REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
TO THE SHAREHOLDERS OF
B.O.S. BETTER ONLINE SOLUTIONS LTD.

We have audited the accompanying consolidated balance sheets of B.O.S Better Online Solutions Ltd. ("the Company") and subsidiaries as of December 31, 2004 and 2003, and the related consolidated statements of operations, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2004. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Odem electronic technologies 1992 Ltd ("Odem") a subsidiary, which statements reflect total assets constituting 30.6% as of December 31, 2004, and total revenues for the period from November 18, 2004 (date of acquisition of Odem) to December 31, 2004 constituting 23.5% of the related consolidated totals. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to amounts included for Odem, is based solely on the reports of the other auditors. Those auditors expressed an unqualified opinion on those statements in their report dated February 17, 2005.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

the accounting principles used and significant estimates made by management and evaluating the overall financial statement presentation. We believe that our audits and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the report of other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries at December 31, 2004 and 2003, and the consolidated results of their operations and their cash flows for each of the three years in the period ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of

ODEM ELECTRONIC TECHNOLOGIES 1992 LTD.

We have audited the consolidated balance sheets of Odem Electronic Technologies 1992 Ltd. (the "Company") and its subsidiaries as of December 31, 2003 and 2004 and the related consolidated statements of operations, changes in shareholders' equity and cash flows for each of the years ended on those dates. These financial statements are the responsibility of the Company's Board of Directors and management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in Israel and the standards of the Public Company Accounting Oversight Board (United States), including those prescribed by the Israeli Auditors (Mode of Performance) Regulations, 1973. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Company's Board of Directors and management, as well as evaluating the overall financial statement presentation. We believe that our audit provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above, present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of December 31, 2003 and 2004 and the consolidated results of operations, changes in shareholders' equity and cash flows for each of the years ended on those dates, in conformity with accounting principles generally accepted in the United States of America.

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

NOTE 1:- GENERAL

- a. B.O.S. Better Online Solutions Ltd. is an Israeli corporation (together with its subsidiaries "the Company").

The Company's wholly-owned subsidiary BOScom Ltd. ("BOScom") develops high technology connectivity solutions that provide PC emulation products for the IBM iSeries (AS/400) and cross-platform printing solutions answering a demand for central printing and output management solutions in organizations. BOScom also engages in the business of communication solutions which provide multi-path, intelligent routing voice over IP gateways.

In September 2004, the Company acquired the assets of Quasar Communication Systems Ltd. Through the acquisition the Company will expand its communication solutions which will include GSM gateways and other cellular gateways (see note 1b).

In November 2004, the Company Purchased 63.6% of Odem Electronic Technologies 1992 Ltd. ("Odem"). Odem is a solutions supplier of electronic components and systems to the technologies sector (see note 1b).

The Company's products are sold and supported through a network of distributors and value-added resellers.

B.O.S holds 22.6% interest in Surf Communication Solutions Ltd. ("Surf") which is a developer and supplier of access and network convergence software solutions to the wire line and wireless telecommunications and data communications industries.

- b. Business combinations:

In September 2004, the Company entered into an agreement with Quasar Communication Systems Ltd, to purchase the assets and liabilities of Quasar Communication Systems Ltd, for an aggregate consideration of \$ 539 by the issuance of 285,000 of the Company's ordinary shares. The assets and liabilities of Quasar Communication Systems were transferred into Quasar Telecom (2004) Ltd., a wholly owned subsidiary ("Quasar"). The results of Quasar's operations have been included in the consolidated financial statements since September 28, 2004 ("the closing date").

The acquisition will enable the Company to continue developing the communication division, while offering to the Company's clients an extended product line that will enable savings in telecommunication expenses for enterprise.

On November 18, 2004 the Company purchased 63.6% of the outstanding shares of Odem, from Odem's existing shareholders. In consideration for Odem's shares the Company (i) issued 290,532 of the Company's ordinary shares subject to "lock-up" periods of 2 to 4 years and (ii) paid an amount of \$ 1,971 in cash. In addition, Odem's selling shareholders and the Company have certain put and call options, based on performance, with respect to all of the remaining Odem shares held by such sellers, exercisable for a consideration comprised of additional cash and issuance of additional ordinary shares of the Company. The Company recorded assets and liability with respect to these options at fair value. The put option liability will be measured periodically until it expires or exercised and changes in the fair value will be charged to finance expenses.

	=====	=====

(1) The value of the Ordinary shares issued was determined based on the average market price of the Company's Ordinary shares over the period including two days before and after the terms of the transaction were agreed to and announced.

The acquisitions have been treated using the purchase method of accounting in accordance with SFAS141 "Business Combinations". The purchase price has been allocated to the assets and liabilities assumed acquired based on their estimated fair value at the date of acquisition. The excess of the purchase price over the estimated fair value of the tangible and intangible assets acquired has been recorded as goodwill.

Based upon on valuation of tangible and intangible assets acquired, the Company has allocated the total cost of the acquisitions as follows:

- (3) The Company's allocation of purchase price valued the acquired core technology using the discounted cash flows to be derived from the sales of these products to present value.
- (4) The Company's allocation of purchase price valued the acquired distribution networks by calculating the savings realized by the Company through obtaining a pre-existing distribution network.
- (5) The Company's allocation of purchase price valued the acquired customer list by calculating the benefit from the protection against the loss in revenues and related cash flow as a direct result of the customer relationship.
- (6) The put and call options were valued by using the Black & Scholes option pricing model.

The following unaudited pro forma financial information presents the Company's results of operations as if the acquisitions had occurred as of the beginning of the fiscal years 2003 and 2004, after giving effect to certain adjustments, including amortization of intangible assets. The unaudited pro forma financial information does not necessarily reflect the results of operations that would have occurred, and is not necessarily indicative of results which may be obtained in the future.

c. Discontinued operations:

On June 1, 1998, the Company acquired 100% of the share capital of Pacific Information Systems Inc. ("Pacinfo"), a U.S. corporation. Pacinfo was a reseller of computer networking products.

During the fourth quarter of 2002, the Company initiated a plan to cease operations of Pacinfo.

The results of operations including revenues, operating expenses and other income and expenses of Pacinfo for 2004, 2003 and 2002 have been reclassified in the accompanying statements of operations as discontinued operations. The Company's balance sheets at December 31, 2004 and 2003 reflect the net liabilities of Pacinfo as liabilities and assets related to discontinued operations.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements are prepared according to United States generally accepted accounting principles ("U.S. GAAP").

a. Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

statements and accompanying notes. Actual results could differ from those estimates.

b. Financial statements in U.S. dollars ("dollar"):

A substantial portion of the Company's revenues is generated in U.S. dollar ("dollars"). In addition, most of the Company's costs are incurred in dollars. Company's management believes that the dollar is the primary currency of the economic environment in which the Company operates. Thus, the functional and reporting currency of the Company is the dollar.

Accordingly, monetary accounts maintained in currencies other than the dollar are remeasured into U.S. dollars in accordance with Statement No. 52 of the Financial Accounting Standards Board ("FASB") "Foreign Currency Translation". All transactions gains and losses from the remeasurement of monetary balance sheet items are reflected in the statements of operations as financial income or expenses as appropriate.

The financial statements of certain subsidiary, whose functional currency is other than dollar, have been translated into U.S. dollars. All balance sheet accounts have been translated using the exchange rates in effect at the balance sheet date. Statement of operations amounts have been translated using the average exchange rate for the period. The resulting translation adjustments are reported as a component of shareholders' equity in accumulated other comprehensive income (loss).

c. Principles of consolidation:

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries and those of Odem (see Note 1b). Inter-company transactions and balances including profits from inter-company sales not yet realized outside the Company have been eliminated upon consolidation.

d. Cash equivalents:

Cash equivalents are short-term highly liquid investments that are readily convertible to cash originally purchased with maturities of less than three months.

e. Marketable securities:

The Company accounts for investments in debt securities in accordance with Statement of Financial Accounting Standard No.115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS No.115"). Management determines the appropriate classification of its

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

investments in debt and equity securities at the time of purchase and reevaluates such determinations at each balance sheet date. Debt securities are classified as held-to-maturity since the Company has the positive intent and ability to hold the securities to maturity and are stated at amortized cost. The amortized cost of held-to-maturity securities is adjusted for amortization of premiums and accretion of discounts to maturity. Such amortization and decline in value judged to be other than temporary and interest are included in financial income, net.

Other marketable securities consist mutual funds securities classified as "available-for-sale" securities. Available-for-sale securities are carried at fair value with unrealized gains, and are reported as a separate item under "other comprehensive loss".

f. Inventories:

Inventory write-offs are provided to cover risks arising from slow-moving items or technological obsolescence. As of December 31, 2004, inventory is presented net of \$ 300 general provision for technological obsolescence and slow moving items (see also Note 4).

Inventories are valued at the lower of cost or market value. Cost is determined as follows: Raw and packaging materials - moving average cost method.

Products in progress and finished products - on the production costs basis

g. Grants and royalty-bearing grants:

Grants and royalty-bearing grants from the Chief Scientist of the Ministry of Industry and Trade in Israel for funding certain approved research projects are recognized at the time the Company is entitled to such grants, on the basis of the related costs incurred, and are presented as a deduction of research and development costs.

h. Investment in an affiliated company:

An affiliated company is a company in which the Company is able to exercise significant influence, but that is not a consolidated subsidiary and is accounted for by the equity method, net of write-down for decrease in fair value which is not of a temporary nature.

The investment in an affiliated company represents investments in Ordinary shares and Preferred shares of that Company. The Company applies EITF 99-10, "Percentage Used to Determine the Amount of Equity Method Losses". Accordingly, losses of the affiliated company are recognized based on the ownership level of the particular security of the affiliated company held by the Company.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

The Company's investment in this company is reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable, in accordance with Accounting Principle Board Opinion No. 18 "The Equity Method of Accounting for Investments in Common Stock" ("APB No. 18"). During 2004, 2003 and 2002, based on management's analyses, no impairment losses have been identified.

i. Property plant and equipment:

Property, plant and equipment are stated at cost, net of accumulated depreciation. Depreciation is calculated by using the straight-line method over the estimated useful lives of the assets, at the following annual rates:

	%

Computers and software	20 - 33
Office furniture and equipment	6 - 15
Leasehold improvements	10
Vehicles	15
Plant	4

j. Impairment of long-lived assets:

The Company's long-lived assets are reviewed for impairment in accordance with Statement of Financial Accounting Standard No. 144 "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS No. 144") whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to the future undiscounted cash flows expected to be generated by the assets. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Impairment losses recorded amounted to \$ 110 and \$ 95 for the years ended December 31, 2003 and 2002, respectively and none in 2004.

k. Goodwill:

Goodwill represents excess of the costs over the net assets of businesses acquired. SFAS No. 142 requires goodwill to be tested for impairment at least annually or between annual tests in certain circumstances, and written down when impaired. Goodwill attributable to each of the reporting units is tested for impairment by comparing the fair value of each reporting unit with its carrying value. Fair value is determined using income and market approaches. Significant estimates used in the methodologies include estimates of future cash flows, future short-term and long-term growth rates, weighted average cost of capital and estimates of market multiples for each of the reportable units. During 2004, 2003 and 2002 no impairment losses have been identified.

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

1. Research and development costs:

Statement of Financial Accounting Standards No. 86 "Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed," ("SFAS No. 86") requires capitalization of certain software development costs subsequent to the establishment of technological feasibility. Based on the Company's product development process, technological feasibility is established upon completion of a working model. Research and development costs incurred in the process of developing product improvements or new products, are generally charged to expenses as incurred, net of participation of the Office of the Chief Scientist of the Israeli Ministry of Industry and Trade. Costs incurred by the Company between completion of the working model and the point at which the product is ready for general releases are insignificant.

m. Severance pay:

The Company's liability for severance pay for Israeli resident employees is calculated pursuant to the Israeli severance pay law based on the most recent salary of the employees multiplied by the number of years of employment as of the balance sheet date. Employees are entitled to one month's salary for each year of employment or a portion thereof. The Company's liability for its Israeli resident employees is covered by insurance policies designed solely for distributing severance pay. The value of these policies is recorded as an asset in the Company's balance sheet.

The insurance policies include profits accumulated up to the balance sheet date. The insurance policies may be withdrawn only upon complying with the Israeli severance pay law or labor agreements. The value of the deposited funds is based on the cash surrendered value of these policies and includes profits. Severance expenses for 2004, 2003 and 2002 amounted to \$ 214, \$ 178 and \$ 114, respectively.

n. Revenue recognition:

The Company sells its products primarily through distributors and resellers.

The Company derives its revenues from the sale of products, license fees for its products, commissions, maintenance, support and services.

Revenues from product sales are recognized in accordance with Staff Accounting Bulletin No. 104 "Revenue Recognition in Financial Statements" ("SAB 104") when delivery has occurred, persuasive evidence of an arrangement exists, the vendor's fee is fixed or determinable, no further obligation exists, and collectability is reasonably assured.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

U.S. DOLLARS IN THOUSANDS

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Revenue from license fees is recognized in accordance with Statement of Position ("SOP") 97-2 "Software Revenue Recognition", when persuasive evidence of an agreement exists, delivery of the product has occurred, no significant obligations with regard to implementation remain, the fee is fixed or determinable, and collectability is probable. The Company generally does not grant a right of return to its customers. When a right of return exists, the Company defers revenue until the right of return expires, at which time revenue is recognized provided that all other revenue recognition criteria have been met.

Revenues from maintenance and support are recognized ratably over the period of the maintenance contract. The fair value of the maintenance is determined based on the price charged when it sold separately or renewed.

Revenues derived from the Company's master distributor in the U.S. are recognized based on consignment method.

Revenues from commissions are recognized upon their actual receipt, since under agreements with suppliers consideration is received on the basis of collection from customers.

o. Warranty:

The Company provides a warranty between 3 to 36 months at no extra charge, whereby defective hardware covered by the warranty should be sent back to the Company. The Company estimates the costs that may be incurred under its warranty and records a liability in the amount of such costs at the time product revenue is recognized. Factors that affect the Company's warranty liability include the number of installed units, historical and anticipated rates of warranty claims, and cost per claim. The Company periodically assesses the adequacy of its recorded warranty liabilities and adjusts the amounts as necessary. As of December 31, 2004 and 2003, the Company's product warranty amounted to \$132.

p. Income taxes:

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No 109, "Accounting for Income Taxes". This Statement prescribes the use of the liability method whereby deferred tax assets and liability account balances are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company provides a valuation allowance, if necessary, to reduce deferred tax assets to their estimated realizable value.

q. Concentrations of credit risk:

Financial instruments that potentially subject the Company to

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

concentrations of credit risk consist principally of cash and cash equivalents, trade receivables, other accounts receivable and marketable securities.

Cash and cash equivalents are invested mainly in U.S. dollars in deposits with major banks in Israel. Management believes that the financial institutions that hold the investments of the Company are financially sound and, accordingly, minimal credit risk exists with respect to these investments.

The trade receivables of the Company are derived from sales to customers located primarily in the United States, Europe and Israel. The Company generally does not require collateral; however, in certain circumstances, the Company may require letters of credit, other collateral, additional guarantees or advanced payments.. An allowance for doubtful accounts is determined with respect to specific debts that are doubtful of collection.

Investments in marketable securities are conducted through a bank in Israel, and include investments in corporate and governmental debentures. Management believes that the financial institutions that hold the Company's investments are financially sound, the portfolio is well diversified and accordingly, minimal credit risk exists with respect to these investments.

The Company has no off-balance-sheet concentrations of credit risk such as foreign exchange contracts, option contracts or other foreign hedging arrangements.

r. Basic and diluted net loss per share:

Basic net loss per share is calculated based on the weighted average number of Ordinary shares outstanding during each year. Diluted net loss per share is calculated based on the weighted average number of Ordinary shares outstanding during each year, plus dilutive potential Ordinary shares considered outstanding during the year, in accordance with SFAS No. 128, "Earnings Per Share".

The total weighted average number of shares related to the outstanding options and warrants excluded from the calculations of diluted net loss per share, since they would have an anti-dilutive effect, were 855,783, 505,178 and 288,804 for the years ended December 31, 2004, 2003 and 2002, respectively.

s. Accounting for stock-based compensation:

The Company has elected to follow Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB-25"), and Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation" ("FIN 44"), in accounting for its employee stock option plan. Under APB-25, when the exercise price of the Company's

NOTE 2:- SIGNIFICANT ACCOUNTING POLICIES (CONT.)

The Company applies SFAS No. 123 "Accounting for stock Based Compensation" ("SFAS No. 123") and EITF 96-18, "Accounting for Equity Instruments that are Issued to Other than Employees for Acquiring, or in Conjunction With, Selling, Goods or Services", with respect to warrants issued to non-employees. SFAS No. 123 requires the use of option valuation models to measure the fair value of the warrants at the date of grant.

t. Fair value of financial instruments:

The following methods and assumptions were used by the Company in estimating their fair value disclosures for financial instruments:

The carrying amounts of cash and cash equivalents, trade receivables, other accounts receivable and trade payables approximate their fair value due to the short-term maturities of such instruments. The fair value for marketable securities is based on quoted market prices.

u. Impact of recently issued accounting standards:

In November 2004, the FASB issued Statement of Financial Accounting Standard No. 151, "Inventory Costs, an amendment of ARB No. 43, Chapter 4." ("SAFS 151"). SFAS 151 amends Accounting Research Bulletin ("ARB") No. 43, Chapter 4, to clarify that abnormal amounts of idle facility expense, freight handling costs and wasted materials (spoilage) should be recognized as current-period charges. In addition, SFAS 151 requires that allocation of fixed production overheads to the costs of conversion be based on normal capacity of the production facilities. SAFS 151 is effective for inventory costs incurred during fiscal years beginning after June 15, 2005. The Company does not expect that the adoption of SFAS 151 will have a

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

material effect on its financial position or results of operations.

On December 16, 2004, the Financial Accounting Standards Board (FASB) issued Statement No. 123 (revised 2004), Share-Based Payment ("Statement 123R"), which is a revision of FASB Statement No. 123, Accounting for Stock-Based Compensation ("Statement 123"). Generally, the approach in Statement 123(R) is similar to the approach described in Statement 123. However, Statements 123 permitted, but not required, share-based payments to employees to be recognized based on their fair values while Statement 123(R) requires all share-based payments to employees to be recognized based on their fair values. Statement 123R also revises, clarifies and expands guidance in several areas, including measuring fair value, classifying an award as equity or as a liability and attributing compensation cost to reporting periods. The new standard will be effective for the Company in the first interim period beginning after June 15, 2005 (change if applicable otherwise). The adoption of Statement 123R will have a significant effect on the Company's results of operations

r. Reclassification:

Certain amounts from prior years have been reclassified to conform to the current year presentation. As a result of the decision of the Board of Directors to cease the operations of Pacinfo, the financial statements of the Company classify the assets, liabilities and operations of Pacinfo as discontinued operations.

NOTE 6:- INVESTMENT IN AN AFFILIATED COMPANY

Investment in Surf:

In November 2001, the Company invested \$ 1,000 aspart of a private placement in Surf Communication System Ltd. ("Surf"). At the same time, the Company converted its convertible loan in the amount of \$ 1,042 (principal and accrued interest) into Preferred shares in Surf at an exercise price equal to Surf's fair value as determined in the investment agreement. As a result of this private placement, the Company's holding in Surf was diluted to 17%. Accordingly, the investment was accounted based on the cost accounting method.

In March 2003, the Company engaged with Catalyst Investors L.P. ("Catalyst"), in order to purchase additional 191,548 series C Preferred shares of Surf. In consideration, the Company issued to Catalyst 633,102 Ordinary shares, at a purchase price of \$ 2.77, aggregating to \$ 1,755 and incurred transaction cost of \$ 155. The value of the Ordinary shares issued was determined based on the average market price of the Company's ordinary shares over the period including two days before and after the terms of the transaction were agreed to and announced. Catalyst also granted the Company, at no additional consideration, an option to purchase on or prior to January 31, 2006, any shares of Surf then held by Catalyst at an exercise price of \$ 9.1632 plus interest of 4.75% and until such purchase shall be granted voting rights in Surf shares. In the event that Catalyst will sell its remaining shares in Surf prior to January 1, 2006, the Company will be entitled to the gain that will be realized in such sale.

As a result of this investment, the Company has the ability to exercise significant influence over Surf and has become qualified for the use of the equity method since the Company's holding in Surf exceeded 20%. According to APB 18 when an investment qualifies for use of the equity method, the investor should adopt the equity method of accounting by adjusting retroactively the investment, results of operations (current and prior periods presented), and retained earnings, in a manner consistent with the accounting for a step-by-step acquisition of a subsidiary.

NOTE 13:- LONG-TERM CONVERTIBLE NOTE

On June 10, 2004, the Company entered into a Securities Purchase Agreement ("the Purchase Agreement"), with Laurus Master Fund Ltd. ("the Investor"), under which the Company issued to the Investor in a private placement (i) a Secured Convertible Term Note of a \$ 2,000 principal amount, due June 10, 2007 ("the Note"). According to the agreement, several fees in the amount of \$ 115 were paid to the Investor. These fees are presented as discount of the principal convertible loan. The Note is convertible into Ordinary shares at a price of \$ 3.08 per share. The principal amount of the Note is repayable in monthly installments, commencing as of September, 2004, in the initial amount of \$ 20 eventually increasing to \$ 74. The Note bears prime

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

interest rate plus 3% which subject to reduction in certain conditions(ii) a warrant to purchase 130,000 Ordinary shares at an exercise price of \$ 4.04 per share ("the Warrant"). The Warrant is exercisable, in whole or in part, until June 10, 2011. Any delay in registration and/or effectiveness of the underlying shares of the transaction, or failure to maintain their effectiveness, will result in penalties to be paid in cash, as liquidated damages, equal to 2.0% for each thirty (30) day period of the original principal amount of the note.

The Note conversion price is subject to proportional adjustment in the event of stock splits, combinations, subdivisions of the Ordinary shares or if dividend is paid on the Ordinary shares in ordinary shares. In addition, if the Company issues stock in certain types of transactions at a price lower than the initial conversion price, then the conversion price will be adjusted to a lower price based on a weighted average formula.

The fair value of the warrants was calculated using the Black and Scholes Option Pricing Model with the following assumptions: a risk-free interest rate of 3.34%, a dividend yield of 0%, a volatility of the expected market price of the Company's Ordinary shares of 100% and a weighted-average contractual life of 7 year. The fair value of the warrants in the amount of \$ 99 is presented as a component in shareholders' equity. Since the effective conversion price was grater than the share price at the commitment date, no beneficial conversion feature exists.

NOTE 14:- COMMITMENTS AND CONTINGENT LIABILITIES

a. Commitments:

1. Royalty commitments:

i) Under the Company's research and development agreements with the Office of the Chief Scientist ("OCS") and pursuant to

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

applicable laws, the Company is required to pay royalties at the rate of 3.5% of sales of products developed with funds provided by the OCS, up to an amount equal to 100% of the research and development grants (dollar-linked) received from the OCS. The obligation to pay these royalties is contingent upon actual sales of the products. Royalties payable with respect to grants received under programs approved by the OCS after January 1, 1999, are subject to interest on the U.S. dollar-linked value of the total grants received at the annual rate of LIBOR applicable to U.S. dollar deposits at the time the grants are received.

As of December 31, 2004, the Company has an outstanding contingent obligation to pay royalties in the amount of approximately \$ 6,114 in respect of these grants.

- ii) The Israeli Government, through the Overseas Marketing Fund, awarded the Company grants for participation in expenses for overseas marketing. The Company is committed to pay royalties to the Fund for Encouragement of Marketing Activities at the rate of 3% of the increase in export sales, up to the amount of the grants received by the Company linked to the dollar and bearing interest of LIBOR (for a period of six months).

As of December 31, 2004, the Company has an outstanding contingent obligation to pay royalties of \$ 64 with respect to these grants.

2. Other commitments:

The facilities of the Company are rented under operating lease agreements that expire on various dates ending in 2005. Minimum future rental payments for 2005 are \$ 153.

The Company's motor vehicles are rented under various operating lease agreements. The lease agreements for the motor vehicles expire on various dates ending in 2007. The breach of contract fees amounted to \$61.

Lease payments for the facilities occupied by the Company and the Company's motor vehicles in 2004, 2003 and 2002 amounted to \$ 385, \$ 426 and \$ 383, respectively.

NOTE 14:- COMMITMENTS AND CONTINGENT LIABILITIES (CONT.)

- b. (1) In July 2002, the Company received a claim letter from car leasing vendor, under which it claims that the Company's termination notice of the leasing agreement in March 2002 constitutes a breach of the agreement and the vendor is demanding

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

compensation in which the nominal claim amount is of \$ 292. No legal proceeding has yet been filed. At this stage, according to the Company's counsel assessment, the prospects of vendor to prevail and recover a significant amount, seem remote. The financial statements do not include any provision in that regard.

- (2) In September 2003, a supplier filed a legal claim in the amount of \$107 against the Company. The claim alleges the breach of an agreement for the purchase of products. The Company's legal counsel is unable to reasonably estimate the outcome of this claim. In addition, the Company's management believes that the chances of the claim are remote. Accordingly, no provision has been included in the financial statements in respect of this claim.
- (3) In 1998, as part of Pacinfo Share Purchase Agreement between the Company and Mr. Lee and Ms. Lee ("the Sellers"), certain actions involving PacInfo, if occurring before the end of 2003, may trigger a tax event for the Sellers. The Company may be obligated under the purchase agreement to grant the Sellers a loan on a full recourse basis for certain tax payments the Sellers may be liable for, currently estimated at approximately \$ 2 million. The Company will receive a security interest in shares of the Company that the Sellers holds at the time of the loan with a fair market value as of the date of the loan of at least 125% of the amount of the loan as security for the repayment of the loan. In addition, in the event the Company is required to lend such sum to the Sellers, the Company may also be required to reimburse the Sellers for certain interest on taxes that he may owe. It is possible that the windup of PacInfo during 2002 and 2003 may have triggered such a tax event for the Sellers, which would result in an obligation by the Company to lend the Sellers such amount and to reimburse him for interest expenses incidental to the tax event. Based on the Company's legal consul opinion and management estimation, no provision was recoded.

NOTE 15:- SHAREHOLDERS' EQUITY

- a. On May 29, 2003, the Company effected a one-to-four reverse split. All shares, options and earnings per share amounts have been retroactively adjusted for all periods presented to reflect the stock splits.
- b. In December 2003, the Company completed a private placement for the Company's Ordinary shares with two European private investors. The Company issued to the investors 357,143 shares at a purchase price of \$ 2.80, for consideration of \$ 928 (net of \$ 72 issuance expenses).

- c. Stock option plans:

During 1994, 1995, 1999, 2000, 2001, the Board of Directors of the Company adopted stock option plans ("the Plans") pursuant to which

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

656,250 options for the purchase of the Company's Ordinary shares may be granted to officers, directors, consultants and employees of the Company. The Board of Directors has resolved that no further grants shall be made from the above mentioned plans. In May 2003, the Company's shareholders approved the adoption of the 2003 Stock Option Plan, pursuant to which 625,000 Ordinary shares are reserved for purchase by employees, directors, consultants and service providers of the Company. As of December 31, 2004, an aggregate 141,721 of these options are still available for future grant. Each option granted under the Plans expires between 5-10 years from the date of the grant. The options vest gradually over a period ranging between two to three years. Options, that are cancelled or forfeited, become available for future grants.

On November 18, 2004, upon acquisition of Odem, the Company granted 73,000 options to one of Odem's key employee. Each option can be exercised to purchase one ordinary share of the purchaser without consideration. The options vest over a period of three years from the grant date and expire 10 years from the date of the grant. The market price of the Company's shares on the date of grant was \$ 2.5. Accordingly, The Company recorded a compensation expense of \$ 5. This expense was included as part of general and administrative expenses.

Except for these options, all other options are granted to employees in 2004, 2003 and 2002, have an exercise price equal to the fair market value of Ordinary shares at the date of grant. The weighted average fair values of the options granted during 2004, 2003 and 2002 were \$ 2.58, \$ 3.91 and \$ 3.2, respectively.

The following is a summary of the Company's stock options granted to officers, directors, and employees among the various plans:

NOTE 16:- TAXES ON INCOME

a. Reduction in corporate tax rate:

On June 2004, the Israeli Parliament approved an amendment to the Income Tax Ordinance (No. 140 and Temporary Provision) (the "Amendment"), which progressively reduces the regular corporate tax rate from 36% to 35% in 2004, 34% in 2005, 32% in 2006 and to a rate of 30% in 2007 and thereafter. The amendment was signed and published in July 2004 and is, therefore, considered enacted in July 2004.

b. Tax benefits under the Law for the Encouragement of Capital Investments, 1959:

The Company's production facilities have been granted an "Approved Enterprise" status under the above Law under four separate investment programs. According to the Capital Investments Law, the Company has elected to receive for the first program state-guaranteed loans and grants, for the second and third programs, the Company has elected to receive only state-guaranteed loans. As for the fourth program, the Company has elected the "alternative benefits" and has waived Government grants in return for a tax exemption.

The Company is also a "Foreign Investors' Company", as defined by the abovementioned law, and as such, is entitled to a 10-year period of benefits and to an additional reduction in tax rates, up to 10% or 25% (based on the percentage of foreign ownership in each taxable year).

Income from the second, third, fourth programs, which commenced operations in 1992, 1994, 1997, respectively, are exempt from income tax for a period of ten years commencing with the first year in which they generate taxable income. During 2002, as part of the transfer of operations from the Company to BOScom, all tax benefits that were related to the Approved Enterprise of the Company were transferred to BOScom. In addition, since 2002, the Company's investments are not subject to the Approved Enterprise program. Accordingly, taxable

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

income generated in that period will be split by the assets ratio into a taxable income that is entitled to the benefits of the approved enterprise and into an income that will be taxed at the corporate tax rate as described in article a above.

BOScom also has a production facility, which was granted an "Approved Enterprise" status and had a separate investment program. BOScom elected to receive the "alternative benefits". Income derived from BOScom's investment program, which commenced operations in 1997 and 2002, is exempt from income tax for a period of ten years commencing with the first year in which taxable income is generated.

The period of tax benefits detailed above is subject to limits of the earlier of 12 years from commencement of production, or 14 years from receiving the approval. Accordingly, the period of benefits relating to all investment programs expire in the years 2001 through 2014.

NOTE 16:- TAXES ON INCOME (CONT.)

The entitlement to the above benefits is conditional upon the Company's and BOScom's fulfilling the conditions stipulated by the above law, regulations published thereunder and the instruments of approval for the specific investments in "Approved Enterprises". In the event of failure to comply with these conditions, the benefits may be canceled and the Company and BOScom may be required to refund the amount of the benefits, in whole or in part, including interest.

The tax-exempt income attributable to the "Approved Enterprise" can be distributed to shareholders without imposing tax liability on the Company only upon the complete liquidation of the Company. In the event of a distribution of such tax-exempt income as a cash dividend in a manner other than in the complete liquidation of the Company and BOScom, the Company and BOScom will be required to pay tax at the rate of 10% to 25% on the amount distributed. In addition, these dividends will be subject to 15% withholding tax.

The Company's Board of Directors has determined that such tax-exempt income will not be distributed as dividends. Accordingly, no deferred taxes have been provided on income attributable to the Company "Approved Enterprise".

If the Company and BOScom derive income from sources other than an "Approved Enterprise", such income will be taxable at the regular corporate tax rate as described in article a above.

Odem operation is subject to regular income tax rate.

c. Loss carryforward:

Domestic (Israel):

The Company and its Israeli subsidiary have accumulated losses for Israel income tax purposes as of December 31, 2004, in the amount of

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

approximately \$ 24,000. These losses may be carryforward (linked to the Israeli Consumer Price Index ("CPI")) and offset against taxable income in the future for an indefinite period.

Foreign:

As of December 31, 2004, the U.S. subsidiaries which were classified as discontinued operations had U.S. Federal and State net operating loss carryforward of approximately \$ 11,300, that can be carried forward and offset against taxable income and expire through 2021. Utilization of U.S. net operating losses may be subject to substantial annual limitations due to the "change in ownership" provisions of the Internal Revenue Code of 1986 and similar state law provisions. The annual limitations may result in the expiration of net operating losses before utilization.

As of December 31, 2004, B.O.S. U.K. had net operating loss carryforward of approximately \$ 3,900, which can be carried forward indefinitely and offset against taxable income.

- d. Taxable income under the Inflationary Income Tax (Inflationary Adjustments) Law, 1985:

Results of the Company and its Israeli subsidiary for tax purposes are measured and reflected in real terms in accordance with the changes in the Israeli CPI. As explained in Note 2b, the financial statements are presented in U.S. dollars. The difference between the change in the Israeli CPI and in the NIS/U.S. dollar exchange rate causes a difference between taxable income or loss and the income or loss before taxes reflected in the financial statements. In accordance with SFAS 109, the Company has not provided deferred income taxes on this difference between the reporting currency and the tax bases of assets and liabilities.

- e. Deferred income taxes:

Deferred income taxes reflect the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of the Company's deferred tax liabilities and assets are as follows:

NOTE 18:- SEGMENTS AND GEOGRAPHICAL INFORMATION

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

Commencing in 2004 and subsequent to the acquisition of Odem and Quasar, the Company manages its business on three reportable segments, which consists of connectivity solutions, communication solution and supply of electronic components.

The Company's management makes financial decisions and allocates resources, based on the information it receives from its internal management system. The Company allocates resources and assesses performance for each operating segment using information about revenues, gross profit and operating income (loss) before interest and taxes.

Segment information for prior years was not presented on the new basis of segmentation since it is impracticable to do so.

a. M&A Addendum to the Services Agreement of Cukierman & Co.

In 2003, the Company's audit committee and Board of Directors approved the engagement of Cukierman & Co. Investment House Ltd., to provide non-exclusive investment-banking services and business development services to the Company, effective April 15, 2003. Cukierman & Co. is a company indirectly controlled by Mr. Edouard Cukierman, who, since June 26, 2003, serves as Chairman of the Company's Board of Directors, and is a co-manager of the Catalyst Fund, the Company's largest shareholder. For its services, Cukierman & Co. is paid a monthly sum of \$10,000 plus VAT, in addition to a success fee of 4-6% for a consummated private placement. According to its terms the Company may terminate the agreement at any time, by giving one month prior written notice. The agreement provided that the success fees for securing M&A transactions shall be discussed and drafted as an Addendum to the Services Agreement. Such an Addendum was approved on August 22, 2004, and provides a success fee of 3.5% of the proceeds exchanged in such a transaction.

The payments the Company paid according to the service agreement are:

B.O.S. BETTER ON-LINE SOLUTIONS LTD. ANNOUNCES FINANCIAL RESULTS FOR THE FORTH QUARTER AND YEAR END 2004

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

TERADYON, ISRAEL - March 30, 2005 - B.O.S. Better On-line Solutions Ltd. (the "Company" or "BOS") (NASDAQ: BOSC, TASE:BOSC) announced today its financial results for the fourth quarter and year ended December 31, 2004 .

FINANCIAL RESULTS OF CONTINUING SEGMENTS

Revenues for the fourth quarter of 2004 were \$4,239 thousands, an increase of 178% compared to revenues of \$1,526 thousands for the fourth quarter of 2003.

Gross profit for the fourth quarter of 2004 was \$1,558 thousands, or 36.7% of revenues, compared to \$1,132 thousands, or 74.2% of revenues, for the fourth quarter of 2003.

Net loss for the fourth quarter of 2004 was \$620 thousands (or -\$0.13 per share), compared to net income of \$36 thousands (or \$0.01 per share) for the fourth quarter of 2003.

Revenues for the year 2004 were \$8,282 thousands, an increase of 44.5% compared to revenues of \$5,728 thousands for the year 2003.

Gross profit for the year 2004 was \$3,674 thousands, or 44.3% of revenues, compared to \$4,273 thousands, or 74.6% of revenues, for the year 2003.

Net loss for the year 2004 was \$2,044 thousands (or -\$0.44 per share), compared to net loss of \$2,057 thousands (or -\$0.56 per share) for the year 2003.

Both periods (fourth quarter and year end) include operating results from the date of acquisition of the majority of the assets of Quasar Communication Systems Ltd. on September 29, 2004 and a controlling stake of Odem Electronic Technologies 1992 Ltd on November 18, 2004.

For comparison purpose, the stand-alone operating results of BOS were as follows:

Revenues for the fourth quarter of 2004 were \$1,790 thousands, an increase of 17.3% compared to revenues of \$1,526 thousands for the fourth quarter of 2003.

Gross profit for the fourth quarter of 2004 was \$1,043 thousands, or 58.3% of revenues, compared to \$1,132 thousands, or 74.2% of revenues, for the fourth quarter of 2003. The main reason for the decrease is a change in the Company's product mix towards products with lower gross margins.

Net loss for the fourth quarter of 2004 was \$578 thousands (or -\$0.14 per share), compared to a net income of \$36 thousands (or \$0.01 per share) for the fourth quarter of 2003.

Revenues for the year 2004 were \$5,833 compared to revenues of \$5,728 thousands for the year 2003.

Gross profit for the year 2004 was \$3,159 thousands, or 54.2% of revenues, compared to \$4,273 thousands, or 74.6% of revenues, for the year 2003. The main reason for the decrease is a change in the Company's product mix towards products with lower gross margins.

Net loss for the year 2004 was \$2,002 thousands (or -\$0.48 per share), compared to net loss of \$2,057 thousands (or -\$0.56 per share) in the year 2003.

As of December 31, 2004, the Company's balance sheet shows liquid financial resources (cash, cash equivalents and marketable securities) of \$5.6 million and loans (long and short term) of \$3.2 million.

Edgar Filing: BOS BETTER ONLINE SOLUTIONS LTD - Form 6-K

The Company's consolidated financial statements are being filed with the Securities and Exchange Commission on Form 6-K.

Adiv Baruch, BOS' CEO stated:

"Year 2004 reflects the results of the implementation of our decision to grow the Company through M&As. The full effect of the Odem acquisition will be fully consolidated in year 2005 (versus one and a half months in 2004). We have begun year 2005 in a stronger position than we were in 2004."

1

Edouard Cukierman, Chairman of B.O.S. stated:

"We had to overcome many hurdles throughout the year, while bringing new management on board and implementing the M&A strategy beginning in the second half of 2004. I have confidence that with the successful acquisition of Odem and the size of the company today we will continue to grow the business and expand the company."

FINANCIAL RESULTS OF DISCONTINUED SEGMENT

The Company discloses the financial information related to its US subsidiary, Pacific Information Systems, Inc. in accordance with accounting standards for "discontinued operations".

There was no significant operation in the discontinued segment in the quarter and year ended December 31, 2004.
