PROXY STATEMENT

We are furnishing this Proxy Statement to our stockholders in connection with the solicitation of proxies by and on behalf of the Board of Directors (the Board of Directors or the Board) of SCP Pool Corporation (the Company) for use at the 2005 annual meeting of our stockholders to be held on May 10, 2005, at 9:00 a.m., Central Standard Time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders (the Meeting). The Meeting will be held at the office of Jones, Walker, Waechter, Poitevent, Carrère & Denègre, L.L.P., 201 St. Charles Avenue, New Orleans, Louisiana 70170-5100. This Proxy Statement is first being mailed to stockholders on or about March 28, 2005.

Voting Procedures

Only holders of record of the Company's common stock, \$0.001 par value per share (Common Stock), at the close of business on March 14, 2005, are entitled to notice of and to vote at the Meeting. On March 14, 2005, we had outstanding 52,458,373 shares of Common Stock, each of which is entitled to one vote.

The holders of a majority of the shares of Common Stock issued and outstanding, present in person or represented by proxy, will constitute a quorum at the Meeting. If a quorum is present, (1) directors will be elected by a plurality vote; and (2) the ratification of the retention of the independent auditors will require the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Meeting.

Management does not know of any items, other than those referred to in the accompanying Notice of Annual Meeting of Stockholders, that may properly come before the Meeting or other matters incident to the conduct of the Meeting. If, however, any other matters properly come before the Meeting, the persons named as proxies in the enclosed form of proxy intend to vote in accordance with their judgment on the matters presented.

Abstentions will be treated as present both for purposes of determining a quorum and with respect to the ratification of the independent directors. Accordingly, abstentions will have no effect on the election of directors, but will have the effect of a vote against the ratification of the independent auditors.

A broker non-vote occurs when a nominee (such as a broker or bank) holding shares in street name as the registered holder for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to the matter and has not received voting instructions from the beneficial owner. Broker non-votes will be treated as not present and not cast for purposes of determining a quorum and with respect to all matters brought before the Meeting. Accordingly, broker non-votes will have no effect on the

Edgar Filing: SCP POOL CORP - Form DEF 14A

election of directors or the ratification of the independent auditors.

If you come to the Meeting, you can, of course, vote in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Meeting, you must obtain from the record holder a proxy issued in your name. If you do not come to the Meeting, your shares can be voted only if you have returned a properly executed proxy. If you hold your shares through a bank, broker, or other nominee, you must provide voting instructions to the bank, broker, or nominee; obtain a proxy issued in your name from such record holder; or if your bank, broker, or nominee makes telephone or internet voting available, follow the internet or telephone voting instructions the bank, broker or nominee will enclose with this proxy statement.

If you execute and return your proxy but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. You can revoke your authorization at any time before the shares are voted at the Meeting by filing with the Secretary of the Company a written revocation or duly executed proxy bearing a later date. Your proxy will also be deemed revoked with respect to any matter on which you vote in person at the Meeting. Attendance at the Meeting will not in and of itself constitute a revocation of a proxy. Unless otherwise marked, properly executed proxies in the form of the accompanying proxy card will be voted in favor of the election of each of the nominees and the ratification of the independent auditors.

Solicitation

The Company will bear the entire cost of soliciting proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Banks, brokerage houses and other nominees or fiduciaries will be requested to forward the soliciting materials to their principals and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse them for their expenses in so acting. Certain employees of the Company, who will receive no additional compensation for their services, may also solicit proxies by telephone, facsimile or electronic mail.

ELECTION OF DIRECTORS

(Proposal 1)

General

The Company's By-laws, as amended, provide that the size of the Board shall be fixed from time to time by resolution of the Board and that vacancies on the Board may be filled by a majority of the directors then in office.

At the Meeting, eight directors are to be elected to one-year terms, each to hold office until his successor is elected and has qualified. Unless authority to vote for the election of directors is withheld by appropriate designation on the proxy, the proxies solicited hereby will be voted FOR the election of each nominee. If any nominee should decline or be unable to serve for any reason, votes will instead be cast for a substitute nominee designated by the Board. The Board has no reason to believe that any nominee will decline to be a candidate or, if elected, will be unable or unwilling to serve. Under the Company's By-laws, as amended, directors are elected by plurality vote.

3. On May 6, 2004, the Compensation Committee authorized the reimbursement of certain federal taxes of Mr. Perez de la Mesa resulting from Mr. Perez de la Mesa's exercise of certain stock options granted to him in 1999 and 2000. This tax liability was created by the Company's revision to Mr. Perez de la Mesa's original employment agreement prior to Mr. Perez de la Mesa's commencement of employment with the Company wherein the Company decided to substitute stock options with a \$0.01 exercise price for an equal number of restricted shares. While the substantive value of this change is insignificant, the tax consequences resulting from the change were determined to be adverse to Mr. Perez de la Mesa and beneficial to the Company. Since such change in tax consequences was not intended, the Compensation Committee authorized the reimbursement of the net additional tax consequences plus associated interest to Mr. Perez de la Mesa. The amount paid in 2004, which includes a gross-up for the taxes due, was \$1,140,219. The Company estimates that it will receive tax deductions resulting in a cash benefit of approximately \$510,000 from its more beneficial treatment.

Executive Employment Agreements

In January 1999, the Company entered into an employment agreement with Manuel J. Perez de la Mesa, pursuant to which, the Company pays Mr. Perez de la Mesa an annual base salary currently set at \$350,000, to be reviewed annually by the Board, and an annual bonus in an amount determined by the Compensation Committee based on achievement of certain specified goals and objectives. Pursuant to the employment agreement, Mr. Perez de la Mesa also receives an allowance for the lease of an automobile of his choice. This vehicle allowance is presently set at \$1,200 per month. Upon any termination of Mr. Perez de la Mesa's employment by the Company other than for cause (as defined in the agreement), Mr. Perez de la Mesa is entitled to receive his base salary for a period of six months thereafter. The agreement also provides that Mr. Perez de la Mesa shall not compete with the Company for two years following the termination of his employment.

The Company also has employment agreements with the other Named Executive Officers, similar in nature to Mr. Perez de la Mesa's, except that upon termination by the Company other than for cause (as defined in the agreement), the severance pay is for a period of up to three months and the non-compete is for one year following termination. The annual base salaries for the other Named Executive Officers are currently set at \$200,000, \$200,000, \$170,000, \$160,000, for Messrs. Cook, Murphy, Wilson and Nelson, respectively.

Neither the Compensation Committee nor Audit Committee Report set forth below shall be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and neither shall be deemed filed under such acts.

**REPORT OF THE COMPENSATION COMMITTEE OF
THE BOARD OF DIRECTORS OF SCP POOL CORPORATION**

The Compensation Committee of the Board of Directors, which is comprised solely of independent directors, administers all Company stock plans and reviews and makes recommendations to the Board regarding compensation and benefits of executive officers and certain other key employees of the Company. After consideration of the Compensation Committee's recommendations, the entire Board reviews and approves the salaries, bonuses and benefit programs for the Company's executive officers and certain other key employees. The Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist it. In 2004, the Compensation Committee directly engaged an outside compensation consulting firm to assist the Compensation Committee in its review of the compensation for the executive officers. This consulting firm does not provide other consulting services to the Company.

Compensation Philosophy

The compensation philosophy of the Company is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. This philosophy applies to all employees, with a more significant level of variability and compensation at risk as an employee's level of responsibility increases. The goals of the Company's executive compensation program are as follows:

to establish pay levels that are necessary to retain and attract highly qualified executives in light of the overall competitiveness of the market for high quality executive talent;

to recognize superior individual performance, new responsibilities and new positions within the Company;

to balance short-term and long-term compensation to complement the Company's annual and long-term business objectives and strategy and encourage executive performance in furtherance of the fulfillment of those objectives;

to provide variable compensation opportunities based on the Company's performance;

to encourage stock ownership by executives; and

to align executive remuneration with the interests of the stockholders.

In 2004, the Compensation Committee directly engaged an outside compensation consultant to provide an independent analysis of the Company's executive compensation program. The results of the analysis completed by this independent consultant, and corroborated by management and the Compensation Committee, included the following observations about the Company's 2004 executive compensation:

base salary is conservative, but within the bounds of competitive practice;

long-term incentive grants are competitive;

the annual cash incentive plan is performance oriented and is capped; and

total compensation appears to be competitive and equitable.

Compensation Program Components

The Compensation Committee regularly reviews the Company's executive compensation program to ensure that pay levels and incentive opportunities are competitive with similar positions in the market and reflect the performance of the Company. Each element of the compensation program for executive officers is further explained below.

Base Salary. The base salary levels for all executive officers are set based upon the officer's level of responsibility, experience, past performance and the competitive market for executive talent.

Annual Incentive Bonus. The annual cash bonuses paid to the executive officers are paid according to formulas that are based almost entirely on objective performance criteria with a small component being discretionary. The objective performance measures used to calculate the bonus of Mr. Perez de la Mesa for 2004 were earnings per share, return on total assets, cash flow from operations and organizational development. The objective portion of the bonuses of the other executive officers was based upon earnings per share and various other performance measures pertinent to the officer's area of responsibility. The Company utilizes annual bonuses to focus corporate behavior on the achievement of goals for growth, financial performance and other specific annual objectives.

Stock Options. The Compensation Committee believes that the Company can closely align executive interests with the longer term interests of stockholders by encouraging equity participation in the Company. The Compensation Committee believes stock option awards promote the Company's long-term performance goals and further executive retention. All management level employees are eligible to receive stock options. The individual option grant levels for all of the executive officers for 2004 were based upon each respective officer's level of responsibility. The stock options awarded to executive officers accounted for approximately 25% of the total number of stock options awarded in 2004.

Restricted Stock. In 2004, each named executive officer, with the exception of Mr. Perez de la Mesa, and certain other key employees were awarded restricted stock under the Company's 2002 Long-Term Incentive Plan. Such restricted stock, which was granted in lieu of one-third of the respective employee stock options, vests in full on February 9, 2009 (subject to certain limitations).

Employee Stock Purchase Plan. Our employees can also acquire Company stock through a tax-qualified employee stock purchase plan, which is generally available to all employees. This plan allows participants to buy up to \$25,000 of Company stock per year at a 15% discount to the market price (subject to certain limitations), with the objective of allowing employees to profit when the value of the Company's stock increases over time.

Retirement and Savings Plans. For 2004, the Company's 401(k) Plan provided a discretionary Company matching contribution, subject to certain limitations, of 50% of a participant's deferrals of up to 6%. The Company also provided a profit-sharing plan whereby, at the discretion of the Board of Directors, a profit sharing contribution could be made annually to all eligible employees. In February, 2005, the Company's Board of Directors eliminated the profit-sharing plan and increased the discretionary Company matching contribution under the 401(k) Plan to 50% of a participant's deferrals of up to 8% of the lesser of (i) such participant's salary and bonus or (ii) the Internal Revenue Code Section 401(a)(17) dollar limit for the applicable year. In February, 2005, the Company's Board of Directors also authorized the adoption of a nonqualified deferred compensation plan (the POOLCORP Deferred Compensation Plan), which allows certain employees who occupy certain key management positions to defer salary and bonus. The POOLCORP Deferred Compensation Plan provides a matching contribution similar to that provided under the 401(k) Plan to the extent that a participant's contributions to the 401(k) Plan are limited by IRS non-discrimination limitations. The total Company matching contribution provided to a participant under the 401(k) Plan and the POOLCORP Deferred Compensation Plan combined for any one year shall not exceed 4% of a participant's salary and bonus.

Setting Executive Compensation

In setting the annual compensation for each executive officer, the Compensation Committee reviews executive compensation information derived from publicly available information.

The Compensation Committee further reviews the executive officer compensation levels for internal pay equity within the Company. The Compensation Committee also reviews the total remuneration that each executive officer could potentially receive if certain events occur, including a change in control, retirement, termination (for cause and without), and continuation of employment. Total remuneration includes total cash compensation, the future value of stock options and restricted stock and the dollar value to the executive and cost to the Company of all perquisites and other personal benefits.

Stock options granted to executive officers shall, subject to certain limitations, (1) immediately vest and become fully exercisable upon a change of control, death or disability; (2) remain exercisable and continue to vest in accordance with their original schedule upon retirement (which is defined as attainment of the age of 55 years or more and continuous service to the Company for a period of at least ten years); (3) be immediately forfeited, whether or not then exercisable, upon termination for cause; and (4) remain exercisable and, subject to Company discretion, continue to vest in accordance with their original schedule upon termination without cause. Restricted stock granted to executive officers shall, subject to certain limitations, (1) fully vest upon a change of control, death, or disability; (2) continue to vest in accordance with the original vesting schedule upon retirement; and (3) be immediately forfeited upon termination, whether voluntary or involuntary. Upon termination other than for cause, Mr. Perez de la Mesa is entitled to receive his base salary for a period of six months thereafter and the other executive officers are entitled to receive their respective base salary for a period of up to three months. Executive officers are not entitled to any additional compensation, perquisites or other personal benefits upon a change in control, retirement or termination.

Based on this review, the Compensation Committee finds total compensation for all executive officers (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and consistent with the market.

Certain Tax Considerations

Section 162(m) of the Internal Revenue Code (Section 162(m)) generally disallows a tax deduction to public companies for compensation in excess of \$1.0 million paid to a company's chief executive officer or any of the four other most highly compensated officers. Performance-based compensation that meets certain requirements under Section 162(m) is not subject to the deduction limitation. The Company's policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible without limiting the Company's ability to attract and retain qualified executives. The Compensation Committee has not adopted a policy that all compensation must be deductible.

Management believes that the only executive compensation that presently meets the performance-based compensation requirements under Section 162(m) is stock options awarded under the Company's 2002 Long-Term Incentive Plan (2002 LTIP). While the 2002 LTIP was designed to qualify as deductible compensation, the Compensation Committee believes that it is not in the stockholders' interest to restrict the Compensation Committee's discretion and flexibility in developing appropriate compensation programs and, in some instances, the Compensation Committee may approve compensation that is not fully deductible. Management estimates that a portion of the deduction for Manuel J. Perez de la Mesa's 2004 compensation will be limited under Section 162(m).

Summary

After its review of all existing programs, the Compensation Committee believes that the total compensation program for executives of the Company is focused on increasing value for stockholders and enhancing corporate performance. The Compensation Committee currently believes that a significant portion of compensation of executive officers is properly tied to stock appreciation through stock options and restricted stock grants. The Compensation Committee believes that executive compensation levels at the Company are extremely competitive with the compensation programs provided by other corporations with which the Company competes for executive talent.

REPORT OF THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS OF SCP POOL CORPORATION

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal controls over financial reporting.

In this context, the Audit Committee has met and held discussions with management and the Company's internal and independent auditors. Management represented to the Audit Committee that the Company's audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

In addition, the Audit Committee has discussed with the independent auditors the auditor's independence from the Company and management, including the matters in the written disclosures provided by the independent auditors to the Audit Committee as required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

Edgar Filing: SCP POOL CORP - Form DEF 14A

The Audit Committee has discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee has met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee has determined that the rendering of all non-audit services by the Company's independent auditors is compatible with maintaining the auditor's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the SEC. The Committee has also approved, subject to stockholder ratification, the selection of the Company's independent auditors.

PERFORMANCE GRAPH

The graph below compares the total stockholder return on the Company's Common Stock for the last five fiscal years with the total return on the Nasdaq US Index and the S&P SmallCap 600 Index for the same period, in each case assuming the investment of \$100 on December 31, 1999 and the reinvestment of all dividends. The Company has chosen the S&P SmallCap 600 Index for comparison because the Company does not believe that it can reasonably identify a peer group or a published industry or line-of-business index that contains companies in a similar line of business and because the S&P SmallCap 600 Index includes companies of similar capitalization to the Company.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In October 1999, the Company entered into a lease agreement with S&C Development, L.L.C., for a service center in Mandeville, Louisiana. The sole member of S&C Development, L.L.C., is A. David Cook, a Company executive officer. The seven year lease term commenced on January 1, 2000, and provides for rental payments of \$6,510 per month. In January 2002, the Company entered into a lease agreement with S&C Development, L.L.C., for additional warehouse space adjacent to the Mandeville service center. The five year lease term commenced on February 4, 2002, and provides for rental payments of \$4,123 per month. The total \$10,633 monthly lease payment is for both facilities consisting of 21,100 square feet.

In January 2001, the Company entered into a lease agreement with S&C Development, L.L.C., for a service center in Oklahoma City, Oklahoma. The ten year lease term commenced on November 10, 2001, and provides for rental payments of \$12,371 per month for the 25,000 square foot facility.

The Company believes the leases discussed above reflect fair market rates and terms that are as favorable to the Company as could be obtained with unrelated third parties.

In February 2002, the Board determined that the Company will no longer enter into additional leases or material transactions with related parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons owning more than 10% of a registered class of the Company's equity securities to file with the SEC reports of ownership and changes in ownership of the Company's Common Stock. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these reports furnished, management believes that the directors, executive officers and greater than 10% stockholders timely complied with these requirements with the exception of one Form 4 reporting the exercise and sale of certain options of Robert C. Sledd, which was filed one day late due to the expiration of a password.

PROPOSAL TO RATIFY THE RETENTION OF INDEPENDENT AUDITORS

(Proposal 2)

The Audit Committee has approved the retention of Ernst & Young LLP (E&Y) as the Company's independent auditors for the fiscal year ending December 31, 2005, and recommends the ratification of such retention by the stockholders. If the stockholders do not ratify the selection of E&Y, the Audit Committee will reconsider the selection.

Representatives of E&Y are expected to be present at the Meeting, with the opportunity to make any statement they desire at that time, and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required for ratification of the retention of E&Y as the Company's independent auditors.

Audit Fees

The following table presents fees for professional audit services rendered by E&Y for the audit of the Company's annual financial statements for the years ended December 31, 2004 and 2003, and fees billed for other services rendered by E&Y.

1. Audit services consisted of the audit of the financial statements included in the Company's Annual Report on Form 10-K, review of the financial statements included in the Company's Quarterly Reports on Form 10-Q and Section 404-related internal control reviews.
2. Audit Related services included due diligence for acquisitions and divestitures and employee benefit plan audits.
3. Tax services provided included assistance with tax compliance and the review of tax returns, tax consultation, and planning services and assistance in connection with tax audits.

The Audit Committee preapproves all audit and permissible non-audit services prior to commencement of any such services. Mr. Stokely, Audit Committee Chairman, has the delegated authority to preapprove such services and these preapproval decisions are presented to the full Audit Committee at the next scheduled meeting. During fiscal years 2004 and 2003, the Audit Committee preapproved 100% of the services performed by E&Y. A copy of the Company's Procedure for Pre-approval of Services by the Company's Independent Audit Firm is attached hereto as Appendix D.

The Audit Committee has determined that the rendering of all non-audit services by E&Y is compatible with maintaining the auditor's independence.

The Board of Directors unanimously recommends that the Company's stockholders vote FOR the ratification of the retention of E&Y as the Company's independent auditors for fiscal year 2005.
