APPLICABLE ONLY TO CORPORATE ISSUERS:

Indicate the number of shares outstanding of each of the issuer s classes of common stock, as of the latest practicable date.

On February 9, 2006, there were 95,881,835 shares of Common stock outstanding.

The undersigned registrant hereby amends Item 2 and Item 5 of Part II of its Quarterly Report on Form 10-Q for the period ended March 31, 2005, as follows. The amendment is made to include information regarding an unregistered issuance of equity securities which occurred during such period.

Item 2. <u>Unregistered Sales of Equity Securities and Use of Proceeds</u>

On February 18, 2005, the Company issued 1,740,943 shares of its common stock to the selling stockholders of United General Financial Services, Inc. in connection with the closing of the Company's acquisition of United General on that date. The issued common stock represented \$64,162,454.27 of the total purchase price paid to the United General selling stockholders in connection with the acquisition. In issuing the shares, the Company relied upon the exemption from registration provided by Section 4(2) of the Securities Act of 1933, based on the limited number of recipients of the shares and the fact that each of the recipients was an accredited investor.

The following table describes purchases by the Company of the Company s Common shares which settled during each period set forth in the table. Prices in column (b) include commissions. Purchases described in column (c) were made pursuant to the share repurchase program announced by the Company on May 18, 2004. Under this plan, which has no expiration date, the Company may repurchase up to \$100 million of the Company s issued and outstanding Common shares.
