PROSPECTUS SUPPLEMENT

(To Prospectus Dated September 16, 2003)

\$1,000,000,000

General Motors Acceptance Corporation

7.375% Notes due December 16, 2044

This is an offering of 7.375% Notes due December 16, 2044 (the "Notes") to be issued by General Motors Acceptance Corporation (the "Company"). The Notes will be general unsecured, unsubordinated obligations of the Company. The Notes will bear interest from December 16, 2004, at the rate of 7.375% per annum, payable quarterly on March 16, June 16, September 16, and December 16 of each year, commencing on March 16, 2005. The Notes will be redeemable at the option of the Company, in whole or in part, at any time on or after December 16, 2009, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount to be redeemed plus accrued and unpaid interest thereon to the redemption date. The Notes will be issued in minimum denominations of \$25 and in multiples of \$25.

We intend to list the Notes on the New York Stock Exchange and expect trading in the Notes on the New York Stock Exchange to begin within 30 days after the original issue date. The Notes are expected to trade flat. This means that purchasers will not pay, and sellers will not receive, any accrued and unpaid interest on the Notes that is not included in the trading price.

	<u>Per Note</u>	<u>Total</u>
Public Offering Price (1)	100.00%	\$ 1,000,000,000
Underwriting Discounts	3.15%	\$ 31,500,000
Proceeds, before deducting expenses, to the Company	96.85%	\$ 968,500,000

(1) Plus accrued interest from December 16, 2004 if settlement occurs after that date.

Investing in the Notes involves risks. See Risk Factors on page S-3.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the related prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

GMAC has granted the underwriters the right to purchase up to an additional \$150,000,000 aggregate principal amount of Notes to cover over-allotments.

The underwriters are severally underwriting the Notes being offered. The Notes will be ready for delivery in book-entry form only through The Depository Trust Company, including for the accounts of Euroclear Bank S.A./N.V. and Clearstream Banking S.A. on or about December 16, 2004.

Unless the context indicates otherwise, the words "GMAC", "we", "our", "ours" and "us" refer to General Motors Acceptance Corporation.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not, and the underwriters have not, authorized any other person to provide you different information or to make any additional representations. We are not, and the underwriters are not, making an offer of any securities other than the Notes. This prospectus supplement is part of and must be read in conjunction with the accompanying prospectus dated September 16, 2003. You should not assume that the information appearing in this prospectus supplement and the accompanying prospectus, as well as the information incorporated by reference, is accurate as of any date other than the date on the front cover of this prospectus supplement.

We will deliver the Notes to the underwriters at the closing of this offering when the underwriters pay us the purchase price of the Notes. The underwriting agreement provides that the closing will occur on December 16, 2004, which is six Business Days after the date of the prospectus

RISK FACTORS

Prospective investors should carefully consider all of the information set forth in this prospectus supplement, the accompanying prospectus and any documents incorporated by reference therein before deciding to invest in any of the Notes. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

You are Relying Solely on Our Creditworthiness

The Notes will constitute our unsubordinated and unsecured obligations and will rank equally among themselves and equally with all of our other unsubordinated and unsecured obligations (other than obligations preferred by mandatory provisions of law). If you purchase the Notes, you are relying on our creditworthiness alone.

Our Credit Ratings May Not Reflect All Risks of Your Investments in the Notes

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of the Notes. These credit ratings may not reflect the potential impact of risks relating to structure or marketing of the Notes.

Although Application Will Be Made to List the Notes on the New York Stock Exchange We Cannot Assure You That An Active Trading Market Will Develop for the Notes

The Notes are a new issue of securities for which there is no trading market. Although we will apply to list the Notes, we can provide no assurance regarding the future development or maintenance of a market for the Notes or the ability of holders of the Notes to sell their Notes. If such a market were to develop on the New York Stock Exchange or otherwise, the Notes could trade at prices which may be higher or lower than the initial offering price depending on many factors independent of our creditworthiness, including, among other things:

the time remaining to the maturity of the Notes;

the outstanding principal amount of the Notes; and

the level, direction and volatility of market interest rates generally.

USE OF PROCEEDS

We will receive net proceeds before expenses of \$968,500,000 (\$1,113,775,000 if the underwriters exercise their over-allotment option in full) from the sale of the Notes. We estimate that our expenses will be approximately \$500,000. The expected net proceeds from the sale of the securities will be added to the general funds of GMAC and will be available for the purchase of receivables, the making of loans or the repayment of debt. Such proceeds initially may be used to reduce short-term borrowings or invested in short-term securities.

DESCRIPTION OF THE NOTES

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

The following description of the particular terms of the Notes offered hereby supplements and, to the extent that the terms are inconsistent, replaces the description of the general terms and provisions of the Debt Securities set forth in the accompanying prospectus. The Notes are part of the Debt Securities registered by GMAC in September 2003 to be issued on terms to be determined at the time of sale.

The Notes offered hereby will be issued in an initial aggregate principal amount of \$1,000,000,000 (\$1,150,000,000 if the underwriters exercise their over-allotment option in full) pursuant to an Indenture dated as of July 1, 1982, as amended, which is more fully described in the accompanying prospectus and the Notes have been authorized and approved by resolution of our Board of Directors.

The Indenture and the Notes are governed by, and construed in accordance with, the laws of the State of New York, United States.

S-9

Table of Contents

The Notes will be unsecured obligations of the Company and will rank equally with all other unsecured and unsubordinated indebtedness of the Company. The Notes will be redeemed at par on December 16, 2044 if not redeemed earlier.

The Notes will be redeemable at the option of the Company, in whole or in part, at any time on or after December 16, 2009, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to 100% of the principal amount to be redeemed plus accrued and unpaid interest to the redemption date. Selection of Notes for partial redemption shall be made by the Trustee only on a *pro rata* basis or on as nearly a *pro rata* basis as is practicable (subject to the procedures of The Depository Trust Company (the Depository or DTC)), unless such method is otherwise prohibited.

The Notes are expected to be listed on the New York Stock Exchange.

The Notes will bear interest, calculated on the basis of a 360-day year consisting of twelve 30 day months, from December 16, 2004 at a rate of 7.375% per annum, payable on March 16, June 16, September 16 and December 16 of each year, the first payment to be made on March 16, 2005, to the person in whose name the Notes are registered at the close of business on the last day of the month preceding such March 16, June 16, September 16, and December 16.

If any March 16, June 16, September 16, or December 16 falls on a day that is not a Business Day, then payment of interest will be made on the next succeeding Business Day with the same force and effect as if made on such date.

A Business Day means any day other than Saturday, Sunday or any other day on which banking institutions in New York City are permitted or required by any applicable law to close.

The Notes will be issued in book-entry form only through the facilities of DTC, including for the accounts of Euroclear Bank S.A./N.V. and Clearstream Banking S.A. See Forms of Securities below.

We may from time to time, without notice to or the consent of the registered holders of the Notes, create and issue further Notes ranking *pari passu* with the Notes in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further Notes or except for the first payment of interest following the issue date of such further Notes. Such further Notes may be consolidated and form a single series with the Notes and have the same terms as to status, redemption or otherwise as the Notes.

We expect the Notes to trade at a price that takes into account the value, if any, of accrued and unpaid interest. This means that purchasers will not pay, and sellers will not receive, accrued and unpaid interest on the Notes that is not included in their trading price. Any portion of the trading price of a Note that is attributable to accrued interest will be treated as ordinary interest income for federal income tax purposes and will not be treated as part of the amount realized for purposes of determining gain or loss on the disposition of the Notes. See United States Federal Taxation below.

Forms of Securities

The Notes will be issued in the form of one or more fully registered global securities (each a Global Security) which will be deposited with, or on behalf of, DTC and registered in the name of DTC's nominee. Beneficial interests in a Global Security will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants of DTC. Investors may elect to hold interests in the Global Securities through either DTC (in the United States) or (in Europe) through Clearstream Banking S.A., formerly Cedelbank (Clearstream), or through Euroclear Bank S.A./N.V., as operator of the Euroclear System (Euroclear). Investors may hold their interests in the Global Securities directly if they are participants of such systems, or indirectly through organizations that are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will

S-10

Table of Contents

hold these interests in customers' securities accounts in the depositories' names on the books of DTC. Citibank, N.A. will act as depository for Clearstream and JPMorgan Chase Bank will act as depository for Euroclear. Citibank and JPMorgan Chase Bank are referred to in these capacities as the U.S. Depositories. Beneficial interests in the Global Securities will be held in denominations of \$25 and integral multiples of \$25. Except as set forth below, the Global Securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. GMAC will not issue certificates to you for the Notes that you purchase, unless DTC's services are discontinued as described below. Accordingly, you must rely on the procedures of DTC and its participants to exercise any rights under the Notes.

DTC

DTC has advised us that it is a limited-purpose trust company which was created to hold securities for its participating organizations and to facilitate the clearance and settlement of securities transactions between participants in such securities through electronic book-entry changes in accounts of its participants. Participants include:

securities brokers and dealers, including the underwriters named in this prospectus supplement;

banks and trust companies;

clearing corporations; and

certain other organizations.

Access to DTC's system is also available to others such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by DTC only through participants or indirect participants.

DTC advises that pursuant to procedures established by it:

upon issuance of a Global Security, DTC will credit the account of participants designated by any dealers, underwriters or agents participating in the distribution of the securities with the respective principal or face amounts of securities beneficially owned by such participants; and

ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC (with respect to participants' interests), the participants and the indirect participants (with respect to the owners of beneficial interests in the Global Security).

The laws of some states require that certain persons take physical delivery in definitive form of securities which they own. Consequently, the ability to own, transfer or pledge beneficial interests in a Global Security is limited to such extent.

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

As long as DTC's nominee is the registered owner of a Global Security, such nominee for all purposes will be considered the sole owner or holder of the securities represented by the Global Security. Except as provided below, you will not:

be entitled to have any of the securities registered in your name;

receive or be entitled to receive physical delivery of the securities in definitive form; or

be considered the owners or holders of the securities under the applicable indenture, purchase contract agreement, warrant agreement or unit agreement.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to purchase contracts, warrants or units, represented by a Global Security registered in the name of a

S-11

Table of Contents

Depository or its nominee will be made to DTC or its nominee, as the case may be, as the registered owner of the Global Security. Neither we, the trustees, any unit agent, purchase contract agent, warrant agent, paying agent or any other agent for payment on or registration of transfer or exchange of any Global Security nor DTC will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in Global Securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

If DTC is at any time unwilling or unable to continue as depository and we have not appointed a successor depository within 90 days, we will issue securities in definitive form in exchange for the Global Securities. In addition, we may at any time determine not to have the securities represented by Global Securities and, in such event, will issue securities in definitive form in exchange for the Global Securities. In either instance, an owner of a beneficial interest in a Global Security will be entitled to have securities equal in principal amount to the beneficial interest registered in its name and will be entitled to physical delivery of the securities in definitive form. No service charge will be made for any transfer or exchange of the securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Clearstream

Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (Clearstream Participants) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic securities markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Clearstream's U.S. Participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear was created in 1968 to hold securities for participants of Euroclear (Euroclear Participants) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing and interacts with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the Euroclear Operator) under contract with Euroclear plc, a U.K. corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Table of Contents

The Euroclear Operator is a Belgian bank. As such it is regulated by the Belgian Banking and Finance Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the Terms and Conditions). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Euroclear has further advised GMAC that investors that acquire, hold and transfer interests in the Notes by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities certificates.

Global Clearance and Settlement Procedures

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depository; however, such cross market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving Notes through DTC, and making or receiving payment in accordance with normal procedures for same day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time zone differences, credits of Notes received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the Business Day following the DTC settlement date. Such credits or any transactions in such Notes settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such Business Day. Cash received in Clearstream or Euroclear as a result of sales of Notes by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the Business Day following settlement in DTC.

Table of Contents

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither GMAC nor the paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

UNITED STATES FEDERAL TAXATION

The following summary describes the material United States federal income and certain estate tax consequences of ownership and disposition of the Notes. This summary provides general information only and is directed solely to original holders purchasing Notes at the issue price, that is, the first price to the public at which a substantial amount of the Notes in an issue is sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). This summary is based on the United States Internal Revenue Code of 1986, as amended to the date hereof (the Code), existing administrative pronouncements and judicial decisions, existing and proposed Treasury Regulations currently in effect, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. This summary discusses only Notes held as capital assets within the meaning of Section 1221 of the Code. This summary does not discuss all of the tax consequences that may be relevant to a holder in light of the holder's particular circumstances or to holders subject to special rules, such as certain financial institutions, insurance companies, dealers in securities, persons holding Notes in connection with a hedging transaction, straddle, conversion transaction or other integrated transaction, persons who have ceased to be United States citizens or to be taxed as resident aliens, certain corporations that have participated in inversion transactions or United States persons whose functional currency (as defined in Section 985 of the Code) is not the U.S. dollar.

Persons considering the purchase of Notes should consult their tax advisors with regard to the application of the United States federal income and estate tax laws to their particular situations as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to United States Persons

For purposes of the following discussion, United States person means a beneficial owner of a Note that is for United States federal income tax purposes:

a citizen or resident of the United States,

a domestic corporation, or other entity that is created or organized in or under the laws of the United States or of any political subdivision thereof and is treated as a corporation for United States federal income tax purposes,

an estate the income of which is subject to United States federal income taxation regardless of its source, or

a trust if (1) a court within the United States is able to exercise primary supervision over the administration of the trust and (2) one or more United States persons have the authority to control all substantial decisions of the trust.

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. Partners of partnerships holding Notes should consult their tax advisors.

S-14

Table of Contents

Payments of Interest

Interest on a Note will generally be taxable to a United States person as ordinary interest income at the time it is accrued or is received in accordance with the United States person's method of accounting for tax purposes.

Sale, Exchange or Retirement of the Notes

Upon the sale, exchange or retirement of a Note, a United States person will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange or retirement and the United States person's adjusted tax basis in the Note. For these purposes, the amount realized does not include any amount attributable to interest on the Note that has not previously been included in income, which will be includable as interest as described under *Payments of Interest* above. A United States person's adjusted tax basis in a Note generally will equal the cost of the Note to the United States person.

In general, gain or loss realized on the sale, exchange or redemption of a Note will be capital gain or loss. Prospective investors should consult their tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals, trusts or estates) and losses (the deductibility of which is subject to limitations).

Backup Withholding and Information Reporting

Backup withholding and information reporting requirements may apply to certain payments of principal, premium and interest on a Note, and to payments of proceeds of the sale or redemption of a Note, to certain non-corporate United States persons. GMAC, its agent, a broker, or any paying agent, as the case may be, will be required to withhold from any payment a tax equal to 28% of such payment if the United States person fails to furnish or certify his correct taxpayer identification number to the payor in the manner required, fails to certify that such United States person is not subject to backup withholding, or otherwise fails to comply with the applicable requirements of the backup withholding rules. Any amounts withheld under the backup withholding rules from a payment to a United States person may be credited against that United States person's United States federal income tax and may entitle that United States person to a refund, provided that the required information is furnished to the United States Internal Revenue Service (IRS).

Tax Consequences to Non-United States Persons

As used herein, the term *non-United States person* means an owner of a Note that is, for United States federal income tax purposes:

a nonresident alien individual,

a foreign corporation or partnership, or

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

a nonresident alien fiduciary of a foreign estate or trust.

If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. Partners of partnerships holding Notes should consult their tax advisors.

Income and Withholding Tax

Subject to the discussion of backup withholding below:

(a) payments of principal and interest on a Note that is beneficially owned by a non-United States person will not be subject to United States federal withholding tax; provided, that in the case of interest,

(1) the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of GMAC entitled to vote, (2) the beneficial owner is not a

S-15

Table of Contents

controlled foreign corporation that is related, directly or indirectly, to GMAC through stock ownership, and (3) either (A) the beneficial owner of the Note certifies (generally on an IRS Form W-8BEN) to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that it is not a United States person and provides its name and address or (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business (a financial institution) and holds the Note certifies to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that such statement has been received from the beneficial owner by it or by a financial institution between it and the beneficial owner and furnishes the payor with a copy thereof (generally on IRS Form W-8IMY);

the beneficial owner is entitled to the benefits of an income tax treaty under which the interest is exempt from United States federal withholding tax and the beneficial owner of the Note or such owner's agent provides an IRS Form W-8BEN claiming the exemption; or

the beneficial owner conducts a trade or business in the United States to which the interest is effectively connected and the beneficial owner of the Note or such owner's agent provides an IRS Form W-8ECI;

provided that in each such case, the relevant certification or IRS form is delivered pursuant to applicable procedures and is properly transmitted to the person otherwise required to withhold United States federal income tax, and none of the persons receiving the relevant certification or IRS form has actual knowledge that the certification or any statement on the IRS form is false;

(b) a non-United States person will not be subject to United States federal income or withholding tax on any gain realized on the sale, exchange or other disposition of a Note unless the gain is effectively connected with the beneficial owner's trade or business in the United States or, in the case of an individual, the holder is present in the United States for 183 days or more in the taxable year in which the sale, exchange or other disposition occurs and certain other conditions are met; and

(c) a Note owned by an individual who at the time of death is not, for United States estate tax purposes, a citizen or resident of the United States generally will not be subject to United States federal estate tax if the individual does not actually or constructively own 10% or more of the total combined voting power of all classes of GMAC's stock entitled to vote and, at the time of such individual's death, the income on the Note would not have been effectively connected with a United States trade or business of the individual.

With respect to the certification requirement referred to in subparagraph (a), for Notes held by a foreign partnership, unless the foreign partnership has entered into a withholding agreement with the IRS, a foreign partnership will be required, in addition to providing a Form W-8IMY, to attach an appropriate certification by each partner. Prospective investors, including foreign partnerships and their partners, should consult their tax advisors regarding possible additional reporting requirements.

If a non-United States person holding a Note is engaged in a trade or business in the United States, and if interest on the Note (or gain realized on its sale, exchange or other disposition) is effectively connected with the conduct of such trade or business, such holder, although exempt from the withholding tax discussed in the preceding paragraphs, will generally be subject to regular United States income tax on such effectively connected income in the same manner as if it were a United States person. Such a holder may also need to provide a United States taxpayer identification number on the forms referred to in paragraph (a) above in order to meet the requirements set forth above. In addition, if such holder is a foreign corporation, it may be subject to a 30% branch profits tax (unless reduced or eliminated by an applicable treaty) on its effectively connected earnings and profits for the taxable year, subject to certain adjustments. For purposes of the branch profits tax, interest on, and any gain recognized on the sale, exchange or other disposition of, a Note will be included in the effectively connected earnings and profits of such holder if such interest or gain, as the case may be, is effectively connected with the conduct by such holder of a trade or business in the United States.

Table of Contents

Each holder of a Note should be aware that if it does not properly provide the required IRS form, or if the IRS form or, if permissible, a copy of such form, is not properly transmitted to and received by the United States person otherwise required to withhold United States federal income tax, interest on the Note may be subject to United States withholding tax at a 30% rate. Such tax, however, may in certain circumstances be allowed as a refund or as a credit against such holder's United States federal income tax.

The foregoing does not deal with all aspects of federal income tax withholding that may be relevant to foreign holders of the Notes. Investors are advised to consult their own tax advisors for specific advice concerning the ownership and disposition of Notes.

Backup Withholding and Information Reporting

Under current Treasury Regulations, backup withholding (imposed at the rate of 28%) will not apply to payments made by GMAC or a paying agent to a non-United States person in respect of a Note if the certifications required by Sections 871(h) and 881(c) of the Code, which are described above, are received, provided in each case that GMAC or the paying agent, as the case may be, does not have actual knowledge that the payee is a United States person.

Under current Treasury Regulations, payments of the proceeds from the sale, exchange or other disposition of a Note made to or through a foreign office of a broker (including a custodian, nominee or other agent acting on behalf of the beneficial owner of a Note) generally will not be subject to information reporting or backup withholding. However, if such broker is a United States person, a controlled foreign corporation for United States federal tax purposes, a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year period, or a foreign partnership with certain connections with the United States, then information reporting will be required unless the broker has in its records documentary evidence that the beneficial owner is not a United States person and certain other conditions are met or the beneficial owner otherwise establishes an exemption. Backup withholding may apply to any payment that such broker is required to report if such broker has actual knowledge that the payee is a United States person. Payments to or through the United States office of a broker are subject to information reporting and backup withholding unless the holder or beneficial owner certifies, under penalties of perjury, that it is a non-United States person and that it satisfies certain other conditions or otherwise establishes an exemption from information reporting and backup withholding.

Non-United States persons holding Notes should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedure for obtaining such an exemption, if available. Backup withholding is not a separate tax, but is allowed as a refund or credit against the holder's United States federal income tax, provided the necessary information is furnished to the IRS.

Interest on a Note that is beneficially owned by a non-United States person will be reported annually on IRS Form 1042S, which must be filed with the IRS and furnished to such beneficial owner.

The Representatives of the underwriters have advised us that the underwriters propose initially to offer the Notes to the public at the offering price set forth on the cover page of this prospectus supplement and to certain securities dealers at such price less a concession of \$0.50 per Note. The underwriters may allow, and such dealers may reallow a concession not in excess of \$0.45 per Note to certain brokers and other dealers. After the initial public offering, the public offering price and concession may be changed.

We have granted to the underwriters an option, exercisable for 15 days from the date of this prospectus supplement, to purchase up to an additional \$150,000,000 aggregate principal amount of Notes at the public offering price less the underwriting discount. The underwriters may exercise the option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional Notes approximately proportionate to that underwriter's initial purchase commitment.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

Prior to the offering, there has been no public market for the Notes. We intend to list the Notes on the New York Stock Exchange, and we expect trading in the Notes on the New York Stock Exchange to begin within 30 days after the original issue date.

Each underwriter has represented and agreed that it will comply with all applicable laws and regulations in force in any jurisdiction in or from which it purchases, offers, sells or delivers the Notes or any interest therein or possesses or distributes this prospectus supplement or the accompanying prospectus or any offering material relating to the Notes and will obtain any consent, approval or permission required by it for the purchase, offer or sale by it of the Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers or sales and neither GMAC nor any other underwriter shall have responsibility therefor.

In connection with the sale of the Notes, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the Notes. Specifically, the underwriters may overallocate the offering, creating a short position. In addition, the underwriters may bid for and purchase the Notes in the open market to cover short positions or to stabilize the price of the Notes. Any of these activities may stabilize or maintain the market price of the Notes above independent market levels. The underwriters will not be required to engage in these activities, and

may end any of these activities at any time.

Neither we nor any underwriter makes any prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of the Notes.

We will deliver the Notes to the underwriters at the closing of this offering when the underwriters pay us the purchase price of the Notes. The underwriting agreement provides that the closing will occur on December 16, 2004, which is six Business Days after the date of this prospectus supplement. Rule 15c6-1 under the Securities Exchange Act of 1934 generally requires that securities trades in the secondary market settle in three Business Days, unless the parties to a trade expressly agree otherwise. Accordingly, the purchasers who wish to trade the Notes on the date of this prospectus supplement or the next two succeeding Business Days will be required to specify an alternate settlement cycle at the time of any such trade to prevent failed settlement. Purchasers of the Notes who wish to trade the Notes on the date of this prospectus supplement or the next two succeeding Business Days should consult their own advisors.

E. Stanley O Neal, a director of Merrill Lynch & Co., of which Merrill, Lynch, Pierce, Fenner & Smith Incorporated is a wholly owned subsidiary, is a director of General Motors Corporation. In the ordinary course of their respective businesses, certain of the underwriters or their affiliates have engaged, and will in the future engage, in commercial banking and investment banking transactions with GMAC and certain of its affiliates.

LEGAL OPINIONS

The validity of the Notes offered pursuant to this prospectus supplement will be passed on for GMAC by Martin I. Darvick, Esq., Assistant General Counsel of GMAC, and for the underwriters by Davis Polk & Wardwell. Mr. Darvick owns shares, and has options to purchase shares, of General Motors Corporation common stock, \$1 2/3 par value.

The firm of Davis Polk & Wardwell acts as counsel to the Executive Compensation Committee of the Board of Directors of General Motors Corporation and has acted as counsel for General Motors Corporation and GMAC in various matters.

Any agent's commissions or dealer or underwriter's discounts in relation to the sale of securities covered by this prospectus will be set forth in the applicable prospectus supplement. The net proceeds we receive from such sale will be (a) the purchase price of the securities less such agent's commission, (b) the purchase price of the securities, in the case of a dealer or (c) the public offering price of the securities less such underwriter's discount. There will be an additional deduction from the proceeds in the case of (a), (b) and (c), for other related issuance expenses. Our aggregate proceeds from all securities sold will be the purchase price of the securities sold less the aggregate of the agents' commissions, the underwriter discounts and any other expenses of issuance and distribution.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, referred to as the SEC in this prospectus, utilizing a shelf registration process. Under this shelf process, we may sell any combination of our securities in one or more offerings. The aggregate initial offering price of all securities sold by us under this prospectus will not exceed \$20,000,000,000. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with additional information described below under "Incorporation of Certain Documents By Reference."

DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus may include or incorporate by reference forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). All statements, other than statements of historical facts, included in this prospectus that address activities, events or developments that we expect or anticipate will or may occur in the future, references to future success and other matters are forward-looking statements, including statements preceded by, followed by or that include the words may, will, would, could, should, believes, estimates, projects, potential, expects, plans, continues, forecasts, designed, goal or the negative of those words or other comparable words.

These statements are based on GMAC's current expectations and assumptions concerning future events, which are subject to a number of risks and uncertainties that could cause actual results to differ materially from those anticipated, including:

changes in economic conditions, currency exchange rates, significant terrorist attacks or political instability in the major markets where we operate;

changes in the laws, regulations, policies or other activities of governments, agencies and similar organizations where such actions may affect the production, licensing, distribution or sale of our products, the cost thereof or applicable tax rates;

the threat of terrorism, the outbreak or escalation of hostilities between the United States and any foreign power or territory and changes in international political conditions may continue to affect both the United States and the global economy and may increase other risks; and

we may face other risks described from time to time in periodic reports that we file with the SEC.

Consequently, all of the forward-looking statements made in this prospectus and the accompanying documents are qualified by these cautionary statements and there can be no assurance that the actual results or developments that we anticipate will be realized or, even if realized, that they will have the expected consequences to or effects on us. The cautionary statements contained or referred to in this section should be considered in connection with any subsequent written or oral forward-looking statements that we or persons acting on our behalf may issue. We do not, however, undertake any obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Table of Contents**DESCRIPTION OF GENERAL MOTORS ACCEPTANCE CORPORATION**

General Motors Acceptance Corporation, a wholly-owned subsidiary of General Motors Corporation (General Motors or GM), was incorporated in 1997 under the Delaware General Corporation Law. On January 1, 1998, the Company merged with its predecessor, which was originally incorporated in New York in 1919. The Company operates directly and through its subsidiaries and affiliates in which the Company or GM has equity investments.

GMAC's global activities include Financing, Mortgage and Insurance operations:

Financing GMAC and its affiliated companies offer a wide variety of automotive financial services to and through General Motors and other automobile dealerships and to the customers of those dealerships. The Company also provides commercial financing and factoring services to businesses in other industries (e.g., manufacturing and apparel).

Mortgage The Company's Mortgage operations originate, purchase, service and securitize residential and commercial mortgage loans and mortgage related products.

Insurance GMAC's Insurance operations insure and reinsure automobile service contracts, personal automobile insurance coverages (ranging from preferred to non-standard risk) and selected commercial insurance coverages.

RATIO OF EARNINGS TO FIXED CHARGES

The following table presents the ratio of our earnings to fixed charges for the periods indicated:

Six Months Ended June 30,	Years Ended December 31,				
2003	2002	2001	2000	1999	1998
1.67	1.43	1.38	1.31	1.38	1.33

The schedule containing the calculation of the ratio of earnings to fixed charges for the six months ended June 30, 2003 and the years 1998-2002 is included as an exhibit to the registration statement of which this prospectus is a part and is incorporated in this prospectus by reference.

USE OF PROCEEDS

We will add the net proceeds from the sale of the securities to our general funds and they will be available for general corporate purposes, including the purchase of receivables, the making of loans or the repayment of existing indebtedness. We may initially use the proceeds to

reduce short-term borrowings or to invest in short-term securities.

DESCRIPTION OF DEBT SECURITIES

The debt securities offered are to be issued under an Indenture dated as of July 1, 1982, as amended by:

a First Supplemental Indenture dated as of April 1, 1986

a Second Supplemental Indenture dated as of June 15, 1987

a Third Supplemental Indenture dated as of September 30, 1996

a Fourth Supplemental Indenture dated as of January 1, 1998

a Fifth Supplemental Indenture dated as of September 30, 1998

Table of Contents

and as further amended by the Trust Indenture Reform Act of 1990, as amended (together, the Indenture), between us and The Bank of New York, Successor Trustee (the Trustee), copies of which are filed as exhibits to the registration statement. We have summarized certain terms and provisions of the Indenture; such summaries are not complete and are subject to all provisions of the Indenture, including the definition of certain terms. You should read the indenture for the provisions which may be important to you. The Indenture is subject to and governed by the Trust Indenture Reform Act of 1990, as amended.

The Indenture provides that, in addition to the debt securities being offered, additional debt securities may be issued without limitation as to aggregate principal amount, but only as authorized by our Board of Directors.

General

Reference is made to the accompanying prospectus supplement for the following terms of the debt securities being offered:

the designation of the debt securities;

the aggregate principal amount of the debt securities;

the percentage of their principal amount at which the debt securities will be issued;

the date or dates on which the debt securities will mature;

the rate or rates per annum, if any, at which the debt securities will bear interest;

the times at which the interest will be payable;

the date after which or other circumstances in which the debt securities may be redeemed and the redemption price or any prepayment or sinking fund provisions;

the currency or currencies in which the debt securities are issuable or payable;

if other than denominations of \$1,000 or multiples of \$1,000, the denominations the debt securities will be issued in;

the exchanges on which the debt securities may be listed;

whether the debt securities shall be issued in book-entry form; and

any other specific terms.

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

Principal and interest, if any, will be payable, and, unless the debt securities are issued in book-entry form, the debt securities being offered will be transferable, at the principal corporate trust office of the Trustee, which at the date hereof is 101 Barclay Street, New York, New York 10286, provided that payment of interest may be made at our option by check mailed to the address of the person entitled thereto.

The debt securities will be unsecured and unsubordinated and will rank *pari passu* with all our other unsecured and unsubordinated obligations (other than obligations preferred by mandatory provisions of law).

Some of the debt securities may be issued as discounted debt securities, bearing no interest or interest at a rate, which at the time of issuance, is below market rates, to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such discounted debt securities will be described in the accompanying prospectus supplement.

Debt securities will include debt securities denominated in United States dollars or, at our option if so specified in the accompanying prospectus supplement, in any other currency.

Table of Contents

If a prospectus supplement specifies that debt securities are denominated in a currency other than United States dollars, the prospectus supplement will also specify the denomination in which such debt securities will be issued and the coin or currency in which the principal, premium, if any, and interest on the debt securities, where applicable, will be payable, which may be United States dollars based upon the exchange rate for such other currency existing on or about the time a payment is due.

If a prospectus supplement specifies that the debt securities will have a redemption option, our election to exercise such an option will constitute an issuer tender offer under the Exchange Act. We will comply with all issuer tender offer rules and regulations under the Exchange Act, including Rule 14e-1, if such redemption option is elected. We will make any required filings with the SEC and furnish certain information to the holders of the debt securities.

Book-Entry, Delivery and Form

Unless otherwise indicated in the accompanying prospectus supplement, the debt securities and warrants will be issued in the form of one or more fully registered global securities (each a Global Debt Security) which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the Depository or DTC) and registered in the name of the Depository's nominee. Beneficial interests in a Global Debt Security will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants of the Depository. Investors may elect to hold interests in a Global Debt Security through DTC. Except as set forth below, a Global Debt Security may be transferred, in whole and not in part, only to another nominee of the Depository or to a successor of the Depository or its nominee.

DTC is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency , registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC was created to hold securities of institutions, called participants, and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, between participants through electronic computerized book-entry changes in the accounts of its participants, thereby eliminating the need for physical movement of certificates. Participants include:

securities brokers and dealers, including the underwriters named in the accompanying prospectus supplement;

banks and trust companies;

clearing corporations; and

certain other organizations.

Access to the Depository's system is also available to others such as banks, brokers, dealers and trust companies, called indirect participants, that clear through or maintain a custodial relationship with a participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by the Depository only through participants or indirect participants.

The Depository advises that pursuant to procedures established by it:

upon issuance of a Global Debt Security, the Depository will credit the account of participants designated by any dealers, underwriters or agents participating in the distribution of the securities with the respective principal amounts of securities owned by such participants; and

ownership of beneficial interests in a Global Debt Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the Depository (with respect to participants' interests), the participants and the indirect participants (with respect to the owners of beneficial interests in a Global Debt Security).

Table of Contents

The laws of some states require that certain persons take physical delivery in definitive form of securities which they own. Consequently, the ability to transfer beneficial interests in a Global Debt Security is limited to such extent.

As long as the Depository's nominee is the registered owner of a Global Debt Security, such nominee for all purposes will be considered the sole owner or holder of the debt securities represented by a Global Debt Security. Except as provided below, you will not:

be entitled to have any of the debt securities registered in your name,

receive or be entitled to receive physical delivery of the debt securities in definitive form, or

be considered the owners or holders of the debt securities under the Indenture or warrant agreement.

Neither we, the Trustee, any Paying Agent, warrant agent or any other agent for payment on or registration of transfer or exchange of any Global Debt Security nor the Depository will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Debt Security, or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Principal, premium, if any, and interest payments on the debt securities registered in the name of the Depository's nominee will be made by the Trustee to the Depository's nominee as the registered owner of the Global Debt Security. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the debt securities are registered as the owners of the debt securities for the purpose of receiving payment of principal, premium, if any, and interest on the debt securities and for all other purposes whatsoever. Therefore, we do not have, and neither the Trustee nor any Paying Agent has, any direct responsibility or liability for the payment of principal, premium, if any, or interest on the debt securities to owners of beneficial interests in the Global Debt Security. The Depository has advised us and the Trustee that its present practice is, upon receipt of any payment of principal or interest, to immediately credit the accounts of the Participants with such payment in amounts proportionate to their respective holdings in principal amount of beneficial interests in the Global Debt Security as shown on the records of the Depository. Payments by participants and indirect participants to owners of beneficial interests in the Global Debt Security will be the responsibility of such participants and indirect participants and will be governed by their standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name.

If the Depository is at any time unwilling or unable to continue as depository and we have not appointed a successor depository within 90 days, we will issue debt securities in definitive form in exchange for the Global Debt Security. In addition, we may at any time determine not to have the debt securities represented by the Global Debt Security and, in such event, will issue debt securities in definitive form in exchange for the Global Debt Security. In either instance, an owner of a beneficial interest in a Global Debt Security will be entitled to have debt securities equal in principal amount to the beneficial interest registered in its name and will be entitled to physical delivery of the debt securities in definitive form. Debt securities so issued in definitive form will be issued in denominations of \$1,000 and integral multiples thereof and will be issued in registered form only, without coupons. No service charge will be made for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Limitation on Liens

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

The only financial covenant applicable to the debt securities is that described below. That covenant requires that the debt securities be equally and ratably secured in the circumstances described therein but has no special application merely by virtue of the occurrence of any transaction or series of transactions resulting in material changes in GMAC's debt-to-equity ratio.

Table of Contents

The debt securities are not secured by mortgage, pledge or other lien.

GMAC will covenant in the debt securities that so long as any of the debt securities remain outstanding, it will not pledge or otherwise subject to any lien any of its property or assets unless the debt securities are secured by such pledge or lien equally and ratably with any and all other obligations and indebtedness secured thereby so long as any such other obligations and indebtedness shall be so secured. Such covenant does not apply to:

the pledge of any assets to secure any financing by GMAC of the exporting of goods to or between, or the marketing thereof in, foreign countries (other than Canada), in connection with which GMAC reserves the right, in accordance with customary and established banking practice, to deposit, or otherwise subject to a lien, cash, securities or receivables, for the purpose of securing banking accommodations or as the basis for the issuance of bankers' acceptances or in aid of other similar borrowing arrangements;

the pledge of receivables payable in foreign currencies (other than Canadian dollars) to secure borrowings in foreign countries (other than Canada);

any deposit of assets of GMAC with any surety company or clerk of any court, or in escrow, as collateral in connection with, or in lieu of, any bond on appeal by GMAC from any judgment or decree against it, or in connection with other proceedings in actions at law or in equity by or against GMAC;

any lien or charge on any property, tangible or intangible, real or personal, existing at the time of acquisition of such property (including acquisition through merger or consolidation) or given to secure the payment of all or any part of the purchase price thereof or to secure any indebtedness incurred prior to, at the time of, or within 60 days after, the acquisition thereof for the purpose of financing all or any part of the purchase price thereof; and

any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any lien, charge or pledge referred to in the foregoing four clauses of this paragraph; provided, however, that the amount of any and all obligations and indebtedness secured thereby shall not exceed the amount thereof so secured immediately prior to the time of such extension, renewal or replacement and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the charge or lien so extended, renewed or replaced (plus improvements on such property).

Merger and Consolidation

The Indenture provides that we will not merge or consolidate with another corporation or sell or convey all or substantially all of our assets unless either we are the continuing corporation or the new corporation shall expressly assume the interest and principal due under the securities. In either case, the Indenture provides that neither we nor a successor corporation may be in default of performance immediately after a merger or consolidation. Additionally, the Indenture provides that in the case of any such merger or consolidation, either we or the successor company may continue to issue securities under the Indenture.

Modification of the Indenture

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

The Indenture contains provisions permitting us and the Trustee to modify or amend the Indenture or any supplemental indenture or the rights of the holders of the debt securities issued thereunder, with the consent of the holders of not less than 66²/₃% in aggregate principal amount of the debt securities of all series at the time outstanding under such Indenture which are affected by such modification or amendment, voting as one class, provided that, without the consent of the holder of each debt security so affected, no such modification shall:

extend the fixed maturity of any debt securities, or reduce the principal amount thereof, or premium, if any, or reduce the rate or extend the time of payment of interest thereon, without the consent of the holder of each debt security so affected, or

reduce the aforesaid percentage of debt securities, the consent of the holders of which is required for any such modification, without the consent of the holders of all debt securities then outstanding under the Indenture.

Table of Contents

The Indenture contains provisions permitting us and the trustee to enter into indentures supplemental to the Indenture, without the consent of the holders of the debt securities at the time outstanding, for one or more of the following purposes:

to evidence the succession of another corporation to us, or successive successions, and the assumption by any successor corporation of certain covenants, agreements and obligations;

to add to our covenants such further covenants, restrictions, conditions or provisions as our Board of Directors and the trustee shall consider to be for the protection of the holders of debt securities;

to permit or facilitate the issuance of debt securities in coupon form, registrable or not registrable as to principal, and to provide for exchangeability of such securities with securities issued thereunder in fully registered form;

to cure any ambiguity or to correct or supplement any provision contained therein or in any supplemental indenture which may be defective or inconsistent with any other provision contained therein or in any supplemental indenture; to convey, transfer, assign, mortgage or pledge any property to or with the trustee; or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of the holders of any debt securities;

to evidence and provide for the acceptance and appointment by a successor trustee;

to establish the form or terms of securities of any series as permitted by the Indenture; and

to change or eliminate any provision of the Indenture, provided that any such change or elimination (i) shall become effective only when there is no security outstanding of any series created prior to the execution of such supplemental indenture which is entitled to the benefit of such provision or (ii) shall not apply to any security outstanding.

Events of Default

An event of default with respect to any series of debt securities issued subject to the Indenture is defined in the Indenture as being:

default in payment of any principal or premium, if any, on such series;

default for 30 days in payment of any interest on such series;

default for 30 days after notice in performance of any other covenant in the Indenture; or

certain events of bankruptcy, insolvency or reorganization.

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

No event of default with respect to a particular series of debt securities issued under the Indenture necessarily constitutes an event of default with respect to any other series of debt securities issued thereunder. In case an event of default as set out in the first, second and third items listed above shall occur and be continuing with respect to any series, the Trustee or the holders of not less than 25% in aggregate principal amount of debt securities of each such series then outstanding may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of such series to be due and payable. In case an event of default as set out in the fourth item listed above shall occur and be continuing, the Trustee or the holders of not less than 25% in aggregate principal amount of all the debt securities then outstanding, voting as one class, may declare the principal, or, in the case of discounted debt securities, the amount specified in the terms thereof, of all outstanding debt securities to be due and payable. Any event of default with respect to a particular series of debt securities may be waived and a declaration of acceleration of payment rescinded by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series, or of all the outstanding debt securities, as the case may be, if sums sufficient to pay all amounts due other than amounts due upon acceleration are provided to the trustee and all defaults are remedied. For such purposes, if the principal of all series shall have been declared to be payable, all series shall be treated as a single class. We are required to file with the

Table of Contents

Trustee annually an officers certificate as to the absence of certain defaults under the terms of the Indenture. The Indenture provides that the Trustee may withhold notice to the securityholders of any default, except in payment of principal, premium, if any, or interest, if it considers it in the interest of the securityholders to do so.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default shall occur and be continuing, the Trustee shall be under no obligation to exercise any of its rights or powers under the Indenture at the request, order or direction of any of the securityholders, unless such securityholders shall have offered to the Trustee reasonable indemnity or security.

Subject to such provisions for the indemnification of the Trustee and to certain other limitations, the holders of a majority in principal amount of the debt securities of each series affected, with each series voting as a separate class, at the time outstanding shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the applicable series of debt securities, create and issue further debt securities of each series of debt securities ranking *pari passu* with the debt securities of the applicable series in all respects, or in all respects except for the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities. Such further debt securities may be consolidated and form a single series with the debt securities of the applicable series and have the same terms as to status, redemption or otherwise as the debt securities of that series.

Concerning the Trustee

The Bank of New York is the Successor Trustee under the Indenture. It is also Successor Trustee under various other indentures covering our outstanding notes and debentures. The Bank of New York and its affiliates act as depository for funds of, make loans to, act as trustee and perform certain other services for, certain of our affiliates and us in the normal course of its business. As trustee of various trusts, it has purchased our securities and those of certain of our affiliates.

DESCRIPTION OF WARRANTS

General

The following statements with respect to the warrants are summaries of the detailed provisions of one or more separate warrant agreements (each a Warrant Agreement) between us and a banking institution organized under the laws of the United States or one of the states thereof (each a Warrant Agent), a form of which is filed as an exhibit to the registration statement. Wherever particular provisions of the Warrant Agreement or terms defined therein are referred to, such provisions or definitions are incorporated by reference as a part of the statements made, and the statements are qualified in their entirety by such reference.

The warrants will be evidenced by warrant certificates (the Warrant Certificates) and, except as otherwise specified in the prospectus supplement accompanying this prospectus, may be traded separately from any debt securities with which they may be issued. Warrant Certificates may be exchanged for new Warrant Certificates of different denominations at the office of the Warrant Agent. The holder of a warrant does not have any of the rights of a holder of a debt security in respect of, and is not entitled to any payments on, any debt securities issuable, but not yet issued, upon exercise of the warrants.

Table of Contents

The warrants may be issued in one or more series, and reference is made to the prospectus supplement accompanying this prospectus relating to the particular series of warrants, if any, offered thereby for the terms of, and other information with respect to, such warrants, including:

the title and the aggregate number of warrants;

the price or prices at which the warrants will be issued;

the currency or currencies in which the price of the warrants will be payable;

the debt securities for which each warrant is exercisable;

the date or dates on which the warrants will expire;

the price or prices at which the warrants are exercisable;

the currency or currencies in which the warrants are exercisable;

the periods during which and places at which the warrants are exercisable;

the date or dates on which the warrants will expire;

the terms of any mandatory or optional call provisions;

the price or prices, if any, at which the warrants may be redeemed at the option of the holder or will be redeemed upon expiration;

the identity of the Warrant Agent;

the maximum or minimum number of warrants which may be exercised at any time;

the exchanges, if any, on which the warrants may be listed;

whether the Warrants shall be issued in book-entry form; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Exercise of Warrants

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

Warrants may be exercised by payment to the Warrant Agent of the exercise price, in each case in such currency or currencies as are specified in the warrant, and by communicating to the Warrant Agent the identity of the warrant holder and the number of warrants to be exercised. Upon receipt of payment and the Warrant Certificate properly completed and duly executed, at the office of the Warrant Agent, the Warrant Agent will, as soon as practicable, arrange for the issuance of the applicable debt securities, the form of which shall be set forth in the prospectus supplement. If less than all of the warrants evidenced by a Warrant Certificate are exercised, a new Warrant Certificate will be issued for the remaining amount of Warrants.

PLAN OF DISTRIBUTION

We may offer from time to time debt securities and warrants. The aggregate initial offering price of all securities sold by us under this prospectus will not exceed \$20,000,000,000.

A prospectus supplement will set forth the terms of the offering of the securities described in this prospectus, including:

the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them;

the initial public offering price of the securities and the proceeds to us and any discounts, commissions or concessions allowed or reallocated or paid to dealers; and

Table of Contents

any securities exchanges on which the securities may be listed.

Any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

We may sell the securities being offered in five ways:

directly to purchasers,

through agents,

through underwriters,

through dealers, and

through a number of direct sales or auctions performed by utilizing the Internet or a bidding or ordering system.

Direct Sales

We may directly solicit offers to purchase securities. In this case, no underwriters or agents would be involved.

By Agents

We may use agents to sell the securities. Any such agent, who may be deemed to be an underwriter as that term is defined in the Securities Act of 1933, involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent set forth, in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment, which is ordinarily three business days or less.

By Underwriters

If an underwriter or underwriters are utilized in the sale, we will enter into an underwriting agreement with such underwriters at the time of sale to them and the names of the underwriters and the terms of the transaction will be set forth in the prospectus supplement, which will be used by the underwriters to make resales of the securities in respect of which this prospectus is delivered to the public.

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

If underwriters are used in the sale of any securities, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters or directly by underwriters. Generally, the underwriters' obligations to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all of the securities if they purchase any of the securities.

By Dealers

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Delayed Delivery Contracts

If so indicated in the prospectus supplement, we will authorize agents and underwriters to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the prospectus supplement

Table of Contents

pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each delayed delivery contract will be for an amount not less than the respective amounts stated in the prospectus supplement. Unless we otherwise agree, the aggregate principal amount of securities sold pursuant to delayed delivery contracts shall be not less nor more than the respective amounts stated in the prospectus supplement. Institutions with whom delayed delivery contracts, when authorized, may be made include:

commercial and savings banks,

insurance companies,

pension funds,

investment companies,

educational and charitable institutions, and

other institutions.

All delayed delivery contracts are subject to our approval. Delayed delivery contracts will not be subject to any conditions except that the purchase by an institution of the securities covered by its delayed delivery contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which such institution is subject. A commission indicated in the prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to contracts accepted by us.

Through the Internet or Bidding or Ordering System

We may also offer debt securities directly to the public, with or without the involvement of agents, underwriters or dealers, and may utilize the Internet or another electronic bidding or ordering system for the pricing and allocation of such debt securities. Such a system may allow bidders to directly participate, through electronic access to an auction site, by submitting conditional offers to buy that are subject to acceptance by us, and which may directly affect the price or other terms at which such securities are sold.

The final offering price at which debt securities would be sold and the allocation of debt securities among bidders, would be based, in whole or in part, on the results of the Internet bidding process or auction. Many variations of the Internet auction or pricing and allocating systems are likely to be developed in the future, and we may utilize such systems in connection with the sale of debt securities. We will describe in the related supplement to this prospectus how any auction or bidding process will be conducted to determine the price or any other terms of the debt securities, how potential investors may participate in the process and, where applicable, the nature of the underwriters' obligations with respect to the auction or ordering system.

General Information

Edgar Filing: GENERAL MOTORS ACCEPTANCE CORP - Form 424B2

The place and time of delivery for the securities described in this prospectus are set forth in the accompanying prospectus supplement.

We may have agreements with the agents, underwriters and dealers to indemnify them against certain liabilities, including liabilities under the Securities Act of 1933.

Underwriters, dealers and agents may engage in transactions with or perform services for us in the ordinary course of business.

In connection with the sale of the securities, certain of the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. Specifically, the underwriters may overallocate the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the securities in the open market to cover short positions or to stabilize the price of the securities. Any of these activities may

Table of Contents

stabilize or maintain the market price of the securities above independent market levels. The underwriters will not be required to engage in these activities, and may end any of these activities at any time.

LEGAL MATTERS

The validity of the securities in respect of which this prospectus is being delivered will be passed on for GMAC by Martin I. Darvick, Esq., Assistant General Counsel of GMAC, and for the underwriters by Davis Polk & Wardwell. Mr. Darvick owns shares and hold options to purchase shares of General Motors Corporation \$1^{2/3} par value common stock and owns shares of General Motors Corporation Class H common stock, \$0.10 par value. Davis Polk & Wardwell acts as counsel to the Executive Compensation Committee of the General Motors Board of Directors and has acted as counsel to us and certain of our affiliates in various matters.
