PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To be held May 4, 2006

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited to the holders of Common Stock on behalf of the Board of Directors of American Technology Corporation, a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on May 4, 2006, at 2:00 p.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Rancho Bernardo Inn, 17550 Bernardo Oaks Drive, San Diego, California 92128. We intend to mail this proxy statement, the accompanying proxy card and Notice of Annual Meeting on or about April 4, 2006 to all stockholders entitled to vote at the Annual Meeting.

Solicitation

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of our company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Voting Rights and Outstanding Shares

We have designated a record date of March 20, 2006 for the Annual Meeting. Only stockholders of record at the close of business on the record date will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the record date we had outstanding and entitled to vote 24,485,215 shares of common stock.

Except as provided below, on all matters to be voted upon at the Annual Meeting, each holder of record of common stock on the record date will be entitled to one vote for each share held. With respect to the election of directors, stockholders may exercise cumulative voting rights, i.e., each stockholder entitled to vote for the election of directors may cast a total number of votes equal to the number of directors to be elected multiplied by the number of such stockholders shares (on an as-converted basis) and may cast such total of votes for one or more candidates in such proportions as such stockholder chooses. However, no stockholder will be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and at least one stockholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes. Unless the proxyholders are otherwise instructed, stockholders, by means of the accompanying proxy, will grant the proxyholders discretionary authority to cumulate votes.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders for the purposes of determining the presence of a quorum and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved. If you sign your proxy card or broker voting instruction card with no instructions, your shares will be voted in accordance with the recommendations of the Board.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Chairman of the Board at our principal executive office, 15378 Avenue of Science, Suite 100, San Diego, California 92128, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in our proxy statement and form of proxy for our 2007 annual meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is December 5, 2006.

Our bylaws also establish an advance notice procedure with respect to certain stockholder proposals and director nominations. If a stockholder wishes to have a stockholder proposal considered at our next annual meeting, the stockholder must give timely notice of the proposal in writing to the Secretary of our company. To be timely, a stockholder's notice of the proposal must be delivered to, or mailed and received at our executive offices not earlier than February 3, 2007 and not later than March 5, 2007; provided, however, that in the event that no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than 30 days from the anniversary of the scheduled date of this year's Annual Meeting, notice by the stockholder to be timely must be so received not earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or, in the event we first make public announcement of the date of such annual meeting fewer than 70 days prior to the date of such annual meeting, the close of business on the 10th day following the day on which we first make public announcement of the date of such meeting.

A stockholder's notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and address, as they appear on our books, of the stockholder proposing such business, (iii) the class and number of shares which are beneficially owned by the stockholder, (iv) any material interest of the stockholder in such business and (v) any other information that is required to be provided by the stockholder pursuant to Regulation 14A under the Exchange Act, in his or her capacity as a proponent to a stockholder proposal.

Electronic Delivery of Proxy Materials and Annual Reports

If you are a stockholder of record, you may request and consent to electronic delivery of our future proxy materials and annual reports by marking the designated box on your proxy card. If your shares are held in street name, please contact your broker, bank or other nominee and ask about the availability of electronic delivery. If you select electronic delivery, we will discontinue mailing the proxy materials and annual reports to you beginning next year, and you will be sent an e-mail message notifying you of the Internet address or addresses where you may access the proxy materials and annual report. Your consent to electronic delivery will remain in effect until you revoke it.

PROPOSAL ONE

ELECTION OF DIRECTORS

There are presently six director positions authorized in accordance with our bylaws. One of our current directors has declined to stand for re-election, and the Board has determined to reduce the number of authorized positions to five effective upon the annual meeting. There are five nominees for the five Board positions presently authorized in accordance with our bylaws. Each director to be elected will hold office until the next

annual meeting of stockholders and until his successor is elected and has qualified, or until such director's earlier death, resignation or removal. Each nominee listed below is currently a director of our company. Three of the directors were elected by the stockholders at our 2005 annual meeting. One of the directors, John Zavoli, was elected to our board in June 2005, based on the recommendation of our Nominating and Governance Committee. John Zavoli was recommended to the Board by our former President and Chief Operating Officer. One of the directors, Admiral Raymond C. Smith, was elected to our board in March 2006, based on the recommendation of our Nominating and Governance Committee. Admiral Smith was recommended to us by a non-management director. We encourage our board members to attend our annual meetings of stockholders. All three nominees who were members of our the board at the time of the 2005 annual meeting of stockholders attended the 2005 annual meeting of stockholders.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the five nominees named below, subject to the discretionary power to cumulate votes. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected and management has no reason to believe that any nominee will be unable to serve.

The five candidates receiving the highest number of affirmative votes cast at the meeting will be elected directors.

Our Board of Directors Recommends a vote IN FAVOR of each named nominee

BOARD AND COMMITTEE MATTERS AND CORPORATE GOVERNANCE MATTERS

Corporate Governance

A majority of our board members are independent of our company and our management;

All members of our board committees the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee are independent;

The independent members of our Board of Directors meet regularly without the presence of management;

We have a clear code of business conduct and ethics that applies to our principal executive officers, our directors and all of our employees, and is monitored by our Audit Committee;

The charters of the board committees clearly establish their respective roles and responsibilities; and

We have a hotline available to all employees, and our Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal accounting controls, or auditing matters.

Board of Directors

Our Board of Directors currently consists of six directors: Elwood G. Norris (Chairman), Richard M. Wagner, David J. Carter, Daniel Hunter, John R. Zavoli and Raymond C. Smith. Independence of the Board of Directors

As required under the Nasdaq Stock Market listing standards, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board of directors.

After review of all relevant transactions or relationships between each director, or any of his family members, and us, our senior management and our independent registered public accounting firm, our Board of Directors has affirmatively determined that Messrs. Carter, Hunter, Wagner and Smith are independent directors within the meaning of the applicable Nasdaq listing standards.

As required under Nasdaq listing standards, during the calendar year ended December 31, 2005, our independent directors met at least twice in regularly scheduled executive sessions at which only independent directors were present.

Stockholder Communications with the Board of Directors

We have adopted a formal process by which stockholders may communicate with our Board of Directors. The Board recommends that stockholders initiate any communications with the Board in writing and send them in care of the investor relations department by mail to our offices, 15378 Avenue of Science, Suite 100, San Diego, CA 92128. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the investor relations department to forward such correspondence only to the intended recipients; however, the Board has also instructed the investor relations department, prior to forwarding any correspondence, to review such correspondence and, in its discretion, not to forward certain items if they are deemed of a personal, illegal, commercial, offensive or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, that correspondence will be forwarded to the company's Secretary for review and possible response. This information is also contained on our website at www.atcsd.com.

Nominating and Governance Committee

Our Board of Directors established a Nominating and Governance Committee in April 2004. The Nominating and Governance Committee identifies and recommends to the Board individuals qualified to become Board members, reviews and advises the Board with respect to corporate governance principals and policies, and oversees the annual evaluation of the Board's effectiveness. Among other functions, the Nominating and Governance Committee:

is responsible for corporate governance principles for our company.

The Nominating and Governance Committee has the authority to retain special legal or other advisors or consultants as it deems necessary or appropriate to carry out its duties. The Nominating and Governance Committee is currently composed of Messrs. Carter (Chair), Hunter, Smith and Wagner. Messrs. Carter, Hunter and Wagner each served on the Nominating and Governance Committee in fiscal 2005. The Nominating and Governance Committee held 6 meetings during fiscal 2005.

All members of the Nominating and Governance Committee are independent (as independence is currently defined in Rule 4200(a)(15) of the Nasdaq listing standards).

Consideration of Director Nominees

Director Qualifications

The Nominating and Governance Committee believes that new candidates for director should have certain minimum qualifications, including having the knowledge, capabilities, experience and contacts that complement those currently existing within our company; ability and qualifications to provide our management with an expanded opportunity to explore ideas, concepts and creative approaches to existing and future issues, and to guide management through the challenges and complexities of building a quality company; ability to meet contemporary public company board standards with respect to general governance; stewardship, depth of review, independence, financial certification, personal integrity and responsibility to stockholders; genuine desire and availability to participate actively in the development of our future; and an orientation toward maximizing stockholder value in realistic time frames. The Committee also intends to consider for new Board members such factors as ability to contribute strategically through relevant industry background and experience, on either the vendor or the end user side; strong current industry contacts; ability and willingness to introduce and open doors to executives of potential customers and partners; current employment as the CEO of an acoustic products, media, advertising, military or government supply company larger than our company; independence from our company and current board members; and a recognizable name that would add credibility and value to our company and its stockholders. The Committee may modify these qualifications from time to time.

Evaluating Nominees for Director

The Nominating and Governance Committee reviews candidates for director nominees in the context of the current composition of our Board, our operating requirements and the long-term interests of stockholders. In

conducting this assessment, the Committee currently considers, among other factors, diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and our company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the Nominating and Governance Committee reviews such directors' overall service to our company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Committee also determines whether the nominee must be independent, which determination is based upon applicable Nasdaq listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of our Board of Directors. The Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to our Board of Directors by majority vote. To date, neither the Nominating and Governance Committee nor any predecessor to the Committee has paid a fee to any third party to assist in the process of identifying or evaluating director candidates. To date, neither the Nominating and Governance Committee nor any predecessor to the Committee has rejected a timely director nominee from a stockholder or group of stockholders that beneficially owned, in the aggregate, more than 5% of our voting stock.

Stockholder Nominations

The Committee applies the same guidelines (described above) to stockholder nominees as applied to nominees from other sources. Any stockholder who wishes to recommend for the Nominating and Governance Committee's consideration a prospective nominee to serve on the Board of Directors may do so by giving the candidate's name and qualifications in writing to our Chairman of the Board at the following address: 15378 Avenue of Science, Suite 100, San Diego, California 92128.

Code Of Business Conduct And Ethics

We have adopted a Code of Business Conduct and Ethics, a code of ethics that applies to all employees, including our executive officers. A copy of the Code of Business Conduct and Ethics is posted on our website at www.atcsd.com. In the event we make any amendments to, or grant any waivers of, a provision of the Code of Business Conduct and Ethics that applies to the principal executive officer, principal financial officer, or principal accounting officer that requires disclosure under applicable SEC rules, we intend to disclose such amendment or waiver and the reasons therefor on a Form 8-K or on our next periodic report.

The letter agreement provided for an annual base salary of \$110,000, and an annual performance bonus of up to 10% of base salary to be determined by the Compensation Committee and our board of directors. Mr. Gruenler's employment was terminable at-will by us or by Mr. Gruenler for any reason, with or without notice. Mr. Gruenler resigned his employment effective May 9, 2005. Mr. Gruenler's annual base salary at the time of resignation was \$250,000, and he participated in our broad-based commission plan in lieu of the annual performance bonus contemplated by his letter agreement.

On June 15, 2005, we entered into a separation and release agreement with Mr. Gruenler. The agreement provided for a severance payment of \$25,000 to be made to Mr. Gruenler, and contained Mr. Gruenler's general release of all claims against our company. In connection with the separation and release agreement, we also executed a consulting agreement documenting our consulting arrangement with Mr. Gruenler that commenced following his departure. The term of the consulting agreement was six months commencing May 10, 2005. During the term of the consulting agreement, Mr. Gruenler agreed to provide consulting services related to our Government and Force Protection business to the extent requested by our company. For these services, Mr. Gruenler received compensation of \$20,000 per month for the first three months, \$15,000 per month for the next two months and \$10,000 for the final month. Mr. Gruenler also agreed that during the term of the consulting agreement, he would not provide services for any company that competes directly or indirectly with the business of our Government and Force Protection Systems Group. All stock options that were previously granted to Mr. Gruenler continued to vest over the term of the consulting agreement, and remained exercisable until thirty days after the termination of the consulting relationship.

Ms. Karen Jordan On December 16, 2005, our board of directors approved the appointment of Karen Jordan as our chief accounting officer. Ms. Jordan entered into a letter agreement with our company dated October 26, 2005, and joined our company in November 2005, as director of finance. Ms. Jordan's annual salary is \$140,000 and she participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. Ms. Jordan's employment is not for a specified period or term of employment and is terminable at-will by us or by Ms. Jordan for any reason, with or without notice.

Mr. James Croft, III On August 17, 2005, our board of directors approved the appointment of Mr. James Croft, III as our Chief Technology Officer and Vice President of Advanced Development. Mr. Croft has served as our Vice President of Research and Development since February 28, 2000, and, prior to that, as our Vice President of Engineering from September 15, 1997. Mr. Croft is employed pursuant to the terms of an employment agreement dated February 28, 2000, which terms have been orally modified. Under the terms as modified, Mr. Croft's annual salary is \$165,000, and he participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. We presently exclusively license two pre-employment inventions from Mr. Croft through March 2008. We are not currently marketing products using these inventions, and we are not currently paying royalties to Mr. Croft for these inventions. We plan to negotiate further revisions to our agreement with Mr. Croft, including our right to continue the license beyond March 2008. The initial term of the

employment agreement dated February 28, 2000 has expired, and as a result, either we or Mr. Croft may terminate his employment for any reason upon thirty days advance notice.

Mr. Bruce Gray We entered into a letter agreement with Mr. Bruce Gray, under which Mr. Gray was employed as our Vice President of the Commercial Products Group effective March 21, 2005. Mr. Gray currently serves as our Vice President, Sales, Commercial Group. The letter agreement provides for an annual base salary of \$200,000 and an annual sales commission, payable on a quarterly basis, based on revenues and billings. Mr. Gray's employment is terminable at-will by us or by Mr. Gray for any reason, with or without notice.

In September 2005, the compensation committee approved the commission plan called for by Mr. Gray's employment agreement. The commission plan governed the payment of Mr. Gray's annual sales bonus for the twelve-month period beginning April 1, 2005, and entitled Mr. Gray to commissions payable based on invoiced net sales of the commercial group on a quarterly basis, calculated as a percentage of quarterly revenue targets for our commercial group. The plan provided for a target commission for the twelve-month period of \$100,000, but commissions could exceed such amount if the commercial group's invoiced net sales exceeded our revenue plan. This plan was modified by us effective for the second quarter of fiscal 2006 to revise the quarterly revenue targets and the commission formula. A portion of the commission is now paid based on direct sales by Mr. Gray based on personal revenue targets, and a portion is paid as an override based on revenue targets for the group supervised by Mr. Gray. The portion payable as override is payable only if revenue targets are achieved, and is capped at 50% of Mr. Gray's base salary. The revised plan provides for an aggregate target commission of approximately \$66,000 for the last three quarters of fiscal 2006, but commissions could exceed such amount if Mr. Gray's direct sales or group sales exceed revenue targets. In connection with entry into the revised plan, Mr. Gray's base salary was adjusted to \$180,000 per year effective March 16, 2006.

Mr. Alan J. Ballard On November 17, 2005, our board of directors approved the appointment of Mr. Alan J. Ballard as our Vice President, Government and Military Division. Mr. Ballard joined our company in January 2004 and has held various positions in our Government Group. Mr. Ballard's annual salary is \$145,000, and he participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. Mr. Ballard's employment is terminable at-will by us or by Mr. Ballard for any reason, with or without notice.

Ms. Rose Tomich-Litz On November 30, 2005, our board of directors approved the appointment of Ms. Rose Tomich-Litz as our Vice President, Operations. Ms. Tomich-Litz's annual salary is \$157,500, and she participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. Ms. Tomich-Litz's employment is terminable at-will by us or by Ms. Tomich-Litz for any reason, with or without notice.

Mr. David Carnevale On January 23, 2006, our board of directors approved the appointment of Mr. David A. Carnevale as our vice president, marketing. Mr. Carnevale's employment is terminable at-will by us or by Mr. Carnevale for any reason, with or without notice. Mr. Carnevale's annual salary is \$180,000, and he participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. On January 23, 2006, we granted Mr. Carnevale a stock option exercisable for 100,000 shares of our common stock pursuant to our 2005 Equity Incentive Plan. The option vests quarterly over four years and has a five-year term, subject to continued service and other conditions.

Mr. Steven D. Stringer On March 21, 2006, our board of directors approved the appointment of Mr. Steven D. Stringer as our chief financial officer, effective April 3, 2006. Mr. Stringer's employment is terminable at-will by us or by Mr. Stringer for any reason, with or without notice. Mr. Stringer's annual salary is \$195,000, and he participates in bonus, benefit and other incentives at the discretion of the Compensation Committee. Mr. Stringer will be granted a stock option exercisable for 100,000 shares of our common stock pursuant to our 2005 Equity Incentive Plan on his start date. The option will vest quarterly over four years and have a five-year term, subject to continued service and other conditions.

Mr. Zavoli became our President and Chief Operating Officer following his resignation from the Compensation Committee. EQUITY COMPENSATION PLAN INFORMATION

At September 30, 2005, we had three equity incentive plans under which equity securities are or have been authorized for issuance to our employees, consultants or directors: the 2005 Equity Incentive Plan, the 2002 Stock Option Plan and the 1997 Stock Option Plan. These plans have been approved by our stockholders. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Introductory Note: The following report is not deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed soliciting material or filed under such laws.

Committee Meetings, Processes and Policies

The Compensation Committee of the Board of Directors operates under the authority of a Compensation Committee Charter, a copy of which is attached as Appendix 2 to this proxy statement. The primary philosophy of the committee regarding compensation is to offer packages which reward each of the members of senior management proportionately to each person's individual performance and to our company's overall financial performance and growth during the previous fiscal year.

The committee met 16 times and acted by unanimous written consent 9 times during fiscal 2005, and discussed in detail the company's compensation philosophy and practices for employees at all levels. Compensation for employees ranked below Vice President is recommended by their supervisors to the President, who then reports his determinations to the committee. The committee reviews and recommends for approval by the board all compensation for employees ranked Vice President and above.

In determining initial compensation for new executive hires or persons promoted to executive positions, and in reviewing existing executive officers annually, the committee reviews all components of executive officer compensation, including salary, bonus, and stock options held. It is the committee's policy to review the dollar value to the executive and cost to the company of all perquisites and other personal benefits, and all severance and change of control scenarios. Unvested stock options currently held by our executive officers generally provide that if employment is terminated without cause within 24 months after a change in control, such stock options will be considered fully vested upon such termination, and, for options granted under our 2002 Stock Option Plan, the option will remain exercisable for six months after such service terminates. Since these provisions apply generally to all stock options, the committee has not placed special value on this right when determining executive compensation. In connection with all compensation reviews for executive officers, the committee reviews a tally sheet setting forth all the above components, to the extent applicable. The committee has not historically taken into account accumulated (realized and unrealized) stock option gains in its compensation decisions.

In determining executive compensation during fiscal 2005 and for fiscal 2006, the committee reviewed various reports from the Radford Executive Survey. The Radford survey reports were selected by management with input from the committee. Survey data was considered for technology companies with less than \$50 million in annual revenues.

Base salary. Base salaries for executive officers are reviewed on an annual basis. During fiscal 2005, base salaries for our executive officers other than our Chairman were set between the 10th to 25th percentiles for comparable positions identified in the Radford survey reports. The committee has historically believed that base salaries should be set in the lower quartile to reflect that the company's revenues were lower than the revenue ranges of the companies in the Radford survey reports, and that the company has not been profitable. The committee does however recognize that setting base salaries at levels considered appropriate for companies with low revenues could impair our company's ability to attract executive officers with the experience and skills to produce higher company revenues, and the committee is now seeking to compensate executive officers with a more flexible approach that balances budgetary considerations with experience and expertise. The committee has also placed greater emphasis on incentive and stock option compensation for its executive officers, creating a deeper link between pay and individual and company performance. The committee intends to monitor base salaries for existing and new executive officers, and may make adjustments to be more competitive with market conditions, particularly if the company's financial performance improves.

Bonus compensation. All of our executive officers are considered for bonus compensation. During fiscal 2005, we had arrangements with certain of our executive officers providing that they would be considered for

discretionary bonuses at a certain percentage of their base salaries. None of such arrangements are currently in existence, and we do not presently have a formal bonus plan in effect. The committee intends to create a cash incentive plan during fiscal 2006.

Our procedure in past fiscal years was that after the conclusion of each fiscal year, the Chairman and the President would review annually the performance of each of the executive officers (other than themselves) based on the performance of the executive for each of his or her major responsibilities. Based on such reviews, the Chairman and the President would recommend to the committee the level of bonus, up to the maximum percentage of base salary previously agreed. The committee would review the performance of each executive with the President and the Chairman, and make a final determination of the bonus to be paid. In light of the company's financial performance for fiscal 2005, the committee determined that no executive officers would be considered for discretionary bonuses, and no discretionary bonuses were paid for fiscal 2005.

Executive officers in charge of revenue producing business segments also participated in commission arrangements. Under the commission arrangements in place for our Government Group during fiscal 2005, commissions were awarded based on achievement of operating plan revenue within that segment, with commissions increasing in percentage if operating plan was exceeded. The executive officer in charge of the Government Group would recommend an allocation of such commissions amongst sales personnel and himself, which recommendation would be reviewed and approved by the Chairman and the President. All commissions payable to executive officers were then reviewed and approved by this committee. In September 2005, the committee approved a commission plan for Mr. Bruce Gray, Vice President, Commercial Group, pursuant to the terms of Mr. Gray's employment letter. The commission plan governed the payment of Mr. Gray's annual sales bonus for the twelve-month period beginning April 1, 2005, and entitled Mr. Gray to commissions payable based on invoiced net sales on a quarterly basis, calculated as a percentage of quarterly revenue targets for our commercial products group. The plan provided for a target commission for the twelve-month period of \$100,000, but commissions could exceed such amount if our invoiced net sales exceeded our revenue plan. This plan was modified by us effective January 1, 2006 to revise the quarterly revenue targets and the commission formula. See Employment Arrangements above.

Long-term incentives. Our long-term incentive program has consisted of a stock option program pursuant to which our executive officers are periodically granted stock options at the then fair market value (or higher prices) of our common stock. Our stock option programs are designed to provide such persons with significant compensation based on our overall performance as reflected in the stock price, to create a valuable retention device through standard two to five year vesting schedules and to help align employees' and stockholders' interests. Options granted during fiscal 2005 generally had a five year term, subject to continuing service, and generally vest as to 25% of the shares on the first anniversary of the grant date, and monthly thereafter through the fourth anniversary of the date of grant. Stock options are typically granted at the time of hire to new employees, at the time of promotion to certain employees and periodically to a broad group of existing key employees, and executive officers.

Principal Executive Officer Compensation

During fiscal 2005, our company had two persons who shared the duties of principal executive officer, Elwood G. Norris, our Chairman, and Kalani Jones, our former President and Chief Operating Officer. Mr. Jones resigned as President and Chief Operating Officer in October 2005, and Mr. John Zavoli assumed such positions in November 2005. Mr. Zavoli currently shares the duties of principal executive officer with Mr. Norris. The committee had responsibility for determining the compensation of all of Mr. Norris, Mr. Jones and Mr. Zavoli.

Elwood G. Norris. Mr. Elwood G. Norris currently serves as Chairman of the Board, an executive position. Prior to his appointment as Chief Executive Officer in September 2000, which position Mr. Norris resigned in February 2003, Mr. Norris had been employed by us as Chief Technology Officer pursuant to a three-year employment agreement dated September 1, 1997. The three-year term expired on August 31, 2000, but the

agreement remains in effect until one party gives thirty days advance notice of termination to the other. Mr. Norris now serves as Chairman under the term of this agreement. The agreement, as amended by the committee, provides for a base salary of \$16,667 per month. The agreement provides that Mr. Norris will participate in bonus, benefit and other incentives at the discretion of the Board of Directors. We also provide Mr. Norris with an automobile, the lease payments for which are currently approximately \$900 per month. Mr. Norris has agreed not to disclose trade secrets and has agreed to assign certain inventions to us during employment. We are also obligated to pay Mr. Norris certain royalties. See Certain Transactions below.

The committee did not formally review Mr. Norris's performance for fiscal 2005, and did not award Mr. Norris a bonus for fiscal 2005. No adjustments have been made to Mr. Norris's salary for fiscal 2006. The committee notes that Mr. Norris continued during fiscal 2005 to raise the profile of our company and our products through national press coverage. Although the committee feels that Mr. Norris's base salary remains below market for a person of his experience and responsibilities, Mr. Norris indicated his desire not to have any increase in base salary, and not to receive any bonus.

Kalani Jones. Mr. Kalani Jones joined our company in August 2003 as Senior Vice President, Operations. His employment agreement provided for an annual base salary of \$140,000, and an annual performance bonus of up to 30% of base salary. In September 2003, Mr. Jones was promoted to Chief Operating Officer and the committee approved an increase in base salary to \$175,000 per year upon the recommendation of the Chairman. Mr. Jones was promoted to President and Chief Operating Officer in April 2004, and his base salary was further increased to \$200,000 per year. The committee determined such salary level by reference to the Radford Executive Survey, setting a level between the 10th and 25th percentile for the comparable position, consistent with the committee's policies on executive base salaries described above. Following Mr. Jones's performance review for fiscal 2004, his base salary was increased to \$220,000 per year. Such salary was slightly below the 25th percentile for the comparable position as reported in the Radford Executive Survey.

Mr. Jones's employment was terminable at-will by us or Mr. Jones for any reason, with or without notice. In October 2005, Mr. Jones's employment arrangement with our company terminated. We entered into a separation and release agreement with Mr. Jones. The agreement provided for our one-time payment of \$82,500 to Mr. Jones and our payment of health benefit premiums on Mr. Jones's behalf for a period not to extend beyond February 28, 2006. We also agreed to extend until February 15, 2006 the period of time for which the vested portion of stock options held by Mr. Jones may be exercised. As a result of Mr. Jones's resignation, the committee did not review Mr. Jones's performance for fiscal 2005.

John R. Zavoli. In October 2005, we entered into a letter agreement with Mr. Zavoli, pursuant to which Mr. Zavoli was appointed as our President and Chief Operating Officer, commencing November 1, 2005. Mr. Zavoli was previously a director of our company, and was a member of this committee from June 2005 until he resigned his committee appointments in connection with entering into the letter agreement. The letter agreement provided for an annual base salary of \$250,000 and eligibility for an annual bonus, as recommended by the compensation committee and approved by the board of directors. In addition, the letter agreement provided that Mr. Zavoli would receive an option to purchase 100,000 shares of our common stock, which option was granted on Mr. Zavoli's start date. Mr. Zavoli's employment is not for a specified period or term of employment and is terminable at-will by us or by Mr. Zavoli for any reason, with or without notice. Mr. Zavoli will be entitled to severance benefits in the form of up to a maximum of six months of salary and health benefit continuation if we terminate his employment without cause or he resigns for good reason.

The committee informally authorized Mr. Norris to negotiate Mr. Zavoli's compensation with Mr. Zavoli, and the committee (without Mr. Zavoli) recommended such compensation to the full board for approval. The level of compensation and other terms of the employment agreement were determined in arms-length negotiations between Mr. Norris and Mr. Zavoli, and the committee did not rely upon benchmark data in approving the level of Mr. Zavoli's compensation.

The Committee's Conclusion

The committee has determined that the Chairman's, the President's and the other executive officers' total compensation in the aggregate to be reasonable and not excessive.

The committee has not historically made compensation decisions for executive officers on the basis of the relative difference between CEO compensation and the compensation of the company's other executives. The committee believes that such spreads are small in comparison to peer companies. The committee intends to continue to base its compensation decisions on national survey benchmarks for comparable positions, and on individual performance.

Section 162(m) of the Internal Revenue Code

Under Section 162(m) of the Internal Revenue Code, compensation payments in excess of \$1 million to each person who served as Chief Executive Officer at the end of a taxable year, and to each of the other most highly compensated executive officers whose compensation must be disclosed in SEC filings, are subject to a limitation of \$1 million on the amount we may deduct as an ordinary business expense. Certain performance-based compensation is not subject to the limitation on deductibility. The total taxable compensation to each employee subject to Section 162(m) during the taxable year ended September 30, 2005 was below \$1 million.

We granted stock options to persons subject to Section 162(m) in a manner designed to qualify such stock options as performance-based compensation. However, from June 2004 to April 2005, we issued non-qualified stock options not approved by stockholders to certain persons, including one present executive officer subject to Section 162(m), and a number of non-executive employees who could in the future become subject to Section 162(m), in each case as an inducement material to employment. Upon the exercise of such non-qualified stock options, and upon a disqualifying disposition of any incentive stock options which do not qualify as performance-based compensation under Section 162(m), the amount of the deduction that we would otherwise be entitled to may be limited to the extent the ordinary income recognized by the subject employee upon such exercise or disqualifying disposition, together with all other compensation in a given taxable year, exceeds \$1 million. The committee intends to qualify as performance-based compensation all stock option grants under the 2004 Equity Incentive Plan. However, the committee may in its discretion make other awards to existing or potential future employees subject to Section 162(m) which do not qualify as performance-based compensation.

The committee believes that any application of Section 162(m) to limit deductibility of executive compensation is unlikely to have a material effect on our financial condition or results of operations, as a result of the company's net operating loss carry-forwards, which were approximately \$46,972,000 at September 30, 2005, and which expire through 2026. However, certain amounts of these carry-forwards are subject to significant limitations under the Internal Revenue Code of 1986, as amended, and the committee notes that a valuation allowance has been provided in our financial statements to offset the net deferred tax asset associated with such loss carry-forwards, as management has determined that it is more likely than not that the deferred tax asset will not be realized.

COMPANY STOCK PRICE PERFORMANCE

Introductory Note: The stock price performance graph below is required by the SEC and will not be deemed to be incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act, or under the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed soliciting material or filed under such laws.

The following graph compares the five-year cumulative total return on our common stock to the total returns of 1) Nasdaq Stock Market and 2) Nasdaq Stock - Electronic & Electrical Equipment & Components, excluding Computer Equipment. This comparison assumes in each case that \$100 was invested on September 30, 2000 and all dividends were reinvested. Our fiscal year ends on September 30.

CERTAIN TRANSACTIONS

Under the terms of an Assignment of Technology Agreement dated March 2, 1993 and an Addendum Agreement dated December 2, 1996 we are obligated to pay Elwood G. Norris, our Chairman, a 2% royalty on net sales from certain of our technologies, of which only HSS is a current offering of our company. The royalty obligation continues until at least March 1, 2007, and for any longer period during which we sell products or license technologies subject to any patent assigned to us by Mr. Norris. No royalties were paid or recorded under this agreement in the fiscal years ended September 30, 2005, 2004 or 2003, as these royalties were immaterial and were waived by Mr. Norris. We may owe royalties in future periods based on actual sales or technology revenues.

Mark Norris, the son of Elwood G. Norris, is a full-time non-executive employee of our company. In his role as a Mechanical Engineer, Mark Norris was paid \$100,618 in salary for the fiscal year ended September 30, 2005. No other family member of any executive officer, director or 5% stockholder received compensation of more than \$60,000 during the year ended September 30, 2005.

In December 2004, a family trust affiliated with Mr. Elwood G. Norris purchased from our company an unsecured subordinated promissory note in the principal amount of \$500,000. Such purchase was in connection with a private offering of an aggregate of \$2,000,000 of such notes. The notes are due December 31, 2006, and interest accrues at the rate of 8% per year and is due and payable quarterly in arrears. We were required to apply 40% of the net proceeds of any future equity financing to prepay these notes. In connection with the issuance of these notes, each purchaser, including Mr. Norris trust, was granted a warrant to purchase 7,500 shares of our common stock for each \$100,000 of notes purchased (prorated for amounts less than \$100,000), exercisable until December 31, 2009. The exercise price of the warrants was \$9.28 per share for purchasers who were directors, officers, employees or consultants of our company, or affiliates of such persons, and \$8.60 per share for other purchasers. Mr. Norris trust therefore received a warrant exercisable for 37,500 shares with an exercise price of \$9.28 per share.

Canusa Trading Ltd., a significant owner of our then outstanding Series E Preferred Stock, also purchased an unsecured subordinated promissory note from our company in the principal amount of \$300,000 in the December 2004 note and warrant financing, and received a warrant to purchase 22,500 shares at an exercise price of \$8.60 per share. All shares of Series E Preferred Stock have since been converted into common stock. See below for more information on this conversion.

All of the December 2004 notes were repaid in accordance with their terms in July 2005 in connection with the equity financing that closed at that time.

PROPOSAL THREE

APPROVAL OF CERTAIN TERMS OF THE SECURITIES PURCHASE AGREEMENT

Overview

In July 2005, we sold 2,868,851 shares of our common stock at a purchase price of \$4.88 per share to a limited number of institutional investors. In connection with this financing, we issued two warrants to each investor, with each warrant containing a provision which provides for the adjustment of the exercise price of the warrant under specified circumstances, which we refer to as the reset provision. We agreed to seek stockholder approval of the reset provision, as more fully described below.

The affirmative vote of a majority of the votes cast the meeting, either in person or by proxy, is required to approve the proposal.

Summary of the Financing

This summary of the financing is intended to provide you with basic information concerning the transaction. However, it is not a substitute for reviewing the Securities Purchase Agreement, the Registration Rights Agreement, Form of Warrant-A and Form of Warrant-B, which we collectively refer to as the financing documents. You should read this summary in conjunction with the financing documents, which were attached as exhibits to our Form 8-K filed with the SEC on July 19, 2005. The financing documents are available on the company's website at www.atcsd.com, by clicking on Investors and then SEC Filings. Copies of any of the financing documents are also available to stockholders at no charge upon request. Stockholders should address requests for documents to the Secretary of our company at the address listed on the first page of this Proxy Statement.

The financing was conducted pursuant to the terms of a Securities Purchase Agreement dated July 14, 2005. The financing closed on July 18, 2005. We received gross proceeds from this financing of approximately \$14 million. The net proceeds of the financing after payment of a 5% placement fee and transaction expenses, were used to discharge approximately \$2.0 million of indebtedness, and the balance has been and will be used for general working capital purposes, including marketing, sales and deliveries of proprietary directed sound products.

In connection with this financing, we issued two warrants to each investor. The A Warrants are exercisable for an aggregate of 717,213 shares of common stock at an exercise price of \$6.36 per share. These warrants are exercisable from January 18, 2006 until July 18, 2009. The B Warrants were exercisable for an aggregate of 864,706 shares of common stock at an exercise price of \$7.23 per share. These warrants were exercisable from the date the registration statement became effective on September 29, 2006 until the date six months after that effective date. The B Warrants expired by their terms on March 28, 2006.

Approval of the Reset Provision

The A Warrants and B Warrants contain reset provisions which would adjust the exercise price, and in inverse proportion adjust the number of shares subject to the warrant, in the event we pay or effect stock dividends or splits, or in the event we sell shares of our common stock at a purchase price, or options or warrants to purchase shares of our common stock having an exercise price, less than the exercise price of the applicable warrant.

Absent stockholder approval of this proposal, the exercise price may not be reduced to a price less than the closing bid price of our common stock on the trading day immediately preceding the closing date of the financing, or \$6.17 per share, and we will not be obligated to issue any shares upon the exercise of a warrant at an exercise price below that closing bid price if, in the aggregate in the financing, we would have issued in excess of 19.99% of the shares of our common stock outstanding on the closing of the financing.

The Securities Purchase Agreement requires us to seek approval of our stockholders for the reset provisions at this meeting. Upon approval, the limitation on the reduction of the exercise price in the warrants will cease to apply.

In connection with the financing, our chairman Elwood G. Norris entered into a voting agreement agreeing to vote all of his shares of our common stock in favor of this proposal.

Reasons for Stockholder Approval

Our common stock is traded and quoted on the Nasdaq Capital Market and is therefore subject to the Nasdaq Marketplace Rules. Nasdaq Marketplace Rule 4350 sets forth certain corporate governance standards for issuers whose securities are listed on the Nasdaq Capital Market. Nasdaq Marketplace Rule 4350(i)(1)(D) requires stockholder approval prior to our sale or issuance or potential issuance of common stock (or securities convertible into our common stock) equal to 20% or more of our common stock or 20% or more of the voting power outstanding before the issuance if the sale price of the securities is less than the greater of the book or market value of the securities.

At the time we executed the Securities Purchase Agreement, the number of shares of common stock which we would have had to issue to the investors, assuming the A Warrants and B Warrants were exercised at the initial exercise price, would have been 1,581,919 shares, which, together with the shares sold under the Securities Purchase Agreement, would have represented less than 20% of our then current outstanding common stock. However, the reset provisions in the warrants could operate to increase the number of shares for which the warrants could be exercised so that, together with the shares sold under the Securities Purchase Agreement, we may have potentially been obligated to issue 20% or more of our outstanding common stock then outstanding. Because of this possibility, the financing documents contained provisions which capped the maximum number of shares that we would be obligated to issue to the investors and set a minimum exercise price, as described above. Due to these limitations, we were not obligated under the Nasdaq Marketplace Rules to obtain our stockholders' approval prior to consummating the financing.

In the event that, due to future resets in the warrant exercise price, we become obligated to issue in the aggregate a number of shares of common stock in excess of the 19.99% threshold, any investor who is unable to exercise a warrant has the right to require us to use our best efforts to obtain stockholder approval in accordance with Rule 4350(i) at that time. In addition, the Securities Purchase Agreement requires us to seek stockholder approval under Rule 4350(i) at our Annual Meeting. Under applicable Nasdaq rules, votes on shares issued in connection with the financing, whether cast in person or by proxy, will not be entitled to vote and will not be counted for purposes of this proposal. As a result of the expiration of the B Warrants, there will be no price resets or additional shares issued under such warrants.

For the reasons described above, the Board of Directors believes it is in the best interest of the company to ask for your approval at the Annual Meeting.

You should note that, in the event that our stockholders do not approve this proposal, under no circumstances would we issue a number of shares of common stock under the financing documents equal to or in excess of 20% of our outstanding common stock as of the closing date of the financing. However, if our failure to obtain shareholder approval for this proposal would adversely affect the investors in the future, each investor could, separately, require us to call a special meeting of our stockholders to approve the reset provisions. Any such demand would require us to incur substantial costs.

Our Board of Directors recommends a vote IN FAVOR of Proposal Three

PROPOSAL FOUR

STOCKHOLDER PROPOSAL

Eric Pandzic, 2303 Nelson Ave, Redondo Beach, California, 90278, who holds 32,650 shares of American Technology Corporation's common stock, has given notice of his intention to present a proposal at the 2006 Annual Meeting. The proposal and the proponent's supporting statement appear below in italics.

The affirmative vote of a majority of the votes cast at the meeting, either in person or by proxy, is required to approve the proposal.

Our Board of Directors recommends that you vote AGAINST the stockholder proposal for the reasons stated under Management's Statement below.

Order Announcements:

Shareholders request that the Board of Directors adopt a policy to publicly announce all orders booked with an Anticipated Sales Value exceeding the larger of \$200,000 or 2% of the company's last reported annual net revenues (this larger amount hereafter termed "the threshold") by any one Customer without regard to delivery deadline within seven calendar days of order agreement as hereinbelow set forth.

For this purpose a Customer shall be defined as any reseller or end user that ultimately bears responsibility of payment to American Technology Corporation ("ATC"). An Order shall be defined as an agreement in principle, or fact by way of contract or similar, to purchase products, technology or services from ATC or its subsidiaries. The seven calendar days shall commence at the first of either:

a) an order(s) in excess of the threshold is received from a single customer or

b) the sum of initial order(s) received plus contractual orders from a single customer exceeds the threshold, or

c) to ensure disclosure of significant business contracted in increments, the sum of initial and contractual orders received exceed 50% of the threshold and these orders together with pending orders from a single customer exceed 100% of the threshold, where "pending" is used to mean a customer's stated intent to place likely and foreseeable additional orders. When these "pending" orders are used to exceed the threshold, the required announcement shall indicate so and also include the following or similar text within: "This order announcement includes discussed orders not yet contracted by this customer and would otherwise fall below the order announcement disclosure threshold without the inclusion of these discussed orders which ultimately may never materialize."

In all cases the value of previously filled orders shall be excluded when determining the threshold requiring announcement.

If additional orders are received from a customer of whom ATC has already made a related Order Announcement(s), a subsequent Order Announcement is required only if/when the additional orders exceed the amount stated in all previous Order Announcement(s) by an amount equal to the threshold.

Order Announcements shall also include the name of the customer, or if anonymity of its customer is preferred, ATC may in lieu use the customer's U.S. Census Bureau three digit Industry Classification Code with corresponding description label (REF: <http://www.census.gov/apsd/techdoc/cps/feb97/det-ind.html>).

Publicly Announced is defined as disclosure by ATC in the form of a press release and/or as required in a material event filing with the U.S. Securities & Exchange Commission.

Supporting Statement

SHAREHOLDERS RIGHT TO KNOW

Market acceptance of the company's technologies is key to the success of the company and its investors. Shareholders have a timely right to know of the company's meaningful orders, or absence thereof, and the markets the company has success penetrating. To date, the company has made this determination of timeliness and meaningfulness which this shareholder has found inconsistent and forwards this proposal for adoption by the board in resolution of this.

Management's Statement AGAINST Stockholder Proposal

After careful consideration, we recommend a vote against this proposal for several reasons, as described more fully below.

First, while we recognize the proponent's concern for disclosure of meaningful orders, we believe that our current practice already addresses the issue raised by the proponent. Through our continuous announcements and press releases of significant corporate developments as well as our periodic reports, including our annual reports, quarterly reports, and proxy statement, we provide our stockholders with disclosures of material information concerning our company, including summaries of strategically or financially important agreements with customers. Specifically, in accordance with the disclosure rules of the U.S. Securities and Exchange Commission, we are required to publicly disclose entry into material definitive agreements within 4 business days of entering such an agreement. We evaluate disclosure of other orders and agreements based on the totality of circumstances, including the importance of the order or agreement, the desires of our customers concerning the timing of disclosures, and strategic considerations. All of our press releases and SEC filings are available through our website at www.atcsd.com, by clicking on Investors.

Second, we believe that the proponent's proposal is mechanistic and would not meaningfully benefit the company or its stockholders. By contrast, our approach in publicly disclosing strategically or financially important agreements with customers involves a dynamic process that analyzes numerous factors, thus providing meaningful insight into the significance of a particular order. We believe that our totality of the circumstances approach generates meaningful disclosure to our stockholders and benefits our business strategy, whereas the proposal set forth by the proponent is unduly mechanistic and arbitrary, thus failing to provide meaningful disclosure to our stockholders and jeopardizing our business strategy.

Third, the proponent's proposal is an attempt by a stockholder to micro-manage the company's decision making policies, which would restrict the company's ability to make discretionary decisions in the best interest of its stockholders and effectively utilize management time and resources. We believe that it would be counterproductive to divert management time and attention from ongoing operations in an effort to meet the proponent's request. The proposal would require substantial record-keeping time and incur unnecessary expenses, while providing little if any meaningful additional information to stockholders. As such, we believe that adopting the proponent's request would disrupt the business operations of our company.

Fourth, ordinary business decisions necessary to conduct the business of the company are implemented by management and the company's employees in the course of their employment, without direct Board involvement. The Board of Directors considers this proposal to cover a matter relating to the ordinary business operations of the company. As such, the company could have sought exclusion of this proposal from consideration at the Annual Meeting by submitting a request for exclusion to the SEC pursuant to Rule 14a-8(i) of the Securities Exchange Act of 1934, which provides that a company may seek exclusion of a stockholder proposal that pertains to management functions, or matters relating to the company's ordinary business operation. However, the Board decided to let the proponent have his say in this Proxy Statement, and to allow you to vote your opinion in the event that the matter properly comes before the Annual Meeting.

For the reasons stated above, our Board of Directors recommends that you vote AGAINST this proposal. Proxies will be voted against this proposal unless you specify otherwise in the proxy.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

Any stockholder or stockholder's representative who, because of a disability, may need special assistance or accommodation to allow him or her to participate at the Annual Meeting may request reasonable assistance or accommodation from us by contacting the Secretary at American Technology Corporation, 15378 Avenue of Science, Suite 100, San Diego, California 92128 or at (858) 676-1112. To provide us sufficient time to arrange for reasonable assistance or accommodation, please submit all requests by April 18, 2006.

Whether you intend to be present at the Annual Meeting or not, we urge you to return your signed proxy card promptly.

By Order of the Board of Directors
