ITEM 1.01. Entry into a Material Definitive Agreement

On April 2, 2007, Syniverse Technologies, Inc. (the Company) and its wholly owned subsidiary, Highwoods Corporation (Buyer), entered into a Share Purchase Agreement (the Purchase Agreement) with Billing Services Group Limited (Seller) pursuant to which, subject to the satisfaction or waiver of the conditions set forth in the Purchase Agreement, Buyer will acquire all of the outstanding share capital of Billing Services Group Luxembourg S. à r.l. and Billing Services Group Asia Limited (together, BSG) for approximately \$290 million in cash (which includes debt to be refinanced at closing). The Company expects to fund the purchase price through a debt financing commitment provided by Lehman Brothers in conjunction with Deutsche Bank and Bear Stearns.

The completion of the acquisition is subject to the satisfaction of customary closing conditions, including Seller receiving the consent of its shareholders and the receipt of required government approvals. There can be no assurance that the closing conditions set forth in the Purchase Agreement will be satisfied or waived.

The Purchase Agreement provides for the payment of a termination fee of \$10 million to the Company upon specified events, including Seller entering into a competing transaction under certain circumstances. In addition, Buyer must pay Seller a reverse termination fee of \$25 million if Buyer fails to pay the purchase price upon the satisfaction of the conditions precedent to Buyer's obligations. If either party terminates the Purchase Agreement as a result of the failure to obtain the consent of Seller's shareholders, then Seller must pay the Company an amount, not to exceed \$3 million, equal to its reasonable, documented out-of-pocket expenses incurred in connection with the Purchase Agreement.

The Purchase Agreement contains limited warranties regarding BSG, and covenants that are customary for agreements of this type, including, in the case of Seller, a covenant to operate the business in the ordinary and usual course of business between the date of execution of the Purchase Agreement and the closing of the acquisition. Under the Purchase Agreement, neither the Company nor Buyer will have any post-closing indemnification rights against Seller.

The Company guarantees the due performance by Buyer of its obligations under this Agreement and will perform those obligations or otherwise indemnify Seller in respect of any nonperformance of any such obligations.

The foregoing description of the Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the Purchase Agreement, which is filed as Exhibit 2.1 hereto, and is incorporated herein by reference. The Purchase Agreement contains representations and warranties made by Seller on behalf of BSG. The assertions embodied in such representations and warranties are not necessarily assertions of fact, but a mechanism for the parties to allocate risk in the purchase agreement. Accordingly, investors should not rely on the representation and warranties as characterizations of the actual state of facts or for any other purpose at the time they were made or otherwise.

On April 2, 2007, the Company issued a press release announcing the execution of the Purchase Agreement and other matters. A copy of the press release is furnished as Exhibit 99.1 hereto and incorporated herein by reference.
