Joint statement by Verizon and MCI

In response to ACTel-Wilkie claims

This material is entirely predictable, given the interests of those behind it. As Verizon and MCI explained in their filings with the FCC, it ignores the facts, tries to create some new ones, and relies on 20 year-old assumptions. The Verizon-MCI transaction will benefit customers and the economy while allowing the new combination to compete effectively in a changing marketplace. Nobody can control this new marketplace there are many domestic and international players. In fact, Verizon-MCI will have only a 16-22 percent share of the enterprise market. It is ridiculous to claim there will be collusion why else would Verizon invest in MCI except to compete in this new global marketplace?

In connection with the proposed acquisition of MCI, Verizon filed, with the SEC on June 2, 2005, an amended proxy statement and prospectus on Form S-4 (Registration No. 333-124008), that contain important information about the proposed acquisition. These materials are not yet final and will be amended. Investors are urged to read the proxy statement and prospectus filed, and any other relevant materials filed by Verizon or MCI because they contain, or will contain, important information about Verizon, MCI and the proposed acquisition. The preliminary materials filed on June 2, 2005, the definitive versions of these materials and other relevant materials (when they become available) and any other documents filed by Verizon or MCI with the SEC, may be obtained for free at the SEC's website at www.sec.gov. Investors may also obtain free copies of these documents at www.verizon.com/investor, or by request to Verizon Communications Inc., Investor Relations, 1095 Avenue of the Americas, 36th Floor, New York, NY 10036. Investors are urged to read the proxy statement and prospectus and the other relevant materials when such other materials become available before making any voting or investment decision with respect to the proposed acquisition.

Verizon, MCI, and their respective directors, executive officers, and other employees may be deemed to be participants in the solicitation of proxies from MCI shareowners with respect to the proposed transaction. Information about Verizon's directors and executive officers is available in Verizon's proxy statement for its 2005 annual meeting of shareholders, dated March 21, 2005. Information about MCI's directors and executive officers is available in MCI's proxy statement for its 2005 annual meeting of stockholders, dated April 20, 2005. Additional information about the interests of potential participants will be included in the registration statement and proxy statement and other materials filed with the SEC.
