Notification of Transactions of
Directors and Persons Discharging Managerial Responsibility

Vesting of conditional options granted under GlaxoSmithKline Share Option Plan

This notification sets out information relating to the vesting of share options granted in 2009 under the GlaxoSmithKline Share Option Plan (SOP).

On 17 February 2009, share options were granted under the SOP to Executive Directors and Persons Discharging Managerial Responsibility (PDMR) at an option price of £11.77, or US \$33.42 in the case of an American Depositary Share (ADS). The exercise of the options was subject to an EPS performance condition.

The performance period for 50% of the options granted in 2009 to Executive Directors and PDMRs commenced on 1 January 2009 and ended on 31 December 2011. The remaining 50% of the option is subject to meeting a performance condition over a four-year performance period which commenced on 1 January 2009 and will end on 31 December 2012.

The Company did not achieve the EPS performance condition at the end of the three-year performance period to 31 December 2011 and therefore the Remuneration Committee has confirmed the options conditionally granted to the participants listed below all lapsed on 17 February 2012. The remaining 2009 options subject to the four-year performance period ending 31 December 2012 will be assessed in February 2013 and are also set out below.

Options were also granted in 2009 to senior executives who have since become PDMRs. Those options were not subject to performance conditions and become exercisable three years after the date of grant. The Remuneration Committee has confirmed that all of those options became exercisable (with an option price of £11.77) on 17 February 2012.
