Independent Auditor's Report

To the Board of Directors and Shareholders of Berkshire Income Realty, Inc.:

We have audited the accompanying Combined Statement of Revenue and Certain Expenses (the "Statement") of EON at Lindbergh, Atlanta, Georgia and Pavilion Townplace, Dallas, Texas (the "Properties") for the year ended December 31, 2013.

Management's Responsibility for the Combined Statement of Revenue and Certain Expenses

Management is responsible for the preparation and fair presentation of the Statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Statement. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Properties' preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Properties' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Statement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Statement referred to above presents fairly, in all material respects, the revenue and certain expenses of the Properties for the year ended December 31, 2013 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

We draw attention to Note 1 of the Statement, which describes that the accompanying Statement of the Properties was prepared for the purpose of complying with the rules of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of Berkshire Income Realty, Inc.) and is not intended to be a complete presentation of the Properties' revenue and expenses. Our opinion is not modified with respect to this matter.

EON AT LINDGERGH AND PAVILION TOWNPLACE

NOTES TO COMBINED STATEMENT OF REVENUE AND CERTAIN EXPENSES

1. Operations, Basis of Presentation and Summary of Significant Accounting Policies

Operations

The accompanying Combined Statement of Revenue and Certain Expenses (the "Statement") includes the operations (see "Basis of Presentation" below) of EON at Lindbergh ("EON") and Pavilion Townplace ("Pavilion"), multifamily apartment properties owned and managed by a third party not related to Berkshire Income Realty, Inc. (the "Company").

On March 20, 2014, Berkshire Income Realty-OP, L.P. ("BIR-OP"), the operating subsidiary of the Company, through newly formed and wholly owned subsidiaries, BIR Eon, L.L.C. and BIR Pavilion, L.L.C., consummated the acquisitions of 100% of the fee simple interests of EON, a 352-unit multifamily apartment community located in Atlanta, Georgia, from JLB EON LLC, an unaffiliated third party, and Pavilion, a 236-unit multifamily apartment community located in Dallas, Texas, from CHHC Pavilion, L.P., an unaffiliated third party.

EON and Pavilion were purchased from the sellers which were under the same ownership and management for the periods presented. As such, the required Statement is being presented on a combined basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

EON and Pavilion are operating multifamily apartment properties. The revenue and expenses presented in the Statement reflect the activity of EON and Pavilion for the year ended December 31, 2013.

Basis of Presentation

The accompanying Statement has been prepared for the purpose of complying with the Securities and Exchange Commission, Regulation S-X Rule 3-14, and accordingly certain expenses, which may not be comparable to the expenses to be incurred by the Company in future operations of EON and Pavilion, have been excluded. Expenses excluded relate to EON and Pavilion's management fees, interest, depreciation and amortization expenses. The Company is not aware of any other material factors relating to EON and Pavilion that would cause the reported financial information not to be indicative of future operating results. The accompanying Statement may not be representative of the actual operations of EON and Pavilion for the future periods.

Summary of Significant Accounting Policies

Revenue Recognition

The properties are leased with terms of generally one year or less. Rental revenue is recognized on a straight-line basis over the related lease term. Utility reimbursements from tenants for utility expenses are recognized in the period the applicable costs are incurred. Other income, which consists primarily of income from damages, laundry, cable, phone, pool, month to month tenants, relet fees and pet fees, is recognized when earned.

Expenses

Expenditures for operating, maintenance and real estate taxes are expensed as incurred. Operating expenses represent the direct expenses of operating the property and consist primarily of payroll, utilities, insurance, and other operating expenses that are expected to continue in the proposed future operations of the property.

Use of Estimates in the Preparation of the Statement

The preparation of the Statement in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. Commitments and Contingencies

The Company is party to certain legal actions arising in the ordinary course of its business, such as those relating to tenant issues. All such proceedings taken together are not expected to have a material adverse effect on the Company. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims in relation to the properties acquired will not have a material adverse effect on the Company's liquidity, financial position or results of operations.

3. Subsequent Events

Management has evaluated the events and transactions that have occurred through June 5, 2014, the date which the Statement was issued, and noted no items requiring adjustment to the statement or additional disclosure.
