Signet Group plc Board Recommends Move of Primary Listing to NYSE and Domicile to Bermuda

Signet Group plc ("Signet"), the world's largest speciality retail jeweller, announced today that it recommends a series of inter-related proposals to shareholders whereby the primary listing of the parent company of the Signet Group (the "Group") will be moved from the London Stock Exchange ("LSE") to the New York Stock Exchange ("NYSE") and, in parallel, the domicile of the parent company of the Group will be moved to Bermuda (the "Proposal"). This follows a period of extensive consultation with major shareholders, and unanimous approval by the board of directors of Signet (the "Board").

The Board believes that the Proposal is in the best interests of Signet and its shareholders taken as a whole. This is the natural next step in the evolution of Signet's shareholder base which has seen a steady growth in US ownership since 2003, including a significant increase over the last 12 months, with almost 50% of Signet's voting securities now being beneficially owned by US residents. The Proposal will align the place of listing with the majority of the Group's business activities. Currently over 70% of the Group's sales, operating profit and net assets are in the US. The Board considers there to be a potentially larger pool of investors in the US than in the UK who are more familiar with the Group's business model, have a better understanding of the underlying economic environment in the US and a lower exposure to foreign exchange movements impacting the value of their investment. In addition, the Board expects that the new parent company would benefit from its primary listing being amongst a more appropriate public company peer group.

Signet remains fully committed to enhancing its strong presence in the UK speciality jewellery market. As part of this ongoing investment, the new parent company of the Group wishes to continue to encourage UK and European share ownership and investment by applying for a secondary listing on the LSE to coincide with the commencement of trading its shares on the NYSE.

To be eligible for inclusion in US domestic stock indices the parent company of the Group could not remain domiciled in England and Wales. It was therefore decided to move the domicile of the Group's parent company to Bermuda, which is a well-established jurisdiction for companies traded on the NYSE and included in US domestic stock indices such as Standard & Poors. In addition, a change of domicile of the parent company of the Group to Bermuda will minimise the impact on shareholders by allowing it to have legal, regulatory, capital and financial positions largely consistent with those of Signet today. Furthermore, a change of domicile of the parent company of the Group to the US could cause adverse US tax consequences which do not arise if the domicile is in Bermuda.

The name of the new parent company will be Signet Jewelers Limited and it will report under US Generally Accepted Accounting Principles ("US GAAP"). Summary five year records derived, in part, from the audited accounts for the Group prepared under US GAAP are available on Signet's website at www.signetgroupplc.com.

The Proposal will be implemented by way of scheme of arrangement sanctioned by the high court of England and Wales ("Court") and will therefore be subject, amongst other things, to approval by Signet shareholders at a General Meeting, approval by Signet shareholders at a separate Court convened meeting and sanction by the Court. These two shareholder meetings are intended to be held on or about 19 August 2008. Current and potential holders of Signet American Depositary Shares ("ADSs") should note that only those persons who hold ADSs as of the close of business in New York on 17 July 2008 will be entitled to instruct Deutsche Bank Trust Company Americas (as ADS Depository) as to the exercise of the voting rights pertaining to the shares in Signet represented by their respective Signet ADSs at the two shareholder meetings.

As part of the Proposal, it is also intended that Signet Jewelers Limited implements a one-for-twenty share capital consolidation (also known as a reverse stock split) immediately after the scheme of arrangement becomes effective. Such a share capital consolidation should cause the shares in Signet Jewelers Limited to trade initially on the NYSE at a price more readily comparable to its peers.

Following implementation of the Proposal, Signet Jewelers Limited intends to adopt a dividend policy that will continue to take into account the needs of the business including its store development programme, the significant competitive advantages of a strong balance sheet, as well as the wider economic environment. The board of Signet Jewelers Limited will also take account of the payout ratio of US listed speciality retailers, which are typically lower than in the UK. The board of Signet Jewelers Limited may also consider the repurchase of shares from time to time.

A circular containing the full details of the proposals to be considered at the shareholder meetings will be sent to holders of Signet ordinary shares and ADSs on or about 24 July 2008 (subject to approval by the Court and the UK Listing Authority). The circular will also be available on Signet's website www.signetgroupplc.com from that date. If approved, the change in primary listing and domicile is expected to be completed on or about 11 September 2008.

Sir Malcolm Williamson, Chairman of Signet Group plc, commented "Having our primary stock listing on the New York Stock Exchange is the natural next step in the evolution of Signet. The proposal will align the place of primary listing with the Group's business activities, which are predominantly based in the US, and where the Board expects the majority of its future growth to take place."
