until January 1, 2003). The Company's reported earnings for fiscal 1997 were at a level that allowed the options to become

exercisable in May of 1997, and represented a compound growth rate of 20% for the three years ended April 27, 1997. In 1997, the Company adopted (and the shareholders approved) the 1997 Performance-Based Option Plan. This plan is similar in concept to the 1994 Performance-Based Option Plan, in that it provided for the one-time grant to executives of options that could have become exercisable if the Company's earnings reached a specific target by the end of fiscal 1999. Otherwise, the options do not become exercisable until January 1, 2006. The earnings target under the 1997 Performance-Based Option Plan was not met, and thus the options under this plan will not become exercisable until January 1, 2006.

## Edgar Filing: CULP INC - Form DEF 14A

The Compensation Committee approved grants of stock options to certain officers and employees under the 2002 Stock Option Plan during fiscal 2005 to increase the opportunity of these employees to participate in the growth of the Company and the value of its stock. The specific levels of options granted generally reflected the level of responsibility of the employees and officers receiving the option awards and the committee's judgment about the direct link between the employee's performance and the Company's financial results.

A supplemental deferred compensation plan was reinstated in fiscal 2002 for two of the Company's executive officers. The plan provides for additional deferred compensation payments for the benefit of the specified executive officers in the amount of fifteen percent of such officers' base salary at the beginning of the fiscal year. This plan was adopted by the committee in lieu of providing split-dollar life insurance plans such as those provided for the chief executive officer and the former vice chairman of the Board, as described below.

The compensation for the chief executive officer is determined under the same policies and practices used for all of the Company's executive officers, as discussed above. In addition, the Company has provided a split-dollar life insurance plan for the chief executive officer for many years; this program has been continued in fiscal 2005 and includes a split-dollar life insurance plan and long-term care policy for the former vice chairman of the Board. The committee believes this type of plan provides a cost-effective means of providing this benefit.

In March 2005 the Committee approved a special service award to Mr. Howard Dunn, former president and chief operating officer of the Company and former vice chairman of the Board, including a payment to Mr. Dunn of \$175,000. Mr. Dunn retired from the Company effective December 31, 2004, but remained as a member of the Board of Directors. In approving the payment, the Compensation Committee noted Mr. Dunn's longtime service of more than 30 years to the Company and his role as one of the Company's founders, and also considered the fact that legal and regulatory restrictions made it difficult or burdensome for Mr. Dunn to realize the inherent value in certain options to purchase the Company's securities that had been previously granted to Mr. Dunn. The payment was not made pursuant to any plan or pre-existing arrangement with Mr. Dunn and was not conditioned upon any future services or actions by Mr. Dunn.

The foregoing report has been furnished by the members of the Compensation Committee.

### CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Lease Transactions. During fiscal 2005, the Company leased two industrial facilities from partnerships owned by certain of the Company's executive officers, directors, principal shareholders and members of their immediate families. Principals of these related entities include Robert G. Culp, III, Harry R. Culp (brother of Robert G. Culp, III), and Judith C. Walker (sister of Robert G. Culp, III). These facilities contain a total of 305,000 square feet of floor space. The initial terms of the leases described above range from five to seven years, with one or more five-year renewal options. Base rent per year for the leased facilities ranges from \$1.98 to \$2.32 per square foot. The leases typically prohibit assignment or subletting without the lessor's consent, but such consent may not be unreasonably withheld. The lessor is generally responsible for maintenance only of roof and structural portions of the leased facilities. The industrial facilities are leased on a "triple net" basis, with the Company responsible for payment of all property taxes, insurance premiums and maintenance, other than structural maintenance. The Company believes that at the time the leases and any lease renewals were executed, the terms of all such leases were no less favorable to the Company than could have been obtained in arms-length transactions with unaffiliated persons. The Company received independent appraisals to this effect with respect to the industrial facility leases. All related party leases and amendments thereto are approved by the Audit Committee and are reviewed annually by the Audit Committee. The total amount of rent paid by the Company under all related party leases during fiscal 2005 was approximately \$622,000.

Certain Business Relationships. The Company had sales of approximately \$42.3 million, which constituted 14.8% of the Company's net sales, to La-Z-Boy Incorporated in fiscal 2005. Patrick H. Norton, a director of the Company, serves as chairman of the board of La-Z-Boy Incorporated.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's

Edgar Filing: CULP INC - Form DEF 14A

directors, its executive officers, any persons who hold more than ten percent of the Company's common stock and certain trusts (collectively, "insiders") to report their holdings of and transactions in the Company's common stock to the Securities and Exchange Commission (the "SEC"). Specific due dates for these reports have been established, and the Company is required to disclose in this proxy statement any late filings and any failures to file that have occurred since May 2, 2004. Insiders must file three types of ownership reports with the SEC: initial ownership reports, change-in-ownership reports and year-end reports. Under the SEC's rules, insiders must furnish the Company with copies of all Section 16(a) reports that they file. Based solely on a review of copies of these reports and on written representations the Company has received, the Company believes that since May 2, 2004, its insiders have complied with all applicable Section 16(a) reporting requirements.
