Item No. 7.01 - Regulation FD Disclosure

On January 11, 2011, Signet Jewelers Limited issued the following press release:

Signet Achieves 8.1% Increase in Holiday Same Store Sales and Provides Guidance for Fiscal 2011

HAMILTON, Bermuda, January 11, 2011 - Signet Jewelers Ltd ("Signet") (NYSE and LSE: SIG), the world's largest specialty retail jeweler, today announced its sales for the nine weeks ended January 1, 2011 ("Holiday Season") and expectations for Fiscal 2011 (year ending January 29, 2011).

	Same Store Sales ¹	
	To January 1, 2011	
	9 weeks	48 weeks
· Signet Jewelers	up 8.1%	up 6.6%
· US division	up 11.7%	up 8.9%
· UK division	down 4.2%	down 1.7%

Expectations for Fiscal 2011 Results

- Income before income tax: \$287.5 million - \$302.5 million, up 25% - 31%¹
- Diluted earnings per share: \$2.20 - \$2.32, up 20% - 27%¹

Expectations for Fiscal 2011 Results Excluding Non-recurring Item²
(See Note 2: "Non-GAAP Measures" below)

- Adjusted income before income tax: \$335 million - \$350 million, up 45% - 52%¹
- Adjusted diluted earnings per share: \$2.54 - \$2.66, up 39% - 45%¹
- Free cash flow³ expectation increased to \$275 million - \$300 million, before 'Make Whole' payment

¹ See Note 1

² \$47.5 million 'Make Whole' payment arising from prepayment of private placement notes on November 26, 2010, after tax cost \$29.5 million (the "Make Whole Payment").

³ Net cash provided by operating activities less cash flows used in investing activities.

Terry Burman, Chief Executive, commented: "We are very pleased with our Holiday Season performance, particularly in the US division which increased same store sales by 11.7%, following a 7.5% rise in the comparable period last year. We believe that our long term strategy of focusing on the further development of products that differentiate us

from our competitors, best in class customer service, and great marketing campaigns that leverage our leading share of voice has once again proven to be successful. This strategy increasingly sets us apart in the marketplace and drives profitable market share gains. The UK was negatively impacted by exceptionally adverse winter weather; however divisional management maintained very good control of gross merchandise margin and costs.

Reflecting the very strong Holiday Season, we now expect an increase of about 42% in adjusted earnings per share in Fiscal 2011, with operating margins up in the US and little changed in the UK. In addition, we are increasing our guidance for free cash flow to \$275 million to \$300 million before the Make Whole Payment, compared to our original target at the start of Fiscal 2011 of \$150 million to \$200 million.

We believe that Signet is well positioned for Fiscal 2012 with an excellent management team, a pipeline of new initiatives and the ability to continue to invest in our sustainable competitive advantages because of our strong balance sheet."

This release contains statements which are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements, based upon management's beliefs and expectations as well as on assumptions made by and data currently available to management, appear in a number of places throughout this release and include statements regarding, among other things, Signet's results of operation, financial condition, liquidity, prospects, growth, strategies and the industry in which Signet operates. The use of the words "expects," "intends," "anticipates," "estimates," "predicts," "believes," "should," "potential," "may," "forecast," "objective," "plan," or "target," and other similar expressions are intended to identify forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to a number of risks and uncertainties, including but not limited to general economic conditions, the merchandising, pricing and inventory policies followed by Signet, the reputation of Signet and its brands, the level of competition in the jewelry sector, the cost and availability of diamonds, gold and other precious metals, regulations relating to consumer credit, seasonality of Signet's business, financial market risks, deterioration in consumers' financial condition, exchange rate fluctuations,

changes in consumer attitudes regarding jewelry, management of social, ethical and environmental risks, inadequacy in and disruptions to internal controls and systems, changes in assumptions used in making accounting estimates relating to items such as extended service plans and pensions, and risks relating to Signet being a Bermuda corporation.

For a discussion of these and other risks and uncertainties which could cause actual results to differ materially, see the "Risk Factors" section of Signet's Fiscal 2010 Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission on March 30, 2010. Actual results may differ materially from those anticipated in such forward-looking statements. Signet undertakes no obligation to update or revise any forward-looking statements to reflect subsequent events or circumstances, except as required by law.

For Fiscal 2011, income before income taxes is anticipated to be between \$287.5 million and \$302.5 million, up 25% to 31% from \$230.5 million in Fiscal 2010, see Note 1. Diluted earnings per share are estimated to be between \$2.20 and \$2.32, an increase of 20% to 27% from \$1.83 in Fiscal 2010, see Note 1. Excluding a non-recurring 'Make Whole' payment of \$47.5 million arising from the prepayment in full of private placement notes on November 26, 2010 (the "Make Whole Payment"), income before income taxes is expected to be between \$335 million and \$350 million, up 45% to 52%, with diluted earnings per share of between \$2.54 and \$2.66, up 39% to 45%; non-GAAP measures see Note 2. These forecasts include an expense currently estimated at \$6 million to \$7 million, incurred from the appointment of a new chief executive officer, whose contract includes compensation for amounts foregone from his prior employment.

In Fiscal 2011, free cash flow (cash flow from operations less cash flows used in investing activities) before the Make Whole Payment is forecast to be between \$275 million and \$300 million.

US division (~ 80% of annual sales)

Edgar Filing: SIGNET JEWELERS LTD - Form 8-K

In the nine week period to January 1, 2011, the US division's same store sales rose by 11.7%, compared to an increase of 7.5% in the comparable period last year, and total sales were up by 10.4%. The breakdown of US same store sales performance is shown in Table 2 below. New differentiated branded merchandise, in particular Charmed Memories™, performed well and established programs including Open Hearts by Jane Seymour™, Love's Embrace™, the Leo Diamond™ and LeVian™ continued to make an important contribution. Exclusive brands in test, such as Neil Lane Bridal™ and the Perfected by Tolokowsky™ diamond, were also very successful. In total, differentiated branded merchandise is expected to increase its participation in US sales by about 300 basis points in Fiscal 2011 compared to Fiscal 2010.

1 Excludes the charm bracelet category, a product with an average unit selling price considerably lower, and a multiple purchase and frequency of purchase much greater, than products historically sold by the division.

NOTES TO RELEASE

Note 1 - Correction of immaterial error

During the third quarter of Fiscal 2011, Signet changed its accounting for extended service plans. Previously, revenue from the sale of extended service plans was deferred, net of direct costs arising from the sale, and was recognized in proportion to the historical actual claims incurred. Signet conducted a review of the claims cost patterns, including estimates of future claims costs expected to be incurred, and concluded that the deferral period required extension and that claims cost is a more appropriate basis for revenue recognition than the number of claims incurred. In addition, Signet now defers all revenues and recognizes direct costs in proportion to the revenue recognized. These changes are in accordance with ASC 605-20-25. The impact resulted in an overstatement of extended service plan revenue and an understatement of deferred revenue. These plans are only sold by the US division and therefore only affect the US segment reporting.

Signet evaluated the effects individually and in the aggregate and determined that its prior period financial statements are not materially misstated. However, Signet determined that the cumulative effect of adjusting in the third quarter of Fiscal 2011 would be material to the Fiscal 2011 financial statements. Therefore, Signet adjusted the affected prior periods and presented the results in its third quarter report.

All comparative numbers and percentages in this announcement reflect the impact of applying this correction for all periods presented.

As a result of applying this correction, the Fiscal 2010 consolidated income statement is presented below for comparative purposes and was impacted as follows:

Note 2 - Non-GAAP Measures

Impact of constant exchange rates

Signet has historically used constant exchange rates to compare period-to-period changes in certain financial data.

This is referred to as 'at constant exchange rates' throughout this release. Management considers this to be a useful measure for analyzing and explaining changes and trends in Signet's results. Management does not, nor does it suggest investors should, consider non-GAAP financial measures in isolation from or as a substitute for, financial information prepared in accordance with GAAP. Signet provides such non-GAAP information in reporting its financial results to provide investors with additional data to evaluate its operating results. The impact of the re-calculation of sales growth at constant exchange rates is shown below:

	Growth at actual exchange rates	Impact of exchange rate movement	Growth at constant exchange rates (non-GAAP)

UK, Channel Islands & Republic of Ireland	(6.4)	3.1	(3.3)
	4.8	0.7	5.5

Impact of Make Whole Payment

On November 26, 2010, Signet incurred a \$47.5million non-recurring Make Whole Payment arising from the prepayment in full of its private placement notes. Management considers it useful to exclude this significant, unusual and non-recurring item to analyze and explain changes and trends in Signet's results. The impact is shown below:

	Income before income taxes	Diluted EPS
	\$ million	\$
Fiscal 2011 Forecast	287.5 to 302.5	2.20 to 2.32
Impact of Make Whole Payment	47.5	0.34

Item 8.01 Other Events.

Prior to the fourth quarter Fiscal 2010 (year ended January 30, 2010), Signet did not split out by brand US divisional same store sales. This information is presented below for Fiscal 2009 (year ended January 31, 2009), Fiscal 2010 and Fiscal 2011 (through October 30, 2010) and incorporates the impact of applying the change in accounting for Signet's extended service plans as discussed in Note 1 to Item 7.01 above.
