Exhibit	Description
99.1	Press Release dated June 29, 2006

For Immediate Release

Bennett Environmental Inc. Finalizes Purchase of Trans-Cycle Industries Inc.

Oakville, Ontario, June 29, 2006 Bennett Environmental Inc. (TSX:BEV, AMEX:BEL) announced today that a wholly owned subsidiary has finalized the purchase of substantially all of the assets of Trans-Cycle Industries Inc. (TCI), Kirkland Lake, Ontario. The purchase price is \$2.150 million, plus or minus working capital which will be determined within the next 30 days.

Al Bulckaert, Bennett's President and CEO stated that he is pleased that this purchase is now complete and that the integration of TCI with the other Bennett facilities can begin. It is expected that this acquisition will contribute \$5-\$6 million in annual revenues and 15%-20% to EBITDA, once the synergies are achieved.

This acquisition will help Bennett Environmental become a Canadian leader in the remediation and recycling of PCB contaminated electrical equipment and supports the Company's strategy of sustainability and growth in this current and future market.

TCI is a North American leader in the recycling, dismantling and disposing of obsolete electrical equipment, including transformers, ballasts, capacitors and lead-shielded cable. TCI also has a broad set of permits in Ontario to transport, process and store PCB contaminated waste and operates a state of the art facility in Northern Ontario.
