# BROWN \& BROWN, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) 

## NOTE $1 \cdot$ Nature of Operations

Brown \& Brown, Inc., a Florida corporation, and its subsidiaries (collectively, Brown \& Brown or the "Company") is a diversified insurance agency, brokerage, and services organization that markets and sells to its customers insurance products and services, primarily in the property and casualty area. Brown \& Brown's business is divided into four reportable segments: the Retail Division, which provides a broad range of insurance products and services to commercial, public entity, professional and individual customers; the National Programs Division, which is comprised of two units - Professional Programs, which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents, and Special Programs, which markets targeted products and services designated for specific industries, trade groups, governmental entities and market niches; the Brokerage Division, which markets and sells excess and surplus commercial and personal lines insurance, and reinsurance, primarily through independent agents and brokers; and the Services Division, which provides insurance-related services, including third-party administration, consulting for the workers' compensation and managed healthcare services, and Medicare set-aside services and programs.

## NOTE $2 \cdot$ Basis of Financial Reporting

The accompanying unaudited, condensed, consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("United States") for interim financial information and with the instructions for Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These unaudited, condensed, consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto set forth in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Results of operations for the three and six months ended June 30, 2006 are not necessarily indicative of the results that may be expected for the year ending December 31, 2006.

## NOTE $3 \cdot$ Net Income Per Share

Basic net income per share is computed by dividing net income available to shareholders by the weighted average number of shares outstanding for the period. Basic net income per share excludes dilution. Diluted net income per share reflects the potential dilution that could occur if stock options or other contracts to issue common stock were exercised or converted to common stock.

The following table sets forth the computation of basic net income per share and diluted net income per share:

| (in thousands, except per share data) |  | For the three months ended June 30, |  |  |  | For the six months ended June 30, |  |  |

| Diluted | \$ | 0.32 | \$ | 0.27 | \$ | 0.67 | \$ | 0.57 |

All share and per share amounts in the consolidated financial statements have been restated to give effect to the two-for-one common stock split effected by Brown \& Brown on November 28, 2005. The stock split was effected as a stock dividend.

## NOTE $4 \cdot$ New Accounting Pronouncements

Stock-Based Compensation - The Company grants stock options and non-vested stock awards (previously referred to as "restricted stock") to its employees, officers and directors. Effective January 1, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 123R, Share-Based Payment ("SFAS 123R"), for its stock-based compensation plans. Among other things, SFAS 123R requires that compensation expense for all share-based awards be recognized in the financial statements based upon the grant-date fair value of those awards.

Prior to January 1, 2006, the Company accounted for stock-based compensation using the recognition and measurement provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees ("APB No. 25"), and related interpretations, and disclosure requirements established by SFAS No. 123, Accounting for Stock-Based Compensation ("SFAS 123"), as amended by SFAS No. 148, Accounting for Stock-Based Compensation-Transitions and Disclosures ("SFAS 148").

Under APB No. 25, no compensation expense was recognized for either stock options issued under the Company's stock compensation plans or for stock purchased under the Company's 1990 Employee Stock Purchase Plan ("ESPP"). The pro forma effects on net income and earnings per share for stock options and ESPP awards were instead disclosed in a footnote to the financial statements. Compensation expense was previously recognized for awards of non-vested stock, based upon the market value of the common stock on the date of award, on a straight-line basis over the requisite service period with the effect of forfeitures recognized as they occurred.

## Edgar Filing: BROWN \& BROWN INC - Form 10-Q

The following table represents the pro forma information for the three and six months ended June 30, 2005 (as previously disclosed) under the Company's stock compensation plans had compensation cost for the stock options and common stock purchased under the ESPP been determined based on the fair value at the grant-date consistent with the method prescribed by SFAS No. 123R:
(in thousands, except per share data)

Net income
Add: Total stock-based compensation included in net income, net of tax effect
Less: Total stock-based employee compensation expense determined under fair value method for all awards, net of tax effect

| As reported $\$$ | 0.27 | $\$$ | 0.57 |
| Pro forma \$ | 0.26 | $\$$ | 0.56 |

The Company has adopted SFAS 123R using the modified-prospective transition method. Under this transition method, compensation cost recognized in the first and second quarters of 2006 includes:

- compensation cost for all share-based awards (expected to vest) granted prior to, but not yet vested as of January 1, 2006, based upon grant-date fair value estimated in accordance with the original provisions of SFAS 123; and
- compensation cost for all share-based awards (expected to vest) granted during the three and six months ended June 30,2006 based upon grant-date fair value estimated in accordance with the provisions of SFAS 123R.

Results for prior periods have not been restated.
Upon adoption of SFAS 123R, the Company continued to use the Black-Scholes valuation model for valuing all stock options and shares granted under the ESPP. Compensation for non-vested stock awards is measured at fair value on the grant-date based upon the number of shares expected to vest. Compensation cost for all awards will be recognized in earnings, net of estimated forfeitures, on a straight-line basis over the requisite service period. The cumulative effect of changing from recognizing compensation expense for non-vested stock awards as forfeitures occurred to recognizing compensation expense for non-vested awards net of estimated forfeitures was not material.

The adoption of SFAS 123R had the following effect on the Company for the three- and six- months ended June 30, 2006:

| (in thousands, except per share data) | Three Month |  | Six Month |  |
| :---: | :---: | :---: | :---: | :---: |
|  | Period |  |  |  |
| Non-cash stock-based compensation | \$ | (12) | \$ | 872 |
| Reduction (increase) in: |  |  |  |  |
| Provision for income taxes | \$ | (4) | \$ | 336 |
| Net income | \$ | (8) | \$ | 536 |
| Basic earnings per share | \$ | - |  |  |
| Diluted earnings per share | \$ | - |  | - |
| Increase (decrease) in deferred tax assets | \$ | (4) | \$ | 336 |

Edgar Filing: BROWN \& BROWN INC - Form 10-Q

In addition, prior to the adoption of SFAS 123R, the Company presented tax benefits resulting from the exercise of stock options as operating cash flows in the statement of cash flows. SFAS 123R requires that tax benefits associated with share-based payments be classified under financing activities in the statement of cash flows. Since no stock option shares were exercised that gave rise to excess tax deductions during the three or six months ended June 30, 2006, there is no effect of the adoption of SFAS 123R on the cash flow statement for the three or six months ended June 30, 2006.

See Note 5 for additional information regarding the Company's stock-based compensation plans and the assumptions used to calculate the fair value of stock-based awards.

## NOTE $5 \cdot$ Employee Stock-Based Compensation

## Stock Option Awards

The Company uses the Black-Scholes option-pricing model to estimate the fair value of stock options on the grant-date under SFAS 123R, which is the same valuation technique previously used for pro forma disclosures under SFAS 123. The Company did not grant any options during the three or six months ended June 30, 2006, but did grant 12,000 shares during the six months ended June 30, 2005. The Company used the following weighted average assumptions for all options granted during the six months ended June 30, 2005:

| Risk-free interest rate | $4.5 \%$ |
| :--- | :---: |
| Expected life (in years) | 6 |
| Expected volatility | $35 \%$ |
| Dividend yield | $0.86 \%$ |

The risk-free interest rate is based upon the US Treasury yield curve on the date of grant with a remaining term approximating the expected term of the option granted. The expected term of the options granted is derived from historical data; employees are divided into two groups based upon expected exercise behavior and are considered separately for valuation purposes. The expected volatility is based upon the historical volatility of the Company's common stock over the period of time equivalent to the expected term of the options granted. The dividend yield is based upon the Company's best estimate of future dividend yield.

A summary of stock option activity for the six-month period ended June 30, 2006 is as follows:

Stock Options
Outstanding at January 1, 2,016,988 \$10.83 2006

The weighted average grant-date fair value of stock options granted during the six-months ended June 30, 2005 was $\$ 8.51$. The total intrinsic value of options exercised, determined as of the date of exercise, during the six months ended June 30, 2006 and 2005 was $\$ 818,000$ and $\$ 850,000$, respectively. Aggregate intrinsic value is calculated as the difference between the exercise price of the underlying awards and the quoted market price of the Company's stock for in-the-money stock options at June 30, 2006.

## Non-Vested Stock Awards ("Performance Stock Plan" or "PSP")

The Company uses a path-depended lattice model to estimate the fair value of PSP grants on the grant-date under SFAS 123R. A summary of PSP activity for the six months ended June 30, 2006 is as follows:

|  | Weighted- <br> Average <br> Grant Date <br> Fair Value | Granted <br> Shares |  | Awarded <br> Shares | Shares <br> Not Yet <br> Awarded |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Stock Options | $\$$ | 5.21 | $6,349,298$ | $5,622,920$ | 726,378 |
| Outstanding at January 1, 2006 | $\$$ | 19.73 | 122,845 | - | 122,845 |
| Granted | $\$$ | 11.50 | - | 253,672 | $(253,672)$ |
| Awarded | $\$$ | 10.89 | $(1,086)$ | $(1,086)$ | - |
| Vested | $\$$ | 5.32 | $(220,840)$ | $(199,770)$ | $(21,070)$ |
| Forfeited | $\$$ | 5.51 | $6,250,217$ | $5,675,736$ | 574,481 |

The weighted average grant-date fair value of PSP grants for the six months ended June 30, 2006 and 2005 was $\$ 19.73$ and $\$ 14.13$, respectively. The total fair value of PSP grants that vested during each of the six months ended June 30, 2006 and 2005 was $\$ 35,000$ and \$-0-, respectively.

## Employee Stock Purchase Plan ("ESPP")

The Company has a shareholder approved ESPP. Employees of the Company who regularly work more than 20 hours per week are eligible to participate in the plan. Participants, through payroll deductions, may subscribe to purchase Company stock up to $10 \%$ of their compensation, to a maximum of $\$ 25,000$, during each annual subscription period at a cost of $85 \%$ of the lower of the stock price as of the beginning or ending of the stock subscription period. During the six months ended June 30,2006 and $2005,305,451$ and 266,935 shares of common stock (from authorized but unissued shares), respectively, were subscribed to by employees participating in the Company's ESPP for proceeds of approximately $\$ 5,642,000$ and $\$ 4,709,000$, respectively.

As of June 30, 2006, there was approximately $\$ 17.2$ million of unrecognized compensation expense related to all non-vested share-based compensation arrangements granted under the Company's stock compensation plans. That expense is expected to be recognized over a weighted-average period of 10.2 years.

## NOTE $6 \cdot$ Business Combinations

## Acquisitions in 2006

For the six months ended June 30, 2006, Brown \& Brown acquired the assets and assumed certain liabilities of 11 entities. The aggregate purchase price of these acquisitions was $\$ 101,507,000$, including $\$ 87,023,000$ of net cash payments, the issuance of $\$ 3,582,000$ in notes payable and the assumption of $\$ 10,902,000$ of liabilities. Substantially all of these acquisitions were acquired primarily to expand Brown \& Brown's core businesses and to attract and obtain

high-quality individuals. Acquisition purchase prices are based primarily on a multiple of average annual operating profits earned over a one- to three-year period within a minimum and maximum price range. The initial asset allocation of an acquisition is based on the minimum purchase price, and any subsequent earn-out payment is allocated to goodwill.

All of these acquisitions have been accounted for as business combinations and are as follows:

| (in thousands) | Business <br> Segment | 2006 <br> Date of <br> Acquisition |  | Net <br> Cash <br> Paid | Notes <br> Payable | Recorded <br> Purchase <br> Price |  |

The following table summarizes the estimated fair values of the aggregate assets and liabilities acquired as of the date of each acquisition:

The results of operations for the acquisitions completed during 2006 have been combined with those of the Company since their respective acquisitions dates. If the acquisitions had occurred as of January 1, 2005, the Company's results of operations would be as shown in the following table:

| (UNAUDITED) <br> (in thousands, except per share data) |  | For the three months ended June 30, |  |  |  | For the six months ended June 30, |  |  |

| Basic |  | 139,511 |  | 138,312 |  | 139,447 |  | 138,318 |

These pro forma results are not necessarily indicative of the actual results of operations that would have occurred had the acquisitions actually been made at the beginning of the respective periods.

Additional consideration paid to sellers as a result of purchase price "earn-out" provisions are recorded as adjustments to intangible assets when the contingencies are settled. The net additional consideration paid by the Company in 2006 as a result of these adjustments totaled $\$ 36,921,000$, of which $\$ 36,840,000$ was allocated to goodwill. Of the $\$ 36,921,000$ net additional consideration paid, $\$ 11,591,000$ was paid in cash, $\$ 24,373,000$ was issued in notes payable and $\$ 957,000$ was assumed as net liabilities. As of June 30,2006 , the maximum future contingency payments related to acquisitions totaled $\$ 188,533,000$.

## NOTE 7 • Goodwill

Goodwill is subject to at least an annual assessment for impairment by applying a fair value-based test. Brown \& Brown completed its most recent annual assessment as of November 30, 2005 and identified no impairment as a result of the evaluation.

The changes in goodwill for the six months ended June 30, 2006 are as follows:

Amortization expense for other amortizable intangible assets for the years ending December 31, 2006, 2007, 2008, 2009 and 2010 is estimated to be $\$ 36,094,000, \$ 35,850,000, \$ 34,964,000, \$ 34,496,000$, and $\$ 33,839,000$ respectively.

## NOTE $9 \cdot$ Long-Term Debt

Long-term debt at June 30, 2006 and December 31, 2005 consisted of the following:

| Unsecured Senior Notes | $\$$ | 200,000 | $\$$ |
| :--- | :---: | :---: | ---: |
| Acquisition notes payable |  | 6,699 | 43,089 |
| Term loan agreements | 19,286 | 25,714 |  |
| Revolving credit facility |  | - | - |
| Other notes payable |  | 186 | 206 |
| Total debt |  | 226,171 | 269,809 |
| Less current portion | $\$$ | $208,990)$ | $(55,630)$ |
| Long-term debt |  |  | 214,179 |

In July 2004, Brown \& Brown completed a private placement of $\$ 200.0$ million of unsecured senior notes (the Notes). The $\$ 200.0$ million Notes are divided into two series: Series A, for $\$ 100.0$ million due in 2011 and bearing interest at $5.57 \%$ per year; and Series B, for $\$ 100.0$ million due in 2014 and bearing interest at $6.08 \%$ per year. The closing on the Series B Notes occurred on July 15, 2004. The closing on the Series A Notes occurred on September 15, 2004. Brown \& Brown has used the proceeds from the Notes for general corporate purposes, including acquisitions and repayment of existing debt. As of June 30, 2006 and December 31, 2005 there was an outstanding balance of $\$ 200.0$ million on the Notes.

In September 2003, Brown \& Brown established an unsecured revolving credit facility with a national banking institution that provided for available borrowings of up to $\$ 75.0$ million, with a maturity date of October 2008, bearing an interest rate based upon the 30 -, 60 - or 90 -day London InterBank Offered Rate (LIBOR) plus $0.625 \%$ to $1.625 \%$, depending upon the Company's quarterly ratio of funded debt to earnings before interest, taxes, depreciation, amortization and non-cash stock grant compensation. A commitment fee of $0.175 \%$ to $0.375 \%$ per annum is assessed on the unused balance. The 90 -day LIBOR was $5.50 \%$ and $4.53 \%$ as of June 30, 2006 and December 31, 2005, respectively. There were no borrowings against this facility at June 30, 2006 or December 31, 2005.

In January 2001, Brown \& Brown entered into a $\$ 90.0$ million unsecured seven-year term loan agreement with a national banking institution, bearing an interest rate based upon the $30-, 60$ - or 90 -day LIBOR plus $0.50 \%$ to $1.00 \%$, depending upon Brown \& Brown's quarterly ratio of funded debt to earnings before interest, taxes, depreciation, amortization and non-cash stock grant compensation. The 90-day LIBOR was $5.50 \%$ and $4.53 \%$ as of June 30, 2006 and December 31, 2005, respectively. The loan was fully funded on January 3, 2001 and as of June 30, 2006 had an outstanding balance of $\$ 19,286,000$. This loan is to be repaid in equal quarterly installments of $\$ 3,200,000$ through December 2007.

All three of these credit agreements require Brown \& Brown to maintain certain financial ratios and comply with certain other covenants. Brown \& Brown was in compliance with all such covenants as of June 30, 2006 and December 31, 2005.

To hedge the risk of increasing interest rates from January 2, 2002 through the remaining six years of its seven-year $\$ 90$ million term loan, Brown \& Brown entered into an interest rate exchange ("swap") agreement that effectively converted the floating rate LIBOR-based interest payments to fixed interest rate payments at $4.53 \%$. This agreement did not affect the required $0.50 \%$ to $1.00 \%$ credit risk spread portion of the term loan. In accordance with SFAS No. 133 , as amended, the fair value of the interest rate swap of approximately $\$ 110,000$, net of related income taxes of approximately $\$ 57,000$, was recorded in other assets as of June 30,2006 , and $\$ 36,000$, net of related income taxes of approximately $\$ 22,000$, was recorded in other asset as of December 31, 2005; with the related change in fair value reflected as other comprehensive income. Brown \& Brown has designated and assessed the derivative as a highly effective cash flow hedge.

Acquisition notes payable represent debt incurred to former owners of certain insurance operations acquired by Brown \& Brown. These notes and future contingent payments are payable in monthly, quarterly and annual installments through February 2014, including interest in the range from $4.5 \%$ to $8.05 \%$.

## NOTE $12 \cdot$ Legal and Regulatory Proceedings

## Antitrust Actions and Related Matters

As previously disclosed, Brown \& Brown, Inc. is one of more than ten insurance intermediaries named together with a number of insurance companies as defendants in putative class action lawsuits purporting to be brought on behalf of policyholders. Brown \& Brown, Inc. initially became a defendant in certain of those actions in October and December
of 2004. In February 2005, the Judicial Panel on Multi-District Litigation consolidated these cases, together with other putative class action lawsuits in which Brown \& Brown, Inc. was not named as a party, to a single jurisdiction, the United States District Court, District of New Jersey, for pre-trial purposes. One of the consolidated actions, In Re: Employee-Benefits Insurance Antitrust Litigation, concerns employee benefits insurance and the other, styled In Re: Insurance Brokerage Antitrust Litigation, involves other lines of insurance. These two consolidated actions are collectively referred to in this report as the "Antitrust Actions." The complaints refer to an action, since settled, that was filed against Marsh \& McLennan Companies, Inc. ("Marsh \& McLennan"), the largest insurance broker in the world, by the New York State Attorney General in October 2004, and allege various improprieties and unlawful acts by the various defendants in the pricing and placement of insurance, including alleged manipulation of the insurance market by, among other things: alleged "bid rigging" and "steering" clients to particular insurers based on considerations other than the clients' interests; alleged entry into unlawful tying arrangements pursuant to which the placement of primary insurance contracts was conditioned upon commitments to place reinsurance through a particular broker; and alleged failure to disclose contingent commission and other allegedly improper compensation and fee arrangements. The plaintiffs in the Antitrust Actions assert a number of causes of action, including violations of the federal antitrust laws, multiple state antitrust and unfair and deceptive practices statutes, and the federal anti-racketeering (RICO) statute, as well as breach of fiduciary duty, misrepresentation, conspiracy, aiding and abetting, and unjust enrichment, and seek injunctive and declaratory relief as well as unspecified damages, including treble and punitive damages, and attorneys' fees and costs. Brown \& Brown, Inc. disputes the allegations and is vigorously defending itself in the Antitrust Actions.

## Related Regulatory Proceedings

Since the New York State Attorney General filed the lawsuit referenced above against Marsh \& McLennan in October 2004, governmental agencies in a number of states have looked or are looking into issues related to compensation practices in the insurance industry, and the Company continues to actively receive and respond to written and oral requests for information and/or subpoenas seeking information related to this topic. To date, requests for information and/or subpoenas have been received from governmental agencies such as attorneys general or departments of insurance in the following states: Arkansas (Department of Insurance), Arizona (Department of Insurance), California (Department of Insurance), Connecticut (Office of Attorney General), Florida (Office of Attorney General, Department of Financial Services, and Office of Insurance Regulation), Nevada (Department of Business \& Industry, Division of Insurance), New Hampshire (Department of Insurance), New Jersey (Department of Banking and Insurance), New York (Office of Attorney General), North Carolina (Department of Insurance and Department of Justice), Oklahoma (Department of Insurance), Pennsylvania (Department of Insurance), South Carolina (Department of Insurance), Texas (Department of Insurance), Vermont (Department of Banking, Insurance, Securities \& Healthcare Administration), Virginia (State Corporation Commission, Bureau of Insurance, Agent Regulation \& Administration Division), Washington (Office of Insurance Commissioner) and West Virginia (Office of Attorney General). None of these governmental agencies has charged or alleged any wrongdoing or violation of law by the Company. Agencies in Arizona and Washington have concluded their respective investigations of subsidiaries of Brown \& Brown, Inc. based in those states with no further action as to these entities.

As previously disclosed in our public filings, offices of the Company are party to contingent commission agreements with certain insurance companies, including agreements providing for potential payment of revenue-sharing commissions by insurance companies based primarily on the overall profitability of the aggregate business written with that insurance company, and/or additional factors such as retention ratios and overall volume of business that an office or offices place with the insurance company. Additionally, to a lesser extent, some offices of the Company are party to override commission agreements with certain insurance companies, and these agreements provide for commission rates in excess of standard commission rates to be applied to specific lines of business, such as group health business, based primarily on the overall volume of such business that the office or offices in question place with the insurance company. The Company has not chosen to discontinue receiving contingent commissions or override commissions.

As previously disclosed, a committee comprised of independent members of the Board of Directors of Brown \& Brown, Inc. (the "Special Review Committee") determined that maintenance of a derivative suit was not in the best interests of the Company, following an investigation in response to a December 2004 demand letter from counsel purporting to represent a current shareholder of Brown \& Brown, Inc. (the "Demand Letter"). The Demand Letter sought the commencement of a derivative suit by Brown \&

Brown, Inc. against the Board of Directors and current and former officers and directors of Brown \& Brown, Inc. for alleged breaches of fiduciary duty related to the Company's participation in contingent commission agreements. The Special Review Committee's conclusions were communicated to the purported shareholder's counsel and there has been limited communication since then. There can be no assurance that the purported shareholder will not further pursue his allegations or that any pursuit of any such allegations would not have a material adverse effect on the Company.

In response to the foregoing events, the Company also, on its own volition, engaged outside counsel to conduct a limited internal inquiry into certain sales and marketing practices of the Company, with special emphasis on the effects of contingent commission agreements on the placement of insurance products by the Company for its clients. The internal inquiry resulted in several recommendations being made in January 2006 regarding disclosure of compensation, premium finance charges, interface between the Company's retail and wholesale units, fee-based compensation and direct incentives from insurance companies. The Company has been evaluating these recommendations and has adopted or is in the process of adopting these recommendations. As a result of that inquiry, and in the process of preparing responses to some of the governmental agency inquiries referenced above, management of the Company became aware of a limited number of specific, unrelated instances of questionable conduct. These matters have been addressed and resolved, or are in the process of being addressed and resolved, on a case-by-case basis, and thus far the amounts involved in resolving such matters have not been, either individually or in the aggregate, material. However, there can be no assurance that the ultimate cost and ramifications of resolving these matters will not have a material adverse effect on the Company.

Some of the other insurance intermediaries and insurance companies that have been subject to governmental investigations and/or lawsuits arising out of these matters have chosen to settle some such matters. Such settlements have involved the payment of substantial sums, as well as agreements to change business practices, including agreeing to no longer pay or accept contingent commissions. Marsh \& McLennan, Aon Corporation, Arthur J. Gallagher \& Co., Hilb, Rogal \& Hobbs Company ("HRH"), and Willis Group Holdings Ltd. have each entered into agreements with governmental agencies, which collectively involve payments by these intermediaries to agencies and to certain of their clients totaling nearly $\$ 1$ billion. With the exception of the settlement entered into by HRH, which included an agreement that HRH would discontinue acceptance of certain types of contingency compensation, these agreements provided that these insurance intermediaries would discontinue acceptance of any contingency compensation.

On March 14, 2006, the Florida Attorney General and the Florida Department of Financial Services, which, as mentioned above, have also been seeking information from the Company, filed a complaint against Marsh \& McLennan on behalf of various Florida governmental entities, businesses and residents alleging that Marsh \& McLennan violated Florida's RICO and antitrust laws. The complaint alleges that Marsh \& McLennan conspired with various insurance companies to rig quotes for commercial insurance, manipulate the commercial insurance markets, inflate insurance premiums, and receive undisclosed, additional compensation, all of which are alleged to have caused damage to the State of Florida, governmental entities and Florida businesses and residents. While the above Florida governmental agencies have not made demands upon the Company, which is headquartered in Florida, or filed suit against it, there can be no assurance that their inquiries, or any of those of the other various governmental authorities referenced above, will not result in demands upon the Company or suits filed against it, or that any such demands or suits or any resolution thereof would not have a material adverse effect on the Company.

The Company cannot currently predict the impact or resolution of the Antitrust Actions, the shareholder demand or the various governmental inquiries or lawsuits and thus cannot reasonably estimate a range of possible loss, which could be material, or whether the resolution of these matters may harm the Company's business and/or lead to a decrease in or elimination of contingent commissions and override commissions, which could have a material adverse impact on the Company's consolidated financial condition.

# Edgar Filing: BROWN \& BROWN INC - Form 10-Q 

## Other

The Company is involved in numerous pending or threatened proceedings by or against Brown \& Brown, Inc. or one or more of its subsidiaries that arise in the ordinary course of business. The damages that may be claimed against the Company in these various proceedings are substantial, including in many instances claims for punitive or extraordinary damages. Some of these claims and lawsuits have been resolved, others are in the process of being resolved, and others are still in the investigation or discovery phase. The Company will continue to respond appropriately to these claims and lawsuits, and to vigorously protect its interests.

Among the above-referenced claims, and as previously described in the Company's public filings, there are several threatened and pending legal claims and lawsuits against Brown \& Brown, Inc. and Brown \& Brown Insurance Services of Texas, Inc. (BBTX), a subsidiary of Brown \& Brown, Inc., arising out of BBTX's involvement with the procurement and placement of workers' compensation insurance coverage for entities including several professional employer organizations. One such action, styled Great American Insurance Company, et al. v. The Contractor's Advantage, Inc., et al., Cause No. 2002-33960, pending in the 189th Judicial District Court in Harris County, Texas, asserts numerous causes of action, including fraud, civil conspiracy, federal Lanham Act and RICO violations, breach of fiduciary duty, breach of contract, negligence and violations of the Texas Insurance Code against BBTX, Brown \& Brown, Inc. and other defendants, and seeks recovery of punitive or extraordinary damages (such as treble damages) and attorneys' fees. Although the ultimate outcome of the matters referenced in this section titled "Other" cannot be ascertained and liabilities in indeterminate amounts may be imposed on Brown \& Brown, Inc. or its subsidiaries, on the basis of present information, availability of insurance and legal advice received, it is the opinion of management that the disposition or ultimate determination of such claims will not have a material adverse effect on the Company's consolidated financial position. However, as (i) one or more of the Company's insurance carriers could take the position that portions of these claims are not covered by the Company's insurance, (ii) to the extent that payments are made to resolve claims and lawsuits, applicable insurance policy limits are eroded, and (iii) the claims and lawsuits relating to these matters are continuing to develop, it is possible that future results of operations or cash flows for any particular quarterly or annual period could be materially affected by unfavorable resolutions of these matters.

## NOTE $13 \cdot$ Segment Information

Brown \& Brown's business is divided into four reportable segments: the Retail Division, which provides a broad range of insurance products and services to commercial, governmental, professional and individual customers; the National Programs Division, which is comprised of two units - Professional Programs, which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents, and Special Programs, which markets targeted products and services designated for specific industries, trade groups, governmental entities, and market niches; the Services Division, which provides insurance-related services, including third-party administration, consulting for the workers' compensation and employee benefit self-insurance markets, and managed healthcare services; and the Brokerage Division, which markets and sells excess and surplus commercial and personal lines insurance, and reinsurance, primarily through independent agents and brokers. Brown \& Brown conducts all of its operations within the United States of America.

Summarized financial information concerning Brown \& Brown's reportable segments for the six months ended June 30, 2006 and 2005 is shown in the following table. The "Other" column includes any income and expenses not allocated to reportable segments and corporate-related items, including the inter-company interest expense charge to the reporting segment.

# ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS. 

## THE FOLLOWING DISCUSSION UPDATES THE MD\&A CONTAINED IN THE COMPANY’S 2005 ANNUAL REPORT ON FORM 10-K, AND THE TWO DISCUSSIONS SHOULD BE READ TOGETHER.

## GENERAL

We are a general insurance and brokerage agency that commenced business in 1939 and are headquartered in Daytona Beach and Tampa, Florida. We market and sell to our customers insurance products and services, primarily in the property, casualty and the employee benefits markets. As an agent and broker, we do not assume underwriting risks. Instead, we provide our customers with quality insurance contracts, as well as other targeted, customized risk management products and services.

Our commissions and fees revenue are comprised of commissions paid by insurance companies and fees paid directly by customers. Commission revenues generally represent a percentage of the premium paid by the insured and are materially affected by fluctuations in both premium rate levels charged by insurance companies and the insureds' underlying "insurable exposure units," which are units that insurance companies use to measure or express insurance exposed to risk (such as property values, sales and payroll levels) so as to determine what premium to charge the insured. These premium rates are established by insurance companies based upon many factors, including reinsurance rates, none of which we control. Beginning in 1986 and continuing through 1999, commission revenues were adversely influenced by a consistent decline in premium rates resulting from intense competition among property and casualty insurance companies for market share. Among other factors, this condition of a prevailing decline in premium rates, commonly referred to as a "soft market," generally resulted in flat to reduced commissions on renewal business. The effect of this softness in rates on our commission revenues was somewhat offset by our acquisitions and net new business production. As a result of increasing "loss ratios" (the comparison of incurred losses plus adjustment expenses against earned premiums) of insurance companies through 1999, there was a general increase in premium rates beginning in the first quarter of 2000 and continuing into 2003. During 2003, the increases in premium rates began to moderate, and in certain lines of insurance, premium rates decreased. In 2004, as general premium rates continued to moderate, the insurance industry experienced the worst hurricane season since 1992 when Hurricane Andrew hit south Florida. The insured losses from the 2004 hurricane season were absorbed relatively easily by the insurance industry and the general insurance premium rates continued to soften during 2005. During the third quarter of 2005, the insurance industry experienced the worst hurricane season ever recorded. Primarily as a result of these hurricanes, including Hurricanes Katrina, Rita and Wilma, the total insured losses are estimated to be in excess of \$50 billion. The full impact that the 2005 insured losses will have on the insurance premium rates charged by insurance companies for 2006 is unknown, however, there is upward pressure on at least the insurance premium rates on coastal property, primarily in the southeastern part of the United States. In other parts of the country, premium rates continue to be generally "soft".

We also earn "contingent commissions," which are profit-sharing commissions based primarily on underwriting results, but may also reflect considerations for volume, growth and/or retention. These commissions are primarily received in the first and second quarters of each year, based on underwriting results and other aforementioned considerations for the prior year(s), and, over the last three years, have averaged approximately $6.0 \%$ of the previous year's total commissions and fees revenue. Contingent commissions are included in our total commissions and fees in the Consolidated Statements of Income in the year received. The term "core commissions and fees" excludes contingent

## Edgar Filing: BROWN \& BROWN INC - Form 10-Q

commissions and therefore represents the revenues earned directly from specific insurance policies sold, and specific fee-based services rendered.

Fee revenues are generated primarily by our Services Division, which provides insurance-related services, including third-party administration and consulting for the self-funded workers' compensation markets and Medicare set-aside services and programs.

Investment income consists primarily of interest earnings on premiums and advance premiums collected and held in a fiduciary capacity before being remitted to insurance companies. Our policy is to invest available funds in high-quality, short-term fixed income investment securities. Investment income also includes gains and losses realized from the sale of investments.

## Critical Accounting Policies

Our Consolidated Financial Statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. We continually evaluate our estimates, which are based on historical experience and on various other assumptions that we believe to be reasonable under the circumstances. These estimates form the basis for our judgments about the carrying values of our assets and liabilities, which values are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

The more critical accounting and reporting policies include our accounting for revenue recognition, business acquisitions and purchase price allocations, intangible assets impairments, reserves for litigation and derivative interests. In particular, the accounting for these areas requires significant judgments to be made by management. Different assumptions in the application of these policies could result in material changes in our consolidated financial position or consolidated results of operations. Refer to Note 1 in the "Notes to Consolidated Financial Statements" in our 2005 Annual Report on Form 10-K on file with the Securities and Exchange Commission for details regarding all of our critical and significant accounting policies.

Prior to January 1, 2006, the Company accounted for stock-based compensation using the recognition and measurement provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees ("APB No. 25 "), and related interpretations, and disclosure requirements established by SFAS No. 123, Accounting for Stock-Based Compensation ("SFAS 123"), as amended by SFAS No. 148, Accounting for Stock-Based Compensation-Transitions and Disclosures ("SFAS 148").

All share and per share information has been restated to give effect to a two-for-one common stock split that became effective November 28, 2005. That split was effected as a stock dividend.

## RESULTS OF OPERATIONS FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2006 AND 2005

The following discussion and analysis regarding results of operations and liquidity and capital resources should be considered in conjunction with the accompanying Consolidated Financial Statements and related Notes.

Financial information relating to our Condensed Consolidated Financial Results for the three and six month periods ended June 30, 2006 and 2005 is as follows (in thousands, except percentages):

| Total assets at June 30, 2006 and 2005 |  |  |  |  |  | 15,231 | \$ | 67,436 |

## Net Income

Net income for the second quarter of 2006 was $\$ 44.4$ million, or $\$ 0.32$ per diluted share, compared with net income in the second quarter of 2005 of $\$ 37.0$ million, or $\$ 0.27$ per diluted share, a $18.5 \%$ increase on a per-share basis. Net income for the six months ended June 30 , 2006 was $\$ 94.5$ million or $\$ 0.67$ per diluted share, compared with net income for the comparable period in 2005 of $\$ 80.1$ million, or $\$ 0.57$ per diluted share, a $17.5 \%$ increase on a per-share basis.

## Commissions and Fees

Commissions and fees, including contingent commissions, for the second quarter of 2006 increased $\$ 24.7$ million, or $12.8 \%$, over the same period in 2005. Contingent commissions for the second quarter of 2006 increased $\$ 0.6$ million over the second quarter of 2005 , to $\$ 4.6$ million. Core commissions and fees are our commissions and fees, less (i) contingent commissions and (ii) divested business (commissions and fees generated from offices, books of business or niches sold or terminated). Core commissions and fees revenue for the second quarter of 2006 increased $\$ 24.6$ million, of which approximately $\$ 11.8$ million represents core commissions and fees from agencies acquired since the second quarter of 2005. After divested business of $\$ 0.5$ million, the remaining $\$ 12.8$ million represents net new business production, which reflects a $6.8 \%$ internal growth rate for core commissions and fees. Commissions and fees for the six months ended June 30, 2006 increased $\$ 52.3$ million, or $13.3 \%$, over the same period in 2005. For the six months ended June 30, 2006, contingent commissions increased $\$ 6.2$ million over the comparable period in 2005. Core commissions and fees revenue for the first six months of 2006 increased $\$ 47.0$ million, of which approximately $\$ 32.1$ million of the total increase represents core commissions and fees from agencies acquired since the comparable period in 2005. After divested business of $\$ 1.0$ million, the remaining $\$ 14.9$ million represents net new business production, which reflects a $4.1 \%$ internal growth rate for core commissions and fees.

## Investment Income

Investment income for the three months ended June 30, 2006 increased $\$ 1.4$ million, or $94.0 \%$, over the same period in 2005. Investment income for the six months ended June 30, 2006 increased $\$ 2.7$ million, or $107.5 \%$, over the same period in 2005. These increases in investment income were primarily due to higher investment yield rates.

## Other Income, net

Other income for the three months ended June 30, 2006 decreased $\$ 1.2$ million, or $74.6 \%$, over the same period in 2005. Other income for the six months ended June 30, 2006 decreased $\$ 1.9$ million, or $68.1 \%$, over the same period in 2005. Other income consists primarily of gains and losses from the sale and disposition of assets. The majority of the gain for the second quarter of 2005 was the result of the completion of the one year earn-out from the sale of our medical services operation in Louisiana in June 2004.

## Employee Compensation and Benefits

Employee compensation and benefits for the second quarter of 2006 increased $\$ 9.1$ million, or $9.6 \%$, over the same period in 2005. Employee compensation and benefits for the six months ended June 30, 2006 increased $\$ 19.4$ million, or $10.5 \%$, over the same period in 2005 . These increases are primarily related to the addition of new employees from acquisitions completed since July 1, 2005 and increased compensation that resulted from higher commissions and fees revenue. Employee compensation and benefits as a percentage of total revenue decreased to $46.7 \%$ for the second quarter of 2006 , from $48.0 \%$ for the second quarter of 2005 . For the six months ended June 30, 2006, employee compensation and benefits as a percentage of total revenue decreased to $45.2 \%$, from $46.3 \%$ for the same period in 2005. These improved ratios for the three and six month periods were the result of the continued assimilation of the acquisitions completed in 2005 and 2006 into our standard compensation program.

## Non-Cash Stock-Based Compensation

Non-cash stock-based compensation for the three and six months ended June 30, 2006 increased approximately $\$ 0.6$ million, or $82.0 \%$, and $\$ 2.1$ million, or $124.2 \%$, respectively. As more fully described in Notes 4 and 5 of the Condensed Consolidated Financial Statements, the increase was due to the implementation of Statement of Financial Accounting Standards No. 123R, Share-Based Payment. The majority of the increased cost primarily relates to the expensing of the $15 \%$ discount granted to participants under our 1990 Employee Stock Purchase Plan.

## Other Operating Expenses

Other operating expenses for the second quarter of 2006 increased $\$ 4.2$ million, or $16.0 \%$, over the same period in 2005. For the six months ended June 30, 2006, other operating expenses increased $\$ 8.0$ million, or $15.0 \%$, over the same period in 2005. These increases are primarily the result of acquisitions completed since the third quarter of 2005 that had no comparable results in the same period of 2005. Other operating expenses as a percentage of revenues for the second quarter of 2006 increased to $13.6 \%$, compared with $13.3 \%$ for the same period in 2005 . For the six months ended June 30, 2006, other operating expenses as a percentage of revenues increased to $13.5 \%$, compared with $13.3 \%$ for the same period in 2005. The slight increase during the three months ended June 30, 2006 was due to a general increase in travel and entertainment expenses in 2006, and the fact that in the second quarter of 2005 there was a $\$ 1.0$ million reversal for an accrual for the revoked Florida Communications Tax.

## Amortization

Amortization expense for the second quarter of 2006 increased $\$ 0.6$ million, or $7.4 \%$, over the second quarter of 2005. For the six months ended June 30, 2006, amortization expense increased $\$ 2.1$ million, or $13.1 \%$, over the same period in 2005. These increases are primarily due to acquisitions completed since July 1, 2005.

## Depreciation

Depreciation expense for the second quarter of 2006 increased $\$ 0.3$ million, or $10.2 \%$, over the second quarter of 2005. For the six months ended June 30 , 2006, depreciation expense increased $\$ 0.5$ million, or $9.9 \%$, over the same period in 2005. These increases are due to capital expenditures and fixed assets purchased in acquisitions completed since July 1, 2005.

## Interest Expense

Interest expense for the second quarter of 2006 decreased $\$ 0.4$ million, or $10.3 \%$, over the same period in 2005. For the six months ended June 30, 2006, interest expense decreased $\$ 0.4$ million, or $5.5 \%$, over the same period in 2005.

## RESULTS OF OPERATIONS - SEGMENT INFORMATION

As discussed in Note 13 of the Notes to Condensed Consolidated Financial Statements, we operate in four reportable segments: the Retail, National Programs, Brokerage and Service Divisions. On a divisional basis, increases in amortization, depreciation and interest expenses are the result of new acquisitions within that division in a particular year. Likewise, other income in each division primarily reflects net gains on sales of customer accounts and fixed assets. In evaluating the operational efficiency of a division, management places greater emphasis on the net internal growth rate of core commissions and fees revenue, the gradual improvement of the ratio of employee compensation and benefits to total revenues, and the gradual improvement of the ratio of other operating expenses to total revenues.

Our core commissions and fees internal growth rates for the three months ended June 30, 2006 by divisional units are as follows (in thousands, except percentages):

The Retail Division's total revenues during the three months ended June 30, 2006 increased $6.4 \%$, or $\$ 7.7$ million, to $\$ 128.4$ million. Contingent commissions for the quarter decreased $\$ 0.5$ million over the second quarter of 2005 . Of the increase in revenues, approximately $\$ 4.6$ million related to the core commissions and fees from acquisitions that had no comparable revenues in the same period of 2005. Commissions and fees recorded in the second quarter of 2005 from business divested during 2006 was $\$ 1.0$ million. The Retail Division's internal growth rate for core commissions and fees was $3.8 \%$ for the second quarter of 2006 , which was driven by higher insurance property rates in the southeastern U.S. However, in other parts of the country, insurance premium rates continue to soften. Income before income taxes for the three months ended June 30, 2006 increased $15.6 \%$, or $\$ 4.7$ million, to $\$ 34.7$ million. This increase is primarily due to the earnings from acquisitions and the stronger net internal growth rate.

The Retail Division's total revenues during the six months ended June 30, 2006 increased $5.0 \%$, or $\$ 13.0$ million, to $\$ 270.9$ million. Contingent commissions for the six months ended June 30 , 2006, increased $\$ 1.9$ million, over the same period in 2005. Of the increase in revenues, approximately $\$ 9.3$ million related to the core commissions and fees from acquisitions that had no comparable revenues in the same period of 2005. Commissions and fees recorded in the six months ended June 30, 2005 from business divested during 2006 was $\$ 2.2$ million. The remaining increase is primarily due to net new business growth in core commissions and fees. The Retail Division's internal growth rate for core commissions and fees was $1.5 \%$ for the six months ended June 30, 2006. Income before income taxes for the six months ended June 30, 2006 increased $11.5 \%$, or $\$ 8.4$ million, to $\$ 81.9$ million. This increase is primarily due to the earnings from acquisitions and net new business from the stronger net internal growth rate.

## National Programs

The National Programs Division is comprised of two units: Professional Programs, which provides professional liability and related package products for certain professionals delivered through nationwide networks of independent agents; and Special Programs, which markets targeted products and services designated for specific industries, trade groups, public entities and market niches. Total revenues for National Programs for the three months ended June 30, 2006 increased $20.1 \%$, or $\$ 6.1$ million, to $\$ 36.6$ million. Contingent commissions for the second quarter of 2006 increased $\$ 0.4$ million over the second quarter of 2005 . Of the increase in revenues, approximately $\$ 1.7$ million related to core commissions and fees from acquisitions that had no comparable revenues in the same period of 2005. The remaining increase is primarily due to net new business growth, and therefore, the National Programs Division's internal growth rate for the core commissions and fees was $11.5 \%$. Although the Professional Programs Unit had a decrease of $5.4 \%$ in internal growth rate due to the continued softening of certain professional liability rates, it was offset by a strong $19.4 \%$ internal growth rate in our Special Programs Unit which was attributable principally to increased premium rates in the condominium program administered by Florida Intracoastal Underwriters, Limited Company ("FIU") and the growth in our lender-placed insurance program administered by Proctor Financial. Income before income taxes for the three months ended June 30, 2006 increased $50.1 \%$, or $\$ 3.9$ million, to $\$ 11.6$ million, over the same period in 2005. This increase is primarily due to earnings from our net new business growth and to a lesser extent from new acquisitions.

Total revenues for National Programs for the six months ended June 30, 2006 increased $19.0 \%$, or $\$ 12.1$ million, to $\$ 75.6$ million. Contingent commissions for the six months ended June 30, 2006 increased $\$ 1.0$ million over the same period in 2005 . Of the increase in revenues, approximately $\$ 4.2$ million related to core commissions and fees from acquisitions that had no comparable revenues in the same period of 2005. The remaining increase is primarily due to net new business growth. Therefore the National Programs Division's internal growth rate for core commissions and fees was $9.1 \%$. Although the Professional Programs Unit had a decrease of $5.6 \%$ in internal growth rate due to the continued softening of certain professional liability rates, it was offset by a strong $16.3 \%$ internal growth rate in our Special Programs Unit which was attributable principally to increased premium rates in the condominium program administered by FIU, the growth in Proctor Financial and net new business in our public entity business. Income before income taxes for the six months ended June 30, 2006 increased $45.7 \%$, or $\$ 7.4$ million, to $\$ 23.6$ million, over the same period in 2005. This increase is primarily due to net new business growth and earnings from acquisitions completed since the third quarter of 2005.

The Services Division's total revenues for the three months ended June 30, 2006 increased $8.1 \%$, or $\$ 0.6$ million, to $\$ 8.1$ million from the same period in 2005 . Core commissions and fees reflect an internal growth rate of $3.9 \%$ for the second quarter of 2006. Other income primarily represents the gain on the sale of the medical services operation in Louisiana, recognized partly in 2004 based on the minimum purchase price, and the subsequent earn-out gain recognized in June 2005. Income before income taxes for the three months ended June 30, 2006 decreased $17.9 \%$, or $\$ 0.4$ million, to $\$ 2.0$ million from the same period in 2005, primarily as a result of the gain on that divestiture in 2005.

The Services Division's total revenues for the six months ended June 30, 2006 increased $6.4 \%$, or $\$ 0.9$ million, to $\$ 14.7$ million from the same period in 2005. Core commissions and fees reflect an internal growth rate of $4.0 \%$ for the six months ended June 30, 2006. Income before income taxes for the six months ended June 30, 2006 decreased $8.1 \%$, or $\$ 0.3$ million, to $\$ 3.5$ million from the same period in 2005, primarily as a result of the gain on the divestiture in 2005.

## Other

As discussed in Note 13 of the Notes to Consolidated Financial Statements, the "Other" column in the Segment Information table includes any income and expenses not allocated to reportable segments, and corporate-related items, including the inter-company interest expense charged to the reporting segment.

## LIQUIDITY AND CAPITAL RESOURCES

Our cash and cash equivalents of $\$ 33.1$ million at June 30, 2006 reflected a decrease of $\$ 67.4$ million from the $\$ 100.6$ million balance at December 31, 2005. For the six-month period ended June 30, 2006, $\$ 115.1$ million of cash was provided from operating activities. Also during this period, $\$ 89.0$ million of cash was used for acquisitions, \$9.1 million was used for additions to fixed assets, $\$ 71.6$ million was used for payments on long-term debt and $\$ 13.9$ million was used for payment of dividends.

## Contractual Cash Obligations

In July 2004, we completed a private placement of $\$ 200.0$ million of unsecured senior notes (the "Notes"). The $\$ 200.0$ million Notes are divided into two series: Series A, for $\$ 100.0$ million due in 2011 and bearing interest at $5.57 \%$ per year; and Series B, for $\$ 100.0$ million due in 2014 and bearing interest at $6.08 \%$ per year. The closing on the Series B Notes occurred on July 15, 2004. The closing on the Series A Notes occurred on September 15, 2004. We have used the proceeds from the Notes for general corporate purposes, including acquisitions and repayment of existing debt. As of June 30, 2006, there was an outstanding balance of $\$ 200.0$ million on the Notes.

In September 2003, we established an unsecured revolving credit facility with a national banking institution that provided for available borrowings of up to $\$ 75.0$ million, with a maturity date of October 2008, bearing an interest rate based upon the 30 -, 60 - or 90 -day London Interbank Offered Rate (LIBOR), plus $0.625 \%$ to $1.625 \%$, depending upon our quarterly ratio of funded debt to earnings before interest, taxes, depreciation, amortization and non-cash stock grant compensation. A commitment fee of $0.175 \%$ to $0.375 \%$ per annum was assessed on the unused balance. The 90 -day LIBOR was $5.50 \%$ as of June 30, 2006. There were no borrowings against this facility at June 30, 2006.

In January 2001, we entered into a $\$ 90.0$ million, unsecured seven-year term loan agreement with a national banking institution. Borrowings under this facility bear interest based upon the $30-, 60$ - or 90 -day LIBOR plus a credit risk
spread ranging from $0.50 \%$ to $1.00 \%$, depending upon our quarterly ratio of funded debt to earnings before interest, taxes, depreciation, amortization and non-cash stock grant compensation. The 90 -day LIBOR was $5.50 \%$ as of June 30, 2006. The loan was fully funded on January 3, 2001, and a balance of $\$ 19.3$ million remained outstanding as of June 30, 2006. This loan is to be repaid in equal quarterly principal installments of $\$ 3.2$ million through December 2007. Effective January 2, 2002, we entered into an interest rate exchange("swap") agreement with a national banking institution to lock in an effective fixed interest rate of $4.53 \%$ for the remaining six years of the term loan, excluding our credit risk spread of between $0.50 \%$ and $1.00 \%$.

## Edgar Filing: BROWN \& BROWN INC - Form 10-Q

All of our credit agreements require us to maintain certain financial ratios and comply with certain other covenants. We were in compliance with all such covenants as of June 30, 2006 and December 31, 2005.

Neither we nor our subsidiaries has ever incurred off-balance sheet obligations through the use of, or investment in, off-balance sheet derivative financial instruments or structured finance or special purpose entities organized as corporations, partnerships or limited liability companies or trusts.

We believe that our existing cash, cash equivalents, short-term investment portfolio and funds generated from operations, together with our unsecured revolving credit facility described above, will be sufficient to satisfy our normal liquidity needs through at least the end of 2006. Additionally, we believe that funds generated from future operations will be sufficient to satisfy our normal liquidity needs, including the required annual principal payments on our long-term debt.

Historically, much of our cash has been used for acquisitions. If additional acquisition opportunities should become available that exceed our current cash flow, we believe that given our relatively low debt-to-total capitalization ratio, we would have the ability to raise additional capital through either the private or public debt markets.

## Disclosure Regarding Forward-Looking Statements

We make "forward-looking statements" within the "safe harbor" provision of the Private Securities Litigation Reform Act of 1995 throughout this report and in the documents we incorporate by reference into this report. You can identify these statements by forward-looking words such as "may," "will," "expect," "anticipate," "believe," "estimate," "plan" and " or similar words. We have based these statements on our current expectations about future events. Although we believe that our expectations reflected in or suggested by our forward-looking statements are reasonable, our actual results may differ materially from what we currently expect. Important factors which could cause our actual results to differ materially from the forward-looking statements in this report include:
material adverse changes in economic conditions in the markets we serve;
future regulatory actions and conditions in the states in which we conduct our business;
competition from others in the insurance agency and brokerage business;
$\cdot$ a significant portion of business written by Brown \& Brown is for customers located in California, Florida, Georgia, New Jersey, New York, Pennsylvania and Washington. Accordingly, the occurrence of adverse economic conditions, an adverse regulatory climate, or a disaster in any of these states could have a material adverse effect on our business, although no such conditions have been encountered in the past;

- the integration of our operations with those of businesses or assets we have acquired or may acquire in the future and the failure to realize the expected benefits of such integration; and
- other risks and uncertainties as may be detailed from time to time in our public announcements and Securities and Exchange Commission ("SEC") filings.

You should carefully read this report completely and with the understanding that our actual future results may be materially different from what we expect. All forward-looking statements attributable to us are expressly qualified by these cautionary statements.

We do not undertake any obligation to publicly update or revise any forward-looking statements.

## ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the potential loss arising from adverse changes in market rates and prices, such as interest rates and equity prices. We are exposed to market risk through our investments, revolving credit line and term loan agreements.

Our invested assets are held as cash and cash equivalents, restricted cash, available-for-sale marketable equity securities, non-marketable equity securities and certificates of deposit. These investments are subject to interest rate risk and equity price risk. The fair values of our cash and cash equivalents, restricted cash, and certificates of deposit at June 30, 2006 and December 31, 2005 approximated their respective carrying values due to their short-term duration and therefore such market risk is not considered to be material.

We do not actively invest or trade in equity securities. In addition, we generally dispose of any significant equity securities received in conjunction with an acquisition shortly after the acquisition date. However, we have no current intentions to add to or dispose of any of the 559,970 common stock shares of Rock-Tenn Company, a publicly-held New York Stock Exchange listed company, which we have owned for more than ten years. The investment in Rock-Tenn Company accounted for $72 \%$ and $68 \%$ of the total value of available-for-sale marketable equity securities, non-marketable equity securities and certificates of deposit as of June 30, 2006 and December 31, 2005, respectively. Rock-Tenn Company's closing stock price at June 30, 2006 and December 31, 2005 was $\$ 15.95$ and $\$ 13.65$ respectively. Our exposure to equity price risk is primarily related to the Rock-Tenn Company investment. As of June 30, 2006, the value of the Rock-Tenn Company investment was $\$ 8,932,000$.

To hedge the risk of increasing interest rates from January 2, 2002 through the remaining six years of our seven-year $\$ 90$ million term loan, on December 5, 2001 we entered into an interest rate swap agreement that effectively converted the floating rate interest payments based on LIBOR to fixed interest rate payments at $4.53 \%$. This agreement did not impact or change the required $0.50 \%$ to $1.00 \%$ credit risk spread portion of the term loan. We do not otherwise enter into derivatives, swaps or other similar financial instruments for trading or speculative purposes.

At June 30, 2006, the interest rate swap agreement was as follows:

| (in thousands, except | Contractual/ <br> Notional <br> Amount <br> percentages) | Fair Value | Weighted <br> Average <br> Pay Rates | Weighted <br> Average |
| :--- | :---: | :---: | :---: | :---: |
| Interest rate <br> Received Rates |  |  |  |  |
| swap agreement | $\$ 19,286$ | $\$ 167$ | $4.53 \%$ | $4.76 \%$ |

## ITEM 4. CONTROLS AND PROCEDURES

## Evaluation of Disclosure Controls and Procedures

We carried out an evaluation (the "Evaluation") required by Rules 13a-15 and 15d-15 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), under the supervision and with the participation of our Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of our disclosure controls and procedures as defined in Rule 13a-15 and 15d-15 under the Exchange Act ("Disclosure Controls"). Based on the Evaluation, our CEO and CFO concluded that the design and operation of our Disclosure Controls provide reasonable assurance that the Disclosure Controls, as described in this Item 4, are effective in alerting them timely to material information required to be included in our periodic SEC reports.

Edgar Filing: BROWN \& BROWN INC - Form 10-Q

## Changes in Internal Controls

There has not been any change in our internal control over financial reporting identified in connection with the Evaluation that occurred during the quarter ended June 30, 2006 that has materially affected, or is reasonably likely to materially affect, those controls.

## Inherent Limitations of Internal Control Over Financial Reporting

Our management, including our CEO and CFO, does not expect that our Disclosure Controls and internal controls will prevent all error and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, a control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

## CEO and CFO Certifications

Exhibits 31.1 and 31.2 are the Certifications of the CEO and the CFO, respectively. The Certifications are required in accordance with Section 302 of the Sarbanes-Oxley Act of 2002 (the "Section 302 Certifications"). This Item of this report, which you are currently reading, is the information concerning the Evaluation referred to in the Section 302 Certifications and this information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

## PART II

## ITEM 1. LEGAL PROCEEDINGS

As previously disclosed, the Company (a) is one of numerous defendants to putative class action lawsuits purporting to be brought on behalf of policyholders and consolidated and transferred to a New Jersey federal court by the Judicial Panel on Multi-District Litigation (the "Antitrust Actions"), (b) has received a shareholder demand, and (c) has supplied information to various governmental agencies in response to verbal and written requests and subpoenas, all concerning issues related to compensation, and specifically related to the payment of contingent commissions and

## Edgar Filing: BROWN \& BROWN INC - Form 10-Q

override commissions to insurance intermediaries, including the Company, by insurance carriers. The Company cannot currently predict the impact or resolution of the Antitrust Actions, the shareholder demand or the various governmental inquiries or lawsuits and thus cannot reasonably estimate a range of possible loss, which could be material, or whether the resolution of these matters may harm the Company's business and/or lead to a decrease in or elimination of contingent commissions and override commissions, which could have a material adverse impact on the Company's consolidated financial condition.

The Company is involved in numerous pending or threatened proceedings by or against Brown \& Brown, Inc. or one or more of its subsidiaries that arise in the ordinary course of business. The damages that may be claimed against the Company in these various proceedings are substantial, including in many instances claims for punitive or extraordinary damages. Some of these claims and lawsuits have been resolved, others are in the process of being resolved, and others are still in the investigation or discovery phase. The Company will continue to respond appropriately to these claims and lawsuits, and to vigorously protect its interests. Although the ultimate outcome of the matters referenced in this paragraph cannot be ascertained and liabilities in indeterminate amounts may be imposed on Brown \& Brown, Inc. or its subsidiaries, on the basis of present information, availability of insurance and legal advice received, it is the opinion of management that the disposition or ultimate determination of such claims will not have a material adverse effect on the Company's consolidated financial position. However, (i) as one or more of the Company's insurance carriers could take the position that portions of these claims are not covered by the Company's insurance, (ii) to the extent that payments are made to resolve claims and lawsuits, applicable insurance policy limits are eroded, and (iii) as the claims and lawsuits relating to these matters are continuing to develop, it is possible that future results of operations or cash flows for any particular quarterly or annual period could be materially and adversely affected by unfavorable resolutions of these matters.

## ITEM 1A. RISK FACTORS

There were no material changes from the risk factors previously disclosed in Item 1A, "Risk Factors" included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.
