**Notification  
of Transactions of Directors and  
Persons Discharging  
Managerial Responsibility  
Awards  
made by  
GlaxoSmithKline**

On  
28 May  
2009  
the Company granted  
share-based awards to Directors  
and  
Persons Discharging Managerial Responsibility

under the  
GlaxoSmithKline  
2009  
Performance Share Plan  
("the 2009 Performance Share Plan")  
. These awards  
are subject to performance conditions  
.

The  
2009  
Performance Share Plan  
was  
approved by shareholders on  
20 May 2009  
, and allows  
awards to be made to senior executives in the Group, including the Executive Directors.

The details of these awards are shown below.

**2009**

**Performance Share Plan**

Under the terms of the  
2009 Performance  
Share Plan, contingent awards  
are granted  
over a

designated number of Ordinary shares or American Depository Shares (ADSs), with the percentage of awards ultimately vesting depending on performance.

There are two parts to the performance condition

:

- 60% of each award is subject to a Total Shareholder Return ("TSR") condition .
- The remaining 40% of each award is subject to an Adjusted Free Cash Flow target .

The performance period for the part which is subject to Free Cash Flow and for 50% of the part which is subject to TSR is three years

(  
1 January 2009

to

31 December 2011  
) and for the other 50%  
of the part subject to TSR

is four years (  
1 January 2009  
to  
31 December 2012

)

.

The TSR Condition:-

The TSR condition compares the TSR of the Company's

shares with the TSR of the shares of 12 comparator companies over the performance periods

. No awards will vest if  
the Company

delivers returns which, when ranked against these companies, rank below the  
median

.  
At median position, vesting is at 30%.  
Vesting increases on a sliding scale  
with  
100% of the award vesting where the Company is ranked  
in the upper quartile of  
the comparator group

.  
For these purposes, "Median" is calculated as the average TSR performance of the 6<sup>th</sup>  
and 7<sup>th</sup>  
placed companies in the comparator group (when excluding the Company). "Upper Quartile" is calculated  
as the average TSR performance of the 3<sup>rd</sup>  
and 4<sup>th</sup>  
placed companies in the comparator group (when excluding the Company).

Where  
the Company  
's TSR performance falls between two comparator companies, vesting is calculated on a straight-line basis

.  
To the extent that each part of an award does not vest after the appropriate performance period, it  
will  
lapse.

The companies in the  
TSR  
comparator group are Abbott Laboratories, AstraZeneca, Bristol-Myers Squibb, Eli Lilly & Co, Johnson &  
Johnson, Merck, Novartis, Pfizer, Roche, Sanofi-Aventis, Schering-Plough, and Wyeth.

It is currently anticipated that two of the companies in the TSR comparator group may be acquired during  
the performance period, in which case the comparator group will be reduced to 10 companies and the  
vesting schedule will be adjusted accordingly.

The Adjusted Free Cash Flow target:-

Adjusted  
Free Cash Flow represents the operating profit of the business  
adjusted for material factors  
which would typically include exchange rate movements and may include legal and major taxation  
settlements and special pension contributions. The impact of any acquisition or divestment will be  
quantified and adjusted for at the time of the event. The Free Cash Flow target for these awards is £13.5  
billion, where vesting  
for this part of each award

will be at 25%, with maximum vesting for this part of the award at £16 billion. Vesting between these levels will be on a straight-line basis.

To the extent that this part of the award does not vest at the end of

the performance period, it will lapse.

The individuals in the tables below, who are all Executive Directors or persons discharging managerial responsibility

(PDMRs)

, were each granted an award under the terms of the 2009

Performance Share

Plan as set out. Awards are granted over either the Company's 25p Ordinary

shares or over the Company's ADSs. One ADS equals two Ordinary shares.

Dividends accrue on the shares during the vesting period and vest to the extent that awards vest

at the end of the relevant performance period (these are not included in the figures below)
