Proxy Statement for the Annual Meeting of Stockholders

to be Held on Wednesday, October 1, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of American Superconductor Corporation (the "Company") for use at the Annual Meeting of Stockholders to be held on Wednesday, October 1, 2003 (the "Annual Meeting") and at any adjournment of the Annual Meeting. All executed proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, executed proxies will be voted in favor of the matters set forth in the accompanying Notice of Meeting. Any proxy may be revoked by a stockholder at any time before its exercise by delivery of written revocation or a subsequently dated proxy to the Secretary of the Company or by voting in person at the Annual Meeting.

On August 19, 2003, the record date for the determination of stockholders entitled to vote at the Annual Meeting, there were outstanding and entitled to vote an aggregate of 21,343,720 shares of Common Stock of the Company (constituting all of the voting stock of the Company). Holders of Common Stock are entitled to one vote per share.

The Company's Annual Report for the fiscal year ended March 31, 2003 ("fiscal 2003") is being mailed to stockholders, along with these proxy materials, on or about September 10, 2003.

The text of the Company's Annual Report on Form 10-K for the year ended March 31, 2003, as filed with the Securities and Exchange Commission (the "SEC"), is included without exhibits in the Company's Annual Report. Exhibits will be provided upon written request addressed to the Company, Attention: Investor Relations, at no charge.

Votes Required

The holders of a majority of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares of Common Stock represented in person or by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum is present at the Annual Meeting.

The affirmative vote of the holders of a plurality of the shares of Common Stock voting on the matter is required for the election of directors (Proposal 1). The affirmative vote of the holders of a majority of the shares of Common Stock voting on the matter is required for approval of the amendment to the 2000 Employee Stock Purchase Plan (Proposal 2) and the ratification of the selection by the Audit Committee of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year (Proposal 3).

Edgar Filing: AMERICAN SUPERCONDUCTOR CORP /DE/ - Form DEF 14A

Shares that abstain from voting as to a particular matter, and shares held in street name by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter, will not be considered as present and entitled to vote with respect to a particular matter and will have no effect on the voting on such matter. Accordingly, neither abstentions nor broker non-votes will have any effect upon the outcome of voting with respect to the election of directors, which requires a plurality of the Common Stock cast, or (i) the amendment to the 2000 Employee Stock Purchase Plan (Proposal 2) or (ii) the ratification of the selection by the Audit Committee of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year (Proposal 3), both of which require an affirmative vote of a majority of the Common Stock present or represented by proxy and voting on the matter.

Options become exercisable over a five-year period and generally terminate 60 days following termination of the Senior Executive's employment with the Company or ten years following the grant date, whichever occurs earlier. Stock options granted by the Company pursuant to incentive stock option agreements become immediately exercisable in full upon a change in control, as defined in such agreements.
- (2) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercises of the option or the sale of the underlying shares. The actual gains, if any, on the exercises of stock options will depend on the future performance of the Common Stock, the optionholder's continued employment through the option period, and the date on which the options are exercised.

Dr. Yurek and Dr. Malozemoff are each party to an employment agreement with the Company. The term of each agreement commenced on December 4, 1991 and continues until terminated as follows: by the employee, at any time upon at least 90 days prior notice; by the Company for cause (as defined in the employment agreement); by the Company without cause (in which case, for a 12-month period following the date of termination, the employee shall continue to receive his salary and other benefits and his stock options shall continue to vest); or as a result of the death or disability of the employee (in which case his stock options shall become immediately exercisable for the number of additional shares as to which they would have become exercisable if his employment had continued for an additional 12 months). Under the terms of each employment agreement, the employee agrees that, among other things, he will not engage in a business competitive with that of the Company until one year after the later of the termination of his employment with the Company or the expiration of the one-year period during which his compensation and benefits continue in the event of an employment termination without cause. The Company has the right to extend the period for which these restrictions remain in effect for an additional one-year period by continuing the employee's salary and benefits for this additional period.

COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

This report addresses the compensation policies of the Company applicable to its officers during fiscal 2003. The Company's executive compensation program is administered by the Compensation Committee of the Board of Directors (the Committee), which is comprised of three non-employee directors. The Committee is responsible for determining the compensation package of each executive officer, including the Chief Executive Officer. In fiscal 2003, the Board of Directors did not modify in any material way or reject any action or recommendation of the Committee with respect to executive officer compensation.

The objectives of the Committee in determining executive compensation are (i) to recognize and reward exceptional performance by the Company's executives, (ii) to provide incentives for high levels of current and future performance, and (iii) to align the objectives and rewards of Company executives with those of the stockholders of the Company. The Committee believes that an executive compensation program that achieves these objectives will not only properly motivate and compensate the Company's current officers, including the Chief Executive Officer, but will enable the Company to attract other officers that may be needed by the Company in the future.

The executive compensation program is implemented through three principal elements: base salary, an annual incentive plan based on team and individual contributions to corporate success and stock option grants.

In establishing the salary of officers, including the Chief Executive Officer, the Committee considers the individual performance of the officer, the performance of the Company as a whole, the nature of the individual's responsibilities, historic salary levels of the individual, and the median level of cash compensation paid to officers in comparable positions at other companies whose business and/or financial position is similar to that of the Company. For purposes of this comparison, the Committee considers the executive compensation of a range of public technology-oriented companies whose business, stage of development, financial position and/or recent financial performance are similar to that of the Company, as well as the companies included in the Peer Index in the Stock Performance Graph.

The Committee has determined that the salaries paid to the Company's officers, including the Chief Executive Officer, are appropriately positioned relative to the median cash compensation levels for executives with comparable responsibilities in similar firms and the contributions of the individuals to the success of the firm.

Beginning in 1996, the Committee implemented an annual incentive compensation plan for all officers, including the Chief Executive Officer. Awards under the plan reflect team and individual contributions to the achievement of predetermined Company objectives, including financial objectives, product development objectives, and marketing and business development objectives. The Committee believes it is appropriate for officers to have a portion of their annual cash compensation dependent upon performance in that year, and the Committee may consider increasing the at risk portion of executive compensation over time. However, in an effort to preserve cash, the Company's executive officers, including the Chief Executive Officer, will not receive their incentive compensation payments for fiscal 2003, which payments would have been made in fiscal 2004.

The Committee uses stock options as a significant element of the compensation package of the officers, including the Chief Executive Officer, because they provide an incentive to executives to maximize stockholder value, because they reward the officers only to the extent that stockholders also benefit, and because the vesting of the options (the options generally become exercisable in installments over a five-year period) serves as a means of retaining these officers. In granting stock options to certain officers, the Committee considers a number of factors including the performance of the officer, the responsibilities of the officer, the officer's current stock or option holdings, and the median levels of long term incentives paid to officers with comparable responsibilities in similar companies, including the companies included in the Peer Index

in the Stock Performance Graph. It has been the practice of the Committee to fix the exercise price of options granted at 100% of the fair market value of the Common Stock on the date of grant.

The Board of Directors recognizes that it is essential for officers of the Company to establish and maintain an ownership position in the Company. In order to ensure that this expectation is met, the Board of Directors has established guidelines relating to stock ownership and disposition for all officers under which an officer is strongly encouraged to establish and maintain ownership of shares in an amount directly proportional to the number of shares exercised. The Committee considers each officer's compliance with these guidelines in the establishment of ongoing option grants. All officers, including the Chief Executive Officer, are in compliance with this policy.

In evaluating corporate and individual performance for the purposes of determining salary levels, awarding bonuses and granting stock options, the Committee considers the progress and success of the Company with respect to matters such as product development, strategic alliances, and enhancement of the Company's patent and licensing position, as well as changes in scope of responsibility for specific individuals.

The Committee also takes into account, to the extent it believes appropriate, the limitations on the deductibility of executive compensation imposed by Section 162(m) of the Internal Revenue Code in determining compensation levels and practices.

AUDIT COMMITTEE REPORT

The Audit Committee operates under a written charter adopted by the Board of Directors. The current charter is attached as *Appendix A* to this Proxy Statement.

The Audit Committee reviewed the Company's audited financial statements for the fiscal year ended March 31, 2003 and discussed these financial statements with the Company's management. Management is responsible for the Company's internal controls and the financial reporting process, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles (GAAP). The Company's independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with GAAP and issue a report on those financial statements. As appropriate, the Audit Committee reviews and evaluates, and discusses with the Company's management, internal accounting, financial and auditing personnel, and the independent auditors, the following:

the plan for, and the independent auditors' report on, each audit of the Company's financial statements;

the Company's financial disclosure documents, including all financial statements and reports filed with the SEC or sent to shareholders;

changes in the Company's accounting practices, principles, controls or methodologies;

significant developments or changes in accounting rules applicable to the Company; and

the adequacy of the Company's internal controls and accounting, financial and auditing personnel.

Management represented to the Audit Committee that the Company's financial statements had been prepared in accordance with GAAP.

The Audit Committee also discussed with PricewaterhouseCoopers LLP, the Company's independent auditors, the Company's audited financial statements and the matters required to be discussed by applicable accounting standards and Audit Committee rules, including the matters required by Statement on Auditing Standards 61 (*Communication with Audit Committees*).

The Company's independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*). Independence Standards Board Standard No. 1 requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent auditors their independence from the Company. The Audit Committee also considered whether the independent auditors' provision of certain non-audit services to the Company is compatible with maintaining such auditors' independence.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the Company's Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2003.

**APPROVAL OF AMENDMENT TO THE
2000 EMPLOYEE STOCK PURCHASE PLAN
(PROPOSAL 2)**

The Board of Directors of the Company believes that the opportunity for non-executive employees to purchase Common Stock under the Company's 2000 Employee Stock Purchase Plan (the "2000 Purchase Plan") has been, and will continue to be, important to encourage the employees' continued services.

Accordingly, on August 27, 2003, the Board of Directors voted, subject to stockholder approval, to amend the 2000 Purchase Plan to increase the number of shares issuable under the 2000 Purchase Plan from 250,000 to 500,000.

The Board of Directors of the Company believes that this amendment to the 2000 Purchase Plan is in the best interests of the Company and its stockholders and recommends a vote FOR this proposal.

The 2000 Purchase Plan is summarized below. This summary is qualified in its entirety by reference to the full text of the 2000 Purchase Plan, a copy of which (as proposed to be amended) is attached as *Appendix B* to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's website at www.sec.gov. In addition, a copy of the 2000 Purchase Plan may be obtained from the Secretary of the Company.

Summary of the 2000 Employee Stock Purchase Plan

The Company's 2000 Purchase Plan authorizes the issuance of up to 250,000 shares of Common Stock to participating employees. The amendment would increase this number to 500,000 shares of Common Stock.

All employees of the Company (other than executive officers) and of participating subsidiaries whose customary employment is for more than 20 hours per week and for more than five months in any calendar year and who are employed on the first day of a designated payroll deduction offering period are eligible to participate in an offering under the 2000 Purchase Plan. However, employees who would immediately after participating in an offering own 5% or more of the total combined voting power or value of the Company's Common Stock are not eligible to participate in the 2000 Purchase Plan. As of August 31, 2003, 248 of the Company's employees were eligible to participate in the 2000 Purchase Plan.

The 2000 Purchase Plan is implemented through a series of six-month offering periods. The first offering commenced on October 1, 2000. To participate in an offering under the 2000 Purchase Plan, an employee must authorize the Company to deduct any whole percentage from 1% to 10% of his or her base pay during the offering period. At the end of each offering period, the accumulated payroll deductions of each participating employee is used to purchase shares of Common Stock at the purchase price for that offering period. The purchase price of the shares in each offering period is 85% of the closing price per share of the Common Stock on the NASDAQ National Market on either the first day or last day of the offering period, whichever is lower.

Because participation in the 2000 Purchase Plan is voluntary, the Company cannot determine the number of shares of Common Stock to be purchased in the future by non-executive employees as a group. However, since the 2000 Purchase Plan has been in effect, the Company has issued an average of 41,879 shares per offering period under the 2000 Purchase Plan. Executive officers and directors cannot participate in the 2000 Purchase Plan.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that will arise with respect to participation in the 2000 Purchase Plan and with respect to the sale of Common Stock acquired under

the 2000 Purchase Plan. This summary is based on the tax laws in effect as of the date of this Proxy Statement. Changes to these laws could alter the tax consequences described below.

Tax Consequences to Participants. A participant will not have income upon enrolling in the 2000 Purchase Plan or upon purchasing stock at the end of an offering.

A participant may have both compensation income and capital gain income if the participant sells stock that was acquired under the 2000 Purchase Plan at a profit (if sales proceeds exceed the purchase price). The amount of each type of income will depend on when the participant sells the stock. If the participant sells the stock more than two years after the commencement of the offering during which the stock was purchased and more than one year after the date that the participant purchased the stock, then the participant will have compensation income equal to the lesser of:

15% of the value of the stock on the day the offering commenced; and

the participant's profit.

Any excess profit will be long-term capital gain.

If the participant sells the stock prior to satisfying these waiting periods, then he or she will have engaged in a disqualifying disposition. Upon a disqualifying disposition, the participant will have compensation income equal to the value of the stock on the day he or she purchased the stock less the purchase price. If the participant's profit exceeds the compensation income, then the excess profit will be a capital gain. If the participant's profit is less than the compensation income, the participant will have a capital loss equal to the value of the stock on the day he or she purchased the stock less the sales proceeds. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

If the participant sells the stock at a loss (if sales proceeds are less than the purchase price), then the loss will be a long-term capital loss. This capital loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to the Company. There will be no tax consequences to the Company except that it will be entitled to a deduction when a participant has compensation income upon a disqualifying disposition. Any such deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

(PROPOSAL 3)

The Audit Committee has selected the firm of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year. PricewaterhouseCoopers LLP or its predecessor company, Coopers & Lybrand LLP, has served as the Company's independent auditors since the Company's inception. Although stockholder approval of the Audit Committee's selection of PricewaterhouseCoopers LLP is not required by law, the Audit Committee believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Audit Committee may reconsider its selection of PricewaterhouseCoopers LLP.

The Board of Directors recommends a vote FOR ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for the current fiscal year.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Audit Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered for the audit of the Company's financial statements for the fiscal year ended March 31, 2003 and for the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for fiscal 2003 were \$121,000.

Income Tax Fees

The aggregate fees billed by PricewaterhouseCoopers LLP for professional services rendered to the Company relating to income tax matters for fiscal 2003 were \$43,425.

Financial Information Systems Design and Implementation Fees

PricewaterhouseCoopers LLP did not bill the Company for any professional services rendered to the Company and its affiliates for fiscal 2003 in connection with financial information systems design or implementation, the operation of the Company's information system or the management of its local area network.

All Other Fees

Edgar Filing: AMERICAN SUPERCONDUCTOR CORP /DE/ - Form DEF 14A

PricewaterhouseCoopers LLP did not bill the Company for any services rendered to the Company, other than the services described above under Audit Fees and Income Tax Fees, for fiscal 2003.

OTHER MATTERS

The Board of Directors does not know of any other matters that may come before the Annual Meeting. However, if any other matters are properly presented to the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote, or otherwise act, in accordance with their judgment on such matters.

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and employees, without additional remuneration, may solicit proxies by telephone, telegraph and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and, as required by law, the Company will reimburse them for their out-of-pocket expenses in this regard.

Proposals of stockholders intended to be presented at the 2004 Annual Meeting of Stockholders must be received by the Company at its principal office in Westborough, Massachusetts not later than May 13, 2004 for inclusion in the proxy statement for that meeting; provided that if the 2004 Annual Meeting is more than 30 days from the date of the 2003 Annual Meeting, such proposals must be received a reasonable time before the Company begins to print and mail the Proxy Statement for the 2004 Annual Meeting.

Stockholders who wish to make a proposal at the 2004 Annual Meeting other than one that will be included in the Company's proxy materials should notify the Company no later than July 27, 2004; provided that if the 2004 Annual Meeting is more than 30 days from the date of the 2003 Annual Meeting, such notice must be received a reasonable time before the Company begins to print and mail the Proxy Statement for the 2004 Annual Meeting. If a stockholder who wishes to present a proposal fails to notify the Company by this date, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC's proxy rules.

Important Notice Regarding Delivery of Securityholder Documents

The Company has adopted the cost saving practice of householding proxy statements and annual reports. Some banks, brokers and other nominee record holders are also householding proxy statements and annual reports for their customers. This means that only one copy of the Company's Proxy Statement or annual report may have been sent to multiple shareholders in your household unless the Company has received instructions otherwise. The Company will promptly deliver a separate copy of either document to you if you write to or call the Company at the following address or phone number: Investor Relations, American Superconductor Corporation, Two Technology Drive, Westborough, Massachusetts 01581, (508) 836-4200. AMERICAN SUPERCONDUCTOR CORPORATION

2000 EMPLOYEE STOCK PURCHASE PLAN

The purpose of this Plan is to provide eligible employees of American Superconductor Corporation (the Company) and certain of its subsidiaries with opportunities to purchase shares of the Company's common stock, \$.01 par value (the Common Stock), commencing on October 1, 2000. Two hundred fifty thousand (250,000) shares of Common Stock in the aggregate have been approved for this purpose. This Plan is intended to qualify as an employee stock purchase plan as defined in Section 423 of the Internal Revenue Code of 1986, as amended (the Code), and the regulations promulgated thereunder, and shall be interpreted consistent therewith.

1. **Administration.** The Plan will be administered by the Company's Board of Directors (the Board) or by a Committee appointed by the Board (the Committee). The Board or the Committee has authority to make rules and regulations for the administration of the Plan and its interpretation and decisions with regard thereto shall be final and conclusive.

2. **Eligibility.** All employees of the Company and all employees of any subsidiary of the Company (as defined in Section 424(f) of the Code) designated by the Board or the Committee from time to time (a Designated Subsidiary), are eligible to participate in any one or more of the offerings of Options (as defined in Section 9) to purchase Common Stock under the Plan provided that:

(a) they are customarily employed by the Company or a Designated Subsidiary for more than 20 hours a week and for more than five months in a calendar year;

(b) they are employees of the Company or a Designated Subsidiary on the first day of the applicable Plan Period (as defined below); and

(c) they are not executive officers that are highly compensated employees as defined in Section 414(q)(D) of the Code.

No employee may be granted an option hereunder if such employee, immediately after the option is granted, owns 5% or more of the total combined voting power or value of the stock of the Company or any subsidiary. For purposes of the preceding sentence, the attribution rules of Section 424(d) of the Code shall apply in determining the stock ownership of an employee, and all stock which the employee has a contractual right to purchase shall be treated as stock owned by the employee.

3. **Offerings.** The Company will make one or more offerings (Offerings) to employees to purchase stock under this Plan. Offerings will begin each October 1 and April 1, or the first business day thereafter (the Offering Commencement Dates). Each Offering Commencement Date will begin a six month period (a Plan Period) during which payroll deductions will be made and held for the purchase of Common Stock at the end of the Plan

B-1

Period. The Board or the Committee may, at its discretion, choose a different Plan Period of twelve (12) months or less for subsequent Offerings. The maximum number of shares available for issuance under this Plan in any one Plan Period shall be 50,000.

4. Participation. An employee eligible on the Offering Commencement Date of any Offering may participate in such Offering by completing and forwarding a payroll deduction authorization form to the employee's appropriate payroll office at least 15 days prior to the applicable Offering Commencement Date. The form will authorize a regular payroll deduction from the Compensation received by the employee during the Plan Period. Unless an employee files a new form or withdraws from the Plan, his or her deductions and purchases will continue at the same rate for future Offerings under the Plan as long as the Plan remains in effect. The term "Compensation" means the amount of money reportable on the employee's Federal Income Tax Withholding Statement, excluding overtime, shift premium, incentive or bonus awards, allowances and reimbursements for expenses such as relocation allowances for travel expenses, income or gains on the exercise of Company stock options or stock appreciation rights, and similar items, whether or not shown on the employee's Federal Income Tax Withholding Statement, but including, in the case of salespersons, sales commissions to the extent determined by the Board or the Committee.

5. Deductions. The Company will maintain payroll deduction accounts for all participating employees. With respect to any Offering made under this Plan, an employee may authorize a payroll deduction of any whole percentage up to a maximum of 10% of the Compensation he or she receives during the Plan Period or such shorter period during which deductions from payroll are made. The minimum payroll deduction is such percentage of compensation as may be established from time to time by the Board or the Committee.

No employee may be granted an Option (as defined in Section 9) which permits his rights to purchase Common Stock under this Plan and any other employee stock purchase plan (as defined in Section 423(b) of the Code) of the Company and its subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of such Common Stock (determined at the Offering Commencement Date of the Plan Period) for each calendar year in which the Option is outstanding at any time.

6. Deduction Changes. An employee may decrease or discontinue his payroll deduction once during any Plan Period, by filing a new payroll deduction authorization form. However, an employee may not increase his payroll deduction during a Plan Period. If an employee elects to discontinue his payroll deductions during a Plan Period, but does not elect to withdraw his funds pursuant to Section 8 hereof, funds deducted prior to his election to discontinue will be applied to the purchase of Common Stock on the Exercise Date (as defined below).

7. Interest. Interest will not be paid on any employee accounts, except to the extent that the Board or the Committee, in its sole discretion, elects to credit employee accounts with interest at such per annum rate as it may from time to time determine.

8. Withdrawal of Funds. An employee may at any time prior to the close of business on the last business day in a Plan Period and for any reason permanently draw out the balance

accumulated in the employee's account and thereby withdraw from participation in an Offering. Partial withdrawals are not permitted. The employee may not begin participation again during the remainder of the Plan Period. The employee may participate in any subsequent Offering in accordance with terms and conditions established by the Board or the Committee.

9. Purchase of Shares. On the Offering Commencement Date of each Plan Period, the Company will grant to each eligible employee who is then a participant in the Plan an option (Option) to purchase on the last business day of such Plan Period (the Exercise Date), at the Option Price hereinafter provided for, the largest number of whole shares of Common Stock of the Company as does not exceed the number of shares determined by multiplying \$2,083 by the number of full months in the Offering Period and dividing the result by the closing price (as defined below) on the Offering Commencement Date of such Plan Period.

The purchase price for each share purchased will be 85% of the closing price of the Common Stock on (i) the first business day of such Plan Period or (ii) the Exercise Date, whichever closing price shall be less. Such closing price shall be (a) the closing price on any national securities exchange on which the Common Stock is listed, (b) the closing price of the Common Stock on the Nasdaq National Market or (c) the average of the closing bid and asked prices in the over-the-counter-market, whichever is applicable, as published in The Wall Street Journal. If no sales of Common Stock were made on such a day, the price of the Common Stock for purposes of clauses (a) and (b) above shall be the reported price for the next preceding day on which sales were made.

Each employee who continues to be a participant in the Plan on the Exercise Date shall be deemed to have exercised his Option at the Option Price on such date and shall be deemed to have purchased from the Company the number of full shares of Common Stock reserved for the purpose of the Plan that his accumulated payroll deductions on such date will pay for, but not in excess of the maximum number determined in the manner set forth above.

Any balance remaining in an employee's payroll deduction account at the end of a Plan Period will be automatically refunded to the employee.

10. Issuance of Certificates. Certificates representing shares of Common Stock purchased under the Plan may be issued only in the name of the employee, in the name of the employee and another person of legal age as joint tenants with rights of survivorship, or (in the Company's sole discretion) in the name of a brokerage firm, bank or other nominee holder designated by the employee. The Company may, in its sole discretion and in compliance with applicable laws, authorize the use of book entry registration of shares in lieu of issuing stock certificates.

11. Rights on Retirement, Death or Termination of Employment. In the event of a participating employee's termination of employment prior to the last business day of a Plan Period, no payroll deduction shall be taken from any pay due and owing to an employee and the balance in the employee's account shall be paid to the employee or, in the event of the employee's death, (a) to a beneficiary previously designated in a revocable notice signed by the employee (with any spousal consent required under state law) or (b) in the absence of such a designated beneficiary, to the executor or administrator of the employee's estate or (c) if no such

executor or administrator has been appointed to the knowledge of the Company, to such other person(s) as the Company may, in its discretion, designate. If, prior to the last business day of the Plan Period, the Designated Subsidiary by which an employee is employed shall cease to be a subsidiary of the Company, or if the employee is transferred to a subsidiary of the Company that is not a Designated Subsidiary, the employee shall be deemed to have terminated employment for the purposes of this Plan.

12. Optionees Not Stockholders. Neither the granting of an Option to an employee nor the deductions from his or her pay shall constitute such employee a stockholder of the shares of Common Stock covered by an Option under this Plan until such shares have been purchased by and issued to him or her.

13. Rights Not Transferable. Rights under this Plan are not transferable by a participating employee other than by will or the laws of descent and distribution, and are exercisable during the employee's lifetime only by the employee.

14. Application of Funds. All funds received or held by the Company under this Plan may be combined with other corporate funds and may be used for any corporate purpose.

15. Adjustment in Case of Changes Affecting Common Stock. In the event of a subdivision of outstanding shares of Common Stock, or the payment of a dividend in Common Stock, the number of shares approved for this Plan, and the share limitation set forth in Section 9, shall be increased proportionately, and such other adjustment shall be made as may be deemed equitable by the Board or the Committee. In the event of any other change affecting the Common Stock, such adjustment shall be made as may be deemed equitable by the Board or the Committee to give proper effect to such event.

16. Merger. If the Company shall at any time merge or consolidate with another corporation and the holders of the capital stock of the Company immediately prior to such merger or consolidation continue to hold at least 80% by voting power of the capital stock of the surviving corporation (Continuity of Control), the holder of each Option then outstanding will thereafter be entitled to receive at the next Exercise Date upon the exercise of such Option for each share as to which such Option shall be exercised the securities or property which a holder of one share of the Common Stock was entitled to upon and at the time of such merger or consolidation, and the Board or the Committee shall take such steps in connection with such merger or consolidation as the Board or the Committee shall deem necessary to assure that the provisions of Section 15 shall thereafter be applicable, as nearly as reasonably may be, in relation to the said securities or property as to which such holder of such Option might thereafter be entitled to receive thereunder.

In the event of a merger or consolidation of the Company with or into another corporation which does not involve Continuity of Control, or of a sale of all or substantially all of the assets of the Company while unexercised Options remain outstanding under the Plan, (a) subject to the provisions of clauses (b) and (c), after the effective date of such transaction, each holder of an outstanding Option shall be entitled, upon exercise of such Option, to receive in lieu of shares of Common Stock, shares of such stock or other securities as the holders of shares of Common Stock received pursuant to the terms of such transaction; or (b) all

outstanding Options may be cancelled by the Board or the Committee as of a date prior to the effective date of any such transaction and all payroll deductions shall be paid out to the participating employees; or (c) all outstanding Options may be cancelled by the Board or the Committee as of the effective date of any such transaction, provided that notice of such cancellation shall be given to each holder of an Option, and each holder of an Option shall have the right to exercise such Option in full based on payroll deductions then credited to his or her account as of a date determined by the Board or the Committee, which date shall not be less than ten (10) days preceding the effective date of such transaction.

17. Amendment of the Plan. The Board may at any time, and from time to time, amend this Plan in any respect, except that (a) if the approval of any such amendment by the shareholders of the Company is required by Section 423 of the Code, such amendment shall not be effected without such approval, and (b) in no event may any amendment be made which would cause the Plan to fail to comply with Section 423 of the Code.

18. Insufficient Shares. In the event that the total number of shares of Common Stock specified in elections to be purchased under any Offering plus the number of shares purchased under previous Offerings under this Plan exceeds the maximum number of shares issuable under this Plan, the Board or the Committee will allot the shares then available on a pro rata basis.

19. Termination of the Plan. This Plan may be terminated at any time by the Board. Upon termination of this Plan all amounts in the accounts of participating employees shall be promptly refunded.

20. Governmental Regulations. The Company's obligation to sell and deliver Common Stock under this Plan is subject to listing on a national stock exchange or quotation on the Nasdaq National Market (to the extent the Common Stock is then so listed or quoted) and the approval of all governmental authorities required in connection with the authorization, issuance or sale of such stock.

21. Governing Law. The Plan shall be governed by Delaware law except to the extent that such law is preempted by federal law.

22. Issuance of Shares. Shares may be issued upon exercise of an Option from authorized but unissued Common Stock, from shares held in the treasury of the Company, or from any other proper source.

23. Notification upon Sale of Shares. Each employee agrees, by entering the Plan, to promptly give the Company notice of any disposition of shares purchased under the Plan where such disposition occurs within two years after the date of grant of the Option pursuant to which such shares were purchased.

24. Effective Date and Approval of Shareholders. The Plan shall take effect on October 1, 2000 subject to approval by the shareholders of the Company as required by Section 423 of the Code, which approval must occur within twelve months of the adoption of the Plan by the Board.
