Item 5. Other Events

On January 30, 2004, the Oklahoma Corporation Commission (the Commission) approved a plan that will allow Oklahoma Natural Gas Company (ONG), a division of the ONEOK, Inc., to adjust its rates in order to recover certain costs not reflected in its current rate structure. Those costs include ONG's investment in service lines and cathodic protection, an increased level of uncollectible revenues, and a return on ONG investment in gas in storage. The Commission's order also approves a modified distribution main extension policy and authorizes ONG to defer future homeland-security costs as they are incurred.

The plan, jointly submitted by ONG, the staff of the Commission's Public Utility Division and the Oklahoma Attorney General's office, allows ONG additional annual revenue of \$17,650,000. The agreement authorizes the new rates to be in effect for a maximum of 18 months and categorizes a portion of the total additional revenues as interim and subject to refund until a final determination at the ONG's next general rate case.
