VERY IMPORTANT

Indian River Banking Company Shareholders:

The Board of Directors of Indian River Banking Company has agreed to a merger of Indian River with Alabama National Bancorporation. Before we can complete this merger, the merger agreement must be approved by Indian River's shareholders. We are sending you this proxy statement-prospectus to ask you to vote in favor of the merger.

If the merger is completed, for each share of Indian River common stock that you own before the merger you will receive in exchange either (1) 0.9408 shares of common stock in Alabama National, subject to increase based on the average trading price of Alabama National common stock prior to the merger, or (2) at your option, but subject to certain limitations, an amount in cash in lieu of stock, determined based on an average trading price of Alabama National common stock prior to the merger. For a description of the possible increase in the exchange ratio of shares of Alabama National common stock to be received for your Indian River common stock, see **APPROVAL OF THE MERGER AGREEMENT Merger Consideration *Stock Consideration*** at page 19. For a description of the calculation of optional cash consideration, the procedures for electing cash and the limitations on your ability to receive cash instead of Alabama National common stock in the merger, see **APPROVAL OF THE MERGER AGREEMENT Merger Consideration *Election to Receive Cash Consideration in Lieu of Common Stock*** and **Procedures for Making a Cash Election** at page 20. Shares of Alabama National common stock are quoted on the Nasdaq Stock Market under the symbol **ALAB**.

The merger cannot be completed unless holders of a majority of Indian River's common stock approve it. We have scheduled a special shareholders meeting for you to vote on the merger.

Your vote is very important. Whether or not you plan to attend our special shareholders meeting, please take the time to vote by completing and mailing the enclosed proxy card. If you sign, date and mail your proxy card without indicating how you want to vote, we will vote your proxy in favor of the merger.

These transactions include the merger of Indian River with Alabama National and the issuance of Alabama National common stock and the payment of optional cash consideration to Indian River's shareholders. After the merger, Indian River National Bank will be a wholly owned subsidiary of Alabama National. This proposal is more fully described in the enclosed proxy statement-prospectus. Record holders of Indian River common stock at the close of business on January 2, 2004, will receive notice of and may vote at the special meeting, including any adjournments or postponements of the special meeting. Questions and Answers About the Merger

Q: What is this proxy statement-prospectus and why am I receiving it?

A: This proxy statement-prospectus describes in detail the proposed merger between Indian River Banking Company and Alabama National BanCorporation. Because you are a shareholder of Indian River, you are being asked to vote on the merger agreement at a special shareholders meeting to be held on February 25, 2004. This proxy statement-prospectus should answer any questions you may have about the merger.

Q: What will happen if the shareholders of Indian River approve the merger agreement?

A: If the Indian River shareholders approve the merger agreement, then shortly following the special meeting, subject to certain regulatory approvals and satisfaction of conditions, Indian River Banking Company will merge with Alabama National BanCorporation. The combined company will operate under the name of Alabama National BanCorporation. For each share of Indian River common stock that you own, you will be entitled to receive 0.9408 shares of common stock in Alabama National, subject to increase based on the average trading price of Alabama National common stock prior to the merger. If you so elect, you have the option to receive an amount in cash in lieu of stock, determined based on the average trading price of Alabama National common stock prior to the merger, subject to limitations on the aggregate amount of cash which Alabama National is obligated to pay. For a description of the possible increase in the exchange ratio of shares of Alabama National common stock to be received for your Indian River common stock, refer to page 19. The procedure for electing cash, and the limitations on such election, are described in greater detail at page 20.

Q: What will happen to Indian River National Bank following the merger?

A: Immediately following the merger of Indian River into Alabama National, Indian River National Bank will become a wholly owned subsidiary of Alabama National and will continue operating under the name Indian River National Bank.

Q: What should I do now?

A: Send in your proxy card. After reviewing this document, indicate on your proxy card how you want to vote, and sign, date and mail it in the enclosed envelope addressed to Registrar and Transfer Company, Indian River's transfer agent, at 10 Commerce Drive, Cranford, New Jersey 07016, as soon as possible to ensure that your shares will be represented at the special meeting.

If you sign, date and send in your proxy and do not indicate how you want to vote, your proxy will be voted in favor of the merger agreement and the merger. If you do not sign and send in your proxy, and if you do not attend and cast your vote in person at the special meeting, it will have the same effect as a vote against the merger.

Send in your election form if you want to receive cash for your shares. If you wish to receive cash instead of Alabama National common stock for any or all of your shares of Indian River common stock, follow the instructions for making a cash election that we describe on pages 20 and 21 of this document and on the cash election form enclosed. Please note, however, that you may not be able to exchange all of your shares for cash even if you make a proper cash election, because the total amount of cash Alabama National is obligated to pay in the merger is limited. **The cash election form should be returned to SunTrust Bank at one of the addresses set forth on the form. Cash election forms should not be returned with your proxy card.**

If your shares are held in street name by your broker, you must contact your broker if you want to receive cash for your shares.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares of Indian River common stock only if you provide your broker with instructions on how to vote. You should instruct your broker how to vote your shares by following the directions your broker provides. If you do not provide instructions to your broker, your shares will not be voted on the merger. Please see the voting form provided by your broker for additional information regarding the voting of your shares.

Q: Can I revoke my proxy and change my mind?

A: Yes. You may revoke your proxy up to the time of the special meeting by taking any of the actions explained under GENERAL INFORMATION Proxies and Other Matters on page 17 of this proxy statement-prospectus, including by giving a written notice of revocation, signing and delivering a new later-dated proxy, or by attending the special meeting and voting in person.

Q: Can I vote my shares in person?

A: Yes. You may attend the special meeting and vote your shares in person rather than signing and mailing your proxy card. If your shares are held in the name of your bank or broker, you will need additional documentation to vote in person at the meeting.

Q: Can I change or revoke my cash election once I have mailed my signed form of election?

A: Yes. You can change or revoke your cash election in writing at any time prior to the election deadline of 5:00 p.m., Eastern Time, on February 24, 2004.

Q: Should I send in my stock certificates now?

A: No. Hold all of your stock certificates and send them in with the transmittal materials you will receive from the exchange agent after we complete the merger.

Q: Whom can I call with questions?

A: If you want additional copies of this document, or if you want to ask any questions about the merger, you should contact:

SUMMARY

This summary highlights selected information from this proxy statement-prospectus. It may not contain all of the information that is important to you. You should carefully read this entire document and the other documents to which we refer. These will give you a more complete description of the transactions we are proposing. For more information about Alabama National and Indian River, see WHERE YOU CAN FIND MORE INFORMATION (page 59). Each item in this summary refers to the pages where that subject is discussed more fully.

Shareholders Meeting to Approve Merger (Page 17)

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

We will hold the special meeting of Indian River shareholders at 7:00 p.m. local time, on Wednesday, February 25, 2004, at Courthouse Executive Center, 2145 14th Street, Vero Beach, Florida 32960. At this important meeting, we will ask Indian River's shareholders to (1) consider and vote upon approval of the merger agreement, and (2) act on any other matters that may properly be put to a vote at the Indian River special meeting. You may vote at the Indian River meeting if you owned Indian River shares at the close of business on January 2, 2004. As of such date, there were 2,212,233 shares of Indian River common stock issued and outstanding and entitled to be voted at the special meeting.

Approval of the Merger Agreement (Page 19)

Terms of the Merger (Page 19). The merger agreement is the document that governs the merger of Indian River with Alabama National and the issuance of shares of Alabama National common stock and optional cash consideration to Indian River's shareholders in connection with the merger. We encourage you to read the merger agreement that is attached to this proxy statement-prospectus as Appendix A. The merger agreement provides for the merger of Indian River with Alabama National BanCorporation. The surviving entity following the merger will be Alabama National. Indian River National Bank will become a wholly owned subsidiary of Alabama National upon consummation of the merger.

Table of Contents

Merger Consideration (Page 19). The merger agreement provides that Indian River shareholders who do not exercise their appraisal rights will receive either (1) 0.9408 shares of Alabama National common stock, subject to increase, or (2) optional cash in lieu of Alabama National common stock, subject to certain limitations, for each share of Indian River common stock. These two options are described in more detail below.

Stock Consideration (Page 19)

Absent a cash election, each share of Indian River common stock issued and outstanding at the effective time of the merger will be converted into and exchanged for 0.9408 shares of Alabama National common stock (the Exchange Ratio). The Exchange Ratio may be increased, however, depending upon the average trading price of Alabama National common stock prior to the merger, as described below.

The price per share of Alabama National's common stock fluctuates from day-to-day. On the fifth business day prior to the effective time of the merger, an average price of Alabama National's stock price will be calculated based on the averages of the high and low sales prices of Alabama National's common stock reported on the Nasdaq Stock Market for the previous ten business days. If the average price is less than \$48.00, then the Exchange Ratio will be increased as follows:

<u>Average Price</u>	<u>Adjusted Exchange Ratio</u>
Less than \$48.00, and equal to or greater than \$47.00	0.9493
Less than \$47.00, and equal to or greater than \$46.00	0.9578
Less than \$46.00, and equal to or greater than \$45.00	0.9663
Less than \$45.00	0.9748

If the average price falls below \$44.00 per share, the Indian River board of directors has the option to terminate the merger agreement. Alabama National, however, may elect to cancel the termination by either (1) increasing the Exchange Ratio to an amount equal to the quotient of \$42.89 divided by the average price, or (2) paying with respect to each share of Indian River common stock additional consideration in an amount of cash equal to the difference of (A) \$42.89 minus (B) the product of the average price and 0.9748. For example, if the average price were \$42.00, Indian River's board of directors provided a notice of termination, and Alabama National elected to void such termination, Alabama National would be required to either increase the Exchange Ratio to at least 1.021 (i.e., the quotient of \$42.89 divided by \$42.00) or make a cash payment of \$1.95 (i.e., the difference in \$42.89 and \$40.94) for each share of Indian River common stock.

Election to Receive Cash Consideration In Lieu of Common Stock (Page 20)

A shareholder may elect to receive cash instead of the shares of Alabama National common stock that he or she would otherwise receive in exchange for some or all of his or her shares of Indian River common stock. Any such cash election must be made in accordance with the election procedures described in this proxy statement-prospectus. See APPROVAL OF THE MERGER AGREEMENT Procedures for Making a Cash Election on page 20. The number of Indian River shares that an Indian River shareholder may exchange for cash under a cash election will be subject to the allocation procedures described below. In our discussion we may refer to the amount of cash to be received for each share of Indian River common stock converted in connection with the cash election as the per share cash election consideration.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Shareholders who choose to receive cash consideration will receive an amount in cash for each share of Indian River stock covered by the election equal to the product of (1) the average price of Alabama National common stock (calculated as described above) multiplied by (2) the Exchange Ratio.

Under the merger agreement, the maximum amount of cash consideration that Alabama National is required to pay in connection with the merger is 10% of the aggregate merger consideration. If the number of shareholders who

Table of Contents

elect to receive cash instead of shares of Alabama National common stock would cause the total amount of cash to be paid by Alabama National to exceed the maximum cash amount, Alabama National is permitted to allocate and proportionately reduce the cash elections made by Indian River shareholders. Alternatively, Alabama National, in its discretion, may increase the amount of cash consideration to an amount not to exceed 25% of the aggregate merger consideration. See APPROVAL OF THE MERGER AGREEMENT Procedures for Making a Cash Election on page 20. Indian River shareholders who elect, but do not receive, cash for all or a portion of their shares will automatically receive Alabama National common stock.

Regulatory Approvals; Effective Time (Pages 38 and 24). We cannot complete the merger without the approval of the Board of Governors of the Federal Reserve System. By letter dated December 23, 2003, the Federal Reserve approved the merger.

The merger will become effective as of the date and at the time that the later of the following occurs:

- (1) the articles of merger reflecting the merger are accepted for filing by the Secretary of State of Florida;
- (2) the certificate of merger reflecting the merger is accepted for filing by the Secretary of State of Delaware; or
- (3) such later date and time as agreed upon in writing by Alabama National and Indian River and specified in the articles of merger and certificate of merger.

We will not file the articles of merger and the certificate of merger until all conditions contained in the merger agreement have been satisfied or waived.

Recommendation of Indian River's Board of Directors; Opinion of The Carson Medlin Company (Pages 18 and 28). Indian River's board of directors believes that the merger is fair to you and in your best interests, and recommends that you vote FOR the proposal to approve the merger and the merger agreement. In deciding to approve the merger, Indian River's board of directors considered, among other things, the opinion of The Carson Medlin Company, an investment banking and financial advisory firm with significant experience in evaluating merger transactions in the financial services industry. Carson Medlin provided an opinion to Indian River's board of directors that, as of the date of the opinion, the consideration to be received by Indian River's shareholders, as provided in the merger agreement, was fair from a financial point of view to Indian River's shareholders. We have attached as Appendix C the written opinion of Carson Medlin dated January 7, 2004. You should read it and the disclosure entitled Opinion of The Carson Medlin Company beginning on page 28 carefully to understand the assumptions made, matters considered and limitations of the review undertaken by Carson Medlin in providing its opinion.

Votes Required (Page 17). In order to approve the merger agreement, Indian River's shareholders holding a majority of the outstanding shares of Indian River common stock must vote for the merger agreement. The directors and director emeritus of Indian River beneficially owned, as of January 2, 2004, a total of 740,300 shares (33.46%) of Indian River's outstanding common stock. Each of these persons has agreed, subject to certain conditions, to vote his or her shares of Indian River common stock in favor of the merger agreement.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Surrender of Certificates (Page 21). Following the merger, holders of Indian River stock certificates will need to exchange their certificates for new certificates of Alabama National common stock, or, if properly elected, for per share cash election consideration. Shortly after we complete the merger, Alabama National will send Indian River's shareholders detailed instructions on how to exchange their shares. Please do not send us any stock certificates until you receive these instructions.

Table of Contents

Conditions to Consummation of the Merger (Page 36). The completion of the merger depends on meeting a number of conditions, including the following: (1) Indian River's shareholders must approve the merger agreement, (2) we must receive all required regulatory approvals and any waiting periods required by law must have passed, (3) we must receive consents of third parties necessary to the consummation of the merger, and (4) we must receive certain opinions of counsel.

Effect on Certain Employee Benefit Plans of Indian River (Page 35)

401(k) Plan. Indian River National Bank's 401(k) plan will be terminated prior to the merger, and all participants will become fully vested. Alabama National will offer each eligible employee of Indian River the opportunity to enroll in Alabama National's 401(k) plan.

Treatment of Indian River Stock Options. At the time we complete the merger, all outstanding stock options granted by Indian River under its stock option plans will be converted automatically into options to purchase Alabama National common stock. Alabama National will assume these options subject to their existing terms, including any acceleration in vesting that will occur as a consequence of the merger. Each option to purchase Indian River common stock will be proportionately adjusted as provided in the merger agreement.

Federal Income Tax Consequences (Page 43). We expect that you will not recognize gain for U.S. federal income tax purposes in the merger when you exchange all of your shares of Indian River common stock for shares of Alabama National common stock, except in connection with any cash received instead of fractional shares. If you receive cash for all or part of your shares of Indian River common stock by invoking a cash election or the exercise of appraisal rights, you generally will recognize gain or loss measured by the difference between the amount of cash received and your adjusted basis in the Indian River common stock surrendered. Indian River and Alabama National have received a legal opinion that this will be the case. This legal opinion is filed as an exhibit to the Registration Statement of which this proxy statement-prospectus forms a part.

This tax treatment may not apply to some Indian River shareholders. Determining the actual tax consequences of the merger to you as an individual taxpayer can be complicated. The tax treatment will depend on your specific situation and many variables not within our control. You should consult your own tax advisor for a full understanding of the tax consequences of this merger to you.

Management and Operations after the Merger (Page 42). Following the merger, the combined company will operate under the name Alabama National Bancorporation, and Indian River National Bank will become a subsidiary of Alabama National. The board of directors of Indian River National Bank will consist of the 10 current directors of Indian River National Bank plus one or more officers of Alabama National. Following the merger, Paul A. Beindorf will continue to serve as President and Chief Executive Officer of Indian River National Bank, and Jeffrey R. Morton will continue to serve as Senior Vice President and Head of Residential Lending. Phillip Tasker will continue to serve as Senior Vice President and Chief Financial Officer. Alabama National has also agreed to attempt to reach mutually acceptable employment terms with four other officers of Indian River National Bank. It is not expected that any significant change in employees will be made as a result of the merger.

All current Alabama National officers and directors will continue to serve in their current positions after the completion of the merger. In addition, Griffin A. Greene, the Chairman of the Board of Indian River, will become a member of the Alabama National Board of Directors after the merger.

Interests of Certain Persons in the Merger that are Different from Yours (Page 42). Certain directors and officers of Indian River have interests in the merger that are different from your interests. Certain officers and directors of Indian River National Bank will continue to serve as officers and directors of Indian River National Bank following the merger. In addition, Paul A. Beindorf, Chief Executive Officer of Indian River National Bank, will enter into a new employment agreement with Indian River National Bank upon the completion of the

Table of Contents

merger that will provide Mr. Beindorf a salary of at least \$167,000 per year for up to three years following the merger, plus the opportunity to earn annual bonuses.

Furthermore, Jeffrey R. Morton, Senior Vice President and Head of Residential Lending, and Phillip Tasker, Senior Vice President and Chief Financial Officer, will also enter into new employment agreements with Indian River National Bank upon the completion of the merger that will provide each officer an annual salary of at least \$113,000 and \$108,000, respectively, for up to three years following the merger, plus the opportunity to earn annual bonuses.

Each of Messrs. Beindorf, Morton and Tasker will receive a payment of \$10,000 as consideration for the non-compete restrictions of their new employment agreements.

Messrs. Beindorf, Morton and Tasker will also receive at closing payments in the amounts of \$73,500, \$46,500 and \$44,000, respectively, that will be paid in connection with the termination of their current employment agreements with Indian River. Four other officers of Indian River National Bank will receive payments in the aggregate amount of \$173,500 in consideration for the termination of their change of control agreements.

Griffin A. Greene, the Chairman of the Board of Indian River, will become a member of the Alabama National Board of Directors after the merger.

In addition, the directors and officers of Indian River hold stock options that will be converted at the time we complete the merger into options to purchase Alabama National common stock. These options will be subject to immediate vesting because of the merger.

Accounting Treatment (Page 45). The merger will be accounted for as a purchase by Alabama National of Indian River under generally accepted accounting principles. Under the purchase method of accounting, the assets and liabilities of the company not surviving a merger are, as of completion of the merger, recorded at their respective fair values and added to those of the surviving company. To the extent the consideration paid exceeds the fair value of the net assets acquired, goodwill is recorded. Financial statements of the surviving company issued after consummation of the merger reflect these values, but are not restated retroactively to reflect the historical financial position or results of operations of the company not surviving.

The following table sets forth (1) the market value of Alabama National common stock, (2) the market value of Indian River common stock and (3) the price to be paid for each share of Indian River common stock on an equivalent per share basis determined as if the completion of the merger occurred on (A) October 21, 2003, the business day immediately preceding the announcement of the execution of the merger agreement and (B) January 8, 2004, the last day for which such information could be calculated prior to the printing and mailing of this proxy statement-prospectus:

Resales of Alabama National Stock (Page 45). The shares of Alabama National common stock issued to Indian River's shareholders in the merger will be freely transferable under federal securities law, except for

shares issued to any shareholder who may be deemed an affiliate of Indian River for purposes of Rule 145 under the Securities Act (generally including directors, executive officers and beneficial owners of 10% of any class of capital stock of Indian River). Affiliates will be subject to certain restrictions on resales of newly acquired Alabama National shares.

Waiver and Amendment; Termination (Page 41). Either Alabama National or Indian River may waive or extend the time for performing the others obligations under the merger agreement. In addition, the boards of directors of each of Alabama National and Indian River may agree to amend the merger agreement. The merger agreement may be terminated at any time prior to completion of the merger by the agreement of Indian River and Alabama National.

Either company can also terminate the merger agreement under the following circumstances:

- (1) if any government body whose approval is necessary to complete the merger makes a final decision not to approve the merger;
- (2) if we do not or cannot complete the merger by June 30, 2004;
- (3) if Indian River's shareholders do not approve the merger agreement;
- (4) if Indian River or Alabama National, as the case may be, materially violates any of its representations, warranties or obligations under the merger agreement; or
- (5) by either Indian River or Alabama National if there is a material adverse change to the business of the other party.

Indian River may terminate the merger agreement in certain circumstances if it decides to enter into a superior acquisition proposal with another potential business combination partner. Alabama National may terminate the merger agreement if (1) the board of directors of Indian River withdraws, adversely modifies or fails upon request to reconfirm its recommendation of the merger, (2) the board of directors of Indian River approves another acquisition proposal or recommends approval of another acquisition proposal to its shareholders, (3) the board of directors of Indian River fails to call the special meeting of shareholders or (4) any person or entity becomes the beneficial owner of 50% or more of the outstanding shares of Indian River common stock. In either such event, Indian River has agreed to pay Alabama National a termination fee of \$2.0 million.

Alabama National also can terminate the merger agreement if holders of more than 5% of the outstanding Indian River shares have properly asserted appraisal rights under Florida law.

In addition, Indian River can terminate the merger agreement if the average price of Alabama National common stock calculated as described above is less than \$44.00. In this event, however, Alabama National has the opportunity to void such termination by increasing the consideration payable to the Indian River shareholders.

Effect of Merger on Rights of Shareholders (Page 51). As an Indian River shareholder, your rights are currently governed by Indian River's Articles of Incorporation and Bylaws and by Florida law. As a result of the merger, if you do not exercise your appraisal rights and do not elect

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

to receive cash for your shares of Indian River common stock (or if you elect cash consideration where the limitation on the maximum cash consideration payable in the merger is exceeded), you will automatically become an Alabama National shareholder. Your rights as an Alabama National shareholder will be determined by Alabama National's Restated Certificate of Incorporation and Bylaws and by the Delaware General Corporation Law. The rights of Alabama National's shareholders differ from the rights of Indian River's shareholders in certain important respects.

Table of Contents

Appraisal Rights (Page 22). As an Indian River shareholder, you are entitled to assert appraisal rights in the merger and receive cash in respect of the fair value of your shares of Indian River common stock. To do this, you must follow the procedures required by Florida law, including filing a notice with Indian River prior to the vote on the merger and **not voting in favor of the merger**. The procedures to be followed by shareholders with respect to their appraisal rights are summarized under APPROVAL OF THE MERGER AGREEMENT Appraisal Rights at page 22. A copy of Florida's statutory provisions regarding appraisal rights is set forth in Appendix B to this proxy statement-prospectus. **Failure to precisely follow such provisions will result in the loss of your appraisal rights.**

The merger agreement may be terminated by Alabama National if the holders of more than 5% of the outstanding shares of Indian River common stock properly assert their appraisal rights. Further, assertion of appraisal rights by holders of a significant number of shares of Indian River common stock could cause the merger not to qualify as a tax-free reorganization for federal income tax purposes.

- (1) On January 31, 2001, Peoples State Bank of Groveland (PSB) merged with a newly formed subsidiary of Alabama National, where-by PSB became a wholly owned subsidiary of Alabama National. On December 31, 1998, Community Bank of Naples, N.A. (Naples) merged with and into a subsidiary of Alabama National. On October 2, 1998, Community Financial Corporation (CFC) merged with and into Alabama National. On May 29, 1998, Public Bank Corporation (PBC) merged with and into Alabama National. Because these mergers were accounted for as poolings of interest, the historical Selected Consolidated Financial Data for all periods have been restated to include the results of operations of PSB, Naples, CFC, and PBC from the earliest period presented, except for dividends per common share.

Table of Contents**Comparative Per Share Data**

The following table shows information about Alabama National's and Indian River's net income per share, dividends per share and book value per share, and similar information reflecting the merger of Alabama National and Indian River, and is referred to as "pro forma" information. In presenting the comparative pro forma information for certain time periods we assumed that Alabama National and Indian River had been merged throughout those periods.

The information listed as "pro forma equivalent" was computed by multiplying the pro forma amounts by the exchange ratio of 0.9408. This ratio is intended to reflect that each Indian River stockholder will receive 0.9408 shares of Alabama National common stock for each share Indian River common stock. This may not be the actual exchange ratio, since the actual exchange ratio could fluctuate depending on the market value of Alabama National common stock.

The pro forma and pro forma equivalent information were calculated assuming that no Indian River shareholders will elect to receive cash for their Indian River shares pursuant to the merger agreement.

The pro forma information, while helpful in illustrating the financial attributes of the combined company under one set of assumptions, does not attempt to predict or suggest future results. Also, the information we have set forth for the nine month period ended September 30, 2003 does not indicate what the results will be for the full 2003 fiscal year.

The information in the following table is based on the historical financial information of Alabama National and Indian River. See "WHERE YOU CAN FIND MORE INFORMATION" on page 59.

RISK FACTORS

In addition to the other information included in this proxy statement-prospectus, shareholders of Indian River are urged to consider carefully the following factors in determining whether to approve the merger agreement:

Combining our two companies may be more difficult, costly or time-consuming than we expect.

Alabama National and Indian River have operated, and, until the completion of the merger, will continue to operate, independently. It is possible that the integration process could result in the loss of key employees, the disruption of each company's ongoing business or inconsistencies in standards, controls, procedures and policies that adversely affect our ability to maintain relationships with clients and employees or to achieve the anticipated benefits of the merger. As with any merger of banking institutions, there also may be disruptions that cause us to lose customers or cause customers to take their deposits out of our banks.

Alabama National cannot guarantee that it will pay dividends to shareholders in the future.

The principal business operations of Alabama National are conducted through its subsidiary banks. Cash available to pay dividends to shareholders of Alabama National is derived primarily, if not entirely, from dividends paid by the banks. After the merger, the ability of the banks to pay dividends to Alabama National as well as Alabama National's ability to pay dividends to its shareholders will continue to be subject to and limited by certain legal and regulatory restrictions. Further, any lenders making loans to Alabama National may impose financial covenants that may be more restrictive than regulatory requirements with respect to the payment of dividends by Alabama National. There can be no assurance of whether or when Alabama National may pay dividends after the merger.

There can be no assurance as to the value of the merger consideration Indian River shareholders may receive.

The value of shares of Alabama National common stock fluctuates on a daily basis, and the number of shares, or amount of cash, which Indian River shareholders who do not exercise their appraisal rights will receive in the merger is based on such fluctuating prices. There can be no assurance as to the value the shares of Alabama National common stock will have at the effective time of the merger, or the price at which they will trade after the effective time of the merger. There can be no assurance that the per share cash election consideration will, at the effective time of the merger, equal the value of the Alabama National common stock into which Indian River shares are converted.

Alabama National and its subsidiary banks operate in a heavily regulated environment.

The banking industry is heavily regulated. Subsequent to the merger, Alabama National and its subsidiary banks will be subject, in certain respects, to regulation by the Federal Reserve, the Federal Deposit Insurance Corporation, the Office of the Comptroller of the Currency, the Alabama State Banking Department, the Florida Department of Financial Services and the Georgia State Banking Department. The success of Alabama National depends not only on competitive factors but also on state and federal regulations affecting banks and bank holding companies. The regulations are primarily intended to protect depositors, not shareholders. The ultimate effect of recent and proposed changes to the

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

regulation of the financial institution industry cannot be predicted. Regulations now affecting Alabama National and Indian River may be modified at any time, and there is no assurance that such modification will not adversely affect the business of Alabama National and its subsidiary banks.

Table of Contents

Changes in the policies of monetary authorities could adversely affect Alabama National's profitability.

The results of operations of Alabama National and Indian River are affected by credit policies of monetary authorities, particularly the Federal Reserve. The instruments of monetary policy employed by the Federal Reserve include open market operations in U.S. government securities, changes in the discount rate or the federal funds rate on bank borrowings and changes in reserve requirements against bank deposits. In view of changing conditions in the national economy and in the money markets, particularly in light of the September 11, 2001 terrorist attacks in New York City and Washington, D.C. and the current military operations in Iraq, no prediction can be made as to possible future changes in interest rates, deposit levels, loan demand or the business and earnings of Alabama National and Indian River. Furthermore, the actions of the United States government and other governments in responding to such terrorist attacks or the military operations in Iraq may result in currency fluctuations, exchange controls, market disruption and other adverse effects.

Changes in the allowances for loan losses of Alabama National's subsidiary banks could affect the profitability of those banks and Alabama National.

Management of each of Alabama National's subsidiary banks and of Indian River maintains an allowance for loan losses based upon, among other things, (1) historical experience, (2) an evaluation of local and national economic conditions, (3) regular reviews of delinquencies and loan portfolio quality, (4) current trends regarding the volume and severity of past due and problem loans, (5) the existence and effect of concentrations of credit and (6) results of regulatory examinations. Based upon such factors, management makes various assumptions and judgments about the ultimate collectibility of the respective loan portfolios. Although each of Alabama National and Indian River believes that the allowance for loan losses at each of their companies is adequate, there can be no assurance that such allowances will prove sufficient to cover future losses. Future adjustments may be necessary if economic conditions differ or adverse developments arise with respect to nonperforming or performing loans of Alabama National and Indian River. Material additions to the allowance for loan losses of Alabama National and Indian River would result in a material decrease in Alabama National's net income, and possibly its capital, and could result in its inability to pay dividends, among other adverse consequences.

Certain directors and officers of Indian River have interests in the transaction that differ from your interests.

Certain of the directors and officers of Indian River (and certain of their family members and related interests) have personal interests in the merger that may present them with conflicts of interest in connection with the merger. The Boards of Directors of Alabama National and Indian River are aware of this and have considered the personal interests disclosed in this proxy statement-prospectus in their evaluation of the merger. Reference should be made to APPROVAL OF THE MERGER AGREEMENT Background of and Reasons for the Merger at page 24 and APPROVAL OF THE MERGER AGREEMENT Interests of Certain Persons in the Merger at page 42, for a description of such potential conflicts of interest.

Changes in interest rates could have an adverse effect on Alabama National's income.

Alabama National's profitability depends to a significant extent upon its net interest income. Net interest income is the difference between interest income on interest-earning assets, such as loans and investments, and interest expense on interest-bearing liabilities, such as deposits and borrowings. Alabama National's net interest income will be adversely affected if market interest rates change such that the interest Alabama National pays on deposits and borrowings increases faster than the interest earned on loans and investments. Changes in interest rates could also adversely affect the income of certain of Alabama National's non-interest income businesses. For example, if mortgage interest rates increase, the demand for residential mortgage loans will likely decrease, and this would have an adverse effect on Alabama National's mortgage origination

fee income.

Competition in the banking industry is intense.

Competition in the banking and financial services industry is intense. In their primary market areas, Alabama National's subsidiary banks compete with other commercial banks, savings and loan associations, credit unions, finance companies, mutual funds, insurance companies and brokerage and investment banking firms operating locally and elsewhere. Many of these competitors have substantially greater resources and lending limits than Alabama National's subsidiary banks and may offer certain services that Alabama National's subsidiary banks do not or cannot provide. The profitability of Alabama National depends upon its subsidiary banks' continued ability to compete effectively in their market areas.

Alabama National's success depends upon local economic conditions.

Alabama National's success depends to a certain extent on the general economic conditions of the geographic markets served by Alabama National's subsidiary banks in the states of Alabama, Georgia and Florida. The local economic conditions in these areas have a significant impact on Alabama National's subsidiary banks' commercial, real estate and construction loans, the ability of borrowers to repay these loans and the value of the collateral securing these loans. Adverse changes in the economic conditions of the southeastern United States in general or any one or more of these local markets could negatively impact the financial results of Alabama National's banking operations and have a negative effect on its profitability.

GENERAL INFORMATION

Meeting, Record Date and Votes Required

A special meeting of the shareholders of Indian River Banking Company will be held at 7:00 p.m. local time, on Wednesday, February 25, 2004 (the Special Meeting), at Courthouse Executive Center, 2145 14th Street, Vero Beach, Florida 32960. The purpose of the meeting is to consider and vote upon a proposal to approve the Agreement and Plan of Merger, dated October 22, 2003 between Indian River and Alabama National (the Merger Agreement), which provides for, among other things, the merger of Indian River with Alabama National (the Merger). Following the Merger, Indian River National Bank will be a subsidiary of Alabama National. Only holders of record of Indian River common stock at the close of business on January 2, 2004 (the Record Date), will be entitled to notice of and to vote at the Special Meeting. As of the Record Date, there were 2,212,233 shares of Indian River common stock issued, outstanding and entitled to be voted. There were 892 Indian River shareholders of record on the Record Date. Each share of Indian River common stock will be entitled to one vote at the Special Meeting.

The presence, in person or by proxy, of holders of a majority of the issued and outstanding shares of Indian River common stock entitled to vote at the Special Meeting is necessary to constitute a quorum at such meeting. A quorum must be present before a vote on the Merger can be taken at the Special Meeting. For these purposes, shares of Indian River common stock that are present, or represented by proxy, at the Special Meeting will be counted for quorum purposes regardless of whether the holder of the shares or proxy fails to vote on the Merger Agreement for any reason, including broker nonvotes. Generally, a broker who holds shares of Indian River common stock in street name on behalf of a beneficial owner lacks authority to vote such shares in the absence of specific voting instructions from the beneficial owner.

Approval of the Merger Agreement on behalf of Indian River, under Florida law, will require the affirmative vote of the holders of a majority of the outstanding shares of Indian River common stock entitled to be voted thereon. Failures to return proxy cards, broker nonvotes and abstentions will not be counted as votes for or against the proposal to approve the Merger Agreement, and, as a result, such nonvotes will have the same effect as votes cast against the proposal.

Approval of any other matters that may be properly presented at the meeting will be determined by a majority of the votes cast.

In order to vote for the Merger Agreement, Indian River's shareholders must vote for its approval on the enclosed proxy or attend the Special Meeting and vote for these proposals. As of the Record Date, 740,300 shares of Indian River common stock, or 33.46% of the total shares of Indian River common stock outstanding, were beneficially owned and entitled to be voted by the directors and director emeritus of Indian River. Each of these persons has entered into agreements with Alabama National whereby he or she has agreed to vote in favor of the Merger Agreement, subject to certain conditions.

Appraisal rights may be demanded by Indian River's shareholders who follow the procedures specified by Florida law. See APPROVAL OF THE MERGER AGREEMENT Appraisal Rights on page 22.

Proxies and Other Matters

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

The enclosed Indian River proxies are solicited on behalf of the Board of Directors of Indian River for use in connection with the Special Meeting and any adjournment or adjournments thereof. **Holders of Indian River common stock are requested to complete, date and sign the accompanying proxy and return it promptly to Indian River in the enclosed envelope. Indian River's shareholders *should not* forward any stock certificates with their proxies.**

An Indian River shareholder who has executed and delivered a proxy may revoke it at any time before such proxy is voted (a) by giving a later written proxy, (b) by giving written revocation to the Secretary of Indian

Table of Contents

River, provided such later proxy or revocation is actually received by Indian River before the vote of the shareholders, or (c) by voting in person at the Special Meeting. Any shareholder attending the Special Meeting may vote in person whether or not a proxy has been previously filed. Attendance at the Special Meeting will not, in itself, revoke a proxy. If your shares are held in the name of your bank or broker, you will need additional documentation to vote in person at the Special Meeting. Please see the voting form provided by your recordholder for additional information regarding the voting of your shares.

Many shareholders whose shares are held in an account at a brokerage firm or bank will have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Shareholders should check the voting form or instructions provided by their recordholder to see which options are available. Shareholders submitting proxies or voting instructions electronically should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that would be borne by the shareholder. To revoke a proxy previously submitted electronically, a shareholder may simply submit a new proxy at a later date before the taking of the vote at the Special Meeting, in which case, the later submitted proxy will be recorded and the earlier proxy will be revoked.

The shares represented by all properly executed proxies received in time for the Special Meeting, unless said proxies are revoked, will be voted in accordance with the instructions therein. **If instructions are not given, properly executed proxies received will be voted FOR approval of the Merger Agreement.**

Indian River will bear the costs of solicitation of proxies for the Special Meeting. Such solicitation will be made by mail but also may be made by telephone, facsimile or in person by the directors, officers and employees of Indian River. As of the date of this proxy statement-prospectus Indian River has not retained a proxy solicitation firm to assist it in obtaining proxies, but it may elect to do so before the Special Meeting.

If a quorum is not obtained, or if fewer shares of Indian River common stock are voted in favor of approval of the Merger Agreement than the number required for approval, it is expected that the Special Meeting will be postponed or adjourned for the purpose of allowing additional time for obtaining additional proxies or votes. At any subsequent reconvening of such Special Meeting, all proxies will be voted in the same manner as such proxies would have been voted at the original convening of the meeting (except for any proxies which have been effectively revoked), even though they might have been effectively voted on the same or any other matter at a previous meeting.

The management of Indian River is not aware of any business to be acted upon at the Special Meeting other than the proposal to approve the Merger Agreement. If other matters are properly brought before the Special Meeting or any adjournment of such meeting, the enclosed proxy, if properly signed, dated and returned, will be voted in accordance with the recommendation of Indian River's management or, if there is no such recommendation, in the discretion of the individuals named as proxies therein.

Recommendation of Board of Directors

The Board of Directors of Indian River unanimously recommends that the shareholders of Indian River vote FOR the proposal to approve the Merger Agreement. See APPROVAL OF THE MERGER AGREEMENT Background of and Reasons for the Merger.

Table of Contents

APPROVAL OF THE MERGER AGREEMENT

The following information concerning the Merger is qualified in its entirety by reference to the Merger Agreement, which is attached hereto as Appendix A and incorporated herein by reference. The information contained herein with respect to the opinion of the financial advisor to Indian River is qualified in its entirety by reference to the opinion of such financial advisor, which is attached hereto as Appendix C and incorporated herein by reference.

Terms of the Merger

At the date and time when the Merger becomes effective (the **Effective Time**), Indian River will merge with Alabama National, and Alabama National will be the surviving corporation. After the merger, Indian River National Bank will be a subsidiary of Alabama National. If the Merger is consummated, assuming no Indian River shareholders elect to receive cash and assuming the Alabama National stock price used to determine the merger consideration is above \$48.00 per share, Alabama National will issue 2,081,269 shares of its common stock, and approximately 16.2% of the shares of Alabama National common stock outstanding after the Merger will be beneficially owned by former Indian River shareholders. This percentage reflects Alabama National's and Indian River's current number of outstanding shares and does not reflect any share issuances by Alabama National or Indian River prior to the Effective Time.

Merger Consideration

The Merger Agreement provides that Indian River shareholders who do not exercise their appraisal rights will receive either (1) 0.9408 shares of Alabama National common stock or (2) cash as consideration, subject to certain limitations, in exchange for each share of Indian River common stock. These two options are described in more detail below.

Stock Consideration

Absent a cash election, each share of Indian River common stock issued and outstanding at the Effective Time will be converted into and exchanged for 0.9408 shares of Alabama National common stock (the **Exchange Ratio**). The Exchange Ratio may be increased, however, depending upon the average trading price of Alabama National common stock prior to the Merger, as described below.

The price per share of Alabama National's common stock fluctuates from day-to-day. On the fifth business day prior to the Effective Time, an **average price** of Alabama National's stock price will be calculated based on the averages of the high and low sales prices of Alabama National's common stock reported on the Nasdaq Stock Market for the previous ten business days. If the **average price** is equal to or less than \$48.00, then the Exchange Ratio will be increased as follows:

<u>Average Price</u>	<u>Adjusted Exchange Ratio</u>
Less than \$48.00, and equal to or greater than \$47.00	0.9493

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Less than \$47.00, and equal to or greater than \$46.00	0.9578
Less than \$46.00, and equal to or greater than \$45.00	0.9663
Less than \$45.00	0.9748

If the average price falls below \$44.00 per share, the Indian River board of directors has the option to terminate the Merger Agreement. Alabama National, however, may elect to cancel the termination by either (1) increasing the Exchange Ratio to an amount equal to the quotient of \$42.89 divided by the average price, or (2) paying with respect to each share of Indian River common stock additional cash consideration equal to the difference of (A) \$42.89 minus (B) the product of the average price and 0.9748. For example, if the average price were \$42.00, Indian River's board of directors provided a notice of termination, and Alabama National elected to

Table of Contents

void such termination, Alabama National would be required to either increase the Exchange Ratio to at least 1.021 (i.e., the quotient of \$42.89 divided by \$42.00) or make a cash payment of \$1.95 (i.e., the difference in \$42.89 and the product of \$42.00 multiplied by 0.9748, or \$40.94) for each share of Indian River common stock.

Election to Receive Cash Consideration in Lieu of Common Stock

Instead of receiving Alabama National common stock as described above, Indian River shareholders may elect to receive cash consideration in exchange for their shares of Indian River common stock, in accordance with the election procedures described below. Shareholders who choose to receive all cash consideration will receive an amount in cash equal to the product of (1) the average price of Alabama National common stock calculated as described above, and (2) the Exchange Ratio, for each share of Indian River common stock that is converted. Indian River shareholders may make the cash election with respect to all or any portion of their shares of Indian River common stock, subject to the cash allocation procedures described below. In our discussion we may refer to the amount of cash to be received for each share of Indian River common stock converted in connection with the cash election as the per share cash election consideration.

Alabama National will be required to pay cash consideration to Indian River shareholders who elect to receive cash consideration. The maximum amount of cash consideration that Alabama National is required to pay in connection with the Merger, however, cannot exceed 10% of the aggregate merger consideration. Therefore, if the number of shareholders who elect to receive cash instead of shares of Alabama National common stock would cause the total amount of cash to be paid by Alabama National to exceed the maximum cash amount, Alabama National is permitted to allocate and proportionately reduce the cash elections made by Indian River shareholders as described below. Alternatively, Alabama National, in its discretion, may increase the amount of cash consideration to an amount not to exceed 25% of the aggregate merger consideration. See Procedures for Making a Cash Election.

No assurance can be given that the current fair market value of Alabama National common stock will be equivalent to the fair market value of Alabama National common stock on the date that stock is received by an Indian River shareholder or at any other time. The fair market value of Alabama National common stock received by an Indian River shareholder may be greater or less than the current fair market value of Alabama National common stock due to numerous market factors.

If Indian River changes the number of shares of Indian River common stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend, recapitalization or otherwise, the Exchange Ratio will be proportionately adjusted. If Alabama National changes the number of shares of Alabama National common stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend or similar recapitalization, appropriate adjustments will be made in the consideration payable to the Indian River shareholders.

Procedures for Making a Cash Election

An election form is being delivered with this proxy statement-prospectus to each holder of record of Indian River common stock. Each election form permits a holder (or the beneficial owner through appropriate and customary documentation and instructions) of Indian River common stock to elect to receive cash with respect to all or a portion of such holder's Indian River common stock, subject to the limitation of the maximum cash amount of 10% of the aggregate merger consideration (the maximum cash amount). **If your shares of Indian River common stock are held in the name of a bank or broker or other nominee, you must contact that bank, broker or other nominee in order to make your cash election.**

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Any shares of Indian River common stock with respect to which the holder has not made a valid cash election on or before 5:00 p.m. Eastern Time on February 24, 2004, the election deadline, will be converted at the Effective Time into shares of Alabama National common stock based on the Exchange Ratio.

Table of Contents

A cash election will be properly made only if SunTrust Bank, acting in its capacity as exchange agent for Alabama National (the Exchange Agent) receives a properly completed election form by the election deadline. Any election form may be revoked or changed by the person submitting such election form at or prior to the election deadline. If an election form is revoked and a replacement election form is not submitted prior to the election deadline, the shares of Indian River common stock represented by such election form will be treated like other shares of Indian River common stock with respect to which no cash election has been made. Subject to the terms of the Merger Agreement and of the election form, the Exchange Agent will have reasonable discretion to determine whether any election, revocation or change has been properly or timely made and to disregard immaterial defects in the election forms, and any good faith decisions of the Exchange Agent regarding such matters will be binding and conclusive. Neither Alabama National nor the Exchange Agent will be under any obligation to notify any person of any defect in an election form.

If you wish to receive cash for any or all of your shares of Indian River common stock, the Exchange Agent must RECEIVE your election form prior to the election deadline. Please do not send in your stock certificates with your cash election form. Please do not send your cash election form with your proxy card.

Within five business days after the election deadline, unless the Merger has not been completed, in which case as soon as practicable after the Merger is completed, Alabama National will cause the Exchange Agent to allocate the right to receive cash consideration among the holders of Indian River common stock in accordance with the election forms as follows:

If the amount of cash that would be paid for shares of Indian River common stock covered by a cash election is less than or equal to the maximum cash amount, then:

- (1) all shares of Indian River common stock with respect to which shareholders have elected to receive cash will be converted into the right to receive the per share cash election consideration; and
- (2) all other shares of Indian River common stock will be converted into the right to receive the shares of Alabama National common stock based on the Exchange Ratio.

If the amount of cash that would be paid for shares of Indian River common stock covered by a cash election is greater than the maximum cash amount, then:

- (1) the number of shares electing to receive cash will be automatically reduced on a pro rata basis, based on the total number of shares electing to receive cash, so that the amount of cash that will be issued in the Merger equals as closely as practicable the maximum cash amount;
- (2) all shares of Indian River common stock with respect to which shareholders have elected to receive cash remaining after the adjustment described in paragraph (1) above will be converted into the right to receive the per share cash election consideration;
- (3) the shares of Indian River common stock that would have received cash, but for the adjustment described in paragraph (1) above will be converted into the right to receive shares of Alabama National common stock based on the Exchange Ratio; and
- (4) all shares with respect to which no election to receive cash was made will be converted into the right to receive shares of Alabama National common stock based on the Exchange Ratio.

Surrender of Certificates

Promptly after the Effective Time, the Exchange Agent will mail to each former holder of record of Indian River common stock a form letter of transmittal, together with instructions and a return mailing envelope (collectively, the Exchange Materials), for the exchange of such holders Indian River common stock certificates for either certificates representing shares of Alabama National common stock and cash payable in lieu of fractional shares or cash in respect of accepted cash elections. **You should not send in your certificates until you receive the Exchange Materials from the Exchange Agent.**

Table of Contents

Upon receipt of the Exchange Materials, former holders of Indian River common stock should complete the letter of transmittal in accordance with the instructions and mail the letter of transmittal together with all stock certificates representing shares of Indian River common stock to the Exchange Agent in the return envelope provided. Upon receipt of the certificates and related documentation, Alabama National will issue, and the Exchange Agent will mail, to such holder of Indian River common stock a certificate representing the number of shares of Alabama National common stock to which such holder is entitled, and/or a check in the amount of cash payable to such shareholder as a result of a cash election and any cash payment in lieu of fractional shares of Alabama National common stock, all as described in the Merger Agreement. No certificates of Alabama National common stock and no cash payment will be delivered to a holder of Indian River common stock unless and until such holder has delivered to the Exchange Agent certificates representing the shares of Indian River common stock owned by such holder and in respect of which such holder claims payment is due, or such documentation and security in respect of lost or stolen certificates as may be required by the Exchange Agent.

After the Effective Time, a former shareholder of record of Indian River will be entitled to vote at any meeting of Alabama National shareholders the number of whole shares of Alabama National common stock into which such holder's shares of Indian River common stock are converted, regardless of whether such holder has exchanged his or her certificates representing Indian River common stock for certificates representing Alabama National common stock.

Beginning six months after the Effective Time, no dividend or other distribution payable after the Effective Time with respect to Alabama National common stock issued to replace Indian River common stock will be paid to the holder of an unsurrendered Indian River common stock certificate until the holder surrenders such certificate, at which time such holder will be entitled to receive all previously withheld dividends and distributions, without interest.

After the Effective Time, there will be no transfers on Indian River's stock transfer books of shares of Indian River common stock issued and outstanding at the Effective Time. If certificates representing shares of Indian River common stock are presented for transfer after the Effective Time, they will be returned to the presenter together with a form of letter of transmittal and exchange instructions.

Neither Alabama National nor the Exchange Agent will be liable to a holder of Indian River common stock for any amounts paid or properly delivered in good faith to a public official under any applicable abandoned property law.

No fractional shares of Alabama National common stock will be issued in respect of Indian River common stock, and cash will be paid by Alabama National in lieu of issuance of such fractional shares. The amount paid in lieu of fractional shares will be calculated by multiplying such fractional part of a share of Alabama National common stock by the average price of Alabama National common stock, calculated as described above. No holder of Indian River common stock who would otherwise have been entitled to a fractional share of Alabama National common stock will be entitled to dividends, voting rights or any right as a shareholder with respect to such fractional shares.

Appraisal Rights

Under Florida law, each shareholder of Indian River entitled to vote on the Merger who complies with the procedures set forth in Section 607.1301 to 607.1333 of the Florida Business Corporation Act (the "FBCA") relating to appraisal rights is entitled to receive in cash the fair value of his or her shares of Indian River common stock. **An Indian River shareholder must comply strictly with the procedures set forth in Florida law relating to appraisal rights. Failure to follow any such procedures will result in a termination or waiver of his or her appraisal rights.**

To perfect appraisal rights, a holder of Indian River common stock must not vote in favor of the Merger Agreement and must provide written notice to Indian River before the vote is taken at the Special Meeting

Table of Contents

indicating that such shareholder intends to demand payment if the Merger is effectuated. Such written notification should be delivered either in person or by mail (certified mail, return receipt requested, being the recommended form of transmittal) to Indian River Banking Company, 958 20th Place, Vero Beach, Florida 32960, Attention: Secretary. All such notices must be signed in the same manner as the shares are registered on the books of Indian River. If a shareholder has not provided written notice of intent to demand fair value before the vote is taken at the Special Meeting, the shareholder will be deemed to have waived his or her appraisal rights.

Within 10 days after the date the Merger becomes effective, Alabama National, as successor to Indian River in the Merger, will provide each former Indian River shareholder who has properly provided a notice of intent to demand payment of fair value a written appraisal notice and form, which will indicate Alabama National's estimate of the fair value of Indian River common stock, as well as a copy of Indian River's financial statements and a copy of sections 607.1301 to 607.1333 of the FBCA.

A shareholder asserting appraisal rights must execute and return the form and deposit the shareholder's certificates in accordance with the terms of the notice, before the date specified in the appraisal notice, which will not be fewer than 40 or more than 60 days after the appraisal notice and form were sent to the shareholder. A shareholder who deposits shares in accordance with the assertion of appraisal rights has no further rights as a shareholder, but only has the right to receive fair value for the shares in accordance with the appraisal procedures, unless the appraisal demand is withdrawn.

A shareholder who does not execute and return the form and deposit his or her certificates by the date set forth in the appraisal notice, will no longer be entitled to appraisal rights, will be bound by the terms of the Merger Agreement, and will receive shares of Alabama National common stock. A shareholder who complies with the requirements and wishes to withdraw from the appraisal process may do so by notifying Alabama National in writing before the date set forth in the appraisal notice as the due date to execute and return the form. A shareholder who fails to withdraw from the appraisal process may not thereafter withdraw without Alabama National's written consent.

A shareholder must demand appraisal rights with respect to all of the shares registered in his or her name, except that a record shareholder may assert appraisal rights as to fewer than all of the shares registered in the record shareholder's name but which are owned by a beneficial shareholder, if the record shareholder objects with respect to all shares owned by the beneficial shareholder. A record shareholder must notify Indian River in writing of the name and address of each beneficial shareholder on whose behalf appraisal rights are being asserted. A beneficial shareholder may assert appraisal rights as to any shares held on behalf of the shareholder only if the shareholder submits to Indian River the record shareholder's written consent to the assertion of such rights before the date specified in the appraisal notice, and does so with respect to all shares that are beneficially owned by the beneficial shareholder.

If a shareholder timely accepts the offer to pay the fair value of the shares as set forth in the appraisal notice, payment will be made within 90 days after Alabama National receives the form from the shareholder. A shareholder who is dissatisfied with the offer must include in his or her returned form a demand for payment of that shareholder's estimate of the fair value of the shares plus interest, otherwise the shareholder will be entitled to payment of only the amount offered. Interest is to be calculated at the interest rate on judgments in Florida on the effective date of the Merger. Once Alabama National has made payment of an agreed upon value, the shareholders will cease to have any interest in the shares.

Currently, because of an inadvertent error by the Florida legislature during the 2003 revision of the appraisal rights law, the FBCA is silent as to what would happen during the appraisal process if Alabama National and the dissenting shareholder are unable to agree on the fair value of the shares. Although there is no official guidance as to what actions to take in such situation, it is likely that a Florida court would continue to apply the provisions of the former Section 607.1320 of the FBCA. Under this former provision, Alabama National would be required to file an appraisal action in a court of competent jurisdiction in the county in which Indian River maintained its

Table of Contents

registered office, requesting that the fair value of the shares of Indian River common stock be determined. If Alabama National fails to file such proceedings, any dissenting shareholder may do so in the name of Indian River. All dissenting shareholders, except for those that have agreed upon a value with Alabama National, are deemed to be parties to the proceeding. In such proceeding, the court may, if it so elects, appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. Alabama National shall pay each dissenting shareholder the amount found to be due within 10 days after final determination of the proceedings. Upon payment of such judgment, the dissenting shareholder will cease to have any interest with respect to his or her Indian River shares.

The court in any appraisal proceeding will determine the cost and expense of any appraisal proceeding and such costs and expenses will be assessed against Alabama National. However, all or any part of such cost and expense may be apportioned and assessed against all or some of the dissenting shareholders, in such amount as the court deems equitable, if the court determines that such shareholders acted arbitrarily, vexatiously or not in good faith with respect to their appraisal rights. The court may also assess the fees and expenses of counsel and experts for the respective parties in the amounts the court finds equitable against Alabama National if the court finds that Alabama National did not substantially comply with its requirements under Sections 607.1320 and 607.1322 of the FBCA, or, against any party which the court finds acted arbitrarily, vexatiously, or not in good faith with respect to the appraisal rights provided by the FBCA. In the event Alabama National fails to make any required payments, the shareholders may sue directly for the amount owed, and to the extent successful, will be entitled to recover all costs and expenses of the suit, including attorney's fees.

The foregoing does not purport to be a complete statement of the provisions of the FBCA relating to statutory appraisal rights and is qualified in its entirety by reference to the appraisal rights provisions, which are reproduced in full in Appendix B to this proxy statement-prospectus and which are incorporated herein by reference.

Effective Time

Articles of Merger will be filed with the Secretary of State of Florida and a Certificate of Merger will be filed with the Delaware Secretary of State as soon as practicable after all conditions contained in the Merger Agreement have been satisfied or lawfully waived, including receipt of all regulatory approvals, and expiration of all statutory waiting periods, and the approval of the Merger Agreement by the shareholders of Indian River. The Effective Time of the Merger will be the later of the time the Articles of Merger are accepted for filing by the Secretary of State of Florida and the Certificate of Merger is accepted for filing the Secretary of State of Delaware (or such later time as the parties may agree).

Background of and Reasons for the Merger

In connection with its normal strategic planning process, Indian River continuously reviews its strategic business alternatives, including devoting attention to the continuing consolidation and increasing competition in the banking and financial services industries in Florida. In recent years, competition in the local banking and financial services industries has intensified and required increased efforts to enhance Indian River's ability to remain competitive in this environment.

From time to time over the past several years, the directors of Indian River had discussions regarding the prospects of Indian River National Bank, conditions in the community banking market in Florida, and the merger activity among financial institutions in the state. Also during this time, Indian River had periodically received inquiries from other parties regarding the possible interest of Indian River in pursuing a sale transaction. None of the inquiries had resulted in Indian River entering into any letter of intent or agreement for sale of the company.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

In early 2003, Indian River's board of directors surveyed the views of its individual directors and director emeritus with respect to the potential merger of the company, and the criteria that a potential acquiror would have to meet in order to be perceived favorably. As a result of that informal survey, the board of directors determined that Indian River should commence a measured, deliberate process through which it would identify companies which appear to satisfy the criteria identified by the board, and which might have an interest in a

merger or strategic combination with Indian River. These criteria included, without limitation or indication of the relative weight or importance placed upon any factor, management and business philosophies and values comparable to and compatible with those held by Indian River; a record of successfully completing acquisitions, or the capacity to do so; commitment to the communities and customers which the company serves; commitment to employees; and a transaction structured to allow shareholders to engage in tax and financial planning with respect to their shares of Indian River common stock, in addition to providing enhanced liquidity and dividend and capital appreciation potential for Indian River shareholders.

Paul Andy Beindorf, Indian River's President and Chief Executive Officer, along with the executive committee of the board, consisting of Robert Grice, Mary Rogers, John Minton, Keith Morgan and the Chairman of the Board, Griffin A. Greene, were delegated the responsibility to review the landscape of likely potential acquirors, and to determine, based on a review of their acquisition history, reputation in the banking community and available financial information, which companies appeared to meet the criteria established by the board of directors. This process resulted in Indian River inquiring of a small number of companies, including Alabama National, as to whether they would be interested in entering into a transaction with Indian River, but did not result in any expressions of interest on terms which the board of directors deemed acceptable.

Alabama National management came into contact with Indian River management through Alabama National's investment department. John H. Holcomb, III, Alabama National's Chairman and Chief Executive Officer, often travels with officers of Alabama National's investment department as they visit banks in the Southeast. Indian River has been a customer of the investment department since 2002. During a July 17, 2003 trip to Florida with Alabama National's investment department, Mr. Holcomb met informally with Mr. Beindorf. At that meeting, Mr. Holcomb described Alabama National, its history, strategy, and operating structure. He also expressed an interest in expanding Alabama National's presence in the Treasure Coast market with a partner like Indian River should they decide to consider a merger.

In early August 2003, Mr. Beindorf arranged for Mr. Holcomb to meet informally with those directors whose schedule permitted to further discuss Alabama National's strategy and operating structure. Those directors attending were Mr. Greene, Mr. Minton, Mrs. Rogers and Mr. Grice. During that meeting, Mr. Holcomb invited Mr. Beindorf and several members of the Indian River board of directors to come to Birmingham for an overnight visit to meet Alabama National's senior management team. Indian River's board authorized these representatives to make this visit at its regular board meeting on August 13, 2003. During this visit to Birmingham, which took place on August 14 and 15, 2003, Alabama National management provided the Indian River representatives with additional insight into the company's operating structure, management philosophy, strategic plans, and goals for the future.

After returning to Indian River and reflecting upon the meetings in Birmingham, Mr. Beindorf and Mr. Greene met individually to discuss the meeting and to share the information they had learned with those directors who had not traveled to Birmingham. After these discussions, there was a consensus that further exploratory discussions with Alabama National were warranted.

At the regularly scheduled August 20, 2003 meeting of the Alabama National board of directors, Mr. Holcomb presented information on Indian River and discussed management's interest in further pursuing a merger. William E. Matthews V, Alabama National's Executive Vice President and CFO, presented information on Indian River, including its history, its management team, and its markets. Mr. Matthews also presented information on its financial condition and historical growth in various balance sheet and income statement categories. Mr. Holcomb then commented upon the appeal of the Indian River franchise, his assessment of its management team and their fit in the Alabama National operating culture. He recommended to the board their approval of continued negotiations with Indian River in an attempt to reach mutually acceptable terms for a merger. The Alabama National board approved the continued negotiations with Indian River for a potential business combination.

Subsequently, Mr. Holcomb, Richard Murray IV, Alabama National's President and COO, and Mr. Matthews traveled to Vero Beach to meet with the Indian River board on August 26, 2003. At that meeting,

the Indian River board inquired about a number of issues pertaining to Alabama National's operating philosophy and plans for the Treasure Coast market should a merger between the parties proceed. Messrs. Holcomb, Murray and Matthews met on August 27, 2003 with Mr. Beindorf and Mr. Greene to discuss pricing parameters for a potential merger. Mr. Beindorf and Mr. Greene reported on the discussions to the Executive Committee at a meeting on September 4, 2003. The Executive Committee authorized Mr. Beindorf, Mr. Greene, Mr. Grice and director emeritus Barnette Greene to continue discussions with Alabama National. This group met with Mr. Holcomb in Vero Beach on September 10, 2003. Following that meeting, the two parties had a series of telephone conversations over the following days during which an agreement on pricing parameters was reached.

The parties agreed that the next steps in the process were to execute a Confidentiality Agreement and for Alabama National to perform due diligence on Indian River's books and records.

Alabama National representatives performed a due diligence review at Indian River's Vero Beach headquarters from September 29 through October 3, 2003. After reviewing and analyzing the information gathered, Alabama National confirmed its desire to consummate the transaction. Indian River representatives then visited Alabama National's Birmingham headquarters on October 6, 2003 for a due diligence review and also confirmed its intention to proceed.

Indian River engaged The Carson Medlin Company to review the transaction for fairness from its and its shareholders' perspectives. During October 2003, Carson Medlin conducted due diligence on Alabama National on behalf of Indian River by analyzing its public records and through interviews with Alabama National management.

Following the conclusion of due diligence, the parties began the negotiation of a definitive agreement for the merger of Alabama National and Indian River. The Indian River board met on October 15, 2003 to discuss and vote upon the then current form of Merger Agreement and the Merger. At that meeting, the Indian River board discussed the terms of the proposed transaction. Legal counsel reviewed with the board of directors the fiduciary obligations of directors in sales of financial institutions and commented on the form of Merger Agreement, the status of proposed changes, the voting agreements to be entered into between Indian River directors and Alabama National, the new employment agreements to be entered into with Messrs. Beindorf, Morton and Tasker in connection with the merger and related issues. In addition, Carson Medlin, in its capacity as financial advisor to Indian River, presented the Indian River board with a verbal opinion that the consideration in the Merger as provided in the Merger Agreement was fair to Indian River shareholders from a financial standpoint. Indian River's board then unanimously approved the Merger Agreement and the transactions contemplated thereby, subject to the satisfactory resolution of outstanding comments on the form of Merger Agreement and related documents, review of all schedules to be provided by Alabama National and receipt of the final written opinion of Carson Medlin. Indian River's management also was authorized to sign the Merger Agreement, which was signed by Alabama National and Indian River on October 22, 2003 after the close of business.

At the regularly scheduled October 15, 2003 meeting of the Alabama National board, Mr. Holcomb made a presentation relating to the Indian River transaction including a summary of the terms of the proposed Merger and the results of management's due diligence review of Indian River. The Alabama National board formally approved the Merger and authorized Alabama National's officers to execute the Merger Agreement and to take all other action necessary to consummate the transaction.

Alabama National's Reasons for the Merger. In approving the Merger Agreement and the Merger, the Alabama National board of directors considered a number of factors concerning the benefits of the Merger. Without assigning any relative or specific weights to the factors, the Alabama National board of directors considered the following material factors:

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

- (a) the information presented to the directors by the management of Alabama National concerning the business, operations, earnings, asset quality and financial condition of Indian River, including the composition of the earning assets portfolio of Indian River;
- (b) the financial terms of the Merger, including the relationship of the value of the consideration issuable in the Merger to the market value, tangible book value and earnings per share of Indian River;

Table of Contents

- (c) the non-financial terms of the Merger, including the treatment of the Merger as a tax-free reorganization under Section 368(a) of the Internal Revenue Code;
- (d) the likelihood of the Merger being approved by applicable regulatory authorities without undue conditions or delay;
- (e) the opportunity for increasing the noninterest income of the operations of Indian River and the ability of the operations of Indian River after the Effective Time to contribute to the earnings of Alabama National;
- (f) the attractiveness of the Indian River franchise, the management team of Indian River, the market position of Indian River in the markets in which it operates, and the compatibility of the franchise of Indian River in Indian River County and Brevard County, Florida with the operations of Alabama National in its market areas; and
- (g) the compatibility of the management philosophies and community banking orientation of the operation of Indian River to that of Alabama National and the subsidiary banks of Alabama National.

Indian River's Reasons for the Merger. In approving the Merger Agreement and the Merger, the board of directors of Indian River considered a number of factors and criteria regarding the potential benefits of the Merger. Without assigning relative or specific weights to those factors, the Indian River board of directors considered the following material factors:

- (a) the financial terms of the Merger, including, among other things, the opinion of The Carson Medlin Company as to the fairness of the consideration to be received by the Indian River shareholders, as provided in the Merger Agreement, from a financial point of view, to the shareholders of Indian River;
- (b) the interests of shareholders in obtaining greater liquidity for their investment, and the fact that Alabama National common stock is traded on the Nasdaq Stock Market;
- (c) the fact that the Merger qualifies as a tax-free reorganization for Indian River shareholders except to the extent of any cash received by Indian River shareholders, which will enable Indian River shareholders to exercise control over their own tax and financial planning;
- (d) a comparison of the prospects of Indian River as an independent entity and as a component of Alabama National after the Merger, including the prospects of an independent Indian River to achieve growth in investment value equal to or in excess of that which Alabama National may achieve;
- (e) certain financial and other information concerning Alabama National, including, among other things, information with respect to the business, operations, condition and future prospects of Alabama National, as well as the market performance of its common stock, and its dividend payment history and capacity;
- (f) the compatibility of management and the business philosophies of Indian River and Alabama National, and the reputation and record of Alabama National as an acquirer of other banks;
- (g) the fact that the Merger would result in Indian River National Bank continuing as a separate subsidiary of Alabama National, with substantial local decision making authority and responsibility, minimizing the adverse impact on Indian River's employee base, and enabling Indian River National Bank to continue serving its customers and communities;

- (h) the level of interest expressed by other potential acquirors, and the value of other expressions of interest of potential acquirors of Indian River, the potential for increased shareholder value and benefits as a result of such other transactions, the probability of such other transactions being completed upon the terms proposed and in a timely manner, and the impact of such other transactions on the customers, employees and communities served by Indian River; and
- (i) the likelihood of the Merger being approved by the appropriate regulatory authorities without undue conditions or delay and in accordance with the terms initially proposed by Alabama National.

The Indian River board of directors unanimously recommends that Indian River shareholders vote FOR the approval of the Merger Agreement.

Opinion of The Carson Medlin Company

Indian River Banking Company engaged The Carson Medlin Company (Carson Medlin) to serve as its financial adviser and to render its opinion to the shareholders of Indian River as to the fairness, from a financial point of view, of the consideration provided for in the merger agreement. Indian River selected Carson Medlin as its financial adviser on the basis of its experience in advising community banks in similar transactions. Carson Medlin is an investment banking firm which specializes in the securities of financial institutions located in the southeastern and western United States. As part of its investment banking activities, Carson Medlin is regularly engaged in the valuation of financial institutions and transactions relating to their securities, including mergers and acquisitions. Neither Carson Medlin nor any of its affiliates has a material relationship with Indian River or Alabama National or any material financial interest in Indian River or Alabama National.

Carson Medlin provided its analysis to Indian River's board of directors at a meeting held on October 15, 2003 during which the terms of the transaction were discussed. At that meeting, Carson Medlin delivered its verbal opinion to the effect that the consideration provided for in the merger agreement is fair, from a financial point of view, to the shareholders of Indian River. Carson Medlin subsequently delivered its written opinion, dated October 22, 2003, to Indian River's board of directors. Carson Medlin reconfirmed its October 22, 2003 written opinion by issuing a second written opinion dated as of January 7, 2004, the most recent practicable date prior to the printing of this proxy statement-prospectus, a copy of which is attached as Appendix C.

You should consider the following when reading the discussion of Carson Medlin opinion in this document:

The summary of the opinion of Carson Medlin set forth in this proxy statement is qualified in its entirety by reference to the full text of the opinion that is attached as Appendix C to this document. You should read the opinion in its entirety for a full discussion of the procedures followed, assumptions made, matters considered and qualification and limitation on the review undertaken by Carson Medlin in connection with its opinion.

Carson Medlin's opinion does not address the merits of the merger relative to other business strategies, whether or not considered by Indian River's board, nor does it address the decision by Indian River's board to proceed with the merger.

Carson Medlin's opinion to Indian River's board of directors rendered in connection with the merger does not constitute a recommendation to any Indian River shareholder as to how he or she should vote at the special meeting.

No limitations were imposed by Indian River's board of directors or its management upon Carson Medlin with respect to the investigations made or the procedures followed by Carson Medlin in rendering its opinion.

The preparation of a financial fairness opinion involves various determinations as to the most appropriate methods of financial analysis and the application of those methods to the particular circumstances. It is therefore not readily susceptible to partial analysis or summary description. In connection with rendering its opinion, Carson Medlin performed a variety of financial analyses. Carson Medlin believes that its analyses must be considered together as a whole and that selecting portions of its analyses and the facts considered in its analyses, without considering all other factors and analyses, could create an incomplete or inaccurate view of the analyses and the process underlying the rendering of Carson Medlin's opinion. Except as described below, none of the analyses performed by Carson Medlin was assigned a greater significance by Carson Medlin than any other. The relative importance or weight given to these analyses by Carson Medlin is not necessarily reflected by the order of presentation of the analyses herein (and the corresponding results). The summaries of financial analyses include information presented in tabular format. The tables, which alone do not constitute a complete description of the financial analyses, should be read together with the summaries of the financial analyses, including the methodologies and assumptions underlying the analyses.

In performing its analyses, Carson Medlin made numerous assumptions with respect to industry performance, business and economic conditions, and other matters, many of which are beyond the control of Indian River and Alabama National and may not be realized. Any estimates contained in Carson Medlin's analyses are not necessarily predictive of future results or actual values, which may be significantly more or less favorable than the estimates. Estimates of values of companies do not purport to be appraisals or necessarily reflect the prices at which the companies or their securities may actually be sold, therefore these estimates are inherently subject to substantial uncertainty. In addition, the Carson Medlin opinion was among several factors taken into consideration by the Indian River board of directors in making its determination to approve the merger agreement and the merger. Consequently, the analyses described below should not be viewed as determinative of the decision of the Indian River board of directors or management with respect to the fairness of the consideration received.

Carson Medlin has relied, without independent verification, upon the accuracy and completeness of the financial and other information provided to or otherwise made available to Carson Medlin for the purpose of rendering its opinion. Carson Medlin did not undertake any independent evaluation or appraisal of the assets and liabilities of Indian River or Alabama National, nor was it furnished with any appraisals. The projections furnished to Carson Medlin and used by it in certain of its analyses were prepared by Indian River's senior management. Indian River does not publicly disclose internal management projections of the type provided to Carson Medlin in connection with its review of the merger. As a result, such projections were not prepared with a view towards public disclosure. The projections were based on numerous variables and assumptions which are inherently uncertain, including factors related to general economic and competitive conditions. Accordingly, actual results could vary significantly from those set forth in the projections.

Carson Medlin is not an expert in the evaluation of loan portfolios, including under-performing or non-performing assets, charge-offs or the allowance for loan losses; it has not reviewed any individual credit files of Indian River or Alabama National; and it has assumed that the allowances of Indian River and Alabama National are in the aggregate adequate to cover potential losses. Carson Medlin's opinion is necessarily based on economic, market and other conditions existing on the date of its opinion, and on information as of various earlier dates made available to it which is not necessarily indicative of current market conditions.

In rendering its opinion, Carson Medlin made the following assumptions:

that the merger will be accounted for as a purchase in accordance with generally accepted accounting principles;

that all material governmental, regulatory and other consents and approvals necessary for the consummation of the merger would be obtained without any adverse effect on Indian River, Alabama National or on the anticipated benefits of the merger;

that Indian River had provided it with all of the information prepared by Indian River or its other representatives that might be material to Carson Medlin in its review; and

that the financial projections it reviewed were reasonably prepared on a basis reflecting the best currently available estimates and judgment of the management of Indian River as to the future operating and financial performance of Indian River.

Carson Medlin's opinion is not an expression of an opinion as to the prices at which shares of Indian River's common stock or shares of Alabama National common stock will trade following the announcement of the merger or the actual value of the shares of common stock of the combined company when issued pursuant to the merger, or the prices at which the shares of common stock of the combined company will trade following the completion of the merger.

Valuation Methodologies

The following is a summary of all material analyses performed by Carson Medlin in connection with its written opinion provided to Indian River's board of directors on October 22, 2003. The summary does not purport to be a complete description of the analyses performed by Carson Medlin but summarizes the material analyses performed and presented in connection with such opinion.

Summary of Merger Terms

Carson Medlin reviewed the terms of the proposed merger, including the form of consideration, the exchange ratio, the price per share of Alabama National's common stock and the resulting price paid to Indian River's shareholders pursuant to the merger agreement. Under the terms of the merger agreement, Alabama National will issue 0.9408 shares of Alabama National common stock for each of the outstanding shares of

Indian River stock. The exchange ratio will increase if Alabama National's average price at closing is between \$44.00 and \$48.00 per share, ranging from 0.9493 to 0.9748.

Carson Medlin calculated that the indicated consideration received by Indian River's shareholders represented:

\$48.09 per share (based on Alabama National's 10-day average price as of October 22, 2003 of \$51.12 per share);

288.8% of Indian River's stated book value at September 30, 2003;

21.0 times Indian River's earnings for the trailing 12 months ended September 30, 2003;

20.2% of Indian River's total assets at September 30, 2003;

25.6% of Indian River's total deposits at September 30, 2003; and

an 18.6% premium on Indian River's core deposits at September 30, 2003 (representing the premium paid over stated equity divided by total deposits excluding CDs greater than \$100,000).

Comparable Transaction Analysis

Carson Medlin reviewed certain information related to selected merger transactions involving all banks in the United States announced since January 1, 2002 with assets between \$400 million and \$750 million, the National peer group. This peer group included 20 transactions. Carson Medlin also reviewed certain information related to merger transactions involving banks in the Southeast with assets between \$400 million and \$1 billion and announced since January 1, 2002, the Southeast peer group, which included 8 transactions.

In evaluating these peer groups, Carson Medlin considered, among other factors, capital levels, asset size and quality of assets of the acquired financial institutions. Carson Medlin compared the price to trailing twelve months' earnings, price to book value, price to total assets, price to total deposits and core deposit premium for the two peer groups to the proposed merger at the time it was announced. These comparisons are discussed below.

No transaction used as a comparison in the above analysis is identical to Alabama National, Indian River or the merger. Accordingly, an analysis of these results is not purely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the value of the companies to which they are being compared.

Contribution Analysis

Carson Medlin analyzed the relative contribution of each of Indian River and Alabama National to the pro forma balance sheet and income statement items as of September 30, 2003 to the pro forma combined entity, including assets, loans, net of unearned income, deposits, equity, and net income. This analysis excluded any purchase accounting adjustments. The pro forma ownership analysis assumed 100% of the aggregate deal value is in the form of Alabama National stock and was based on an exchange ratio of 0.9408. The results of Carson Medlin's analysis are set forth in the following table:

<u>Category</u>	<u>Alabama National</u>	<u>Indian River</u>

Present Value Analysis

Carson Medlin calculated the present value of Indian River assuming that Indian River remained an independent bank. For purposes of this analysis, Carson Medlin utilized certain projections of Indian River's future growth of assets, earnings and dividends and assumed a terminal value for Indian River's stock at the end of the period by applying price to earnings multiples ranging from 18x to 22x and price to book value multiples ranging from 200% to 300%. Carson Medlin based their projections on Indian River's historic growth rates, management estimates, as well as expected industry trends over the period analyzed with an expected average annual growth rate of approximately 8.5%. The average return on assets (ROA) over the projected period is

Table of Contents

approximately 1.12% and is based on Indian River's estimates and Carson Medlin's estimates. The terminal multiples were based on Carson Medlin's experience in similar merger transactions over the past several years and those multiples observed in other transactions as exhibited by the comparable transactions described above. The values were then discounted to present value utilizing discount rates of 13% to 15%. These rates were selected because, in Carson Medlin's experience, they represent the rates that investors in securities such as Indian River's common stock would demand in light of the potential appreciation and risks as observed in expected returns for alternative investments.

Price to Earnings Ratios

	<u>18</u>	<u>19</u>	<u>20</u>	<u>21</u>	<u>22</u>
13.0%	\$ 37.10	\$ 39.04	\$ 40.97	\$ 42.90	\$ 44.84
14.0%	\$ 35.55	\$ 37.39	\$ 39.24	\$ 41.09	\$ 42.94
15.0%	\$ 34.07	\$ 35.84	\$ 37.61	\$ 39.38	\$ 41.15

On the basis of the terminal price to earning assumptions, Carson Medlin calculated that the present value of Indian River as an independent bank ranged from \$34.07 per share to \$44.84 per share. The indicated consideration to be paid to Indian River's shareholders was \$48.09 per share (based on Alabama National's 10-day average stock price of \$51.12 per share on October 22, 2003) which is higher than the top end of the range indicated under this present value analysis.

Price to Book Value Ratios

	<u>2.00</u>	<u>2.25</u>	<u>2.50</u>	<u>2.75</u>	<u>3.00</u>

15.0%	\$ 33.01	\$ 36.86	\$ 40.71	\$ 44.56	\$ 48.41

On the basis of the terminal price to book value assumptions, Carson Medlin calculated that the present value of Indian River as an independent bank ranged from \$33.01 per share to \$52.76 per share. The indicated consideration to be paid to Indian River's shareholders was \$48.09 per share (based on Alabama National's 10-day average stock price of \$51.12 per share on October 22, 2003) which is near the high end of this range.

Industry Comparative Analysis

In connection with rendering its opinion, Carson Medlin compared selected operating results of Alabama National to a peer group of banks in the Southeast with assets from \$1 billion to \$5 billion. The Alabama National selected peer group consists of First Charter Corporation, United Community Banks, Inc., Republic Bancshares, Inc., Main Street Banks, Inc., Capital City Bank Group, Inc., First Community Bancshares, Inc., Banc Corporation, Virginia Financial Group, Inc., First Bancorp, Seacoast Banking Corp. of Florida, Union Bankshares Corp., First National Corp., ABC Bancorp, and Fidelity Southern Corp. Carson Medlin compared, among other factors, profitability, capitalization, asset quality and operating efficiency of Alabama National to these financial institutions. Carson Medlin noted the following performance based on results at or for the nine months ended September 30, 2003 (or most recent available) and stock prices as of October 22, 2003.

Carson Medlin also compared selected operating results of Indian River to those of 54 publicly-traded community commercial banks in Alabama, Florida, Georgia, Maryland, Mississippi, North Carolina, South Carolina, Tennessee, Virginia and West Virginia, which are listed in the Southeastern Independent Bank Review, a proprietary research publication prepared by Carson Medlin quarterly since 1991.

The banks reviewed by Carson Medlin ranged in asset size from \$197 million to \$1.9 billion and in shareholders' equity from approximately \$16 million to \$196 million. Carson Medlin considers this group of financial institutions more comparable to Indian River than larger, more widely traded regional financial institutions. Carson Medlin compared, among other factors, profitability, capitalization, asset quality and operating efficiency of Indian River to these financial institutions. Carson Medlin noted the following performance based on results at or for the six months ended June 30, 2003 (most recent available):

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Carson Medlin noted that Indian River's financial performance was below the peer group for return on assets, net interest margin and operating efficiency. Its equity to assets ratio was also lower than the peer group. Indian River's return on equity and asset quality ratios were better than the peer group.

No company used as a comparison in the above analysis is identical to Alabama National, Indian River or the merger. Accordingly, an analysis of these results is not purely mathematical. Rather, it involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the value of the companies to which they are being compared.

Alabama National's stock is listed on Nasdaq's National Market System. In the past year, Alabama National's stock has traded from a low of \$39.74 to a high of \$53.69 per share. Alabama National's stock was trading at \$51.00 per share one day prior to the merger announcement. Alabama National's stock trading volume has been active with average daily volume of approximately 14,000 shares.

Carson Medlin compared recent trading prices of Alabama National's stock to the recent market values of the selected peer group of Southeastern banks with assets from \$1 billion to \$5 billion. This comparison shows that Alabama National's stock currently trades, and has generally traded over the three year period examined, at a premium based on book value multiples. Alabama National's stock currently trades at a discount based on earnings multiples to the selected peer group and has generally traded at a discount for most of the last three years. Other Analyses

Carson Medlin reviewed the relative financial performance of Alabama National and Indian River since 1999 and reviewed recent research coverage for Alabama National. Carson Medlin also compared the ownership of one share of Indian River's stock to the ownership of 0.9408 of a share of Alabama National common stock from the perspective of claims on various balance sheet and income statement variables, the shareholder claims analysis. In conducting these comparisons, Carson Medlin found that Indian River's shareholders would have more in the way of earnings per share, dividends, total assets and stated book value per share after the merger than if the merger had not occurred.

The opinion expressed by Carson Medlin was based upon market, economic and other relevant considerations as they existed and could be evaluated as of the date of the opinion. Events occurring after the date of issuance of the opinion, including but not limited to, changes affecting the securities markets, the results of operations or material changes in the assets or liabilities of Alabama National or Indian River, could materially affect the assumptions used in preparing the opinion.

In connection with its updated opinion, dated as of January 7, 2004, the latest practicable date prior to the printing of this proxy statement-prospectus, Carson Medlin confirmed the appropriateness of its reliance on the analyses used to render its October 22, 2003 opinion by performing procedures to update certain of such analyses and reviewing the assumptions on which its analyses were based and the factors considered in connection therewith. It was Carson Medlin's opinion, therefore, that the consideration to be received by Indian River's shareholders, as provided for in the merger agreement, was fair from a financial point of view, to the shareholders of Indian River.

Indian River and Carson Medlin have entered into an agreement relating to the services to be provided by Carson Medlin in connection with the Merger. Indian River has agreed to pay Carson Medlin at the time of closing a cash fee equal to \$95,000. Under the Carson Medlin engagement agreement, Indian River also agreed to reimburse Carson Medlin for reasonable out-of-pocket expenses and disbursements incurred in

connection with its retention and to indemnify Carson Medlin against certain liabilities, including liabilities under the federal securities laws.

Effect on Certain Employee Benefit Plans of Indian River

401(k) Plan. Indian River National Bank maintains a 401(k) defined contribution plan for its employees (the 401(k) Plan). Under the Merger Agreement, the 401(k) Plan will be terminated prior to the Effective Time, and

Table of Contents

each participant will become 100% vested in the 401(k) Plan. After the Merger, Alabama National will offer each employee of Indian River National Bank who was eligible to participate in Indian River's plan the opportunity to enroll in Alabama National's 401(k) defined contribution plan.

Treatment of Indian River Stock Options. The Merger Agreement provides that at the time we complete the Merger, all outstanding stock options granted by Indian River under its stock option plans will be converted automatically into options to purchase Alabama National common stock. Alabama National will assume these options, as proportionately adjusted to reflect the terms of the Merger, and as subject to their existing terms, including any acceleration in vesting that will occur as a consequence of the Merger. As a result of the Merger, all outstanding Indian River options will become fully vested.

The number of shares of Alabama National common stock that may be purchased upon exercise of each assumed option will equal the product of (A) the number of shares of Indian River common stock that were purchasable under the assumed option immediately before the Effective Time and (B) the Exchange Ratio, rounded to the nearest whole share. The per share exercise price for each assumed option will equal the quotient of (1) the per share exercise price of the assumed option in effect immediately before the Effective Time divided by (2) the Exchange Ratio, rounded to the nearest cent.

In order to permit holders of Indian River options to freely trade the shares issuable upon exercise, Alabama National has agreed that, as soon as practicable after the Effective Time of the Merger, it will file a registration statement with the Securities and Exchange Commission with respect to the shares of Alabama National common stock issuable upon the exercise of the converted Indian River options, and that it will use its reasonable efforts to maintain the effectiveness of that registration statement for so long as any such options remain outstanding.

The executive officers and directors of Indian River held an aggregate of 101,600 options to purchase shares of Indian River common stock as of the Record Date for the Special Meeting.

Indian River has previously issued debentures in the aggregate principal amount of \$7,217,000 to Indian River Capital Trust I in connection with the issuance of trust preferred securities by the Trust. As a condition to the Merger, Indian River is required to obtain all necessary consents and approvals related to the assumption of the trust preferred securities by Alabama National. Indian River has already obtained all necessary consents and approvals related to the trust preferred securities, subject to the completion of the Merger, and, therefore, has satisfied this condition.

The obligations of Indian River to effect the Merger are further subject to the satisfaction or waiver of the following conditions:

- (a) the representations and warranties of Alabama National in the Merger Agreement shall be true as if made at the Effective Time;
- (b) the agreements and covenants of Alabama National in the Merger Agreement and agreements provided for therein shall have been performed and complied with by the Effective Time;

Regulatory Approvals

The Merger is conditioned upon receipt of the necessary regulatory approvals. Bank holding companies and banks are regulated extensively under both federal and state law. Alabama National and Indian River are subject to regulation by the Federal Reserve. The Bank Holding Company Act requires a bank holding company to obtain the prior approval of the Federal Reserve before it may acquire substantially all of the assets of any bank or ownership or control of any voting shares of any bank if, after such acquisition, it would own or control, directly or

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

indirectly, more than five percent of the voting shares of any such bank. Accordingly, on November 21, 2003, Alabama National filed an application with the Federal Reserve in accordance with Section 3 of the Bank Holding Company Act. By letter dated December 23, 2003, the Federal Reserve approved the application by Alabama National to merge with Indian River.

Alabama National has agreed that, without the consent of Indian River, it will not:

- (a) fail to file timely any report required to be filed with any regulatory authorities, including the SEC; or
- (b) take any action that would cause Alabama National common stock to cease to be traded on the Nasdaq Stock Market, except in a transaction where Alabama National common stock is converted into cash or another marketable security that is traded on a national securities exchange and the terms of any such transaction expressly provide for the consummation of the Merger in accordance with its terms and treats holders of Indian River common stock and options to purchase Indian River common stock in the same manner as

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

they would be treated as holders of the same number of shares of Alabama National common stock or options into which the Indian River shares and options are converted.

Each party has also agreed to give written notice to the other promptly upon becoming aware of the occurrence of any event which is likely to constitute a Material Adverse Effect within the meaning given to such term in the Merger Agreement or constitute a material breach of any of its representations, warranties or covenants contained in the Merger Agreement and to use its reasonable efforts to remedy any such condition or breach.

Table of Contents

Indian River has also agreed to not solicit, initiate, discuss or knowingly encourage any acquisition proposal involving Indian River and any third party acquiror. Notwithstanding the foregoing, Indian River may discuss an acquisition proposal with a third party if the Indian River board of directors determines in good faith that such acquisition proposal is a superior proposal, as compared to the terms of the Merger. A superior proposal is generally described as a bona fide written acquisition proposal that the board of directors concludes in good faith to be more favorable from a financial point of view to the Indian River shareholders than the Merger.

Waiver and Amendment; Termination; Termination Fee

Prior to the Effective Time, either Alabama National or Indian River may waive any default in performance of any term of the Merger Agreement, waive or extend the time for the compliance or fulfillment by the other of any and all of its obligations under the Merger Agreement, waive any or all of the conditions precedent and may, to the extent permitted by law, amend the Merger Agreement in writing with the approval of the board of directors of each of Indian River and Alabama National.

The Merger Agreement may be terminated at any time prior to the Effective Time, as follows:

- (a) by mutual consent of Alabama National and Indian River;
- (b) in the event of a breach of a representation, warranty, covenant or agreement by the non-breaching party under certain circumstances;
- (c) by either party (provided that such terminating party is not in material breach of any material obligation in the Merger Agreement), in the event any required regulatory approval is denied or not obtained or the shareholders of Indian River fail to approve the Merger;
- (d) by either party, in the event there is a material adverse effect on the business, operations or financial condition of the other party that is not remedied;
- (e) by either party, in the event any of the conditions precedent to the Merger cannot be satisfied or fulfilled or the Merger is not consummated by June 30, 2004, and such failure was not the fault of the terminating party;
- (f) by Alabama National, if the holders of greater than 5% of the outstanding shares of Indian River common stock properly assert their appraisal rights under Florida law;
- (g) by Alabama National, if (1) the board of directors of Indian River withdraws, adversely modifies or fails upon request to reconfirm its recommendation of the Merger, (2) the board of directors of Indian River approves another acquisition proposal or recommends approval of another acquisition proposal to the shareholders, (3) the board of directors of Indian River fails to call the special meeting of shareholders, or (4) any person or entity becomes the beneficial owner of 50% or more of the outstanding shares of Indian River stock;
- (h) by Indian River, if the board of directors of Indian River shall have authorized an agreement with respect to an acquisition or merger transaction proposal which it considers superior to the Merger, and after written notice to Alabama National, Alabama National does not make an offer that the Indian River board determines is as favorable as the third-party proposal; or

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

- (i) by Indian River, if the average of the high and low prices of Alabama National common stock quoted on the Nasdaq Stock Market during the ten day period ending on the fifth day prior to the closing of the Merger is less than \$44.00. In this event, however, Alabama National shall have the opportunity to void such termination by increasing the consideration payable to the Indian River shareholders.

In the event of the termination of the Merger Agreement, the Merger Agreement will become void and have no effect, except that the confidentiality requirements, miscellaneous provisions, and provisions regarding expenses will survive such termination. Such termination will not relieve a breaching party from liability for an

Table of Contents

uncured willful breach of the representation, warranty, covenant or agreement giving rise to the termination. Also, a termination under paragraphs (g) or (h) above will require Indian River to pay to Alabama National a termination fee of \$2.0 million.

Management and Operations After the Merger

From and after the Effective Time, the Alabama National board of directors will consist of the then current directors of Alabama National plus Griffin A. Greene, Chairman of the Board of Indian River. Alabama National has agreed to include Mr. Greene on its slate of nominees for election as a director at its 2004 annual meeting of shareholders, except that if as a result of the timing of the closing of the Merger as compared to the mailing of the proxy materials for Alabama National's annual shareholders meeting, Mr. Greene cannot be included in Alabama National's proxy materials, it will appoint him to the Board of Directors to serve until the 2005 annual shareholders meeting. While Alabama National has indicated that it currently intends that Mr. Greene will continue to serve until he is subject to a disqualification from service or desires to step down, there can be no assurance that Mr. Greene will be renominated or reelected following Alabama National's 2005 annual shareholders meeting.

Upon the consummation of the Merger, Indian River National Bank will be a wholly owned subsidiary of Alabama National. The Board of Directors of Indian River National Bank will consist of the 10 current directors of Indian River plus one or more officers of Alabama National. Following the Merger, Paul A. Beindorf will continue to serve as President and Chief Executive Officer and Jeffrey R. Morton will continue to serve as Senior Vice President and Head of Residential Lending of Indian River National Bank. In addition, Phillip Tasker will continue to serve as Senior Vice President and Chief Financial Officer of Indian River National Bank. Alabama National has also agreed to attempt to reach mutually acceptable employment terms with four other officers of Indian River National Bank.

All current Alabama National officers will continue to serve Alabama National in accordance with the bylaws of Alabama National after the Effective Time. All directors and officers of each of the subsidiaries of Alabama National after the Effective Time will continue to serve in accordance with the terms of the bylaws of each such subsidiary.

Interests of Certain Persons in the Merger

No director or executive officer of Alabama National has any material direct or indirect financial interest in Indian River or the Merger, except as a director, executive officer or shareholder of Alabama National or its subsidiaries. Certain officers and directors of Indian River National Bank will continue to serve as officers and directors of Indian River National Bank following the Merger.

Griffin A. Greene, the Chairman of the Board of Indian River, will become a member of the Alabama National Board of Directors after the Merger. As a director of Alabama National, Mr. Greene will receive annual fees in the approximate amount of \$27,000. Mr. Greene will also be eligible to participate in certain deferred equity compensation plans available to directors.

A condition precedent to the Merger is that Paul A. Beindorf will enter into a new employment agreement whereby Mr. Beindorf will agree, among other things, to serve as President and Chief Executive Officer of Indian River National Bank for a period of three years, unless earlier terminated under the terms of the employment agreement. As consideration for the non-compete restrictions of this new employment agreement, Mr. Beindorf will receive a payment in the amount of \$10,000.

Under the employment agreement, Mr. Beindorf will receive an annual salary of at least \$167,000 for the term of his employment agreement. Mr. Beindorf will also be eligible to receive annual bonuses and will be entitled to receive certain other fringe benefits in addition to his base salary, as described in the employment agreement. In addition, if Mr. Beindorf is terminated other than for cause, or if he terminates his employment

because of a material breach by Indian River National Bank, then he is entitled to receive his base salary plus certain fringe benefits through the third anniversary of the effective date of his employment agreement. The form of the employment agreement for Mr. Beindorf is included as an exhibit to the Merger Agreement, which is attached to this document as Appendix A.

In connection with the Merger, Jeffrey R. Morton and Phillip Tasker also will enter into new employment agreements. Pursuant to these agreements, Mr. Morton will agree to continue to serve as Senior Vice President and Head of Residential Lending; and Mr. Tasker will agree to continue to serve as Senior Vice President and Chief Financial Officer, each for a period of three years, unless earlier terminated under the terms of their respective employment agreements. Under the employment agreements, Mr. Morton and Mr. Tasker will receive an annual salary equal to at least \$113,000 and \$108,000, respectively, for up to three years following the Merger, plus the opportunity to earn annual bonuses. Mr. Morton and Mr. Tasker will each receive \$10,000 as consideration for the non-compete restrictions of the new employment agreements.

Messrs. Beindorf, Morton and Tasker will receive at closing payments in the amounts of \$73,500, \$46,500 and \$44,000, respectively, that will be paid in connection with the termination of their current employment agreements with Indian River.

Alabama National has agreed to pay Ken Smith, Diana Walker, Kevin Evans and Kitty Ruehman, all officers of Indian River National Bank, \$50,000, \$45,500, \$44,000 and \$34,000, respectively, upon the closing of the Merger in consideration for the termination of their change of control agreements. Alabama National has also agreed to attempt to reach mutually acceptable employment terms with these officers.

The Merger Agreement also provides that for a period of six years after the Effective Time, Alabama National will indemnify, defend and hold harmless each director and executive officer of Indian River against all liabilities arising out of actions or omissions occurring upon or prior to the Effective Time (including the transactions contemplated by the Merger Agreement) to the maximum extent required under the Indian River Articles of Incorporation and Bylaws and applicable law. Alabama National has also agreed, subject to cost limitations set forth in the Merger Agreement, to use its reasonable efforts to maintain, for a period of three years after the Effective Time, Indian River's current director's and officer's insurance policy or comparable coverage, with respect to such indemnification obligations.

In addition, the directors and certain officers of Indian River hold stock options exercisable for shares of Indian River common stock. In connection with the closing of the Merger, these stock options will be converted into options exercisable for shares of Alabama National common stock, and all of such options shall become immediately vested at the time of the Merger.

In the normal course of business, Indian River makes loans to its directors and officers, including loans to certain related persons and entities. Such loans are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other customers, and, in the opinion of management of Indian River, do not involve more than the normal risk of collectibility. As of December 31, 2003, the amount of these loans (including amounts available under lines of credit) by Indian River National Bank to its directors and executive officers was 2.44% of Indian River National Bank's net loans.

Federal Income Tax Consequences

Neither Alabama National nor Indian River has requested or will receive an advance ruling from the Internal Revenue Service as to the tax consequences of the Merger. Maynard, Cooper & Gale, P.C., counsel for Alabama National, has delivered an opinion to Alabama National and Indian River regarding the federal income tax consequences of the Merger. In rendering its opinion, Maynard, Cooper & Gale, P.C. made certain

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

assumptions, including the following: (1) that the Merger will take place as described in the Merger Agreement, (2) that certain factual matters represented by Alabama National and Indian River are true and correct at the time of consummation of the Merger, (3) that the Merger will qualify as a statutory merger under the applicable laws of the State of Florida, and (4) that the Merger will be reported by Alabama National and Indian River on their respective federal income tax returns in a manner consistent with such opinion.

Table of Contents

Based on these assumptions, in the opinion of Maynard, Cooper & Gale, P.C., the following will be the material federal income tax consequences of the Merger:

1. The Merger will constitute a reorganization within the meaning of Section 368(a) of the Internal Revenue Code.
2. No gain or loss will be recognized by Alabama National or Indian River in connection with the Merger (except for income and deferred gain recognized pursuant to Treasury Regulations issued under Section 1502 of the Internal Revenue Code).
3. No gain or loss will be recognized by Indian River on the distribution of Alabama National common stock to holders of Indian River common stock.
4. The exchange of Indian River common stock for Alabama National common stock will not give rise to gain or loss to shareholders of Indian River common stock in the exchange (except to the extent of any cash received by such holders).
5. The aggregate basis of Alabama National common stock received by a Indian River shareholder in exchange for Indian River common stock will be the same as the aggregate basis of the Indian River common stock that was exchanged therefor, decreased by the amount of cash received (other than cash received in lieu of fractional shares), and increased by any gain recognized on the exchange.

In addition, Indian River shareholders who receive cash either by invoking a cash election, in connection with the exercise of appraisal rights or instead of fractional shares should be aware of the following consequences:

Cash Election and Exercise of Appraisal Rights. With respect to an Indian River shareholder who receives only cash in exchange for his or her shares of Indian River common stock pursuant to a cash election or in connection with the exercise of appraisal rights under Florida law, the cash received will be treated as a distribution in redemption of the Indian River common stock held by such shareholder, subject to the deemed dividend provisions of Section 302 of the Internal Revenue Code. If the distribution is not recharacterized as a dividend pursuant to Section 302, the shareholder will recognize gain or loss measured by the difference between the amount of cash received and the adjusted basis of the Indian River common stock surrendered. Such gain or loss will be capital in nature if the Indian River common stock was held by the shareholder as a capital asset under Section 1221 of the Internal Revenue Code.

For Indian River shareholders who receive both cash and Alabama National common stock (other than cash received for fractional shares) in exchange for shares of Indian River common stock, the gain, if any, realized by such shareholder on receipt of the Alabama National common stock will be recognized, but not in an amount in excess of the cash received (other than fractional share payments). No loss will be recognized.

Cash Instead of Fractional Shares. The payment of cash to Indian River's shareholders instead of fractional shares of Alabama National common stock will be treated for federal income tax purposes as if the fractional shares of Alabama National stock were issued in the Merger and then were redeemed by Alabama National. Indian River's shareholders will, in general, recognize capital gain equal to the difference between the tax basis of the fractional share and the cash received.

The discussion set forth above is based upon the opinion of Maynard, Cooper & Gale, P.C., and applies only to Indian River s shareholders who hold Indian River common stock as a capital asset. This discussion may not apply to special situations, such as Indian River s shareholders, if any, who received their Indian River common stock upon exercise of employee stock options or otherwise as compensation and Indian River s shareholders that are insurance companies, securities dealers, financial institutions or

Table of Contents

foreign persons. It does not address the state, local or foreign tax aspects of the Merger or any tax consequences of a subsequent transaction involving Alabama National common stock, including any redemption or transfer of Alabama National common stock. This discussion is based on currently existing provisions of the Internal Revenue Code, existing and proposed treasury regulations thereunder, and current administrative rulings and court decisions. All of the foregoing are subject to change and any such change could affect the continuing validity of this discussion. Each Indian River shareholder should consult his own tax advisor with respect to the specific tax consequences of the Merger, including the application and effect of state, local and foreign tax laws.

Accounting Treatment

The merger will be accounted for as a purchase by Alabama National of Indian River under generally accepted accounting principles. Under the purchase method of accounting, the assets and liabilities of the company not surviving a merger are, as of completion of the merger, recorded at their respective fair values and added to those of the surviving company. To the extent the consideration paid exceeds the fair value of the net assets acquired, goodwill is recorded. Financial statements of the surviving company issued after consummation of the merger reflect these values, but are not restated retroactively to reflect the historical financial position or results of operations of the company not surviving.

Expenses and Fees

The Merger Agreement provides that each of the parties will bear and pay all costs and expenses incurred by it in connection with the transactions contemplated by the Merger Agreement, including filing, registration and application fees, printing and mailing fees and expenses, and fees and expenses of their respective accountants and counsel.

Resales of Alabama National Common Stock

The shares of Alabama National common stock issued under the Merger Agreement will be freely transferable under the Securities Act, except for shares issued to any shareholder who may be deemed to be an affiliate (generally including, without limitation, directors, certain executive officers and beneficial owners of 10% or more of a class of the common stock) of Indian River for purposes of Rule 145 under the Securities Act as of the date of the Indian River Special Meeting. Affiliates may not sell their shares of Alabama National common stock acquired in connection with the Merger except pursuant to an effective registration statement under the Securities Act covering such shares or in compliance with Rule 145 promulgated under the Securities Act or another applicable exemption from the registration requirements of the Securities Act. Alabama National may place restrictive legends on certificates representing Alabama National common stock issued to all persons who are deemed affiliates of Indian River under Rule 145. This proxy statement-prospectus does not cover resales of Alabama National common stock received by any person who may be deemed to be an affiliate of Indian River.

The following is a summary description of Alabama National's capital stock.

Common Stock

Holders of Alabama National common stock are entitled to one vote per share on all matters on which the holders of Alabama National common stock are entitled to vote and do not have cumulative voting rights. Holders of Alabama National common stock have no preemptive, conversion, redemption or sinking fund rights. In the event of a liquidation, dissolution or winding-up of Alabama National, holders of Alabama National common stock are entitled to share equally and ratably in the assets of Alabama National, if any, remaining after the payment of all debts and liabilities of Alabama National and the liquidation preference of any outstanding Alabama National Preferred Stock. The outstanding shares of Alabama National common stock are, and the shares of Alabama National common stock offered by Alabama National hereby when issued, will be fully paid and nonassessable. The rights, preferences and privileges of holders of Alabama National common stock are subject to any class or series of Alabama National Preferred Stock that Alabama National may issue in the future.

Preferred Stock

The Alabama National Restated Certificate of Incorporation provides that the Alabama National board of directors is authorized without further action by the holders of the Alabama National common stock to provide for the issuance of shares of Alabama National Preferred Stock. Such preferred stock may be issued in one or more classes or series. The Alabama National board of directors has the authority to fix the designations, powers, preferences and relative participating options and other rights, qualifications, limitations and restrictions thereof, including the dividend rate, conversion rights, voting rights, redemption price and liquidation preference, and to fix the number of shares to be included in any such class or series. Any share of Alabama National Preferred Stock so issued may rank senior to the Alabama National common stock with respect to the payment of dividends or amounts upon liquidation, dissolution, or winding-up, or both. In addition, any such shares of Alabama National Preferred Stock may have class or series voting rights. Upon completion of this Merger, Alabama National will not have any shares of Alabama National Preferred Stock outstanding. Issuances of Alabama National Preferred Stock, while providing Alabama National with flexibility in connection with general corporate purposes, may, among other things, have an adverse effect on the rights of holders of Alabama National common stock, and in certain circumstances such issuances could have the effect of decreasing the market price of the Alabama National common stock. The Alabama National board of directors, without shareholder approval, may issue Alabama National Preferred Stock with voting or conversion rights which could adversely affect the voting power of the holders of the Alabama National common stock. Alabama National has no present plan to issue any shares of Alabama National Preferred Stock.

Certain Anti-Takeover Effects

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

The provisions of the Alabama National Restated Certificate of Incorporation, the Alabama National Bylaws and the Delaware General Corporation Law (DCGL) summarized in the following paragraphs may be deemed to have anti-takeover effects and may delay, defer or prevent a tender offer or takeover attempt that a shareholder might consider to be in such shareholder's best interest, including those attempts that might result in a premium over the market price for the shares held by shareholders and may make removal of management more difficult.

Authorized but Unissued Stock

The authorized but unissued shares of Alabama National common stock and Alabama National Preferred Stock will be available for future issuance without shareholder approval. These additional shares may be utilized

Table of Contents

for a variety of corporate purposes including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved Alabama National common stock and Alabama National Preferred Stock may enable the board of directors to issue shares to persons friendly to current management which could render more difficult or discourage any attempt to obtain control of Alabama National by means of a proxy contest, tender offer, merger or otherwise, and thereby protect the continuity of Alabama National's management.

Limitations on Shareholder Action by Written Consent and Limitations on Calling Shareholder Meetings

The Alabama National Restated Certificate of Incorporation and Alabama National Bylaws prohibit shareholder action by written consent in lieu of a meeting and provide that shareholder action can be taken only at an annual or special meeting of shareholders. The Alabama National Bylaws provide that subject to the rights of holders of any series of Alabama National Preferred Stock to elect additional directors under specified circumstances, special meetings of shareholders can be called only by the Alabama National board of directors or the Chairman of the Alabama National board. Shareholders will not be permitted to call a special meeting of shareholders. Such provision may have the effect of delaying consideration of a shareholder proposal until the next special meeting unless a special meeting is called by the Alabama National board of directors or the Chairman of the Alabama National board.

Section 203 of the Delaware Corporation Law

Subject to certain exclusions summarized below, Section 203 of the DGCL (Section 203) prohibits any Interested Shareholder from engaging in a Business Combination with a Delaware corporation for three years following the date such person became an Interested Shareholder.

Interested Shareholder generally includes: (a)(i) any person who is the beneficial owner of 15% or more of the outstanding voting stock of the corporation or (ii) any person who is an affiliate or associate of the corporation and who was the beneficial owner of 15% or more of the outstanding voting stock of the corporation at any time within three years before the date on which such person's status as an Interested Shareholder is determined; and (b) the affiliates and associates of such person. Subject to certain exceptions, a Business Combination includes (i) any merger or consolidation of the corporation or a majority-owned subsidiary of the corporation; (ii) the sale, lease, exchange, mortgage, pledge, transfer or other disposition of assets of the corporation or a majority-owned subsidiary of the corporation having an aggregate market value equal to 10% or more of either the aggregate market value of all assets of the corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the corporation; (iii) any transaction that results in the issuance or transfer by the corporation or a majority-owned subsidiary of the corporation of any stock of the corporation or the subsidiary to the Interested shareholder except pursuant to a transaction that effects a pro rata distribution to all shareholders of the corporation; (iv) any transaction involving the corporation or a majority-owned subsidiary of the corporation that has the effect of increasing the proportionate share of the stock of any class or series or securities convertible into the stock of any class or series of the corporation or the subsidiary that is owned by the Interested Shareholder; and (v) any receipt by the Interested Shareholder of the benefit (except proportionately as a shareholder) of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation or a majority-owned subsidiary of the corporation.

Section 203 does not apply to a Business Combination if (i) before a person became an Interested Shareholder, the board of directors of the corporation approved either the transaction in which the Interested Shareholder became an Interested Shareholder or the Business Combination; (ii) upon consummation of the transaction that resulted in the person becoming an Interested Shareholder, the Interested Shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (other than certain excluded shares); or (iii) following a transaction in which the person became an Interested Shareholder the Business Combination is (a) approved by the board of directors of the corporation and (b) authorized at a regular or special meeting of shareholders (and not by written consent) by the affirmative vote of the holders of at least two-thirds of the outstanding voting stock of the corporation not owned by the Interested Shareholder.

**SUPERVISION AND REGULATION OF ALABAMA NATIONAL
AND INDIAN RIVER**

Alabama National, its subsidiary banks, Indian River and Indian River National Bank are subject to state and federal banking laws and regulations which impose specific requirements and restrictions on, and provide for general regulatory oversight with respect to, virtually all aspects of operations. These laws and regulations are generally intended to protect depositors, not shareholders. To the extent that the following summary describes statutory or regulatory provisions, it is qualified in its entirety by reference to the particular statutory and regulatory provisions. Any change in applicable laws or regulations may have a material effect on the business and prospects of Alabama National and/or Indian River.

Beginning with the enactment of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA) and following in 1991 with the Federal Deposit Insurance Corporation Act (FDICIA), numerous additional regulatory requirements have been placed on the banking industry, and additional changes have been proposed. The operations of Alabama National and Indian River may be affected by legislative changes and the policies of various regulatory authorities. Alabama National and Indian River are unable to predict the nature or the extent of the effect on its business and earnings that fiscal or monetary policies, economic control, or new federal or state legislation may have in the future.

As bank holding companies, Alabama National and Indian River are subject to the regulation and supervision of the Federal Reserve. Alabama National's subsidiary banks and Indian River National Bank (collectively, the Banks) are subject to supervision and regulation by applicable state and federal banking agencies, including the Federal Reserve, the Office of the Comptroller of the Currency (the OCC), the Federal Deposit Insurance Corporation (the FDIC) and, in the case of Indian River and Indian River National Bank, the Florida Department of Financial Services (the Department). These Banks are also subject to various requirements and restrictions under federal and state law, including requirements to maintain allowances against deposits, restrictions on the types and amounts of loans that may be granted and the interest that may be charged thereon, and limitations on the types of investments that may be made and the types of services that may be offered. Various consumer laws and regulations also affect the operations of the Banks. In addition to the impact of regulation, commercial banks are affected significantly by the actions of the Federal Reserve as it attempts to control the money supply and credit availability in order to influence the economy.

Under the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994, bank holding companies from any state may acquire banks located in any other state, subject to certain conditions, including concentration limits. A bank may establish branches across state lines by merging with a bank in another state (unless applicable state law prohibits such interstate mergers), provided certain conditions are met. A bank may also establish a de novo branch in a state in which the bank does not maintain a branch if that state expressly permits such interstate de novo branching and certain other conditions are met.

There are a number of obligations and restrictions imposed on bank holding companies and their depository institution subsidiaries by federal law and regulatory policy that are designed to reduce potential loss exposure to the depositors of such depository institutions and to the FDIC insurance fund in the event the depository institution becomes in danger of default or is in default. For example, under a policy of the Federal Reserve with respect to bank holding company operations, a bank holding company is required to serve as a source of financial strength to its subsidiary depository institutions and commit resources to support such institutions in circumstances where it might not do so absent such policy. In addition, the cross-guarantee provisions of federal law require insured depository institutions under common control to reimburse the FDIC for any loss suffered or reasonably anticipated as a result of the default of a commonly controlled insured depository institution or for any assistance provided by the FDIC to a commonly controlled insured depository institution in danger of default.

The federal banking agencies have broad powers under current federal law to take prompt corrective action to resolve problems of insured depository institutions. The extent of these powers depends upon whether the institutions in question are well capitalized, adequately capitalized,

undercapitalized, significantly undercapitalized or critically undercapitalized as such terms are defined under regulations issued by each of

Table of Contents

the federal banking agencies. In general, the agencies measure capital adequacy within a framework that makes capital requirements sensitive to the risk profiles of individual banking companies. The guidelines define capital as either Tier 1 (primarily common shareholders' equity) or Tier 2 (certain debt instruments and a portion of the allowance for loan losses). Alabama National, its subsidiary banks and Indian River and Indian River National Bank are subject to a minimum Tier 1 capital ratio (Tier 1 capital to risk-weighted assets) of 4%, a total capital ratio (Tier 1 plus Tier 2 to risk-weighted assets) of 8% and a Tier 1 leverage ratio (Tier 1 to average quarterly assets) of 3%. To be considered a well capitalized institution, the Tier 1 capital ratio, the total capital ratio, and the Tier 1 leverage ratio must equal or exceed 6%, 10% and 5%, respectively.

The Federal Reserve has adopted rules to incorporate market and interest rate risk components into its risk-based capital standards. Under these market risk requirements, capital is allocated to support the amount of market risk related to a financial institution's ongoing trading activities.

The Banks are subject to the provisions of Section 23A of the Federal Reserve Act, which place limits on the amount of loans or extensions of credit to, investments in or certain other transactions with affiliates, and on the amount of advances to third parties collateralized by the securities or obligations of affiliates. In general, following the Merger, the Banks' affiliates will be Alabama National and Alabama National's non-bank subsidiaries.

The Banks are also subject to the provisions of Section 23B of the Federal Reserve Act that, among other things, prohibit a bank from engaging in certain transactions with affiliates unless the transactions are on terms substantially the same, or at least as favorable to the bank, as those prevailing at the time for comparable transactions with non-affiliated companies.

The Banks are also subject to certain restrictions on extensions of credit to executive officers, directors, certain principal shareholders and their related interests. Such extensions of credit (i) must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with third parties and (ii) must not involve more than the normal risk of repayment or present other unfavorable features.

The Community Reinvestment Act (CRA) requires that, in connection with examinations of financial institutions within their respective jurisdictions, the Federal Reserve, the FDIC or the OCC shall evaluate the record of the financial institutions in meeting the credit needs of their local communities, including low and moderate income neighborhoods, consistent with the safe and sound operation of those institutions. The CRA does not establish specific lending requirements or programs for financial institutions nor does it limit an institution's discretion to develop the types of products and services that it believes are best suited to its particular community, consistent with the CRA. These factors are considered in evaluating mergers, acquisitions and applications to open a branch or facility. The CRA also requires all institutions to make public disclosure of their CRA ratings. Each of the Banks received at least a satisfactory rating in its most recent evaluation.

There are various legal and regulatory limits on the extent to which banks may pay dividends or otherwise supply funds to their holding companies. In addition, federal and state regulatory agencies also have the authority to prevent a bank or bank holding company from paying a dividend or engaging in any other activity that, in the opinion of the agency, would constitute an unsafe or unsound practice.

FDIC regulations require that management report on its responsibility for preparing its institution's financial statements and for establishing and maintaining an internal control structure and procedures for financial reporting and compliance with designated laws and regulations concerning safety and soundness.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

The FDIC currently uses a risk-based assessment system for insured depository institutions that takes into account the risks attributable to different categories and concentrations of assets and liabilities. The FDIC recently has proposed changes to its assessment system that are designed to require premium payments by a greater number of banks and other FDIC-insured depository institutions and that also would provide rebates to some institutions. If any of these changes were to take effect, the assessment obligations of the Banks could change.

The Gramm-Leach-Bliley Act, which became effective in 2000, permits bank holding companies to become financial holding companies and thereby affiliate with securities firms and insurance companies and engage in other

Table of Contents

activities that are financial in nature. A bank holding company may become a financial holding company by filing a declaration if each of its subsidiary banks is well capitalized under the FDICIA prompt corrective action provisions, is well managed, and has at least a satisfactory rating under the CRA. No regulatory approval will be required for a financial holding company to acquire a company, other than a bank or savings association, engaged in activities that are financial in nature or incidental to activities that are financial in nature, as determined by the Federal Reserve. At this time, Alabama National has not registered to become a financial holding company.

The Gramm-Leach-Bliley Act broadly defines "financial in nature" to include securities underwriting, dealing and market making; sponsoring mutual funds and investment companies; insurance underwriting and agency; merchant banking; and activities that the Federal Reserve has determined to be closely related to banking. The Act also permits the Federal Reserve, in consultation with the Department of Treasury, to determine that other activities are "financial in nature" and therefore permissible for financial holding companies. A national bank also may engage, subject to limitations on investment, in activities that are financial in nature (other than insurance underwriting, insurance company portfolio investment, merchant banking, real estate development and real estate investment) through a financial subsidiary of the bank, if the bank is well capitalized, well managed and has at least a satisfactory CRA rating. Subsidiary banks of a financial holding company or national banks with financial subsidiaries must continue to be well capitalized and well managed in order to continue to engage in activities that are financial in nature without regulatory actions or restrictions, which could include divestiture of the financial subsidiary or subsidiaries. In addition, a financial holding company or a bank may not acquire a company that is engaged in activities that are financial in nature unless each of the subsidiary banks of the financial holding company or the bank at issue has a CRA rating of satisfactory or better. Bank holding companies that have not become financial holding companies are prohibited from engaging in activities other than banking or managing or controlling banks or other permissible subsidiaries and from acquiring or retaining direct or indirect control of any company engaged in any activities other than those activities determined by the Federal Reserve to be so closely related to banking or managing or controlling banks as to be a proper incident thereto.

The Act preserves the role of the Federal Reserve as the umbrella supervisor for holding companies while at the same time incorporating a system of functional regulation designed to take advantage of the strengths of the various federal and state regulators. In particular, the Act replaces the broad exemption from Securities and Exchange Commission regulation that banks previously enjoyed with more limited exemptions, and it reaffirms that states are the regulators for the insurance activities of all persons, including federally-chartered banks.

The Gramm-Leach-Bliley Act also establishes a minimum federal standard of financial privacy. In general, the applicable regulations issued by the various federal regulatory agencies prohibit affected financial institutions (including banks, insurance agencies and broker/dealers) from sharing information about their customers with non-affiliated third parties unless (1) the financial institution has first provided a privacy notice to the customer; (2) the financial institution has given the customer an opportunity to opt out of the disclosure; and (3) the customer has not opted out after being given a reasonable opportunity to do so.

On October 26, 2001, the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA Patriot Act) was signed into law. The USA Patriot Act broadened the application of anti-money laundering regulations to apply to additional types of financial institutions, such as broker-dealers, and strengthened the ability of the U.S. government to detect and prosecute international money laundering and the financing of terrorism. The principal provisions of Title III of the USA Patriot Act require that regulated financial institutions, including state member banks: (i) establish an anti-money laundering program that includes training and audit components; (ii) comply with regulations regarding the verification of the identity of any person seeking to open an account; (iii) take additional required precautions with non-U.S. owned accounts; and (iv) perform certain verification and certification of money laundering risk for their foreign correspondent banking relationships. The USA Patriot Act also expanded the conditions under which funds in a U.S. interbank account may be subject to forfeiture and increased the penalties for violation of anti-money laundering regulations. Failure of a financial institution to comply with the USA Patriot Act's requirements could have serious legal and reputational consequences for the institution.

EFFECT OF MERGER ON RIGHTS OF SHAREHOLDERS

As a result of the Merger, Indian River shareholders that do not exercise their appraisal rights and do not elect to receive cash consideration for their shares of Indian River common stock (or who elect cash consideration where the limitation on the maximum cash consideration payable in the Merger is exceeded) will become shareholders of Alabama National. Indian River is a Florida corporation governed by the Florida Business Corporation Act (FBCA), and Indian River's Articles of Incorporation (Articles) and Bylaws. Alabama National, on the other hand, is a Delaware corporation governed by the Delaware General Corporation Law (DGCL), and Alabama National's Restated Certificate of Incorporation and Bylaws. Certain significant differences exist between the rights of Indian River shareholders and those of Alabama National shareholders. The differences deemed material by Indian River and Alabama National are summarized below.

The following discussion is necessarily general, and it is not intended to be a complete statement of all differences affecting the rights of shareholders under the laws of the FBCA and the DGCL, or the rights of such persons under Alabama National's Restated Certificate of Incorporation and Bylaws and Indian River's Articles of Incorporation and Bylaws. Nor is the identification of certain specific differences meant to indicate that other differences do not exist. The following summary is qualified in its entirety by reference to the FBCA and the DGCL, as well as to Alabama National's Restated Certificate of Incorporation and Bylaws and Indian River's Articles of Incorporation and Bylaws.

Shareholder Meetings

Special Meetings. Under Indian River's Bylaws, a special meeting of shareholders may be called for any purpose at any time upon the request of the chairperson of the board of directors, or by the board of directors at the request of any one or more shareholders owning, in the aggregate, not less than 25% of the common stock of Indian River.

Under the DGCL, shareholders of Delaware corporations do not have a right to call special meetings unless such right is conferred upon the shareholders in the corporation's certificate of incorporation or bylaws. Alabama National's Restated Certificate of Incorporation does not confer to its shareholders the right to call a special shareholders meeting.

Notice of Meetings. Under Delaware and Florida law, shareholders generally must be provided written notice of a shareholders meeting not less than 10 days nor more than 60 days prior to a meeting. However, under Delaware law, in the case of a shareholder meeting called to vote on a merger, consolidation or sale of substantially all of the assets of the corporation, shareholders must be given written notice of not less than 20 days before the meeting.

The Bylaws of Alabama National provide for shareholder notice consistent with Delaware law, and Indian River's Bylaws provide for shareholder notice consistent with Florida law.

Written Consents of Shareholders

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Under the FBCA and the DGCL, the shareholders may take action without a meeting if a consent in writing to such action is signed by the shareholders having the minimum number of votes that would be necessary to take such action at a meeting, unless prohibited in the articles or certificate of incorporation. Indian River's Articles and Bylaws do not prohibit such action by written consent. On the other hand, Alabama National's Restated Certificate of Incorporation specifically limits shareholder action to annual or special meetings and denies shareholder action by written consent in lieu of a meeting.

Election of Directors

Indian River. Under Indian River's Articles, the board of directors is divided into three classes. Members of one class are elected at each annual meeting for a three-year term. Indian River's Articles do not provide for

Table of Contents

cumulative voting for directors. When any vacancy occurs among the directors, a majority of the remaining members of the board may appoint a director to fill such vacancy until the next election of directors.

Alabama National. Under Alabama National's Restated Certificate of Incorporation, all directors are elected annually for a one-year term. Under the DGCL, the directors of a corporation shall be elected by a plurality of the votes cast by the holders of shares entitled to vote in the election of directors at a meeting of shareholders at which a quorum is present, unless the articles or certificate of incorporation provides for cumulative voting. Alabama National's Restated Certificate of Incorporation does not provide for cumulative voting.

Removal of Directors

Indian River. Indian River's Articles provide for removal of a director only for cause and upon the vote of the holders of 75% or more of the total number of votes entitled to be cast by holders of all outstanding shares of capital stock entitled to vote generally in the election of directors.

Alabama National. Under the DGCL, a majority of the shares entitled to vote may affect a removal of a director with or without cause. The Alabama National Restated Certificate of Incorporation does not contain any supermajority requirements for the removal of directors.

Shareholder Approval of Business Combinations

Indian River. The FBCA provides that certain mergers, consolidations, and sales of substantially all of the assets of a Florida corporation must be approved by a majority of the outstanding shares of the corporation entitled to vote thereon. Indian River's Articles provide that certain proposed business combinations with an interested stockholder (generally a beneficial owner of 10% or more of the outstanding common stock or an affiliate thereof), including mergers, consolidations, the sale, lease, exchange, mortgage or pledge of assets having a value in excess of \$1.5 million, issuances or transfers of securities of Indian River having a value in excess of \$1.5 million, the adoption of a plan of liquidation or dissolution, and any reclassification, recapitalization or similar transaction which has the effect of increasing the proportionate share of Indian River owned by the interested stockholder, must be approved by the holders of 80% of the votes entitled to be cast in the election of directors, voting as a single class, in addition to any other vote required by law, except where such business combination has been approved by two-thirds of the full board of directors.

Alabama National. The DGCL permits a merger to become effective without the approval of the surviving corporation's shareholders provided certain requirements are met. Under the DGCL, if the articles of incorporation of the surviving corporation do not change following the merger, the amount of the surviving corporation's common stock to be issued or delivered under the plan of merger does not exceed 20% of the total shares of outstanding voting stock immediately prior to the acquisition, and the board of directors of the surviving corporation adopts a resolution approving the plan of merger, no shareholder approval is required.

Where shareholder approval is required under the DGCL a merger can generally be approved by a majority vote of the outstanding shares of capital stock of each class entitled to vote thereon, unless the certificate or articles of incorporation require a greater vote. If the proposed merger or other business combination were to involve an interested person or affiliated transaction, however, the DGCL imposes supermajority approval requirements with certain qualifications. The Alabama National Restated Certificate of Incorporation does not contain any supermajority requirements. See also Anti-Takeover Laws.

Under the DGCL, a corporation may sell, lease, exchange or otherwise dispose of all, or substantially all, of its property and assets, otherwise than in the usual and regular course of its business, only with the approval of the holders of a majority of the outstanding shares of the corporation entitled to vote thereon, unless the certificate or bylaws require a greater vote. Alabama National's Restated Certificate of Incorporation and Bylaws do not require a greater vote.

Amendments to the Articles or Certificate of Incorporation and Bylaws

Indian River. The FBCA requires amendments to the articles of incorporation to be approved by the shareholders of the corporation upon recommendation of the corporation's board of directors. Unless the FBCA, the articles of incorporation, or the board of directors requires a greater vote or voting by groups, amendments to the articles of incorporation must be approved by a majority of the votes cast, a quorum being present.

The FBCA permits the board of directors and the shareholders to amend Indian River's Bylaws, with certain exceptions. Indian River's Articles require an affirmative vote of 80% of shareholders to amend certain provisions of the Articles.

Alabama National. Unless the certificate of incorporation provides otherwise, Delaware law requires only the affirmative vote of a majority of all outstanding voting shares to effect certain amendments to the certificate of incorporation. Delaware law requires the shares of a class to vote separately on amendments in certain circumstances. Alabama National currently has no separate classes of stock.

The DGCL states that only the shareholders are entitled to amend the bylaws of a corporation unless the corporation's certificate of incorporation also specifically grants such authority to the board of directors. Alabama National's Restated Certificate of Incorporation permits the board of directors, as well as the shareholders, to amend Alabama National's Bylaws.

Appraisal Rights

Indian River. Under Florida law, holders of record of Indian River's common stock are entitled to appraisal rights. For a description of appraisal rights under Florida law, see APPROVAL OF THE MERGER AGREEMENT Appraisal Rights.

Alabama National. Under the DGCL, a shareholder has the right, in connection with certain mergers or consolidations, to dissent from certain corporate transactions and receive the fair market value of his shares in cash in lieu of the consideration he otherwise would receive in the transaction. In order for a dissenting shareholder to assert his dissenters' right, he must timely file a petition for appraisal with the Delaware Court of Chancery which will appraise the shares (excluding any appreciation or depreciation in the share price which occurs as a consequence of or in expectation of the transaction). In addition, a Delaware corporation can provide in its certificate of incorporation that appraisal rights are available to shareholders in certain other situations in which such rights are not otherwise available under Delaware law. No such provision is included in Alabama National's Restated Certificate of Incorporation.

Under the DGCL, unless the certificate of incorporation provides otherwise, appraisal rights are not available to shareholders of a corporation if the shares are listed on a national securities exchange or quoted on the Nasdaq Stock Market or held of record by more than 2,000 shareholders and shareholders are permitted by the terms of the merger or consolidation to accept in exchange for their shares:

- (1) shares of stock of the surviving or resulting corporation,

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

- (2) shares of stock of another corporation which is listed on a national securities exchange, quoted on the Nasdaq Stock Market or held of record by more than 2,000 shareholders,
- (3) cash in lieu of fractional shares described in (1) and (2) above, or
- (4) any combination of the consideration described in (1) through (3) above.

In addition, appraisal rights are not available to shareholders of a Delaware corporation in a merger if the corporation is the surviving corporation and no vote of its shareholders is required. Alabama National's Restated Certificate of Incorporation does not contain any provision regarding shareholder appraisal rights.

Dividends

Indian River. Florida law provides that dividends may be declared and paid only if, after giving it effect, the company is able to pay its debts as they become due in the usual course of business, and its total assets would be greater than the sum of its total liabilities plus the amount that would be needed if the company were to be dissolved at the time of the dividend to satisfy the preferential rights upon dissolution of shareholders whose preferential rights are superior to those receiving the dividend.

Alabama National. Under Delaware law, a corporation can pay dividends to the extent of its surplus, and if no surplus is available, dividends can be paid to the extent of its net profits for the current and/or preceding fiscal year. Dividends cannot be declared, however, if the corporation's capital has been diminished to an amount less than the aggregate amount of all capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets. Substantially all of the funds available for the payment of dividends by Alabama National are derived from its subsidiary banks, and there are various statutory limitations on the ability of such banks to pay dividends to Alabama National. See **RISK FACTORS** Restrictions on Dividends and **WHERE YOU CAN FIND MORE INFORMATION**.

Preferred Stock

Indian River. Florida law provides that, if authorized by the articles of incorporation, a corporation's board of directors may issue preferred stock with certain rights and privileges. Indian River's Articles authorize it to issue up to 500,000 shares of preferred stock, which would have such designations and powers, preferences and rights and qualifications, limitations or restrictions as are determined by resolution adopted by the board of directors.

Alabama National. Alabama National's Restated Certificate of Incorporation has authorized the issuance of 100,000 shares of preferred stock of which the designations and powers, preferences and rights and qualifications, limitations or restrictions thereof, are undetermined until fixed by resolution of the board of directors. The purpose of such preferred stock is to provide the board of directors with the financial flexibility to raise additional capital through the issuance of senior securities and to provide the board of directors with the ability to respond to hostile takeover bids. By leaving the characteristics of the preferred stock undetermined until resolved by the board of directors, the board of directors is able to issue customized preferred stock to individuals or corporations in negotiated transactions at any time in the future without a vote of the shareholders. Such preferred stock also allows the board of directors to react quickly, in the case of a hostile bid, by issuing preferred stock with characteristics unfavorable to the hostile bidder in order to make such an acquisition less economical.

Preemptive Rights

Indian River. Holders of Indian River common stock have no preemptive rights to subscribe for additional shares that may be issued from time to time by Indian River.

Alabama National. Under Delaware law, shareholders of a corporation are denied preemptive rights unless such rights are expressly granted to shareholders in the certificate of incorporation. The Restated Certificate of Incorporation of Alabama National does not provide for preemptive rights.

Limitation of Liability of Directors

Indian River. Florida law protects all directors from liability to the corporation or shareholders for monetary damages for any statement, vote, decision or failure to act, regardless of whether or not a provision to that effect is included in the corporation's articles of incorporation. The Florida law protection does not apply if the director breached or failed to perform his or her duties as a director, and the breach or failure constitutes a violation of the criminal law, a transaction from which the director derived an improper personal benefit, where the director's actions constituted a conscience disregard for the best interests of the corporation, or an act committed in bad faith.

Table of Contents

Alabama National. Subject to certain exceptions, Delaware law permits the certificate of incorporation or bylaws to include a provision that eliminates a director's liability to shareholders for monetary damages for any breach of fiduciary duty as a director. The certificate of incorporation or bylaws, however, cannot eliminate the liability of a director for breach of the director's duty of loyalty to the corporation or its shareholders; acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; unlawful payment of dividends or unlawful stock purchase or redemption; or any transactions from which the director derived an improper personal benefit. The Restated Certificate of Incorporation of Alabama National includes a provision restricting such director liability to the extent permitted by the DGCL.

Indemnification of Directors

Under Delaware and Florida law, a corporation can indemnify its directors if a director acted in good faith and in a manner reasonably believed to be in, or not opposed to, the best interests of the corporation. Furthermore, Delaware and Florida law each allows for a corporation to indemnify its directors with respect to any criminal action or proceeding when the director had no reasonable cause to believe his conduct was unlawful. Indemnification is not allowed under either Delaware or Florida law if a director has been adjudged liable to the corporation.

Alabama National's Bylaws authorizes the indemnification of its directors to the fullest extent permitted by law. Similarly, Indian River's Bylaws authorize indemnification of its directors to the fullest extent permitted under Florida law.

Anti-Takeover Laws

Affiliated Transactions and Certain Business Combinations. The DGCL prohibits a corporation from entering into certain business combinations between the corporation and an interested shareholder (generally defined as any person who is the beneficial owner of more than 15% of the outstanding voting shares of the corporation), unless the corporation's Board of Directors has previously approved either (a) the business combination in question or (b) the stock acquisition by which such interested shareholder's beneficial ownership interest reached 15%. The prohibition lasts for three years from the date the interested shareholder's beneficial ownership reached 15%. Notwithstanding the preceding, the DGCL allows a corporation to enter into a business combination with an interested shareholder if: (a) the business combination is approved by the corporation's Board of Directors and is authorized by an affirmative vote of at least two-thirds of the outstanding voting stock of the corporation which is not owned by the interested shareholder, or (b) such interested shareholder owned at least 85% of the outstanding voting stock of the corporation at the time the transaction commenced. The statute also provides that the restrictions contained therein shall not apply to any corporation whose certificate of incorporation contains a provision expressly electing not to be governed thereby. Alabama National's Restated Certificate of Incorporation does not contain such a provision.

The FBCA contains a law similar to the DGCL regarding affiliated transactions and business combinations, but Indian River's Articles provide that such law does not apply to Indian River. Indian River's Articles contain provisions related to affiliated transactions and business combinations, as described above.

Control Share Regulation. The FBCA restricts the voting rights of a person who acquires control shares in an issuing public corporation. Indian River's Articles provide, however, that those provisions of the FBCA do not apply to Indian River. Delaware does not have a similar control share statute.

AGREEMENT AND PLAN OF MERGER

THIS AGREEMENT AND PLAN OF MERGER (this Agreement) is made and entered into as of October 22, 2003, by and between **INDIAN RIVER BANKING COMPANY** (IRBC), a corporation organized and existing under the laws of the State of Florida, with its principal office located in Vero Beach, Florida, and **ALABAMA NATIONAL BANCORPORATION** (ANB), a corporation organized and existing under the laws of the State of Delaware, with its principal office located in Birmingham, Alabama.

Preamble

The Boards of Directors of IRBC and ANB are of the opinion that the transactions described herein are in the best interests of the parties and their respective stockholders. This Agreement provides for the merger (the Merger) of IRBC with and into ANB. At the Effective Time of such Merger, the outstanding shares of the capital stock of IRBC shall be converted into the right to receive shares of the common stock of ANB (except as provided herein). As a result, stockholders of IRBC shall become stockholders of ANB, and ANB shall continue to conduct the business and operations of IRBC. The Merger is subject to the approvals of the stockholders of IRBC, the Florida Department of Financial Services and the Federal Reserve Board, and the satisfaction of certain other conditions described in this Agreement. It is the intention of the parties to this Agreement that, for federal income tax purposes, the merger shall qualify as a reorganization within the meaning of Section 368(a) of the IRC.

Certain terms used in this Agreement are defined in Section 11.1 of this Agreement.

NOW, THEREFORE, in consideration of the above and the mutual warranties, representations, covenants and agreements set forth herein, the parties agree as follows:

ARTICLE 1

TRANSACTIONS AND TERMS OF MERGER

1.1 Merger. Subject to the terms and conditions of this Agreement, at the Effective Time, IRBC shall be merged with and into ANB in accordance with the provisions of Section 252 of the DGCL and Section 607.1107 of the FBCA and with the effect provided in Sections 259 and 261 of the DGCL and the applicable provisions of the FBCA. ANB shall be the Surviving Corporation resulting from the Merger and shall continue to be governed by the Laws of the State of Delaware. The Merger shall be consummated pursuant to the terms of this Agreement, which has been approved and adopted by the ANB Board and the IRBC Board.

1.2 Time and Place of Closing. The place of Closing shall be at the offices of Maynard, Cooper & Gale, P.C., Birmingham, Alabama, or such other place as may be mutually agreed upon by the Parties. The Closing will take place at 9:00 A.M. Central Standard Time on such date and time as the Parties, acting through their chief executive officers may mutually agree. Subject to the terms and conditions hereof, unless otherwise mutually agreed upon in writing by the chief executive officers of each Party, the Closing shall occur on the last business day of the month in which the closing conditions set forth in Article 9 below have been satisfied (or waived pursuant to Section 11.4 of this Agreement).

Table of Contents

1.3 Effective Time. The Merger and other transactions provided for in this Agreement shall become effective: (a) on the date and at the time that the later of the following shall occur: (i) the Certificate of Merger reflecting the Merger shall be accepted for filing by the Secretary of State of Delaware, and (ii) the Articles of Merger reflecting the Merger shall be accepted for filing by the Secretary of State of Florida, or (b) on such date and at such time subsequent to the date and time established pursuant to subsection 1.3(a) above as may be specified by the Parties in the Certificate of Merger and Articles of Merger (provided that such subsequent date and time shall not be later than a time on the 30th day after the date that the Certificate of Merger is filed) (such time is hereinafter referred to as the Effective Time). Unless ANB and IRBC otherwise mutually agree in writing, the Parties shall use their commercially reasonable efforts to cause the Effective Time to occur on the date of Closing.

ARTICLE 2

EFFECT OF MERGER

2.1 Certificate of Incorporation. The Restated Certificate of Incorporation of ANB in effect immediately prior to the Effective Time shall be the Certificate of Incorporation of the Surviving Corporation immediately following the Effective Time.

2.2 Bylaws. The Bylaws of ANB in effect immediately prior to the Effective Time shall be the Bylaws of the Surviving Corporation immediately following the Effective Time, until otherwise amended or repealed.

2.3 Directors. ANB currently has 14 directors (the Incumbent Directors). The directors of the Surviving Corporation immediately after the Effective Time shall consist of the Incumbent Directors and Mr. Griffin A. Greene. ANB shall take any and all steps required under ANB's Restated Certificate of Incorporation and/or Bylaws to increase the size of the ANB Board to 15 members as of the Effective Time and appoint Mr. Griffin A. Greene, effective as of the Effective Time, to fill such vacancy. Thereafter, ANB agrees that it shall include Mr. Greene in its recommended slate of nominees for election as director of ANB at ANB's 2004 annual meeting of stockholders. Not in limitation of the foregoing, if as a result of the timing of the Effective Time in relation to ANB's 2004 annual meeting of stockholders and mailing of proxy materials for such meeting, Mr. Greene is not placed in nomination for election at such meeting, ANB shall cause Mr. Greene to be appointed to the Board of Directors of ANB to serve until ANB's 2005 annual meeting of stockholders. Nothing in this Section 2.3 shall require ANB to elect, appoint, nominate or recommend Mr. Greene for election to the Board of Directors of ANB if he shall become the subject of a Disqualification.

ARTICLE 3

CONVERSION OF CONSTITUENTS' CAPITAL SHARES

3.1 Manner of Converting Shares. Subject to the provisions of this Article 3, at the Effective Time, by virtue of the Merger and without any further action on the part of ANB, IRBC or the holders of any shares thereof, the shares of the constituent corporations shall be converted as follows:

(a) each share of ANB Common Stock issued and outstanding immediately prior to the Effective Time shall remain issued and outstanding from and after the Effective Time.

Table of Contents

(b) (1) Subject to the potential adjustment provided for in Section 3.1(b)(2) and/or Section 3.2 below, each share of IRBC Common Stock (excluding shares held by any IRBC Company, other than in a fiduciary capacity or as a result of debts previously contracted, and excluding shares held by stockholders who perfect their dissenters' rights of appraisal as provided in Section 3.4 of this Agreement) issued and outstanding at the Effective Time shall cease to be outstanding and shall be converted into and exchanged for the right to receive 0.9408 shares of ANB Common Stock (as such may be adjusted pursuant to the terms of this Agreement, the Exchange Ratio); provided that, subject to the election rights set forth in Section 3.1(c) below, each holder of IRBC Common Stock shall have an opportunity to elect to receive cash consideration for such holder's shares of IRBC Common Stock in lieu of receiving ANB Common Stock.

(2) (i) If the Average Quoted Price is less than \$48.00, then the Exchange Ratio automatically shall be increased to an amount to be determined in accordance with the following table:

<u>Average Quoted Price</u>	<u>Adjusted Exchange Ratio</u>
Less than \$48.00, and Equal to or greater than \$47.00	0.9493
Less than \$47.00, and Equal to or greater than \$46.00	0.9578
Less than \$46.00, and Equal to or greater than \$45.00	0.9663
Less than \$45.00	0.9748

(ii) For purposes of this Agreement, the term Dollar Equivalent Per Share Consideration shall be a dollar amount (rounded to the nearest cent) equal to the product of (A) the Average Quoted Price multiplied by (B) the Exchange Ratio (as such may be adjusted). For example, if the Average Quoted Price were \$44.00, the Dollar Equivalent Per Share Consideration would be \$42.89. Notwithstanding the adjustment procedure provided for in Section 3.1(b)(2)(i) above, if the Average Quoted Price is less than \$44.00 (and, therefore, the Dollar Equivalent Per Share Consideration is less than \$42.89), the IRBC Board may terminate this Agreement by providing written notice thereof to the Chief Executive Officer of ANB prior to the Closing; provided, however, that, within 5 business days of receiving any such written notice from the IRBC Board, ANB may, at its sole option and election, void such termination by either (X) increasing the Exchange Ratio to an amount equal to the quotient (rounded to the nearest one ten thousandth) of \$42.89 (the Minimum Dollar Equivalent Per Share Consideration) divided by the Average Quoted Price, such that the Dollar Equivalent Per Share

Table of Contents

Consideration is at least \$42.89, or (Y) with respect to each share of IRBC Common Stock to be converted into shares of ANB Common Stock pursuant to Section 3.1(b)(1) above or into cash consideration pursuant to Section 3.1(c) below, paying the holder thereof additional consideration in an amount of cash equal to the difference of (I) the Minimum Dollar Equivalent Per Share Consideration minus (II) the product (rounded to the nearest cent) of (x) the Average Quoted Price multiplied by 0.9748. The aggregate of such cash payments, if any, is hereinafter referred to as the Additional Optional Cash Consideration. For example, if the Average Quoted Price were \$42.00, the IRBC Board provided a notice of termination, and ANB elected to void such termination, ANB would be required to either increase the Exchange Ratio to at least 1.021 (*i.e.*, the quotient of \$42.89 divided by \$42.00) or make a cash payment of \$1.95 (*i.e.*, the difference between \$42.89 and \$40.94) for each share of IRBC Common Stock to be converted into shares of ANB Common Stock.

(c) (1) Holders of IRBC Common Stock shall be provided with an opportunity to elect to receive cash consideration in lieu of receiving ANB Common Stock in the Merger, in accordance with the election procedures set forth below. Holders who elect to receive cash in lieu of exchanging their shares of IRBC Common Stock for ANB Common Stock as specified below shall receive, for each share of IRBC Common Stock that is so converted, an amount in cash (the Per Share Cash Consideration) equal to the product of the Average Quoted Price multiplied by the Exchange Ratio (as such may be adjusted pursuant to the terms of this Agreement). Notwithstanding the preceding sentence, the aggregate Per Share Cash Consideration that ANB is obligated to pay to satisfy such elections (the Maximum Cash Amount) shall not exceed 10% (unless and to the extent that ANB determines in its sole discretion to increase such amount to a percentage not in excess of 25%) of the sum of (i) the product of (A) the number of shares of ANB Common Stock to be issued in the Merger to holders of outstanding shares of IRBC Common Stock as of the Effective Time multiplied by (B) the Average Quoted Price, and (ii) the aggregate Per Share Cash Consideration, and (iii) the Additional Optional Cash Consideration (if any).

(2) At ANB's election, either the Exchange Agent or IRBC's transfer agent shall mail an election form in such form as ANB and IRBC shall mutually agree (the Election Form) with or following the issuance of the Proxy Statement/Prospectus and at least 20 days prior to the date of the IRBC Stockholders Meeting or on such other date as ANB and IRBC shall mutually agree (the Mailing Date) to each holder of record of IRBC Common Stock for such IRBC Stockholders Meeting. Each Election Form shall permit a holder (or the beneficial owner through appropriate and customary documentation and instructions) of IRBC Common Stock to elect to receive cash with respect to all or a portion of such holder's IRBC Common Stock (the shares as to which the election is made being referred to as Cash Election Shares).

(3) Any shares of IRBC Common Stock with respect to which the holder shall not have submitted to the Exchange Agent an effective, properly completed Election Form prior to 5:00 p.m. Eastern Time on the day before the IRBC Stockholders Meeting (or such other time and date as ANB and IRBC may mutually agree) (the Election Deadline) shall be converted into ANB Common Stock at the Effective Time, as set forth in Section 3.1(b) of this Agreement (such shares being referred to as No Election Shares).

Table of Contents

(4) Any Election Form may be revoked or changed by the person submitting such Election Form at or prior to the Election Deadline. In the event an Election Form is revoked and a replacement Election Form not submitted prior to the Election Deadline, the shares of IRBC Common Stock represented by such Election Form shall become No Election Shares. Subject to the terms of this Agreement and of the Election Form, the Exchange Agent shall have reasonable discretion to determine whether any election, revocation or change has been properly or timely made and to disregard immaterial defects in the Election Forms, and any good faith decisions of the Exchange Agent regarding such matters shall be binding and conclusive. Neither ANB nor the Exchange Agent shall be under any obligation to notify any person of any defect in an Election Form.

(5) Within 5 business days after the Election Deadline, unless the Effective Time has not yet occurred, in which case as soon thereafter as practicable, the allocation among the holders of IRBC Common Stock in accordance with the Election Forms shall be effected by the Exchange Agent as follows:

(i) Cash Elections Less Than or Equal to the Maximum Cash Amount. If the amount of cash that would be paid upon conversion in the Merger of the Cash Election Shares (the Potential Cash Payments) is less than or equal to the Maximum Cash Amount, then:

(1) each Cash Election Share shall be converted into the right to receive the Per Share Cash Consideration pursuant to Section 3.1(c)(1); and

(2) each other share of IRBC Common Stock, including each No Election Share, shall be converted into the right to receive ANB Common Stock pursuant to Section 3.1(b).

(ii) Cash Elections More Than the Maximum Cash Amount. If the amount of the Potential Cash Payments is greater than the Maximum Cash Amount, then:

(1) the number of Cash Election Shares designated by each holder of IRBC Common Stock who properly submitted an Election Form shall be automatically reduced to that number of shares equal to the product of (A) the number of such holder's Cash Election Shares designated in the Election Form and (B) a fraction, the numerator of which is the maximum number of Cash Election Shares allowable such that the amount of the Potential Cash Payments is equal to the Maximum Cash Amount, and the denominator of which is the total number of Cash Election Shares designated in the Election Forms;

(2) each Cash Election Share remaining after adjustment pursuant to sub-section (1) above shall be converted into the right to receive the Per Share Cash Consideration pursuant to Section 3.1(c)(1);

(3) each share of IRBC Common Stock that would have been a Cash Election Share but for the adjustment pursuant to sub-section (1) above shall automatically be deemed to be a No Election Share; and

Table of Contents

(4) each other share of IRBC Common Stock, including each No Election Share, shall be converted into the right to receive ANB Common Stock pursuant to Section 3.1(b).

(d) At the Effective Time, all outstanding and unexercised options to purchase shares of IRBC Common Stock pursuant to the IRBC Stock Option Plans (each, an IRBC Option) will cease to represent an option to purchase IRBC Common Stock and will be converted automatically into options to purchase ANB Common Stock (each, an ANB Option), and ANB will assume each IRBC Option subject to its terms, including any acceleration in vesting that will occur as a consequence of the Merger according to the instruments governing the IRBC Option; provided, however, that after the Effective Time:

(i) the number of shares of ANB Common Stock purchasable upon exercise of each IRBC Option will equal the product of (A) the number of shares of IRBC Common Stock that were purchasable under the IRBC Option immediately before the Effective Time and (B) the Exchange Ratio, rounded to the nearest whole share; and

(ii) the per share exercise price for each IRBC Option will equal the quotient of (A) the per share exercise price of the IRBC Option in effect immediately before the Effective Time divided by (B) the Exchange Ratio, rounded to the nearest cent.

Notwithstanding the foregoing, each IRBC Option that is intended to be an incentive stock option (as defined in Section 422 of the IRC) will be adjusted in accordance with the requirements of Section 424 of the IRC. As of the date hereof, the IRBC Options provide for the purchase of no more than an aggregate of 198,428 additional shares of IRBC Common Stock. As soon as practicable after the Effective Time, ANB shall file a Registration Statement on Form S-8 (or any successor or other appropriate forms), with respect to the shares of ANB Common Stock subject to converted or substitute IRBC Options and shall use its reasonable efforts to maintain the effectiveness of such registration statement (and maintain the current status of the prospectus or prospectuses associated therewith) for so long as such converted or substitute IRBC Options remain outstanding.

(e) Assuming (i) that no holders of IRBC Common Stock elect to receive cash in lieu of ANB Common Stock pursuant to the cash election procedures in Section 3.1(c) above, (ii) that no holders of IRBC Common Stock exercise their rights under the Dissenter Provisions, and (iii) that there is no adjustment to the Exchange Ratio pursuant to Section 3.1(b)(2) above or Section 3.2 below, the holders of IRBC Common Stock (including holders of IRBC Options) shall have the right to receive, in the aggregate, a maximum of 2,237,543 shares of ANB Common Stock as a result of the Merger. As a result of an adjustment to the Exchange Ratio pursuant to Section 3.1(b)(2)(i) above, holders of IRBC Common Stock (including holders of IRBC Options) would be entitled to receive a minimum of 20,216 and a maximum of 80,864 additional shares of ANB Common Stock in the aggregate.

3.2 Anti-Dilution Provisions. In the event IRBC changes the number of shares of IRBC Common Stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend, recapitalization or otherwise with respect to such stock and the record date therefor shall be prior to the Effective Time, the Exchange Ratio, the Minimum Dollar

Table of Contents

Equivalent Per Share Consideration, and the amounts and formulas contained in Section 3.1(b)(2)(ii) shall be proportionately adjusted as needed to preserve the relative economic benefit to the Parties. In the event ANB changes the number of shares of ANB Common Stock issued and outstanding prior to the Effective Time as a result of a stock split, stock dividend or similar recapitalization with respect to such stock and the record date therefor shall be prior to the Effective Time, the Exchange Ratio, the Average Quoted Price thresholds contained in Section 3.1(b)(2)(i) and Section 3.1(b)(2)(ii), the other amounts and formulas contained in Section 3.1(b)(2)(ii), and the share amounts included in Section 3.1(e) shall be proportionately adjusted as needed to preserve the relative economic benefit to the Parties.

3.3 Shares Held by IRBC. Each of the shares of IRBC Common Stock held by any IRBC Company, other than in a fiduciary capacity or as a result of debts previously contracted, shall be canceled and retired at the Effective Time and no consideration shall be issued in exchange therefor.

3.4 Dissenting Stockholders. Any holder of shares of IRBC Common Stock who perfects his dissenters' rights of appraisal in accordance with and as contemplated by Section 607.1320 of the FBCA (the "Dissenter Provisions") shall be entitled to receive the value of such shares in cash as determined pursuant to such provision of Law; provided, however, that no such payment shall be made to any dissenting stockholder unless and until such dissenting stockholder has complied with the applicable provisions of the FBCA and surrendered to the Surviving Corporation the certificate or certificates representing the shares for which payment is being made; provided, further, nothing contained in this Section 3.4 shall in any way limit the right of ANB to terminate this Agreement and abandon the Merger pursuant to subsection 10.1(i) below. If any dissenting stockholder gives notice to IRBC, IRBC will promptly give ANB notice thereof, and ANB will have the right to participate in all negotiations and proceedings with respect to any such demands. IRBC will not, except with the prior written consent of ANB, voluntarily make any payment with respect to, or settle or offer to settle, any such demand for payment. In the event that after the Effective Time a dissenting stockholder of IRBC fails to perfect, or effectively withdraws or loses, his right to appraisal and of payment for his shares, the Surviving Corporation shall issue and deliver the consideration to which such holder of shares of IRBC Common Stock is entitled under this Article 3 (without interest) upon surrender by such holder of the certificate or certificates representing shares of IRBC Common Stock held by him.

3.5 Fractional Shares. No certificates or scrip representing fractional shares of ANB Common Stock shall be issued upon the surrender of certificates for exchange; no dividend or distribution with respect to ANB Common Stock shall be payable on or with respect to any fractional share; and such fractional share interests shall not entitle the owner thereof to vote or to any other rights of a stockholder of ANB. In lieu of any such fractional share, ANB shall pay to each former stockholder of IRBC who otherwise would be entitled to receive a fractional share of ANB Common Stock an amount in cash (without interest) determined by multiplying (a) the Average Quoted Price by (b) the fraction of a share of ANB Common Stock to which such holder would otherwise be entitled.

EXCHANGE OF SHARES

4.1 Exchange Procedures. Promptly after the Effective Time, the Surviving Corporation shall cause the Exchange Agent to mail to the former stockholders of IRBC appropriate transmittal materials (which shall specify that delivery shall be effected, and risk of loss and title to the certificates theretofore representing shares of IRBC Common Stock shall pass, only upon proper delivery of such certificates to the Exchange Agent). After completion of the allocation procedure set forth in Section 3.1(c)(5) and upon surrender of a certificate or certificates for exchange and cancellation to the Exchange Agent (such shares to be free and clear of all liens, claims and encumbrances), together with a properly executed letter of transmittal, the holder of such certificate or certificates shall be entitled to receive in exchange therefore: (a) a certificate representing that number of whole shares of ANB Common Stock which such holder of IRBC Common Stock became entitled to receive pursuant to the provisions of Article 3 hereof and (b) a check representing the aggregate cash consideration, if any, which such holder has the right to receive pursuant to the provisions of Article 3 hereof, and the certificate or certificates so surrendered shall forthwith be cancelled. No interest will be paid or accrued on the Per Share Cash Consideration, any cash in lieu of fractional shares, any Additional Optional Cash Consideration or any unpaid dividends and distributions, if any, payable to holders of certificates for IRBC Common Stock. The Surviving Corporation shall not be obligated to deliver the consideration to which any former holder of IRBC Common Stock is entitled as a result of the Merger until such holder surrenders his certificate or certificates representing the shares of IRBC Common Stock for exchange as provided in this Section 4.1. The certificate or certificates for IRBC Common Stock so surrendered shall be duly endorsed as the Exchange Agent may require. Any other provision of this Agreement notwithstanding, neither the Surviving Corporation, ANB nor the Exchange Agent shall be liable to a holder of IRBC Common Stock for any amounts paid or property delivered in good faith to a public official pursuant to any applicable abandoned property Law.

4.2 Rights of Former IRBC Stockholders. At the Effective Time, the stock transfer books of IRBC shall be closed as to holders of IRBC Common Stock immediately prior to the Effective Time, and no transfer of IRBC Common Stock by any such holder shall thereafter be made or recognized. Until surrendered for exchange in accordance with the provisions of Section 4.1 of this Agreement, each certificate theretofore representing shares of IRBC Common Stock (IRBC Certificate), other than shares to be canceled pursuant to Section 3.3 of this Agreement or as to which dissenters' rights of appraisal have been perfected as provided in Section 3.4 of this Agreement, shall from and after the Effective Time represent for all purposes only the right to receive the consideration provided in Section 3.1 of this Agreement in exchange therefor. To the extent permitted by Law, former stockholders of record of IRBC Common Stock shall be entitled to vote after the Effective Time at any meeting of ANB stockholders the number of whole shares of ANB Common Stock into which their respective shares of IRBC Common Stock (excluding Cash Election Shares) are converted, regardless of whether such holders have exchanged their IRBC Certificates for certificates representing ANB Common Stock in accordance with the provisions of this Agreement. Whenever a dividend or other distribution is declared by ANB on the ANB Common Stock, the record date for which is at or after the Effective Time, the declaration shall include dividends or other distributions on all shares issuable pursuant to this Agreement. Notwithstanding the preceding sentence, any person

Table of Contents

holding any IRBC Certificate at or after six (6) months after the Effective Time (the Cutoff) shall not be entitled to receive any dividend or other distribution payable after the Cutoff to holders of ANB Common Stock, which dividend or other distribution is attributable to such person's ANB Common Stock represented by said IRBC Certificate held after the Cutoff, until such person surrenders said IRBC Certificate for exchange as provided in Section 4.1 of this Agreement. However, upon surrender of such IRBC Certificate, both the ANB Common Stock certificate (together with all such undelivered dividends or other distributions, without interest) and any undelivered cash payments (without interest) shall be delivered and paid with respect to each share represented by such IRBC Certificate. No holder of shares of IRBC Common Stock shall be entitled to receive any dividends or distributions declared or made with respect to the ANB Common Stock with a record date before the Effective Time of the Merger.

4.3 Identity of Recipient of ANB Common Stock. In the event that the delivery of the consideration provided for in this Agreement is to be made to a person other than the person in whose name any certificate representing shares of IRBC Common Stock surrendered is registered, such certificate so surrendered shall be properly endorsed (or accompanied by an appropriate instrument of transfer), with the signature(s) appropriately guaranteed, and otherwise in proper form for transfer, and the person requesting such delivery shall pay any transfer or other taxes required by reason of the delivery to a person other than the registered holder of such certificate surrendered or establish to the satisfaction of ANB that such tax has been paid or is not applicable.

4.4 Lost or Stolen Certificates. If any holder of IRBC Common Stock convertible into the right to receive shares of ANB Common Stock is unable to deliver the IRBC Certificate that represents IRBC Common Stock, the Exchange Agent, in the absence of actual notice that any such shares have been acquired by a bona fide purchaser, shall deliver to such holder the shares of ANB Common Stock to which the holder is entitled for such shares upon presentation of the following: (a) evidence to the reasonable satisfaction of ANB that any such IRBC Certificate has been lost, wrongfully taken or destroyed; (b) such security or indemnity as may be reasonably requested by ANB to indemnify and hold ANB and the Exchange Agent harmless; and (c) evidence satisfactory to ANB that such person is the owner of the shares theretofore represented by each IRBC Certificate claimed by the holder to be lost, wrongfully taken or destroyed and that the holder is the person who would be entitled to present such IRBC Certificate for exchange pursuant to this Agreement.

IRBC has delivered to ANB complete and correct copies of its Articles of Incorporation and Bylaws and the articles of incorporation, bylaws and other, similar governing instruments of each of its Subsidiaries, in each case as amended through the date hereof.

5.2 Authority; No Breach By Agreement.

(a) IRBC has the corporate power and authority necessary to execute, deliver and perform its obligations under this Agreement and to consummate the transactions provided for herein. The execution, delivery and performance of this Agreement and the consummation of the transactions provided for herein, including the Merger, have been duly and validly authorized by all necessary corporate action on the part of IRBC, subject to the approval of this Agreement by the holders of a majority of the outstanding shares of IRBC Common Stock. Subject to such requisite stockholder approval and required regulatory consents, this Agreement represents a legal, valid and binding obligation of IRBC, enforceable against IRBC in accordance with its terms.

(b) Except as set forth on Schedule 5.2(b), neither the execution and delivery of this Agreement by IRBC, nor the consummation by IRBC of the transactions provided for herein, nor compliance by IRBC with any of the provisions hereof, will (i) conflict with or result in a breach of any provision of IRBC's Articles of Incorporation or Bylaws or the Articles or Certificates of Incorporation or Bylaws of any IRBC Company, or (ii) constitute or result in a Default under, or require any Consent pursuant to, or result in the creation of any Lien on any Asset of any IRBC Company under, any Contract or Permit of any IRBC Company, where failure to obtain such Consent is reasonably likely to have, individually or in the aggregate, a Material Adverse Effect on such IRBC Company, or, (iii) subject to receipt of the requisite Consents and approvals of Regulatory Authorities referred to in this Agreement, violate or conflict with any Law or Order applicable to any IRBC Company or any of their respective Assets.

5.3 Capital Stock.

(a) The authorized capital stock of IRBC consists of 10,000,000 shares of IRBC Common Stock, of which 2,179,913 shares are issued and outstanding (none of which is held in the treasury of IRBC) and 500,000 shares of undesignated preferred stock, \$1.00 par value of which no shares are issued or outstanding. All of the issued and outstanding shares of IRBC

Table of Contents

Common Stock are duly and validly issued and outstanding and are fully paid and nonassessable. None of the shares of capital stock, options, or other securities of IRBC has been issued in violation of the Securities Laws or any preemptive rights of the current or past stockholders of IRBC. Pursuant to the terms of the IRBC Stock Option Plans, there are currently outstanding options with the right to purchase a total of 198,428 shares of IRBC Common Stock, as more fully set forth in Schedule 5.3 attached hereto.

(b) Except as set forth in Section 5.3(a) of this Agreement, there are no shares of capital stock or other equity securities of IRBC outstanding and no outstanding options, warrants, scrip, rights to subscribe to, calls or commitments of any character whatsoever relating to, or securities or rights convertible into or exchangeable for, shares of the capital stock of IRBC or contracts, commitments, understandings or arrangements by which IRBC is or may be bound to issue additional shares of its capital stock or options, warrants or rights to purchase or acquire any additional shares of its capital stock. IRBC has no liability for dividends declared or accrued, but unpaid, with respect to any of its capital stock, other than the dividend in the amount of \$0.50 per share payable on November 17, 2003, to shareholders of record on October 31 2003.

5.4 IRBC Subsidiaries.

(a) The IRBC Subsidiaries include IRBC Bank, which is a national banking association, duly organized, validly existing and in good standing under the Laws of the United States. Each of the IRBC Subsidiaries has the corporate power and authority necessary for it to own, lease and operate its Assets and to incur its Liabilities and to carry on its business as now conducted. Each IRBC Subsidiary is duly qualified or licensed to transact business as a foreign corporation in good standing in the states of the United States and foreign jurisdictions where the character of its Assets or the nature or conduct of its business requires it to be so qualified or licensed, except for jurisdictions in which the failure to be so qualified or licensed is not reasonably likely to have, individually or in the aggregate, a Material Adverse Effect on IRBC.

(b) The authorized and issued and outstanding capital stock of each IRBC Subsidiary, including without limitation IRBC Bank, is set forth on Schedule 5.4(b). (b) All information furnished by ANB to IRBC or its representatives pursuant hereto shall be treated as the sole property of ANB and, if the Merger shall not occur, IRBC and its representatives shall return to ANB all of such written information and all documents, notes, summaries or other materials containing, reflecting or referring to, or derived from, such information. IRBC shall, and shall use its commercially reasonable efforts to cause its representatives to, keep confidential all such information, and shall not directly or indirectly use such information for any competitive or other commercial purpose. The obligation to keep such information confidential shall continue for five years from the date the proposed Merger is abandoned and shall not apply to (i) any information which (x) was already in IRBC's possession prior to the disclosure thereof by ANB; (y) was then generally known to the public; or (z) was disclosed to IRBC by a third party not bound by an obligation of confidentiality, or (ii) disclosures made as required by Law.

The results of such environmental audits shall not give rise to any right of termination on the part of ANB except to the extent that such results give rise to a termination right under Section 10.1.

(b) At the election of ANB, IRBC will, at ANB's expense, with respect to each parcel of real property that IRBC or IRBC Bank owns, leases, subleases or is obligated to purchase, procure and deliver to ANB, at least thirty (30) days prior to the Effective Time, a commitment to issue title insurance in such amounts and by such insurance company reasonably acceptable to ANB, which policy shall be free of all material Liens and exceptions to ANB's reasonable satisfaction. The inability to obtain such policies shall not give rise to any right of termination on the part of ANB except to the extent that such results give rise to a termination right under Section 10.1.

(c) At the election of ANB, with respect to each parcel of real property as to which a title insurance policy is to be procured pursuant to subsection (b) above, IRBC, at ANB's expense, will procure and deliver to ANB at least thirty (30) days prior to the Effective Time, a survey of such real property, which survey shall be reasonably acceptable to and shall be prepared by a licensed surveyor reasonably acceptable to ANB, disclosing the locations of all improvements, easements, sidewalks, roadways, utility lines and other matters customarily shown on such surveys and showing access affirmatively to public streets and roads and providing the legal description of the property in a form suitable for recording and insuring the title thereof. In addition, IRBC shall deliver to ANB a complete legal description for each parcel of real estate or interest owned, leased or subleased by any IRBC Company or in which any IRBC Company has any ownership or leasehold interest. Such surveys shall not give rise to any right of termination on the part of ANB except to the extent that such surveys give rise to a termination right under Section 10.1.

Participants will become 100% vested in the IRBC 401(k) Plan upon such termination. Upon the Effective Time, the employees of the IRBC Companies who were eligible to participate in the IRBC 401(k) Plan will be eligible to participate in ANB's 401(k) plan and will be granted credit for their service with IRBC Companies for purposes of participation and vesting in ANB's 401(k) Plan.

8.18 Directors and Officers Indemnification and Insurance.

(a) For a period of six (6) years after the Effective Time, ANB shall indemnify (including advancement of expenses), defend and hold harmless each director, executive officer or employee of IRBC prior to the Effective Time (an Indemnified Party) against all liabilities arising out of actions or omissions occurring upon or prior to the Effective Time (including without limitation the transactions provided for in this Agreement) to the extent required under the articles of incorporation and bylaws of IRBC as in effect on the date of this Agreement, subject to the limitations of applicable Law, including without limitation Section 607.0850 of the FBCA.

(b) Any Indemnified Party wishing to claim indemnification under Section 8.18(a) above upon learning of any such liability or litigation, shall promptly notify ANB thereof. In the event of any such litigation (whether arising before or after the Effective Time), (i) ANB shall

have the right to assume the defense thereof, and ANB shall not be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if ANB elects not to assume such defense or counsel for the Indemnified Parties advises that there are substantive issues which raise conflicts of interest between ANB and the Indemnified Parties, the Indemnified Parties may retain counsel satisfactory to them, and ANB shall pay all reasonable fees and expenses of such counsel for the Indemnified Parties; provided, that ANB shall be obligated to pay for only one firm of counsel for all Indemnified Parties in any jurisdiction; (ii) the Indemnified Parties will cooperate in the defense of any such litigation; and (iii) ANB shall not be liable for any settlement effected without its prior written consent; and provided further, that ANB shall not have any obligation hereunder to any Indemnified Party when and if a court of competent jurisdiction shall determine, and such determination shall have become final, that the indemnification of such Indemnified Party in the manner provided for herein is prohibited by applicable Law.

(c) Nothing contained in this Section 8.18 shall be construed to limit any right of indemnification which any Indemnified Party has under any provision of the articles of incorporation or bylaws of IRNB, any policy of insurance maintained by IRNB, or any Contract that is specifically identified in the Schedules to this Agreement as containing such provisions.

(d) ANB shall use commercially reasonable efforts to maintain in effect for a period of three (3) years after the Effective Time IRBC's existing directors' and officers' liability insurance policy, provided that ANB may substitute therefor (i) policies of at least the same coverage and amounts containing terms and conditions (excluding deductibles) which are substantially no less advantageous to IRNB's officers and directors or (ii) with the consent of IRBC (given prior to the Effective Time) any other policy with respect to claims arising from facts or events which occurred prior to the Effective Time and covering persons who are currently covered by such insurance; provided, that in no event shall ANB be obligated to make aggregate premium payments for such three (3) year period in respect of such policy (or coverage replacing such policy) which exceed, for the portion related to IRBC's directors and officers, 200% of the highest annual premium payments during the last three (3) years on IRBC's current policy (as in effect as of the date of this Agreement) multiplied by three (3) (the Maximum Amount). If the amount of premium that is necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, ANB shall use commercially reasonable efforts to maintain the most advantageous policies of director's and officer's liability insurance obtainable for a premium not exceeding the Maximum Amount.

8.19 Assumption of Trust Preferred Obligations. ANB acknowledges that the Trust holds Floating Rate Junior Subordinated Debentures (Debentures) issued by IRBC pursuant to an Indenture (the Indenture) between IRBC and Wells Fargo Bank, National Association, as trustee (the Trustee), dated as of September 30, 2002 and has issued Floating Rate Trust Preferred Securities (the Trust Preferred). Subject to the provisions of this Agreement, ANB shall upon the Effective Time expressly assume all of IRBC's obligations under the Indenture (including, without limitation, being substituted for IRBC) and execute any and all documents, instruments and agreements, including any supplemental indentures, required by the Indenture, the Debentures or the Trust Preferred and thereafter shall perform all of IRBC's obligations with respect to the Debentures and the Trust Preferred (the Trust Preferred Assumption). IRBC

shall use commercially reasonable efforts to obtain the Consent of the Trustee to any supplemental indenture or other document, instrument or agreement required to evidence such assumption by ANB, and ANB shall cooperate in good faith with such efforts. In addition, IRBC shall use commercially reasonable efforts to obtain the Consents of all necessary parties as required by the Indenture to a supplemental indenture to the Indenture that shall expressly state that the Debentures shall be pari passu to ANB's outstanding trust preferred related debentures in all respects (the Pari Passu Supplemental Indenture), and ANB shall cooperate in good faith with such efforts. If IRBC is unable to obtain such Consent to the Pari Passu Supplemental Indenture from such necessary parties after using its commercially reasonable efforts, then ANB shall use its commercially reasonable efforts to obtain Consents to the Trust Preferred Assumption from all necessary parties as required by the indentures governing ANB's trust preferred related debentures under such circumstances, and IRBC shall cooperate in good faith with such efforts.

8.20 IRBC Bank. As a result of the Merger, IRBC Bank will become a wholly-owned subsidiary of ANB. It is ANB's intention that, in addition to one or more officers of ANB, the incumbent board of directors of IRBC Bank will remain in place after the Effective Time, subject to each board member's continued willingness to serve on this board, annual re-election, shareholders' rights to appoint and remove directors, and the requirements of applicable Law and IRBC Bank's articles of association and bylaws. It is further ANB's intention that IRBC Bank will be operated as a separate subsidiary of ANB pursuant to IRBC Bank's current charter and that the continued operations of IRBC Bank will be managed and operated consistent with ANB's operating philosophy for all banking subsidiaries, subject to ANB's continued attainment of its desired economic results. CONDITIONS PRECEDENT TO OBLIGATIONS TO CONSUMMATE

9.1 Conditions to Obligations of Each Party. The respective obligations of each Party to perform this Agreement and consummate the Merger and the other transactions provided for herein are subject to the satisfaction of the following conditions, unless waived by both Parties pursuant to Section 11.4 of this Agreement:

(b) **Regulatory Approvals.** All Consents of, filings and registrations with, and notifications to, all Regulatory Authorities required for consummation of the Merger shall have been obtained or made and shall be in full force and effect and all notice and waiting periods required by Law to have passed after receipt of such Consents shall have expired. provided for herein shall be conditioned or restricted in a manner (including without limitation requirements relating to the raising of additional capital or the disposition of Assets) which in the reasonable judgment of the Board of Directors of either Party would so materially adversely impact the economic or business benefits of the transactions provided for in this Agreement as to render inadvisable the consummation of the Merger.

(c) **Consents and Approvals**. Each Party shall have obtained any and all Consents required for consummation of the Merger (other than those referred to in Section 9.1(b) of this Agreement) or for the preventing of any Default under any Contract or Permit of such Party which, if not obtained or made, is reasonably likely to have, individually or in the aggregate, a Material Adverse Effect on such Party. No Consent so obtained which is necessary to consummate the transactions provided for herein shall be conditioned or restricted in a manner which in the reasonable judgment of the Board of Directors of either Party would so materially adversely impact the economic or business benefits of the transactions contemplated by this Agreement as to render inadvisable the consummation of the Merger.

(d) **Legal Proceedings**. No court or Regulatory Authority of competent jurisdiction shall have enacted, issued, promulgated, enforced or entered any Law or Order (whether temporary, preliminary or permanent) or taken any other action that prohibits, restricts or makes illegal consummation of the transactions provided for in this Agreement. No action or proceeding shall have been instituted by any Person, and the Parties shall not have Knowledge of any threatened action or proceeding by any Person, which seeks to restrain the consummation of the transactions provided for in this Agreement which, in the opinion of the ANB Board or the IRBC Board, renders it impossible or inadvisable to consummate the transactions provided for in this Agreement.

(e) **Tax Opinion**. IRBC and ANB shall have received a written opinion of counsel from Maynard, Cooper & Gale, P.C. in form reasonably satisfactory to them (the Tax Opinion), to the effect that (i) the Merger will constitute a reorganization within the meaning of Section 368(a) of the IRC, (ii) the exchange in the Merger of IRBC Common Stock for ANB Common Stock will not give rise to gain or loss to the stockholders of IRBC with respect to such exchange (except to the extent of any cash received), and (iii) neither IRBC nor ANB will recognize gain or loss as a consequence of the Merger (except for income and deferred gain recognized pursuant to Treasury regulations issued under Section 1502 of the IRC). In rendering such Tax Opinion, counsel for ANB shall be entitled to rely upon representations of officers of IRBC and ANB reasonably satisfactory in form and substance to such counsel.

(f) **S-4 Registration Statement Effective**. The S-4 Registration Statement shall have been declared effective under the 1933 Act by the SEC and no stop order suspending the effectiveness of the S-4 Registration Statement shall have been issued and no action, suit, proceeding or investigation for that purpose shall have been initiated or threatened by the SEC. ANB shall have received all state securities Laws, or blue sky permits or other authorizations, or confirmations as to the availability of exemptions from registration requirements, as may be necessary to issue the ANB Common Stock pursuant to the terms of this Agreement.

9.2 Conditions to Obligations of ANB. The obligations of ANB to perform this Agreement and consummate the Merger and the other transactions provided for herein are subject to the satisfaction of the following conditions, unless waived by ANB pursuant to subsection 11.4(a) of this Agreement:

(a) **Representations and Warranties.** The representations and warranties of IRBC set forth or referred to in this Agreement and in any certificate or document delivered pursuant to the provisions hereof shall be true and correct in all material respects as of the date of this Agreement and as of the Effective Time with the same effect as though all such representations and warranties had been made on and as of the Effective Time (provided that representations and warranties which are confined to a specified date shall speak only as of such date), except as expressly contemplated by this Agreement.

(b) **Performance of Obligations.** Each and all of the agreements, obligations and covenants of IRBC to be performed and complied with pursuant to this Agreement and the other agreements provided for herein prior to the Effective Time shall have been duly performed and complied with in all material respects.

(c) **Certificates.** IRBC shall have delivered to ANB (i) a certificate, dated as of the Effective Time and signed on its behalf by its chief executive officer and its chief financial officer, to the effect that the conditions to ANB's obligations set forth in subsections 9.2(a) and 9.2(b) of this Agreement have been satisfied, and (ii) certified copies of resolutions duly adopted by the IRBC Board and the IRBC stockholders evidencing the taking of all corporate action necessary to authorize the execution, delivery and performance of this Agreement, and the consummation of the transactions provided for herein, all in such reasonable detail as ANB and its counsel shall request.

(d) **Opinion of Counsel.** IRBC shall have delivered to ANB an opinion of Kennedy, Baris & Lundy, L.L.P., counsel to IRBC, dated as of the Closing, in substantially the form of Exhibit B hereto.

(e) **Net Worth and Capital Requirements.** Immediately prior to the Effective Time, IRBC and IRBC Bank shall have a minimum net worth of \$35 million and \$34.5 million, respectively. For purposes of this Section 9.2(e), "net worth" shall mean, without regard to the Conforming Adjustments, the sum of the amounts set forth on the balance sheet as stockholders' equity (including the par or stated value of all outstanding capital stock, retained earnings, additional paid-in capital, capital surplus and earned surplus), less the sum of (a) any amounts at which shares of capital stock of such person appear on the asset side of the balance sheet and (b) any amounts due from or owed by any Subsidiary thereof; provided, however, that unrealized gains or losses on securities classified as "available for sale" shall be disregarded for purposes of calculating net worth.

(f) **Comfort Letter.** ANB shall have received from Hacker, Johnson & Smith, P.A., independent certified public accountants, a comfort letter dated as of the Effective Time with respect to such matters relating to the financial condition of IRBC as ANB may reasonably request.

Table of Contents

(h) Matters Relating to 280G Taxes. ANB shall be satisfied in its sole discretion, either through mutually agreeable pre-Closing amendments or otherwise, that IRBC shall have taken any and all reasonably necessary steps such that the Merger will not trigger any excess parachute payment (as defined in Section 280G of the IRC) under any Employment Agreements, Change in Control Agreements, IRBC Benefit Plans, or similar arrangements between a IRBC Company and any officers, directors, or employees thereof.

(i) Matters Relating to Employment Agreements. (i) ANB shall have received documentation reasonably satisfactory to ANB that the Employment Agreements with Paul A. Beindorf, Jeffrey R. Morton and Phillip Tasker shall be terminated as of the Effective Time without any penalty, fee or cost to ANB or any IRBC Company; and (ii) each of such individuals shall have entered into a new Employment Agreement with ANB in substantially the form of Exhibit C-1, Exhibit C-2 or Exhibit C-3, as the case may be.

(j) Regulatory Matters. No agency or department of federal, state or local government or any Regulatory Authority or the staff thereof shall have (i) asserted that any IRBC Company is not in material compliance with any of the Laws or Orders that such governmental authority or Regulatory Authority enforces, (ii) revoked any material Permits, or (iii) issued, or required any IRBC Company to consent to the issuance or adoption of, a cease and desist order, formal agreement, directive, commitment or memorandum of understanding, or any board resolution or similar undertaking, that, in the reasonable estimation of ANB, restricts or impairs the conduct of such IRBC Company's business or future prospects.

(k) Absence of Adverse Facts. There shall have been no determination by ANB in good faith that any fact, event or condition exists or has occurred that, in the judgment of ANB, (a) would have a Material Adverse Effect on, or which may be foreseen to have a Material Adverse Effect on, IRBC or IRBC Bank or the consummation of the transactions provided for in this Agreement, (b) would be of such significance with respect to the business or economic benefits expected to be obtained by ANB pursuant to this Agreement as to render inadvisable the consummation of the transactions pursuant to this Agreement, (c) would be materially adverse to the interests of ANB on a consolidated basis or (d) would render the Merger or the other transactions provided for in this Agreement impractical because of any state of war, national emergency, banking moratorium or general suspension of trading on NASDAQ, the New York Stock Exchange, Inc. or other national securities exchange.

(l) Consents Under Agreements.

(1) IRBC shall have obtained the Consents set forth on Schedule 5.4(g) and as described in Section 8.19 with respect to the Debentures and the Trust Preferred, including, without limitation, the Consents necessary to the Pari Passu Supplemental Indenture. If such Consents are not obtained by IRBC, then all necessary third parties (as required by the indentures governing ANB's trust preferred related debentures) shall have consented to the Trust Preferred Assumption as described in the last sentence of Section 8.19; provided, however, that ANB will not terminate the Agreement based solely on the non-fulfillment of the conditions in this Section 9.2(l) unless, in the reasonable opinion of ANB, consummation of the Merger would result, or would likely result, in (i) acceleration of any of the obligations under the Trust Preferred,

the Debentures, the Indenture and/or the indentures governing ANB's trust preferred related debentures that would exceed \$25 million in the aggregate; or (ii) penalties, whether in the form of charges, interest or otherwise, in excess of \$500,000 in the aggregate; or (iii) a Material Adverse Effect on ANB. For purposes of this Section 9.2(l)(1), neither (x) ANB's payment of \$25 million or less, in and of itself, resulting from the acceleration of any of the obligations under the Trust Preferred, the Debentures, the Indenture and/or the indentures governing ANB's trust preferred related debentures, nor (y) ANB's payment of \$500,000 or less in penalties (whether in the form of charges, interest or otherwise), in and of itself, in connection with the Debentures, the Indenture, the Trust Preferred and/or the indentures governing ANB's trust preferred related debentures shall constitute a Material Adverse Effect on ANB.

(2) IRBC shall have obtained all other consents or approvals of each Person (other than the Consents of the Regulatory Authorities) whose consent or approval shall be required in order to permit the succession by the Surviving Corporation to, or the continuation by IRBC Bank or any other IRBC Subsidiary of, as the case may be, any obligation, right or interest of IRBC, IRBC Bank or such IRBC Subsidiary under any loan or credit agreement, note, mortgage, indenture, lease, license, Contract or other agreement or instrument, except those for which failure to obtain such consents and approvals would not in the reasonable opinion of ANB, individually or in the aggregate, have a Material Adverse Effect on the Surviving Corporation and IRBC Bank or the IRBC Subsidiary at issue.

(m) Material Condition. There shall not be any action taken, or any statute, rule, regulation or order enacted, entered, enforced or deemed applicable to the Merger by any Regulatory Authority which, in connection with the grant of any Consent by any Regulatory Authority, imposes, in the judgment of ANB, any material adverse requirement upon ANB or any ANB Subsidiary, including without limitation any requirement that ANB sell or dispose of any significant amount of the assets of IRBC, IRBC Bank and their respective subsidiaries, or any other ANB Subsidiary, provided that, except for any such requirement relating to the above-described sale or disposition of any significant assets of IRBC or any ANB Subsidiary, no such term or condition imposed by any Regulatory Authority in connection with the grant of any Consent by any Regulatory Authority shall be deemed to be a material adverse requirement unless it materially differs from terms and conditions customarily imposed by any such entity in connection with the acquisition of banks, savings associations and bank and savings association holding companies under similar circumstances.

(n) Certification of Claims. IRBC shall have delivered a certificate to ANB that IRBC is not aware of any pending, threatened or potential claim against the directors or officers of IRBC or IRBC Bank or under the directors and officers insurance policy or the fidelity bond coverage of IRBC or any IRBC Company.

(a) **Representations and Warranties**. The representations and warranties of ANB set forth or referred to in this Agreement and in any certificate of document delivered pursuant to the provisions hereof shall be true and correct in all material respects as of the date of this Agreement and as of the Effective Time with the same effect as though all such representations and warranties had been made on and as of the Effective Time (provided that representations and warranties which are confined to a specified date shall speak only as of such date), except as expressly contemplated by this Agreement.

(g) ANB Common Stock. The ANB Common Stock to be issued in the Merger shall have been qualified as a NASDAQ national market system security pursuant to Section 7.7 hereof.

ARTICLE 10

TERMINATION

10.1 Termination. Notwithstanding any other provision of this Agreement, and notwithstanding the approval of this Agreement by the stockholders of IRBC, this Agreement may be terminated and the Merger abandoned at any time prior to the Effective Time:

(a) by mutual written consent of the ANB Board and the IRBC Board; or

(b) by the ANB Board or the IRBC Board in the event of an inaccuracy of any representation or warranty contained in this Agreement which cannot be or has not been cured within thirty (30) days after the giving of written notice to the breaching Party of such inaccuracy and which inaccuracy is reasonably likely, in the opinion of the non-breaching Party, to have, individually or in the aggregate, a Material Adverse Effect on the breaching Party; or

(c) by the ANB Board or the IRBC Board in the event of a material breach by the other Party of any covenant, agreement or other obligation contained in this Agreement which cannot be or has not been cured within thirty (30) days after the giving of written notice to the breaching Party of such breach; or

(d) by the ANB Board or the IRBC Board (provided that the terminating Party is not then in material breach of any representation, warranty, covenant, agreement or other obligation contained in this Agreement) if (i) any Consent of any Regulatory Authority required for consummation of the Merger and the other transactions provided for herein shall have been denied by final nonappealable action of such authority or if any action taken by such Authority is not appealed within the time limit for appeal, or (ii) the stockholders of IRBC fail to vote their approval of this Agreement and the transactions provided for herein as required by applicable Law at its Stockholders Meeting where the transactions are presented to such IRBC stockholders for approval and voted upon; or

(e) by the ANB Board, if, notwithstanding any disclosures in the Schedules attached hereto or otherwise, (i) there shall have occurred any Material Adverse Effect with respect to IRBC, or (ii) any facts or circumstances shall develop or arise after the date of this Agreement which are reasonably likely to cause or result in any Material Adverse Effect with respect to IRBC, and such Material Adverse Effect (or such facts or circumstances) shall not have been remedied within fifteen (15) days after receipt by IRBC of notice in writing from ANB specifying the nature of such Material Adverse Effect and requesting that it be remedied; or

(f) by the IRBC Board, if (i) there shall have occurred any Material Adverse Effect with respect to ANB, or (ii) any facts or circumstances shall develop or arise after the date of this Agreement which are reasonably likely to cause or result in any Material Adverse Effect with respect to ANB, and such Material Adverse Effect (or such facts or circumstances) shall not have been remedied within fifteen (15) days after receipt by ANB of notice in writing from IRBC specifying the nature of such Material Adverse Effect and requesting that it be remedied; or

(g) by the ANB Board or the IRBC Board if the Merger shall not have been consummated by June 30, 2004, if the failure to consummate the transactions provided for herein on or before such date is not caused by any breach of this Agreement by the Party electing to terminate pursuant to this Section 10.1(g); or

(h) by the ANB Board or the IRBC Board if any of the conditions precedent to the obligations of such Party to consummate the Merger cannot be satisfied or fulfilled by the date specified in Section 10.1(g) of this Agreement and such failure was not the fault of the terminating party; or

(i) by the ANB Board if the holders of in excess of five percent (5%) of the outstanding shares of IRBC Common Stock properly assert their dissenters rights of appraisal pursuant to the Dissenter Provisions; or

(j) by the ANB Board if (i) the IRBC Board shall have withdrawn, or adversely modified, or failed upon ANB's request to reconfirm its recommendation of the Merger or this Agreement, (ii) the IRBC Board shall have approved or recommended to the stockholders of IRBC that they approve an Acquisition Proposal other than that contemplated by this Agreement, (iii) IRBC fails to call the IRBC Stockholders Meeting or otherwise breaches its obligations in Section 8.4 hereof, or (iv) any Person (other than IRBC or an Affiliate of IRBC) or group becomes the beneficial owner of 50% or more of the outstanding shares of IRBC Common Stock; or

Table of Contents

(k) by the IRBC Board if (i) the IRBC Board authorizes IRBC, subject to complying with the terms of this Agreement, to enter into a definitive agreement concerning a transaction that constitutes a Superior Proposal and IRBC notifies ANB in writing that it intends to enter into such an agreement, (ii) ANB does not make, within 3 business days of the receipt of IRBC's written notification of its intent to enter into a definitive agreement for a Superior Proposal, an offer that the IRBC Board determines, in good faith after consultation with its financial advisors, is at least as favorable, in the aggregate, to the stockholders of IRBC as the Superior Proposal, and (iii) IRBC makes the payment required by Section 10.2(b). IRBC agrees (x) that it will not enter into a definitive agreement referred to in clause (i) above until at least the fifth business day after it has provided the notice to ANB required thereby, and (y) to notify ANB promptly in writing if its intention to enter into a definitive agreement referred to in its notification shall change at any time after giving such notification.

10.2 Effect of Termination.

(a) In the event of a termination of this Agreement by either the ANB Board or the IRBC Board as provided in Section 10.1, this Agreement shall become void and there shall be no Liability or obligation on the part of ANB or IRBC or their respective officers or directors, except that this Section 10.2 and Article 11 and Sections 8.2 and 8.7 of this Agreement shall survive any such termination; provided, however, that nothing herein shall relieve any breaching Party from Liability for an uncured willful or breach of a representation, warranty, covenant, obligation or agreement giving rise to such termination.

(b) In the event that this Agreement is terminated (i) by the ANB Board pursuant to Section 10.1(j) or (ii) by the IRBC Board pursuant to Section 10.1(k), then IRBC shall, in the case of clause (i), one business day after the date of such termination or, in the case of clause (ii), on the date of such termination, pay to ANB, by wire transfer of immediately available funds, the amount of \$2,000,000 (the Termination Fee).

(c) In the event that (i) after the date hereof an Acquisition Proposal shall have been publicly disclosed or any Person shall have publicly disclosed that, subject to the Merger being disapproved by IRBC stockholders or otherwise rejected, it will make an Acquisition Proposal with respect to IRBC and thereafter this Agreement is terminated by the ANB Board or the IRBC Board pursuant to Section 10.1(d)(ii), and (ii) concurrently with such termination or within nine months of such termination IRBC enters into a definitive agreement with respect to an Acquisition Proposal or consummates an Acquisition Proposal, then IRBC shall, upon the earlier of entering into a definitive agreement with respect to an Acquisition Proposal or consummating an Acquisition Proposal, pay to ANB, by wire transfer of immediately available funds, the Termination Fee. For purposes of this Section 10.2(c) the references to more than 15% in the definition of Acquisition Proposal shall be deemed to be references to a majority.

(d) IRBC acknowledges that the agreements contained in Sections 10.2(b) and 10.2(c) are an integral part of the transactions provided for in this Agreement, and that, without these agreements, ANB would not enter into this Agreement; accordingly, if IRBC fails to promptly pay the amount due pursuant to Section 10.2(b) or Section 10.2(c), as the case may be, and, in order to obtain such payment, ANB commences a suit which results in a judgment for any of the Termination Fee, IRBC shall pay ANB its costs and expenses (including attorneys' fees) in connection with such suit.

Agreement

NOW THEREFORE, in consideration of the mutual recitals and covenants contained herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. **Employment.** Employer agrees to employ Executive and Executive agrees to be employed by Employer, subject to the terms and provisions of this Agreement.

2. **Employment Term.** The employment of Executive by Employer as provided in Section 1 will be for a period of 3 years commencing at the Effective Date, unless earlier terminated in accordance with the provisions of Section 9 hereof; provided, however, that the obligations and rights set forth in Sections 7 and 8 hereof shall survive the termination of Executive s Employment, as more particularly described herein.

3. **Duties; Extent of Services.** Executive shall perform for Bank all duties incident to the position of President/Chief Executive Officer of Bank, under the direction of the board of directors of Bank or its designee. In addition, Executive shall engage in such other services for Bank or its affiliated companies as Bank from time to time shall direct. The precise services of Executive and the title of Executive s position may be extended, curtailed or modified by Bank from time to time without affecting the enforceability of the terms of this Agreement. Executive shall use his best efforts in, and devote his entire time, attention and energy, to Bank s business.

4. **Compensation.** From the Effective Date through the termination of Executive's employment:

(a) **Base Salary.** Executive's total annual base salary shall be not less than \$160,000, payable with the same frequency as the salaries of other employees of Employer.

(b) **Annual Bonus Opportunity.** Executive shall be eligible to receive an annual bonus, the amount of which, if any, shall be determined by the Bank's board of directors or its designee after an annual review of the performance of the Executive and the Bank for the prior calendar year.

(c) **Benefits.** Executive shall be entitled to vacation days, paid holidays and sick days, and to participate in Employer's health and retirements plans, as provided in Bank's Personnel Policy and as such may be amended from time to time.

(d) **Equity Incentives.** Executive shall be eligible to receive awards under any stock option, stock purchase or equity-based incentive compensation plan or arrangement adopted by Employer from time to time for which senior executives of ANB's other bank subsidiaries are eligible to participate. Executive's participation in, and awards under, such plans and arrangements, if any, shall be determined from time to time by ANB's board of directors or its designee, as the case may be.

(e) **Automobile Allowance.** Executive shall be entitled to a \$[_____] monthly automobile allowance or, at Employer's option, to the use of an automobile owned by Employer.

5. **Compliance With Rules and Policies.** Executive shall comply with all of the rules, regulations, and policies of Employer now or hereinafter in effect. He shall promptly and faithfully do and perform any and all other duties and responsibilities which he may, from time to time, be directed to do by the board of directors of Bank or ANB or their respective designee.

6. **Representation of Executive.** Executive represents to Employer that he is not subject to any rule, regulation or agreement, including without limitation, any non-compete agreement, that purports to, or which reasonably could, be expected to limit, restrict or interfere with Executive's ability to engage in the activities provided for in this Agreement.

7. **Disclosure of Information.** Executive acknowledges that any documents and information, whether written or not, that came or come into Executive's possession or knowledge during Executive's course of employment with Bank or Employer, including, without limitation the financial and business conditions, goals and operations of Bank, ANB or any of their respective affiliates or subsidiaries as the same may exist from time to time (collectively, Confidential Information), are valuable, special and unique assets of Employer's business. Executive will not, during or after the term of this Agreement: (i) disclose any written Confidential Information to any person, firm, corporation, association, or other entity not employed by or affiliated with Employer for any reason or purpose whatsoever, or (ii) use any written Confidential Information for any reason other than to further the business of Employer. Executive agrees to return any written Confidential Information, and all copies thereof, upon the termination of Executive's employment (whether

hereunder or otherwise). In the event of a breach or threatened breach by Executive of the provisions of this Section 7, in addition to all other remedies available to Employer, Employer shall be entitled to an injunction restraining Executive from disclosing any written Confidential Information or from rendering any services to any person, firm, corporation, association or other entity to whom any written Confidential Information has been disclosed or is threatened to be disclosed. In the event of any suit or arbitration with respect to Executive's obligations in this Section 7, Executive will pay all costs incurred by Employer in securing an injunction (or other equitable remedy) and/or damages, including a reasonable attorney's fee. Executive further agrees that he will not divulge to any person, firm, corporation, association, or other entity not employed by or affiliated with Employer, any of Employer's business methods, sales, services, or techniques, regardless of whether the same is written or not.

8. Competition.

(a) During the period beginning on the Effective Date and, subject to extension as provided for in Section 9(c) below, ending on the 3rd anniversary thereof, Executive shall not, individually or as an employee, agent, officer, director or shareholder of or otherwise through any corporation or other business organization, directly or indirectly, other than on behalf of the Bank: (i) carry on or engage in the business of banking or any similar business in the Florida counties of Indian River or Brevard (the Territory); (ii) perform services for, as an employee, consultant or otherwise, any bank, bank holding company, bank or bank holding company in organization, corporation or other person or entity that has a branch or office in, or conducts any banking or similar business in the Territory; (iii) solicit or do banking or similar business with any existing or prospective customer of Bank or ANB or any of their respective subsidiaries or affiliates in the Territory; or (iv) solicit any employee of Bank or ANB or any of their subsidiaries or affiliates to leave his or her employment with Bank or ANB or any of their subsidiaries or affiliates for any reason, or hire any such employee of Bank or ANB or any of their subsidiaries or affiliates, without the prior written consent of ANB. In partial consideration for the non-competition provisions contained herein, Employer shall make a one-time payment of \$10,000 to Executive within 5 days after the Effective Date.

(b) Executive represents that his experience and capabilities are such that the provisions of this Section 8 will not prevent him from earning a livelihood.

(c) If Executive violates the provisions of Section 8(a) above, the period during which the covenants set forth therein shall apply shall be extended 1 day for each day in which a violation of such covenants occurs. The purpose of this provision is to prevent Executive from profiting from his own wrong if he violates such covenants.

(d) In the event of any conduct or threatened conduct by Executive violating any provision of this Section 8, Employer shall be entitled, in addition to other available remedies, to injunctive relief and/or specific performance of such provision. In the event of any suit or arbitration with respect to Executive's obligations in this Section 8, Executive will pay all costs incurred by Employer in securing an injunction (or other equitable remedy) and/or damages, including a reasonable attorney's fee.

(e) Executive acknowledges that (i) Executive has occupied, and will continue to occupy, a position of trust and confidence with Bank prior to the date hereof and has and will become familiar with Confidential Information, including without limitation trade secrets, as that term is defined in Section 688.002(4) of the Florida Code; (ii) ANB has required that Executive make the covenants set forth in Sections 7 and 8 of this Agreement as a material condition to ANB's acquisition of the capital stock of Bank, including capital stock owned by Executive; (iii) the provisions of Sections 7 and 8 of this Agreement are reasonable in geographic scope and duration and are necessary to protect and preserve Employer's legitimate business interests, including, without limitation, its trade secrets, valuable confidential business information, relationships with specific prospective and existing customers, customer goodwill, and specialized training provided to Executive; and (iv) Employer would be irreparably damaged if Executive were to breach the covenants set forth in Sections 7 or 8 of this Agreement.

9. Termination of Employment.

(a) If Employer terminates Executive's employment hereunder For Cause, all rights and obligations specified in Section 8(a) shall survive any such termination through the 3rd anniversary of the Effective Date, and Executive shall not be entitled to any further compensation or benefits from Employer. For Cause shall mean (i) abuse of or addiction to intoxicating drugs (including alcohol); (ii) any act or omission on the part of Executive which constitutes fraud, personal dishonesty, embezzlement, misappropriation of corporate assets, incompetence, breach of a duty owed to Bank, or conduct that, in the sole discretion of Bank's board of directors, negatively reflects upon the Bank; (iii) indictment or conviction of a felony or a crime of moral turpitude; (iv) the suspension or removal of Executive by federal or state banking regulatory authorities; or (v) a material breach by Executive of any of the terms of this Agreement. In addition, the services of Executive and the obligations of ANB under this Agreement may be terminated For Cause by Employer due to the death or total disability of Executive. For purposes of this Section 9, the term total disability shall mean Executive's inability, as a result of illness or injury, to perform the normal duties of his employment for a period of ninety (90) consecutive days.

(b) Employer may terminate Executive's employment at any time for any reason; provided, however, if Employer terminates Executive other than For Cause, or if Executive terminates his employment for Good Reason (as defined below), Executive shall continue to receive the amount of his then current base salary until the 3rd anniversary of the Effective Date (to be paid with the same frequency as Executive's salary was paid prior to termination), and all rights and obligations specified in Section 8(a) shall survive such termination until the 3rd anniversary of the Effective Date. Other than the payment provided for in this Section 9(b), Executive acknowledges that he shall not be entitled to any other payments, benefits or damages from Employer in connection with a termination of Executive by Employer other than For Cause or a termination by Executive for Good Reason, and Executive hereby waives all rights and claims with respect thereto. Good Reason means a material breach of this Agreement by Employer after Executive has notified Employer of such breach in writing and Employer has failed to cure such breach within 30 days of receipt of such notice.

(c) If Executive resigns or terminates his employment hereunder for any reason (other than Good Reason) prior to the 3rd anniversary of the Effective Date, (i) he must provide at

Table of Contents

least 30 days prior written notice of such resignation or termination, (ii) all rights and obligations specified in Section 8(a) shall survive any such termination until the 3rd anniversary of the Effective Date, (iii) Executive shall not be entitled to any further compensation or benefits from Employer, and (iv) Employer shall be entitled to all remedies available under this Agreement and applicable law. Upon receipt of any such notice of termination, Employer may elect, at its sole option, to have Executive's resignation or termination effective immediately. Notwithstanding anything herein to the contrary, at Employer's sole option and election, Employer may continue paying to Executive the minimum cash compensation provided for in Section 4(a) for any period up to, but not to extend past, the 3rd anniversary of the Effective Date (each such payment, a Continuation Payment), and all rights and obligations specified in Section 8(a) shall survive until the later of (A) the 3rd anniversary of the Effective Date or (B) the 1st anniversary of the date of the final Continuation Payment. Continuation Payments, if any, would be made with the same frequency as Executive's salary was paid prior to any such termination.

(d) The provisions of Section 7 and Section 8 shall in all cases survive the termination of this Agreement and the termination of Executive's employment, whether voluntary or involuntary.

10. **Notice.** For the purposes of this Agreement, notices and demands shall be deemed given when mailed by United States mail, addressed in the case of Bank to [_____] Attention: Chairman of the Board of Directors, with a copy to ANB at Alabama National BanCorporation, 1927 First Avenue North, Birmingham, Alabama 35203, Attention: Chief Executive Officer; or in the case of Executive, to his last known address of record contained in the Bank's personnel files.

11. **Miscellaneous.** No provision of this Agreement may be modified, waived or discharged unless such modification, waiver or discharge is agreed to in writing. The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Florida without regard to principles of conflicts of laws. This Agreement supersedes and cancels any prior employment agreement or understanding entered into between Executive and Bank, including but not limited to that certain Employment Agreement dated January 7, 2003.

12. **Validity.** Should any court of competent jurisdiction, arbitrator or other judicial body decide, hold, adjudge or decree that any provision, clause or term of this Agreement is invalid, void or unenforceable, such determination shall not affect any other provision of this Agreement, and all other provisions of this Agreement shall remain in full force and effect as if such void or unenforceable provision, clause or term had not been included herein. Such determination shall not be deemed to affect the validity or enforceability of this entire Agreement in any other situation or circumstance, and the parties agree that the scope of this Agreement is intended to extend to Employer the maximum protection permitted by law. **The parties expressly deem the length of time and the size of the territory provided for in Section 8 of this Agreement to be reasonable.** If, however, any judicial body or arbitrator decides, holds, adjudges or decrees that the length of time and/or the size of the territory provided for in Section 8 of this Agreement is/are unreasonable, then it is the express intent of the parties that such court determine the length of time and/or size of the territory that is/are reasonable and that such court enforce the terms of this Agreement in accordance with such determination.

13. **Arbitration.**

(a) Except as may otherwise hereinafter be provided, any dispute or controversy arising under or in connection with this Agreement shall be settled exclusively by arbitration in Orlando, Florida, in accordance with the rules of the American Arbitration Association then in effect. The agreement set forth herein to arbitrate shall be specifically enforceable under the prevailing arbitration law. Notwithstanding the foregoing, Employer shall have the right to seek enforcement by preliminary injunction, specific performance or other equitable relief of the provisions of Section 7 and/or 8 hereof in any state or federal court of competent jurisdiction without regard to whether any such claim has been or can be referred to arbitration.

(b) The parties hereto (i) acknowledge that they have read and understood the provisions of this Section regarding arbitration and (ii) that performance of this Agreement will be interstate commerce as that term is used in the Federal Arbitration Act, and the parties contemplate substantial interstate activity in the performance of this Agreement including, but not limited to, interstate travel, the use of interstate phone lines, the use of the U.S. mail services and other interstate courier services.

(c) Notice of the demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations. The award rendered by the arbitrator shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

14. **Parties.** This Agreement shall be binding upon and shall inure to the benefit of any successors or assigns to Bank or ANB. Executive may not assign any of his rights or delegate any of his duties or obligations under this Agreement or any portion hereof.

15. **Waiver of Claims.** In consideration of the obligations of Employer hereunder, Executive, except as otherwise provided in this Agreement, unconditionally releases Employer, its directors, officers, employees and shareholders, from any and all claims, liabilities and obligations of any nature pertaining to termination of Executive's employment by Employer, including but not limited to (a) any claims under federal, state or local laws prohibiting discrimination, including without limitation the Age Discrimination in Employment Act of 1967, as amended, or (b) any claims growing out of any alleged legal restrictions on Employer's right to terminate Executive's employment, such as any alleged implied contract of employment or termination contrary to public policy. Executive acknowledges that he has been advised to consult with an attorney prior to signing this Agreement, that he has had no less than 21 days to consider this Agreement prior to execution hereof, and that he may revoke this Agreement at any time within 7 days following the execution hereof by written notice to Employer.

16. **Tax Withholding.** All compensation payable pursuant to this Agreement, including without limitation severance compensation, shall be subject to reduction by all applicable withholding, social security and other federal, state and local taxes and deductions.

Executive further agrees that he will not divulge to any person, firm, corporation, association, or other entity not employed by or affiliated with Employer, any of Employer's business methods, sales, services, or techniques, regardless of whether the same is written or not.

8. Competition.

(a) During the period beginning on the Effective Date and, subject to extension as provided for in Section 9(c) below, ending on the 3rd anniversary thereof, Executive shall not, individually or as an employee, agent, officer, director or shareholder of or otherwise through any corporation or other business organization, directly or indirectly, other than on behalf of the Bank: (i) carry on or engage in the business of banking or any similar business in the Florida counties of Indian River or Brevard (the Territory); (ii) perform services for, as an employee, consultant or otherwise, any bank, bank holding company, bank or bank holding company in organization, corporation or other person or entity that has a branch or office in, or conducts any banking or similar business in the Territory; (iii) solicit or do banking or similar business with any existing or prospective customer of Bank or ANB or any of their respective subsidiaries or affiliates in the Territory; or (iv) solicit any employee of Bank or ANB or any of their subsidiaries or affiliates to leave his or her employment with Bank or ANB or any of their subsidiaries or affiliates for any reason, or hire any such employee of Bank or ANB or any of their subsidiaries or affiliates, without the prior written consent of ANB. In partial consideration for the non-competition provisions contained herein, Employer shall make a one-time payment of \$10,000 to Executive within 5 days after the Effective Date.

(b) Executive represents that his experience and capabilities are such that the provisions of this Section 8 will not prevent him from earning a livelihood.

(c) If Executive violates the provisions of Section 8(a) above, the period during which the covenants set forth therein shall apply shall be extended 1 day for each day in which a violation of such covenants occurs. The purpose of this provision is to prevent Executive from profiting from his own wrong if he violates such covenants.

(d) In the event of any conduct or threatened conduct by Executive violating any provision of this Section 8, Employer shall be entitled, in addition to other available remedies, to injunctive relief and/or specific performance of such provision. In the event of any suit or arbitration with respect to Executive's obligations in this Section 8, Executive will pay all costs incurred by Employer in securing an injunction (or other equitable remedy) and/or damages, including a reasonable attorney's fee.

(e) Executive acknowledges that (i) Executive has occupied, and will continue to occupy, a position of trust and confidence with Bank prior to the date hereof and has and will become familiar with Confidential Information, including without limitation trade secrets, as that term is defined in Section 688.002(4) of the Florida Code; (ii) ANB has required that Executive make the covenants set forth in Sections 7 and 8 of this Agreement as a material condition to ANB's acquisition of the capital stock of Bank, including capital stock owned by Executive; (iii) the provisions of Sections 7 and 8 of this Agreement are reasonable in geographic scope and duration and are necessary to protect and preserve Employer's legitimate business interests, including, without limitation, its trade secrets, valuable confidential business information, relationships with specific prospective and existing customers, customer goodwill, and specialized training provided to Executive; and (iv) Employer would be irreparably damaged if Executive were to breach the covenants set forth in Sections 7 or 8 of this Agreement.

9. Termination of Employment.

(a) If Employer terminates Executive's employment hereunder For Cause, all rights and obligations specified in Section 8(a) shall survive any such termination through the 3rd anniversary of the Effective Date, and Executive shall not be entitled to any further compensation or benefits from Employer. For Cause shall mean (i) abuse of or addiction to intoxicating drugs (including alcohol); (ii) any act or omission on the part of Executive which constitutes fraud, personal dishonesty, embezzlement, misappropriation of corporate assets, incompetence, breach of a duty owed to Bank, or conduct that, in the sole discretion of Bank's board of directors, negatively reflects upon the Bank; (iii) indictment or conviction of a felony or a crime of moral turpitude; (iv) the suspension or removal of Executive by federal or state banking regulatory authorities; or (v) a material breach by Executive of any of the terms of this Agreement. In addition, the services of Executive and the obligations of ANB under this Agreement may be terminated For Cause by Employer due to the death or total disability of Executive. For purposes of this Section 9, the term total disability shall mean Executive's inability, as a result of illness or injury, to perform the normal duties of his employment for a period of ninety (90) consecutive days.

(b) Employer may terminate Executive's employment at any time for any reason; provided, however, if Employer terminates Executive other than For Cause, or if Executive terminates his employment for Good Reason (as defined below), Executive shall continue to receive the amount of his then current base salary until the 3rd anniversary of the Effective Date (to be paid with the same frequency as Executive's salary was paid prior to termination), and all rights and obligations specified in Section 8(a) shall survive such termination until the 3rd anniversary of the Effective Date. Other than the payment provided for in this Section 9(b), Executive acknowledges that he shall not be entitled to any other payments, benefits or damages from Employer in connection with a termination of Executive by Employer other than For Cause or a termination by Executive for Good Reason, and Executive hereby waives all rights and claims with respect thereto. Good Reason means a material breach of this Agreement by Employer after Executive has notified Employer of such breach in writing and Employer has failed to cure such breach within 30 days of receipt of such notice.

(c) If Executive resigns or terminates his employment hereunder for any reason (other than Good Reason) prior to the 3rd anniversary of the Effective Date, (i) he must provide at

Table of Contents

least 30 days prior written notice of such resignation or termination, (ii) all rights and obligations specified in Section 8(a) shall survive any such termination until the 3rd anniversary of the Effective Date, (iii) Executive shall not be entitled to any further compensation or benefits from Employer, and (iv) Employer shall be entitled to all remedies available under this Agreement and applicable law. Upon receipt of any such notice of termination, Employer may elect, at its sole option, to have Executive's resignation or termination effective immediately. Notwithstanding anything herein to the contrary, at Employer's sole option and election, Employer may continue paying to Executive the minimum cash compensation provided for in Section 4(a) for any period up to, but not to extend past, the 3rd anniversary of the Effective Date (each such payment, a Continuation Payment), and all rights and obligations specified in Section 8(a) shall survive until the later of (A) the 3rd anniversary of the Effective Date or (B) the 1st anniversary of the date of the final Continuation Payment. Continuation Payments, if any, would be made with the same frequency as Executive's salary was paid prior to any such termination.

(d) The provisions of Section 7 and Section 8 shall in all cases survive the termination of this Agreement and the termination of Executive's employment, whether voluntary or involuntary.

10. **Notice.** For the purposes of this Agreement, notices and demands shall be deemed given when mailed by United States mail, addressed in the case of Bank to [_____] Attention: Chairman of the Board of Directors, with a copy to ANB at Alabama National BanCorporation, 1927 First Avenue North, Birmingham, Alabama 35203, Attention: Chief Executive Officer; or in the case of Executive, to his last known address of record contained in the Bank's personnel files.

11. **Miscellaneous.** No provision of this Agreement may be modified, waived or discharged unless such modification, waiver or discharge is agreed to in writing. The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Florida without regard to principles of conflicts of laws. This Agreement supersedes and cancels any prior employment agreement or understanding entered into between Executive and Bank, including but not limited to that certain Employment Agreement dated January 6, 2003.

12. **Validity.** Should any court of competent jurisdiction, arbitrator or other judicial body decide, hold, adjudge or decree that any provision, clause or term of this Agreement is invalid, void or unenforceable, such determination shall not affect any other provision of this Agreement, and all other provisions of this Agreement shall remain in full force and effect as if such void or unenforceable provision, clause or term had not been included herein. Such determination shall not be deemed to affect the validity or enforceability of this entire Agreement in any other situation or circumstance, and the parties agree that the scope of this Agreement is intended to extend to Employer the maximum protection permitted by law. **The parties expressly deem the length of time and the size of the territory provided for in Section 8 of this Agreement to be reasonable.** If, however, any judicial body or arbitrator decides, holds, adjudges or decrees that the length of time and/or the size of the territory provided for in Section 8 of this Agreement is/are unreasonable, then it is the express intent of the parties that such court determine the length of time and/or size of the territory that is/are reasonable and that such court enforce the terms of this Agreement in accordance with such determination.

13. **Arbitration.**

(a) Except as may otherwise hereinafter be provided, any dispute or controversy arising under or in connection with this Agreement shall be settled exclusively by arbitration in Orlando, Florida, in accordance with the rules of the American Arbitration Association then in effect. The agreement set forth herein to arbitrate shall be specifically enforceable under the prevailing arbitration law. Notwithstanding the foregoing, Employer shall have the right to seek enforcement by preliminary injunction, specific performance or other equitable relief of the provisions of Section 7 and/or 8 hereof in any state or federal court of competent jurisdiction without regard to whether any such claim has been or can be referred to arbitration.

(b) The parties hereto (i) acknowledge that they have read and understood the provisions of this Section regarding arbitration and (ii) that performance of this Agreement will be interstate commerce as that term is used in the Federal Arbitration Act, and the parties contemplate substantial interstate activity in the performance of this Agreement including, but not limited to, interstate travel, the use of interstate phone lines, the use of the U.S. mail services and other interstate courier services.

4. **Compensation.** From the Effective Date through the termination of Executive's employment:

(a) **Base Salary.** Executive's total annual base salary shall be not less than \$100,000, payable with the same frequency as the salaries of other employees of Employer.

(b) **Annual Bonus Opportunity.** Executive shall be eligible to receive an annual bonus, the amount of which, if any, shall be determined by the Bank's board of directors or its designee after an annual review of the performance of the Executive and the Bank for the prior calendar year.

(d) **Equity Incentives.** Executive shall be eligible to receive awards under any stock option, stock purchase or equity-based incentive compensation plan or arrangement adopted by Employer from time to time for which senior executives of ANB's other bank subsidiaries are eligible to participate. Executive's participation in, and awards under, such plans and arrangements, if any, shall be determined from time to time by ANB's board of directors or its designee, as the case may be.

(e) **Automobile Allowance.** Executive shall be entitled to a \$[_____] monthly automobile allowance or, at Employer's option, to the use of an automobile owned by Employer.

5. **Compliance With Rules and Policies.** Executive shall comply with all of the rules, regulations, and policies of Employer now or hereinafter in effect. He shall promptly and faithfully do and perform any and all other duties and responsibilities which he may, from time to time, be directed to do by the board of directors of Bank or ANB or their respective designee.

6. **Representation of Executive.** Executive represents to Employer that he is not subject to any rule, regulation or agreement, including without limitation, any non-compete agreement, that purports to, or which reasonably could, be expected to limit, restrict or interfere with Executive's ability to engage in the activities provided for in this Agreement.

7. **Disclosure of Information.** Executive acknowledges that any documents and information, whether written or not, that came or come into Executive's possession or knowledge during Executive's course of employment with Bank or Employer, including, without limitation the financial and business conditions, goals and operations of Bank, ANB or any of their respective affiliates or subsidiaries as the same may exist from time to time (collectively, Confidential Information), are valuable, special and unique assets of Employer's business. Executive will not, during or after the term of this Agreement: (i) disclose any written Confidential Information to any person, firm, corporation, association, or other entity not employed by or affiliated with Employer for any reason or purpose whatsoever, or (ii) use any written Confidential Information for any reason other than to further the business of Employer. Executive agrees to return any written Confidential Information, and all copies thereof, upon the termination of Executive's employment (whether

hereunder or otherwise). In the event of a breach or threatened breach by Executive of the provisions of this Section 7, in addition to all other remedies available to Employer, Employer shall be entitled to an injunction restraining Executive from disclosing any written Confidential Information or from rendering any services to any person, firm, corporation, association or other entity to whom any written Confidential Information has been disclosed or is threatened to be disclosed. In the event of any suit or arbitration with respect to Executive's obligations in this Section 7, Executive will pay all costs incurred by Employer in securing an injunction (or other equitable remedy) and/or damages, including a reasonable attorney's fee. Executive further agrees that he will not divulge to any person, firm, corporation, association, or other entity not employed by or affiliated with Employer, any of Employer's business methods, sales, services, or techniques, regardless of whether the same is written or not.

8. Competition.

(a) During the period beginning on the Effective Date and, subject to extension as provided for in Section 9(c) below, ending on the 3rd anniversary thereof, Executive shall not, individually or as an employee, agent, officer, director or shareholder of or otherwise through any corporation or other business organization, directly or indirectly, other than on behalf of the Bank: (i) carry on or engage in the business of banking or any similar business in the Florida counties of Indian River or Brevard (the Territory); (ii) perform services for, as an employee, consultant or otherwise, any bank, bank holding company, bank or bank holding company in organization, corporation or other person or entity that has a branch or office in, or conducts any banking or similar business in the Territory; (iii) solicit or do banking or similar business with any existing or prospective customer of Bank or ANB or any of their respective subsidiaries or affiliates in the Territory; or (iv) solicit any employee of Bank or ANB or any of their subsidiaries or affiliates to leave his or her employment with Bank or ANB or any of their subsidiaries or affiliates for any reason, or hire any such employee of Bank or ANB or any of their subsidiaries or affiliates, without the prior written consent of ANB. In partial consideration for the non-competition provisions contained herein, Employer shall make a one-time payment of \$10,000 to Executive within 5 days after the Effective Date.

(b) Executive represents that his experience and capabilities are such that the provisions of this Section 8 will not prevent him from earning a livelihood.

(c) If Executive violates the provisions of Section 8(a) above, the period during which the covenants set forth therein shall apply shall be extended 1 day for each day in which a violation of such covenants occurs. The purpose of this provision is to prevent Executive from profiting from his own wrong if he violates such covenants.

(d) In the event of any conduct or threatened conduct by Executive violating any provision of this Section 8, Employer shall be entitled, in addition to other available remedies, to injunctive relief and/or specific performance of such provision. In the event of any suit or arbitration with respect to Executive's obligations in this Section 8, Executive will pay all costs incurred by Employer in securing an injunction (or other equitable remedy) and/or damages, including a reasonable attorney's fee.

Table of Contents

(e) Executive acknowledges that (i) Executive has occupied, and will continue to occupy, a position of trust and confidence with Bank prior to the date hereof and has and will become familiar with Confidential Information, including without limitation trade secrets, as that term is defined in Section 688.002(4) of the Florida Code; (ii) ANB has required that Executive make the covenants set forth in Sections 7 and 8 of this Agreement as a material condition to ANB's acquisition of the capital stock of Bank, including capital stock owned by Executive; (iii) the provisions of Sections 7 and 8 of this Agreement are reasonable in geographic scope and duration and are necessary to protect and preserve Employer's legitimate business interests, including, without limitation, its trade secrets, valuable confidential business information, relationships with specific prospective and existing customers, customer goodwill, and specialized training provided to Executive; and (iv) Employer would be irreparably damaged if Executive were to breach the covenants set forth in Sections 7 or 8 of this Agreement.

9. Termination of Employment.

(a) If Employer terminates Executive's employment hereunder For Cause, all rights and obligations specified in Section 8(a) shall survive any such termination through the 3rd anniversary of the Effective Date, and Executive shall not be entitled to any further compensation or benefits from Employer. For Cause shall mean (i) abuse of or addiction to intoxicating drugs (including alcohol); (ii) any act or omission on the part of Executive which constitutes fraud, personal dishonesty, embezzlement, misappropriation of corporate assets, incompetence, breach of a duty owed to Bank, or conduct that, in the sole discretion of Bank's board of directors, negatively reflects upon the Bank; (iii) indictment or conviction of a felony or a crime of moral turpitude; (iv) the suspension or removal of Executive by federal or state banking regulatory authorities; or (v) a material breach by Executive of any of the terms of this Agreement. In addition, the services of Executive and the obligations of ANB under this Agreement may be terminated For Cause by Employer due to the death or total disability of Executive. For purposes of this Section 9, the term total disability shall mean Executive's inability, as a result of illness or injury, to perform the normal duties of his employment for a period of ninety (90) consecutive days.

(b) Employer may terminate Executive's employment at any time for any reason; provided, however, if Employer terminates Executive other than For Cause, or if Executive terminates his employment for Good Reason (as defined below), Executive shall continue to receive the amount of his then current base salary until the 3rd anniversary of the Effective Date (to be paid with the same frequency as Executive's salary was paid prior to termination), and all rights and obligations specified in Section 8(a) shall survive such termination until the 3rd anniversary of the Effective Date. Other than the payment provided for in this Section 9(b), Executive acknowledges that he shall not be entitled to any other payments, benefits or damages from Employer in connection with a termination of Executive by Employer other than For Cause or a termination by Executive for Good Reason, and Executive hereby waives all rights and claims with respect thereto. Good Reason means a material breach of this Agreement by Employer after Executive has notified Employer of such breach in writing and Employer has failed to cure such breach within 30 days of receipt of such notice.

(c) If Executive resigns or terminates his employment hereunder for any reason (other than Good Reason) prior to the 3rd anniversary of the Effective Date, (i) he must provide at

Table of Contents

least 30 days prior written notice of such resignation or termination, (ii) all rights and obligations specified in Section 8(a) shall survive any such termination until the 3rd anniversary of the Effective Date, (iii) Executive shall not be entitled to any further compensation or benefits from Employer, and (iv) Employer shall be entitled to all remedies available under this Agreement and applicable law. Upon receipt of any such notice of termination, Employer may elect, at its sole option, to have Executive's resignation or termination effective immediately. Notwithstanding anything herein to the contrary, at Employer's sole option and election, Employer may continue paying to Executive the minimum cash compensation provided for in Section 4(a) for any period up to, but not to extend past, the 3rd anniversary of the Effective Date (each such payment, a Continuation Payment), and all rights and obligations specified in Section 8(a) shall survive until the later of (A) the 3rd anniversary of the Effective Date or (B) the 1st anniversary of the date of the final Continuation Payment. Continuation Payments, if any, would be made with the same frequency as Executive's salary was paid prior to any such termination.

(d) The provisions of Section 7 and Section 8 shall in all cases survive the termination of this Agreement and the termination of Executive's employment, whether voluntary or involuntary.

10. **Notice.** For the purposes of this Agreement, notices and demands shall be deemed given when mailed by United States mail, addressed in the case of Bank to [_____] Attention: Chairman of the Board of Directors, with a copy to ANB at Alabama National BanCorporation, 1927 First Avenue North, Birmingham, Alabama 35203, Attention: Chief Executive Officer; or in the case of Executive, to his last known address of record contained in the Bank's personnel files.

11. **Miscellaneous.** No provision of this Agreement may be modified, waived or discharged unless such modification, waiver or discharge is agreed to in writing. The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Florida without regard to principles of conflicts of laws. This Agreement supersedes and cancels any prior employment agreement or understanding entered into between Executive and Bank, including but not limited to that certain Employment Agreement dated January 6, 2003.

12. **Validity.** Should any court of competent jurisdiction, arbitrator or other judicial body decide, hold, adjudge or decree that any provision, clause or term of this Agreement is invalid, void or unenforceable, such determination shall not affect any other provision of this Agreement, and all other provisions of this Agreement shall remain in full force and effect as if such void or unenforceable provision, clause or term had not been included herein. Such determination shall not be deemed to affect the validity or enforceability of this entire Agreement in any other situation or circumstance, and the parties agree that the scope of this Agreement is intended to extend to Employer the maximum protection permitted by law. **The parties expressly deem the length of time and the size of the territory provided for in Section 8 of this Agreement to be reasonable.** If, however, any judicial body or arbitrator decides, holds, adjudges or decrees that the length of time and/or the size of the territory provided for in Section 8 of this Agreement is/are unreasonable, then it is the express intent of the parties that such court determine the length of time and/or size of the territory that is/are reasonable and that such court enforce the terms of this Agreement in accordance with such determination.

13. **Arbitration.**

(a) Except as may otherwise hereinafter be provided, any dispute or controversy arising under or in connection with this Agreement shall be settled exclusively by arbitration in Orlando, Florida, in accordance with the rules of the American Arbitration Association then in effect. The agreement set forth herein to arbitrate shall be specifically enforceable under the prevailing arbitration law. Notwithstanding the foregoing, Employer shall have the right to seek enforcement by preliminary injunction, specific performance or other equitable relief of the provisions of Section 7 and/or 8 hereof in any state or federal court of competent jurisdiction without regard to whether any such claim has been or can be referred to arbitration.

(b) The parties hereto (i) acknowledge that they have read and understood the provisions of this Section regarding arbitration and (ii) that performance of this Agreement will be interstate commerce as that term is used in the Federal Arbitration Act, and the parties contemplate substantial interstate activity in the performance of this Agreement including, but not limited to, interstate travel, the use of interstate phone lines, the use of the U.S. mail services and other interstate courier services.

(c) Notice of the demand for arbitration shall be filed in writing with the other party to this Agreement and with the American Arbitration Association. The demand for arbitration shall be made within a reasonable time after the claim, dispute or other matter in question has arisen, and in no event shall it be made after the date when institution of legal or equitable proceedings based on such claim, dispute or other matter in question would be barred by the applicable statute of limitations. The award rendered by the arbitrator shall be final and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof.

14. **Parties.** This Agreement shall be binding upon and shall inure to the benefit of any successors or assigns to Bank or ANB. Executive may not assign any of his rights or delegate any of his duties or obligations under this Agreement or any portion hereof.

15. **Waiver of Claims.** In consideration of the obligations of Employer hereunder, Executive, except as otherwise provided in this Agreement, unconditionally releases Employer, its directors, officers, employees and shareholders, from any and all claims, liabilities and obligations of any nature pertaining to termination of Executive's employment by Employer, including but not limited to (a) any claims under federal, state or local laws prohibiting discrimination, including without limitation the Age Discrimination in Employment Act of 1967, as amended, or (b) any claims growing out of any alleged legal restrictions on Employer's right to terminate Executive's employment, such as any alleged implied contract of employment or termination contrary to public policy. Executive acknowledges that he has been advised to consult with an attorney prior to signing this Agreement, that he has had no less than 21 days to consider this Agreement prior to execution hereof, and that he may revoke this Agreement at any time within 7 days following the execution hereof by written notice to Employer.

16. **Tax Withholding.** All compensation payable pursuant to this Agreement, including without limitation severance compensation, shall be subject to reduction by all applicable withholding, social security and other federal, state and local taxes and deductions.

Attn: Chairman

Re: Merger of Indian River Banking Company and Alabama National BanCorporation

Gentlemen:

We are counsel to Alabama National BanCorporation (ANB), a corporation organized and existing under the laws of the State of Delaware, and have represented ANB in connection with the execution and delivery of the Agreement and Plan of Merger, dated as of October 22, 2003 (the Agreement), by and between Indian River Banking Company (IRBC) and ANB. This opinion is delivered pursuant to Section 9.3(d) of the Agreement. Capitalized terms used in this opinion shall have the meanings set forth in the Agreement.

[Mutually agreeable, customary assumptions and qualifications to be inserted.]

Based upon and subject to the foregoing, we are of the opinion that:

1. ANB is a corporation duly organized, validly existing and in good standing under the laws of the State of Delaware with full corporate power and authority to carry on the business in which it is engaged, as described in the Proxy Statement/Prospectus, and to own the properties owned

by it.

2. The execution and delivery of the Agreement by ANB, and ANB's compliance with its terms, do not and will not violate or contravene any provision of the Restated Certificate of Incorporation or Bylaws of ANB. To the best of our knowledge but without any independent investigation, the execution and delivery of the Agreement, and compliance with its terms, do not and will not result in any conflict with, breach of, or default or acceleration under any mortgage, agreement, lease, indenture or other instrument, order, judgment or decree to which any ANB Company is a party or by which any ANB Company is bound.

A-102

3. In accordance with the Bylaws of ANB and pursuant to resolutions duly adopted by its Board of Directors, the Agreement has been duly adopted and approved by the Board of Directors of ANB.

4. The Agreement has been duly and validly executed and delivered by ANB. Assuming valid authorization, execution and delivery by IRBC, the Agreement constitutes the valid and binding agreement of ANB, enforceable against ANB in accordance with its terms.

5. The authorized capital stock of ANB consists of 27,500,000 shares of ANB Common Stock, of which [_____] shares were issued and outstanding as of [_____], and 100,000 shares of preferred stock, \$1.00 par value, none of which is issued and outstanding. The shares of ANB Common Stock that are issued and outstanding were not issued in violation of any statutory preemptive rights of shareholders. The shares of ANB Common Stock to be issued to the stockholders of IRBC as contemplated by the Agreement are duly authorized, and when properly issued and delivered following consummation of the Merger will be validly issued, fully paid and nonassessable.

Very truly yours,

MAYNARD, COOPER & GALE, P.C.

When two or more persons agree to act together for the purpose of voting their shares of the corporation, each member of the group formed thereby shall be deemed to have acquired beneficial ownership, as of the date of such agreement, of all voting shares of the corporation beneficially owned by any member of the group.

(4) A shareholder entitled to appraisal rights under this chapter may not challenge a completed corporate action for which appraisal rights are available unless such corporate action:

The rights of a record shareholder who asserts appraisal rights for only part of the shares held of record in the record shareholder's name under this subsection shall be determined as if the shares as to which the record shareholder objects and the record shareholder's other shares were registered in the names of different record shareholders.

(a) Must deliver to the corporation before the vote is taken, or within 20 days after receiving the notice pursuant to s. 607.1320(3) if action is to be taken without a shareholder meeting, written notice of the shareholder's intent to demand payment if the proposed action is effectuated.

(b) Must not vote, or cause or permit to be voted, any shares of such class or series in favor of the proposed action.

In the case of a merger under s. 607.1104, the parent must deliver a written appraisal notice and form to all record shareholders who may be entitled to assert appraisal rights.

(2) The appraisal notice must be sent no earlier than the date the corporate action became effective and no later than 10 days after such date and must:

(a) Supply a form that specifies the date that the corporate action became effective and that provides for the shareholder to state:

1. The shareholder's name and address.
2. The number, classes, and series of shares as to which the shareholder asserts appraisal rights.
3. That the shareholder did not vote for the transaction.
4. Whether the shareholder accepts the corporation's offer as stated in subparagraph (b)4.

2. A copy of ss. 607.1301-607.1333.

607.1323 PERFECTION OF RIGHTS; RIGHT TO WITHDRAW. (1) A shareholder who wishes to exercise appraisal rights must execute and return the form received pursuant to s. 607.1322(1) and, in the case of certificated shares, deposit the shareholder's certificates in accordance with the terms of the notice by the date referred to in the notice pursuant to s. 607.1322(2)(b)2. Once a shareholder deposits that shareholder's certificates or, in the case of uncertificated shares, returns the executed forms, that shareholder loses all rights as a shareholder, unless the shareholder withdraws pursuant to subsection (2).

(2) A shareholder who has complied with subsection (1) may nevertheless decline to exercise appraisal rights and withdraw from the appraisal process by so notifying the corporation in writing by the date set forth in the appraisal notice pursuant to s. 607.1322(2)(b)6. A shareholder who fails to so withdraw from the appraisal process may not thereafter withdraw without the corporation's written consent.

(3) A shareholder who does not execute and return the form and, in the case of certificated shares, deposit that shareholder's share certificates if required, each by the date set forth in the notice described in subsection (2), shall not be entitled to payment under this chapter.

607.1324 SHAREHOLDER'S ACCEPTANCE OF CORPORATION'S OFFER. (1) If the shareholder states on the form provided in s. 607.1322(1) that the shareholder accepts the offer of the corporation to pay the corporation's estimated fair value for the shares, the corporation shall make such payment to the shareholder within 90 days after the corporation's receipt of the form from the shareholder.

(2) Upon payment of the agreed value, the shareholder shall cease to have any interest in the shares.

607.1326 PROCEDURE IF SHAREHOLDER IS DISSATISFIED WITH OFFER. (1) A shareholder who is dissatisfied with the corporation's offer as set forth pursuant to s. 607.1322(2)(b)4. must notify the corporation on the form provided pursuant to s. 607.1322(1) of that shareholder's estimate of the fair value of the shares and demand payment of that estimate plus interest.

(2) A shareholder who fails to notify the corporation in writing of that shareholder's demand to be paid the shareholder's stated estimate of the fair value plus interest under subsection (1) within the timeframe set forth in s. 607.1322(2)(b)2. waives the right to demand payment under this section and shall be entitled only to the payment offered by the corporation pursuant to s. 607.1322(2)(b)4.

607.1331 COURT COSTS AND COUNSEL FEES. (1) The court in an appraisal proceeding commenced under 1s. 607.1330 shall determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court shall assess the costs against the corporation, except that the court may assess costs against all or some of the shareholders demanding appraisal, in amounts the court finds equitable, to the extent the court finds such shareholders acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this chapter.

(2) The court in an appraisal proceeding may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:

(a) Against the corporation and in favor of any or all shareholders demanding appraisal if the court finds the corporation did not substantially comply with ss. 607.1320 and 607.1322; or

(b) Against either the corporation or a shareholder demanding appraisal, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this chapter.

(3) If the court in an appraisal proceeding finds that the services of counsel for any shareholder were of substantial benefit to other shareholders similarly situated, and that the fees for those services should not be assessed against the corporation, the court may award to such counsel reasonable fees to be paid out of the amounts awarded the shareholders who were benefited.

(4) To the extent the corporation fails to make a required payment pursuant to s. 607.1324, the shareholder may sue directly for the amount owed and, to the extent successful, shall be entitled to recover from the corporation all costs and expenses of the suit, including counsel fees.

607.1332 DISPOSITION OF ACQUIRED SHARES. Shares acquired by a corporation pursuant to payment of the agreed value thereof or pursuant to payment of the judgment entered therefor, as provided in this chapter, may be held and disposed of

by such corporation as authorized but unissued shares of the corporation, except that, in the case of a merger or share exchange, they may be held and disposed of as the plan of merger or share exchange otherwise provides. The shares of the surviving corporation into which the shares of such shareholders demanding appraisal rights would have been converted had they assented to the merger shall have the status of authorized but unissued shares of the surviving corporation.

607.1333 LIMITATION ON CORPORATE PAYMENT. (1) No payment shall be made to a shareholder seeking appraisal rights if, at the time of payment, the corporation is unable to meet the distribution standards of s. 607.06401. In such event, the shareholder shall, at the shareholder's option:

(a) Withdraw his or her notice of intent to assert appraisal rights, which shall in such event be deemed withdrawn with the consent of the corporation; or

(b) Retain his or her status as a claimant against the corporation and, if it is liquidated, be subordinated to the rights of creditors of the corporation, but have rights superior to the shareholders not asserting appraisal rights, and if it is not liquidated, retain his or her right to be paid for the shares, which right the corporation shall be obliged to satisfy when the restrictions of this section do not apply.

(2) The shareholder shall exercise the option under paragraph (1)(a) or paragraph (b) by written notice filed with the corporation within 30 days after the corporation has given written notice that the payment for shares cannot be made because of the restrictions of this section. If the shareholder fails to exercise the option, the shareholder shall be deemed to have withdrawn his or her notice of intent to assert appraisal rights.

PART I

ITEM 1. BUSINESS.

GENERAL

Indian River Banking Company (Indian River) was incorporated under the laws of the State of Florida in January 1989 to be the holding company for Indian River National Bank (Indian River Bank), and acquired all of the shares of Indian River Bank in April 1989. Indian River has four subsidiaries, Indian River Bank, a national banking association, Indian River Title Company, LLC, IRNB Insurance Services LLC, and Indian River Capital Trust I. Indian River Bank commenced operations in March 1985, and currently operates out of four branches in Indian River County and four branches in Brevard County. Indian River Bank seeks to provide a high level of personal service and a sophisticated menu of products to individuals and to small and medium sized businesses. While Indian River Bank offers a full range of services to a wide array of depositors and borrowers, it has chosen the small and medium sized businesses, professionals and individual retail customers as its primary target market. Indian River Bank believes that as financial institutions grow and are merged with or acquired by larger institutions with headquarters that are far away from the local customer base, the local business and individual is further removed from the point of decision making. Indian River Bank attempts to place the customer contact and the ultimate decision on products and credits as close together as possible.

Indian River has elected to become a financial holding company under the Gramm Leach Bliley Act and the regulations promulgated under that act. As a financial holding company, Indian River is able to engage in activities which law, regulation or order determines are financial in nature, or which are incidental or complementary to those activities. Indian River has established IRNB Insurance Services, LLC to engage in insurance agency activities, particularly those related to fixed annuities and life agency activities. Currently, there are no definitive plans or agreements to engage in other activities which are financial in nature. We cannot be sure that we will engage in other financial activities, or that we will be successful or profitable in these activities.

Indian River Bank expects to continue its expansion of operations by opening its eighth branch, its fourth in Brevard County. The new branch opened in February 2003. There can be no assurance that it will be profitably operated or that it will add to earnings.

LENDING ACTIVITIES

Indian River Bank offers a full spectrum of lending services to its customers, including commercial loans, lines of credit, residential mortgages, home equity loans, personal loans, auto loans and financing arrangements for personal equipment and business equipment. Loan terms, including interest rates, loan to value ratios, and maturities, are tailored as much as possible to meet the needs of the borrower within regulatory requirements and bank policy. A special effort is made to keep loan products as flexible as possible within the guidelines of prudent banking practices in terms of interest rate risk and credit risk.

The primary factors taken into consideration by Indian River Bank when considering loan requests are the cash flow and financial condition of the borrower, the value of the underlying collateral, if any, and the character and integrity of the borrower. These factors are evaluated in a number of ways including an analysis of financial statements, credit reviews, trade reviews, and visits to the borrower's place of business. The bank has implemented a comprehensive loan policy and procedures manual to provide its loan officers with term, collateral, loan-to-value and pricing guidelines. The policy manual and sound credit analysis, together with thorough review by the Bank Loan Committee, have resulted in a

profitable loan portfolio, with minimal non-performing assets.

Loan business is generated primarily through referrals and direct-calling efforts. Referrals of loan business come from directors, shareholders, current customers and professionals such as lawyers, accountants and financial intermediaries.

D-2

Table of Contents

At December 31, 2002, Indian River Bank's statutory lending limit to any single borrower was \$5.3 million subject to certain exceptions provided under applicable law. As of December 31, 2002, Indian River Bank's credit exposure to its largest borrower was \$4.1 million.

Commercial Loans. Commercial loans are written for any business purpose, including the financing of plant and equipment, the carrying of accounts receivable, contract administration, and the acquisition and construction of real estate projects. Special attention is paid to the commercial real estate market which is particularly stable and active in the Indian River and Brevard County area. Indian River Bank's commercial loan portfolio reflects a diverse group of borrowers with no concentration in any borrower, or group of borrowers.

As part of its internal loan review process, Indian River Bank's Loan Committee, comprised of loan officers and staff, reviews consumer loans two payments past due, commercial loans thirty days past due, loans on the Watch List, loans rated special mention, substandard, or doubtful, and other loans of concern at least quarterly. Loan reviews are reported to the Audit and Examining Committee with any adversely rated changes specifically mentioned. All other loans with their respective risk ratings are reported monthly to Indian River Bank's Board of Directors. The Examining (Audit) Committee coordinates periodic documentation and internal control reviews by outside vendors to complement loan reviews.

Residential Mortgage and Home Equity Loans. The strong local economy provides for a large and active real estate market for the construction and sale of new residential property and sale of existing housing. Indian River Bank provides financing for the construction and acquisition of residential property throughout its market area. Indian River Bank has availed itself of the services of mortgage brokers and programs offered by the Federal Home Loan Bank of Atlanta in an effort to offer as many long-term and low interest rate mortgage products as possible. In addition, Indian River Bank has developed a competitive home equity line of credit product for the use of its customers. This product offers the customer the ability to use the line of credit flexibility features to manage their own credit needs on an on-going basis. Indian River Bank sells loans which it originates for the secondary market to private investors and government sponsored associations.

Other Loans. Loans are considered for any worthwhile personal or business purpose on a case-by-case basis, such as the financing of equipment, receivables, contract administration expenses, land acquisition and development, and automobile financing.

INVESTMENT ACTIVITIES

The investment policy of Indian River Bank is an integral part of its overall asset/liability management program. The purpose of the investment policy is to establish a portfolio which will provide liquidity necessary to facilitate funding of loans and to cover deposit fluctuations while at the same time achieving a satisfactory return on the funds invested. Indian River Bank seeks to maximize earnings from its investment portfolio consistent with the safety and liquidity of those investment assets.

The securities in which Indian River Bank may invest are subject to regulation and, for the most part, are limited to securities which are considered investment grade securities. In addition, Indian River Bank's internal investment policy restricts investments to the following categories: U.S. Treasury securities; obligations of U.S. government agencies, investment grade obligations of U.S. private corporations, mortgage-backed securities, including securities issued by Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation; and securities of states and political subdivisions, all of which must be considered investment grade by a recognized rating service.

BROKERAGE ACTIVITIES

Indian River Bank offers brokerage services through FiServe Investor Services, Inc, member NASD & SIPC, a third party vendor. Brokerage services provided by FiServe include a full line of investment products, including the purchase and sale of mutual funds, annuities, stocks, bonds, term life insurance, cash management accounts, IRA s, and many other products and services.

Table of Contents

The manager of brokerage services for Indian River Bank is a licensed securities representative through the NASD and is a dual employee of both FiServe and Indian River Bank. In such capacity, he must comply with all applicable rules and regulations of the FDIC, the SEC and the National Association of Securities Dealers, SIPC and the OCC. Fees and commissions earned by the brokerage services department are paid monthly by FiServe directly to Indian River Bank.

The customer base of the brokerage department is made up of approximately 99% percent individuals, with the remainder consisting of investment clubs and other accounts. As of December 31, 2002, there were approximately 1,020 open brokerage accounts.

SOURCES OF FUNDS

Deposits. Deposits obtained through bank offices have traditionally been the principal source of Indian River Bank's funds for use in lending and for other general business purposes. At December 31, 2002 total deposits in the bank amounted to \$364.9 million. Certificates of deposit and savings deposits, representing 67.5% of the deposit base, are Indian River Bank's primary source of deposit funds.

In order to better serve the needs of its customers, Indian River Bank offers several types of deposit accounts in addition to standard savings, checking, and NOW accounts. Special deposit accounts include Personal Checking and Small Business Checking. Personal Checking requires no minimum balance and has no monthly fee, per check charge, or activity limit, and checks are truncated. Small Business Checking allows a small business to have up to 300 items per month at no cost and then a \$0.25 per item charge thereafter during the period. Indian River Bank also offers lockbox services payments processing for many businesses including homeowners associations.

Bills have been introduced in each of the last three Congresses which would permit banks to pay interest on checking and demand deposit accounts established by businesses, a practice which is currently prohibited by regulation. If the legislation effectively permitting the payment of interest on business demand deposits is enacted, of which there can be no assurance, it is likely that we may be required to pay interest on some portion of our noninterest bearing deposits in order to compete against other banks. As a significant portion of our deposits are non-interest bearing demand deposits established by businesses, payment of interest on these deposits could have a significant negative impact on our net income, net interest income, interest margin, return on assets and equity, and other indices of financial performance. We expect that other banks would be faced with similar negative impacts. We also expect that the primary focus of competition would continue to be based on other factors, such as quality of service.

Borrowing. Indian River has established various borrowing arrangements in order to provide management with additional sources of liquidity and funding, thereby increasing flexibility. Indian River has total borrowings, consisting primarily of securities sold under agreements to repurchase and FHLB advances, of \$57.3 million at December 31, 2002. In addition, Indian River has available credit of \$25.7 million under federal funds lines of credit and in excess of \$4.3 million available under its line with the Federal Home Loan Bank of Atlanta. Management believes that Indian River currently has adequate liquidity available to respond to anticipated liquidity demands.

COMMUNITY REINVESTMENT ACT

Indian River Bank is committed to serving the banking needs of the communities it serves, including low and moderate income areas, and is a supporter of the Community Reinvestment Act. There are several ways in which Indian River Bank attempts to fulfill this commitment, including working with economic development agencies, undertaking special projects, and becoming involved with neighborhood outreach

programs.

Indian River Bank has contacts with state and city agencies that assist in the financing of affordable housing developments as well as with groups which promote the economic development of low and moderate income individuals. Indian River Bank has computer software to geographically code all types of accounts to track business development and performance by census tract and to assess market penetration in low and moderate income neighborhoods within the primary service area. Indian River Bank is a registered Small Business Administration lender.

Indian River encourages its directors and officers to participate in community, civic and charitable organizations. Management and members of the Board of Directors periodically review the various Community Reinvestment Act activities of Indian River Bank, including the advertising program and geocoding of real estate loans by census tract data which specifically focuses on low income neighborhoods, its credit granting process with respect to business prospects generated in these areas, and its involvement with community leaders on a personal level.

COMPETITION

In attracting deposits and making loans, Indian River Bank encounters competition from other institutions, including larger commercial banking organizations, savings banks, credit unions, other financial institutions and non-bank financial service companies serving Indian River and Brevard counties and adjoining areas. Financial and non-financial institutions not located in the market are also able to reach persons and entities based in the market through mass marketing, the internet, telemarketing, and other means. The principal methods of competition include the level of loan interest rates, interest rates paid on deposits, efforts to obtain deposits, range of services provided and the quality of these services. Our competitors include several major financial companies whose substantially greater resources may afford them a marketplace advantage by enabling them to maintain numerous banking locations and mount extensive promotional and advertising campaigns. In light of the deregulation of the financial service industry and the absence of interest rate controls on deposits, we anticipate continuing competition from all of these institutions in the future. Additionally, as a result of legislation which reduced restrictions on interstate banking and widened the array of companies that may own banks, Indian River Bank may face additional competition from institutions outside the Florida market and outside the traditional range of bank holding companies which may take advantage of such legislation to acquire or establish banks or branches in Indian River Bank's market. There can be no assurance that we will be able to successfully meet these competitive challenges.

In addition to offering competitive rates for its banking products and services, our strategy for meeting competition has been to concentrate on specific segments of the market for financial services, particularly small business and individuals, by offering such customers customized and personalized banking services. Although there are other small banks offering personalized banking services in Indian River Bank's primary service area, we believe that Indian River Bank is one of few such banks offering flexible credit accommodations to small businesses.

We believe that active participation in civic and community affairs is an important factor in building our reputation and, thereby, attracting customers.

EMPLOYEES

As of February 18, 2003, Indian River Bank had 150 full-time equivalent employees. Indian River Title Company LLC had 3 employees as of February 18, 2003. Indian River has no employees who are not also employees of Indian River Bank or Indian River Title Company LLC. Such employees are not represented by any collective bargaining unit, and we believe our employee relations are good. Indian River Bank maintains a benefit program which includes health and dental insurance, life and long-term disability insurance, and a 401(k) plan for substantially all full-time employees.

SUPERVISION AND REGULATION

INDIAN RIVER

Indian River is a bank holding company registered under the Bank Holding Company Act of 1956, as amended, (the Act) and is subject to supervision by the Federal Reserve Board. As a bank holding company, Indian River is required to file with the Federal Reserve Board an annual report and such other additional information as the Federal Reserve Board may require pursuant to the Act. The Federal Reserve Board may also make examinations of Indian River and each of its subsidiaries.

The Gramm Leach Bliley Act allows a bank holding company to certify status as a financial holding company, which allows a company to engage in activities that are financial in nature, that are incidental to such activities, or are complementary to such activities. The Gramm Leach Bliley Act enumerates certain activities that are deemed financial in nature, such as underwriting insurance or acting as an insurance principal, agent or broker, underwriting, dealing in or making markets in securities, and engaging in merchant banking under certain restrictions. It also authorizes the Federal Reserve Board to determine by regulation what other activities are financial in nature or incidental or complementary thereto. A bank holding company may become a financial holding company if each of its subsidiary banks is well capitalized under the FDIC Improvement Act prompt corrective action provisions, is well managed and has at least a satisfactory rating under the Community Reinvestment Act. Indian River has elected to be a financial holding company.

The Act requires approval of the Federal Reserve Board for, among other things, the acquisition by a bank holding company of control of more than five percent (5%) of the voting shares, or substantially all the assets, of any bank or the merger or consolidation by a bank holding company with another bank holding company. The Act also generally permits the acquisition by a bank holding company of control, or substantially all the assets, of any bank located in a state other than the home state of the bank holding company, except where the bank has not been in existence for the minimum period of time required by state law, but if the bank is at least 5 years old, the Federal Reserve Board may approve the acquisition.

Under current law, with certain limited exceptions, a bank holding company is prohibited from acquiring control of any voting shares of any company which is not a bank or bank holding company and from engaging directly or indirectly in any activity other than banking or managing or controlling banks or furnishing services to or performing service for its authorized subsidiaries. A bank holding company may, however, engage in or acquire an interest in a company that engages in activities which the Federal Reserve Board has determined by order or regulation to be so closely related to banking or managing or controlling banks as to be properly incident thereto. In making such a determination, the Federal Reserve Board is required to consider whether the performance of such activities can reasonably be expected to produce benefits to the public, such as convenience, increased competition or gains in efficiency, which outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interest or unsound banking practices. The Federal Reserve Board is also empowered to differentiate between activities commenced de novo and activities commenced by the acquisition, in whole or in part, of a going concern. Some of the activities that the Federal Reserve Board has determined by regulation to be closely related to banking include making or servicing loans, performing certain data processing services, acting as a fiduciary or investment or financial advisor, and making investments in corporations or projects designed primarily to promote community welfare.

As a financial holding company, no prior regulatory approval will be required for Indian River to acquire a company, other than a bank or savings association, engaged in most activities permitted under the Gramm Leach Bliley Act, as discussed above.

Subsidiary banks of a bank holding company are subject to certain restrictions imposed by the Federal Reserve Act on any extensions of credit to the bank holding company or any of its subsidiaries, or investments in their stock or other securities, and on the taking of their stock or securities as collateral for loans to any borrower. Further, a holding company and any subsidiary bank are prohibited from engaging in certain tie-in arrangements in connection with the extension of credit. A subsidiary bank may not extend credit, lease or sell property, or furnish any services, or fix or

vary the consideration for any of the foregoing, on the condition that: (a) the customer obtain or provide some additional credit, property or services from or to such bank other than a loan, discount, deposit or trust service; (b) the customer obtain or provide some additional credit, property or service from or to the company or any other subsidiary of the company; or (c) the customer not obtain some other credit, property or service from competitors, except for reasonable requirements to assure the soundness of credit extended.

The Federal Reserve has also adopted capital guidelines for bank holding companies that are substantially the same as the requirements applying to national banks.

INDIAN RIVER BANK

Indian River Bank is a national banking association. Its deposit accounts are insured by the Bank Insurance Fund of the FDIC up to the maximum legal limits of the FDIC and it is subject to regulation, supervision and regular examination by the Office of the Comptroller of the Currency and the FDIC. The regulations of these various agencies govern most aspects of Indian River Bank's business, including required reserves against deposits, loans, investments, mergers and acquisitions, borrowings, dividends and location and number of branch offices. The laws and regulations governing Indian River Bank generally have been promulgated to protect depositors and the deposit insurance funds, and not for the purpose of protecting stockholders.

Competition among commercial banks, savings and loan associations, and credit unions has increased following enactment of legislation which greatly expanded the ability of banks and bank holding companies to engage in interstate banking or acquisition activities. The Gramm Leach Bliley Act will allow a wider array of companies to own banks, which could result in companies with resources substantially in excess of Indian River's entering into competition with Indian River and Indian River Bank.

Banking is a business which depends on interest rate differentials. In general, the differences between the interest paid by a bank on its deposits and its other borrowings and the interest received by a bank on loans extended to its customers and securities held in its investment portfolio constitute the major portion of Indian River Bank's earnings. Thus, the earnings and growth of Indian River Bank will be subject to the influence of economic conditions in general, both domestic and foreign, and also to the monetary and fiscal policies of the United States and its agencies, particularly the Federal Reserve Board which regulates the supply of money through various means including open market dealings in United States government securities. The nature and timing of changes in such policies and their impact on Indian River Bank cannot be predicted.

Branching and Interstate Banking. The federal banking agencies are authorized to approve interstate bank merger transactions without regard to whether such transaction is prohibited by the law of any state, unless the home state of one of the banks has opted out of the interstate bank merger provisions of the Riegle-Neal Interstate Banking and Branching Efficiency Act of 1994 by adopting a law after the date of enactment of the Riegle-Neal Act and prior to June 1, 1997 which applies equally to all out-of-state banks and expressly prohibits merger transactions involving out-of-state banks. Interstate acquisitions of branches are permitted only if the law of the state in which the branch is located permits such acquisitions. Such interstate bank mergers and branch acquisitions are also subject to the nationwide and statewide insured deposit concentration limitations described in the Riegle-Neal Act.

The Riegle-Neal Act authorizes the federal banking agencies to approve interstate branching de novo by national and state banks in states which specifically allow for such branching. Florida has enacted laws which permit interstate acquisitions of banks and bank branches and permit out-of-state banks to establish de novo branches.

Capital Adequacy Guidelines. The Federal Reserve Board and the OCC have adopted risk-based capital adequacy guidelines pursuant to which they assess the adequacy of capital in examining and supervising banks and bank holding companies and in analyzing bank regulatory applications. Risk-based capital requirements determine the adequacy of capital based on the risk inherent in various classes of assets and off-balance sheet items.

D-7

Table of Contents

National banks are expected to meet a minimum ratio of total qualifying capital, defined as the sum of core capital (Tier 1) and supplementary capital (Tier 2), to risk weighted assets of 8%. At least half of this amount (4%) should be in the form of core capital.

Tier 1 Capital generally consists of the sum of common stockholders' equity and perpetual preferred stock (subject in the case of the latter to limitations on the kind and amount of such stock which may be included as Tier 1 Capital), less goodwill, without adjustment for changes in the market value of securities classified as available for sale in accordance with FAS 115. Tier 2 Capital consists of the following: hybrid capital instruments; perpetual preferred stock which is not otherwise eligible to be included as Tier 1 Capital; term subordinated debt, intermediate-term preferred stock; and, subject to limitations, general allowances for loan losses. Assets are adjusted under the risk-based guidelines to take into account different risk characteristics, with the categories ranging from 0%, requiring no risk-based capital, for assets such as cash and certain U.S. government and agency securities, to 100% for the bulk of assets which are typically held by a bank or holding company, including certain multi-family residential and commercial real estate loans, commercial business loans and consumer loans. Residential first mortgage loans on one to four family residential real estate and certain seasoned multi-family residential real estate loans, which are not 90 days or more past-due or non-performing and which have been made in accordance with prudent underwriting standards are assigned a 50% level in the risk-weighting system, as are certain privately-issued mortgage-backed securities representing indirect ownership of such loans. Off-balance sheet items also are adjusted to take into account certain risk characteristics.

In addition to the risk-based capital requirements, the OCC has established a minimum 3.0% Leverage Capital Ratio (Tier 1 Capital to total adjusted assets) requirement for the most highly-rated banks, with an additional cushion of at least 100 to 200 basis points for all other banks, which effectively increases the minimum Leverage Capital Ratio for such other banks to 4.0% - 5.0% or more. The highest-rated banks are those that are not anticipating or experiencing significant growth and have well diversified risk, including no undue interest rate risk exposure, excellent asset quality, high liquidity, good earnings and, in general, those which are considered a strong banking organization. A bank having less than the minimum Leverage Capital Ratio requirement shall, within 60 days of the date as of which it fails to comply with such requirement, submit a reasonable plan describing the means and timing by which a bank shall achieve its minimum Leverage Capital Ratio requirement. A bank which fails to file such plan is deemed to be operating in an unsafe and unsound manner, and could subject that bank to a cease-and-desist order. Any insured depository institution with a Leverage Capital Ratio that is less than 2.0% is deemed to be operating in an unsafe or unsound condition pursuant to Section 8(a) of the Federal Deposit Insurance Act (the FDIA) and is subject to potential termination of deposit insurance. However, such an institution will not be subject to an enforcement proceeding solely on account of its capital ratios, if it has entered into and is in compliance with a written agreement to increase its Leverage Capital Ratio and to take such other action as may be necessary for the institution to be operated in a safe and sound manner. The capital regulations also provide, among other things, for the issuance of a capital directive, which is a final order issued to a bank that fails to maintain minimum capital or to restore its capital to the minimum capital requirement within a specified time period. A capital directive is enforceable in the same manner as a final cease-and-desist order.

Prompt Corrective Action. Under Section 38 of the FDIA, each federal banking agency is required to implement a system of prompt corrective action for institutions which it regulates. The federal banking agencies have promulgated substantially similar regulations to implement the system of prompt corrective action established by Section 38 of the FDIA. Under the regulations, a bank shall be deemed to be: (i) well capitalized if it has a Total Risk Based Capital Ratio of 10.0% or more, a Tier 1 Risk Based Capital Ratio of 6.0% or more, a Leverage Capital Ratio of 5.0% or more and is not subject to any written capital order or directive; (ii) adequately capitalized if it has a Total Risk Based Capital Ratio of 8.0% or more, a Tier 1 Risk Based Capital Ratio of 4.0% or more and a Tier 1 Leverage Capital Ratio of 4.0% or more (3.0% under certain circumstances) and does not meet the definition of well capitalized; (iii) undercapitalized if it has a Total Risk Based Capital Ratio that is less than 8.0%, a Tier 1 Risk based Capital Ratio that is less than 4.0% or a Leverage Capital Ratio that is less than 4.0% (3.0% under certain circumstances); (iv) significantly undercapitalized if it has a Total Risk Based Capital Ratio that is less than 6.0%, a Tier 1 Risk Based Capital Ratio that is less than 3.0% or a Leverage Capital Ratio that is less than 3.0%; and (v) critically undercapitalized if it has a ratio of tangible equity to total assets that is equal to or less than 2.0%.

An institution generally must file a written capital restoration plan which meets specified requirements with an appropriate federal banking agency within 45 days of the date the institution receives notice or is deemed to have notice

Table of Contents

that it is undercapitalized, significantly undercapitalized or critically undercapitalized. A federal banking agency must provide the institution with written notice of approval or disapproval within 60 days after receiving a capital restoration plan, subject to extensions by the applicable agency.

An institution which is required to submit a capital restoration plan must concurrently submit a performance guaranty by each company that controls the institution. A guaranty is limited to the lesser of (i) an amount equal to 5.0% of the institution's total assets at the time the institution was notified or deemed to have notice that it was undercapitalized or (ii) the amount necessary at such time to restore the relevant capital measures of the institution to the levels required for the institution to be classified as adequately capitalized. A guaranty expires after the federal banking agency notifies the institution that it has remained adequately capitalized for each of four consecutive calendar quarters. An institution which fails to submit a written capital restoration plan within the requisite period, including any required performance guaranty, or fails in any material respect to implement a capital restoration plan, shall be subject to the restrictions in Section 38 of the FDIA which are applicable to significantly undercapitalized institutions.

A critically undercapitalized institution is to be placed in conservatorship or receivership within 90 days unless the FDIC formally determines that forbearance from such action would better protect the deposit insurance fund. Unless the FDIC or other appropriate federal banking regulatory agency makes specific further findings and certifies that the institution is viable and is not expected to fail, an institution that remains critically undercapitalized on average during the fourth calendar quarter after the date it becomes critically undercapitalized must be placed in receivership. The general rule is that the FDIC will be appointed as receiver within 90 days after a bank becomes critically undercapitalized unless extremely good cause is shown and an extension is agreed to by the federal regulators. In general, good cause is defined as capital which has been raised and is imminently available for infusion into a bank except for certain technical requirements which may delay the infusion for a period of time beyond the 90 day time period.

Immediately upon becoming undercapitalized, an institution shall become subject to the provisions of Section 38 of the FDIA, which (i) restrict payment of capital distributions and management fees; (ii) require that the appropriate federal banking agency monitor the condition of the institution and its efforts to restore its capital; (iii) require submission of a capital restoration plan; (iv) restrict the growth of the institution's assets; and (v) require prior approval of certain expansion proposals. The appropriate federal banking agency for an undercapitalized institution also may take any number of discretionary supervisory actions if the agency determines that any of these actions is necessary to resolve the problems of the institution at the least possible long-term cost to the deposit insurance fund, subject in certain cases to specified procedures. These discretionary supervisory actions include: requiring the institution to raise additional capital; restricting transactions with affiliates; requiring divestiture of the institution or the sale of the institution to a willing purchaser; and any other supervisory action that the agency deems appropriate. These and additional mandatory and permissive supervisory actions may be taken with respect to significantly undercapitalized and critically undercapitalized institutions.

Additionally, under Section 11(c)(5) of the FDIA, a conservator or receiver may be appointed for an institution where: (i) an institution's obligations exceed its assets; (ii) there is substantial dissipation of the institution's assets or earnings as a result of any violation of law or any unsafe or unsound practice; (iii) the institution is in an unsafe or unsound condition; (iv) there is a willful violation of a cease-and-desist order; (v) the institution is unable to pay its obligations in the ordinary course of business; (vi) losses or threatened losses deplete all or substantially all of an institution's capital, and there is no reasonable prospect of becoming adequately capitalized without assistance; (vii) there is any violation of law or unsafe or unsound practice or condition that is likely to cause insolvency or substantial dissipation of assets or earnings, weaken the institution's condition, or otherwise seriously prejudice the interests of depositors or the insurance fund; (viii) an institution ceases to be insured; (ix) the institution is undercapitalized and has no reasonable prospect that it will become adequately capitalized, fails to become adequately capitalized when required to do so, or fails to submit or materially implement a capital restoration plan; or (x) the institution is critically undercapitalized or otherwise has substantially insufficient capital.

Regulatory Enforcement Authority. Federal banking law grants substantial enforcement powers to federal banking regulators. This enforcement authority includes, among other things, the ability to assess civil money penalties, to issue cease-and-desist or removal orders and to initiate injunctive actions against banking organizations and

Table of Contents

institution-affiliated parties. In general, these enforcement actions may be initiated for violations of laws and regulations and unsafe or unsound practices. Other actions or inactions may provide the basis for enforcement action, including misleading or untimely reports filed with regulatory authorities.

Deposit Insurance Premiums. The FDIA establishes a risk based deposit insurance assessment system. Under applicable regulations, deposit premium assessments are determined based upon a matrix formed utilizing capital categories - well capitalized, adequately capitalized and undercapitalized - defined in the same manner as those categories are defined for purposes of Section 38 of the FDIA. Each of these groups is then divided into three subgroups which reflect varying levels of supervisory concern, from those which are considered healthy to those which are considered to be of substantial supervisory concern. The matrix so created results in nine assessment risk classifications, with rates ranging from 0.04% of insured deposits for well capitalized institutions having the lowest level of supervisory concern, to 0.31% of insured deposits for undercapitalized institutions having the highest level of supervisory concern. In general, while the Bank Insurance Fund of the FDIC (BIF) maintains a reserve ratio of 1.25% or greater, no deposit insurance premiums are required. When the BIF reserve ratio falls below that level, all insured banks would be required to pay premiums

ITEM 3. LEGAL PROCEEDINGS.

Indian River and Indian River Bank are involved from time to time in routine legal proceedings occurring in the ordinary course of business. In the opinion of management, the final disposition of these matters will not have a material adverse effect on Indian River's financial condition or results of operations.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

No matters were submitted to a vote of security holders during the fourth quarter of the year ended December 31, 2002.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

As of December 31, 2002, there were 1,966,378 shares of common stock outstanding, held of record by approximately 869 shareholders. On February 14, 2003, Indian River paid a 10% stock dividend to shareholders of record on January 31, 2003, increasing the number of outstanding shares of common stock to 2,162,631, after adjustment for the elimination of fractional shares.

As of December 31, 2002, there were outstanding options to purchase 162,200 shares of common stock pursuant to Indian River's stock option plans, of which 130,901 were presently exercisable.

There does not currently exist an organized public trading market for shares of Indian River common stock. Trading in the common stock has been sporadic and consists mainly of private trades conducted without brokers. The table below shows information relating to Indian River's share price history for the past two fiscal years and through January 2003. Prices have been adjusted to reflect the 10% stock dividends paid in February 2001, January 2002 and February 2003. High and low sales prices reflect trades known to Indian River, and do not necessarily reflect all trades which occurred. Since October 2001, when Indian River ceased acting as its own transfer agent, we are aware of only a small percentage of the prices at which transactions occur. There are other trades of which we are either not aware, or for which we are not aware of the price. These trades and transactions do not necessarily reflect the intrinsic or market values of the common stock.

Dividends. Holders of the common stock are entitled to receive dividends as and when declared by the Board of Directors. Indian River has paid stock dividends for each of the last twelve years and currently intends to continue the payment of such dividends. Indian River has not paid cash dividends during such period, electing to retain earnings to support growth, and currently expects that it will continue to retain earnings to support growth. Future dividends will depend primarily upon Indian River Bank's earnings, financial condition, and need for funds, as well as governmental policies and regulations applicable to Indian River and Indian River Bank. There can be no assurance, however, that Indian River and Indian River Bank will continue to have earnings at a level sufficient to support the payment of dividends or that either entity will in the future elect to pay dividends. As Indian River Bank is the primary

D-11

Table of Contents

source of funds for payment of dividends by Indian River, the inability of Indian River Bank to pay dividends could adversely affect the ability of Indian River to pay dividends.

Regulations of the OCC place a limit on the amount of dividends Indian River Bank may pay without prior approval. Prior approval of the OCC is required to pay dividends which exceed Indian River Bank's net profits for the current year plus its retained net profits for the preceding two calendar years, less required transfers to surplus. At December 31, 2002, the amount available for the payment of dividends by Indian River Bank without prior approval was approximately \$9 million. The Federal Reserve and the OCC also have authority to prohibit a bank from paying dividends if the Federal Reserve or the OCC deems such payment to be an unsafe or unsound practice.

The Federal Reserve has established guidelines with respect to the maintenance of appropriate levels of capital by registered bank holding companies. Compliance with such standards, as presently in effect, or as they may be amended from time to time, could possibly limit the amount of dividends that Indian River may pay in the future. In 1985, the Federal Reserve issued a policy statement on the payment of cash dividends by bank holding companies. In the statement, the Federal Reserve expressed its view that a holding company experiencing earnings weaknesses should not pay cash dividends exceeding its net income, or which could only be funded in ways that weakened the holding company's financial health, such as by borrowing.

As a depository institution, the deposits of which are insured by the FDIC, Indian River Bank may not pay dividends or distribute any of its capital assets while it remains in default on any assessment due the FDIC. Indian River Bank is not currently in default under any of its obligations to the FDIC.

Recent Sales of Unregistered Securities. During 2001, Indian River issued 346 shares of common stock (as adjusted for the 10% stock dividend in February 2003) which were not registered under the Securities Act of 1933 to 36 non-officer employees of Indian River as awards under a stock grant program. The stock grant program awards one share of common stock for each year of service to employees upon their anniversary date, commencing with their fifth anniversary. No cash consideration or other property was received for the awards, which if considered sales, are exempt under Section 4(2) of the Securities Act.

At September 30, 2002, the Indian River's new wholly owned statutory business trust, Indian River Capital Trust I (the "Trust"), issued \$7.0 million of floating rate preferred capital securities to a third party. The Trust invested the proceeds in an equivalent amount of junior subordinated debt securities of Indian River bearing an interest rate equal to the coupon rate on the securities issued by the Trust. After the payment of placement fees, Indian River received an aggregate of \$6,790,000 from these transactions. The net proceeds received by Indian River will be used for the general corporate purposes of Indian River and Indian River Bank, including supporting continued expansion activities through the establishment and/or acquisition of additional branch offices and possible corporate acquisitions. The subordinated debt securities, which are the sole assets of the Trust, are subordinate and junior in right of payment to all present and future senior debt (as defined in the indenture) and certain other financial obligations of Indian River. Indian River and the Trust issued these securities in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933, as amended.

RESULTS OF OPERATIONS

2002 COMPARED TO 2001

NET INCOME. Indian River had income before income taxes of \$8.9 million for the year ended December 31, 2002 compared to \$5.8 million for the year ended December 31, 2001. Net income totaled \$5.5 million for the year ended December 31, 2002, an increase of \$1.8 million or 50.2% compared to net income in 2001. Basic earnings per share were \$2.57 in 2002 compared to \$1.72 in 2001 (as adjusted for 10% stock dividends in February 2003 and January 2002). Return on average equity was 17.8% for the year ended December 31, 2002, as compared to 14.6% for the year ended December 31, 2001. Return on average assets for 2002 was 1.3% as compared to 1.0% for 2001.

NET INTEREST INCOME. Net interest income is the difference between interest income on earning assets and interest expense on deposits and other borrowed funds. Net interest income for the year ended December 31, 2002 totaled \$16.3 million compared to \$13.3 million in 2001, reflecting an increase of \$3.0 million or 22.3%. Total interest income totaled \$25.5 million in 2002 compared to \$26.0 million in 2001. This decrease was primarily the result of decreases of \$747 thousand in interest and fees on loans. The increase in average outstanding loan balances from \$210.5 million in 2001 to \$224.5 million in 2002 was offset by a decrease in the average loan rates earned, which decreased to 7.52% in 2002 from 8.37% in 2001. Interest expense for 2002 decreased by \$3.5 million from 2001. The decrease in interest expense was due to a decrease in the average rate paid to 2.74% in 2002 from 4.33% in 2001. This decrease of rates paid offset an increase in average interest-bearing deposits and other borrowed funds of approximately \$43.2 million. The decrease in rates paid was partially the result of prior time deposit specials at a higher rate that did not mature until 2002; those that renewed did so at the current lower market rate.

The average yield on earning assets for the year ended December 31, 2002, was 6.41% compared to 7.53% in 2001. The average rate paid on interest bearing liabilities in 2002 was 2.74% compared to 4.33% in 2001. The average time deposit rate paid decreased from 5.56% in 2001 to 3.53% in 2002. The average interest rate paid on other borrowed funds in 2002 was 3.44% compared to 4.53% in 2001. Net interest margin is

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

the ratio of net interest income to average earning assets. For the year ended 2002, net interest margin was 4.09% compared to 3.85% for the year ended December 31, 2001. The following table illustrates the analysis of Indian River's average balances, yields and changes in net interest income for the fiscal years indicated.

D-14

Table of Contents

PROVISION FOR LOAN LOSSES. The provisions for loan losses added \$620 thousand to the allowance for loan losses in 2002 compared to \$600 thousand in 2001. Total charge-offs, net of recoveries, were approximately \$181 thousand in 2002 and \$233 thousand in 2001.

NON-INTEREST INCOME. Non-interest income for the year ended December 31, 2002 was \$5.0 million compared to \$3.9 million in 2001, an increase of \$1.1 million or approximately 27.41%. The increase in deposit fee income of \$220 thousand, or 13.32% over 2001 levels, resulted primarily from the increased volume of accounts and Indian River Bank's branches opened in 2001. The increase in gains on sale of securities of \$591 thousand, or 267%, over 2001 levels reflected Indian River's decision to decrease the percentage of corporate bonds held to less than 10% of the total investment portfolio, electing to purchase mortgage backed securities and CMO's. See investment activity section under financial condition.

NON-INTEREST EXPENSE. Total non-interest expense for the year ended December 31, 2002 of \$11.8 million reflected an increase of approximately \$0.9 million, or 8.91%, primarily as a result of increase in personnel costs and other operating expenses. Salaries and benefits expense increased by \$0.4 million, or 7.15%, in 2002, to \$6.0 million compared to \$5.6 million in 2001. The increase in salary and benefits expense in 2002 is primarily due to the hiring of additional staff to support the growth of Indian River. Non interest expense in 2001 included nonrecurring non-interest expenses of approximately \$357 thousand after taxes relating to payment in connection with the resignation of a former officer. Occupancy and equipment expense of \$1.6 million increased in 2002 by \$0.1 million, or 5.14%, as compared to 2001. Other operating expenses of \$4.3 million increased by \$0.5 million, or 13.00%, in 2002.

TAXES ON INCOME. Income tax expense totaled \$3.3 million for 2002 compared to income tax expense of \$2.1 million in 2001.

2001 COMPARED TO 2000

NET INCOME. Indian River had income before income taxes of \$5.8 million for the year ended December 31, 2001 compared to \$4.1 million for the year ended December 31, 2000. Net income totaled \$3.7 million the year ended December 31, 2001, an increase of \$1.1 million or 39.9% compared to net income in 2000. Basic earnings per share were \$1.72 in 2001 compared to \$1.37 in 2000 (as adjusted for 10% stock dividends in February 2003, January 2002 and February 2001). Return on average equity was 14.6% for the year ended December 31, 2001, as compared to 16.0% for the year ended December 31, 2000. The decline in return on equity during 2001 as compared to 2000 in part reflects the sale in the fourth quarter of 2000 of 207,828 shares of common stock, for gross proceeds of approximately \$5.1 million. Return on average assets for 2001 was 1.02% as compared to 0.85% for 2000.

NET INTEREST INCOME. Net interest income is the difference between interest income on earning assets and interest expense on deposits and other borrowed funds. During 2001 net interest income, rates earned on loans and investments and rates paid on deposits and other borrowings were impacted by the activities of the Federal Reserve in lowering market interest rate benchmarks on eleven occasions, by an aggregate of 475 basis points. Net interest income for the year ended December 31, 2001 totaled \$13.3 million compared to \$11.5 million in 2000, reflecting an increase of \$1.8 million or 16.02%. Total interest income totaled \$26.0 million in 2001 compared to \$24.0 million in 2000. This increase was primarily the result of increases of \$1.6 million in interest and fees on loans. The increase in earnings on loans was due to an increase in average outstanding loan balances from \$180.7 million in 2000 to \$210.5 million in 2001, offsetting a decrease in the average loan rates earned, which decreased to 8.37% in 2001 from 8.84% in 2000. Interest expense for 2001 increased by \$193 thousand from 2000. The increase in interest expense was due to an increase in average interest-bearing deposits and other borrowed funds of approximately \$39.4 million, offsetting a decrease in the average rate paid to 4.33% in 2001 from 4.93% in 2000.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

The average yield on earning assets for the year ended December 31, 2001, was 7.53% compared to 8.17% in 2000. The average rate paid on interest bearing liabilities in 2001 was 4.33% compared to 4.93% in 2000. The average interest rate paid on other borrowed funds in 2001 was 4.53% compared to 6.50% in 2000. Yields on savings accounts and certificates of deposits have not dropped as dramatically as market deposit rates in general due to certificate of deposit specials which were offered in 2000 and 2001 before the decline in market rates and also, a savings account special offered in connection with the opening of the Rockledge branch in April 2001, with a rate of 4.89% guaranteed until April 2002. Net interest margin is the ratio of net interest income to average earning assets. For the year ended

D-15

Table of Contents

2001, net interest margin was 3.85% compared to 3.91% for the year ended December 31, 2000. The following table illustrates the analysis of Indian River's average balances, yields and changes in net interest income for the fiscal years indicated.

PROVISION FOR LOAN LOSSES. The provisions for loan losses added \$600 thousand to the allowance for loan losses in 2001 compared to \$660 thousand in 2000. Total charge-offs, net of recoveries, were approximately \$234 thousand in 2001 and \$111 thousand in 2000.

NON-INTEREST INCOME. Non-interest income for the year ended December 31, 2001 was \$3.9 million compared to \$2.6 million in 2000, an increase of \$1.3 million or approximately 54.03%. The increase in deposit fee income of \$319 thousand, or 23.82% over 2000 levels, resulted primarily from the increased volume of accounts and Indian River Bank's branches opened in 2000 and 2001. The increase in gains on loans held for sale of \$674 thousand or 96.81% over 2000 levels reflected the high level of mortgage lending activity resulting from the significant decline in interest rates during 2001. Declines in mortgage lending and refinancing activity, which may result from a period of stable or increasing interest rates, may have an adverse affect on the volume of loans sold and gains therefrom in future periods. Also, positively affecting non interest income in 2001 was the \$221,000 in gains on the sale of securities, an increase of \$209,000, or 1,674%, from 2000. See investment activity section below.

NON-INTEREST EXPENSE. Total non-interest expense for the year ended December 31, 2001 of \$10.9 million reflected an increase of approximately \$1.6 million, or 16.58%, primarily as a result of increase in personnel costs and other operating expenses. Salaries and benefits expense increased by \$1.0 million, or 23.12%, in 2001, to \$5.6 million compared to \$4.6 million in 2000. Occupancy and equipment expense of \$1.5 million stayed the same for 2001 as compared to 2000. The increase in salary and benefits expense was in part a result of the establishment and staffing of the Rockledge branch, Indian River Bank's seventh, during 2001 and payments in connection with the resignation of a former officer. Other operating expenses of \$3.8 million increased by \$0.6 million or 17.75% in 2001. This was due in part to a \$327 thousand increase in service bureau cost. The higher costs reflect an increase in number of accounts and additional services, such as internet banking, bill pay, and ATM online transactions.

TAXES ON INCOME. Income tax expense totaled \$2.1 million for 2001 compared to income tax expense of \$1.4 million in 2000.

Investment securities and federal funds sold increased to \$189.5 million, a 22.85% increase from the \$154.3 million as of December 31, 2001. Total deposits increased by 14.46% to \$364.9 million.

INVESTMENT ACTIVITY. The securities portfolio represented approximately 41.12% and 37.07% of the Bank's assets as of December 31, 2002 and 2001, respectively. During 2002, Indian River's investment securities portfolio increased by \$44.3 million, or 30.70%. This increase in the securities portfolio reflects management's commitment to increasing the level of earning assets, enhances our liquidity level, and is a function of deposit growth and additional borrowings in excess of the loan funding and operational requirements of the Bank. The before tax unrealized gain on securities available for sale at December 31, 2002 was \$3.6 million as compared to \$1.6 million at December 31, 2001, an increase of \$2.0 million. The increase in value is primarily a result of the decline in market interest rates and the related increase of the market value of fixed rate bonds. In 2002, Indian River also undertook to restructure portfolio composition to reduce both credit and interest rate risk. Accordingly, the Company's exposure to corporate securities was reduced. Additionally, the Company's holdings of U.S. Government agency securities were reduced. Proceeds from these sales along with additional liquidity were reinvested in mortgage-backed instruments, both PAC CMO's (Planned Amortization Class - Collateralized Mortgage Obligations) and in adjustable rate mortgage securities. The PAC CMO investments were selected to provide anticipated consistent cash flows over shorter periods of time than the securities that were sold. As a result of the sale of the corporate bonds, the Bank has recognized gains in 2002. As of December 31, 2002, there were no issuers, other than the U.S. Government and its corporations and agencies, whose securities owned by Indian River had a book or market value exceeding ten percent of Indian River's stockholders' equity.

ALLOWANCE FOR LOAN LOSSES. The allowance for loan losses is a valuation reserve established by management in an amount it deems adequate to provide for losses in the loan portfolio. Management assesses the adequacy of the allowance for loan losses based upon a number of factors including, among others: analytical reviews of loan loss experience in relationship to outstanding loans and commitments; unfunded loan commitments; problem and non-performing loans and other loans presenting credit concerns; trends in loan growth, portfolio composition and quality; appraisals of the value of collateral; and management's judgment with respect to current and expected economic conditions and their impact on the existing loan portfolio.

The allowance for loan losses is increased by provisions for loan losses charged to expense. Charge-offs of loan amounts determined by management to be uncollectible or impaired decrease the allowance, and recoveries of previous charge-offs are added to the allowance.

Calculating the allowance for loan losses is divided into three primary allocation groups: (1) specific allocation loans, (2) past due / problem loans and (3) all other passing grade loans. For specific allocation loans, the bank has determined a reserve amount to set aside which it believes is sufficient to cover a collateral shortfall. Problem loans are identified by the Loan Officer, Loan Review, Asset Liability Committee or by the Examiners. Those loans identified as problem loans are assigned a risk grade. Loans graded special mention are multiplied by an inherent loss factor of 5% to determine the amount to be reserved. Loans graded substandard are multiplied by a loss factor of 10%, loans graded doubtful are multiplied by a loss factor of 50% and loans graded loss are multiplied by a loss factor of 100%. Inherent losses in past due loans are graded based on the number of days which the loan is past due, and are multiplied by the same loss factors as problem loans. Loans past due 30-59 are multiplied by a loss factor of 5%, loans past due 60-89 days are multiplied by 10% and loans past due 90 days are multiplied by a loss factor of 50%. All other loans are graded pass and are categorized into six loan groups (real estate loans are further sub-categorized) and multiplied by an historical experience factor to determine the appropriate level of the allowance for loan losses. Due to Indian River's low loss history, the historical experience factors are based on the FDIC quarterly banking profile report for all institutions. Indian River feels that these factors are better indication of overall loan performance in the nation. In addition to historical experience factors, Indian River also provides for losses due to economic factors, concentration of credit and portfolio composition changes.

At December 31, 2002, the allowance for losses was \$3.3 million or 1.40% of loans outstanding compared to \$2.8 million or 1.34% of loans outstanding as of December 31, 2001, an increase of \$439 thousand. This increase is attributable primarily to an increase in total loans outstanding. At December 31, 2002, non-accrual loans increased by \$546 thousand, or 410.53%, to \$678 thousand compared to \$133 thousand at December 31, 2001. This increase is primarily due to one commercial real estate loan for \$585 thousand. A specific loan loss reserve of \$100 thousand has been allocated to this loan. The allowance for loan losses coverage of non-accrual loans was 481% at December 31, 2002 compared to coverage of 2120% at December 31, 2001. See Note 1 to the Consolidated Financial Statements for additional information regarding the allowance for loan losses.

NON-PERFORMING ASSETS. Indian River Bank's non-performing assets, which are comprised of loans delinquent 90 days or more, non-accrual loans, and other real estate owned (OREO), totaled \$738 thousand at December 31, 2002 compared to \$290 thousand at December 31, 2001. The percentage of non-performing assets to total assets was 0.17% at December 31, 2002 compared to 0.07% December 31, 2001.

Non-performing loans constituted all of the non-performing assets at December 31, 2002 and December 31, 2001. Non-performing loans at December 31, 2002 consist of loans in non-accrual status in the amount of \$678 thousand and loans past due over ninety days of \$60 thousand compared to non-accrual loans of \$133 thousand and loans past due over ninety days of \$157 thousand at December 31, 2001.

Indian River Bank owned no other real estate owned at either December 31, 2002 or 2001. Generally, Indian River Bank would evaluate the fair value of each OREO property annually. These evaluations may be appraisals or other market studies. Credit card loans are placed on non-accrual when they are 180 days delinquent. All other consumer and commercial loans are placed on nonaccrual at 90 days or when determined to be uncollectible by management.

The following table shows the amounts of non-performing assets at the dates indicated.

At December 31, 2002, there were no performing loans considered potential problem loans, defined as loans which are not included in the past due, nonaccrual or restructured categories, but for which known information about possible credit problems causes management to have serious doubts as to the ability of the borrowers to comply with the present loan repayment terms. For the year ended December 31, 2002, \$37 thousand in gross interest income would have been recorded if the \$678 thousand of nonaccrual loans had been accruing interest throughout the period.

RELATED PARTY TRANSACTIONS. At December 31, 2002 the aggregate loans to directors of the Bank and their related interests and executive officers totaled approximately \$4.7 million. During the year \$2.9 million in new loans and advances was extended and \$2.0 million was paid on these loans to related parties.

DEPOSITS AND OTHER BORROWINGS. The principal sources of funds for Indian River Bank are core deposits (demand deposits, NOW accounts, money market accounts, savings accounts and certificates of deposit less than \$100,000) from the local market areas surrounding the bank's offices. The bank's deposit base includes transaction accounts, time and savings accounts and accounts which customers use for cash management and which provide the bank with a source of fee income and cross-marketing opportunities as well as a low-cost source of funds. Time and savings accounts, including money market deposit accounts, also provide a relatively stable and low-cost source of funding.

ASSET/LIABILITY MANAGEMENT AND QUANTITATIVE AND QUALITATIVE

DISCLOSURES ABOUT MARKET RISK.

Interest rate risk is that portion of the variation in the Company's performance attributable to changes in interest rates. Management closely monitors the Company's exposure to how changes in market conditions can impact the Indian River's future performance and considers strategies to reduce any negative results.

Interest rate risk takes place because of unbalanced changes in interest income and expense, and asset and liability market value when rates change. The imbalances flow through to create variability in net interest income, net income, and the market value of equity. The ultimate cause of interest rate risk is a repricing mismatch between the assets and liabilities on the Company's balance sheet and, if relevant, off-balance sheet positions.

Indian River's exposure to interest rate risk is managed primarily through the Company's strategy of selecting the types and terms of interest-earning assets and interest-bearing liabilities which generate favorable earnings, while limiting potential negative effects of changes in market interest rates. Since Indian River's primary source of interest-bearing liabilities is customer deposits, the ability to manage the types and terms of such deposits may be somewhat limited by customer preferences in the market areas served by the Company. Borrowings, which include FHLB advances, short-term borrowings and long-term borrowings, are generally structured with specific terms which in management's judgment, when aggregated with the terms for outstanding deposits and matched with interest-earning assets, mitigate Indian River's exposure to interest rate risk. The rates, terms and interest rate indices of Indian River's interest-earning assets result primarily from the Company's strategies of investing in loans and securities which permit the Company to limit its exposure to interest rate risk, together with credit risk, while achieving a positive interest rate spread from the difference between the income earned on interest-earning assets and the cost of interest-bearing liabilities.

Liquidity management enables us to maintain sufficient cash flow to fund operations and to meet financial obligations to depositors and borrowers. Indian River Bank's liquidity is enhanced by its ability to attract and retain deposits and by principal and interest payments on loans and maturing securities in the investment portfolio. Indian River Bank's core deposit base, consisting of demand deposits, money market, and savings accounts supplemented by other deposits of varying maturities and rates, contributes to liquidity. Our liquidity position, those assets invested in federal funds, mortgage backed securities, and obligations of the U.S. Government, its agencies and sponsored entities available for sale, of \$166.5 million at December 31, 2002, reflected an increase of \$85.2 million from December 31, 2001, or 95.5%. Funds available through short-term borrowings and asset maturities are considered adequate to meet all current needs. At December 31, 2002, Indian River had available credit of \$25.7 million under lines of credit with correspondent banks. Although management believes that the liquidity position is adequate, increased loan demand could have an adverse impact on liquidity. Indian River Bank also has available credit of \$4.3 million under its line with the Federal Home Loan Bank of Atlanta. This line may be utilized as a supplementary source of funding growth for the Bank. In addition, the Asset Liability Management Committee has established minimum standards and key ratios of asset quality and performance. These standards and ratios provide the framework for guidance and measurement. Management evaluates these standards and ratios on an ongoing basis.

In addition to periodic gap reports comparing the sensitivity of interest-earning assets and interest-bearing liabilities to changes in interest rates, management uses a quarterly model which measures Indian River's exposure to interest rate risk. The model calculates the present value of assets, liabilities, off-balance sheet financial instruments and equity at current interest rates, and at hypothetical higher and lower interest rates at various intervals. The present value of each major category of financial instrument is calculated by the model using estimated cash flows based upon weighted average contractual rates and terms at discount rates representing the estimated current market interest rate for similar financial instruments. The resulting present value of longer term fixed-rate financial instruments are more sensitive to change in a higher or lower market interest rate scenario, while adjustable-rate financial instruments largely reflect only a change in present value representing the difference between the contractual and discounted rates until the next interest rate repricing opportunity.

Table of Contents

The following table presents Indian River's exposure over the subsequent twelve month periods to immediate, hypothetical changes in interest rates at the dates indicated:

Change in Interest Rates (Basis Points)	December 31, 2002			December 31, 2001		
	Percentage Change in Net Interest income	Percentage Change in Net Income	Percentage Change in Market Value of Portfolio Equity	Percentage Change in Net Interest income	Percentage Change in Net Income	Percentage Change in Market Value of Portfolio Equity

-200	2.39%	4.00%	4.90%	-1.09%	-2.35%	5.92%

As the table indicates, the Bank is susceptible to lower earnings in a rising rate environment and will experience slightly higher earnings in a declining rate situation. The Bank has a negative GAP position which is reflected in the table.

Indian River has been in a liability sensitive position during 2001 and 2002, which is reflected in the above tables. The Company has developed strategies to bring the balance sheet into a more neutral position and will continue to implement these actions in 2003, although there can be no assurance that we will be successful in implementing such strategies, or that they will be appropriate strategies in light of future events and circumstances. The Company is sensitive to the economic environment and will restructure the repricing characteristics in a gradual manner to minimize major asset purchases at the bottom of the rate cycle.

Certain shortcomings are inherent in the method of analysis presented in the foregoing table. For example, although certain assets and liabilities may have similar maturities or repricing periods, they may react in different degrees to changes in market interest rates. Also, the interest rates on certain types of assets and liabilities may fluctuate in advance of changes in market interest rates, while interest rates on other types may lag behind changes in market rates. Additionally, certain assets, such as adjustable-rate mortgage loans, have features that restrict changes in interest rates on a short-term basis and over the life of the loan. Further, in the event of a change in interest rates, prepayment and early withdrawal levels could deviate significantly from those assumed in calculating the tables. Finally, the ability of many borrowers to service their debt may decrease in the event of a significant interest rate increase.

In addition, the previous table does not necessarily indicate the impact of general interest rate movements on Indian River's net interest income because the repricing of certain categories of assets and liabilities are subject to competitive and other pressures beyond the Company's control. As a result, certain assets and liabilities indicating as maturing or otherwise repricing within a stated period may in fact mature or reprice at different times and at different volumes.

Management uses the model to ascertain general levels of risk and to consider specific strategies to mitigate that risk.

The amount of assets and liabilities shown which re-price or mature during a particular period were determined in accordance with the earlier of term to re-pricing or the contractual terms of the asset or liability. Indian River Bank has assumed that its savings, interest checking, and money market accounts re-price daily. At December 31, 2002, the bank's one-year interest sensitivity gap (the difference between the amount of interest-earning assets and interest bearing liabilities, anticipated by the bank, based on certain assumptions, to mature or re-price within one year) as a percentage to total assets was -22.80%. This negative gap position means the bank had \$104.5 million more liabilities than assets re-pricing within one year. This generally indicates that in a period of increasing interest rates, the bank's net interest income may be negatively affected. Conversely, in a declining interest rate environment, the bank's net interest income may increase. However, this approach assumes that all re-pricing assets and liabilities will re-price the same way. Historical data indicates that certain deposit liabilities such as interest checking, savings, and money market deposits do not re-price the same way as other products and interest gap analysis tend to be more accurate when adjusted to reflect such behavior. No adjustments are included in the table presented. Indian River also monitors its exposure to changes in interest rates using models which measure the impact of assumed changes.

CAPITAL ADEQUACY. Total stockholders' equity was \$34.8 million at December 31, 2002 compared to \$27.7 million at December 31, 2001. The change represents an increase of \$7.1 million or 25.80%. This change is a result of earnings of \$5.5 million, net unrealized holding gains on

investment securities of \$1.3 million, and stock issued of \$0.3 million in 2002.

Table of Contents

At December 31, 2002, Indian River Bank's ratio of Tier 1 capital to total average assets equaled 7.40%, which exceeded the minimum leverage capital ratio of 4.00% by 3.40% and the minimum leverage ratio for well capitalized banks of 5.00% by 2.40%.

The ratio of Indian River's average equity to average assets for the years ended December 31, 2002, 2001 and 2000 was 7.39%, 6.96% and 5.32%, respectively.

Indian River monitors its capital levels and those of Indian River Bank in light of regulatory guidelines and requirements, and the anticipated nature and level of growth in assets. The ability of Indian River Bank to continue growth is dependent on its ability to increase its regulatory capital levels, through retained earnings, holding company borrowing, or the issuance of additional equity or debt securities. In the event that Indian River is unable to obtain additional capital on a timely basis, the growth of Indian River and Indian River Bank may be curtailed, and they could be required to reduce their level of assets in order to maintain compliance with regulatory capital requirements. Under those circumstances net income and the rate of growth of net income may be adversely affected. Indian River does not currently anticipate the inability to maintain compliance with regulatory capital requirements.

IMPACT OF INFLATION AND CHANGING PRICES

The Consolidated Financial Statements and Notes thereto have been prepared in accordance with accounting principles, generally accepted in the United States of America, which require the measurement of financial position and operating results in terms of historical dollars without considering the changes in the relative purchasing power of money over time due to inflation. The impact of inflation is reflected in the increased cost of operations. Unlike most industrial companies, nearly all of our assets and liabilities are monetary in nature. As a result, interest rates have a greater impact on our performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or to the same extent as the price of goods or services.

IMPACT OF NEW ACCOUNTING STANDARDS

Recently issued accounting standards are not expected to materially affect Indian River's financial statements.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of business: Indian River Banking Company and its wholly-owned subsidiaries (collectively referred to as the Bank) provide a full range of banking services to individual and corporate customers through its various locations in Indian River and Brevard Counties in Florida. Segment information is not presented since all of the Bank's revenue is attributed to a single reportable segment. The Bank is subject to competition from other financial institutions and nonfinancial institutions providing financial products. Indian River Banking Company is a financial holding company incorporated in the State of Florida.

Principles of consolidation: The accompanying consolidated financial statements include the accounts of Indian River Banking Company (Indian River) and its wholly-owned subsidiaries, Indian River National Bank (Indian River Bank), a federally-chartered independent community bank, Indian River Title Company, LLC, IRNB Insurance Services, LLC, and Indian River Capital Trust I, collectively referred to as the Bank. All significant intercompany accounts and transactions have been eliminated in consolidation.

Basis of accounting: The consolidated financial statements have been prepared in conformity with generally accepted accounting principles generally accepted in the United States of America and general practice within the banking industry. In preparing the consolidated financial statements, the Bank's management is required to make estimates and assumptions which significantly affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates, which are particularly susceptible to change in a short period of time, include the determination of the allowance for loan losses and the fair value of securities. Actual results could differ from those estimates.

Cash and cash equivalents: Cash and cash equivalents include cash on hand, amounts due from banks (including cash items in process of clearing), and federal funds sold. For purposes of reporting cash flows, loans and deposits are reported net. The Bank maintains amounts due from banks which, at times, may exceed federally-insured limits. The Bank has not experienced any losses in such accounts.

Investment in debt securities: Management determines the appropriate classification of securities as each individual security is acquired. In addition, the appropriateness of such classification is reassessed at each balance sheet date. The Bank's classifications of debt securities and related accounting policies are as follows:

Securities held to maturity: Held to maturity securities are those securities which the Bank has the ability and intent to hold until maturity. All other securities not included in held to maturity are classified as available-for-sale. Held to maturity securities are reported at amortized cost. The amortization of premiums and accretion of discounts, computed by the interest method over their contractual lives, are recognized in interest income.

Available-for-sale securities: Securities classified as available-for-sale are those debt securities that the Bank intends to hold for an indefinite period of time but not necessarily to maturity. Any decision to sell a security classified as available-for-sale would be based on various factors, including significant movements in interest rates, changes in the maturity mix of the Bank's assets and liabilities, liquidity needs, regulatory capital considerations, and other similar factors.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Securities available-for-sale are carried at fair value. Unrealized gains or losses, net of the related deferred tax effect, are reported as a separate component of accumulated other comprehensive income. Realized gains or losses, determined on the basis of the cost of specific securities sold, are included in earnings. The amortization of premiums and accretion of discounts, computed by the interest method over their contractual lives, are recognized in interest income.

Loans held for sale: Loans held for sale are carried at the lower of cost or market value in the aggregate. Net unrealized losses, if any, are recognized through a valuation allowance by charges to income.

Loans and allowance for loan losses: Loans are stated at the amount of unpaid principal, reduced by unearned discounts and fees and an allowance for loan losses.

Loan origination and commitment fees and certain direct loan origination costs are being deferred and amortized, using the interest method, as an adjustment of the related loan's yield. The Bank is amortizing these amounts over the contractual lives of the loans, adjusted for prepayments. Commitment fees which are based upon a percentage of a customer's unused line of credit and fees related to standby letters of credit are recognized over the commitment period.

Interest on loans is recognized over the terms of the loans and is calculated using the simple-interest method on principal amounts outstanding. For impaired loans, accrual of interest is generally discontinued when, in the opinion of management, there is an indication that the borrower may be unable to make payments as they become due. Interest on these loans is recognized only when actually paid by the borrower if collection of the principal is likely to occur. Accrual of interest is generally resumed when the customer is current on all principal and interest payments.

The allowance for loan losses is maintained to provide for estimated losses in the loan portfolio that have been incurred as of the balance sheet date. In establishing the allowance, management (1) makes specific allocations for certain non-performing loans based on management's estimates of collateral shortfall, (2) applies loss factor percentages to the balances of identified loans in each category of problem and past due loans, and (3) applies loss factor percentages to balances of performing loans in each category of loans. Loss factor percentages are determined taking into consideration the risk characteristics of the loan portfolio, past charge-off experience of the Bank and its peer group, general economic conditions, and other factors that warrant current recognition. While management uses the best information available to make its evaluation, the allowance could change materially within the next year if there are significant changes in economic conditions.

As adjustments to the allowance for loan losses become necessary, they are reflected as a provision for loan losses in current-period earnings. Actual loan charge-offs are deducted from and subsequent recoveries are added to the allowance.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

A loan is considered to be impaired when it is probable that the Bank will be unable to collect all principal and interest amounts according to the contractual terms of the loan agreement. Under this definition, management considers loans that have been placed on nonaccrual status or which have been renegotiated in a troubled debt restructuring to be impaired. Larger groups of smaller balance homogeneous loans are collectively evaluated for impairment. Accordingly, the Bank does not separately identify individual consumer and residential loans for impairment disclosures.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The allowance for loan losses related to loans identified as impaired is based on discounted expected future cash flows (using the loan's initial effective interest rate), the observable market value of the loan, or the estimated fair value of the collateral for certain collateral dependent loans.

Transfers of financial assets: Transfers of financial assets are accounted for as sales only when control over the assets has been surrendered. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the Bank, (2) the transferee obtains the right to pledge or exchange the assets it received, and no condition both constrains the transferee from taking advantage of its right to pledge or exchange and provides more than a modest benefit to the transferor, and (3) the Bank does not maintain effective control over the transferred assets through an agreement to repurchase them before their maturity or the ability to unilaterally cause the holder to return specific assets.

Credit related financial instruments: In the ordinary course of business, the Bank has entered into commitments to extend credit, including commitments under standby letters of credit. Such financial instruments are recorded when they are funded.

Bank premises and equipment: Bank premises and equipment are stated at cost less accumulated depreciation. Depreciation is computed using accelerated and straight-line methods over the following estimated useful lives:

	<u>Years</u>
Land improvements	3 - 20
Buildings and improvements	5 - 39
Leasehold improvements	5 - 15
Furniture, fixtures and equipment	3 - 10

Income taxes: Indian River and its subsidiaries file consolidated income tax returns. Deferred taxes are provided on an asset and liability method whereby deferred tax assets are recognized for deductible temporary differences, and operating loss or tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the amounts of assets and liabilities recorded for income tax and financial reporting purposes. Deferred tax assets are reduced by a valuation allowance when management determines that it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Other revenue recognition: Revenue from insurance, realty, trust and services and services charges and fees on customer deposits is recognized as the services are provided.

Stock-based compensation: The Bank has three stock-based employee compensation plans, which are described more fully in Note 10. The Bank accounts for those plans using the intrinsic value method provided under APB Opinion No. 25, Accounting for Stock Issued to Employees.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Generally, the Bank has recognized no compensation cost for stock options granted, as all options granted had an exercise price equal to the estimated market value of the underlying common stock on the date of grant. Option holders may elect a cashless exercise of their vested options, under which they receive shares of common stock with a fair value equal to the intrinsic value of the options at the date of exercise, without any payment. Those option awards expected to be exercised via this cashless exercise are accounted for as variable plan awards and, as such, the Bank recognizes compensation expense equal to the change in the intrinsic value of such options during the period. The following table illustrates the effect on net income and earnings per share if the Bank had applied fair value recognition provisions to stock-based employee compensation.

Earnings per share: Basic earnings per-share amounts are computed by dividing net income (the numerator) by the weighted-average number of common shares outstanding adjusted for stock dividends and splits occurring subsequent to year-end (the denominator). Diluted earnings per-share amounts assume the conversion, exercise or issuance of all potential common stock instruments unless the effect is to reduce the loss or increase the income per common share from continuing operations, and is determined using the treasury stock method.

Fair value of financial instruments: The Bank discloses fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases, could not be realized in immediate settlement of the instrument. Certain financial instruments and all nonfinancial assets and liabilities have been excluded from the disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Bank.

The fair value estimates presented are based on pertinent information available to management as of December 31, 2002 and 2001. Although management is not aware of any factors that would significantly affect the estimated fair value amount, such amounts have not been comprehensively revalued for purposes of these financial statements since these dates and therefore, current estimates of fair value may differ significantly from the amounts presented in these financial statements.

Reclassification: Certain amounts in the Consolidated Statements of Income for year ended December 2001 have been reclassified to conform to classifications for year ended December 31, 2002.

Recently issued accounting standards: Recently issued accounting standards are not expected to materially affect the Bank's financial statements.

NOTE 10. STOCK BASED COMPENSATION

Under the terms of the 1999 Stock Option Plan, options to purchase shares of Indian River's common stock may be granted to directors and key officers/employees at a price that is not less than the fair market value of such stock at the date of the grant. Options granted to employees under the plan may be designated as incentive stock options. All options expire no more than ten years from the date of the grant, or three months after an employee's termination. In accordance with the plan, the aggregate number of shares for which options may be granted, the number of shares covered for each outstanding option, and the exercise price per share for each such option shall be proportionately adjusted for the payment of stock dividends or similar adjustments to the number of shares of common stock effected without the receipt of consideration by Indian River. At December 31, 2002, the number of shares eligible to be issued under the Plan was 366,025, and approximately 163,000 shares remained available for granting.

In December 1999, the Board of Directors adopted the Director Fee Stock Option Plan, under which each director is entitled to receive options to purchase shares of common stock in lieu of cash compensation for attendance at committee meetings. Options granted have an exercise price equal to the fair value of the common stock at the date of grant.

In 2001, Indian River adopted the Employee Tenure Stock Grant Plan, under which non-executive officer employees are granted one share of common stock for each year of service upon the anniversary date of their employment with Indian River, commencing with their fifth anniversary. In 2001, 315 shares of stock were granted. In 2002, 5,500 shares of common stock were authorized for issuance under this plan and 426 were granted.

A summary of the options activity for the years ended December 31, 2002, 2001 and 2000 is presented below (after adjusting for 10% stock dividends in 2002, 2001 and 2000, a 2 for 1 stock split effective March 31, 2000, and a 10% stock dividend declared in January 2003).

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for grants in 2002, 2001, and 2000, respectively: risk-free interest rates of 4.8%, 5.1%, and 6.4%, no dividends and expected lives of 8 years, 7 years, and 7 years. Volatility was assumed to be zero because there is currently no market for Indian River's stock. The weighted-average fair value of options granted during 2002, 2001, and 2000 were \$7.67, \$6.71, and \$5.77, respectively.

NOTE 15. SALARY SAVINGS 401(K) PLAN

The Bank sponsors a Salary Savings 401(k) Plan under which the Bank may elect to make discretionary contributions as may be determined by the Board of Directors. The Bank contributed \$121 thousand, \$106 thousand, and \$82 thousand for the years ended December 31, 2002, 2001, and 2000, respectively.

NOTE 16. RESTRICTIONS ON RETAINED EARNINGS AND REGULATORY MATTERS

Indian River Bank is subject to the dividend restrictions set forth by the Office of the Comptroller of the Currency (OCC). Under such restrictions, the Bank may not, without the prior approval of the OCC, declare dividends in excess of the sum of the current year's earnings (as defined) plus the retained earnings (as defined) from the prior two years. The dividends, as of December 31, 2002, that the Bank could declare, without the approval of the OCC, amounted to approximately \$9 million.

Indian River (on a consolidated basis) and Indian River Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, Indian River and Indian River Bank must meet specific capital guidelines that involve quantitative measures of their assets, liabilities, and certain off-balance-sheet items as calculated under regulatory accounting practices. The capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings, and other factors. Prompt corrective action provisions are not applicable to bank holding companies.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Quantitative measures established by regulation to ensure capital adequacy require Indian River and Indian River Bank to maintain minimum amounts and ratios (set forth in the table below) of total and Tier I capital to risk-weighted assets, and of Tier I capital to average assets (all as defined in the regulations). Management believes Indian River and Indian River Bank meet all capital adequacy requirements to which they are subject as of December 31, 2002.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 17. FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK

The Bank, in the normal course of business, is a party to financial instruments with off-balance-sheet risk to meet the financing needs of its customers. These financial instruments include commitments to extend credit and standby letters of credit. These instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amounts recognized on the balance sheet. The contractual amounts of these instruments reflect the Bank's involvement in particular classes of financial instruments.

The Bank's exposure to credit loss in the event of nonperformance by the counterparty to the financial instruments for commitments to extend credit and standby letters of credit is represented by the contractual amounts of those instruments. The Bank uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments.

These commitments were as follows at December 31, 2002 and 2001:

(Dollars in Thousands)	2002	2001
Commitments to extend credit	\$ 55,436	\$ 41,955
Credit card arrangements	3,968	4,000
Standby letters of credit	863	2,029
	<u>\$ 60,267</u>	<u>\$ 47,984</u>

Commitments to extend credit: Commitments to extend credit are commitments to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank evaluates each customer's creditworthiness on a case-by-case basis. The amount of collateral obtained, if any, is based on management's credit evaluation of the counterparty. Collateral held varies, but may include cash, accounts receivable, inventory, property, plant and equipment, and residential and commercial real estate.

Standby letters of credit: Standby letters of credit are conditional commitments issued by the Bank to guarantee the performance of a customer to a third party. Those guarantees generally have terms of one year or less. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan facilities to customers. The Bank holds collateral, which may include accounts receivable, inventory, equipment, and real estate, supporting those commitments if deemed necessary. In the event the customer does not perform in accordance with the terms of the agreement with the third party, the Bank would be required to fund the commitment. The maximum potential amount of future payments the Bank could be required to make is represented by the contractual amount shown in the summary above. If the commitment is funded the Bank would be entitled to seek recovery from the customer. At December 31, 2002 and 2001 no amounts have been recorded as liabilities for the Bank's potential obligations under these guarantees.

Credit card arrangements: Credit card arrangements represent unsecured commitments to extend credit, which may be terminated by the Bank.

NOTE 18. CONCENTRATIONS OF RISK

Most of the Bank's business activity is with customers located within its primary market area, which generally includes Central Florida. Included in the Bank's loan portfolio (see Note 4) is a concentration of loans related to real estate, a significant portion of which relates to residential real estate. A substantial portion of its debtors' abilities to honor their contracts is dependent upon the local economy. The economy of the Bank's primary market area is not heavily dependent on any individual economic sector.

Concentration by institution: The Bank also has a substantial concentration of funds with two banks at December 31, 2002. Such concentration consisted of federal funds sold and a deposit account balance that totaled \$10.5 million and \$18.8 million, at December 31, 2002 and 2001, respectively. The Bank has not experienced any losses on such accounts.

NOTE 20. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used by the Bank in estimating the fair value of its financial instruments:

Cash and cash equivalents: The carrying amounts reported in the consolidated balance sheets for cash and short-term instruments approximated their fair values.

Investment securities (including mortgage-backed securities): Fair values for investment securities are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments.

Loans receivable: For variable-rate loans that re-price frequently and with no significant change in credit risk, values are based on carrying values. Fair values for other loans are estimated based on discounted cash flows, using interest rates currently being offered for loans with similar terms to borrowers with similar credit quality. Management believes that the allowance for loan losses is an appropriate indication of the applicable credit risk associated with determining the fair value of its loan portfolio and the allowance has been deducted from the estimate fair value of loans.

Accrued interest receivable: The carrying amount of accrued interest receivable approximates its fair value.

Deposit liabilities: The fair values of demand deposits and passbook savings equal their carrying amounts which represent the amount payable on demand. The carrying amounts for variable-rate, fixed-term money market accounts and certificates of deposit approximate their fair value at the reporting date. Fair values for fixed-rate certificates of deposit are estimated using a discounted cash flow calculation that applies interest rates currently being offered on certificates to a schedule of aggregated expected monthly maturities on time deposits.

Other borrowings and trust preferred securities: The fair value of borrowings with variable interest rates approximates their recorded book value due to interest rates that are near market rates. Fair values for fixed-rate borrowings are estimated using a discounted cash flow calculation that applies interest rates currently available on similar borrowings to a schedule of aggregated expected monthly payments due on those borrowings.

Other liabilities: The carrying amount of other liabilities approximates their fair value.

Commitments to extend credit and other off-balance-sheet financial instruments: Consideration of the fair value of commitments to extend credit and letters of credit is based on fees charged to enter into similar agreements. Since the fees charged by the Bank are nominal, the estimate of fair value is negligible.

ITEM 14. CONTROLS AND PROCEDURES

Within the ninety days prior to the filing of this report, Indian River's management, under the supervision and with the participation of the Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of Indian River's disclosure controls and procedures, as defined in Rule 13a-14 under the Securities Exchange Act of 1934. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that Indian River's disclosure controls and procedures were adequate. There were no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in Indian River's internal controls or in other factors subsequent to the date of the evaluation that would significantly affect those controls.

NOTE 5. EARNINGS PER SHARE

Basic earnings per-share amounts are computed by dividing net income (the numerator) by the weighted-average number of common shares outstanding, adjusted for stock dividends and splits occurring subsequent to period-end (the denominator). Diluted earnings per-share amounts assume the conversion, exercise or issuance of all potential common stock instruments unless the effect is to reduce the loss or increase the income per common share from continuing operations. Diluted earnings per share are calculated using the Treasury Stock Method.

Following is information about the computation of the earnings per share data for the three and nine months ended September 30, 2003 and 2002 respectively (after adjusting for 10% stock dividends in 2003 and 2002):

NOTE 8. TRUST PREFERRED SECURITIES

On September 30, 2002, a wholly-owned statutory business trust established by Indian River issued \$7 million in guaranteed preferred beneficial interests in the trust (trust-preferred securities). The sole assets of the statutory business trust are a series of subordinated debentures of Indian River in the amount of \$7 million and related payments. Indian River has fully and unconditionally guaranteed the statutory business trust's obligations under the trust-preferred securities, to the extent set forth in the guarantee agreement.

The subordinated debentures are unsecured and subordinate to all senior debt (as defined) of Indian River. The subordinated debentures and the trust preferred securities bear interest at a variable rate of 3 month LIBOR plus 3.45%, 4.58% for the quarterly period ended September 30, 2003 and mature on November 7, 2032. They are redeemable in whole or in part on or after November 7, 2007. The trust preferred securities are subject to mandatory redemption, in whole or in part, upon repayment of the debentures at their maturity or earlier redemption.

NOTE 9. STOCK BASED COMPENSATION

Under the terms of the 1999 Stock Option Plan, options to purchase shares of Indian River's common stock may be granted to directors and key officers/employees at a price that is not less than the fair market value of such stock at the date of the grant. Options granted to employees under the plan may be designated as incentive stock options. All options expire no more than ten years from the date of the grant, or three months after an employee's termination. In accordance with the plan, the aggregate number of shares for which options may be granted, the number of shares covered for each outstanding option, and the exercise price per share for each such option shall be proportionately adjusted for the payment of stock dividends or similar adjustments to the number of shares of common stock effected without the receipt of consideration by Indian River. At September 30, 2003, the number of shares eligible to be issued under the Plan was 366,025 and approximately 130,000 shares remained available for granting.

In December 1999, the Board of Directors adopted the Director Fee Stock Option Plan, under which each director is entitled to receive options to purchase shares of common stock in lieu of cash compensation for attendance at committee meetings. Options granted have an exercise price equal to the fair value of the common stock at the date of grant.

The following is a summary of stock option transactions during the nine-month periods ended September 30, 2003 and 2002 (All options and option price per share information has been adjusted to reflect the stock dividend in 2002 and 2003):

Indian River accounts for its stock option plans using the intrinsic value method provided under APB Opinion No. 25, Accounting for Stock Issued to Employees. Generally, Indian River has recognized no compensation cost for stock options granted, as all options granted had an exercise price equal to the estimated market value of the underlying common stock on the date of grant. Option holders may elect a cashless exercise of their vested options, under which they receive shares of common stock with a fair value equal to the intrinsic value of the options at the date of exercise, without any payment. Those option awards expected to be exercised via this cashless exercise are accounted for as variable plan awards and, as such, Indian River recognizes compensation expense equal to the change in the intrinsic value of such options during the period. The following table illustrates the effect on net income and earnings per share if Indian River had applied fair value recognition provisions to stock-based employee compensation.

NOTE 9. STOCK BASED COMPENSATION (CONTINUED)

The fair value of each option granted is estimated on the date of the grant using the Black-Scholes option-pricing model with the following assumptions for grants during 2003: risk-free interest rate of 4.9%, no dividends and expected lives of 8 years. Volatility was assumed to be zero because there is currently no active market for Indian River's stock. The weighted-average fair value of options granted during 2003 was \$11.39.

NOTE 10. FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK

Indian River, in the normal course of business, is a party to financial instruments with off-balance-sheet risk to meet the financing needs of its customers. These financial instruments include commitments to extend credit and standby letters of credit. These instruments involve, to varying degrees, elements of credit and interest-rate risk in excess of the amounts recognized on the balance sheet. The contractual amounts of these instruments reflect Indian River's involvement in particular classes of financial instruments.

Indian River's exposure to credit loss in the event of nonperformance by the counterparty to the financial instruments for commitments to extend credit and standby letters of credit is represented by the contractual amounts of those instruments. Indian River uses the same credit policies in making commitments and conditional obligations as it does for on-balance-sheet instruments.

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since many of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. Indian River evaluates each customer's credit worthiness on a case-by-case basis. The amount of collateral obtained, if it is deemed necessary by Indian River upon extension of credit, is based on management's credit evaluation of the counter party.

Standby letters of credit are conditional commitments issued by Indian River to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loans to customers.

A summary of the amounts of Indian River's financial instruments, with off-balance sheet risk at September 30, 2003, follows:

Commitments to extend credit	\$ 63,908

On October 22, 2003 Indian River entered into of a definitive agreement with Alabama National BanCorporation (ANB) providing for the acquisition of Indian River by ANB. Under the agreement, Indian River shall be merged with and into ANB, and Indian River Bank will become a wholly owned subsidiary of ANB. FINANCIAL CONDITION

Total Assets

Indian River's total assets were \$518.8 million at September 30, 2003, a 13.2% increase from \$458.2 million at December 31, 2002. The increase in Indian River's asset base was due to deposit growth of \$45.3 million and a \$13.6 million increase in other borrowings.

Investments

Indian River's investment portfolio increased \$65.5 million during the first nine months of 2003, primarily as a result of a \$58.9 million growth in deposits and other borrowings. Net loans outstanding (both portfolio loans and loans held for sale) increased only \$1.1 million during the same period. Portfolio loans were up \$12.9 million, or 5.6% in the nine month period ending September 30, 2003 and loans held for sale declined \$11.8 million, or 89.3% during the same period. Due to processing delays with purchasers at year-end 2002, Indian River had a significantly higher amount of loans held for sale outstanding than is normal. During the nine months ended September 30, 2003, the average daily balance of loans held for sale was \$6.1 million compared to the \$13.2 million outstanding on December 31, 2002. During the first nine months of 2003 Indian River originated \$78.9 million of loans for sale, compared to \$43.0 million during the comparable period in 2002.

Table of Contents

During the first nine months of 2003 Indian River purchased \$207.8 million in securities. In addition to funding growth, Indian River's existing investment securities generated \$136.0 million in cash flow from sales, maturities, securities being called, and repayments on mortgage-backed securities. In investing excess funds in the current rate environment Indian River attempts to maximize return while minimizing possible adverse exposure to rising rates. In balancing these somewhat conflicting objectives, Indian River's purchases during the nine months ended September 30, 2003 were primarily weighted towards planned amortization class collateralized mortgage obligations, callable US Government agency securities and amortizing mortgage-backed securities with final maturities of ten years or less. These instruments should have the most stable average lives in the current rate environment. Indian River examines the investment portfolio's sensitivity to the effects of potential rising interest rates by monitoring overall portfolio duration. This is particularly critical during periods when excess cash results in significant purchases of investment securities. At September 30, 2003 the modified duration of Indian River's investment portfolio was 3.15 years compared to 2.54 years at December 31, 2002.

Loans

Loans totaled \$242.5 million at September 30, 2003, an increase of \$12.9 million, or 5.6%, from December 31, 2002. Loan growth since December 31, 2002 was in one-to-four family residential real estate loans (\$8.1 million, or a 9.2% increase), construction, land development and other land loans (\$552 thousand, or a 1.2% increase) nonfarm, nonresidential real estate loans (\$6.6 million or a 10.3% increase) and in agricultural related loans (\$384 thousand or a 21.5% increase). Indian River experienced net loan repayments in farmland related loans (\$-595 thousand or an 18.7% decrease) as well as in multi-family residential, commercial, consumer and other loans (-\$2.0 million or a 6.8% decrease).

Deposits

Indian River's deposits increased \$45.3 million, or 12.4%, from \$364.9 million at December 31, 2002 to \$410.2 million at September 30, 2003. Increases occurred in NOW and money market accounts (\$58.5 million, or 113.0%). The increase in NOW and money market account balances can be primarily attributed to a special money market rate that was offered with the opening of the new Sarno Road Branch, Indian River's eighth branch, during the first quarter of 2003 Indian River has implemented a deposit reclassification program to reduce the amount of reserves required to be maintained in accordance with Regulation D of the Federal Reserve. At September 30, 2003 Indian River had reclassified \$41.7 million of demand deposit account balances and \$40.9 million in NOW account balances as money market account balances. The deposit reclassification program was implemented on May 25th after notification to the Federal Reserve Bank of Atlanta and did not impact totals at December 31, 2002. Under Federal Reserve guidelines and subject to proper customer disclosure Indian River is able to sweep Demand deposit and NOW account balances into a corresponding money market account nightly as long as return sweeps do not exceed Federal Reserve limitations. Some of Indian River's demand deposit and NOW account balances are subject to a 10% reserve requirement while money market account balances are only subject to a 3% reserve requirement. Reclassification frees up additional non-earning assets for investment.

In the nine months ended September 30, 2003, savings accounts increased \$1.6 million, or 1.4%, while time deposit account balances decreased \$12.1 million, or 9.3%.

There was also a \$2.7 million, or 4.1%, decrease in noninterest bearing demand deposits. This can be primarily attributed to the movement of over \$10 million from a noninterest-bearing deposit to an overnight repurchase agreement account at the beginning of 2003. At year end 2002 the funds were moved out of the repurchase agreement account and into a noninterest bearing deposit account and moved back into a repurchase agreement account at the beginning of 2003.

Stockholders' Equity

Total stockholders' equity increased by \$1.4 million or 4.2%, during the first nine months of 2003. Net income of \$3.7 million and option exercises of \$296 thousand were offset by a \$2.6 million decrease in accumulated other comprehensive income (loss). Accumulated other comprehensive income (loss) for Indian River consists of the net unrealized gain or loss on securities available for sale.

Results of Operations

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2003 AND 2002

Net Income

For the first nine months of 2003, Indian River recorded net income of \$3.7 million. This was \$532 thousand, or 12.5%, less than the \$4.2 million in net income recorded for the first nine months of 2002. Basic earnings per share decreased \$0.27 during the nine months ended September 30, 2003, to \$1.71, compared to \$1.98 per share during the comparable period of 2002 (as adjusted to reflect the 10% stock dividends in 2003 and 2002). Diluted earnings per share decreased from \$1.94 to \$1.65 during the first nine months of 2003, compared to the same period in 2002. Before the effect of gains from security transactions, the Indian River earned \$3.6 million in the first nine months of 2003, compared to \$3.7 million earned in the first nine months of 2002. During the first quarter of 2002, Indian River began restructuring its investment portfolio to reduce credit and interest rate risk and exposure to corporate securities, and as a result recognized an unusually high level of gains.

Net interest income decreased \$482 thousand, or 4.0%, for the first nine months of 2003 compared to the same period in 2002. Other income rose \$845 thousand, or 22.5%, in the nine months ended September 30, 2003 compared to the comparable period in 2002. Indian River also noted an increase in other expenses of \$1.4 million, or 15.6%, in the first nine months of 2003 compared to the prior period. The provision for loan losses decreased \$85 thousand, or 19.3%.

Net Interest Income

Net interest income decreased to \$11.7 million for the first nine months of 2003 from \$12.2 million for the same period in 2002. Both interest income and interest expenses fell during the nine months ended September 30, 2003 compared to same period in 2002. The \$482 thousand, or 4.0%, decrease in net interest income was mainly the result of a \$1.2 million, or 6.4% decrease in interest income exceeding the \$743 thousand, or 10.5% decrease in interest expense. Yields on Indian River's interest-earning assets decreased by 149 basis points, and the rates paid on Indian River's interest-bearing liabilities decreased by 73 basis points. This resulted in a decrease in the interest rate spread to 2.94% for the first nine months of 2003 from 3.70% for the first nine months of 2002. Net interest margin also decreased to 3.29% from 4.14%. The ratio of average interest-earning assets to average interest-bearing liabilities for the first nine months of 2003 was 1.13, down slightly from the 1.18 for the first nine months of 2002.

Total interest income for the first nine months of 2003 was \$18.0 million compared to \$19.2 million for the same period in 2002. The main factor in the \$1.2 million, or 6.4%, decrease in interest income is due to the 149 basis point decrease in the average yields on interest-earning assets. This decrease more than offset the \$82.9 million, or 21.1%, increase in average interest-earning assets.

Indian River's average loans outstanding balance increased \$22.5 million, or 10.2%, and the related yield decreased to 6.72% for the first nine months of 2003 from 7.65% in 2002. During the same period, average investment securities balances increased \$65.0 million, or 40.2%, and the related yield decreased to 3.39% from 5.36%. Yields on investment securities were impacted more dramatically due to the increase in the total portfolio size from the first nine months of 2002. Additionally, the sale and call of investment securities during the first nine months of 2003 resulted in the reinvestment of the proceeds in lower yielding securities. Indian River's average federal funds sold decreased by \$4.6 million, or 47.7% and the related yield decreased to 1.13% for the first nine months of 2003 from 1.66% in 2002. The decrease in yields on earning assets

was partially offset by the 73 basis point decrease in average rates paid on deposits and other borrowings.

Table of Contents

Total interest expense for the first nine months of 2003 was \$6.3 million, a decrease of 10.5% from \$7.1 million for the same period in 2002. The decrease in total expense can be attributed to the decrease in the related rates on deposits and other borrowings, which offset the \$67.4 million, or 20.3%, increase in the average balances outstanding of interest-bearing liabilities for the first nine months of 2003 compared to the same period in 2002. The related average rate decreased to 2.13% for the first nine months of 2003 from 2.86% in 2002. The 35 basis point increase in rates on NOW and money market accounts reflect the deposit special offered in connection with the opening of the Sarno Road office in 2003. The average rate paid on certificates of deposit decreased to 2.79% for the first nine months of 2003, from 3.69% for the first nine months of 2002. Rates on other short term borrowings decreased from 2.08% in 2002 to 1.71% in 2003. Short term borrowings include federal funds purchased and overnight repurchase agreements. Rates on other long term borrowings decreased from 4.35% to 4.09%. Long term borrowings include Federal Home Loan Bank advances and trust preferred securities.

The following table provides certain information relating to Indian River's average consolidated balance sheets and reflects the interest income on interest-earning assets and interest expense of interest-bearing liabilities for the periods indicated and the average yields earned and rates paid for the periods indicated. These yields and costs are derived by dividing income or expense by the average daily balance of the related assets or liabilities for the periods presented.

Other Income

Other income increased by \$845 thousand, or 22.5%, for the first nine months of 2003 compared to the same period of 2002. This increase was the result of a \$548 thousand increase (+ 43.0%) in service charges and fees, a \$788 thousand increase (+76.2%) in gains on the sale of loans, and an increase in other income of \$155 thousand (+ 24.3%) that Indian River recognized during the first nine months of 2003 compared to the results for the first nine months of 2002. These increases were partially offset by a \$646 thousand decrease (-79.5%) in gain on the sale of securities.

The increase in service charge and fee income was primarily the result of the \$76.1 million, or 22.1%, increase in deposits since September 2002. Most of this growth (\$75.7 million or 99.5% of total deposit growth) has occurred in transactional related account types (demand deposits, NOW accounts and money market accounts) that generate fee income. Also contributing to this increase is an increase in fees earned on debit card transactions. These fees increased as a result of renegotiating a contract with a third party processor that allowed a greater percentage of network fees to be passed through to Indian River.

As noted Indian River had a \$788 thousand, or 76.2%, increase in gain on sale of loans, which is a result of the increase in 1-4 family real estate loans originated and then sold in the secondary market from approximately \$43.1 million to \$78.9 million. The gains and fees on mortgage loans held for sale are volatile as this source of income is highly sensitive to fluctuations in interest rates, consumer confidence, economic conditions nationally and in our market, and housing market conditions.

Other Expenses

Indian River's other expenses increased \$1.4 million, or 15.6%, for the first nine months of 2003 compared to the same period in 2002. The increase was primarily the result of a \$736 thousand, or 16.7%, increase in salaries and benefits. This is largely the result of the hiring of employees to staff the new Sarno Road Branch, which opened in February 2003. The new branch also has a loan operation department, requiring additional staff. Salaries and benefits expense was also negatively impacted by a significant increase in group hospitalization insurance premiums that went into effect in June 2002. These premiums were up \$107 thousand (+46.9%) in the nine months ended September 30, 2003 compared to the same period in 2002.

There was a \$224 thousand, or 19.1% increase in occupancy and equipment expenses and a \$194 thousand, or 20.0%, increase in data processing expense for the nine months ended September 30, 2003 compared to the same period 2002. These increases are primarily due to the opening of the Sarno Road Branch in early 2003. There was also a \$201 thousand, or 9.42%, increase in other operating expenses, also due to the increase in advertising and public relation expenses associated with the opening of the Sarno Road Branch.

Provision for Loan Losses

Indian River makes provisions for loan losses in amounts deemed necessary to maintain the allowance for loan losses at an appropriate level as determined by management. At September 30, 2003, total nonperforming loans totaled \$360 thousand, or 0.1% of total loans, compared to \$738 thousand, or 0.3% of total loans at December 31, 2002. The decrease is primarily due to the resolution of one nonperforming loan totaling \$585 thousand. The loan was sold without recourse to a private investor resulting in a \$65 thousand chargeoff to Indian River.

The allowance for loan losses is a valuation reserve established by management in an amount it deems adequate to provide for losses in the portfolio. Management assesses the adequacy of the allowance for loan losses based upon a number of factors including, among others: analytical reviews of loan loss experience in relationship to outstanding loans and commitments; unfunded loan commitments; problem and nonperforming loans and other loans presenting credit concerns; trends in loan growth, portfolio composition and quality; appraisals of the value of collateral; and management's judgment with respect to current and expected economic conditions and their impact on the existing loan portfolio.

E-20

Table of Contents

The allowance for loan losses is increased by provisions for loan losses charged to expense. Charge-offs of loan amounts determined by management to be uncollectable decrease the allowance, and recoveries of previous charge-offs are added to the allowance.

Calculating the allowance for loan losses is divided into three primary allocation groups: (1) specific allocation loans, (2) past due/problem loans and (3) all other passing grade loans. For specific allocation loans, the Bank has determined a reserve amount to set aside which it believes is sufficient to cover a collateral shortfall. As of September 30, 2003, Indian River had two loans with specific allocations in the aggregate amount of \$40,000. Problem loans are identified by the Asset Liability Committee and are assigned a risk grade. Loans graded special mention are multiplied by an inherent loss factor of 5% to determine the amount to be reserved. Loans graded substandard are multiplied by a loss factor of 10%, loans graded doubtful are multiplied by a loss factor of 50% and loans graded loss are multiplied by a loss factor of 100%. Past due loans are graded based on the number of days which the loan is past due, and are multiplied by the same loss factors as problem loans. Loans past due 30-59 days are graded special mention, loans past due 60-89 days are graded substandard and loans past due 90 days or more are graded doubtful. As of September 30, 2003, 7.38% of the allowance for loan losses reflected specific loan allocations and past due/problem loans. All other loans are graded pass and are categorized into six loan groups (real estate loans are further sub-categorized) and multiplied by an historical experience factor to determine the appropriate level of the allowance for loan losses. Due to Indian River's low loss history, the historical experience factors are based on FDIC quarterly banking profile report as of June 30, 2003 for all institutions. Indian River feels that these factors are a better indication of overall loan performance in the nation. The third quarter 2003 factors are: 0.12% for real estate loans, 1.37% for all non real estate commercial loans, 5.83% for credit card loans, 3.00% for consumer loans, 0.46% for non-real estate agricultural loans, and 0.25% for other revolving loans. In addition to historical experience factors, Indian River also provides for losses due to economic factors, concentration of credit and portfolio composition changes.

The following table allocates the allowance for loan losses by loan category, along with the percent of actual loans per category as of September 30, 2003 and December 31, 2002. The allocation of the allowance to each category is not necessarily indicative of future losses and does not restrict the use of the allowance to absorb losses in any category.

Nonperforming Assets. Indian River Bank's nonperforming assets, which are comprised of loans delinquent 90 days or more, nonaccrual loans, and other real estate owned (OREO), totaled \$378 thousand at September 30, 2003 compared to \$738 thousand at December 31, 2002. The percentage of nonperforming assets to total assets decreased to 0.1% at September 30, 2003 from 0.2% at December 31, 2002.

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Nonperforming assets at September 30, 2003 consisted of nonaccrual loans in the amount of \$356 thousand, loans past due over 90 days of \$4 thousand, and other real estate owned of \$18 thousand.

Indian River did not have any other real estate owned as of December 31, 2002. Indian River evaluates the fair value of each OREO property annually. These evaluations may be appraisals or other market studies.

Indian River charges off credit card loans when they are 120 days delinquent. All other consumer and commercial loans are placed on nonaccrual at 90 days delinquent or when determined uncollectable by management. The following table allocates the nonperforming loans by loan type.

For the nine months ended September 30, 2003, \$9 thousand in gross interest income would have been recorded if the \$360 thousand of nonaccrual loans had been accruing interest throughout this period.

At September 30, 2003, there were no performing loans considered potential problem loans, defined as loans which are not included in the past due, nonaccrual or restructured categories, but for which known information about possible credit problems causes management to have serious doubt as to the ability of the borrowers to comply with the present loan repayment terms.

Income Tax

Indian River's income tax was \$2.2 million, or 37.0% of income before taxes, for the first nine months of 2003 and \$2.6 million or 37.6% of income before income taxes, for the same period in 2002.

FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2003 AND 2002

Net Income

For the third quarter of 2003, Indian River recorded net income of \$1.3 million. This was \$145 thousand or 10.4%, less than the \$1.4 million in net income recorded for the third quarter of 2002. Basic earnings per share decreased \$0.07 during the three months ended September 30, 2003, to \$0.58, compared to \$0.65 per share during the comparable period of 2002 (as adjusted to reflect the 10% stock dividends in 2003 and 2002). Diluted earnings per share decreased from \$0.64 to \$0.56 during the third quarter of 2003, compared to the same period in 2002.

Net interest income declined \$663 thousand or 15.5%, in the third quarter of 2003 compared to the same period in 2002. Also impacting results in the three months ended September 30, 2003 compared to the same period in 2002 was an increase in other income of \$502 thousand, or 45.6%, a decrease in the provision for loan losses of \$90 thousand or 50.0%, an increase in other expenses of \$202 thousand, or 6.8%. There was a corresponding decrease in taxes on income of \$128 thousand, or 15.3%.

Table of Contents

Net Interest Income

Net interest income declined to \$3.6 million in the third quarter of 2003 from \$4.3 million for the same period in 2002. The \$663 thousand or 15.5% decrease in net interest income was the result of a \$777 thousand, or 12.1% decrease in interest income exceeding the \$114 thousand or 5.3% reduction in interest expense. Yields on Indian River's interest-earning assets decreased by 189 basis points, and the rates paid on Indian River's interest-bearing liabilities decreased by only 58 basis points. This resulted in a decrease in the interest rate spread to 2.54% for the third quarter of 2003 from 3.85% earned in the third quarter of 2002. Net interest margin also decreased to 2.88% from 4.25%. The ratio of average interest-earning assets to average interest-bearing liabilities in the third quarter of 2003 was 1.21, compared with the 1.18 in the third quarter of 2002.

Total interest income for the third quarter of 2003 was \$5.7 million compared to \$6.4 million for the same period in 2002. The main factor in the \$777 thousand, or 12.1%, decrease in interest income is due to the 189 basis point decrease in the average yields on interest-earning assets. This decrease more than offset the \$98.8 million, or 24.8%, increase in average interest-earning assets. Contributing to the overall decline in average yields was a shift in the composition of earning assets. In the third quarter of 2003, average loans comprised 49.9% of earning assets. During the comparable period in 2002 loans averaged 56.7%.

Indian River's average loans increased \$22.3 million, or 9.9% during the third quarter of 2003 compared to the same period in 2002 and the related yield decreased to 6.40% for the third quarter of 2003 from 7.47% in 2002. During the same period, average investment securities increased \$78.4 million, or 46.3%, and the related yield decreased to 2.63% from 5.07%. Yields on investment securities were impacted more dramatically due to the increase in the size of the total portfolio in the three months ended September 30, 2003 compared to the comparable period in 2002. Additionally, the increase in principal payments received during 2003 resulted in the reinvestment of the proceeds in lower yielding securities. Indian River's average federal funds sold decreased by \$2.0 million, or 59.1% and the related yield decreased to 0.96% in the third quarter of 2003 from 1.66% in 2002. The decrease in yields on earning assets was partially offset by the 76 basis point decrease in average rates paid on deposits and other borrowings.

Total interest expense for the three months ended September 30, 2003 was \$2.0 million, a decrease of 5.3% from \$2.2 million for the same period in 2002. The decrease in total expense can be attributed to the decrease in the related rates on deposits and other borrowings, which offset the \$75.9 million, or 22.6%, increase in the average balances outstanding of interest-bearing liabilities in the third quarter of 2003 compared to the same period in 2002. The related rate decreased to 1.97% for the three months ended September 30, 2003 from 2.55% in 2002. The 50 basis point increase in rates on NOW and money market accounts reflect the deposit special offered in connection with the opening of the Sarno Road office. The average rate paid on certificates of deposit decreased to 2.59% in the third quarter of 2003 from 3.29% in the third quarter of 2002. Rates on other short term borrowings decreased from 2.30% in 2002 to 1.60% in 2003. Short term borrowings include federal funds purchased and overnight repurchase agreements. Rates on other long term borrowings decreased from 4.39% to 4.11%. Long term borrowings include Federal Home Loan Bank advances and trust preferred securities.

Other Income

Other income increased by \$502 thousand, or 45.6%, in the three months ended September 30, 2003 compared to the same period of 2002. This increase was the result of a 45.1% (\$202 thousand) increase in service charges and fees on deposit accounts in the third quarter of 2003 compared to the same period in 2002 and a \$242 thousand (+69.7%) increase in gains on the sale of loans during the same period. These increases were partially offset by a \$62 thousand decline in gains on the sale of securities in the same period in 2002.

As noted in the discussion of results for the nine months ended September 30, 2003, the increase in service charge and fee income was primarily the result of the \$76.1 million, or 22.1%, increase in deposits since September 2002. Most of this growth (\$75.7 million or 95.5% of total deposit growth) has occurred in transactional related account types (demand deposits, NOW accounts and money market accounts) that generate fee income. Also contributing to this increase is an increase in fees earned on debit card transactions. These fees increased as a result of renegotiating a contract with a third party processor that allowed a greater percentage of network fees to be passed through to Indian River.

Indian River had a \$242 thousand or 69.7%, increase in gain on sale of loans, which is a result of the increase in 1-4 family real estate loans originated and then sold in the secondary market. The gains and fees on mortgage loans held for sale are volatile as this source of income is highly sensitive to fluctuations in interest rates, consumer confidence, economic conditions nationally and in our market, and housing market conditions.

Other Expenses

Indian River's other expenses increased by \$202 thousand, or 6.8%, in the third quarter of 2003 compared to the same period in 2002. The increase was primarily the result of a \$36 thousand, or 2.3%, increase in salaries and benefits.

There was a \$75 thousand, or 18.4%, increase in occupancy and equipment expense, again primarily due to the opening of the new Sarno Road Branch. There was a \$105 thousand, or 35.7%, increase in data processing expense for the three months ended September 30, 2003 compared to the same period 2002. The rise in data processing fees can be attributed to the increase in deposit account balances and the cost associated with servicing additional accounts.

Income Tax

Indian River's income tax was \$710 thousand, or 36.2% of income before taxes, in the third quarter of 2003 and \$838 thousand or 37.5% of income before taxes, for the same period in 2002.

Liquidity

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

Liquidity management enables us to maintain sufficient cash flow to fund operations and to meet financial obligations to depositors and borrowers. Indian River's liquidity is enhanced by its ability to attract and retain deposits and by principal and interest payments on loans and maturing securities in the investment portfolio. Indian River's core deposit base, consisting of demand deposits, money market, and savings accounts supplemented by other deposits of varying maturities and rates, contributes to liquidity. Our liquidity position, those assets invested in federal funds and securities available for sale of \$244.5 million at September 30, 2003, reflected an increase of \$67.2 million from December 31, 2002, or 37.9%. Funds available through short-term borrowing and asset maturities are considered adequate to meet all current needs. At September 30, 2003, Indian River had available credit of \$26.1 million under lines of credit at correspondent banks. Although management believes that the liquidity position is adequate, increased loan demand could have an adverse impact on liquidity. Indian River also has a \$57.9 million borrowing line with the Federal Home Loan Bank of Atlanta. The outstanding balance on this line decreased to \$38.3 million as of September 30, 2003, from \$38.6 at December 31, 2002. This line has been utilized by Indian River as a funding source at a lower cost, by locking in borrowings at lower rates. In addition, the Asset/Liability Management Committee has established minimum standards and key ratios of asset quality and performance. These standards and ratios provide the framework for guidance and measurement. Management evaluates these standards and ratios on an ongoing basis.

Capital Resources

In the first nine months of 2003, total stockholders' equity increased \$1.4 million, or 4.2%, as a result of earnings and option exercises which were partially offset by a decrease in accumulated other comprehensive income. Earnings contributed \$3.7 million to stockholders' equity for the nine month period. Accumulated other comprehensive losses decreased stockholders' equity by \$2.6 million during this nine month period.

Bank holding companies are required to maintain capital ratios in accordance with guidelines adopted by the Federal Reserve Board of Governors (FRB). The guidelines are commonly known as Risk-Based Capital Guidelines. On September 30, 2003, Indian River exceeded all capital requirements, having a total risk-based capital ratio of 14.4%, a Tier 1 risk-based capital ratio of 13.3%, and a leverage ratio of 8.5%. These ratios have increased in part due to the issuance of \$7 million aggregate liquidation amount of trust preferred securities, which are included in Tier 1 capital. See Note 8 to the Unaudited Consolidated Financial Statements for additional information. As of September 30, 2003, Indian River Bank also met the criteria for categorization as a well-capitalized institution under the prompt corrective action rules promulgated under the Federal Deposit Insurance Act, having total and tier 1 risk based capital ratios of 12.0% and 11.0%, and a leverage ratio of 7.0%. Designation of the Bank as a well-capitalized institution under these regulations does not constitute a recommendation or endorsement of Indian River Bank by Federal bank regulators.

Effects of Inflation

The condensed consolidated financial statements and related financial data presented herein have been prepared in accordance with accounting principles generally accepted in the United States of America and practices within the banking industry which require the measurement of financial position and operating results in terms of historical dollars without considering the changes in the relative purchasing power of money over time due to inflation. Unlike most industrial companies, virtually all the assets and liabilities of a financial institution are monetary in nature. As a result, interest rates have a more significant impact on a financial institution's performance than the effects of general levels of inflation.

Item 3 - Quantitative and Qualitative Disclosures About Market Risk.

Interest rate risk is that portion of the variation in Indian River's performance attributable to changes in interest rates. Management closely monitors Indian River's exposure to how changes in market conditions can impact the Indian River's future performance and considers strategies to reduce any negative results.

Interest rate risk takes place because of unbalanced changes in interest income and expense, and asset and liability market value when rates change. The imbalances flow through to create variability in net interest income, net income, and the market value of equity. The ultimate cause of interest rate risk is a repricing mismatch between the assets and liabilities on Indian River's balance sheet and, if relevant, off-balance sheet positions.

Indian River's exposure to interest rate risk is managed primarily through the Company's strategy of selecting the types and terms of interest-earning assets and interest-bearing liabilities which generate favorable earnings, while limiting potential negative effects of changes in market interest rates. Since Indian River's primary source of interest-bearing liabilities is customer deposits, the ability to manage the types and terms of such deposits may be somewhat limited by customer preferences in the market areas served by the Company. Borrowings, which

Edgar Filing: ALABAMA NATIONAL BANCORPORATION - Form 424B3

include FHLB advances, short-term borrowings and long-term borrowings, are generally structured with specific terms which in management's judgment, when aggregated with the terms for outstanding deposits and matched with interest-earning assets, mitigate Indian River's exposure to interest rate risk. The rates, terms and interest rate indices of Indian River's interest-earning assets result primarily from the Company's strategies of investing in loans and securities which permit the Company to limit its exposure to interest rate risk, together with credit risk, while achieving a positive interest rate spread from the difference between the income earned on interest-earning assets and the cost of interest-bearing liabilities.

Table of Contents

In addition to periodic gap reports comparing the sensitivity of interest-earning assets and interest-bearing liabilities to changes in interest rates, management uses a quarterly model which measures Indian River's exposure to interest rate risk. The model calculates the present value of assets, liabilities, off-balance sheet financial instruments and equity at current interest rates, and at hypothetical higher and lower interest rates (but not below 0%) at various intervals. The present value of each major category of financial instrument is calculated by the model using estimated cash flows based upon weighted-average contractual rates and terms at discount rates representing the estimated current market interest rate for similar financial instruments. The resulting present value of longer term fixed-rate financial instruments are more sensitive to change in a higher or lower market interest rate scenario, while adjustable-rate financial instruments largely reflect only a change in present value representing the difference between the contractual and discounted rates until the next interest rate repricing opportunity.

The following table presents Indian River's exposure over the subsequent twelve month periods to immediate, hypothetical changes in interest rates at the dates indicated:

Change in Interest Rates (Basis Points)	September 30, 2003			September 30, 2002		
	Percentage Change in Net Interest income	Percentage Change in Net Income	Percentage Change in Market Value of Portfolio Equity	Percentage Change in Net Interest Income	Percentage Change in Net Income	Percentage Change in Market Value of Portfolio Equity
+200	-4.08%	-8.34%	-50.14%	-4.83%	-10.13%	-18.60%
+100	-2.03%	-4.15%	-24.86%	-2.42%	-5.06%	-7.68%
0	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
-100	6.89%	3.41%	9.27%	2.42%	5.10%	3.06%
-200	5.99%	0.89%	10.95%	4.23%	8.86%	5.04%

As the table indicates, the Bank is susceptible to lower earnings in a rising rate environment and will experience slightly higher earnings in a declining rate situation. The Bank has a negative GAP position which is reflected in the table. The improvement in a 100 basis point declining rate scenario is a result of two factors: (1) the Bank's cost of funds has declined to the point that in the hypothetical downward shifts contemplated in the table, much of the bank's deposits would not earn any interest which would further reduce the cost of funds and (2) the Bank's projected loan growth has increased to the point that increased interest income would exceed the effects of accelerated repayments of loans and investments that are inherent in significant downward shifts in market rates. In a rising rate environment the Bank would be susceptible to lower net interest income (and consequently to lower net income) due to funding costs rising faster than the Bank's ability to reprice earning assets resulting in margin compression. In a 200 basis point declining rate scenario, the cost of the Bank's non-fixed term liabilities would drop to zero. However, a significant portion of the Bank's earning assets would experience accelerated repayment/refinancing and those cash flows would have to be reinvested at very low rates. A significant immediate increase in rates would slow down anticipated cash flows from both the loan and investment portfolios resulting less interest income from reinvesting those cash flows at higher rates.

The table also indicates that the Bank would experience a significant change in the market value of portfolio equity in the event of an immediate dramatic increase in interest rates. The Bank has experienced significant deposit growth (+\$45.3 million) in the nine months ended September 30, 2003 while loan growth has been essentially flat (+\$1.1 million). This situation combined with considerable cash flows from the investment portfolio (\$142.8 million in the nine months ended September 30, 2003) has resulted in sizeable purchase transactions in investment securities to reinvest liquidity. During the nine months ended September 30, 2003, the Bank has made \$208.8 million in security purchases which represents 82.2% of the security portfolio. Although these purchases were made at current market rates, a sudden, dramatic increase in market rates would result in a similar decrease in the market value of the investment portfolio and the subsequent impact on the Bank's equity in mark-to-market accounting. The Bank monitors this impact monthly and implements ongoing strategies to decrease portfolio duration which is a measure of the mark-to-market volatility. At September 30, 2003, the duration of the available for sale securities portfolio was 2.98 years. The Bank's goal is maintain portfolio duration at or below 3.00 years. Mark-to-market accounting and related adjustments have no impact upon regulatory capital measurements.

Table of Contents

Indian River has been in a liability sensitive position during 2003 and 2002, which is reflected in the above tables. The nature of Indian River's current asset and liability structure is such that it will be liability sensitive for the foreseeable future. Indian River monitors its GAP position and interest sensitivity position monthly to insure they stay within the established ranges.

Certain shortcomings are inherent in the method of analysis presented in the foregoing table. For example, although certain assets and liabilities may have similar maturities or repricing periods, they may react in different degrees to changes in market interest rates. Also, the interest rates on certain types of assets and liabilities may fluctuate in advance of changes in market interest rates, while interest rates on other types may lag behind changes in market rates. Additionally, certain assets, such as adjustable-rate mortgage loans, have features that restrict changes in interest rates on a short-term basis and over the life of the loan. Further, in the event of a change in interest rates, prepayment and early withdrawal levels could deviate significantly from those assumed in calculating the tables. Finally, the ability of many borrowers to service their debt may decrease in the event of a significant interest rate increase.

In addition, the previous table does not necessarily indicate the impact of general interest rate movements on Indian River's net interest income because the repricing of certain categories of assets and liabilities are subject to competitive and other pressures beyond the Company's control. As a result, certain assets and liabilities indicating as maturing or otherwise repricing within a stated period may in fact mature or reprice at different times and at different volumes.

Management uses the model to ascertain general levels of risk and to consider specific strategies to mitigate that risk

Item 4 - Controls and Procedures

Indian River's management, under the supervision and with the participation of Indian River's Chief Executive Officer and Chief Financial Officer, evaluated, as of the last day of the period covered by this report, the effectiveness of the design and operation of Indian River's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that Indian River's disclosure controls and procedures were adequate. There were no changes in the Company's internal control over financial reporting (as defined in Rule 13a-15 under the Securities Act of 1934) during the quarter ended September 30, 2003 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
