("Asher") pursuant to which the Company received \$50,000 as a loan from Asher. ## 2010

During 2010, the Company issued 6,589,147 shares of restricted common stock to Tangiers Investors, LP (“Tangiers”) as a one- time commitment fee of \$85,000 in compliance with the October 7, 2009 agreement with Tangiers.

During 2010, the Company issued 10 million shares of common stock to Ruby Development Company as part of the initial consideration for the signing of an option-to-purchase agreement on the Ruby Mine. The market value of these shares as of the date the contract was executed was \$150,000.

## 2009

During 2009, the Company issued 4,000,000 shares of Series A Preferred stock, and 100,000 shares of Series G Preferred stock to our Chief Executive Officer as a bonus for services rendered. Each share of Series A Preferred has 10 votes per share and is convertible to 5 shares of common. The Series G Preferred stock has no voting rights, and each share is convertible to 1/100 of an ounce of gold, or 20 shares of common. The conversion of the Series G Preferred stock into gold can only be exercised by the holder if the company has gold inventory at the time of conversion. The conversion value of the shares was \$253,785 based on the value of the closing price of the common stock the preferred shares were convertible into on the day of issuance, plus the value of the control premium from voting rights assigned to the preferred share issuances.

During 2009, the Company issued an aggregate of 21,800,000 shares of common stock in private placements. The consideration received was \$173,000.

During 2009, the Company issued an aggregate of 10,000,000 shares of common stock to a private investor to reduce the balance due of deferred compensation to the Chief Executive Officer by \$100,000. The deferred compensation was assigned by the Chief Executive Officer to the private investor in lieu of cash, and the assigned liability was immediately converted to equity by the investor. The value of the shares issued according to the market price on the date of issuance was \$187,500. The difference between the value of the deferred compensation and the value of the shares issued was recorded as a loss on conversion.

During 2009, the Company issued an aggregate of 2,500,000 shares of common stock for services rendered. The shares were valued at \$29,750, based on the market price on the date of issuance.

During 2009, the Company secured \$5 Million in financing under an equity line of credit with Tangiers Investors, LP ("Tangiers") to fund the Company's operations and prospective mining acquisitions. North Bay has entered into a Securities Purchase Agreement with Tangiers that provides North Bay the right, but not the obligation, to draw down on the equity line of credit by selling to Tangiers shares of the Company's common stock for a total purchase price of up to \$5 Million. Tangiers will pay the Company 90% of the lowest volume weighted average price of the Company's common stock during the pricing period as quoted by Bloomberg, LP on the Over-the-Counter Bulletin Board ("OTCBB"). Tangiers' obligation to purchase shares of the Company's common stock under the Securities Purchase Agreement is subject to certain conditions, including the Company obtaining an effective registration statement for shares of the Company's common stock sold under the Securities Purchase Agreement and is limited to \$100,000 per 10 consecutive trading days after the advance notice is provided to Tangiers. Upon signing the Securities Purchase Agreement, the Company has agreed to issue Tangiers \$85,000 in restricted stock as a one-time commitment fee. This was classified as Stock Payable at December 31, 2009 and valued at \$115,310, based on the closing market price of our common stock as of October 7, 2009, the date the contract was signed. Subsequently, the Company issued 6,589,147 shares of restricted common stock on January 20, 2010 to satisfy this obligation.

In instances described above where we issued securities in reliance upon Regulation D, we relied upon Rule 504 of Regulation D of the Securities Act. Those stockholders who received the securities in such instances made representations that (a) the stockholder is acquiring the securities for his, her or its own account for investment and not for the account of any other person and not with a view to or for distribution, assignment or resale in connection with any distribution within the meaning of the Securities Act, (b) the stockholder agrees not to sell or otherwise transfer the purchased shares unless they are registered under the Securities Act and any applicable state securities laws, or an exemption or exemptions from such registration are available, (c) the stockholder has knowledge and experience in financial and business matters such that he, she or it is capable of evaluating the merits and risks of an investment in us, (d) the stockholder had access to all of our documents, records, and books pertaining to the investment and was provided the opportunity to ask questions and receive answers regarding the terms and conditions of the offering and to obtain any additional information which we possessed or were able to acquire without unreasonable effort and expense, and (e) the stockholder has no need for the liquidity in its investment in us and could afford the complete loss of such investment. Management made the determination that the investors in instances where we relied on Regulation D are accredited investors (as defined in Regulation D) based upon management's inquiry into their sophistication and net worth. In addition, there was no general solicitation or advertising for securities issued in reliance upon Regulation D.

In instances described above where we indicate that we relied upon Section 4(2) of the Securities Act in issuing securities, our reliance was based upon the following factors: (a) the issuance of the securities was an isolated private transaction by us which did not involve a public offering; (b) there were only a limited number of offerees; (c) there were no subsequent or contemporaneous public offerings of the securities by us; (d) the securities were not broken down into smaller denominations; and (e) the negotiations for the sale of the stock took place directly between the offeree and us.

Item 16. Exhibits and Financial Statement Schedules.

- (a) Exhibits. See the "Exhibit Index" following the signature pages hereto.
- (b) Financial Statement Schedules. Schedules not listed above have been omitted because the information to be set forth therein is not material, not applicable or is shown in the financial statements or notes thereto.

Item 17. Undertakings

(A) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment of the Registration Statement) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the

Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) For the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to the purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(B) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described under Item 14 above or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

SIGNATURES
